#### LITERARY DIGEST BALLOTS RECEIVED BY LOCAL VOTERS

#### "New Deal" of Roosevelt Is Subject of Questions Asked All Voters

The Literary Digest has announced another nation wide poll, for the purpose of testing the reaction of the public to the policies of President Franklin D. Roosevelt during his first year in office. A number of the ballots have been received by voters served through the Haskell postoffice, according to Postmaster J. M. Diggs. Over 550,000 ballots have been mailed to the southwestern states of Texas, Oklahoma, Louisiana and Arkansas by the Digest. Some 15,000,000 ballots will be mailed to all portions of the United States during the next few weeks. The current poll will have added significance in that each voter will be asked how he cast his ballot in the 1932 presidential election. Thus the current poll will indicate the percentage of voters who have shifted their party allegiance since Roosevelt was elected. The 15,000,000 voters to whom the "straw votes" in the current poll are being sent are the names that comprise the mailing list that has been compiled by the methods that have been perfected through the 13 years of experience that the Literary Digest has had in conducting nation-wide polls.

#### RATLIFF RESIDENCE DESTROYED BY FIRE

Fire at noon Thursday destroyed the residence of Mr. and Mrs. Roy Ratliff, located in the northwest part of town, together with all furniture and household goods in the home. A short circuit in electrical wiring leading to a radio is thought to have caused the fire, which had spread throughout the house before the fire department could be summoned. Loss on the house and furniture is partially covered by insurance.

#### INTEREST RATES ON HPCA LOANS TO FARMERS LOWER

Production Credit Associations Lower Rates From 5 1/2 to 5 Percent

#### EFFECTIVE NOW

Loans Already Advanced In Full Not Affected Local Secretary Explains

Interest rates on new loans from production credit associations have been reduced from 5 1/2 per cent to 5 per cent, effective immediately, according to a notification received by Kenneth H. Thornton, secretary-treasurer of the Haskell Production Credit Association, from Gov. W. I. Myers, of the Farm Credit Administration in Washington, D. C. The new rate is applicable to all new loans and advances made by the association until further notice.

In order to acquaint the local officials with the workings of the Intermediate Credit Bank, located at Houston, J. Russell Taylor, an official of that bank, was in Haskell during the fore part of the week. He also helped in making several minor adjustments in the local organization.

In speaking of the new interest rate and the effect it will have on various types of loans, Mr. Thornton pointed out that it will not affect loans already advanced in full. Those will continue to bear the rate of interest prevailing at the time the loan was closed, as the interest charges on loans from the association are collected when the loans mature.

"The reduction of the interest to 5 per cent on new loans," Mr. Thornton continued, "is made possible by a recent sale of Federal intermediate credit bank debentures to investors at an unusually low rate of interest. The association gets money to lend farmers from the Federal intermediate credit bank of Houston, Texas.

#### PLANS FOR SUMMER SCHOOL SESSIONS NOW BEING MADE

Grade Term Opens May 22, High School June 4; An Early Entrance Urged

Arrangements are now being perfected for the holding of a summer school session for both high school and seventh grade students, according to school officials. Plans call for the opening of the grade work on Monday, May 28, with Miss Velma Hambleton teaching, and the opening of high school work on Monday, June 4, with Supt. C. B. Breedlove, instructing.

#### Howard School Will Present Program

At eight o'clock on the evening of Tuesday May 22, the first seven grades of the Howard School will present a program of short plays, songs, dialogues, and readings. Friends and patrons of the school are cordially invited to attend.

#### ENTRIES POURING IN FOR "YARD BEAUTIFUL" CONTEST THIS WEEK

#### THE STRAWBERRIES WERE FROM PITTSBURG, TEXAS—ANOTHER ONE FOR RIPLEY

"Believe It or Not," by Robert Ripley, has appeared over countless weird and freakish things, and while the gist of this short, short story is not weird, it does have a freakish angle. To wit: Picture Virgil Reynolds, debonaire Haskell grocerman, in a position to open a newly arrived crate of strawberries, claw-hammer in hand. Instead of hastily ripping off the board covering, as usual, Mr. Reynolds glances this way and that way in an effort to find out where the delicious fruit was packed. Not only did he find out that they were grown and packed at Pittsburg, Texas, but he also found the name of the packer written jauntily upon the crate, and none other than—Virgie Reynolds, of Pittsburg, Texas. Yes, please page Mr. Ripley.

#### ELEVEN CLUBS OF COUNTY COUNCIL PRESENT AT MEET

County H-D Club Women Will Sponsor Four Trips To Short Course

Eleven of the thirteen home demonstration clubs were present for a county council meeting held in the county court room on Saturday May 5th.

Plans for the county dress or wardrobe contest were made. A sport type dress is to be made by the cooperators from one of the following materials: Pique, suiting, gingham, print, chambray, broadcloth, cotton tweed or any other cotton material other than sheer material, using the foundation pattern. The contest committee appointed was Mesdames Jesse Smith, W. E. Johnson, and C. H. White. The date of the contest is to be announced at a later date. The council will sponsor four trips to A & M Short Course. Those receiving a trip are Mrs. Fred Monke, chairman of the County Council, the wardrobe demonstrator No. 1 and 2 winning the contest and the cooperators who have the best foundation pattern and dress made by the pattern.

#### New Gas Tax Has 20 Percent Hike

AUSTIN, Texas.—The new Texas gasoline tax enforcement law rounded out its first full year of operation with a smashing 20 per cent increase in revenue to the state during the first quarter of 1934, the Texas Good Roads Association announced from quarterly figures of Comptroller George H. Sheppard. Combined gasoline tax collections for the months of January, February and March exceeded the total for the same period last year by \$1,260,872, the comptroller reported. This brought the full 12 months' recoveries to more than \$4,250,000 above the previous period.

It was on March 21, 1933 that the potent new law was written onto the statute books as an emergency measure. Scores of remote refineries were humming day and night, turning out motor fuel of which the taxing authorities had no knowledge. Thousands of tank trucks were radiating out on the very highways (Continued on Page 5)

#### List of Prizes and Rules Governing To Be Posted Soon By Sponsors

Entries for the "Yard Beautiful" Contest, which is being sponsored by the Magazine Club and the Haskell Service Club, are being sent in at a satisfactory rate, according to Mrs. H. K. Henry, chairman of the entry committee, although better response from owners and renters whose yards are small was expected. No charge is being made against anyone who wishes to enter their yards for the contest. A meeting has been called for Tuesday morning at 9:30 o'clock in the City Hall for the purpose of plan discussion. The general public, or all interested in the "Yard Beautiful" contest, have been invited to meet with a committee from the Magazine Club and a committee from the Haskell Service Club. Every person having an interest in the contest is urged to be present.

