

Snyder secures next two years of AJRA finals rodeo

Snyder and the Scurry County Coliseum has again been chosen as the site for the AJRA National Finals Rodeo.

Wednesday night, the local chamber received a two-year contract plus television rights for the competition.

The two-year guarantee will mark the 14th and 15th straight appearance of the AJRA here.

Simultaneously, the fourth and fifth live television broadcast of the AJRA will be shown live from the local coliseum.

Response to the most recent show has prompted a flurry of positive letters to the local chamber (see related story). This year's AJRA finals were broadcast live Aug. 13 and have

since been rebroadcast on tape throughout the nation.

It is estimated the broadcast has the potential to be seen by 53 million people.

The week of the AJRA traditionally brings hundreds of visitors to Snyder and is counted by many merchants as one of the best weeks for sales all year long.

Residents evacuate as hurricane nears

GALVESTON, Texas (AP) — Schools closed, hospitals transferred patients and prison officials moved inmates to other facilities as thousands of Texas coastal residents braced themselves for Hurricane Gilbert.

The entire Texas coast was under a hurricane watch early today. Forecasters said hurricane warnings were expected to be

posted for some of the coast later today after the 450-mile wide killer storm struck with 23-foot waves as it crossed Mexico's Yucatan Peninsula and moved into the Gulf of Mexico.

At 5 a.m. CDT, the center of the storm was near latitude 22 north and longitude 91.5 west about 465 miles southeast of Brownsville, Texas, according to the National Hurricane Center in Coral

Gables, Fla.

Hurricane center director Robert Sheets said the hurricane was expected to make landfall about midday Friday and that its sustained winds would today "certainly increase to 130, 140 miles per hour." It earlier packed sustained winds of more than 175 mph with gusts to around 200 mph.

Brownsville was deemed the

most likely target, with a 21 percent probability of being hit, though a hurricane watch was in effect along the entire Texas coast as well as the northeastern Mexican coast from Tampico.

The hurricane center said Gilbert was the most intense storm on record in terms of barometric pressure, which was measured at 26.31 inches, breaking the 26.35 inches recorded for

the 1935 hurricane that devastated the Florida Keys.

Grocery and hardware stores were swamped with shoppers and lumber and water supplies were reported in short supply throughout the region.

"Our business is, essentially, going off the wall right now," said Richard Cashman, president of the Houston Division of Sierra Spring Water Co., Inc.

FROM CARMEL, N.Y. — Chamber of Commerce secretary Jackie Hall shows a card from Carmel, N.Y., that is one of 238 received in the past month about the Aug. 13 AJRA National Finals broad-

cast. The chamber learned Wednesday that the AJRA finals would return to Snyder again in 1989 and 1990. (SDN Staff Photo)

AJRA broadcast draws 238 letters

The Monday after the Aug. 13 national television broadcast of the AJRA National Finals Rodeo here, the Snyder Chamber of Commerce received letters of appreciation from South Dakota and South Carolina.

"People just stopped right then and wrote a short note about how much they appreciated the telecast," chamber manager Bill Moss said Thursday, noting that the 238 letters that had been received from 34 states as early this week is about double the number that arrived during the first month after the show last year.

Moss said turning the entire production over to Zoli Vajda of Palmer Lake, Colo., and his Zoli Teleproductions this year was the main factor in reaching a greatly expanded audience.

Vajda added numerous sports

networks, cable channels and individual television stations to the broadcast network this year.

"When you talk about rodeo telecasting, you go to him," Moss said, in part because Vajda handles the annual broadcast of the Professional Rodeo Cowboys Association National Finals Rodeo in Oklahoma City.

Moss said the chamber got 450 to 500 appreciative cards and letters over the year following the 1987 show but that the response has been about twice as strong this year as it was by the same time last year.

In addition to three missives from the Carolinas and Dakotas, the chamber has gotten 96 cards and letters from Texas writers, 40 from Oklahoma, 22 from Arizona, six from Montana, 10 from New York, four each from

Leadership class sessions to begin

An 11-member class has been enrolled for the sixth edition of Century II: Leadership Scurry County. The first class meeting was to be held Thursday afternoon.

Those taking the class this year include Sue Spires, Sandy Harlan, Luis Aguilar, Tommy Aishman, Sam Robertson, Glen Gray, Janice Mitchell, Jayme Roemisch, Sally Lake, Dennis Carlton and Julie Sentell.

For the sixth year, the leadership class instructor will be Dr. Jim Palmer, chairman of the social sciences division at Western Texas College.

The meeting Thursday was to be at the Baptist Student Union

on the campus of WTC.

During the year, the group will meet on Thursday afternoons with approximately 12 sessions set between now and next May.

Topics to be covered will include an historical and economic overview of Scurry County, city and county government, law enforcement agencies, Cogdell Memorial Hospital, the local educational system, the media, the county oilpatch and county farming and ranching operations.

Alumni in the organization now total around 80 and its past members either now serve or have served in a cross section of Scurry County leadership rolls.

Pointeau details deportation woes

(Editor's Note: This is the second in a series of articles pertaining to a local family's effort to stay in Snyder and their adopted country of America.)

By DONNY BROWN
SDN Managing Editor

Jack Pointeau, when notified one week ago that his family faces deportation from the U.S. by the end of this month, said his first reaction was "why do that today?"

The family has been notified by the U.S. Immigration Service that their "investor's permit" would not be renewed this year. The renewal has become an annual ritual after first receiving it in September of 1982.

The notification came from the family's attorney which specializes in the legal problems faced by immigrants to this country, Eva Voisin of Redwood City, Calif.

