VOLUME 84

NUMBER 40

All Around
The Town

BY MARY ANN SARCHET

Third Annual Art Festival Planned October 10-11

It has been suggested by two ex-students of Silverton High School that a column containing news about former students would be a nice addition to the Briscoe County News. I agree.

We aren't making this a column for obituaries, but this week's contribution happens to concern a classmate who has died.

The only way this can be successful is for members of the various classes to contribute items for the column. To be used in a column, the items would need to be fairly brief; otherwise, they would be used as individual stories.

We are always glad to have news about former students and their families. The new column could be like a mini-newsletter to former students, if there is enough participation.

You don't have to be a class representative. If you know something newsworthy about a former classmate, turn it in to the Briscoe County News.

School to Charter Bus to Follett

Silverton ISD is chartering a bus to travel to the Follett football game Saturday, October 3. Game time is 2:00 p.m. The bus will leave the school at 9:30 a.m.

There are currently four seats available to the public.

Anyone wishing to travel on the bus may do so by coming by the school office and adding your name to the list. Cost will be \$17.00 each.

Club Seeking Booths For Annual Carnival

Progressive Extension Homemakers are continuing to reserve space for booths at the annual Halloween Carnival, which will be held at the showbarn on Saturday, October 31, from 7:00 until 9:00 p.m.

Booths already reserved include cake walk, pie walk, bingo, Mexican food, ball toss and pumpkin pond. To reserve a booth for a club or individual, call 823-2131 and ask for Bena.

Booth rental will be \$5.00 and anyone is welcome to join the fun and make a little money. The costume contest does not have a sponsor this year, so the first to call Bena and express interest will be given this booth.

SHS CHEERLEADERS—(clockwise, beginning bottom right) Brandi Brunson, Molly Bomar, Kami Martin, Holly Nance, Shannon Weaver and Christa Tucker are leading the cheers for the Owls this season. They work hard and do a very good job of directing the pep rallies and leading the cheers. *Briscoe County News Photo*

Jamboree Slates Another Great Talent Lineup

Caprock Jamboree has another great line-up of talent for the Saturday,

October 3, show at the showbarn in Silverton.

Mesquite-grilled hamburgers, with all the trimmings, will be prepared by the Quitaque Volunteer Ambulance Service. They will begin serving at 6:00 p.m.

The musical show begins on the Jamboree stage at 7:00 p.m.

Making a first-time appearance will be Brady Black, a young fiddler from Plainview. Also "Bubba," a comedian from Lubbock, will be here to entertain.

Returning to the show from Spearman will be Laquetta Evans. Also returning will be two local bands, the Hesters and the Country Sounds.

Mark your calendar now, and plan to be at the showbarn Saturday night for another great evening of entertainment. Be sure to bring your lawn chair!

Christmas Arts & Crafts Jubilee Is November 21

A Christmas Arts & Crafts Jubilee is being planned by the Progressive Extension Homemakers for Saturday, November 21, at the showbarn.

Anyone interested in having a booth needs to call Bena Hester at 823-2131. All booths need to be reserved in advance so enough spaces can be prepared.

There are several booths already on the list, including the Santa's Workshop, where kids may do their Christmas shopping for their parents and family. Mexican food will be available all day.

Anyone is welcome to participate. Booth space will be \$5.00. Call now to reserve a space.

The Third Annual Texas Caprock Arts Festival will be held in Silverton, Saturday and Sunday, October 10-11. The show will be open from 7:00 to 10:00 p.m. Saturday and from 1:00 to 5:00 p.m. Sunday. Awards will be presented at 9:00 p.m. Saturday.

An elegant dinner buffet will be served Saturday at 6:00 p.m. Reservations for the buffet should be made by Monday, October 5. Tickets are available for \$10 each from Briscoe County Activities Association members or you may call 823-2486, 847-2217 or after 4:00 p.m., 823-2352 for reservations. A Larry Hilburn print will be given as a door prize at the dinner.

Texas Caprock Arts Festival is sponsored by the Briscoe County Activities Association. It will be held in the Briscoe County Showbarn, which is six blocks south and two blocks east of the courthouse. Works in oils, water media, pastels, drawings, photography and sculpture will be displayed by artists from throughout the Panhandle and surrounding area.