While no definite amount for prizes has been set, those responsible for the arranging of such matters are now outlining tentative sums and they are expected to announce all rules and prizes in a very few days.

"We are anxious that every homeowner or renter within the city of Haskell enter into this 'Yard Beautiful' contest, because of the prizes which are to be awarded and to help with the general beautification plan," Mrs. Henry stated Wednesday. "We intend to inspect all yards and place large yards into a different classification from small yards, and no distinction will be made which will handicap anyone. One important feature all should remember is that two inspections will be made, one in June and another in September, and the prizes will be awarded on various matters, with improvement from one inspection to another bearing special emphasis."

Mrs. Henry also stated that anyone desiring to enter their yard for the contest should mail in the entry blank at once, even though they may not be able to begin work up on their yards at once.

#### NEW EAGLE EMBLEM IS SCHEDULED TO APPEAR HERE SOON

Over 100 homes were entered in the contest last year, and it is expected that a much larger response will be made this year.

#### Word "Code" Replaces "We Do Our Part" on Eagle Throughout Nation

Individualized to distinguish employers operating under approved Codes, NRA's Blue Eagle will appear May 1 with a new significance. Thereafter the Eagle with its familiar legend, "We Do Our Part" replaced by the single word "Code," will identify the employer who did his part and who now under an approved Code, is cooperating with others in his trade or industry "to complete the work of recovery." Beneath the word "Code" will appear the name of the trade or industry to which the employer belongs and his individual registration number. "Its display by you," declares National Recovery Administrator Hugh (Continued on Page 5)

A slender brunette, Eleanor Byarly, was selected by Mae West, a buxom blond as the most beautiful girl in Simmons University, Abilene, Texas. Photos of twenty beautiful girls were submitted to the movie queen by The Simmons Brand, weekly university newspaper. Miss Byarly is a senior from Kalamazoo, Mich.

#### NATIONAL COTTON WEEK OBSERVANCE STARTED MONDAY

#### A Few Haskell Stores Displaying Specials Now of South's Main Crop

National Cotton Week is being widely observed this week in Texas and other Southern States by chambers of commerce, retail stores and other agencies. Observance of the week is also becoming an established custom in many cities outside of the cotton belt, according to reports from the Cotton-Textile Institute, its sponsors. Such cities as Battle Creek, Mich.; South Bend, Ind.; Portland, Ore., and Dayton, Ohio, are also observing Cotton Week, although they are neither cotton-growing nor cotton-manufacturing centers. Characterized as "the most valuable promotional enterprise of any industry in America," National Cotton Week in a few years has become an important aid to increasing consumption of cotton, calling attention to the many uses of the South's leading product. Many Texas cities annually observe the week with parades, newspaper and radio advertising, carnivals and cotton style shows.

#### Rev. Carter To Preach Munday's Baccalaureate

Rev. Orion W. Carter, pastor of the local First Methodist church, will preach the baccalaureate service for the Munday high school next Sunday night, which will permit his attendance at the local services to be held in the First Christian church on the same night. In keeping with the usual custom, other churches in Haskell will forego services Sunday morning in order to take part in the school services.

#### Smallest Fire Truck

WELLESLEY, Mass.—The smallest fire engine ever to be registered in Massachusetts was constructed by Lieut. George Johnson and three other firemen. The tiny truck, built of discarded motor parts, carries 350 feet of hose, pumps 268 gallons of water a minute, and cost only \$40 to assemble.

#### SENIOR CLASS TO GRADUATE TOTAL OF 34 CLASS MEMBERS

Rev. W. P. Hardegree Slated to Preach Baccalaureate Sermon Next Sunday

#### COMMENCEMENT MAY 21

Seventh Grade To Graduate 67 Friday, With Dr. F. M. Warren Addressing

With approximately 34 students graduating from the Senior Class, and a total of 67 seventh grade members graduating into high school, one of the most successful school years in the history of Haskell will be brought to a close this week, under the supervision of C. B. Breedlove, superintendent. Friday night, May 18, graduating exercises for the seventh grade will be held in the First Christian church, with Dr. F. M. Warren, pastor of the First Christian church of Abilene, delivering the address, while Rev. W. P. Hardegree, local Christian church pastor will preach the baccalaureate sermon for the high school Sunday morning, May 20, at 11 o'clock.

Commencement exercises will be held from the same church, Monday, May 21, with Dr. R. N. Richardson, vice president of Harding-Simmons University, delivering the address. Commencement exercises for the Seventh Grade will be held Friday night, May 18, 8:15 o'clock, at the First Christian Church.

Dr. F. M. Warren of the First Christian Church, Abilene, Texas, will deliver the address. The following program will be presented:

- Invocation—Supt. C. B. Breedlove.
  - Class Song—Class.
  - Piano Solo—Marvina Post.
  - Address—Dr. F. M. Warren, Abilene.
  - Piano Ensemble—Frances Feuts, Marjorie Ratliff, Anita Jo Simmons, Frankie Dorris Bledsoe.
  - Chorus—Class.
  - Reading of Honor Roll—Madalin Hunt.
  - Instrumental Duet—Milam Jones, Henry Stanton.
  - Song—Class.
  - Presentation of Diplomas—Supt. C. B. Breedlove.
  - Benediction—Dr. F. M. Warren.
- This class recently took the standardized test which was given in more than 100 similar schools in both Texas and Oklahoma. It far outranked the standard set up by the test, and made a record which is thought to be one of the best established in the entire group of schools participating.

#### DOT PITTMAN WINS FOUR OF FIVE GAMES

Although the Palestine baseball team, a member of the West Dixie League, has won only about 10 games this season, the number might have been less, if Dot Pittman, of Haskell, had not pitched the team to victory on four different occasions. To date, Pittman has lost only one game, and that by a close score.

Scouts from leagues of higher classification are already watching the work of the Haskell product, whose brothers Archie and Dudley are members of the Haskell club, and even though he fails to keep up the sensational work, he is ticketed for an advance at the close of the present season. He is a right-hander, with plenty of smoke and a nice change of pace.

#### New Shortstop Is Secured By Local Team; Plays May 20

James Wyatt, who played baseball with Rule last season, has been added to the roster of the Haskell Braves and will appear in the lineup for next Sunday for the tilt with Munday at Munday, as shortstop. Wyatt has played with Murphey, present Brave second-sacker, and the combination is expected to click.

