NUMBER 39

Methodist Hospital Appears to be Near Agreement With Clinic Assn.

Briscoe County Clinic Association and the Silverton Chamber of Commerce sponsored a public meeting in regard to opening of the Briscoe County Clinic last week, with a large crowd of interested residents on hand to hear the information presented.

Jim Bullard and Ray Reynolds, representatives of Methodist Hospital in Lubbock, met with the group to explain their Regional Outreach Program which began five years ago. They already have seven Rural Health Clinics, two in Plainview, two in Lubbock, one in Post, Levelland and

Olton. Another is in the planning stages for Colorado City.

Methodist Hospital is the largest medical facility between Dallas and Los Angeles, with Dallas still considering Lubbock as "rural", one of the men said.

Mr. Bullard advised when Methodist commits to provide a rural community with access to medical care, they continue their commitment as long as there is community support. The more it is utilized and additional facilities are needed, the more they will provide whether it be X-ray equipment or additional lab facilities.

Methodist Hospital would hire an LVN or RN, Physician's Assistant or Nurse Practitioner and Receptionist/Bookkeeper for full-time employment. It also would recruit a family practitioner or internist who is required to be at the clinic 10% of the hours the clinic is open. Clinic hours usually are 40 hours a week. He can see patients as well as the Physician's Assistant.

Mr. Bullard explained that a Physician's Assistant or a Nurse Practitioner is called a "Physician Extender." They are sometimes practicing in the same office, sometimes in contact by telephone. It was emphasized that a PA usually spends more time with the patient than many physicians do.

Dr. Horn, Dr. Loggins, Dr. Weidenbach and others work with rural

health clinics. Regardless of who your physician is, the Physician Extender will contact him/her in regard to any medication you are taking. Medical records are faxed from your physician to be included in your file at the local clinic.

The Olton clinic is seeing 20 patients daily, and this is considered good. A rural clinic requires the nine basic lab tests. The Olton clinic has expanded beyond this, and now has an EKG hookup with the hospital in Lubbock.

They plan to spend between \$100,000 and \$150,000 to set this clinic up. Over a period of time, they will make it back to break-even status. The community is asked to provide a building, and it is hoped that the present clinic building will suffice. The Methodist Hospital representatives were to be taken on a tour of the clinic following the meeting.

A clinic has to pass a Medicare inspection and be Medicare certified. Methodist Hospital would furnish personnel, computer, equipment, medical supplies, etc. Personnel would

Fall Carnival is Set October 30

Progressive Homemakers would like to remind you to start making plans for the upcoming Fall Carnival which will be held Saturday, October 30, beginning at 6:00 p.m. at the showbarn.

This is an excellent way for clubs, civic organizations, school classes or individuals to earn money.

To make reservations for your booth, you may call JonEtta Ziegler at 823-2242.

Christmas Arts & Crafts Jubilee Set November 20

Progressive Extension Homemakers will be sponsoring a Christmas Arts & Crafts Jubilee on Saturday, November 20, at the Briscoe County Showbarn in Silverton.

Booth spaces will be 8x10 feet and the charge will be \$5.00. Tables are limited, and will be available on a first call, first served basis.

All kinds of arts and crafts are welcome.

For more information or to reserve a booth you may call Bena Hester at (daytime) 806-823-2131, Ext. 11 or (after 5:00) 806-823-2093.

Two New Groups To Perform on Jamboree Stage

Two new groups will be making their debut on the Caprock Jamboree stage Saturday, October 2. The "Right Combination", a bluegrass band, will be coming from Amarillo for their first appearance at the Jamboree. "His Image" singers, a well-known gospel group from Tulia, will be sharing their talents to provide entertainment for the hundreds of fans of the Caprock Jamboree.

Returning to the show will be Ed Akins and Shauna Maxwell from Amarillo. Betty Chisum from Adrian and Brenda Dahl from Dallas also will be combining their talents once again. Each of these performers will help make the October show another "great night of musical entertainment."

The Country Sounds, the Jamboree's very special "house band," will be performing and assisting throughout the show, as usual. Coordinators of other jamborees have stated that they wish they could find a "house band" for their shows. Not every jamboree has a band that can back almost anyone who performs. It is their talents that have helped many talented singers and instrumentalists to perform.