Otho Stubbs of Turkey will be present with some of his works as well as his new book, "Otho R. Stubbs—A Lasting Legacy." A number of the exhibited works, including those of special guest artist, Larry Hilburn, will be for sale. There also will be a silent auction of works donated by Larry Hilburn, Betty Graham, Junis Hutsell, Otho Stubbs, Louise Vaughan and J. Christopher White.

Larry Hilburn of Hollis, Oklahoma has juried the entries and will judge the show. He also will exhibit a number of his works as special guest artist. Mr. Hilburn has a B. A. degree from Southwestern State, a masters degree from West Texas State and was a Fulbright Scholar in Paris, France. For 25 years, he maintained a studio in Taos, New Mexico where his works still are available through galleries in Santa Fe and Taos. His art has become established internationally with collectors living in every state and over 25 foreign countries. Mr. Hilburn has taught throughout the Texas Panhandle and hopes to see many of his former students at the Arts Festival.

Church to Sell Mexican Food

Our Lady of Loreto Catholic Church will be selling Mexican food October 5. These plates can be eaten in the church hall or taken home.

Serving will be from 11:00 a.m. to 2:00 p.m., and from 5:00 until 7:30 p.m.

Go Owls!

Silverton Efforts Commended by Out-of-Towners

Janice Hill recently received this letter from Paul Katz, Ph.D., director of the Carson County Square House Museum, which she would like to share with residents.

Mr. Katz wrote: "On behalf of the Square House Museum and the

participants of the Battlefield Bus Tour, I would like to express my appreciation for the hospitality we were shown last Saturday.

"You, the Mayor, and the other wonderful people who greeted us and took care of us will stand out in a day of memorable sights and experiences. Although we arrived an hour later than planned, everyone was pleasant and helpful as we toured around and refreshed ourselves. The music provided by the Francisces was as entertaining as it was unexpected. Susana and I fully intend to return for an evening at the Jamboree, and I know several of the others on the bus will do the same.

"You can be justifiably proud of the town square and the Old Jail Museum. There is an obvious sense of community pride which is lacking in towns much larger than yours. I plan on giving your Silverton brochure and driving tour map to the Panhandle Chamber of Commerce, to shame them into redoing the one we have now.

"Thank you and your colleagues again for your consideration and hospitality. I am looking forward to my next visit."

If you need work done on your vehicle, just call **995-3565** during the day, or call **823-2039 (Joe)** or **823-2498 (Dale)** after 7:00 p.m.

They will pick up your vehicle in the morning, drive it to Tulia, make the repairs needed, and return it to you in the evening. Remember, we're just a phone call away!

Owls Looking to Saturday Game in Pantherland

This week the Owls are looking to a 2:00 p.m. Saturday game at Follett. The Panthers are a much-improved team this year, and will be looking to add Silverton to their string. By the same token, the Owls will be trying to keep their unbeaten record intact. It should be a very good game. Plan to be there!

Follett's only loss this season has been to McLean, and this game was played while they had injured players out of the lineup.

In their "Quest for Glory," the Owls came out like gangbusters against Guthrie here last Friday night. They won their toss and deferred their choice to the second half, as has been their custom. They kicked off to Guthrie and the ball sailed out of the endzone for a touchback. Guthrie fumbled on first down, and Stan Gamble recovered for the Owls. Two plays later, Lance Holt scored for the Owls. Michael Hill kicked the PAT, and with 9:10 still remaining to be played in the first period, the Owls moved into an 8-0 lead.

Once again the Owls kicked off, a Guthrie player picked it up near their goal and ran to the 18, where he fumbled and the Owls recovered. Two plays later, Lance Holt scored again. The snap from center was bobbled a little, and the holder, Frank Ramirez, starting quarterback for the Owls, stood up and passed complete to Casey Frizzell for an extra point. This gave the Owls a 15-0 lead with 8:45 still on the clock.

Again the Owls kicked off and this time Guthrie controlled the ball at their 33. They ran two plays, gaining seven yards, passed complete for the loss of a yard due to defense by Frizzell, and punted out of bounds on the Silverton 25.

