Ralph Rauch Hobby To Be On Display

Ralph Rauch, father of Knox City resident Walter Rauch, will have his "hobby" of clocks that he has made on display during the month of November at the Citizens State Bank.

Mr. Rauch has been a former, rancher and machinist since a small boy. Married at age 23, he and his wife Vera are the parents of two sons with Walter being the youngest.

The Rauches were living in Twin Falls, Idaho, and began traveling during the winter months to Texas and Arizona to avoid the extreme cold.

In January and February 1977, they toured Florida and visited the Independent Order of Forester's Lodge home and liked what they saw. The Rauches had belonged to the Lodge for 31 years and decided to sell out.

Mr. Rauch commented that he never had a hobby and began watching one of the gentlemen residents make these clocks and this is how he became interested. He has been making and selling clocks for a year and said it was very satisfying. Mr. Rauch further stated that he hoped everyone enjoyed seeing his work.

Mr. and Mrs. Rauch will celebrate their 55th anniversary on November 2 and noted that they had had a very long and happy life together.

Harvest Festival Plans Underway

Plans are underway for the twelfth annual Harvest Day Festival planned for Tuesday, November 10, at 10:30 a.m. in the First Christian Church.

According to Mrs. Ilene Sickels, the annual event is for all women of all churches and each woman is asked to bring a salad for the luncheon following the services. The beverages will be furnished by the Christian Church.

Greyhounds Feel Hornets' Sting, 41-22

The Knox City Greyhounds and Aspermont Hornets met for an important district 4-A contest Friday night at Greyhound Stadium and the Hornets went home with a victory under their belts to the tune of 41-22.

The Hounds received the opening kickoff; however, the Hounds found it difficult to stop Aspermont's Pat Boyd who gained 264 yard on 24 carries. Boyd scored five touchdowns to lead the undefeated Hornets to the seventh win of the season. The Greyhounds had numerous mistakes that proved costly.

Twice, at critical times in the first half, the Greyhounds turned over the ball. Twice, the Hornets took advantage and scored.

In the first quarter, on a second-and-eight on the KC 12, quarterback Dwayne Watkins left the ball lying on the ground when Hornet linebacker John Godfrey fell on it. Three plays later, Hornet quarterback Willie Rash scored from the three to make it 6-0. The second break came with just about a minute left in the first half, when the Hornets had KC panned deep in its own territory.

On a fourth and one on the KC 10, a KC punt was blocked and Aspermont recovered on the Hound 15. Two plays later, Boyd scored from the five. Marvin Louis ran the two pointer for the Hornets to make the score 29-8.

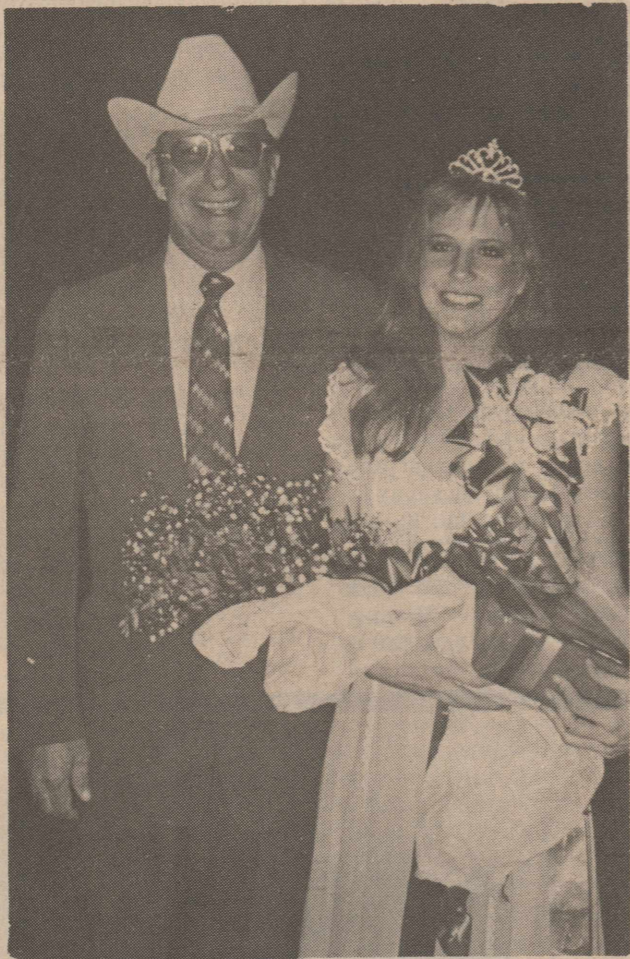

Aspermont, ranked eighth in the state among class A schools, built a 21-0 lead with Rash's TD, a seven-yard run by Boyd and a 42-yard pass from Rash to Boyd.