The Quitaque Lions Club will be serving hamburgers beginning at 6:00 p.m. When you buy a mesquite-grilled hamburger with all the trimmings, you help support this and all the clubs who sponsor the suppers.

Brady Black from Plainview won the \$50.00 donated by Caprock Jamboree for "Band of the Month" for September.

KFLL Radio will continue to provide "live" coverage of the Jamboree. Thanks, once again, to all the sponsors for making this broadcast possible.

Make sure your Saturday night plans include attending the Caprock Jamboree at 7:00 p.m. Saturday, October 2. Remember! Bring your lawn chair and if you forget, that's all right as some chairs are available.

Pep Squad Beau To Be Presented

A new Pep Squad Beau will be presented at the Pep Rally Friday at 3:00 p.m.

The candidates are Matt Francis, senior; Michael Hill, junior; Bo Wilson, sophomore, and Anthony Gamble, freshman.

Plan to be at the Pep Rally to help cheer the Owls back onto the road to victory against Follett in the Homecoming game.

**Support the Teams —
Wear Red & White!**

Roehr Llama Farm's herd increased to four last week, with the arrival of offspring number three. Dick Roehr was pictured with the female baby shortly after its arrival. It takes llamas eleven months to deliver their offspring, so the event had been anticipated for almost a year.

Methodist Hospital Appears To Be Near Agreement With Clinic Association

Continued From Page One

be hired locally, if possible; if not, personnel would come from outside the local area.

It usually takes 30 to 60 days to recruit a PA to live in the community. The PA is selected according to the

community, to live and participate in the community life. If the PA does not fit into the community, usually he/she is sent elsewhere and another will be sent. Community residents need to be sensitive to allowing the PA to enjoy free time. The PE will be responsive to true emergencies, but can become overworked if called upon constantly for non-emergency reasons. The PE certainly has to be dedicated to the work.

Sometimes PEs are paramedics. They sometimes make ambulance runs with cardiac patients or in other very critical cases.

The clinic will be equipped for minor trauma, sutures, some prescription drugs. A prescription delivery schedule will be worked out so that by the next day the medication will be available. They may try to recruit a part-time pharmacist, or may be able to share one with another clinic.

It was estimated that the cost of an office call would be about the same as any physician's office call, \$25 to \$30. Medicare pays 80%. They take assignments from Medicare, Medicaid and private pay the same as other clinics.

Mr. Bullard, in answer to a local nurse's question, advised a PA requirement is a four-year nursing degree and two years of medical school. They operate under the Medical Practice Act. A Nurse Practitioner operates under the Nurse Practice Act.

The men advised that they see a local need and that they were here to try to help meet that need. Their No. 1 requirement to invest in a community is a lot of community support, input in the same accord, motivation and same desire. They were impressed with the crowd which showed a united effort from the community. They said it was the largest they have had so far at an initial meeting.

Ground School To Be Held Soon

A helicopter ground school will be held for firemen, EMS personnel and law enforcement officers in Silverton, Quitaque and Turkey at 8:00 p.m. on Tuesday, October 19, in Quitaque.

Mark your calendar now and plan to attend if you are a member of one of these groups.

If you need work done on your vehicle, just call 995-3565 during the day, or call 823-2039 (Joe) or 823-2498 (Dale) after 7:00 p.m.

They will pick up your vehicle in the morning, drive it to Tulia, make the repairs needed, and return it to you in the evening.

Remember, we're just a phone call away!

Owls Lose to Good Guthrie Team Friday

Guthrie fielded the best team the Owls have seen so far this season, and the Jaguars earned a 62-28 victory over the Silverton boys. A Guthrie resident told the Briscoe County News at the game that last year the Owls could have "45-ed them" and didn't, and that their coach, Harvey Wellman, had made the statement that his team wouldn't do it to the Owls if they had the opportunity.

Silverton opened the game by kicking off to the Jaguars, holding, and forcing a punt. Silverton's first play was a pass from Braden Towe to Matt Francis, which was good for a first down on the Guthrie 20. Towe also completed a pass to Michael Hill for a short gain before the Owls lost the ball via the fumble.

