GRADUATING FROM hot water bottles to modern equipment, the Knox County Hospital nursery now has an Isolette pictured at right and holding an infant born only two hours before photo was made. Nurse Debbie Gonzales and aide Hazel Hayes are shown with the four occupants of the nursery, the largest number of babies in the nursery at one time since Dr. W.F. Thompson's arrival and the re-opening of the hospital four years ago. A boy, whose parents are Anna and Ernest Espinoza of Goree, was born September 10. On September 12, a girl was born to Beatrice and Rudy Dominguez of Munday, on September 13, a girl was born to Alice Marsh of Munday, and on September 15, a girl was born to Charlotte Legg, also of Munday.

Auxiliary To Begin Projects

The Knox County Hospital Auxiliary accepted and passed the organization's new by-laws during the monthly meeting Monday night in the dining room of the Knox County Hospital. President Peggy McGaughey welcomed the group which included several new members, and those present heard the reading of the minutes by secretary Margaret Siecke.

When the auxiliary organized several months ago, members felt that the first project should be a new isolette for the nursery. In the meantime, a donation was made to the hospital for the purchase of the badly-needed equipment, and one was bought for the nursery several weeks ago. The auxiliary members decided Monday night to turn their efforts toward the purchase of a fetal heart monitor to provide needed information on the stability and progress of the unborn infant.

Also, another project that members are looking forward to is providing a candlelight dinner for new married parents the night before the mother and baby are dismissed. Hospital Administrator Tom Haden explained that the practice is being done in the larger hospitals and is quite a treat for the participants. Plans are to begin the dinners the latter part of September.

Other responsibilities assumed by the new organization is assisting with the Bloodmobile next Tuesday, September 23, on its semi-annual visit, and having a bake sale in conjunction with the Knox City Arts and Crafts Show on November 1 in the Masonic Building.

Auxiliary members began work on the floor at the hospital Tuesday morning of this week, and Jerry Smith, president-elect who is in charge of the Auxiliary Thrift Shop, said plans were for the shop to open this weekend in the building situated between Janie's Barber Shop and Joe Reeder's law office on the east side of Central Avenue. All work will be volunteer and any items in good, clean condition will be accepted by the Thrift Shop, Mrs. Smith said.

Booster Club Discusses Projects

The Knox City-O'Brien Greyhound Booster Club met Tuesday night in the Ag Building.

The group discussed painting the Hounds sign and putting up posters in the merchant's windows and plans were made to do this.

Club president Mary Ann Boone expressed appreciation to all who worked on the advertising committee with committee chairpersons Barbara Bernard and Ann White. They included Bobbie and Doug Meinzer, Louise Vasquez, Barney B. Arnold, Peggy Guinn, Patsy Anderson, Dick Evatt, Jo Hacker, and Melanie Whitley.

Members also discussed possible projects for the club for this year.

Coaches Steve McIlhane and Dale Waincott reported on the volleyball team's progress and Coaches Jimmy Rogers, Tommy Sloan and Randy Ivy reported on the Hawley and Seymour games.

The group then viewed the Hawley game film.

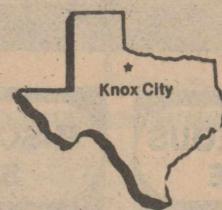

BULLETIN

The Band Beau and Sweetheart, along with the Football Sweetheart, will be crowned at halftime Saturday night during the KC-Munday football game.

Bloodmobile To Visit September 23

The Red Cross Bloodmobile will be in Knox City Tuesday, September 23, from 1:30 until 6:30 p.m. at the First United Methodist Church Fellowship Hall.

According to Mrs. Doris Crownover, who is in charge of the Bloodmobile, this drive will be dedicated to the memory of the late Aimee Pratt of Benjamin.

Mrs. Crownover stated that it is hoped that the local goal of 82 pints would be obtained in addition to those wanting to replace those units used by Aimee.

Members of the newly-formed Knox County Hospital Auxiliary will be among the volunteer help at the Bloodmobile.

For those wishing to make appointments to donate blood, they may contact Mrs. Crownover at 658-3442.