Following the long TD pass, Ricky Gutierrez sparked the sickly KC offense with a 35-yard kickoff return to the Aspermont 41.

Two runs by Glenn Hedgecoke moved the ball to the 30, from where Gutierrez faked and dodged for 29 yards before he was pushed out of bounds. Hedgecoke scored on the next play and on a fake point-after touchdown kick. Tyke Meinzer passed to Hedgecoke to make it 22-8.

Two long runs by Boyd, a 50-yarder with 9:23 left in the third quarter and a 68-yarder with 5:20 to go in the same quarter closed the Hornet scoring. Each run looked the same with Boyd turning the corner on the sweep and outrunning the Greyhounds defense.

Down 41-8, KC made the score respectable behind the passing of Watkins. With about four minutes left in the third quarter, Watkins passed over the head of Aspermont's Johnny Tomasi

for 43 yards to Kevin Leach to the Hornets' 10. James Stafford scored on the next play but the pass for two points was incomplete.

The Hounds got the ball with 9:11 left in the game at the Aspermont 40 and on the first play Watkins hit Leach for 40 yards and a touchdown. The quarterback completed the two-point conversion pass to David Flores for the final 41-22 score.

The Hounds suffered from mistakes among the three lost fumbles and the punt blocked.

The Hound defense settled down to hold Aspermont to 12 points in the second half.

According to Coach Tony Daniel, many underclassmen were playing in key positions. Ricky Gutierrez, Dwayne Watkins, Wayne Hutchinson, James Earl Stafford, and Mike Oliver on offense and on defense Chad Whitley, Lupe Rios, James Stafford, Mike Oliver, and Tyke Meinzer.

The early mistakes killed the Hounds and in reality at one point, KC had the ball on Aspermont's 30 with the score 41-22. A touchdown would have made the game into the championship game everyone was looking for, Daniel stated.

Daniel further commented that most of the players realize they didn't perform to their best capabilities and are

intent upon showing their pride and true talent against Newcastle and Rule. The Rule game could possible be for a piece of the district title if Rule defeats Aspermont two weeks from now. It has been rumored the seniors on the team are determined to finish their last two games with 100% intensity. Seniors are Steve Lynn, Kelley Cowart, David Flores, Glenn Hedgecoke, Richard Daniel, Todd Lewis, Paul Taylor, Daniel Godsey, Sergio Marin, Kevin Leach, Rance Hacker and Jeff Reece.

Kevin Leach and Rance Hacker each intercepted a pass while Chad Whitley recovered a fumble.

From 7:00 until, the spook house will be for the older ones with admission being \$1.00.

Baker, TET Opposes 'Proposition Six'

Texans for Equitable taxation, the statewide coalition of property taxpayers and school districts, recently announced their opposition to one of the propositions on the November 3 ballot.

According to TET President W.R. Baker of Knox City, "Proposition 6, the so-called 'tax relief amendment', is a hoax on Texas taxpayers. Anyone who votes for it will actually be voting for guaranteed tax increases for most homeowners."

TET spelled out three reasons to vote "no" on Proposition 6:

First, the homestead exemptions that this proposition would authorize would be subject to approval by the governing body of each

local taxing jurisdiction. Since some local governments will grant the exemption and some won't, this virtually assures a lack of uniformity within most county appraisal districts.

Second, the exemptions would be phased down by law over a three year period guaranteeing property tax increases on houses over the same period.

Third, the proposal provides for no state reimbursement to local governments that opt for the exemption. This will mean higher local tax rates for all taxpayers since local budgets will still have to be met.