As Jack explains it, he is frustrated with the ruling because the reasons stipulated for canceling the visa were also the rule seven years ago when it was first issued.

"If this is why they won't let me stay in this country, why did they issue me the visa in the first place?" he asks. "Now, we have invested our money and planned for the future."

The SDN Column

By Roy McQueen

The feller on Deep Creek says, "Some gals scream at a mouse and then crawl into a car with a wolf."

This fall is Snyder's first experience with half-day kindergarten. Those attending the afternoon session start at 12:45.

West Elementary Principal Gerri Parker has heard all kinds of excuses for being tardy. But before, such excuses were in the early morning and never at noon.

A little girl last week explained to Mrs. Parker why she was more than an hour late reporting for school. "I had a tummy ache, overslept and had to comb my hair."

They learn early!

Also last week, Junior High Principal Charles Anderson received a telephone call from a parent who explained, "My son poured his shoes full of coke and they have to dry out today. Could you have the teachers gather his assignments for

him?"

Anderson recalls other excuses told him during his 31 years in the teaching business:

"My daughter may be getting married tomorrow. I'm not sure yet."

"I couldn't send the children off to school today as my mother-in-law and I are having a problem. Could you come help me?"

"My son is out running with the horses. I couldn't get him out of the pasture to go to school."

"I needed to take the kids to Six Flags the first week of school. After all, I hear that you only check out books and cover them the first five days."

"My child never lies. I don't know why he was absent yesterday, but whatever it was, it was the truth."

Anderson once received this message in the form of a note from home: "If you don't let my son go to the bathroom when he wants to, you'll be sorry."

Ask Us

Q. — At what age can you begin to receive the senior citizen discounts and other local benefits?

A. — An individual is eligible to join AARP, the national senior citizens group, at age 55. AARP membership entitles you to the discounts mentioned. Membership in the local senior citizen's center begins at age 60.

In Brief

Two indicted

DALLAS (AP) — A Dallas County grand jury indicted two men in connection with the abduction-slayings of a Dallas-area woman and her 3-year-old son and is expected to consider charges against another.

George David Cooke, 25, of Stephenville and Juan Jackson, 24, of Dallas, were indicted on aggravated kidnapping charges Tuesday in the abduction of Evelyn Banks and her son Andre.

The bodies of Ms. Banks, 34, and the child were found last month in a southern Oklahoma pasture. Both had been repeatedly shot in the head.

Drug lawsuits

AUSTIN (AP) — Texas Attorney General Jim Mattox said Wednesday he has obtained temporary restraining orders preventing a Dalhart distributor and his Lubbock agent from selling a potentially dangerous herbal drug.

The drug contains lead, cadmium, steroids and tranquilizers, Mattox said.

Mattox said he obtained the orders against C.A. Wallace of Dalhart and Martha Herring of Lubbock after filing separate suits against them in district court in Lubbock.

Wallace said when contacted by telephone he had no immediate comment. There was no telephone listing for Ms. Herring in Lubbock.

Retail sales

WASHINGTON (AP) — Retail sales, dragged down by a sharpest drop in auto sales in 10 months, declined 0.2 percent in August, the government said today.

The Commerce Department said that sales dropped \$330 million to a seasonally, but not inflation, adjusted \$133.5 billion.

Most economists had been both expecting and hoping for the slight decline, taking it as evidence that growth in consumer demand has slowed, thus easing inflationary pressures in the economy.

It was the first overall decline in sales since April's 0.4 percent drop and followed a revised 0.1 percent gain in July, which had originally been estimated at a stronger 0.5 percent.

Auto sales fell 1.8 percent in August to a seasonally adjusted \$29.1 billion. It was the sharpest decline in this volatile category since October.

Weather

Snyder Temperatures: High Wednesday, 89 degrees; low, 66 degrees; reading at 7 a.m. Thursday, 66 degrees; no precipitation; total precipitation for 1988 to date, 10.69 inches.

Snyder Area Forecast: Tonight, isolated evening thunderstorms, otherwise fair. Low in the upper 60s. Southeast wind 5 to 10 mph. Rain chance less than 20 percent. Friday, partly cloudy. High around 90. Northeast wind 10 to 15 mph.

Mouse is tool against AIDS

LOS ANGELES (AP) — "human mouse" by Researchers say they created a transplanting the human im-

mune system into rodents, providing a powerful new tool to study and combat AIDS, cancer, herpes and many other human diseases.

In separate studies, the scientists said they used human blood cells or tissue from aborted human fetuses to develop mice that produced human antibodies and T cells, the class of white blood cells attacked by the AIDS virus as it cripples patients' immunity.

With human immune systems, the mice should make excellent stand-ins for people, allowing researchers to more rapidly develop and test new drugs and vaccines against a variety of diseases, said the scientists from Stanford University and the La Jolla-based Medical Biology Institute.

"We've developed a system in which we can study human cells directly in a small laboratory animal," Dr. Mike McCune, chief author of the Stanford study, said Wednesday.

McCune and co-author Dr. Irving Weissman also said such mice could lead to development of better methods to transplant organs, and reduce researchers' need to use dwindling populations of chimpanzees for studies of human ailments.

"I consider it a major accomplishment," especially in the fight against AIDS, said Daniel Koshland Jr., editor of the journal Science, which will publish the Stanford study Sept. 23.

The British journal Nature today published the other study, conducted by Dr. Donald Mosier and others at the Medical Biology Institute and the Veterans Administration in La Jolla.

Dear Abby

Son's Self-Invited Girlfriend Tests Family's Hospitality

By Abigail Van Buren

© 1988 by Universal Press Syndicate

DEAR ABBY: For the last year, a young woman has been pursuing our son. Our home has always been open to our children's friends, so it was only natural for us to make "Agnes" welcome.