"Only about three percent of those who can, actually do give blood," Mrs. Crownover said. "They're carrying the whole load. And with demands for blood increasing almost daily, this handful cannot continue to meet the total need of hospital patients--needs that we all have at one time or another."

"And that's the point: Blood supply is a personal responsibility."

"That's why it's important that you and all our friends, relatives and neighbors who are healthy and able, carry our share of the load."

"After all, you never can tell when somebody close may need blood. Maybe even somebody as close as your family, or yourself. So come on, do your part," the bloodmobile chairman urges.

TAKING THE oath as city councilman is Larry Staggs, who was appointed to fill the unexpired term of Charles Auburg who was named mayor when A.T. Holcomb resigned. City secretary-manager Faye Railsback swears him in.

Larry Staggs Appointed To City Council

In the regular meeting of the City Council Tuesday afternoon, Larry Staggs was appointed to the council to fill the vacancy created last April when Mayor A.T. Holcomb resigned and councilman Charles Auburg was named mayor.

Staggs, who owns and operates Larson's Prescription Pharmacy, moved to Knox City about three years ago from Paducah with his wife, Beth, and two children, Nathan and Angie.

Present for the meeting were Mayor Auburg, city secretary Faye Railsback, and council members Lynn Worley, Cornie King, and Craig Williams. Councilman Celso Gonzales, who is still recuperating from recent surgery, was unable to attend.

In other action, the council considered a proposal from residents in the southwest part of town to relocate the existing sirens and acquire a new one in order that they could hear the alarm. However, as the proposal would cost in the neighborhood of \$10,000, council members decided to reject this offer and consider others.

City Sales Tax Rebates Are Climbing

AUSTIN, TEX.--State Comptroller Bob Bullock Thursday said that Texas cities levying the optional one-percent city sales tax would receive \$25.5 million in rebates for September.

Bullock said this month's city sales tax allocation pushes the 1980 payments to more than \$418.5 million, compared to \$364.5 million paid to cities through October of last year.

Knox City's net payment for the period is \$3,186.57 as compared to \$1,340.76 for the same period last year. Payments to Date for 1980 are \$45,153.81, reflecting a 33 percent increase over last year's total of \$33,711.02.

Munday's check for this period is \$2,630.26; Aspermont, \$2,013.36; Anson, \$2,676.26; Crowell, \$965.47; Haskell, \$4,756.60; Rochester, \$758.94; Rule, \$925.50; Seymour, \$4,789.11 and Stamford, \$8,221.59.

No monthly totals were given for Benjamin, O'Brien, and Weinert.

The city sales tax is collected by merchants and businesses along with the state sales tax and is rebated each month by the Comptroller to the cities where it is collected.

Hospital Benefits From Contributions

A designated contribution of \$3,000.00 is responsible for the Knox County Hospital's recent purchase of a badly-needed Isolette for the nursery. Since its acquisition about three weeks ago, the hospital has used it several times, according to Tom Haden, hospital administrator. Also new in the nursery, is a mobile warmer used in delivering newborn and particularly designed for a cesarean section. It is used in conjunction, Haden explained, with the Isolette to provide total infant care as far as the environment.

Also, contributions have been received for approximately one-half of the purchase price of surgery lights for the operating room. It is hoped that others will take it upon themselves to make a donation for an item that is needed so desperately. Also, readers are reminded that all contributions to the hospital are tax deductible,

and as the year is coming to a close, should be thinking of ways they can benefit others as well as save money on their income taxes.

Other improvements include the upgrading of the anesthesia equipment. Through contributions, the anesthesia equipment will provide necessary items for pediatricians as well as adults.

The 6666 Ranch at Guthrie has just donated a Hobart 2-door freezer and a Traulsen 4-door refrigerator to the hospital, which according to Haden, was appreciated so much.

Other equipment needed badly is a fetal heart monitor to provide needed information on the stability and progress of unborn infants. The newly formed hospital auxiliary is taking the purchase of this equipment as a project, and with the updating of some of the worn out equipment, the doctors and nurses will be better able to

tend to and care for their patients.

The hospital serves a wide area and with the very capable doctors, nurses, staff, and all other personnel is able to offer services that previously were available only in the larger hospitals. Residents and all area persons are asked to consider pledging an X number of dollars each month or year, setting up payments they can meet on a regular basis to furnish our hospital with items that cannot be included in the budget.