"Perhaps the greatest irony in all this," Baker said, "is that if Proposition 6 passes, local governments will be required to inform their taxpayers that the State Legislature had nothing to do with raising local property taxes. 'The fact is that Proposition 6, if adopted, will result in increased local taxes and the Legislature initiated it.'"

Benjamin School Carnival Saturday

The Benjamin School's annual Halloween Carnival has been slated Saturday, October 31, beginning at 6:00 p.m.

Each class will have a booth, along with a food booth, cake walk and games. The coronation and program will begin at 8:00 p.m.

Benjamin students are extending an invitation to all to attend and join in the fun. Lots of prizes will be given away, too, they said.

Sales Tax Rebates Are Increasing

AUSTIN, Tex. -- State Comptroller Bob Bullock's office Thursday issued checks totaling \$37.9 million to Texas cities as their share of one percent city sales tax for October.

This month's payment is about \$9 million more than the cities received during a comparable period in 1980.

The October payments push the 1981 yearly total of city sales tax payments to \$518.3 million, up 16 percent over the same 10-month period in 1980.

Knox City's net payment this period is \$2,742.99 as compared to \$3,470.06 for the comparable payment last year. Payments for 1981 to date are \$51,110.21, reflecting a 5.11% increase over 1980's \$48,623.87.

Munday received \$2,932.63 for this period as compared to \$2,417.06 last year. The 1981 payments to date were \$38,293.19, a 2.06% increase over \$37,522.01 in 1980.

Other net payments for this period include Crowell \$995.98, Haskell \$6,521.22, Paducah \$2,232.94, Rochester \$1,423.57, Rotan \$1,204.13, Rule \$2,528.88, Seymour \$5,753.36, and Stamford \$6,329.29.

The one percent optional city sales tax is collected by merchants and businesses in the cities where it is levied and rebated on a monthly basis by the Comptroller's office.

Great American Cupcakes Start With Cocoa

Fudgy chocolate cupcakes, with a glass of ice-cold milk, might just be the all-time favorite after-school snack.

It has made going "back to the books" a lot more palatable for generations of American kids. Here's a streamlined version of this popular classic that tastes super rich and chocolatey with moist, delicate texture. And since these cupcakes are super simple to put together, older children can have fun making them—less work for mother—with minimal supervision.

Start with a base of versatile unsweetened cocoa—chocolate in very concentrated form so flavor will be robust. Cocoa blends readily for smoother batters, another boon to beginning cooks. Measure and mix it in, right from the can, with no messy pre-melting. And here's an important lesson in kitchen economy they're never too young to learn—cocoa helps save money, two ways: it costs less per ounce than baking chocolate and, 4½ ounces of cocoa goes as far as the 8-ounce bar. Swirl cooled cupcakes with cocoa buttercream or fudge frosting...then let the children create colorful "faces" with sprinkles and tinted coconut.

Rain Again Halts Area Harvesting

Rain again covered the Abilene area as harvesting was just started over, B.B. Manly, Jr. of the USDA Cotton Marketing Services Office, Abilene, reported.

Around 6,000 samples were classed this week, bringing the season total to 24,401.

Prices paid for cotton were from 7.5¢ to 9¢ above the CCC loan rate. Grade 42, staple 32, mike 35 to 49 brought around 54¢ per pound.

Cottonseed prices paid producers ranged from 75¢ to 90¢ per ton.

The quality of cotton classed during the week ending October 22 showed Grade 42 as predominant with 36 percent, grade 32 was 20 percent, grades 41 and 31 were 16 and 10 percent. Staple 32 was predominant with 44 percent, 31 was 30 percent, and staple 33 was 15 percent. Mike readings were 98 percent 35 to 49, (around 70 percent miked 40 to 46). Six percent was reduced on account of bark, and 5 percent on account of grass.

According to reports from several areas, growers were getting back in the fields Friday.