Guthrie's next possession ended with a punt to the Silverton 30, and on second down the Jaguars intercepted an Owl pass and took it to the Silverton 25. The Owls held the Jags again, but on fourth down an offside penalty gave Guthrie a first down on the Silverton 10, and the Jags scored on the next play. They kicked the PAT, and with 3:14 remaining on the first-quarter clock, the Jaguars moved into an 8-0 lead.

Guthrie kicked off to the Owls and they were called down at their five. Three plays resulted in just a few yards gained, and the Owls punted to the

Jaguar 30.

Once again the Owl defense held, and on fourth down Lance Holt carried the punt back to the Guthrie 30. Holt scored three plays later on a complete pass from Towe, and Hill kicked the PAT to knot the score at 8-8 with 8:58 still showing on the second-quarter clock.

The Owl kickoff was brought out to the Guthrie 25, and the Jags scored on their first play from scrimmage with 8:42 still on the clock. They kicked the PAT, and moved into a 16-8 lead.

The Owls were unable to move the ball on their next possession, and punted to the Jags who were penalized to the Guthrie 30. They picked up a first down, then passed for a touchdown with 5:29 still remaining before halftime. They kicked the PAT, and the score became 24-8.

The Owls were unable to move the ball on their next possession and punted to the Jags who took over at their own 35. On third down, Francis intercepted a Guthrie pass and carried it for a score for the Owls. The kick was blocked, and with 3:30 remaining on the clock, the score became 24-14.

Hill received a leg injury on the PAT play (he returned to action following halftime), and Holt kicked off for the Owls. Guthrie picked up a first down

enroute to scoring with 57 seconds left in the second period. There was no PAT, and the scoreboard reflected a 30-14 lead for the Jags. A turnover by the Owls resulted in another touchdown for Guthrie with 34 seconds still to play. Then when the Owls got the ball back, Guthrie intercepted an Owl aerial and took it for a touchdown with 11 seconds on the clock. They added the PAT. The Owls fumbled on their first-down play, but mercifully, this series of costly errors was ended by expiration of time on the clock with the Jaguars leading 46-14.

The Owls received the kickoff which opened the second half, and Towe completed a pass to Francis for a first down on the Guthrie 26. Then two plays later, the Owls lost the ball via the fumble route, and Guthrie scored again with 5:54 remaining in the third quarter. They kicked the PAT, and moved ahead 54-14.

Holt brought the kickoff back to the Guthrie 36, and then picked up a first down on the 20. He carried for another first down on the two, then scored with 5:04 showing on the clock. Hill's PAT was good, and the Owls trailed 54-22.

After the Owls kicked off to Guthrie, and the Owls do have a good kicking game, the Jaguars fumbled. Towe picked up the loose ball and scored with 4:48 still showing on the third-quarter clock. There was no PAT, and the score had become 54-28.

When the Owls kicked off, the Jaguar ballcarrier was brought down by Francis, having one of his best games ever, on the Guthrie 30. They made a first down on the Silverton 30 and another before scoring with 2:50 still remaining in the quarter. The PAT was good, and the Jags enjoyed a 62-28 lead.

The Owls were unable to move the ball on their next possession and punted, stopping the Jaguars on their 32. As the fourth quarter began, a lightning and wind storm moved into the area, and Coach Clyde Parham

hurried to the center of the field to discuss the situation with the game officials. Since it wasn't desirable for anyone to remain outdoors in the lightning and dirt storm, the game was called.

The Owls will be hosting Follett for the annual homecoming ballgame Friday night. There will be pre-game ceremonies, during which a new Football Queen will be crowned. The team has nominated Julie Wilson, senior; Brandi Brunson, junior; Lori Brannon, sophomore, and Minerva Patino, freshman, as the candidates for Football Queen. Announcement will be made of the selection of Mr. and Miss Flame, and they will light the ceremonial fire.

It is expected that a bonfire and pep rally will be held on Thursday evening, and everyone is encouraged to attend.

The Owls need YOU cheering for them this week as they attempt to regain their winning ways. Pep rally is at 3:00 p.m. Game time is 7:00 p.m. BE THERE!

Go Owls!

