THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE STEEPLEJACK

Look closely . . . in this picture a man is risking his life!

An old and respected trade is his. It had its beginning centuries ago when Christianity first began to express its devotion in unique forms of architecture. How could Christians proclaim *constantly* their faith in Christ? How could they *lift* the eyes of others to behold the Lord of Life?

Soon, over gabled village roofs rose gleaming spires. And men who tilled the fields, and men who trod the lanes, rejoiced to behold the symbol of Faith.

Then one day cities replaced villages . . . skyscrapers dwarfed the spires of God. And so, on the day this picture was taken, ten thousand people passed by and never raised their eyes. Only a few looked upward and thought in mild surprise, "Why, isn't that a *man* way up there on the steeple?"

Yes. A MAN. One of hundreds of millions whose skill and courage continue to be needed as the Church fulfills its mission.

Maybe your church doesn't have a steeple. But it has a task to challenge *your* skills . . . *your* courage.

CARD OF THANKS

It is so hard to put into words our thanks for the things we feel in our hearts for all of our friends, who were so kind and considerate during the death of our dear Dad. Never have we ever seen so many people who were so thoughtful and helpful. To say Thank You seems such a small thing to say, for all the abundance of food and those who helped serve. For all the wonderful words people said about our Dad. The sympathy in letters, words and cards, the beautiful flowers. For Rev. Bob Gaines, Rev. E. L. Yeats and Rev. Norris Taylors prayers, and the consoling service officiated by them. The choir and the special songs, and for Joe Martin who accompanied on the piano. May we say Thank You from our hearts and God bless each and everyone. The family of Eli Coker.

Change In SS Check Mailing

Social security beneficiaries who normally find their monthly checks in their mailbox on the 3rd of the month will now get them a day or two earlier when the 3rd falls on a national holiday or a Sunday.

R. R. Tuley, Jr., District Manager of Social Security in Abilene, said today the social security checks for August will be dated September 2 and will be delivered on that Saturday.

Social security checks are normally released on the 3rd of the month under an agreement to stagger the receipt of monthly checks going out from various Federal agencies, so that post offices, the Treasury Department, and local banks will not be overburdened at any one time of the month.

Explaining the reason for the change, Tuley said, "Since these monthly checks are the main source of income for many beneficiaries, delay of even one or two days could be serious; this new procedure will eliminate any possible delay."

The new procedure will next be used in December, when the 3rd again falls on a Sunday.

Mr. and Mrs. Bob Clark, Vicky; June and J. R. of Harrah, Okla. visited Mr. and Mrs. O. R. Clark last weekend.

Mr. and Mrs. Eugene Upshaw and Sue of Fort Stockton visited the Roy Kingfields last weekend.

As It Looks From Here

Con. Omar Burleson
WASHINGTON, D. C. — Too often the Congress rushes in with "crash" programs in an attempt to solve problems after they have reached the ing changes more severe than crisis stage.

America has been under-occurred when it entered into the industrial age. The leap forward in scientific development and social evolution since the end of World War II have had staggering effect. With all the factors involved, one result, if not a cause itself, has been the influx of people from rural areas into urban settlement. A brief 25 years ago Texas, for instance, was approximately 75 percent rural and small towns. Today,

the reverse is true. The same is true generally all over the United States. It is pretty obvious this accounts for some of the social, political and economic upheaval which has resulted.

People are not likely to be happy in the Big Cities standing on one another's shoulders. The problems of crime, traffic, wretched housing, health and education are not likely to be solved under such conditions. Billions of Federal dollars are being spent on sort of a scotch-tape, bailing wire and twine string approach, but it is already proved the patch can not stand the strain.

Riding along a city street, looking at the teeming thousands living on their front steps, in the alleys and on sidewalks, one wonders why these people would not seek some wide open spaces, but it

is what they know and the way they want to live.

There are others, however, who, for economic reasons, are being driven from the farms and rural areas to the larger centers if population, seeking opportunity to make a living.

Probably no incentive would be large enough to bring some of them back to the farms and the country, but there is a need for jobs in many of our small towns and those from farms who need to supplement the family income.