QUICK 'N' EASY CHOCOLATE CUPCAKES

2 cups unsifted all-purpose flour	½ teaspoon salt
1½ cups granulated sugar	2 eggs
½ cup Hershey's Cocoa	½ cup milk
2 teaspoons baking powder	½ cup hot water
½ teaspoon baking soda	1½ teaspoons vanilla

Heat oven to 350°. Line 30 ungreased muffin cups (2½ inches in diameter) with paper bake cups. In large bowl of electric mixer combine flour, sugar, cocoa, baking powder, baking soda and salt. Add shortening, eggs, milk, water and vanilla. Beat mixture 1 minute on low speed, scraping sides and bottom of bowl with rubber scraper. Turn speed to medium; beat 3 minutes or until mixture is creamy smooth. Spoon batter into lined muffin pans, filling each about half full. Bake 15 to 20 minutes. Press center of cupcake lightly at minimum baking time—cake springs back when it's done. Remove cupcakes from oven. Lift each cupcake out carefully or turn pan upside down to remove cupcakes. Turn them right side up on wire rack to cool.

JR. HIGH FOOTBALL ROYALTY

What's more thrilling to parents than having one of their youngsters receive honors at school? It's having two of them achieve such an accomplishment. That was the case Thursday night as Sue and Oscar Gideon were named Jr. High football Royalty. Oscar an eighth grade student, was elected hero and Sue, who is a seventh grader and cheerleader, is the year's Sweetheart. They are the children of Jane and Weldon Gideon.

We congratulate these kids.

REMINDER

A bonfire will be held Thursday night to get everyone's spirits up and ready for that game Friday night with Goree. The time has not been decided on at this time but watch for the smoke and listen for the cheers and you can't miss it. The slogan this week is "Get a Wildcat"!

HERE AND THERE

Mr. and Mrs. Jim Harris of Houston were weekend guests of Clodell Duke and Jim and Ila Bohannon. The group enjoyed lunch Saturday at Clodell's. Those present were the Sammy Bohannons and the Roger Bohannons of Earth, Mary Tom and Rex Bohannon and Brandi and Jonnye Williams of Benjamin and the Harris and the Jim Bohannons.

Saturday guests of Mr. and Mrs. Van Green were Ron and Sue Glenn and family of Wichita Falls, and Ruby Wynn and Diane Green of Munday.

Sunday guests of the Bobby Robersons were Jackie Hance of Lubbock, Bill Timberlake of Levelland, Robbie Sullivan of Woodson and Jay Winston Feemster of Vera.

Weekend guests of Edith West were Mr. and Mrs. Ricky Abbott and children of Cisco.

Weekend guests of the Fred Carvers were Mr. and Mrs. Fred Warren, Mr. and Mrs. Odell Carver and Craig Carver of Knox City, Mr. and Mrs. Gary Antilley of Guthrie and Mr. and Mrs. Mark Collins and Jacy of Benjamin.

VISITING IN KNOX CITY over the weekend with the C.L. Hacker family were their son, Russell of Dallas, and two friends, Denise Hughes, left, and Simone Davies. Both girls are from New Guinea. Russell and Simone attend Christ for the Nations Institute in Dallas where Simone is here for a three month visit with Denise.

C.L. Hackers Enjoy Weekend Visitors

Visiting in the home of Mr. and Mrs. C.L. Hacker Jr. and Rance over the weekend were their son and brother, Russell and his friends, Denise Hughes and Simone Davies.

Denise is the 18 year old daughter of Mr. and Mrs. Mason Hughes missionaries in Papua, New Guinea, for the last 25 years. Denise came to the United States last year to attend Christ for the Nations Institute in Dallas.

Simone is an Australian citizen who has lived all her life in New Guinea. Her arrival in the United States this week for a three month visit with Denise makes her first visit to America. Simone is a ballet teacher and works mornings running a preschool in Papua.

Denise and Simone attended the international school

in New Guinea together where everyone is required to learn English. The native language there is Pidgin.

According to Mrs. Hacker, neither had attended a football game before Friday night when Knox City hosted Aspermont. Simone asked if a football game was a once a year event.

New Guinea is located about 10,000 miles away, north of Australia. It is the second largest island in the world located just 6 degrees from the equator. The temperature is 90 to 98 degrees all year long so neither visitor had experienced cold weather before coming to the states.

Both Denise and Simone reported their visit to Knox City a "very enjoyable experience".

Mustangs Up Record With Guthrie Win

Two touchdowns early in the first quarter sent the Benjamin Mustangs on their way to their fourth District win of the year Friday night defeating the Guthrie Jaguars, 57-13.

Benjamin opened their scoring efforts with a three yard run by Jim Mancille. PAT failed.