However, it seems that Agnes wants to see "John" every night, and since she lives some distance away, she brings a change of clothes and comes to our house straight from work. Of course, she then has dinner with us, or if we dine out, she goes with us.

I have talked to John about this, and he says he doesn't invite her. I believe this because I have heard his end of telephone conversations, and this aggressive girl will not take "no" for an answer. Agnes is neither homeless nor friendless — she just wants to get her hooks into our son.

We hate to be rude, but either she doesn't seem to realize that she is imposing or she doesn't care. Please help me. It's getting to the point where neither my husband nor I want to face what we know will be waiting for us when we get home from work.

JOHN'S LONG-SUFFERING MOM

DEAR MOM: How old is John? If he is an adult, ask him to tell Agnes to please discontinue the practice of coming to your home directly from work. If John is not an adult, then order him to tell her. And if he doesn't do it, either you must tell her politely but emphatically — or tolerate the imposition.

DEAR ABBY: My husband and I have been married for five years. We are childless by choice, because we enjoy our carefree lifestyle.

My sister has four children and my brother two. I am beginning to feel more and more pressure to invite these spoiled, self-indulgent nieces and nephews to our home.

Since we live near a nice lake with swimming privileges, my sister and brother think that this would be an ideal vacation spot for their children.

Abby, I love my nieces and nephews, despite their shortcomings, but I am reluctant to invite them to sleep over. If I invite one, I will be expected to invite all the others, and then I'll be trapped forever. I really don't want the responsibility of looking after children.

I see them in their own homes occasionally, and always remember their birthdays and Christmas.

I am beginning to feel guilty each time my sister or brother brings the subject up, and I am running out of excuses. As an aunt, would it be shameful of me never to have them in my home to spend the night? What do you think?

NO CHILDREN, PLEASE

DEAR NO CHILDREN: I think you are missing an opportunity to give your nieces and nephews a chance to know and love you. You say you "love" them; why not give them a "trial" run? You can't lose more than a few days out of the year — and you may be pleasantly rewarded with some new loving relationships.

Everything you need to know about planning a wedding can be found in Abby's booklet, "How to Have a Lovely Wedding." Send your name and address, plus check or money order for \$2.89 (\$3.39 in Canada), to Dear Abby, Wedding Booklet, P.O. Box 447, Mount Morris, Ill. 61054. (Postage is included.)

Commercial jet air travel across the Atlantic began in 1958 when a British Comet Four crossed the ocean from New York to London in six hours, 12 minutes.

Bentsen encounters resistance

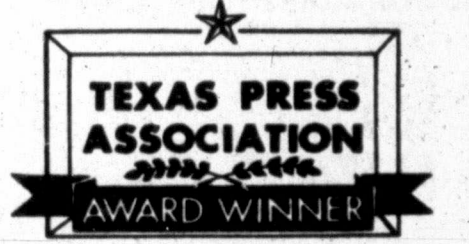

DALLAS (AP) — Democratic vice presidential nominee Lloyd Bentsen has found some resistance as he battles to sell defense-minded Texans on the idea that running mate Michael Dukakis is an advocate of a strong military.

Bentsen was heckled constantly on Wednesday by a cadre of George Bush supporters in a home-state audience of defense industry employees who heard him present the Democratic ticket's position that the Republicans put too much emphasis on space weapons and not enough on conventional forces.

Charges that Dukakis would weaken defense were "wild charges and innuendo from the vice president and his handlers," Bentsen told employees of the LTV missile division. "That's campaign hot air, a hit-and-run attack staged for the evening news network."

"If I believed there were a thread of truth in that tapestry of partisan blame, I would not be campaigning with Mike Dukakis," he said.

Bentsen fought repeated shouts from hecklers as he delivered the message. For a short time, one man shouted rebuttals to nearly every statement Bentsen made, including yelling "bull" each time the Texas senator listed a Dukakis position in favor of a military program.

FAIR AWARDS — Making final plans for the fair are Dorothy Tate (from left), superintendent of clothing division; Kathryn Roberts, general superintendent of home economics division; and Trissa Green, superintendent of baked goods division. Adams Extract Co. will be giving away spice sets for winners in all baked goods categories. South Plains Co-op of Lubbock will be awarding denim tote satchels in the sewing division. Ball Corp. will also give awards in foods preservation. (SDN Staff Photo)

County fair offers awards

This unusual deal occurred in the trials to determine the United States team for the forthcoming World Team Olympiad in Venice next month. The trials were held last June, and the members of our team — Bob Hamman, Seymon Deutsch, Bobby Wolff, Eric Rodwell, Jeff Meckstroth and I — are glad that our bad result did not spoil our successful effort. I certainly hope we don't have results in Venice like this.

When I was North, Bob Hamman jumped to three spades after the one-diamond opening. I played the role of scientist and simply cue-bid four diamonds. Then, when Hamman bid four spades, I timidly passed. With a diamond lead, Hamman easily took 12 tricks.

At the other table, North jumped to six spades. He thought that if South could jump to three spades vulnerable, how could six spades not be there? Once again, with the diamond lead, the slam was made. So our team lost on this hand, and maybe I'm the scapegoat. But ask me what I thought West was going to lead if I had bid six spades, and my answer would be a trump. And the opening lead of ace and trump will in fact hold declarer to only 10 tricks.

I dare say if any one of us fails to lead trumps when this situation arises in Venice, that player will immediately take a gondola ride without the gondola.

Winners in various divisions at the Scurry County Fair will be given awards by interested companies. Adams Extract is offering a filled spice rack to winners in the cakes, pies, cookies and candy divisions.