At present, progress is continuing on the renovating and/or needed construction for the hospital and according to the administrator, the necessary paper work has been initiated for the certificate of need. This is a prerequisite for an expenditure of \$100,000.00 or more.

Other progress reports will be given as they are available, he said.

To Host Munday Saturday Night

Hounds Win, 33-15

Knox City Greyhounds took advantage of a fumble by their host Seymour early in the game Friday night and after a run by Tim Roberson and a completed pass from Quarterback Jay Rutherford to Adam White, Glen Hedgecock took the ball over from the two yard line for the Hounds' first score with 4:11 left on the scoreboard in the first quarter. Rickey Gonzales made it 7-0 with his PAT kick.

The Hounds' second TD came with 10:09 remaining in the second period when Jay Rutherford hit Flanker Rance Hacker with a 37-yard scoring aerial. Gonzales converted again and the Hounds took a 14-0 lead into the locker room at half.

The Panthers took advantage of the Hounds' failure to punt on a fourth down deep in their territory and scored with 4:45 left in the third quarter. The PAT was good and the score was 14-7.

Another Seymour fumble recovered by Knox City gave the Hounds good field position and Steve Rutherford scored with 10:27 remaining in the fourth quarter. Gonzales' kick made it 21-7 for the Hounds.

A 51 yard pass from Seymour's Mark Montgomery to Francis Perkins and Todd Hrncirik conversion run for another two, brought the Panthers too

close for comfort for the Hounds, with the score 21-15. The momentum changed again though as Tim Roberson ran 72 yards for a touchdown. The kick was no good and the score read 27-15 with 4:44 left in the game.

C. Don Ray Receives Degree

San Marcos - C. Don Ray of Knox City was among the 954 students who filed for degrees awarded in summer commencement ceremonies Saturday, August 16, at Southwest Texas State University.

Delivering the keynote commencement address to SWT's summer graduates was State Sen. W.E. "Pete" Snelson of Midland whose 25th senatorial district is one of the largest in the nation. Degrees were conferred by SWT President Lee H. Smith.

Degree candidates included 649 for bachelor's degrees from the seven undergraduate schools and Occupational Education, 279 candidates for master's degrees from the Graduate School and 26 candidates for the associate of arts degree from the School of Health Professions.

Ray, son of Mr. and Mrs. Jerry Ray of Knox City, received associate of applied science degree with a major in respiratory therapy.

With only 1:06 left Hacker returned a Seymour interception 65 yards for the Hounds' final TD. Again the PAT failed, and the game ended 33-15. Knox City, in District 4A, is not 2-0, while Seymour in District 7AA is 0-2.

This Saturday night, the Hounds will host the Munday Moguls for the annual Coming Home game at Greyhound Stadium at 8:00 o'clock.

Even though the Hounds are now in District 4-A and the Moguls in 7AA, the rivalry still exists between the two teams and with former residents now on the coaching staff at Munday, the desire to win for both teams will be stronger than ever. Coach Jerry Lowrey is now head coach and Rogers Lankford is an assistant coach.

The Moguls have a strong club this year, winning their first game with Anson, 20-12, and holding Windthorst to a tie last Friday 13-13. Coach Jimmy Rogers and his coaching staff feel that the Hounds will really have to be on their toes Saturday night. Their season record so far stands 2-0.

Fans are also reminded of the Pep Rally to be held downtown Saturday afternoon at 4:00 in conjunction with the dedication of the Downtown Mini Park. Details of this appear in a separate story elsewhere.

RESPONSIBLE PET CARE

Robert Pine, Sergeant Joe Getraer of the popular television show, "CHiPs," is encouraging proper pet care year-round with special emphasis during Responsible Pet Care Week which is being held September 21-27 this year.

As honorary chairman of the observance, the actor places special importance on pet care.

A pet owner himself, Pine asserts that, "If you give pets love and attention, you get it back in kind for a long, long time."

He notes the value of pets to everyone, in general, and to children, in particular.