A few minutes later, Mancille successfully completed a pass to Kent Hertel for another touchdown. Troy Oxford added the extra points.

An exciting second quarter began with Mancille adding six more points to the scoreboard. After a Jaguar touchdown, Troy Oxford ran 50 yards for touchdown number four. Oxford brought in the last score of the first half with a 39 yard pass to Randy Engbrock.

Second half scoring included runs by Mancille, James Propps, and Alan Baty and a 23 yard pass by Doug Brown to Allen Heard.

Snack Shake A Winner With Kids And Coaches

As every team member knows, there's nothing like football to work up an appetite. Make a hit with the players by serving an Orange Banana Shake made from the beverage that kids love.

A glass of Kool-Aid brand soft drink contains 15% of the U.S. Recommended Daily Allowance for vitamin C. Add milk and banana, and the shake is extra-nutritious. Coaches and parents love the goodness, but kids run home for the good taste.

One more hit this fall: Kids' favorite fruit flavor soft drink mix reusable canister for a young athlete's crayons, collections or cookies.

ORANGEY BANANA SHAKE

- 1 scoop Kool-Aid orange flavor sugar-sweetened soft drink mix
- 1/2 cup milk
- 1/3 cup water
- 1 medium banana
- 3 ice cubes

Combine soft drink mix, milk and water in blender container. Cover and blend on high speed for 30 seconds. Add banana and ice cubes, cover and blend 30 seconds longer, or until smooth. Serve at once. Makes 1-2/3 cups or 2 servings.

THE KENNEL

SOPHOMORE NEWS
By Sarah Jones

Last week, to raise spirit and have fun, every day had a different theme. For example, Wednesday was "Hats Off to Hounds Day," and everyone wore hats. The sophomore class really went all out, and we surely did show up sporting a variety of hats. There were baseball caps, a top hat, several indescribable hats, and even one hat that made the wearer look like a Keystone Cop.

One of the members of our class, Daveine Holcomb, recently received a surprise in the mail. The surprise was a letter informing her that she had been selected to the

American Drill Team School Who's Who. Congratulations Daveine.

GREENHAND NEWS

Thoughts for the class of 1982 as we await graduation...

by Melissa Whitley

Sororities—she is dreaming. He is flipping through the

brochures the army has sent to him. He thinks he will just stay here and work. Ivy covered walls and endless lawns depict the university she will attend. Making plans to last a lifetime.

And look—We are sifting, in mind, though not yet in body, to the four winds. We are learning to opposite, different poles. A thousand thoughts are stuffed into our searching minds, each one shouting it is largest in importance. Dreams are lying inside our hearts and we struggle to know which one we should follow. Mostly, mainly life is looming. It is sweeter, bigger than we expected. And it is like a lump

of clay that waits, yearns for the potters hands. We are the potters. At last.

KC Girl In Drill Team Who's Who

Knox City High School sophomore Daveine Holcomb has been selected as a member of The American Drill Team School Who's Who.

According to Byron E. Felder, executive vice president of the American Drill Team School, Daveine is one of the top five percent chosen from more than 4,000 young ladies from all over the United States. She received a certificate of membership for her honor.

Daveine is the daughter of Mr. and Mrs. Bill Holcomb and is a second year member of the Scarlet Belles.

SLEEP: LITTLE KNOWN FACTS

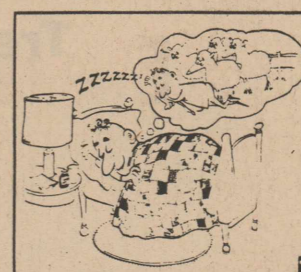

Many people think of insomnia as an illness. Although it's a problem that affects more than 35 million Americans, the inability to sleep is a symptom, not a disease.

All humans and many animals require sleep at regular intervals (as opposed to insects, who merely rest). If a person goes without sleep, he or she loses energy, becomes quick-tempered and finds that lengthy concentration is difficult.

Indigestion, overexcitement, stimulants such as caffeine, and mental stress are among the many causes of insomnia. In addition, insomnia feeds upon itself... people who lose sleep start to worry about it and sleeplessness increases.