South Plains Co-op of Lubbock is awarding denim totes with the cotton logo to winners in the sewing division. Garments and articles must be at least 50% cotton to be eligible for the cotton awards.

Ball Corporation will award special, premium awards for winners in the food preservation division. Awards will be given to winners of the youth and adult divisions.

New categories added to the fair this year include a bread bake-off contest to be held Saturday, Sept. 24, at 10 a.m. Entries will be taken on Friday evening, Sept. 23, and Saturday morning

from 8-9 a.m. at the coliseum.

The clothing division is including the popular T-shirts and T-dresses as well as sweat-shirt designed clothing. Clothing entries are also eligible to participate in the Fashion Show to be held Friday, Sept. 23, at 5 p.m. Entries for textiles, sewing

clothing, and hobbies and crafts will be accepted Wednesday, Sept. 21, from 1-8 p.m. Further information concerning the fair activities can be addressed to the Scurry County Extension Office at 573-5423. Fair catalogs explaining rules of entry are also available at many local stores.

Women need fewer calories today

WINSTON-SALEM, N.C. (AP) — Women need fewer calories than men but not fewer nutrients, according to a food industry scientist.

"Years ago, before modern conveniences, women performed more physical labor than they do today," says Dee Graham of Del Monte Foods USA. And, it wasn't

unusual for women to require 3,000 calories a day.

By contrast, Graham said, today's average woman needs only about 2,000 calories a day, but she needs the same amount of other nutrients.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 8 de noviembre de 1988. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/552/8683 o por escribir al Secretario de Estado, P.O. Box 18060, Austin, Texas 78711.

Gaylord will buy Rangers

OKLAHOMA CITY (AP) - Oklahoma publisher Edward L. Gaylord says one of the major factors in his decision to exercise his option to purchase the Texas Rangers was his desire to keep the team in the Dallas-Fort Worth area.

He said in a statement issued from his Oklahoma City office that he was reluctant to sell his

company's interest in the Rangers to "another party whose allegiance may be stronger to cities in another state than to the Dallas-Fort Worth metroplex."

Gaylord's Dallas-based Gaylord Broadcasting Co. already owns about a third of the American League baseball club and he said the company "could

be" interested in eventually obtaining the outstanding 8 percent of the team owned by a few limited partners.

Gaylord, who has the first option on any sale by Chiles, said he's committed to improvements that will bring a winner to Texas and the Southwest.

7-1A clubs vie Friday; Ira entertains Guthrie

Ira's Bulldogs hope to shake off a last-minute loss to Wilson when they entertain Guthrie in non-district six-man football action Friday night.

Game time is 7:30 p.m. In other 7-1A play Friday, Hermleigh travels to Patton Springs, Loraine is at Grady and Highland hosts Lueders-Avooca. Blackwell is at Sands on Satur-

day. A game-winning field goal lifted Wilson past Ira last week, 46-44, and the Bulldogs would like to get back on track Friday. While Ira takes a 1-1 season record into the contest, Guthrie comes in at 1-0. Guthrie bombed Lefors 60-31 last Friday.

Hermleigh's opponent, Patton Springs, has also met up with Lefors, and lost 34-18 in its season opener. P-Springs was idle last weekend and is 0-1. Hermleigh, a 28-14 victim of Southland, is 0-2.

Trent and Loraine look to extend their 2-0 streaks. Trent pasted highly-touted Jayton 46-16 last Friday while speedy Loraine ran over Dawson 56-6. Blackwell is also undefeated, at 1-0.

In area action, Borden County will take on the angry Jaybirds in Jayton this Friday. Borden comes off of a win over Wellman and is 1-1.

All of the area six-man games are set for 7:30 p.m. kickoffs Friday.

7-1A glance

Team	District			Season		
	W	L	T	W	L	T
Trent	0	0	0	2	0	0
Loraine	0	0	0	2	0	0
Blackwell	0	0	0	1	0	0
Ira	0	0	0	1	1	0
Highland	0	0	0	1	1	0
Hermleigh	0	0	0	0	2	0

Last Friday's Results: Wilson 46, Ira 44; Southland 28, Hermleigh 14; Trent 46, Jayton 14; Rochester 38, Highland 14; Loraine 56, Dawson 6. Friday's Games: Lueders-Avooca at Highland, Loraine at Grady, Trent at Carbon, Hermleigh at Patton Springs, Guthrie at Ira.

Saturday's Game: Blackwell at Sands.

Gilbert may wreck 'Bama-Aggie contest

by The Associated Press Officials of the University of Alabama and Texas A&M are considering postponing Saturday's football game at College Station, Texas because of uncertainty over the direction of Hurricane Gilbert.

The National Weather Service predicted that Gilbert had an 11 percent chance of hitting the coast at Galveston, Texas, about 150 miles south of A&M's stadium. Winds of 70 mph were

predicted for Saturday at College Station.

"In a 70 mph wind you couldn't even set the ball down, and if you kicked it into the wind, the ball would sail back over your head," Alabama athletic director Steve Sloan said Wednesday. "Nobody would be at the game because they'd all be in shelters."

Sloan said the schools were considering postponing the game, possibly until Dec. 3, when both teams are idle.

Freshmen battle tonight

Snyder freshman football team, 2-0 on the season, battles Lake View at 5:30 p.m. today in San Angelo.

The Tiger junior varsity, 1-1, was to play tonight but Abilene High officials have cancelled the game.

Jr. high gridders play

Snyder Junior High kicks off its 1988 football season both at Tiger Stadium and Travis Field this evening.

Local eighth graders host Breckenridge beginning with a B-team game at 5 p.m. An A-team contest will follow immediately.