This time it took the Owls three plays to score on a pass from Ramirez to Frizzell. The PAT kick by Hill was good, and the Owls led 23-0 with 5:14 still to be played in the first quarter.

The Owls kicked off again, and the Jaguars moved out to the 33 where the returner was stopped by Wil Bomar. They lost three yards on first down due to defense by Frizzell, who had a very good game, and on their next play Ramirez intercepted a Jag pass and returned it to the Guthrie 40.

The Owls scored on the legs of Lance Holt on the next play, Hill kicked the PAT, and with 4:12 still to be played in the first quarter the Owls moved ahead 31-0.

At this point, Coach Clyde Parham began substituting liberally, and Guthrie moved to a first down on the Silverton 28. They moved to the 18, held there by Hill and Ramirez, and on the next down lost the ball on a fumble on the Silverton 15. A new team of Owls came in, and Bomar began rushing. Braden Towe had a pass fall incomplete, and as the second quarter began, the Owls punted. Guthrie fumbled the punt, the Owls recovered, and with 9:52 remaining before halftime the Owls were back on offense again.

Towe completed a pass to Zeb Holt, but this was called back due to a penalty which moved the ball to the Guthrie 23. Jeremiah Brooks moved the ball to the Guthrie 12, where the Owls were penalized. Towe attempted a pass to Michael Hall, which fell short. Brooks ran to the 26 for a ten-yard gain, and on fourth down Towe attempted another pass to Zeb Holt which was incomplete and the ball went over to the Jaguars on their own 26.

Casey Frizzell was pictured as a touchdown pass reached his fingertips. He pulled it in and went into the endzone. He has demonstrated great concentration on the ball as a pass receiver and seldom fails to catch it if it comes his way. This also is true of passes thrown by his opponents.

Briscoe County News Photo

Defense by Matt Francis and Gamble held the Panthers to minus yardage, but they gained some yardage on a penalty against the Owls on the next play. On fourth down, needing five yards, the Jags went to the 39, but this wasn't enough for a first down and the ball went over to the Owls.

Brooks and Bomar moved the ball a few yards, but incomplete passes stalled the attack and the ball went back to the Jags on the 35. Guthrie completed a pass for a first down on the Silverton 15, and scored with 4:03 remaining in the first half. There was no PAT, and the score was narrowed to 31-6.

Frizzell took Guthrie's short kickoff out to the Groom 38, and Hill rushed for five yards. Bomar failed to gain yardage on the next play and quarterback Towe was sacked for a loss on the next play. They punted to the Guthrie 29, with the ball taking a backward bounce.

Guthrie came back with a five-yard gain on a reverse play read by Ramirez and Frizzell, and passed complete to midfield for a first down. A quarterback sack by Francis resulted in a big loss for the Jags, and on the next play Frizzell intercepted a Guthrie pass and ran to the 22 with :16 remaining in the first half.

Guthrie kicked off to open the second half of play, and Francis took to the Silverton 38. The offense was unable to get back on line, and the ball went over to the Jags on the 37. This possession resulted in minus yardage almost every play for the Jaguars, and the ball went over on downs.

The Owls sent Holt scampering for yardage and this resulted in a third-down touchdown with 4:52 remaining in the third quarter. Hill kicked the PAT, and the Owls moved into a 39-6 lead.

The Owls kicked off again, and Francis and Gamble brought about a nine-yard loss on the first play. Ramirez held the pass completion to a five-yard gain, and on the next play the Jags lost ground. On fourth down, Ramirez returned their punt to the Silverton 35.

The Owls were unable to move the ball once again, and the ball went over at midfield. The Jags were unable to move the ball, and as the final quarter began, they punted to the Owls. Silverton fumbled the punt and Guthrie recovered on the Owl 28. The Owls were penalized to their own 10, from where Guthrie had little trouble getting into the endzone. There was no PAT, and with 8:51 remaining in the game, the score stood at 39-12.

Frizzell took the ensuing kickoff back to the Guthrie 16, and three plays later the Owls scored on a pass from Ramirez to Frizzell. Guthrie blocked the PAT kick, and with 7:49 remaining on the clock, the Owls led 45-12.