CHIEF'S NOTES

By DAVE THOMPSON
KNOX CITY CHIEF OF POLICE

This past week has been an exceptionally busy week for us here in Knox City. There were a total of 20 calls handled by officers as well as all the normal routine patrol work.

Sunday night and early Monday morning, there were undoubtedly a lot of local residents awakened by spotlights flashing about over the east side of the City. A fairly large scale search was conducted by Police and local volunteers to try and locate a female from the mental facility at Stamford. Word was passed on to Knox City Police early Sunday that the girl was seen at several different locations here in the City. Late Sunday evening, she was seen at a residence and we were called. The girl left before our arrival and the search for her was started.

Both Knox City Officers and our Reserve Officers pitched in to locate her, with Chief Gerald Saffel and Officer Gene Nix from Munday arriving along with four of the Munday Police Reserve Officers and the Mayor of Munday to aid in the attempt to locate the mental patient. The Knox County Sheriff's Department aided with Sheriff James Redwine and Deputy Pete Hatfield staying out almost all night to assist. Lighting up dark areas was the biggest problem. The Knox City Ambulance was called for assistance with the load lights on each side of the unit being a big help to us. When the presence of so many Police Officers stirred the interest of a lot of Knox City residents, many of them volunteered their help by driving the areas with us and helping to search old houses and cars in the area.

The most rewarding part of the very long night was to see

so many people working side by side to help in trying to locate this girl. There was no distinction between Police Officer or Civilian, all were working for the same goal. Represented in the volunteers were citizens from the many different areas of town, the black community, the Spanish community and the white community, all worked side by side. Age was no factor, elderly people were present to help just as were many young people. Even though the end result of this search was not good, the night did do a lot to show all that we have a town that cares, a town where all can put together when the need arises.

To all those who responded to help, you have my thanks and deepest appreciation.

In one other note this week, I regret to pass on the news that Ted Bolzle has had to resign from our newly established Reserve Officers Program. Ted is a Federal Employee at the SCS Plant Center and has been instructed officially by his superiors that he is prohibited from participating in the program. The reason that they gave Ted was that they were afraid that adverse public opinion might make SCS look bad. With Reserve Officers helping out in such

matters as the above mentioned search for a missing female mental patient who was in need of help, I fail to see how that could result in any adverse public reaction at all. The Reserve Officers are used in over 800 cities

across this country, as backup to supplement regular Police Forces and to provide very valuable manpower in any emergency type of event. Ted, my thanks to you for the time that you have already put in. It seems like such a shame that Uncle Sam has such a long arm that he can control your personal life as well as your professional life.

Take stock in America.

Houndettes Raise Record To 5-0

By Steve McIlhaney

The Houndettes raised their record to 5-0 with a hard three game match over Harrold. Harrold won the first game 15-13 but the Houndettes won the next two 16-14 and 15-8. Mindy Hutchinson and Mary Albus led the team in spikes hitting 16 out of 17 each. Mary and Mindy also led the team in serves with 100% and 94% respectively. Kristi Boone and Kay Howell did well in serving with 91% and 90%. These four had 52 good serves out of 55 for a total of 94%. Kay and Chayo Garcia had sets totaling 49 out of 55 for a total of 89%.

The team played real well most of the time and played with good concentration throughout the match. Our biggest problem was errors which totalled 47. These errors and at times bad serves occurred at critical times which led to us losing the first game. But after the first game, the girls showed good

The J.V.'s lost their match by a score of 7-15 and 9-15. At times, the team played well but poor serves and errors prevented the team to maintain momentum when things seemed to be going their way.

"And the peace of God, which passes all understanding, will keep your hearts, and minds in Christ Jesus" (Phil. 4:7).

People everywhere are tense and nervous. The high tempo of modern life has taken its toll of many who seem unable to adjust to our pressurized demands. What is there to do? How can we keep going on? I believe the answer in the Word of God where we go to get an answer: to all life's problems. Our scripture today teaches us how to control tension and put a quieting hand upon our nervousness. There is an effective working power in these words of Paul the Apostle to the Philippians while he was a prisoner in Rome. An effective treatment for nervousness is to use this verse often. Say it slowly, letting its melody and meaning fall softly into your thoughts. Take plenty of time to think about the vast peace of God, which is so deep and full and kindly that we cannot comprehend it. It floods into your life with such healthy giving force that nervousness passes, leaving us calm and in control of ourselves. It is worth all our effort to achieve, for we will have the peace of God in body, mind and soul. Then we possess the peace of God, we will have conquered nervousness. Try it, it will not fail you.