Miss Charley Belle Rogers of Fort Worth is visiting her cousin, Elsie Bradley.

#### Legion Plans Stone Marker For Historic Marcy Trail In County

An appropriate stone marker will be erected at an early date at a point where the old Marcy Trail crossed the present highway between Haskell and Stamford. The stone was secured by the local post of the American Legion and is being suitably carved by A. H. Wair of the Haskell Marble Works. The marker will stand approximately seven feet in height and will be erected on the right-of-way of Highway 30, to designate the point where this old historic trail crossed Haskell county in the early fifties. All signs of the old Marcy Trail have been lost for many years and was only recently located through the effort of R. E. Sherrill, by the use of early day maps of West Texas, which referred to boundary lines of old land grants.

## Cottons and Linens Point Way to Washable Season

When warm weather comes, the woman who is a practical dresser will turn to cottons and linens. These materials have long been popular for their softness and comfort, but now they are being made in new and improved ways that make them more washable and more durable. The new cottons and linens are made with special dyes and finishes that make them resistant to fading and wrinkling. They are also made with special weaves that make them more resistant to tearing and fraying. This means that you can wash and iron your cottons and linens with confidence, knowing that they will look as good as new after every wash.

Formal Wear. Cottons and linens are also popular for formal wear. They are made in a variety of styles, from simple and elegant to more elaborate and decorative. They are also made in a variety of colors, from soft pastels to bold and vibrant hues. This means that you can find the perfect piece of formal wear for any occasion, and in a color that matches your style.

Street and Sports. Cottons and linens are also popular for street and sports wear. They are made in a variety of styles, from simple and practical to more decorative and stylish. They are also made in a variety of colors, from neutral tones to bright and cheerful hues. This means that you can find the perfect piece of street and sports wear for any occasion, and in a color that matches your style.

Linens. Linens are a popular choice for summer wear. They are made from natural fibers, which makes them soft and comfortable. They are also made in a variety of styles, from simple and elegant to more decorative and stylish. They are also made in a variety of colors, from soft pastels to bold and vibrant hues. This means that you can find the perfect piece of linen for any occasion, and in a color that matches your style.

Check and Jacquards. Check and jacquard fabrics are a popular choice for summer wear. They are made from natural fibers, which makes them soft and comfortable. They are also made in a variety of styles, from simple and elegant to more decorative and stylish. They are also made in a variety of colors, from soft pastels to bold and vibrant hues. Freshman Class Picnic. The Freshman Class chose last Wednesday for their picnic. They left the High School about eight thirty o'clock and spent all day in Luaders. After a long swim, an exciting game of baseball was played, and we found that Vivian Akins was an expert player. Some explored the hills while others played other games, but our merriment seemed to be at its highest when Duffer Crawford fell into the river with his clothes on. A menu consisting of roast potato salad, pork and beans, deviled eggs, pickles, lettuce, fruit, light bread, fruit salad, punch, peas and oakes were served for dinner and luncheon.

Those enjoying this outing were Mary Frances Allen, Helen Mabel Baldwin, Annie Barnett, Ruth Barnett, Mary Ann Bredlove, Geraldine Young, Mary Eleanor Duggs, Elsie Goshon, Beverly Gilbert, Addie Lee Hayes, Kathryn Kinney, Ella Belle Lane, Lee Maude Martin, Ozelle Paulson, Edith Smith, Janice Tait, Lettie Mae Thompson, Myra Lena Tubbs, Mildred Scott, Catherine Wall, Ruth Woodson, Louise Zahn, J. C. Allen, James Roy Akins, Albert Barnatt, Duffer Crawford, Conner Christian, Sidney Cook, Thomas Lee Donohoo, Leon Highnote, R. F. Harrison, W. B. Harrison, H. J. Kirkpatrick, John Kimbrough, Frank Perrin, T. J. Watson, J. J. Williams, Don Barnett, Mrs. Katherine Knight, Vivian Akins, and the following mothers: Mrs. Wain, Mrs. Babin, Mrs. Goshon, Mrs. Duggs, Mrs. Babin, Mrs. Harrison, and Mrs. Kinney. Hugh Shalley went along as life guard.

Group Entertained at Birthday Party. Sam Ed Carpenter was host to a few of his friends Monday afternoon when he entertained to celebrate his ninth birthday. The guests arrived at four-thirty and enjoyed a variety of games, after which a delightful refreshment plate was served.

Mr. and Mrs. Lee Womack of Chillicothe spent the week end with their mother, Mrs. Ed Robertson, and brother, Mr. and Mrs. Robertson, Jr. and family.

### Note Written By Doughboy in 1918 Comes To Light

SAN ANGELO—A reminder of the World War turned up here when C. S. Waggoner, San Angelo veteran, was examining a government rifle belonging to B. B. Stewart.

Waggoner found a brown piece of wrapping paper rolled up and stuffed into the barrel, with a stub of a pencil. It was a note which read:

"Somewhere in France:  
"Shot three April 7, 1918. Am shot through both legs and bleeding bad. April 8, German General fell in shell hole where I am. Taking him prisoner. Over."

The other side continues:  
"If I fail to make it give my love to Tollie Tain, 342 Loving Road, Baltimore, Md., U. S. of America." It was signed Billie Happle. "Love to all my friends."

The note was in a scrawling hand. Attempts are being made through the legion post, to trace the former owner, ascertain what happened to him, and deliver the message, if possible. The name of Tain may have been intended for Fain.

### Dr. Gaines Post Will Do Research Work In Europe

Dr. Gaines Post, instructor in Harvard University, who is the son of Mr. and Mrs. H. S. Post of this city, left Sunday for Rome, Italy, where he will do research work for Harvard University in the Vatican Library during the summer months.

Dr. Post expects to return to America about September 1st, to resume his work at Harvard.