However, this problem may respond to a new prescription medication that has been found useful in complaints of difficulty in falling asleep, frequent awakenings during the night and/or early morning awakenings.

The agent, called Restoril (temazepam), approaches the "ideal" sleep-inducer. Its duration of action approximates that of a normal night's sleep, so that most

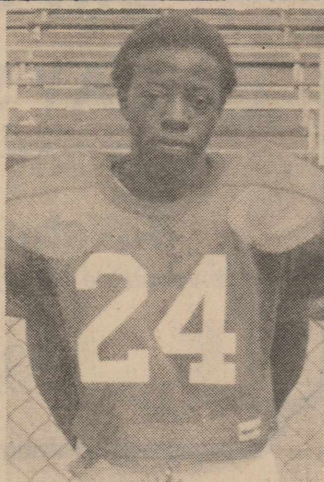

of the dose taken the previous night is eliminated by the morning. Thus, Restoril does not accumulate in the body and causes little or no "hangover" effect.

Restoril capsules, which are made by Sandoz Pharmaceuticals, are also considered valuable for insomnia because they do not interfere with so-called REM (Rapid Eye Movement) sleep, as do other products for insomnia. Rapid Eye Movements occur during the dream phase of an individual's normal sleep pattern. If REM sleep is shortened, a person may experience REM "rebound," which is characterized by nightmares and other unpleasant phenomena.

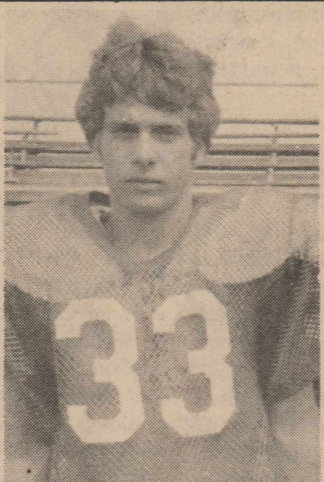

Restoril therapy has been found effective in people 18 years of age and older.

Treat the Trickster

Here's a gala pitcher punch to serve on All Hallow's Eve. Have your youngsters bring their friends back to your house after the trick-'n'-treating is done. They'll all have fun unloading their tote bags and seeing who got what.

Because of all that loot you really need very little in the way of refreshments besides the punch. Perhaps a platter of bite-sized donuts or some cookies, that's all. The punch is simplicity itself to make. It's based on instant tea which gives it body without masking the flavors of the other ingredients. Canned orange punch gives it the appropriate color and the clove-studded lemon slices make a gay garnish.

GOBLIN PITCHER PUNCH (Makes about 2 quarts)

- | | |
|--------------------------------------|--|
| 2 tablespoons instant tea | Whole cloves |
| 1 (46-oz.) can orange punch, chilled | 1 (12-oz.) bottle lemon-lime carbonated beverage |
| 1 cinnamon stick | |
| 2 lemons, sliced | |

Combine tea, orange punch and cinnamon stick. Insert 2 or 3 cloves into each lemon slice and add to tea mixture. When ready to serve, pour over ice cubes and add carbonated beverage.

KC Study Club To Meet Oct. 29

The monthly meeting of the Knox City Study Club has been scheduled Thursday (today) at the Community Center with Wretha Fitzgerald and Ruth Denton as hostesses.

The program, "Public Affairs Department, Safety Division" will begin at 2:30 p.m. and roll call will be "What Would You Do If You Were Frightened?"

Special music has been arranged by Elizabeth Wilson.

Our service makes Valley the top name in irrigation.

Your system's down. Your crops need water.

If you own a Valley system, you can rest easy. You know that no part is ever more than 48 hours away. Parts we don't stock we can order from our regional warehouse. Our priority parts program sees to it that critically needed parts get on a plane or truck from the factory, usually within hours, at no extra charge.

On top of that, the factory backs us up with a summer emergency response program that puts technical service people on call 24 hours a day, seven days a week, holidays included.

And, we send our servicemen off for intensive factory training. So when they go into action, they know what to do and how to do it, fast!

When people buy from us, they buy our service first and our equipment second. It's another reason why Valley dominates the field.

Valley dominates the field.

Food Show For 4-Her's Is Saturday

4-Her's will match foods and nutrition expertise against each other in the Knox County 4-H Food Show, October 31.