Junior High Owls Play Lazbuddie This Afternoon

Silverton's Junior High Owls will be traveling to Lazbuddie this afternoon to try to add the Longhorns to their list of defeated teams. Kickoff is at 5:00 p.m.

Eighth grade members of the team are Trey Ziegler, Leland Wood, Jared Francis, Andy Bullock, Jackie Cherry, Will Hester, Hector Martinez, Miles Comer, Michael Reagan, Chris Justice and Trey Wyatt.

The seventh graders on the team are Donny Burson, David Gamble, David Donahoo, Juan Garcia, Matt Martin, Jeremy Holt, Junior Castillo, Jared Holt, Josh Breedlove, Jay Arnold, Lorn Estes and Bert Garza.

Junior High cheerleaders are Lindsey Jennings, Dara Ramsey, Lindsey Weeks and Misty Wilkinson.

Brunson Named Player of Week

Bradley Brunson, defensive end/outside linebacker for the Eastern New Mexico Greyhounds, has been named Player of the Week for his performance against Western New Mexico.

In only his third start for the Greyhounds, Brunson was all over the field in Eastern's 37-7 loss to Western last week. He recorded 12 tackles (four unassisted), broke up two passes and intercepted another, returning it 20 yards.

At 6'2" and 250 pounds, Brunson has the strength to play inside, and the speed and agility to drop off into coverage. This versatility was obvious Saturday when Brunson's role was changed from pass rusher to coverage man in the second-half to shut down the quick passing game of WNMU.

The humble sophomore attributed his success to the strong play of his teammates.

"I played a pretty good game because the guys on the strong side of the defense were shutting everything down, forcing their running backs to the weak side, my side," Brunson explained.

Brunson said that the Greyhounds (0-3) have their work cut out for them if they are to be successful this year.

"This year's Lone Star Conference is as tough as ever, so we are going to have to step it up a notch or two and start playing mistake-free football."

Bradley is the son of Perry and

Marsha Brunson, and is married to the former Julie Graham. He was an outstanding member of the Silverton Owl football team while he was in high school.

Silverton School Lunchroom Menu

Monday, October 4—Meat and Cheese Lasagna, Salad, Corn, Cornbread, Fruit, Milk

Tuesday, October 5—Beef and Vegetable Soup, Grilled Cheese Sandwich, Fruit, Milk

Wednesday, October 6—Ham and Cheese on a Bun, Salad, Tater Rounds, Blueberry Muffins, Milk

Adult Leaders, Parents Have Quarterly Meeting

Briscoe County 4-H Adult Leaders and Parents Association held its quarterly meeting September 20 in the Pioneer Room at First State Bank. Deb Burson, president, called the meeting to order and Janinne Brooks read the minutes and gave the treasurer's report.

Reports were heard from various committees. Ronda Alexander reported on the Awards committee and 4-H awards criteria. Members of this committee are John and Gail Wyatt, Juannah Jennings, Anthony and Kathy Kingery and 4-H'ers Trey Wyatt and Donny Burson.

Finance committee members are Bena Hester, Mickey Smith, David Reagan, Janinne Brooks, Deb Burson, Betty Stephens and 4-H'ers Kevin Womack and Ashleigh Wyatt. The Finance committee will meet on Tuesday, October 12, at 6:00 p.m. in the Extension Office.

Mrs. Wyatt reported on attending the District I Leaders Association meeting in Amarillo. Seven attended from Briscoe County. Workshops attended by Briscoe Countians were Wildlife and Space Camp. Mrs. Wyatt reported that both were very interesting and would

be beneficial to Briscoe County 4-H'ers.

Mrs. Alexander reported that Briscoe County has three master volunteers who attended training sessions in Lubbock and paid back 60 hours of service to 4-H. Janinne Brooks is master volunteer in Record Books. She had to complete a record book and turn in at the end of her training. Sheila Reagan and Gail Wyatt are master volunteers in Method Demonstrations. At the completion of their training, they had to prepare, present and video their method demonstration. The Association is very proud of these volunteers and the time they spend with the 4-H'ers.

The Food and Nutrition project members will be going on a food tour on October 16 to Amarillo. More information will be available at a later date.