Y. L. Thomason Announces For Representative

Haskell, Texas, May 15, 1934. To the Voters of the One Hundred and Thirtieth Representative District of Texas: I have made Haskell, Texas, my home for thirty-four years. I practiced law for a number of years. I have been in the gas and grocery business for many years. As I have been petitioned and solicited by several hundred good citizens to make the race for Representative from all over the District, and I certainly appreciate the confidence you have in me. I am opposed to graft, extravagance, high taxes, boards and commissions being fattened out of the taxpayer's pocketbook, as they have all the tax burdens they can bear. I am opposed to Loan Companies taking the farmer's lands away from them when farm products will not bring cost of production and a deficiency judgment, as they inspect the land, value the land, loan only about thirty per cent of the value they place on the land, accept the land as ample security and have the right to foreclose on the land. The land is all they are entitled to in law or equity. I am in favor of taking the pardoning power away from the Governor, for laws that will force all peace officers to enforce the law, for laws with teeth in them against crime, for a uniform tax system on all the wealth of Texas, as the middle class or common people have all the taxes to pay, for new Judiciary System and a new Senatorial District for Central West Texas. In selecting a Representative to make or enact laws, it is your solemn duty you owe to yourself, family and country to vote for the best qualified person that is not in any way connected with cliques, rings or corporations that believes in "Equal rights to all and special privileges to none" and "Justice and Equity." The following recommendation from a few of the old timers and good citizens of Haskell county is here presented to you for your careful consideration: "Haskell, Tex., May 12, 1934. To the farmers and all citizens that work for a living of the One Hundredth and Thirtieth Representative District of Texas: Realizing it is one of the most trying

Relief Head Says Way To Get Things Is To 'Get Them'

INDIANAPOLIS, Ind., May 7.—If the destitute rural family needs a house, a cow, work implements, or what not—just go and do it," Harry Hopkins, Federal Emergency Relief Administrator, told State relief directors from the Midwest in conference here. "We get all halled up because we get too formal about it," said Mr. Hopkins. "In fact, it is fairly simple. These destitute families must have some land, or some new land. You rent land, you buy land, you get land a hundred and one different ways. You digger for land, and I can see that going on now, especially down South. All over the South.

"Another thing that we will get too formal about, and get to scaring people to death," said the Administrator, "is building a new house for a man, just a simple house. It is amazing how many of these people will build their own houses if they have half a chance. They can repair houses, they can put new roofs on."

"As for tools and equipment and livestock, the North Carolina Relief Administration bought a thousand mules last winter. They buy chickens, cows, farm equipment that the family may need and they give it or lend it to the family, depending on what seems best."

Six hundred thousand farm families are on the relief rolls, and Mr. Hopkins said it is not likely they will acquire an "independent economy" merely by work on the land. "I believe that along with that there has got to be an opportunity to earn cash income," he declared, "and that means planned public works."

"A lot of people don't like the word planned, they are afraid of it, timid. Well, we are coming to it, sure as you are born. In my opinion, we are coming to a point where every job on the State highways in America from coast to coast is going to be deliberately planned for and given to people on the basis of their own particular needs. We are going to stop this politicalization of jobs in the highway departments of America. We are not going to get home with this relief unless we can tie up a proper share of whatever public works are going to be done in America with farm families, and I believe there will be great public works done within the next twenty years."

Mr. Hopkins' experience in relief work, he said, has been that some of the best things have been done when the relief administration took the families' own programs and helped them to carry them out, ridiculing the thought that "we can simply project our own ideas on six hundred thousand farm families."

The rural relief activities will provide projects to furnish part-time employment, and the administrator urged that this work be to the interest of the rural communities. "Don't let these fellows," he said, "get away with murder any more, such as town supervisors dragging people from rural areas into the towns, fixing up the little roads in the towns; that is something that the town and city people ought to do. Farm-to-market roads, rural school buildings, consolidated school buildings—I can't think of anything that would be better to do as a work program than really to build decent consolidated schools where they are needed. But work should be given to these families only if it is leading them home to self support."

Make Sure Child Is Immune From Diphtheria Now

AUSTIN, Texas.—Make sure that your child is immune from diphtheria, warns Dr. John W. Brown, State Health Officer. Children need not have this disease if proper steps are taken and these are very simple. If parents would have their family physician administer toxoid to their child as soon after it reaches the age of six months as possible, much suffering and many deaths could be prevented.

The administering of toxoid is a very simple procedure and causes the child very little or no discomfort and there is an interval of three weeks between doses. In approximately ninety per cent of the children receiving toxoid, there will be established a life time immunity to this disease.

To be sure, four to six months after the final dose of toxoid, the child should be rechecked to see that parents will know definitely whether their child is immune. The test consists of just a few drops of diphtheria toxin between the layers of the skin. If the child is immune no reaction will be noticed. If not there will appear redness at the sight of the test that reaches its height the third or fourth day.

Caller—I have a wonderful proposition. I want to make you rich. Prospect—All right; leave the recipe and I'll go over it. I'm a very busy man. Just now I am engaged in negotiating a deal out of which I hope to make \$175 in real money. Then I will be in a position to consider new investments.

Wife—That couple next door seem very devoted. He kisses her every time they meet. Why don't you do that? Hubby—I don't know her well enough yet.

Notice to Land Owners in Haskell County, Texas

Whereas, Article 191 of Revised Civil Statutes provides and declares Prairie Dogs to be a public nuisance, and makes it the duty of every owner of land in this State to destroy all prairie dogs on his land, and

Whereas, numerous complaints have been made to the Commissioners Court in regard to damage being done by prairie dogs,

Therefore it has been ordered by the Commissioners Court that notice be given to all land owners to destroy prairie dogs on their land, and notice to that effect is hereby given all land owners and notice is hereby given that Article 191 Revised Civil Statutes will be strictly enforced.

Commissioners Court of Haskell County, Texas.

NOTICE

The State of Texas, County of Haskell. I, W. P. Crouch, owner of ten (10) shares of capital stock of the Farmers & Merchants State Bank, Haskell, Texas, evidenced by Certificate No. 17, dated May 15, 1933, issued to me, do hereby give public notice that said certificate No. 17 was destroyed by fire on the 15th day of January, 1934 and after the publication of this notice for four consecutive weeks in the Haskell Free Press, a newspaper published at Haskell, in Haskell County, Texas, in which county said bank is located, I intend to apply to said bank for the issuance of a duplicate certificate of said ten (10) shares of stock.

Witness my hand, this 12th day of May, 1934. (4tc) W. P. CROUCH.

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment amounting to \$11,000.00 against J. L. Odell and E. G. Odell, jointly and severally, together with 8 per cent interest thereon from March 20, 1934, in favor of The Dallas Joint Stock Land Bank of Dallas, and costs of court and further costs of executing this writ.

Given under my hand this 28th day of April A. D. 1934. W. T. SARRELS, Sheriff, Haskell County, Texas. By Olen Dotson, Deputy.

