### **Good Election** Returns Here

The election board Satur- Takes Life of day night proved to be a popular service to citizens of Popular Senior Fisher County. A good sized crowd gathered and enjoyed the good service in fast returns, compliments of merchants of Rotan who paid expenses. Ed Patton was at the Courthouse in Roby and relayed returns as fast as County Chairman Max Carriker received them. L. E. "Those three are always together," remarked Lisa's mother. She was referring to her little daughter, who is seldom seen without her beloved collie, and her well-worn rag doll. They are constant companions.

"Lisa is very sensitive about friends," her mother continued. "And this week she came home from Sunday School with a very important lesson. Her teacher told her about God's love, and how He never leaves us. Lisa came skipping into the house and announced, 'Now I have three good friends, and the best one of all is Jesus.'

Little Lisa had indeed learned a wonderful truth. All of us need to discover it for our own lives. For every life needs the companionship of God. Let your church bring this hope and promise to you.

# FHA Spurrs Rural Progress

"Rural community progress in Texas has been spurred by the development of 436 modern water systems, sewer systems, and recreation centers through the Farmers Home Administration," Fisher County Supervisor George Dor man said today.

Dorman reported on benefits brought to the state under Rural Community Facilities programs that have been enlarged under President Johnson's efforts to improve living conditions in rural

Water supply problems than 180,000 people in rural have been solved for more Texas through 418 water systems made possible by FHA loans and grants totaling more than \$54 million. The new systems serve both rural towns and countrysides where the people have had to exist on uncertain and, sometimes, unsafe water supplies.

Dorman reported that three rural communities in the state also have new or improved waste disposal systems through FHA loans and grants approved the past two years. At present, there are 48 waste disposal projects underway in Texas from application stage to those under construction.

"We are beginning to make real progress toward the President's goal of clear, constant water for all of rural America," Dorman said. "Towns benefited by the program are able to improve living standards and accomodate new business and industry when they can offer the same kind of water service as found in the city."

"A typical effect," Dorman said, "is seen at Sylvester and McCaulley where A new gin and several new homes have been built since a community water system was completed in 1963."

Through insurance of private loan financing, the Agency also has made possible the construction of 15 outdoor recreation centers developed by community associations and serving an estimated 13,500 people in rural Texas.

The centers give rural families the same opportunity as city and suburban dwellers to enjoy modern swimming pools, playing fields, golf, boating, and other forms of outdoor recreation.

Dorman said the Agency also has made grants to 60 counties of the state for comprehensive planning of the future development of water and waste disposal services in rural areas.

### INVESTIGATE

"Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Timothy 2:15.) "These (Bereans) were more noble than those in Thessalonica, in that they received the word with all readiness of mind, and searched the Scriptures daily, whether these things were so" (Acts 17:11).

THE PLEA TO "INVESTIGATE" IS EXCELLENT IF IT ENCOURAGES AN INVESTIGATION OF THE SCRIP-TURES, GOD'S COMPLETE INSTRUCTION TO EVERY GOOD WORK (II Timothy 3:16-17).

Investigate the Scriptures and learn that Christ built one church and no denominations (Matthew 16:18; Colossians 1:18; Ephesians 4:4). Learn that Christ is the only head, foundation and chief Shepherd of this church (Ephesians 5:23; I Corinthians 3:11; I Peter 5:4). Investigate and learn that all who obey Christ's gospel are saved and added to this church (Mark 16:15-16; Acts 2:47). Learn that this church is Christ's body which he will present to himself the total amount of carrier (Colossians 1:18; Ephesians 5:25-27).

INVESTIGATE THE BIBLE AND LEARN THAT GOD gallons per acre. SENT THE HOLY SPIRIT TO GUIDE THE APOSTLES INTO ALL TRUTH (John 14:26; 16:13; Acts 2; Hebrews 2:1-4), portant consideration when ounts ranging from one-half and by this written truth we shall all be judged (John 12:48; applying either atrazine or to four gallons per acre.