Retired Teachers To Meet Tuesday

The Knox County Retired Teachers will meet Tuesday, September 23, at 2:30 p.m. in the Knox City Community Center.

According to president Hazel Long, a social hour will be enjoyed by members in lieu of a program.

Look Who's Here

Mr. and Mrs. Craig Carver are the proud parents of a baby girl born Thursday, September 11, at 7:40 p.m. in Hendrick Medical Center in Abilene.

The young miss has been named Lacy DeLayne and she weighed in at seven pounds, six and one-half ounces.

Helping welcome the baby home was big brother, Riley, who is three years old.

Maternal grandparents are Mr. and Mrs. Roy Adams of Rotan and Mr. and Mrs. Odell Carver of Knox City are paternal grandparents.

Great-grandparents are Mr. and Mrs. Ernest Adams and Mrs. Elmer Kiker, all of Rotan, and Madge Orsborn of Knox City.

RETURNS HOME
Lois Buckley has returned from a visit with relatives in Bryan and Madisonville.

Notes From Hoopas

By J. Williams

Thirty-some-odd years ago, when my uncle Don and I were just boney, snaggle-toothed kids, we spent long summer afternoons poking our index fingers into the dirt floor of his garage, hoping to stir up doodlebugs.

Uncle Don would chant, "Doodlebug, doodlebug, come out, come out, your house is on fire," or something like that, and we would giggle and hoot whenever a little gray critter kicked puffs of sand out of his hole.

Sometimes, we would place a bewildered doodlebug on the flat palms of our hands and watch him scoot around backwards, tickling our skin.

Last week, three decades after those doodlebug summers, I sat in Slow's back yard, chewing the fat with him, and waiting on supper.

"Ever fiddle around with doodlebugs, Hoop?" he asked.

"Not lately, Slow. Been a while."

"I got some. You want to see 'em?"

SMALL GRAINS NEED FALL NITROGEN

Applying nitrogen for small grains this fall will be important, Jim Mazurkiewicz, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

He lists four important reasons why wheat and other small grains need nitrogen at planting or a short time afterward:

- aid in development of good root system,
 - for early grazing,
 - to hasten decomposition of excess residual straw, and
 - for high production of forage and grain.
- Sufficient fall growth for early grazing cannot be expected without adequate nitrogen at planting, Mazurkiewicz emphasizes. The advantages of early planting and favorable fall growing conditions can be lost if nitrogen fertilization is delayed until the condition of the stand can be determined.

SUPPERTIME BUDGET TIP

When dinner hour catches you by surprise, here's a great beefy dish. It's a western version of traditional Shepherd's Pie that uses Campbell's Chunky Beef Soup as its base—so it rustles up pronto and is easy on the budget.

COWPOKE SKILLET

- 4 slices bacon
- 1/2 c. chopped green pepper
- 1/2 c. chopped onion
- 1/4 tsp. marjoram leaves, crushed
- 2 cans (19 oz. each) Campbell's Chunky Beef Soup
- 1 can (about 8 oz.) whole kernel golden corn, drained
- 1 Tbsp. cornstarch
- 2 Tbsp. water
- 3 c. prepared mashed potatoes
- 6 Tbsp. grated Parmesan cheese

In saucepan, cook bacon until crisp; remove and crumble. Pour off all but 3 Tbsp. drippings. Cook green pepper and onion with marjoram in drippings until tender. Add soup, corn and bacon. Blend cornstarch and water until smooth; add to soup mixture. Cook, stirring until thickened. Meanwhile, combine potatoes and cheese. Top beef mixture with potatoes. Makes about 5-1/2 cups, 4 servings.

News Notes from the Brazos Valley Care Home
BY LAURA IVIE

Sunday morning, September 14, Ozelle Stephens taught Acts Chapter 22. Twenty-two residents attended Sunday School.