Michael Hill and Frank Ramirez team up to stop the Guthrie ballcarrier on the Silverton 18 late in the first quarter. The Jaguars fumbled and the Owls got the ball back on the next play.

Briscoe County News Photo

The Owls kicked off once again, and the ball was brought out to the Guthrie 25, where the stop was made by Ramirez.

The Jags received a first down on a penalty against the Owls and then moved to another first down at the Silverton 19. They scored with 3:14 remaining in the game. There was no PAT, and the score became 45-18.

Guthrie kicked off to the Owls, and Ramirez brought it out to the Silverton 33. Ramirez passed to Lance Holt for a touchdown with 2:07 still on the game clock. There was no PAT, and the Owls moved into a 51-18 lead.

The Owls kicked off again, and held the Panthers on the Guthrie 18, with defense by Frizzell and Ramirez, who teamed up on the ball carriers all night long. Guthrie scored with :39 remaining in the game, carried the PAT into the endzone, and made the score 51-25.

After the Jags kicked off again and the short kick was taken at the 35, Hill ran for a first down on the Guthrie 11. Bomar gained seven yards before time expired in the game.

The Owls made 11 first downs in the game as compared with five for the Jags. Silverton rushed for 205 yards and passed for 96 for a total offense of 301 yards. The Jags rushed for 113 yards and passed for 89 for an offensive effort of 202 yards.

Lance Holt rushed the ball 15 times for 135 yards, Hill three for 40, Brooks five for 26, Frizzell one for nine and Bomar four for six.

Frizzell caught two passes for a gain of 52 yards and Lance Holt caught two for a 44-yard gain. Lance Holt recovered two fumbles and Frizzell and Gamble also had recoveries for the Owls. Ramirez and Frizzell each had an interception.

The Jaguar lineup has been riddled by injuries this year. They had seven players suited up to play, and their quarterback was playing with an injured arm. They aren't the team their coaches had planned on having, but they are a gutsy bunch that is in there trying every play. They got four players injured in their game with Valley, and until some of their regulars get back in uniform they'll have players in unfamiliar positions.

The good word this week is: Let's all go to Follett. This will be a much tougher game for the Owls, and they'll need everyone there to scream for them!

4-H To Have Pet Show October 5

The annual 4-H Pet Show has been planned for Monday, October 5, at the Briscoe County Showbarn. The event will mark the beginning of National 4-H Week, which is October 4-10. Registration will begin at 4:00 p.m. and the Pet Show has been scheduled to begin at 4:30 p.m.

Any school-age youth in Briscoe County is welcome to enter pets in the show as long as they are able to control the pets. The show is open to dogs, cats, birds, fish, hamsters, rabbits, chickens and any other animals which may be held, leashed, caged or kept under control.

Entry fee for each class will be 25c. Ribbons will be awarded to the top ten places in each category. Exhibitors may enter any six of the following categories: Biggest Feet, Shortest Legs, Best Costume, Longest Ears, Most Spots, Saddest Face/Eyes, Roly Poly Pet, Most Unusual, Bushiest Tail, Master-Pet Look Alike, Clumsiest Pet, Happiest Face, Best Trick and Most Obedient.

4-H Pet Show Entry Form

Exhibitor's Name _____

Exhibitor's Age _____ Kind of Pet _____

Place a check mark beside the categories you want to enter your pet. You may enter six (6) categories. Entry fee is 25c per category entered. Ribbons will be presented to the top 10 places in each category.

_____ Biggest Feet	_____ Shortest Legs	_____ Best Costume

Entry forms may be picked up from the Extension Office or you may enter before the show. For more information, you may contact the Briscoe County Extension Office at 823-2131.

Junior High Owls Host Lazbuddie This Afternoon

Silverton's Junior High Owls will be hosting Lazbuddie at Payne Field this afternoon (Thursday).

The team had an open date last week. Kickoff will be at 5:00 p.m. Be there!

this, you have no idea how exciting this program is for our kids.

There's not much time left in the PTA enrollment contest. Sign up today!