Upcoming fundraisers for 4-H are the concession stand to sell drinks at the Farm Progress Show in Amarillo on Wednesday, October 17. This booth is available only to 4-H and FFA. Briscoe County will get a percent of the sales of their shift. On October 26, there will be a demonstration on the No Sew

Family Pays Tribute To Mother's Birthday

The home of Gordon and Carolyn Lowrey bustled with activity Saturday, September 25, as thirty-three family members gathered for a brisket lunch in honor of the 80th birthday of Jewel Lowrey. Many of the cousins had not seen one another in eight to fifteen years.

Twenty-seven of Mrs. Lowrey's friends joined the celebration at an afternoon reception. Guests registered at a table used by Mrs. Lowrey and her late husband, Monroe, during the early years of their marriage. An arrangement of burgundy mums, designed by her granddaughter, Angie Smith, centered the serving table where strawberry punch, birthday cake and mixed nuts were served.

Mrs. Lowrey came to Silverton from Gunter in the fall of 1928 with her parents, Mr. and Mrs. J. E. Henderson,

Draperies. There will be a \$15.00 per person charge and the deadline for registration is October 7. Call the Extension Office for more details on this.

Sunday, October 17, has been set for the annual 4-H Awards Banquet. It will be at 7:30 p.m. in the school cafeteria. Each family is asked to bring two dishes. The meat will be furnished. Mrs. Wyatt is in charge of securing the speaker. Theme and decorations will be prepared by 4-H'ers. At the banquet, the 4-H members will be recognized for their projects. Special recognition will be given to the State Award winners. Various awards and recognition will be given. Highlighting the banquet will be the announcement of the Gold Star Award to outstanding 4-H'ers and the Silver Spur Award to outstanding leaders.

Redistricting changes were discussed. The District I Consumer Making Contests will be held in March; District Clothing Contest and Roundup will be held the same day in May. There are no lead labs.

Attending the meeting were John and Gail Wyatt, Bena Hester, Deb Burson, Janinne and Molly Brooks, Betty Stephens, Ronda Alexander and Scott Strawn.

brothers, Roy and James, and an uncle, Hughlon Henderson (father of Dwain Henderson). She married Monroe Lowrey in January of 1934, and they became parents of a daughter, Loretta, and a son, Gordon. Mr. Lowrey passed away February 5, 1979, and Mrs. Lowrey continues to live in the family home and does all her own house and yard work. She is an active member of First United Methodist Church and Silverton Senior Citizens. After working at the City Tailor Shop for many years, Mrs. Lowrey has stitched many beautiful quilts for people in and around Silverton.

All but six of her grandchildren and great-grandchildren attended Saturday's activities. Those who were in attendance included Roy and Loretta Stidham, Mark Green and Kim Tiley, Peralta, New Mexico; Terry and Sandra Green, Springfield, Illinois; Cynthia, Amanda and Justin Johnson, Pat and Ann Northcutt, Frank Lowrey and Julie Wilkins, all of Amarillo; Joe Kirk, Angie and Dakota Smith, Flomot; Shavonne George, Claytonville; Faye Henderson, Burnet; Gordon and Trixie Richardson, Wolforth; Billie Lou Thompson, Stratford; Harry, Jo and Allison Thompson, Yukon, Oklahoma; Christi Hester, Dalhart; Freeda Henderson, Plainview; John Choate, Tulia; James Henderson, Pascal and Donny Garrison, Gordon and Carolyn Lowrey, all of Silverton. Lottie Owens of Quitaque was among the local friends who called in the afternoon.

Happy Birthday to . . .

**Attends Ombudsman
Quarterly Training Meeting**

Lois Nance attended the Volunteer Ombudsman Quarterly Training in Amarillo last week. Mrs. Nance is a specially-trained and certified volunteer, who advocates for quality care in Texas nursing facilities.

New Arrival

Clay and Tracy Schott of Amarillo are the proud parents of a son, William Cole, born Thursday, September 23, at 5:21 p.m. at High Plains Baptist Hospital. He weighed seven pounds and two ounces and measured 19 inches in length at birth. Welcoming Cole into the family are grandparents John and LaQuetta Schott of Silverton and Ronald and Alean Patterson of Claude. Great-grandparents are Pete and Pauline Chitty and Rena Schott, all of Silverton, Lena Patterson and Shorty Goodin of Claude.