Mr. and Mrs. Jack Tankersley and Lou Sikes helped with the beautiful hymns, assisted by Peggy Guinn on the piano.

Sunday afternoon, Rev. Clyde McCullough, pastor of the Benjamin Baptist Church, brought the residents a very interesting and enjoyable sermon. The subject was "The Prodigal Son". There were 24 residents attending church services and Rev. McCullough read from Luke Chapter 15 and Romans 8:1.

We're very sorry to have to say goodbye to one of our residents, Fannie Hughes. Fannie moved to Snyder Saturday morning. She's a very kind woman and we will all miss her. We wish her all the happiness and we're glad she's closer to her family.

I'm very proud of our residents that helped in making the flower arrangement in art class last Thursday. They did a very good job and it is a lovely arrangement. They want to donate this to the Senior Citizens Club and will present it themselves. The ones helping were Eda Faye Pounds, Ruth Harden, Hallie Barrington and Lillie Dennington. Our thanks to Romain Stubbs for helping these residents each Thursday and also for helping them see they have talents that I mean something to us all. These residents don't just eat and sleep here at Brazos Valley, they want to help our community. We have some very talented people here, but the best thing of all is that these people know how to show love. They've shown it to me everyday and I'm proud to be a part of their lives. They care about others and our town and this donation though it may be small, comes from their hearts and caring.

Tuesday's Bingo winners were Lillie Dennington, Mr. Waldrip, Zona Guffey, Chessie Jackson, Fannie Hughes, and Hazel Clark. The blackout winners were Waynell Clark and Bo Strickland.

Jewel Morrow Smith, Lillian Rae Verhalen and Kenneth Burt visited Wayne and Ruth Harden.

Raymond Wilhite visited Carl Murrell.

Mae Flowers enjoyed her company, Mary Brieden, K.W. Lynch, Dewey and Marie Darr, Jewel Matura, Kent Darr, Pearl Gage, Dorothy Carlisle, Bessie King, Dean Worley, Willie Mae Banner, Mena Fetsch, Carl Chafin, Lorena Burnison and Irma Albus.

Mr. Wall enjoyed his visitors Horace and Louise Finley, Raymond Wilhite, Lou Sikes and Dewey Darr.

MR. AND MRS. LESLIE FITZGERALD
...the former Zena Slagle

Miss Slagle, Fitzgerald Say Vows In Abilene

Zena Slagle and Leslie Fitzgerald were united in marriage in a double ring ceremony at the First United Methodist Church in Abilene on August 29. Officiating was the Rev. Charles Whittle.

The bride is the daughter of Mr. and Mrs. Travis Slagle of Dallas and Mr. and Mrs. Alton Fitzgerald of Knox City are parents of the bridegroom.

The bride was graduated from East Texas State University and Fitzgerald from Tarleton State University. Both received their bachelor of science degrees in agri-business.

The wedding dinner following the ceremony was at Steak and Ale. Guests attending included Mr. and Mrs. Travis Slagle, Mr. and Mrs. Alton Fitzgerald, Mr. and Mrs. Steve English, Mr. and Mrs. Jim Creel, Mr. and Mrs. Charles Brown, Steve Nixon, Marydell Davis and James Jennings.

Following a wedding trip to Las Vegas, Nevada, the couple is at home in Abilene. The bride is employed as an accountant in the parts department for John Deere while the bridegroom is employed as district representative for Allis-Chalmers.

The bride is a graduate of Rider High School in Wichita Falls and attended MSU. He is employed by Midas Muffler and Brake Shop.

Miss Adkisson received her BSE degree in speech and hearing therapy from Midwestern State University in Wichita Falls and is employed by Tillman County Co-op in Grandfield, Oklahoma.

Her fiancée is a graduate of Rider High School in Wichita Falls and attended MSU. He is employed by Midas Muffler and Brake Shop.

DOING YOUR OWN MINOR HOME REPAIRS
Wish you could do your own minor home repairs? Maybe you can—many homemakers are reporting success in learning these skills.

They're also saving money and time, along with cutting down on the frustrations of trying to hire repairmen.

Even novices can do many household improvement, maintenance and repair jobs.