There are lots of exciting things happening in PTA this year. To get in on the fun and find out what's going on, attend the monthly PTA meetings.

The District PTA Fall Workshop for this area will be held in Silverton again this year. If you have always wondered what a district workshop offered, plan now to attend October 13 in the school cafeteria.

PTA Update

Open house was a success on Tuesday night. The new computer programs were demonstrated, and if you missed

Class of 1962 Has Reunion in May Home

Twelve members of the Silverton High School Class of 1962 gathered for the afternoon and evening of August 14, in the beautifully-restored home of Larry and Kay May in Plainview. Pinned with name tags featuring their senior picture, future plans and ambitions, the group caught up with each other's news since their last gathering in 1987.

Scrapbooks and picture albums spurred memories and discussion of those class members who were able to attend.

Welcomed into the visiting were parents Edwin and Claudine May, Pascal and Donaleta Garrison, Gilbert and Letha Elms. Mrs. Elms also was the class' first-grade teacher. She was joined by Einell Montague Bramblett,

fourth-grade teacher, and her husband, Hub; Winnie Redin, high school English and Math teacher; and Bill Verdin, class sponsor and science teacher, and his wife, Evelyn, and son, Russell.

The ham and brisket supper was served to Robert Rhode, Becky Mallow Brown, Larry, Lynn, Jonathan, Zachary and Cassidy Elms, all of Lubbock; Joe Kellum and Barbara Fisch Bannister, Amarillo; Bob, Shirley, Candice and Morgandy Kitchens, El Paso; Rusty and Tish Whitfill, Gulf Breeze, Florida; Shavonne Lowrey George, Kress; Larry, Kay, Heath and Justin May, Plainview; LaQuetta Chitty Schott, Dale McWaters and Carolyn Garrison Lowrey, Silverton.

Late-night viewing of high school football films, courtesy of Jackie Mercer (mother of classmate Ann Wingo, and a former music teacher of the class) was enjoyed by those who could stay awake long enough to watch. Several of the group attended the School Homecoming and County Centennial Celebration on Saturday.

The next gathering is eagerly awaited by each one and the desire was strongly expressed that more classmates will be able to attend.

Attend Wedding

Letha Lanham, Sylvia Fogerson and Bessie Garrison attended the wedding of Warren Reid and Jodi Martin Saturday afternoon in Amarillo.

Nuptial vows were exchanged in the garden of the home of the groom's parents, Jim and Sheila Reid.

The groom is the grandson of Pauline Jarnagin and J. W. and Betty Reid.

Bob Izzard To Present Free Program on the Red River Indian Wars

Texas history comes alive when Bob Izzard offers an exciting historical program on the "Red River Indian Wars" at the Amarillo Public Library, 413 East 4th, on October 18 at 2:30 p.m.

All who have interests in Indian Lore, the U. S. Cavalry, and Texas history will find this documentary program interesting and entertaining.

The program is provided free of charge to the public and everyone in the Texas Panhandle area is encouraged to attend. For more information, contact Michael Jeffers at 378-3051.

Luke Thompson Moved to Heritage Home in Plainview

Luther (Luke) Thompson, who suffered a stroke some time ago, has been moved from the Brownwood Nursing Home to the Heritage Home in Plainview, located at 2510 West 24th. He is in room 250.

His daughter, LaGuan Thompson Riney invites his Silverton friends to feel free to drop by to visit him. She says you probably will have to tell him who you are and that you're from Silverton. He is able to talk, but has a hard time remembering names and places.

Thompson operated a Texaco Station here before moving a number of years ago.

Food News

Did you know the basic four food groups are no longer? They are still basically the same; there are just more of them. Now there are six! The recommended number of daily servings also has changed.

The meat, poultry and fish group is still the same, with only 2-3 servings recommended per day. Don't forget to include the other foods which are found in this group. Items such as eggs, peanut butter, dry beans and nuts also should be considered.

The milk, yogurt and cheese group also has stayed the same. Only 2-3 servings per day are recommended.

The bread, pasta, rice and cereal group has probably had the most dramatic change with 6-11 servings recommended daily. This doesn't mean six donuts a day; it means eating a variety of breads, cereals and pastas, not foods high in fat.