Customize Your Windows
Have you always wanted drapes with the custom look, but didn't want to pay the price for custom window treatments? Then this workshop is just for you! Briscoe County 4-H will be sponsoring a "No-Sew Draperies" workshop on Tuesday, October 26 at 7:00 p.m. in Silverton. The workshop will be a hands-on workshop using the *Duitall Fabric Master*. You will learn how to create numerous unique designs to enhance any room in your home. The *Duitall Fabric Master* will be available to purchase at the workshop. During the workshop, you will learn how to measure your windows in order to determine the correct amount of fabric needed, create window treatments without sewing a stitch, and how to create bows, flowers, knots, bishop sleeves, rosettes and more. The registration fee to attend the workshop is \$15.00 and you must pre-register by October 18. Please make checks payable to No Sew Draperies, and mail to the Briscoe County Extension Office, Box 730, Silverton, Texas 79257.

South Plains Weather Was Drier, Warmer Than Norm in August

Weather across the Texas South Plains during the month of August 1993 turned out to be drier and warmer than normal.

Temperatures averaged 0.4 degree above normal and ranged from 2.2 degrees above normal at Lockettville to 2.5 degrees below normal at Matador.

Silverton's temperatures for the month averaged 75.7 degrees, more than three degrees below the South Plains average.

Maximum temperatures averaged exactly normal while ranging from 2.7 degrees above normal at Levelland to 4.7 degrees below normal at Matador. The highest temperature of the month was 105 at Paducah reported on the first day.

Silverton's maximum temperatures averaged 88.4 degrees for the month, which was almost three degrees below the South Plains average.

Minimum temperatures averaged 0.7 degree above normal and ranged from 3.4 degrees above normal at Post to 0.9 degree below normal at Lamesa and Spur. The lowest temperature of the month was 52 at both Dimmitt and Muleshoe on the 31st.

Silverton's minimum temperatures averaged 75.7 degrees, almost three degrees below the South Plains average.

Precipitation averaged 0.27 inch below normal and ranged from 3.06 inches above normal at Crosbyton to 2.14 inches below normal at Olton. The middle two weeks of the month were dry, but showers and thunderstorms during the beginning and the ending of the month almost resulted in enough to bring the averages near normal.

Silverton received 2.24 inches of precipitation during August, which is .05 of an inch above the South Plains average and was .40 of an inch below the normal rainfall here.

Weather on the South Plains during the summer months of June, July and August 1993 turned out to be slightly drier than normal with above-normal temperatures.

Temperatures averaged 0.9 degree above normal and ranged from 1.9 degrees above normal at Lockettville, Lubbock and Morton to 0.2 degree

below normal at Lamesa. Silverton's average temperature for the summer was 76.8 degrees, which was almost two degrees below the South Plains average.

Maximum temperatures averaged 0.5 degree above normal and ranged from 2.8 degrees above normal at Levelland to 0.9 degree below normal at Matador. The highest temperature reported during the season was 107 at Paducah on July 25. Silverton's maximum temperatures averaged 89.9, exactly two degrees below the South Plains average. Silverton's highest temperature of the summer was 99 degrees, which occurred on June 29 and July 7.

Minimum temperatures averaged 1.3 degrees above normal and ranged from 2.7 degrees above normal at Post to 0.2 degree below normal at Lamesa. The lowest temperature of the season was 45 at Littlefield on June 9 and Dimmitt on June 11. Silverton's minimum temperatures averaged 63.6 degrees, almost two degrees below the South

Plains average.

Precipitation averaged 0.98 inch below normal and ranged from 3.00 inches above normal at Tulia to 4.29 inches below normal at Paducah. Despite timely rains for much of the season, averages turned out to be below normal for all but the month of July and even then averages were only slightly above normal. Even though much of the precipitation occurred with thunderstorms, there were no widespread reports of hail damage.

Silverton's precipitation totaled 6.26 for the summer months, and this was almost .50 below the South Plains average.

Silverton received very little hail during the thunderstorms, but damaging hail was received in the rural areas.

