# Aids Economy

Oil and gas wells provide approximately \$18.2 million a year of Fisher County's economic output, according to statistics released this week by Texas Mid-Continent Oil and Gas Association.

Based on most recent U.S. Bureau of Mines production figures, the Association compilation showed that Fisher County produced crude oil valued at \$17.2 million in 1966 and natural gas worth \$1 million.

Texas oil production in 1967, responding to demands for more domestic crude as U.S. Air Forces, Thailand a result of the Israeli-Arab U. S. Air Force Major James conflict, totaled 1,050,000,000 W. February 1st of this year, the opinion was expressed in this space that some type of negotiations with North Vietnam would begin in a matter of a few months. The further opinion was expressed that at the time peace talks start ed the greatest danger would be created. It was stated then that captured documents showed that the Communists would start discussions of a settlement by demanding that all military actions against North Vietnam be stopped and that a "coalition"

nam. This is what is happening in the several meetings already held in Paris. The North Vietnamese negotiotors started out with a propaganda blast and continue to deny that they have any troops in South Vietnam at all.

Their first purpose clearly to put this Country nto a box by first getting the United States to stop all and particularly an assurance of a permanent santuary for Hanoi and Haiphong.

It is also pretty clear that they are depending on sentiment in this Country to force our negotiators into one-sided consessions while they make no concessions at all.

take the line that having without reciprocity.

consider going back to air Vietnam over to the Viet action against the enemy un- Cong by any "coalition" der any circumstances. This, they say, would be a shock to "world opinion" and bring own choosing. great disappointment and adverse reaction to those who seek peace.

The North Vietnamese, of course, want assurances that Hanoi and Haiphong be spared any future bombing under any circumstances. If they could get this, it would release an estimated three quarters of a million work force, enabling them to se more fighting men into South Vietnam. In fact, there is pretty good evidence that they are already escalating

tle the Korean war, the big-, that if no settlement is reachgest Chinese-North Korean offensive of the whole war erican casualties of that war occurred while peace negotiations were officially and formally in progress.

In this situation in Paris, we are at least forewarned of the tactics of Hanoi's representatives. It is the most dangerous time in South Viet Nam. It is obvious that the strategy started with the TET offensive and continues to the present time with varying degrees of intensity. It is reasonable to believe that as talks go on in Paris, a stepped up activity will go on ir South Vietnam in an attempt

to show our representatives that they are capable of an offensive to threaten our presence in the country.

Our delegation in Paris is entirely aware of this situation and although we will go on patiently seeking an honest approach to a real settlement, they will not submit to

a propaganda trap that would sacrifice everything for which our men have been fighting since this conflict began.

The communists negotia tors of North Vietnam should be made to understand clear bombing in North Vietnam ly an unequivocally that we are there to produce genuine progress toward an honor able peace. At the same time and with an assurance not to be misunderstood, we should

tell them that we do not expect to while away months upon months of meaningless talks with the idea that we Our American "Doves" make all the concessions

once agreed to the present should make it unmistakenly partial bombing halt, the clear that we do not intend to United States must not even turn the Government of South which to the Communists means a government of their

> We should also make it entirely clear, without stating an ultimatum at this time,

ed on reasonable terms in a reasonable time, that not only occurred in the month before will the war continue but that the truce was finally signed. it will take on proportions Well over a third of all Am- not yet exercised by our side. They should further understand that "Peacenicks" are

not yet running this Country nor will we be so sensitive to 'world opinion" that we will not unloose the forces of our capability against them.

As has been said on numerous occasions, it has long since ceased to be a matter as to whether we should be in South Vietnam or not. It is a matter of either settling it through negotiations while here is opportunity or else gettting it over in the way we have the capability of doing.

Joe Kelley of Huntsville visited his parents, Mr. and Mrs. Steve Kelley and attended graduation exercises of his brother and sister, last weekend.

#### CHRISTIAN SCIENCE SUNDAY SERVICE

"They that war against thee shall be as nothing, and as a thing of naught. For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee."

These verses from Isiah are the Golden Text of the Lesson-Sermon to be read in all Christian Science churches this Sunday. "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the title of the Lesson.

Passages from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy include these lines, "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for victory over evil."

Services at The Christian

Science Church, 1001 Crane, Sweetwater, begins at 11 o'clock and are open to the public.

# Viet Nam S-M Names Needed

The Chapter of the Fisher County Young Homemakers are asking for names of Fisher County servicemen serving in Viet Nam in order that they might receive gifts from the Homemakers project.

These names are to be sent as soon as possible to Fisher County Young Homemakers, Box 393, Roby 79543.

## Brother of Dallas Neal Dies

Sam H. Neal, 54, of Sweetwater, was found dead behind a service station on E. Hwy 80 in his car there late Sunday night. Justice of the Peace O. M. (Bill) Scott withheld a ruling pending an investigation.

He was brother of Dallas Neal of Rotan.

Funeral was held at 10 a.m. Wednesday at Cate-Spencer Funeral Home Chapel, with the Rev. Darris Egger, First Methodist Church pastor, officiating. Burial was in Garden of Memories in Sweetwater.

He was born in Sabine County, Sept. 1, 1913.