About 25 youth will compete in Senior and Junior divisions, according to April Stamps, County Extension Agent.

Entries will be on public display at approximately 12:00 noon at the Benjamin Memorial Building in Benjamin.

Senior division entrants are ages 14-19, while junior division youth are ages 9-13. Pre-4-Her's are ages 6-8.

A feature of the show will be a "tasting tea" event, with a charge being made for those tasting.

For the contest, each 4-H entrant will compete in one of four classes, including main dish, fruits and vegetables, breads and cereals, or nutritious snacks and desserts.

Set up will begin at 9:00 a.m. and judging will start promptly at 9:30 a.m.

"Because the foods and nutrition program focuses on nutrition, each contestant will have to demonstrate what she or he knows about nutrition, meal planning, food buying and meal service, as well as preparation techniques," Mrs. Stamps explains.

The Knox County 4-H Food Show is sponsored by the Texas Agricultural Extension Service. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"...He (God) said, My presence shall go with you, and I will give you rest." (Ex. 33:14).

What more could we ask for than these Words from our Mighty God with his divine protection, Think about what we are promised in the twenty third Psalm; Christ is our Shepherd, our divine providence, Spiritual rest, food and every need we have. He is our great leader into his paths of joy and peace. He is our restoration, he restoreth our soul, body, and mind.

How do we have all these blessings? We can't work for them, buy them or have them given to us by someone else. We must go to God's Word as he commanded us to do in the Sermon on the Mount, in the 5-6 and 7 Chapters of Matthew. Jesus is the Way and the Truth and the Life and he gives us the instructions that will help us get all the blessings he has promised. The first is to believe in Him as Our Lord and Saviour. Be born again and He will make you to become a son of God, an heir to all that's his.

If you're concerned about rising grocery costs, here's something you can do about it.

On November 3, you can make a positive step toward helping hold the line on rising grocery costs. Proposition 5, one of seven proposed Constitutional Amendments which will be offered on the ballot, would include livestock and poultry with all other farm products as exempt from property (ad valorem) taxes. The effect of passage of this amendment will be to lower production costs for livestock and poultry. In the long run, this will be a positive step we can take to help hold the line on grocery price increases. For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

VOTE FOR 5.
HELP HOLD THE LINE ON YOUR FOOD COSTS!

(Pol. Adv. Pd. For By Knox County Farm Bureau, Drawer F, Munday, Texas 76371)

LET'S KEEP THE WATER RUNNING IN TEXAS!

In cities and towns all across Texas, local water problems are threatening to erupt into one enormous statewide crisis. Countless communities are facing growing water supply, water treatment, sewage treatment and flood control problems estimated to cost a staggering \$50 billion over the next 25 years. To make matters worse, federal funds for water projects have recently been slashed.

But on November 3, Texans have the opportunity to adopt a plan, already passed by two-thirds of the Legislature, which would harness a portion of our state's budget surplus to help shoulder that heavy local burden.

The plan is proposed Constitutional Amendment No. 4.

Passage of Amendment No. 4 would:

- Make possible the sale of more than \$200 million in authorized and urgently needed state bonds to address a backlog of needed projects.
- Create a loan guaranty program to enable local communities to save millions of dollars in issuing future bonds.
- Begin to build a "nest egg" for the future from a part of the state's budget surplus to assist local governments in financing future water and sewage projects.

Texas' water needs *must* be met, either now or in the future. We can act now, and save money... or pay the higher price later for our neglect, with possible increased taxes. Sensible action now makes much more sense for Texas.

Locals Enjoy 12 Day Florida Keyes Tour

September 29, Bud and Stella Carver, Otis and Odell Harbert and Otto and Leota Lawson departed Arlington on a Dan Dipert tour with George and Jeanne Hawkes as Escorts, going to Baton Rouge, on to Tallahassee, on to Titusville, then to Naples, Florida. From Naples, the tour continued on to Key West along the Tamiami Trail. The group stayed two days in Key West which was beautiful with the sunsets in the evening and on Sunday, our Escort held a very impressive devotional on the sea shore at sunrise. While there many activities were planned for the group, including a tour of Key West on the Conch train, Poolside Dinner and other delicious meals of seafood.