The fruit and vegetable group has been officially divided into two groups. The vegetable group now suggests 3-5 servings daily and 2-3 servings daily

Area Valedictorians Are Attending WTSU

West Texas State University is the school of choice for many valedictorians from schools in Texas, Oklahoma and New Mexico. The WTSU freshman class has 21 valedictorians of their respective schools' graduating classes.

One valedictorian attending WTSU is Langdon Reagan, a graduate of Silverton High School. Reagan, an agriculture major, has enjoyed the time he has spent at WTSU.

"I was able to get a lot of scholarships, and the school was close to home," Reagan said when asked why he chose to attend WTSU.

Lila Vars, WTSU director of admissions, says that one reason so many area valedictorians attend WTSU is because of the recruiting process.

"We really recruit valedictorians and other outstanding students from our area because we feel that they fit well into our University," she said.

The state of Texas allows valedictorians within the state to attend state-supported universities tuition-free for one year. This provides an incentive for the top graduates to remain in the state.

Honoring a friend or loved one has never been easier.

from the fruit group.

The sixth group is the fats, oils and sweets or more commonly known as "other". There has been some disagreement about considering this group as a sixth group, because technically there aren't any

recommended numbers of servings. In reality we need very few of these foods. Another problem has been what to call it so that everyone is aware of what it actually is. I'll leave these ideas for you to consider and we'll all see what USDA officially decides.

After seeing the changes in the recommended numbers of daily servings, you may be thinking this means you can eat more. The difference for you will be making healthier choices about what you do eat and avoiding the fats and sweets.

Boot Maker's Business Hits Full Stride

Looking for a second income, Joe Kitchens made a decision four years ago that is now starting to reap dividends for him.

Moonlighting out of his home, Kitchens started repairing and making boots. When business started picking up, Kitchens needed extra space, so he moved his home-grown shop into a downtown building. His workload continued to increase and Kitchens was forced to rent a bigger building.

Last week, Joe's Boot Shop in Pampa went to a full-time operation, almost out of necessity.

"When I first started out, the boot making end of it was real slow. Now

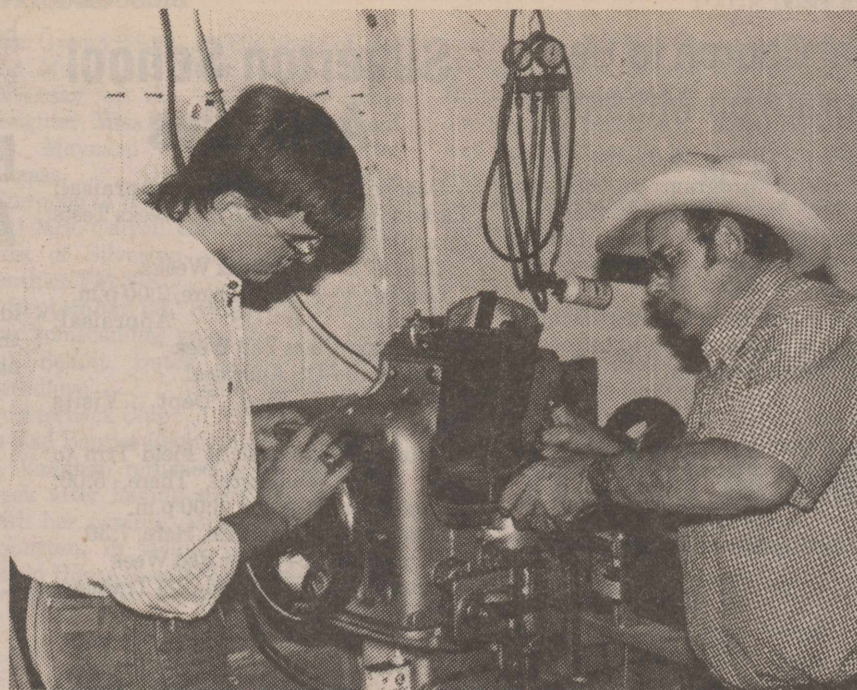

I've got a customer list so long, it's hard to keep up with it," Kitchens said.