Legislation has been introduced to offer certain incentives for small town industries. The measure provides a tax incentive for plants to locate in rural small towns. It is proposed to increase to 14 percent the normal 7 percent investment credit on machinery, and give a 7 percent investment credit on the cost of constructing quarters for housing business. It provides for a stepped up depreciation of two-thirds of the normal life of machinery, equipment and buildings. It proposes to allow 125 percent deduction for wages paid to newly hired low income workers for a period of three years. It also permits what is known as a carry-back for three years and a carry-over for ten years for all credits and deductions.

To guard against unfair treatment of communities in other parts of the country, the incentives are applied to a new operation so as not to induce a business already in operation to leave on community to go to another. The idea also proposes safeguards against coming into an area in competition with local business, but, rather to en-

The Rotan Advance

gagement in an enterprise not competitive and one which would furnish jobs for people not employed. The proposal also carries a provision for training for new jobs.

These proposals are not viewed as simply benefiting a rural population. Rather, they should be viewed as a major effort to revitalize rural communities, with the residual benefit to our national economy. One of the most beneficial features of such an effort is the fact that only people with roots in a community will have a pride and a dedication toward making that community what it should be. The rural people, in their independence, have been one of the greatest factors in making our Nation great. People's interest in their local institutions — their churches, their schools, their concern for the welfare of their neighbor, recreation and cultural improvement — is the foundation of good government and good living.

There is little encouragement to believe conditions will get better before they get worse. A more solid and long-range approach should hold the greatest prospect for solutions not in sight.

Tax Man Sam sez

Several thousand young men and women who graduated from college in June accepted jobs with the Internal Revenue Service. First the young graduates were sent back to school to learn all about taxes. Since early July these young people have been learning the fundamentals of how to do tax work and how to determine whether the taxpayer owes more tax or is entitled to an additional refund because he failed to take all his deductions. We can all wish these fine young Americans every success, but we hope that they always talk to our neighbor about his taxes instead of us.

Showtime

by Oscar A. Dietz

After closing the theatre Tuesday night, I sure wanted something to eat, having had only one meal all day. Now some of you will say I need to miss a few meals, and you would be right, but you know I'm just the biggest sissie around. I can not stand hunger pains, and before you say anything Luther let me say I got to see a copy of last years school annual so you tell me what is an OUTSTANDING HAMMER? CLAW 'EM HAMMERS!!!! (Luther, Hooper will sell you all the space you want to answer anything I write) Well that's enough fun for this time. Now to get back to what I was leading up to, namely the fact that EVERYTHING except maybe the Police Dept. closes up here in Rotan, so I had to go to Roby to get a bit to eat. No. Mr. Foy said that the cafe at the Mobil station over there was a good place to eat. Well he sure was right. For \$1.65 I had so much steak and gravy and homemade rolls that I just couldn't eat it all, and anyone who knows me (ask my employees) knows I like to eat. Now H, I'm not saying you don't serve enough to eat, I'm just saying they served me more than I could eat. Anyway, I think you all still make the best pies. I just wish you'd make some lemon or pineapple, or caramel, or anything for a little variety. You can too get tired of too much of a good thing. Now if I have your attention I had better tell you about the pictures we are showing right here. Now through Saturday we have "CAPRICE" with Doris Day, and almost everyone likes her pictures, and Richard Harris, plus "THE BIRDS" another Hitchcock mystery starring Tippi Hedron. Ther our Sat. Late Show is "BORN LOSERS", another "Hell-on-Wheels" picture, this time with a girl riding too. Oh yes, and special guest star Jane Russell! Then on Sunday we have "HOMBRE" with Paul Newman. This is the picture my 'boss' son describes as 'real tough'. I think that is an expression the younger generation uses to mean they thoroughly enjoyed something, or that it is the best or something like that. I'm rather square I suppose. Any how it is one picture I have been wanting to see, and "HOMBRE" will show through Wednesday. See, you don't have to run all over the country burning up all that gasoline and paying those high admission prices. We get all the good shows right here in Rotan.

Coffee Fetes Miss Thompson

A gift coffee Saturday at the Community Room of Haskell Bank was a pre-wedding compliment for Zana Lee Thompson, bride-elect of Perry Wayne Pague.

The honoree; Mrs. W. S. Pogue Jr., the honoree's mother, Mrs. H. G. Thompson of Rotan, and Mrs. John Wisdom, the prospective bridegroom's grandmother, greeted guests.