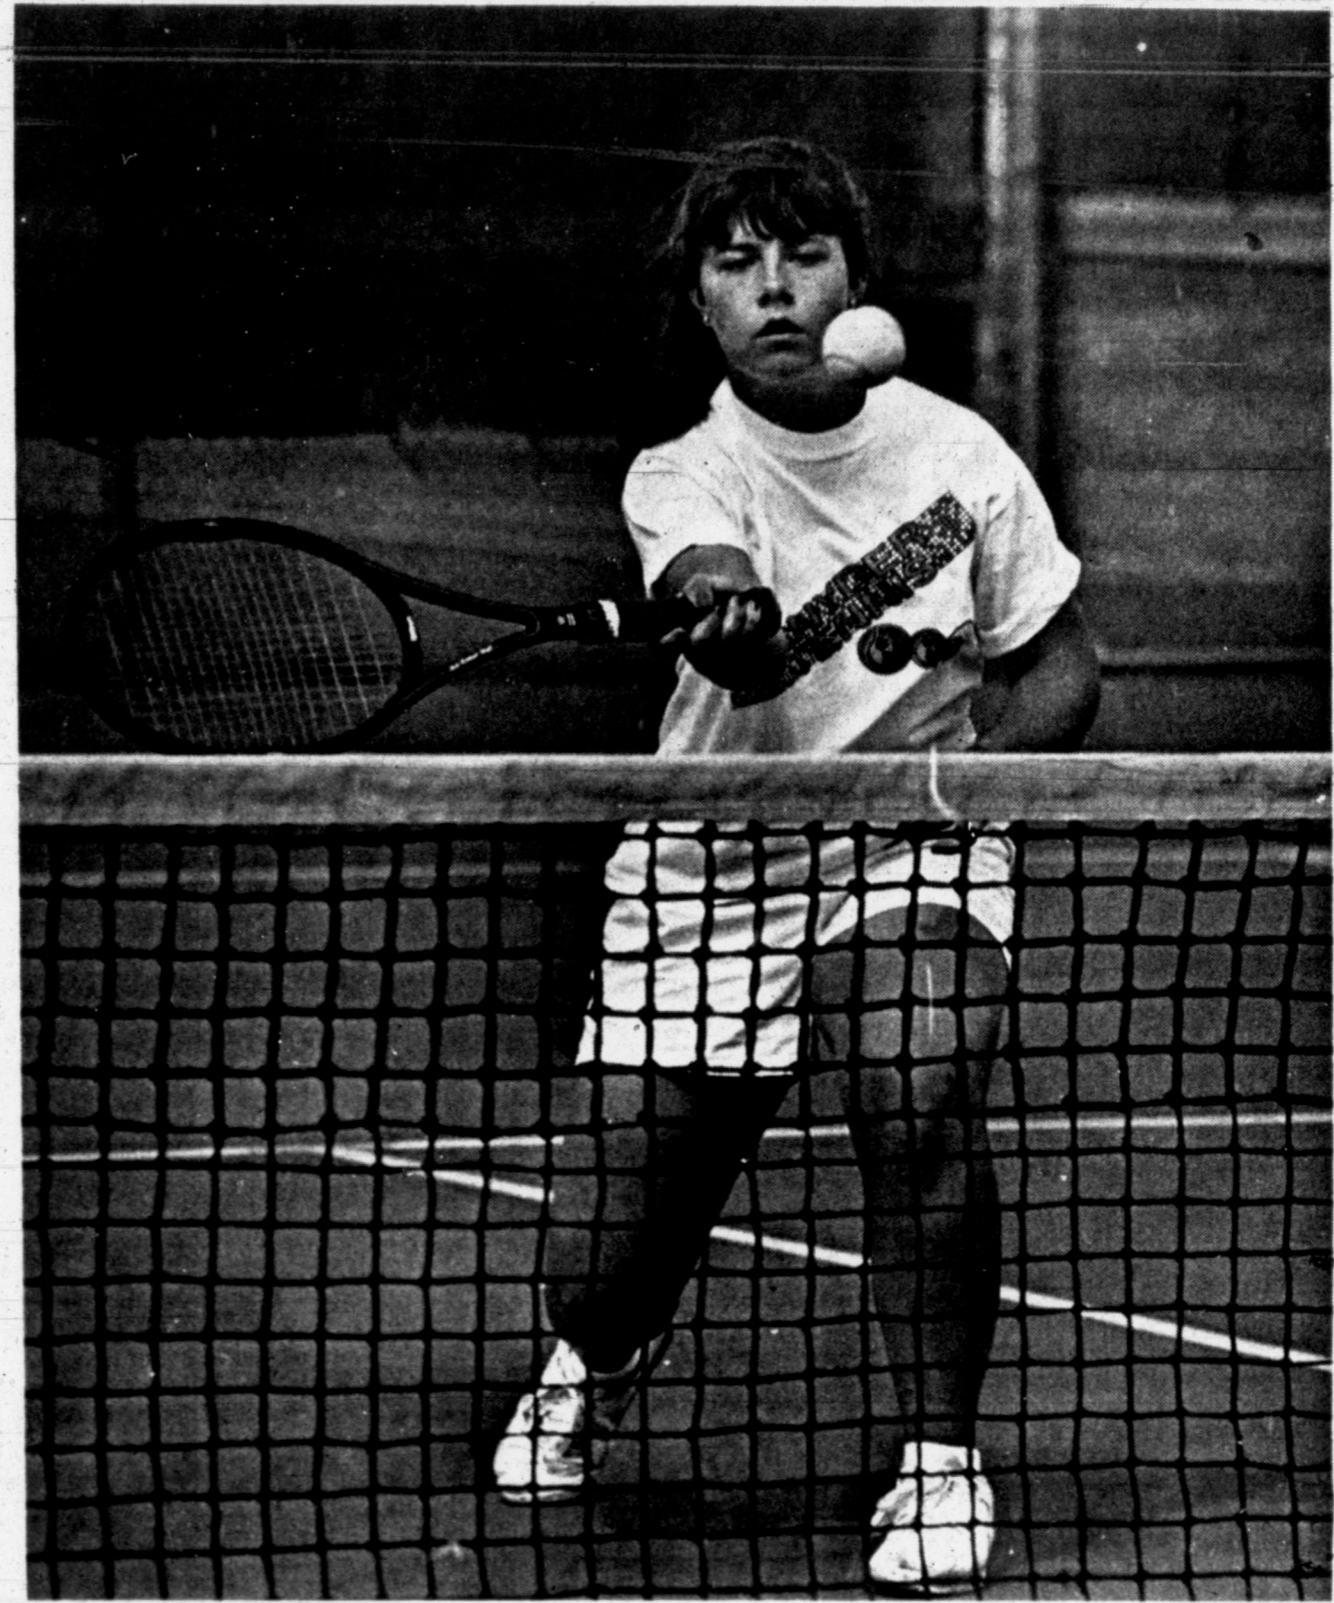

The seventh grade plays Breckenridge at Travis Field, with the B-team kickoff set for 5 p.m.

WJCAC golf set Saturday

Western Texas College will host the first Western Junior College Athletic Conference golf tournament of the 1988-89 season here Saturday.

Practice rounds are to be held Friday at the college course. Colleges competing include Western, defending conference champion New Mexico Junior College, and Midland, Odessa and New Mexico Military Institute.

Until 1887, there was only one referee. But in '87, an umpire was official in college football, the added.

Astro-Graph

By Bernice Bede Osol

Sept. 16, 1988

Your most memorable trips in the year ahead are likely to be ones of short duration. There will be definite purposes for your travels and you won't come back from your destinations empty-handed.

VIRGO (Aug. 23-Sept. 22) You may be the recipient of some good news today that you'll be eager to share with a few choice friends. It might relate to something that could have an effect upon them as well. Get a jump on life by understanding the influences which are governing you in the year ahead. Send for your Astro-Graph predictions today by mailing \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

LIBRA (Sept. 23-Oct. 23) This should be a profitable day where things of a material nature are concerned. Your possibilities for gain are more encouraging than usual.

SCORPIO (Oct. 24-Nov. 22) Hopeful conditions continue to prevail in a broad range of matters today. Keep your expectancy level high in all involvements.

SAGITTARIUS (Nov. 23-Dec. 21) You should be rather fortunate today in any dealings you have with authority. Favors apt to be denied others could be granted to you.

CAPRICORN (Dec. 22-Jan. 19) Problems can either be circumvented or erased today if you utilize your imagination. Don't be fearful about testing out bold, new ideas or concepts.