CONSIDERATIONS
Before trying to tackle a project, consider these factors:

Do you have time to do the job? Do you have the necessary tools and supplies on hand?

Can you rent, improvise or buy the needed tools, parts and supplies? Are you physically able to do the work? (Usually you won't need great strength, just stamina.)

Do you have the interest and patience to study a problem and devise a workable solution? Also, compare costs of a do-

Garden Club Begins Year

Eighteen members and two guests met Tuesday, September 9, at the Community Center for a covered dish luncheon to begin the year's activities for the Knox City Garden Club.

Tables were decorated with fruit and flowers. Hostesses were Jewell Lea, Sudia Cash, and Beth Melin.

Mrs. Cash welcomed the group. Charlotte Patterson, accompanied by Elizabeth Wilson, sang "America, The Beautiful."

Ruby Robinson, year book chairman, passed out the new year books and read the programs for the year. Door prizes of plants were won by four members of the group.

Welcomed as new members were Florene Hudson and Opal Hutchinson. Guests were Mary Beth Smith and Exa Faye Reed.

The Garden Club voted to have the program and refreshments at the Brazos Valley Care Home once a month, and Jewell Lea and Ada Maye Averitt volunteered to be hostesses for the month of September.

The Knox City Garden Club will be co-hostess with Monday Garden Club at Munday for a Zone 1 & 2 convention November 10.

Lady Missionaries Locate In KC Area

Sister Ruby Eichert of Coeur d'Alene, Idaho, and Sister Cheryl Hillhouse of North Hollywood, California, have arrived in the area to serve as lady missionaries for the Church of Jesus Christ of Latter-Day Saints.

The women will make their home in Munday for approximately five months. While living in Munday, they will serve a large Texas area including Seymour, Knox City, Haskell, Benjamin, Throckmorton, Weinert,

Rule, Vera, Crowell, Goree, Guthrie, Stamford and Rochester. The women commented that they are available to speak or show films to any organization. They also have non-denominational films as well as films of their own religious faith.

Totally self-supported, their mission for their church is for the most part door-to-door. However, they also do some work on referral basis.

While the public often thinks of men as missionaries, it is not unusual to find ladies dedicated to the work of the Lord as missionaries," Sister Eichert stated.

Both of the women invited anyone interested in their work to contact them at (817) 422-4634.

FOR example, the teeth of a crosscut saw should be nearly as sharp as a needle, chisels and plane irons should be nearly razor sharp.

If you lace the know-how or the equipment to sharpen tools, have a skilled craftsman do it for you.

ORGANIZE TOOLS
In addition, well-planned storage protects your tools and supplies and makes them easy-to-find, grasp and remove.

Store tools safely, both to avoid damaging the tool and to avoid injuring yourself.

Read the instruction booklets and information labels that come with tools and supplies.

File them for future reference. Plan a definite storage space for all warranties, service contracts, specification sheets, replacement part lists and special instructions on use, repair and maintenance.

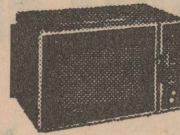

Include the make, model, serial number, date of purchase, and service record of all equipment in your files.

FASTER WAYS WITH MICROWAVES

In the heat of late summer, why make your kitchen even warmer by using your conventional oven? With a microwave oven you can keep cool when the weather is hot and still prepare a nutritious summer meal Paprikas Chicken and Goulash, recipes from a Whirlpool microwave oven cookbook, are delicious economical dishes tailor-made for hot summer days.

PAPRIKAS CHICKEN (shown)
Total cooking time: 34 minutes
1 cup chopped onion
½ cup chopped green pepper
3 tablespoons cooking oil
¼ cup paprika
2½- to 3-pound broiler-fryer, cut up
¼ cup water
1¼ teaspoons salt
¼ teaspoon pepper
1 cup dairy sour cream
2 tablespoons all-purpose flour

Hot cooked noodles
In 3-quart casserole, cook onion and green pepper in oil at HIGH for 3 minutes or till tender, stirring twice. Stir in paprika. Mix well. Add chicken to paprika mixture, turning pieces to coat well. Cook at MEDIUM LOW for 5 minutes, turning chicken once. Add water, salt, and pepper. Cook, covered, at MEDIUM HIGH for 20 minutes or till tender, rearranging chicken pieces once. Remove chicken from sauce; skim off excess fat.