Mrs. E. L. Wyche served coffee. Also in the houseparty were Mmes. Marvin Letz, Wallace Stark, Bob Herren, Gerald McCoy, Dugan Starr, Cecil Bowers, Bud Herren, Carl Anderson, Maurice Gannaway, Bob Watson and Bill Shaw. The wedding will be Sept. 8.

Mr. and Mrs. E. D. Byrd, Barbara Becky and Mary Beth of Odessa have spent several days here with his mother, Mrs. Grace Byrd and other relatives.

Mrs. Ina Harris spent several days in Hedley with relatives. She returned home Tuesday.

Mrs. Cora O'Neal is spending several days in Lubbock with her daughter, Mrs. Howard Smith, Mr. Smith and Todd.

From Norman

Come September 1, I will assume duties as County Agricultural Agent of Young County. Headquarters will be in the Courthouse in Graham. While the family and I regret leaving Fisher County, we do look forward to working with and making new friends in our new assignment. We leave behind some of the most devoted and cherished friends we have ever known. Among these are many cooperators and supervisors conducted during these porters of the Extension pro- eleven years nine and one-half months as your County Agent.

I am proud of the 4-H accomplishments that the citizens of Fisher County helped to make possible.

From these activities have cmoe district and state winning 4-H members. Actually the surface has hardly been scratched as many more potential winners are in the making.

The Fisher County Program Building Committee has functioned well as have the sub-committees and the County 4-H Adult Leader's Association.

I would hope that the people of Fisher County continue to support the Extension program and use the services that are available. The County Extension office exists for one purpose, that is to serve the people. We would never claim to be specialists on all subjects, but we are fortunate in having the Texas A&M University System at our disposal.

As the new County Agricultural Agent moves into the county, I know that he will find that same warm welcome that I found. I believe he will find that same cooperative spirit so necessary for a successful program. Again it has been my plea-

1968 Cotton Program To Be Announced

Some details of the 1968 Cotton Program are due for release the latter part of the week, particularly those pertaining to allotment and pro-

ected yields. "Much has been said about projected yields in the past year" said Charles Stenholm, executive vice president of the Rolling Plains Cotton Growers. "Most, if not all, people admit that penalties imposed on skip-row that have the effect of lowering projected yields of farmers who follow the cultural practice of skip-rowing are clear-

ly discriminatory and just flat wrong. "But now as the time for deciding on the 1968 cotton program rules and regulations draws nigh", continued Stenholm. "We find that reports from Washington indicate that penalties now imposed will be continued. "We hope these reports are wrong but just to be on the safe side, RPCG plans to be

in Washington Monday to work with our Congressmen and with Department officials concerning the 1968 Cotton Program and particularly skip-row and projected yields.

"In my opinion," Stenholm said, "we either get skip-row regulations changed now or we never get them changed. The present situation is such that we need more cotton (skip-row will raise more cotton), we need to improve farmers' income (skip-row will increase farmers' income) and we need better quality cotton (which skip-row will also help). We will never have a better situation for removal of skip-row penalties".

J. B. Cooper, Jr. president of RPCG from Roscoe, and Wilbur Gruben executive assistant, will go to Washington as well as Stenholm.

Teaching Taxes

Millions of young Americans are beginning another year of education. About 4 1/2 million, including more than 200,000 young Texans, will get a short but highly profitable course in how to prepare their income tax returns. The Internal Revenue Service furnishes the schools with free material for the Teaching

Taxes course. The students learn how to read the instructions, pay the tax they owe, and take advantage of the deductions available to the taxpayer. These students will prepare tax returns next income tax filing period with only 1/4 of the errors contained in their parents' returns.

Electricity has shortened our life expectancy. Power from the Midwest Electric Cooperative automatically awakens us with light early in the morning and doesn't let us go back to sleep until far into the night. As a result we are up longer, eat more and get fatter faster. We know cooperative service is something to crow about but do they have to do it day and night? The Midwest Electric Cooperative is fine for people but if it were left to us, there wouldn't be a kilowatt to cook with. So we are bringing our case to you. We get no sympathy from our mother, the brooder. She's electric also.