AQUARIUS (Jan. 20-Feb. 19) Your actions and behavior will be closely scrutinized by your confederates today. For-

tunately, what you do should win their admiration and respect.

PISCES (Feb. 20-March 20) A development that created disharmony will slide back into focus today. Its new effects will produce some side benefits for you as well as co-workers.

ARIES (March 21-April 19) Efforts you expend today on behalf of someone you like will be rewarded in a most unusual way in the near future. Do not hesitate to put yourself out.

TAURUS (April 20-May 20) Your greatest benefits today are apt to be derived from your partnership arrangements or from situations where you are part of a team. Subdue your independent inclinations.

GEMINI (May 21-June 20) Something you've been hoping to finalize is now moving in that direction. However, you will have to take charge of matters instead of letting things fend for themselves.

CANCER (June 21-July 22) Instead of accepting conditions as they are, take steps today to reorganize things so that you are more in control of your own destiny. Don't be ruled by outside forces.

LEO (July 23-Aug. 22) Something beneficial is presently stirring that could make both you and your family feel more secure. It will have a direct effect upon your financial position.

"Money," according to American poet and essayist Ralph Waldo Emerson, "often costs too much."

Explorer Ponce de Leon claimed Florida for Spain in 1513.

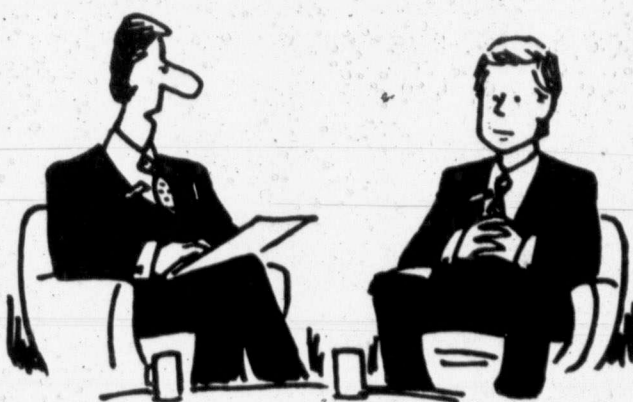

Possible tornado damages homes

AMARILLO, Texas (AP) — Emergency personnel searched through the wreckage of homes in southwest Amarillo early today, searching for victims of a possible tornado that roared through a neighborhood as a furious thunderstorm raced across this Texas Panhandle city.

Golf ball-size hail accompanied the storm and street flooding was widespread following the severe thunderstorm. Two Interstate highways that pass through the city were closed in places with water as deep as five feet in some areas, authorities said.