Haskell, Texas, May 17, 1934. To the Voters of the One Hundred and Thirtieth Representative District of Texas: I have made Haskell, Texas, my home for thirty-four years. I practiced law for a number of years. I have been in the gas and grocery business for many years. As I have been petitioned and solicited by several hundred good citizens to make the race for Representative from all over the District, and I certainly appreciate the confidence you have in me. I am opposed to graft, extravagance, high taxes, boards and commissions being fattened out of the taxpayer's pocketbook, as they have all the tax burdens they can bear. I am opposed to Loan Companies taking the farmer's lands away from them when farm products will not bring cost of production and a deficiency judgment, as they inspect the land, value the land, loan only about thirty per cent of the value they place on the land, accept the land as ample security and have the right to foreclose on the land. The land is all they are entitled to in law or equity. I am in favor of taking the pardoning power away from the Governor, for laws that will force all peace officers to enforce the law, for laws with teeth in them against crime, for a uniform tax system on all the wealth of Texas, as the middle class or common people have all the taxes to pay, for new Judiciary System and a new Senatorial District for Central West Texas. In selecting a Representative to make or enact laws, it is your solemn duty you owe to yourself, family and country to vote for the best qualified person that is not in any way connected with cliques, rings or corporations that believes in "Equal rights to all and special privileges to none" and "Justice and Equity." The following recommendation from a few of the old timers and good citizens of Haskell county is here presented to you for your careful consideration: "Haskell, Tex., May 12, 1934. To the farmers and all citizens that work for a living of the One Hundredth and Thirtieth Representative District of Texas: Realizing it is one of the most trying

## The Intermediate Leaguers

Say, Leaguers! Why not be out for League Sunday evening at 7 o'clock sharp? You're missing some very interesting programs which are being sponsored by our teacher Mrs. Ballard.

The Intermediates met with the Seniors last Sunday evening, and enjoyed a very interesting "Mother's Day" program, which was given by members of their class.  
 We want to urge that each and every member of the Methodist League, visitors and friends, be present Sunday and we will try our best to have an interesting program prepared.

Addie Lee Hayes will have charge of the following program Sunday, which is entitled "The Spirit in the Home."  
 1. Songs "Living for Jesus," "Just A Whispered Prayer"—All.  
 2. Sentence Prayers—All.  
 3. Scripture Reading, Exodus 2:1-10—Geneva Thompson.  
 4. Song "Sweeter as the Years Go By"—All.  
 5. The Spirit in the Home—Addie Lee Hayes.  
 6. Strength and Courage—Margaret Breedlove.  
 7. Piano Solo—Marjorie Ratliff.  
 8. Story, "Peanut Brittle" by Jack Calvin—Mary Frances Allen.  
 9. Business and Announcements—Sponsor.  
 10. League Benediction—All.

We would like to have at least twenty-five members present Sunday evening, so friend, members, mothers and fathers, won't you help us to have the largest attendance of the year Sunday evening at 7 o'clock promptly, by giving its part of your time and cooperation.  
 Reporter.

## New Blue Eagles

(Continued from First Page)  
 S. Johnson in a letter being mailed to every employer in the country, "will inform the public that you are cooperating with the vast majority in stamping out unfair practices and methods of competition and in giving your employees a square deal by paying Code wages."  
 "Last year," the Administrator's letter continued, "you were asked to display the Blue Eagle as your part, and as a symbol of your faith in the ability of American trade and industry to defeat depression by united effort. This year you are asked to display this distinctive Blue Eagle as a symbol that you, together with other members of your particular trade or industry, have united to complete the work of recovery."  
 For that relatively small percentage of employers not yet under codes an Executive Order announced this week will permit their continued use of the standard Eagle as a sign of acceptance of the President's offer to extend his Re-employment Agreement with them until their codes have been approved. Accompanying the Administrators' letter to employers is a simple application card, addressed for return to State NRA Compliance Director, and an instruction sheet outlining the procedure to obtain the individual Eagle.  
 Ample quantities of the insignia are being printed and will be in the hands of the State Directors in a few days for distribution as soon after May 1, as applications for them can be cleared to employers in the so-called service groups, including the general retail food and grocery trades and the cleaning and

## FAMILY REUNION AT REEVES HOME IN MUNDAY

(From Monday Times)  
 Members of the S. W. Reeves family held a happy reunion Sunday afternoon, which was the first time that they had all been together in more than twenty-five years, and it was one of the most enjoyable events to members of the family, and a number of kodak pictures were made registering events of the day. Those in attendance at the reunion were Mr. and Mrs. A. G. Reeves and son of Lubbock; V. M. Reeves and family of Goree; J. E. Reeves and family of Haskell; H. M. Reeves and family of Munday; Raymond Reeves, Munday; Miss Elizabeth Reeves of Munday; Mr. and Mrs. Leland Hannah and children and Mrs. S. E. Stevenson and children of Munday. There were 29 grand-children present.

 second reduction in two months, the rate having been reduced from 6 to 5 1/2 per cent on March 16.  
 "According to Governor Myers," said Mr. Thornton, "the Federal Intermediate Credit Bank is passing on immediately to farmer-borrowers from production credit associations the saving made possible by lower cost of getting money. The confidence of investors in the security of the intermediate credit banks has been such that the banks are able to get money to lend at the lowest discount rate in their history. Governor Myers says that the resulting low rate of interest on production credit association loans is enabling farmer-borrowers to save thousands of dollars on the cost of their farming operations this year. If the associations make sound loans, and loans that are collectible, an adequate supply of low cost money will continue to be available."  
 The Haskell Production Credit Association is now making loans on acceptable crop and chattel security to farmers in Jones, Stonewall, Knox and Haskell counties.

## New Gas Tax

(Continued from Page One)  
 whose income they were stealing, carrying bootleg, tax-free gasoline to every corner of Texas.  
 Every gallon of it which was sold deprived the common school fund of one cent, the bond-refunding fund of one cent and the highway fund of two cents.  
 A new law was proposed making bootlegging a felony and giving the comptroller adequate funds for enforcement. The Texas Good Roads Association and the Texas Gasoline Tax Committee, which backed it, voiced the belief that this lawless traffic was robbing the taxpayers of at least \$4,000,000 yearly. Actual recoveries have exceeded this figure. During the nine months it operated in 1933, the law "picked up" more than \$3,000,000.  
 "Gracious," exclaimed the young father, "the baby has just eaten a lot of that dog biscuit."  
 "Never mind," replied the young mother, "it serves Fido right, for he has often eaten baby's food."