On Monday, the tour went back to Miami for two days and the group enjoyed an afternoon cruise the first day and that night we went to a game in a huge stadium, the Jai-Alia, which originated in Spain. The second day, the morning was free and some

went into town for shopping. That night, a Dinner Cruise on The Jungle Queen was enjoyed also a very good show with some famous stars.

The next day to Tampa, on to Clearwater and to Tarpon Springs. For dinner that night at "Pappas", a Greek Villiage where the Greek fisherman go out to sea in their picturesque boats to dive for sponges.

Leaving Clearwater, the group went to Mobile, then on to Natchez on the Mississippi. The evening was spent at the famous "Cock 'O the Walk" Restaurant where fried catfish with all the trimmings was a rare treat.

The group went to Cape Kennedy, the Fountain of Youth where they were served water from the Fountain, toured the home of Thomas Edison at Fort Myers, and many other places of interest.

This was the fifth Dan Dipert Trip for the Harberts and the Lawson's and was reported that it was super as all the others had been. All of the groups which numbered forty four were most congenial and cooperative, according to the local travelers.

McGees Return From Trip

Mr. and Mrs. J.C. McGee returned to Fort Worth on October 19 en route home from a New England Fall Foliage Tour.

This tour was designed to accentuate the unsurpassed beauty of the fall foliage of that area.

Leaving Fort Worth and picking up passengers in Arlington and Dallas, the Dan Dipert motorcoach headed out with 41 passengers to see the country. They traveled through East Texas, into Arkansas, then on to Memphis, Tennessee, for the night. The next morning they toured Memphis and stopped to view Elvis Presley's home.

Then they went to Nashville and on to Kentucky. From there they traveled to Niagara Falls and crossed the Rainbow Bridge into Canada where they went to the top of the Skylon Tower for a view of the American and Canadian Falls under the colored floodlights that illuminate the thundering falls at night.

From Niagara Falls, the group went to Syracuse, N.Y. for more sightseeing. By then, the group was seeing beautiful foliage and the scenery had begun to take on a more New Englandish appearance.

Next, the group was on its way to one of the most beautiful waterways in North America, the Thousand Islands of the St. Lawrence Seaway at the eastern end of Lake Ontario. They boarded a sightseeing boat with a commentator and took a cruise through the islands. They spent that night at Alexandria Bay, New York.

They then drove through the Adirondack Mountains, once known as America's Siberia because of the severity of the winters. The area is now a permanent wilderness.

Other scenic stops included Lake Placid, Ausable Chasm, and Lake Champlain where they took a ferry across the lake and checked into their hotel in Burlington, Vermont.

Next, they began a circle tour of the Green Mountains of Vermont. One of the highlights was their visit to the Maple Sugar factory at St. Johnsbury where they saw how maple sugar and candy are made before they crossed the Connecticut River into New Hampshire. Here they visited the Profile Lake and the Great Stone Face 1200 feet above the lake. Forty-eight feet from forehead to chin, the Old Man of the Mountain is a natural phenomenon reflected in the peaceful waters of the lake.

The next day took the group to Boston, capital of

Massachusetts, where highlights included Bunker Hill, the Boston Common, the U.S.S. Constitution, Old North Church, Beacon Hill and Back Bay. Leaving Boston, they drove through Rhode Island and Connecticut to exciting, fascinating New York City where they stayed on Manhattan Island. Their sightseeing tour included Times Square, the Theatre District, Chinatown, Wall Street, United Nations Building, which was in session while they were there and they reported that all the various flags were a sight to see.

They also had a spectacular view of the Statue of Liberty, from the Battery.

They departed this great city via the Lincoln Tunnel and drove to Harrisburg, Pennsylvania, crossing one of the World's prettiest rivers, the Susquehanna. They continued on through Ohio and Indianapolis, crossed the Wabash and headed on through southern Illinois. They returned via St. Louis, the "Gateway of the West," traveling on into the Ozarks. They spent one night in Joplin, Missouri, where they went through a wine factory. They later made their way from Little Rock, Arkansas, to Texarkana and then on to Dallas-Fort Worth for a big welcome home. Their daughters and their families met Lena and J.C. They spent the night with the Mayfields before returning home where they honored Lena with a birthday reception.