While Kitchens continues to hold down his other job with the city street department, his teenage son, Brandon, and a family friend are filling in at the boot shop.

"I'm still putting in 40 to 45 hours a week here. We're not officially open Saturday and Sunday, but I'm usually down here both of those days," Kitchens said. "My friend comes in during the mornings so people can have a chance to either drop work off or pick their boots up. Brandon comes in later and has been working about 25 hours a week."

Brandon hopes someday to take over the shop, launching a father-son trend that's almost non-existent in the boot-making business.

"I'm slowly, but surely learning how to make boots. I don't know why people don't start out any younger in this business. Most of the boot makers are

Pampa boot maker Joe Kitchens (right) and son, Brandon, team up on some repair work.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

	Residence		Business	
	Current Rate	Proposed Rate	Current Rate	Proposed Rate
One Feature per line				
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
Two Features per line				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
Three Features per line				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
Four Features per line				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling - 30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Southwestern Bell Telephone

older men who pass on what they know to a repair man instead of their children. There's just not many young ones around," said Brandon, a Pampa High School junior.

"I hope I'll be able to pass this on down to Brandon while he's still young," Kitchens said. "I'm hoping in the spring of '94 (when Brandon graduates), he'll be able to work full time."

The elder Kitchens said following the correct guidelines in making a pair of boots is a time-consuming task, taking as long as three months to complete.

"I can make a pair of boots in 30 days, but I always allow 90 days from start to finish. You have to order the leather and that can take time. And then you can be almost finished and the boots will get a spot or split on them, and you have to start all over. About 80 percent of the boot work is done by hand."

Making sure the customer has a proper fit can avoid unnecessary delays, Kitchens pointed out.

"The main reason a person wants a pair of boots made is because they can't get the right fit from store-bought ones," Kitchens said. "The first step is getting the person's foot measured properly before you select the leather. That may be obvious, but it's something you want to make sure you do right."

Kitchens became interested in his new vocation while farming and ranching near his hometown of Silverton.

"I had a friend (Perry Thomas) who was a boot maker in Silverton and I took all my repair work to him. I started sticking around and helping him tear down boots. I got to where I really enjoyed it. I was helping him two or three nights a week," Kitchens recalls. "Perry's around 70 years old now and he still has his shop."

Kitchens moved to Pampa eleven years ago, but he didn't make his first pair of boots until 1987.

"The only machine I had was a top-stitching machine. Everything else was handmade. The boots weren't pretty when I finished, but they fit good," laughed Kitchens.

Business is certainly booming for Kitchens and being the only boot maker in town doesn't hurt.

"When I first came to Pampa there were six or seven shops," Kitchens said. "Now there's just a couple of repair shops, but I'm the only one that's making boots."

Joe Kitchens is a graduate of Silverton High School, and is the son of Louie and Ruby Lee Kitchens of Silverton.

Blood Drive Nets 29 Gifts of Love and Life

"In today's 'one-up' world in which the primary focus of many persons seems to be, win—whatever the cost to others or what's in it for me—Silverton quietly continues a tradition it began in 1969 when Coffee Memorial Blood Center first conducted a community blood drive," said Bobby Thomas, director of the Donor Resources Department at Coffee Memorial Blood Center in Amarillo.

"The largest participation came in April 1980 when 89 donations were received. From 1969 through your most recent blood drive, which produced 29 gifts of love and life, Silverton blood donors have treated area hospitals to 2,248 pints of 'Panhandle Pride'."

Making a Commitment To Caring encompasses a variety of deeds. You're the one that stops and picks up a glass bottle out of the middle of the road, picks up a piece of paper from the courthouse lawn, helps a neighbor get a calf back in—or another neighbor load hay before the rain comes, and of course, the one that finds time in your hectic schedule to go by City Hall and give blood, Thomas continued.

"What makes you stand out above all others is what has been passed down through your family values. Doing 'Good Things and Caring' is worth far more than a wagon load of gold. If you haven't done so already, please stop a minute to count your blessings and recommit yourself to caring," Thomas concluded.

Lou Younger, chairman of the Silverton blood drives, asked that appreciation be expressed to the City Hall employees for their assistance and to Bessie Bradford for baking cookies.