## BABY CHICKS

New low prices for remainder of season. Hatches May 19-22 and 29. Limited quantities of White and Brown Leghorns, Black Minorcas, Rhode Island Reds, Buff Orpingtons and Barred Plymouth Rocks. \$6.39 per 100. Last chance to get chicks this season. Trice Hatchery.

## CARD OF THANKS

We take this means of expressing our thanks and appreciation to our friends and neighbors who were so kind to us during the recent loss of our home by fire.

We are grateful also for the men who helped to rebuild it.  
 Mr. and Mrs. Albert Arend.

Mrs. Carl Maples, Mrs. Fritz Taylor and son Douglas Ray and Mrs. E. R. Carpenter were in Knox City last Friday where Mrs. Maples submitted to treatment at the Knox City sanitarium. Mr. and Mrs. Carpenter visited with the latter's parents who live there.

## WILLIAM H. WOODIN

In the death of William H. Woodin, President Roosevelt's first Secretary of the Treasury, the country has lost a citizen of outstanding merit.

A lover of art and culture and a composer of excellent melodies, he also possessed exceptional business qualifications that won him a fortune and a place of industrial leadership.

In the financial crisis that confronted the country at the inception of the Roosevelt administration, Secretary Woodin insisted, though ill, upon working day and night to meet the emergency and no doubt his patriotic devotion to duties taxed his strength severely enough to be held partly accountable for his untimely death.

The fact that his death came so soon settles the question as to why he resigned. Those unfriendly to the administration tried to leave the impression that he resigned because of a disagreement with the President regarding certain policies. There is no longer any doubt on that score, and those who raised the question must now realize that he was too sick to carry on. Woodin was a big man, and the country now realizes how big a man he was.

## LONDON'S MURDER RATE

Food for thought has been furnished by the recent report of the London commissioner of police, a summary of which reveals the following interesting facts:

London, with a population of eight millions, had only 21 murders during the year.

Only one of the twenty-one murders went unsolved.

Eleven of the murderers committed suicide, 10 were arrested, and only one was acquitted.

The contrast of this report with the record of crime in the United States needs emphasizing. Dillinger alone, has made nearly as long a crime record as all of London's eight millions.

There is a reason. The argument that the American and British temperaments differ scarcely offers a complete alibi. There are other reasons.

America tolerates too much. It tolerates a fumbling judicial system of long delays and miscarriages of justice. It tolerates criminal lawyers who stoop to anything to defeat justice. It tolerates an unholy association between politicians and criminals. It tolerates incompetent, lax and corrupt law enforcement.

Until and unless public opinion in this country demands elimination of the causes of widespread crime, until public opinion insists on honest enforcement of the law, on efficient processes, on respect for all law, we will continue to have a crime record ten times as long as England's.

## OLD-AGE PENSIONS

Civic, public welfare and labor groups join with many others in appealing to Congress for the enactment of an old-age pension law at this session.

Arguments in favor of the same are clear-cut and forceful. Long ago organized communities accepted the responsibility of caring for aged citizens who are unable to support themselves. Old-age pensions do not involve a new venture in the field of social legislation. They merely afford a more scientific, economical and humanitarian method of discharging an obligation that has long been recognized.

The fact that more than half of the states have adopted this method of supporting indigent old folks suggests that it is an improvement over the obsolete "poorhouse system." In the first place, it is more satisfactory to the majority of aged citizens who are in need of help. A small pension which permits them to go on living in their own way tends to preserve their self-respect and their contact with friends and those associations which are of particular importance in old age. In the second place, the experience of the states indicates that it costs less to care for indigents of this type in their own homes than in institutions, unless they are in need of special treatment.

A politician's success depends to a great extent on his ability to recognize the bandwagon when it first comes into sight.

That fellow Dillinger must be twins. We read that he was in a gun battle up in Massachusetts and robbed a bank out in Indiana all the same day.

Science Proves Earth Is Alive—Headline. Since repeal, many people have seen it moving.

Although we don't expect to win any prize, we intend to enter our yard in the "Yard Beautification" contest which is being sponsored by the Magazine Club and the Haskell Service Club. We've kept pretty busy and really can't find much time to inspect the yard, but we'll do our best. Even though our time is limited for such a contest, we promise to do our best to keep the yard improved and if we should be fortunate enough to win a prize, we'll macramute share the honors. Suppose you're in the same? There are "prize hands" on the front page.

Whether you know it or not, this week has been designated as "National Week." Not only is it important that the event be captured by business firms, but every man, woman and child in the world should further the cause of "National Week." In Haskell county it is an important item—so important that every one looks forward to the time when cotton will be gathered in a week this year. Last year we would like to see a real "National Week" in Haskell next year—a celebration to be exact. Parade, Stunts, show windows, music, decorated with the proper social sentiments. A "National Queen" contest. A resolution to make the county realize that Haskell county is the most important spot in the county. The state of California gets things done by DOING. The Golden State has Orange Festivals, Lemon Festivals, Prime Festivals and all kinds of other festivals. The citizens are EAGER to let the world know about California. We'll have a wonderful Central West Texas Fair next Fall, but we need something during late Spring. Something that isn't of such serious nature, something of the Mardi Gras type of celebration.

Speaking of the Central West Texas Fair for next Fall, we think that it should be one of the greatest affairs in the state. The local Service Club and the fair officials are doing yeoman work, and every hat should be doffed to them, but they can't do it all. Every person in the county should make it a point to talk the fair up. It is no longer a county fair, but one figured to embrace other counties. We don't think it would be amiss to give some person of ability to promote the "Old Timers" feature of the fair. A great amount of credit should be paid to all of those Haskell county pioneers next Fall, because they may not be with us very long and we do owe lots to them. Every town and community in the county should have a part in the celebration.