Approximately 100,000 acres of cotton from Dickens County down to Lamesa have been treated in the first days of the control phase as the 1993 Boll Weevil Diapause Control Program got underway.

The program, funded by cotton producers on the High Plains, is operated by Lubbock-based Plains Cotton Growers (PCG).

Roger Haldenby, PCG boll weevil program coordinator, reports the program's first control application covered approximately 285,000 acres inside the PCG control zone. An additional 41,000 acres outside the control zone in Gaines County also was scheduled for treatment.

Operations in Gaines County were expected to begin Tuesday, September 21. Haldenby says the first application should be completed by September 23 or 24.

"This year's program has gotten off to an excellent start," reports Haldenby. "The combination of new technology and the professionalism of the program's employees is providing us the tools necessary to meet this year's challenge head-on."

Haldenby added that the program's second application is scheduled to begin September 27.

WASTE PESTICIDE COLLECTION SCHEDULED

The last regional Agricultural Waste Pesticide Collection Program for 1993 will be held on the High Plains Wednesday, September 29, in Hereford, according to PCG.

PCG officials note that the collection program will be operated at the Deaf Smith County Bull Barn, located south of U. S. Highway 60 on Dairy Road. The program allows persons who apply pesticides for the production of

agricultural products to voluntarily bring old or unwanted agricultural chemicals to a central collection site where they can safely dispose of the material.

The program is operated on a "no questions asked" basis and participants are not required to sign anything or pay any type of collection fee.

In addition to the waste pesticide collection, an empty pesticide container recycling service also will be offered. Acceptable containers for the recycling service will be empty plastic and metal containers that have been triple rinsed and rendered unusable by puncturing. All containers will be visually inspected to make sure they have been properly rinsed.

Waste chemicals that are eligible for collection are insecticides, fungicides, rodenticides, nematocides, bactericides, growth regulators, harvest-aid chemicals, pesticides used on livestock as well as other miscellaneous uses, and all formulations of herbicides except those which contain 2,4,5-Trichlorophenoxyacetic acid (2,4,5-T). Unknown material suspected of being one of the eligible substances will be accepted with as much information as the producer can provide.

Substances that will not be accepted at the collection sites are waste oils,

solvents, paints, explosive materials, pesticides and herbicides containing 2,4,5-T and Silvex, unrinsed or improperly rinsed containers, and fertilizers that are neither hazardous nor contain pesticide additives.

According to Lubbock-based Plains Cotton Growers (PCG), an increase in the weighted average price of cotton through July lowered the projected cotton deficiency payment slightly to 19.59 cents per pound.

From March through June the weighted average price of upland cotton had stayed between 53.2 and 53.3 cents per pound. Slightly higher July marketings and prices, however, helped move the weighted average up to 53.31 cents per pound.

Through July, 1993's cumulative marketings totaled 5.65 million bales. Marketings during the same seven-month period in 1992 totaled 6.8 million bales. Total marketings for 1991 through July totaled only 4.75 million bales.

Preliminary calculations through July project a 19.59 cent deficiency payment for 1993. The maximum deficiency payment possible for the 1993 crop is 20.55 cents, the difference between the upland cotton loan rate of 52.35 cents and the 72.9 cents target price established in the 1990 Farm Bill.