Booster Club Asks Assistance

The Booster Club needs help in identifying two old football trophies that are not labeled. The ones that have names and dates are:
 1937 District Runner-up
 1939 District Runner-up
 1944 District Champs
 1944 Bi-District

1947 District Co-Champs
 1951 District Runner-up
 There also is one that is labeled District 2B 2nd Place. It has no date, but is old. If you know any information about any of these trophies, please contact Lynn Frizzell or Danny Francis.

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Proposed Rates (monthly)*	Residence	Business
Calling Number only	\$6.50	\$ 8.50
Calling Name only	\$6.50	\$ 8.50
Calling Name & Number	\$8.00	\$12.00
Anonymous Call Rejection	\$3/\$1**	\$3/\$1**

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

FAITH SAYS A HANDICAP IS A CHALLENGE TO OVERCOME IT

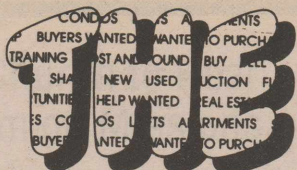

Physical handicaps come in many forms, and so do the opportunities for overcoming them, even in sports. There are blind skiers, as well as one-legged skiers and mountain climbers. Those confined to wheelchairs have many chances to join in athletic events. Moreover, there are other avenues of achievement for the handicapped besides sports. Everyone knows of the incredible accomplishments of the paralyzed young woman artist who learned to paint beautiful pictures with a brush held in her teeth. Handicapped employees are dedicated to their work, determined to be worthy of the trust placed in them. God gave man the ability to perform to his fullest potential, with an added boost if he has a handicap to overcome. So let us thank Him for this extra love He confers, wherever it is needed.

Although the world is full of suffering, it is also full of the overcoming of it.
—Helen Keller

"God was with him, And delivered him out of all his afflictions."

CARDS OF THANKS

Words cannot express the gratitude we feel for all the kindness shown. For all the cards, food, flowers, phone calls, we are truly grateful. A special thank you to Bro. Ted Kingery for sitting with us during surgery; also a special thank you to the Methodist pastor, Brad Enloe, for being with us.

Hazel is home and would love to hear from her friends.

With Christian love,
Hazel and Joe Grabbe
Pat McWaters and family
Donna Fudge and family
Rosalie Chitty

We would like to thank all of you who made the passing of our father, Charles Cowart, a little easier. The food, flowers, cards, calls and prayers were greatly appreciated. A special thank you to Doyle and Merlene Stephens for opening their hearts and home to us.

The people of Silverton will always have a special place in our hearts. God bless you all.

Chyrel and Gary Pelfery and family
Charles and Jane Cowart and family

We want to thank the greatest friends and family we've ever had. Even though we are no longer there, our hearts are always with you. Donald, we didn't know you could keep a secret!

We love you all.
Floyd and Jerry

Production estimates for the High Plains of Texas seem to be caught in an endless downward spiral as the beginning of the 1992 harvest season draws near, according to Lubbock-based Plains Cotton Growers (PCG).

PCG officials, citing the two most recent USDA estimates, say that with each reduction in the estimates a clearer picture of the extent of this year's crop losses develops.

"Without the benefit of an acre-by-acre accounting there is really no way to accurately predict the outcome of the 1992 crop," explains PCG Executive Vice President Donald Johnson. "We truly won't know where we stand until the last bale is ginned. The one thing we do know is that the 1992 ginning season will be significantly shorter than what we would have predicted earlier in the year."

As usual the primary factor determining the eventual size of this year's crop will be the weather. Farmers with cotton in the field are hoping for a somewhat normal freeze date at the end of October or early November in order to give the crop a few extra weeks to mature. An early freeze could well mean the difference between a crop close to the USDA estimate of 1.24 million bale mark.

A 1992 High Plains crop below one million bales would be the first not to reach the million bale level since the area produced 858,480 bales in 1950.

This year has been unprecedented in the number of acres we have already accounted for as lost, notes Johnson. The limited number of acres not only affects this year's bottom-line, for most producers it will also affect the availability of planting seed as we get ready for the 1993 crop.