RANDOM COMMENTS — We've about come to the conclusion that E. M. Robertson, attorney-at-law, in charge for advertising French is the champion cigar chomper in Haskell. He has something like an "out-curve" on it when he shifts it from one side of his mouth to the other. . . . Two weeks ago Sunday, we saw several of the ball players discussing the Stambled game (which we won 1 to 0) with great enthusiasm even after the shadows lengthened, but we failed to spot anyone after the game Sunday with Asperment. Yep, we lost 4 to 2, and lost in the ninth inning at that. Anyway, that's baseball and on the next go-round we may win in the same manner and it will be considered GOOD baseball by Haskell. You may kick, as we did, when Buford Cox got caught off second base by a quick throw, but brother you'll admit he has certainly pulled several smart plays which have proved of more importance than the "asleep" act. We can use more smart plays and more stick-work on our ball club. Decidedly more stickwork. . . . The Man That Nobody Really Knows" changed his mind. . . . John Payne says that two certain young gentlemen residing within the city limits of Haskell, who pretend to work while their bosses are around, are just waiting for us to eat a wee bit more rope, and then frame us good—and plenty! All we have to do to escape such punishment is to keep silent. Oh well, maybe WEVE heard more than they think we have. . . . When questioned about silverware, a Haskell waitress stated that the cafe where she is employed used Ferguson silver instead of Sterling. . . . In reading over the ground rules of the Haskell Golf Club we note that only one tee shot is permitted, unless by mutual agreement. Now the question is—will they count our failures to even touch the ball as shots? We also read that loud noises or boisterousness in a lawyer must have thought of that word should be avoided, but they'll have a hard

Look for Better Flavor With Electric Cooking  
You wouldn't believe that Electric Cooking could make so much difference in flavor! Meats and vegetables cook to melting tenderness in their own juices — with the addition of practically no water. And in the electric oven the heat rapidly sears, roasts, and prevents excessive shrinkage. Baked foods are deliciously and uniformly browned. Grilled steak has the flavor of charcoal broiling!  
Electric Cooking retains so much more of the nourishing elements of the food that you can actually buy less meat or vegetables and still have just as much to put upon the table!  
Electric ranges cook food with a speed and economy which compare favorably with any other kind of fuel! Let us demonstrate our new ranges. Of course, there is no obligation — and attractive terms can be arranged.  
This is the "Electrical Age." A Hotpoint range will be another step to your All-Electric Kitchen.

Now we ask you to

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

WHY do you suppose Chevrolet keeps repeating, in all of its advertising, "Drive it only 5 miles"? Very frankly, here's the reason: Chevrolet engineers have tried out all the various makes of cars in today's low-price field. They have compared performance—on rough roads, in traffic, over hills, through sand and mud and water! And they have proved, to their complete satisfaction, the same things that hundreds of thousands of Chevrolet owners are proving in their daily driving: How much more smoothly a car travels with genuine, fully-enclosed Knee-Action. How much more comfortably it handles, with shock-proof steering. How much more

restfully you ride, in a Fisher Body car. How much more safely you drive, with cable-controlled brakes. And how much finer performance and better economy are secured from an overhead-valve Six! In other words, Chevrolet engineers know for sure that the Chevrolet ride simply can't be matched by any other in the low-price field. They know it—hundreds of thousands of owners know it—and now we want you to know it too, before you make your final choice of a low-priced car. That's why we urge you to "Drive it only 5 miles"—and that's why we promise, "you'll never be satisfied with any other low-priced car."

SOUTH PORTION OF "X" RANCH IS SOLD

A contract was signed recently for the purchase of the Wolf Creek pasture, belonging to the Reynolds Cattle Company of Fort Worth, Texas, by Judge T. G. Hendrick of Abilene. Negotiations for this transfer were handled by John H. Sedwick of Albany.

portion of the famous X ranch, which has been owned and operated by the W. D. and Geo. T. Reynolds families since frontier days. Joe M. Reynolds of Fort Worth is vice-president and general manager of the Reynolds Cattle Company interests and Watt Reynolds is the secretary. Both are sons of Mr. W. D. Reynolds, deceased. Mr. D. C. Campbell, formerly of Albany, and whom everyone affectionately calls "Uncle Dave" is another active member of the company, having served as its secretary for over 40 years, until recently when his health has not permitted strenuous work.

The first president of the Reynolds Land and Cattle Company was Mr. Geo. T. Reynolds and his brother W. D. was at that time head of the old Monroe Cattle Company, whose directorate included such names as Geo. and W. D. Reynolds, Thomas Proctor, James M. Proctor, J. S. Scott, C. Q. Hassard, John Hassard, Edward Stephens and D. M. Proctor, all of whom played a very important part in the development of Shackelford county and Western Texas. The Monroe Cattle Company was dissolved in about the year 1900 and the many thousands of acres of land divided.

Judge Hendrick is the owner of two of these ranches, having formerly purchased the Colbert ranch of 8,000 acres, owned originally by Mr. L. M. Proctor of Monroe City, Mo., and in 1933 he purchased the Jack Farmer ranch of 12,357 acres, owned originally by Thomas Proctor and sold by his sons M. B. Proctor, F. D. James and Thomas C. Proctor, all of Monroe City, Mo., to Mr. Farmer in 1929. The Wolf Creek pasture lies north of, and adjoins the two tracts formerly purchased by Judge Hendrick, so that now an area of some forty thousand acres is embraced in his ranch in this and adjoining counties. The Clear Fork of the Brazos river enters the ranch on the south, running almost directly through its center for a distance of thirty miles before it turns out into Judge J. A. Matthews AV ranch in Throckmorton county.

Judge Hendrick has ranches for many years in the Odessa and Midland counties and in the Davis mountain district of Texas. He has large properties there also. His third purchase in this area evidences his faith in Shackelford and Haskell county grass land and he has backed his faith with over a half million dollars of money.

The Reynolds Cattle Company still owns some 50,000 acres of land in this section, approximately 8,000 acres of which lies in Haskell county, comprising the Dilleyhunt and Rose ranches. John Culp of Throckmorton is manager of their properties in this section.

FERRIS RANCH IS SOLD TO OLNEY MAN

The Ferris Ranch, located in the northeast part of Haskell county, was sold last week by the First National Bank of Dallas to R. Campbell of Olney, Texas.

Deeds filed with County Clerk Jason W. Smith calls for 3,267 acres and the consideration given was \$44,000. It took \$44,500 worth of revenue stamps to file the deed for record.

The Ferris ranch is one of the oldest ranches in Haskell county and for many years was considered one of the best improved properties in this section and was looked upon as one of the show places of Haskell county.

Funeral Rites for Pennington Infant Sunday Afternoon

Funeral services for Barbara Allen Littleton, infant daughter of Mr. and Mrs. W. W. Littleton, who live 12 miles south of Haskell, were held Sunday afternoon at one-thirty from the graveside, with Rev. Scott officiating.

Besides the parents, two brothers, Dock and Merrill, and two sisters, Holly Mae and Nellie Faye, survive. J. H. Kinney of the Kinney Funeral Home, had charge of the arrangements.

Communist Camp Once In Dallas

FORT WORTH, Texas.—There was Communism in Dallas in the 1850s, and Fort Worth missed it only because Arthur Brisbane's father and Victor rospser Considerant, a Frenchman, believed the town to be "closer to the frontier and farther from Austin" than Dallas was.