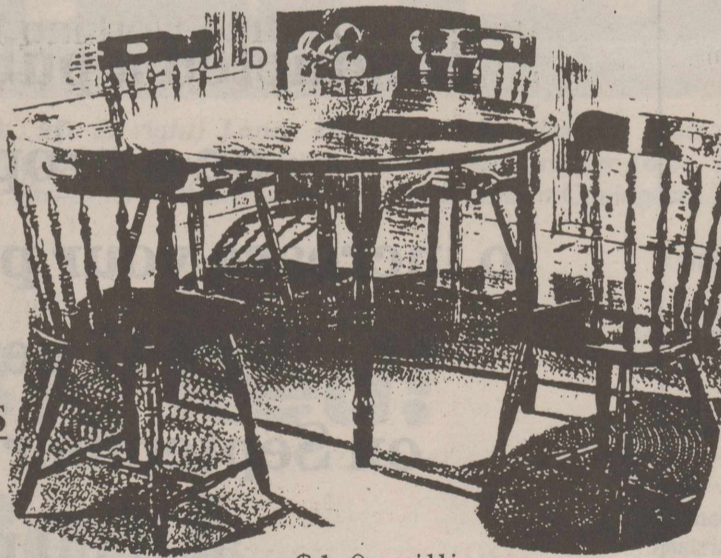

Producers were able to apply for and receive a 10.275 cent advance on their 1993 deficiency payment. Those who received the advance payment can expect to see a final payment of about nine cents, assuming the weighted average price does not change drastically during the last five months of 1993.

GRANDPARENTS MAY BE ONLY AS OLD AS THEY WANT TO BE

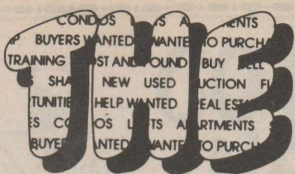

Our so-called senior citizens come in many varieties these days, depending on their age, the state of their health, their mental attitude, and most of all, their lifestyle. Today, many people continue working beyond what is considered the normal retirement age, because of economic necessity or simply because they enjoy the work. They may also engage in their favorite recreational activities. In any case, whether it be your parents, grandparents, or any older people within your orbit, it's important to treat them with kindness and respect, but not to make them feel any older than they want to feel. The Bible is filled with admonitions about honoring your elders, so attend your House of Worship and learn the importance of making them feel wanted and loved.

You are young at any age if you are planning for tomorrow.
 — The Sword of the Lord

"Ask thy elders and they will tell thee."
 —Deuteronomy 32:7

We want to express our appreciation to our family and friends for helping to make Jewel's birthday so special. Your presence and good wishes, along with the cards and gifts, created a joyous memory for us all.

Jewel Lowrey
Gordon, Carolyn and family
Ray, Loretta and family

Thank you for your many expressions of love during our father's illness and after his death. Your prayers, calls, visits, cards, food and flowers brought comfort and encouragement. We are grateful for your kindness.

Jim and Sandra Steele
Kurt Steele
Hoyt Steele
Paul and Sheila Majuene
Braydon and Logan Majuene
Dean and Kay McWilliams
Russ and Trudy McWilliams

Thanks for the cards, flowers and prayers while I was in the hospital. Every expression of your friendship and concern was appreciated.

Brenda Springer

We thank all the nice people of Silverton for the telephone calls, cards, visits and food while Joe was at the rehabilitation center and since he came home.

Lillie and Joe

Thanks to everyone who helped support our Mary Hill Davis State Missions offering project. We truly appreciate your donations of baked goods, money and time. A special thanks to Sheryl, Josh, David, Kenzie, Paul and Bryan, and especially Wayne for allowing us to invade the store.

Sincerely,
FBC Youth

We want to thank our friends for the cards, letters, to those who called, for every word of comfort, and especially for the prayers since the death of my brother.

God bless each of you.
We love you,
Glenn and Ethel Jones

**PUBLIC NOTICE
Young Farmer
Endowment Program**

The Comptroller of Public Accounts is accepting requests for refunds of the special \$5 license fee on farm and ranch vehicles that agricultural producers have been required to pay to their County Tax Assessor-Collector before August 30, 1993.

If you believe you are eligible for this refund, contact the Comptroller's Office at 1-800-252-1382 for a refund claim form, or obtain one at your County Tax Assessor-Collector's office.

The Comptroller's Office is authorized to make refunds only for claims received by November 1, 1993. Claim forms and refunds of the \$5 special license fee paid on or after August 30, 1993, will be available only from County Tax Assessor-Collectors.

**LIST OF DELINQUENT TAXPAYERS
TO BE PUBLISHED**

Following a discussion of the delinquent tax roll, the Board of Directors of the Briscoe County Appraisal District have elected to publish a list of delinquent taxpayers in both newspapers, with the first listing to be published in October and subsequent lists to be published in May or June (before accounts are turned over to the delinquent tax attorneys). Accounts which are being paid on monthly will not be listed. Delinquent taxpayers are encouraged to make arrangements with the appraisal district staff to pay their taxes.