Officials said they were optimistic that no one had been killed. Amarillo authorities several people suffered apparently minor injuries, such as cuts and bruises, but no one had been treated at area hospitals.

Berry's World CANDIDATE TIME

"All right, Senator Quayle, let's discuss substantive issues. Who does your hair?"

Dr. Gott

Peter Gott, M.D.

Muscle irritation can cause gas

By Peter H. Gott, M.D.

DEAR DR. GOTT: I'm 41, female and take Inderal. My heart beats too fast and irregularly. I've noticed that it skips the most when I have gas and when I burp the gas out, my heart settles down until the next time I have to burp. What's the connection?

DEAR READER: The type of periodic, irregular and rapid heartbeat you describe is usually due to an abnormal amount of myocardial (heart muscle) sensitivity. That is, the muscle is easily irritated, causing your symptoms.

The stomach lies beneath the diaphragm, under the heart. When gastric gas is present, the stomach can inflate and push up against the heart, producing pressure on the muscle and changes in pulse rate. This situation is ordinarily harmless and, as you have discovered, can be helped by belching. Inform your doctor about your observations; he or she may wish to give you an anti-gas compound, such as Mylicon, to relieve your distress. For more information, I am sending you a copy of my Health Report "Digestive Gas." Other readers who would like a copy should send \$1 and their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

DEAR DR. GOTT: Whiskers grow under my skin and fester. Then the irritation moves from one area of my face to another. Hydrocortisone doesn't help and my dermatologist is

at a loss.

DEAR READER: You seem to have ingrown hairs, a common skin condition in which hair shafts turn back on themselves and grow into the skin, instead of pointing straight out. Ingrown hairs act as foreign bodies — natural "splinters" — and cause inflammation.

Ingrown hairs are more common on men (and women) who use electric razors. Try a blade. Use tweezers to pluck out ingrown hairs and your problem may be solved.

DEAR DR. GOTT: I've read that a crease in the ear lobe is a sign of heart problems. Is this true?

DEAR READER: Several years ago, some scientists reported that a crease in the ear lobes of middle-aged men and women was a marker for heart disease. Subsequent studies have failed to verify this early report. To my knowledge, an ear-lobe crease does not connote a tendency to heart ailments.

Convicted killer granted reprieve

HUNTSVILLE, Texas (AP) — A convicted killer was granted an execution reprieve by the U.S. Supreme Court about 90 minutes before he was scheduled to die by injection for the 1980 robbery-shooting of a Galveston convenience store clerk.

The full court granted Warren Eugene Bridge a reprieve about 10:30 p.m. Wednesday.

WESTERN TEXAS College will be accepting bids to purchase a Triplex Greensmower until 10:00 a.m., October 3, 1988. Further information concerning this bid may be obtained by contacting the Business Office at Western Texas College. Telephone 573-8511, ext. 306.

WESTERN TEXAS College will be accepting bids to purchase Janitorial supplies until 10:00 a.m., September 26, 1988. Further information concerning the bid may be obtained by contacting the Business Office at Western Texas College. Telephone 573-8511, ext. 306.

Reinforcements help fight wildfires

Obituaries

By The Associated Press

Firefighters mopping up a 939,270-acre blaze in Yellowstone National Park braced for warmer weather that could heat things up as Army reinforcements eager to join the battle against a giant fire arrived in Montana.

"We have been leaning forward in the saddle," Col. Beau Bergeron said as 900 soldiers from Fort Lewis, Wash., arrived Wednesday to help fight the 247,000-acre Canyon Creek blaze in west-central Montana.

Nine hundred more soldiers were to arrive today, swelling the ranks of firefighters wrestling with the blaze in and around the

Scapegoat Wilderness to 3,000.

Fires also burned in California, Idaho, Oregon, Washington and Utah.

California's Gold Rush country in the Sierra Nevada enjoyed a second day of favorable weather, bringing firefighters closer to containing a 52-square-mile timber and brush fire that destroyed 97 homes and 60 other buildings.

"Everything is looking really good and really calm," California Department of Forestry spokeswoman Erin Connelly said.

Officials said they expected to contain the fire today, and begin sending most of the 2,778 firefighters and support workers fighting the blaze home.

A drifter accused of starting the fire by burning toilet paper, initially charged with the misdemeanor of illegal burning, was to be arraigned today on a felony count of reckless burning, said Nevada County District Attorney John Darlington.

If convicted, Gary Wayne Paris, 39, could be sentenced to up to four years in prison, Darlington said.

Wildfires have scorched more than 4 million acres in what has been called the nation's worst fire season in 30 years.

For the 7,200 Army and civilian firefighters at Yellowstone, Wednesday was fourth day of rainy, cold weather that has put a

damper on blazes in and around the park. But today's forecast called for temperatures in the 70s.

The fires in the oldest national park have grown into a single huge blaze and have not been contained, but officials said firefighters attacking hot spots and strengthening fire lines were in the "mop-up" phase.

"The weather has really knocked this down," said fire boss Denny Bungard, cautioning that blazes have surprised fire crews before. "This is... tricky."

Northeast of the park, firefighters mopped up a 93,000-acre fire near Cooke City and Silver Gate, Mont.

"We're trying to get in and give it a good kick in the pants before it kicks us back" if conditions worsen, said fire information officer Bob McHugh.

At Montana's Glacier National Park near the Canadian border, crews neared completion of fire lines around a 31,800-acre fire that torched 21 homes and

numerous outbuildings, killed a firefighter and injured up to a dozen others.

In north-central Idaho, firefighters burned a 2,000-acre fire line to protect the Whitewater Ranch from a 44,950-acre blaze in the Nez Perce National Forest. In the Challis National Forest to the south, a back-country landing strip was closed because of several near-

collisions between fire helicopters and private aircraft.