Survivors include two daughters, Mrs. A. J. Simpson of Luma, Ariz., and Mrs. Joe B. Allen Jr., of Abilene; one grandson, Neal Benton Allen of Abilene; two brothers, Dallas of Rotan and Howard of Plainview; five sisters, Mrs. W. J. Walling of Tulia, Mrs. Frank Williams and Mrs. Jack Elliott, both of Hamphill, Mrs. Robert Payne of Atlanta, Tex., and Audrey Neal -\* Lubbock.

#### CAN ONE BE SAVED ANOTHER WAY?

#### by Logan Buchanan, LIN:

JESUS CHRIST IS THE ONLY Saviour of all men. He is the "captain of their salvation" (Hebrews 2:10). Since he died for us all, "he bacame the author of eternal salvation unto all them that obey him" (Hebrews 5:9). The plan of salvation cannot be obtained from anybody else but Christ.

JESUS SAID THAT ALL MEN CAN BE SAVED. He taught that we are all sinners in need of salvation, and said, "the Son of man is come to seek and to save that which was lost" (Luke 19:10). He did invite all men of every race to "Come unto me, all ye that labor and are heavy laden, and I will give you rest" (Matthew 11:28).

JESUS DIED FOR ALL and guaranteed "that the world through him might be saved" (John 3:16). But we cannot reject the words of Christ without rejecting the Christ who spoke them. He said, Why call me, Lord, Lord, and do not the things which I say?" (Luke 6:46). We cannot be saved unless we obey Jesus' commands.

IN THE GREAT COMMISSION Jesus gave the law that makes a Christian. He said, "He that believeth and is bap-." (Mark 16:16). Again He said, tized shall be saved . . . "Except ye repent, ye shall all likewise perish" (Luke 13:3) And again, Jesus said, "Whosoever shall confess me before men, him will I confess also before my Father which is in heaven" (Matthew 10:32.)

IF WE WANT JESUS CHRIST FOR A PERSONAL SAVIOUR, we must believe in Him, repent of our sins, confess him before men and be baptized. We cannot be saved by doing less than Jesus commanded.

# VOTE SATURDAY **JUNE 1**

#### **TO:** The Citizens and Voters of Texas FROM: Preston Smith, Candidate for Governor

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Governor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Pri-mary, about 29,000 votes behind the leader with 1,750,000 votes cast.

With your help we can win this runoff against an opponent who has no public record of any kind . . . one who is aligned with groups that want to reject the progressive, constructive pro-grams built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promotion of industry and tourism, and many other vital areas.

I am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want

to work with you in that direction. It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my op-ponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farm-born, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock, to aspire to be Governor. You will be the judges as to whether my Will be the judges as to whether my experience and proven qualifications en-title me to be elected. I will accept your judgment with real gratitude for your past support and friendship. Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can belo with I will always be

Governor can help with. I will always be interested in good government. I will always be interested in you.

Preston Smith

HIGHLAND HOME **BAPTIST CHURCH** 

Love is trust. It is belief. It is faith, and like faith it is the substance of all things hoped for. Faith is a young man and woman standing before the altar to be united in holy matrimony. It is a little child holding his mother's hand. It is a patient looking into the eyes of the doctor. It is a mother or father sadly waving goodbye to a son, off to war.

Faith is all this and more! It is trust in divine providence, a belief in joyful reward. It is all mankind kneeling before God in quiet prayer . . . at home . . . in church... or under the canopy of heaven.

Church is for all of us-a place to strengthen, to increase, to confirm our faith. You can make your faith stronger by going to church this Sunday.

## The Rotan Advance Thurs. May 30, 1968 No. 17 Abilene Named G.E.D.Center

The Abilene Independent School District has been approved by the American Council on Elucation and the Texas Education Agercy as an official G.E.D. Testing Center as of June 1, accordin gto Supt. A. E. Wells.

Connor Robinson, Coordinator of A(lult Education, will serve as Chief Examiner.

"The General Educational Development Test was developed in 1945 because many students were forced to leave school during World War II to serve in the armed forces.: This gave veterans, whose education had been interrupted, a chance to receive the equivalent of a high school diploma," Wells said.

"Since more than 62 million men and women over 25 years of age are without a high school education, this medium will serve to upgrade those who desire a broader educational background. Every state in the union now awards the High School Equivalency Certificate. High school certificates issued for satisfactory achievement on the G.E.D. tests areas widely accepted as regular diplomas by business, industry, and civil services commissions.

"More and more, higher educational institutions are admitting adults whose G.E. D. test scores are consistent with their usual admission requirements for high school graduation," he said.

The G.E.D. tests will be administered periodically as demand dictates. The first test is scheduled for 8:00 a.m., June 4, at the Lamar Elementary School N. 8th and Hickory Streets. Adults, 19 years of age, or older are eligible to take the tests which includes individual tests in English grammar, social studies, science, interpretation of literature and math. A fee of \$10 will be charged for the test

Thise desiring further information concerning the G.E.D. testing program should contact Robinson at the Administration Building of the Abilene Public, Schools.

Robinson is a native of Rotan, being born and reared here, son of Mrs. Boss Robinson of Snyder "and the late Mr. Robinson