Pour sauce into blender container: cover and blend till smooth. Add enough water to mixture in blender to measure 2 cups. Mix sour cream and flour. Add to blender; blend till smooth. Return sauce to casserole. Cook at MEDIUM for 3 minutes or till thickened, stirring 3 times. (Do not boil.)

Add chicken. Cook at MEDIUM for 3 minutes or till hot. Serve over noodles. Makes 4 servings.

GOULASH
Total cooking time: 1 hour 15 minutes
2 pounds boneless beef chuck, cut in ¾-inch cubes
1 14-ounce can beef broth
1 cup chopped onion
1 green pepper, cut in thin strips
2 tablespoons paprika
2 tablespoons tomato paste
1½ teaspoons caraway seed
½ teaspoon salt
¼ teaspoon pepper
¼ cup cold water
3 tablespoons all-purpose flour

Hot cooked noodles
Dairy sour cream
In 3-quart casserole, combine beef, broth, onion, green pepper, paprika, tomato paste, caraway, salt, and pepper. Blend water and flour; stir into beef mixture. Cook covered, at MEDIUM for 1½ hours, stirring twice. Serve over noodles with sour cream. SERVES 6.

MICRO TIP: For cracker fix-ups spread cracker squares generously with butter or margarine. Sprinkle with your choice of seeds or seasonings; caraway on rye crackers; dill, sesame, or poppy seed on saltines. Arrange 12 on a serving plate; heat uncovered, at HIGH for 2 minutes.

Dear Billee B. Angle & Folks,
I just thought I would write a note. I appreciate seeing the news in The Knox City News, sure helps me keep up with a lot of good friends from Knox City.

I have not been to Knox City since the passing of my grandfather, B.B. Campbell Sr., but sometime I will come that way and say hello.

I am sending you a brochure about the Lava Lands Visitor Center here in Oregon. It is a very popular place since the erupting of Mt. St. Helens on May 18. We felt the eruption here, felt

very much like a sonic boom, and we received a very slight accumulation of ash.

I also have some friends who are working in the Mt. St. Helens area-one is with the Forest Service and is doing a special study on the volcano.

The other friend is working on the Tootle River where they're changing the path of the river.

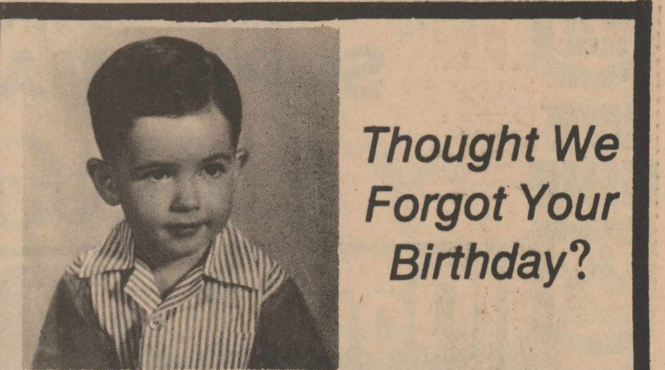

Also deer season is coming very soon, October 4. Last year I shot a six-point buck-mule deer, dressed out at about 200 lbs. and also a spike elk, dressed at about 230 lbs.

If I get a good buck again, I'll send you a picture. O.K.?

Yours in Oregon
Gary W. Campbell

WE BUY NATURAL GAS THE WAY YOU BUY GROCERIES.

Lone Star shops for the best values. Just as one brand of green beans might be a better value even though it costs a penny or two more, gas that costs the least could prove to be the most expensive.

We have to consider a number of factors. How much gas can we expect from a new field? How close is it to our existing pipelines? How much processing will the new gas need? Is the BTU content high or low?

As a result of this careful shopping, Lone Star's weighted average cost of gas in 1979 was \$1.76 per MCF (1,000 cubic feet) of gas — lowest of any major intrastate gas company in Texas.

This savings is passed on to you because your monthly bill is based on our average cost of gas.