A multitude of interesting facts about that early-day experiment in Communism, or probably more properly, Socialism, have been gathered by Dr. W. J. Hammond, head of the department of history in Texas Christian University.

The famous Mrs. Bloomer, who gave her name to a now familiar item of women's wearing apparel, was a member of the colony. The late Arthur Brisbane, father of the Hearst columnist, helped locate the colony. It once had a population greater than the main section of Dallas. It lasted—but to begin at the beginning.

French and Belgian and Swiss followers of that school believing that society should be organized into co-operative units, decided about 1850 that they might found such units in Texas. Considerant, French leader of the movement, came to America to pave the way. He got both money and enthusiasm from the elder Brisbane. The latter came with him to Texas to locate the colony. They came by boat as far as Fort Smith, Ark., bought horses there, and made their way to Dallas on horseback.

Funeral Services For Small Child Held On Sunday

The funeral services for O. C. Pennington, six-week-old son of Mr. and Mrs. Curtis Pennington who reside 9 miles southwest of Haskell were held Sunday afternoon at the First Baptist Church in Haskell at 3 o'clock with Rev. H. G. Hammer officiating and Rev. C. Jones assisting.

Little O. C. departed this life after an illness of some two or three weeks, having passed away Saturday morning.

He leaves to mourn his going, father and mother, Mr. and Mrs. Curtis Pennington and little sister Elaine, also two grandfathers and two grandmothers and many uncles and aunts and friends.

Funeral arrangements were in charge of W. O. Hilden of Jones, Cox & Co., with interment in Willow Cemetery.

Active pallbearers: Shelby Harris, Merlin Hadaway, John Kirby, A. M. Bird.

Girl assisting with flowers: Mary Helen Bland, Emma Kate Wiseman.

Young Men Today Said To Be Same As Their "Dads"

FORT WORTH, Texas.—"The young men of today are not any different from the boys of 30 years ago, but the young women have taken on a new air of aggression."

This is the opinion voiced at the annual conference of Texas Daens and Advisors of Mos, held recently on the campus of Texas Christian University.

HUGE INCREASE FOR AUTO REGISTRATION

AUSTIN, Texas.—Gains established during April in new passenger car registrations in sixteen Texas counties representing all sections of the State were encouraging, according to the University of Texas Bureau of Business Research. Registrations totaled 5,307 in April as against 5,245 in March and 2,914 in April, 1933, gains of 12 per cent and 82 per cent respectively.

New Ways Serving Liver Suggested

DENTON, Texas.—In the treatment of anemia, it is often recommended that liver and oysters be included in the diet constantly. In some cases, the problem is merely to vary the method of preparing the food. With regard to other cases the food must be disguised by being combined with some familiar and well-liked dish.

Breakfast: Orange juice, waffles, syrup, bacon and coffee. Luncheon: Scrambled eggs and oysters with cream sauce on toast, fruit salad, tea. Dinner: Liver with vegetables, corn muffins, lettuce salad with celery dressing, apple pie, coffee. Breakfast: Cream of wheat with sliced bananas, cream and sugar, toasted rolls, marmalade, coffee. Luncheon: Liver souffle, muffins, combination vegetable salad with mayonnaise dressing, cookies, tea. Dinner: Oyster loaf, hot biscuits, boiled rice, buttered asparagus, green pepper and grapefruit salad, ice cream, chocolate cake, coffee.

lightly heated, serve on toast with paprika. Cream Sauce: Melt one tablespoon butter in top part of double boiler over low heat; add 2 tablespoons flour and one-half teaspoon salt. When well blended, add 1 cup milk; stir constantly. Let boil and cook until of desired thickness. Put over hot water until needed. Liver With Vegetables: Melt two tablespoons fat in a sauce pan, add 2 tablespoons flour and mix well, add 1 1/2 cups meat stock. Stir constantly and let boil until slightly thickened. Place 6 small onions, 1 cup diced carrots and 12 small potatoes in a casserole. Cover with liver—about 1 pound—prepared as follows; remove veins and skin, cut into pieces convenient for serving; sprinkle with salt, pepper and flour; put into hot frying pan with a little fat; sear over hot fire. Pour the sauce over the layer of liver in the casserole. Cover dish and bake in a slow oven for an hour, or until well done.

Liver Souffle: Melt 2 tablespoons butter in sauce pan; add 2 tablespoons flour and blend well, add 1 cup milk or thin cream. Stir constantly; let boil and cook until quite thick. Add one-half pound liver, steamed until tender and put through a food chopper. When thoroughly heated, remove from fire and add to the well-beaten yolks of 3 eggs a little at a time. Then, fold in the stiffly beaten whites of 3 eggs. Pour into a greased baking dish and cook for 40 minutes in a slow oven—about 300 degrees F. Oyster Loaf: Cook 1 cup spaghetti broken into inch lengths in boiling water until tender. Arrange in well-greased baking dish. Cover with 2 cups small oysters. Pour a small can of tomato soup in. Cover with one-half cup buttered crumbs. Bake in a moderate oven (350 degrees F) for twenty minutes.

Kiss In Theatre Costs Kissers 30 Days In Jail

SCHENECTADY, N. Y.—It cost Philip Weisbrat 30 days in jail for kissing a pretty girl in a theatre. Weisbrat pleaded guilty.

"I dropped my handkerchief," he said, "and when I picked it up I was surprised to find my arms around the young lady."

The kiss followed. But the young woman said that before she was aware of what was happening, Weisbrat had embraced her.

100,000 Mark Is Reached In Auto Sales For Month

DETROIT, Mich., May 10.—For the first time in three years, sales of an automobile manufacturer for a single month topped the one hundred thousand mark. This was brought out in a statement issued by William E. Holler, general sales manager of Chevrolet Motor Company, announcing retail sales of Chevrolet passenger cars and trucks during April of 100,416 units. This figure includes Canadian, export and domestic deliveries.

This compares with 59,193 units in April, 1933, and 96,895 units in March of this year, according to the statement.

Retail sales the first four months of this year totaled 281,033 as compared to 181,138 in the same period a year ago, an increase of 52 per cent.

Chevrolet's April retail sales record is considered significant in view of the fact that this company has suffered an acute car shortage, practically since the new 1934 models were introduced and only now is catching up in a small measure with the thousands of unfilled orders on its books. Retail sales were higher than for any similar period in 35 months, since April, 1931, to be exact, and this tremendous retail volume, according to Mr. Holler, is

the direct result of the modern features and many unusual improvements incorporated in the new 1934 knee-action models.