In Oregon, dense smoke hampered efforts to fight a 5,000-acre fire in the Willamette National Forest, and some firefighters even had trouble finding the blaze, said U.S. Forest Service spokesman Norm Hesseldehl.

"It was a pretty frustrating day," Hesseldehl said.

Mickey Newton

WICHITA FALLS—Services for Mickey G. Newton, 47, of Wichita Falls, former Snyder resident, were held at 2 p.m. Wednesday at Hampton Vaughan Chapel. Burial followed at Crestview Memorial Park.

He was born Jan. 12, 1941 in Beaumont and was employed by the Vocational Enrichment Center.

He is survived by a brother, Gene Newton of Wichita, and his mother, Merle Newton, also of Wichita Falls.

In 1778, Mary Ludwig Hays gained the name "Molly Pitcher" and a place in U.S. history for aiding American Revolutionary forces at the Battle of Monmouth in New Jersey.

Lawsuit filed against district

Continued From Page 1
was employed as a teacher at Northeast Elementary from 1978-79.

After that year, she resigned her post here to accept a position with Midland ISD. A resignation letter from her is on file with the district dated Aug. 3, 1979.

She is currently employed as a teacher with Colorado City ISD.

Malone was also one of eight minority plaintiffs bringing suit against Snyder ISD and the City of Snyder in October of 1985, claiming the at-large system of electing members to both entity's governing boards was discriminatory against minorities.

Those two lawsuits were eventually settled out of court and have resulted in the current method of single member district representation on both the city council and school board.

City to hear school request

Continued From Page 1
square.

The students also ask approval for Tiger paws to be painted in water-based paint along the path of the homecoming parade from the Varsity Square shopping center down College Ave. and around the square.

It was noted this project is contingent on "finding the right paint and getting the funds for this project."

Hataway said the student council plans to use about 2,000 feet of banners.

AJRA gains letter response

Continued From Page 1
New Jersey and California, three each from Wyoming, Michigan and Massachusetts and two each from Maryland and Kansas.

Ralph Miller of Snyder, chairman of the chamber's AJRA committee, sent a letter to local sponsors this week in which he said the third national telecast "has caused more excitement than ever all across the United States."

Miller said local sponsorship of the rodeo is a major factor in helping to meet production expenses.

Two are arrested

A 21-year-old man was arrested for DWI at 3:10 a.m. Thursday at 28th St. and Ave. B.

A 29-year-old man was taken into custody for public intoxication at 11:21 p.m. Wednesday in the 1700 Block of College Ave.

Pointeau notes deportation woes

Continued From Page 1

The family's problem is three-fold, according to the federal agency. In order to have their investor's visa renewed, they say, the Pointeaus must have a controlling interest in the business they operate.

Jack explains they own 50 percent of the Travelodge Motel here and are near the end of negotiations to buy the remaining 50 percent.

The agency noted also that the "investment" must be worth a minimum of \$250,000 and, in a third stipulation, that in order to remain an "intent to expand" the business must be shown. Pointeau does not dispute that he does not fall under the first two stipulations. "But my situation has not changed from when they first issued me the investor's permit. Why do it then and not do it now?"

As for the third requirement for expansion, "I have tried to explain about the local economy and the hope that it will improve soon with the construction of the prison," he said.

In the end, he said, his negotiations with the immigration service have left him exasperated.

"I feel they do what they want," he said. "It's easy for them. They did it."
(In Friday's newspaper, the SDN will hear from locals involved in the effort to assist the Pointeau family.)

Truck hits local lines

A tractor-trailer rig hit telephone lines and a breaker box at 9:59 a.m. Wednesday in the 3400 Block of Ave. T, causing an estimated \$350 in damages.

Police said a 1982 Peterbilt driven by Curtis B. Haile of Lubbock hit the lines, owned by Southwestern Bell, and a breaker box owned by Mike McLeod of 3411 T, causing \$250 in damages to the lines and \$100 to the breaker box.

Haile was arrested at 12:05 p.m. on Lubbock County warrants for having an expired motor vehicle registration and failure to appear in court.

A 1986 Ford driven by Dorothy Bonner of Rt. 2 hit a parked 1981 Oldsmobile four-door owned by Tom Machen of 4000 Jacksboro Ave. at 2:53 p.m. Wednesday in the parking lot of a College Ave. supermarket.

Motorcycle riders hurt after skid

An Abilene couple escaped serious injury in a Monday night motorcycle accident north of the city.

The Department of Public Safety said a 1978 Kawasaki driven by Brian L. Vanhyfte was southbound on U.S. 84 2 of a mile north of the city limits when the front tire went flat, having picked up a nail, and the motorcycle skidded 111 feet on its side.

Vanhyfte, 23, and his 20-year-old wife Erica suffered abrasions and were treated and released at Cogdell Memorial Hospital but were not injured more seriously because they were both wearing helmets, a DPS trooper said.

Vanhyfte reportedly had deep abrasions on his right arm and right leg while Mrs. Vanhyfte's abrasions were less severe.

The DPS also reported Thursday that there were no injuries in a car-tractor collision Monday afternoon 4 of a mile east of town on County Road 112.

A 1986 Chrysler Fifth Avenue four-door driven by Peggy T. Vernon of Rt. 1 and a 1956 Ford tractor driven by Steven Wild of Rt. 2 were both eastbound when the tractor, turning left into a private driveway, was hit from behind by the car.

The accident happened at 5

ELMORE CHRYSLER AND CHRYSLER MOTORS ANNOUNCE THE CAR BUYER'S BILL OF RIGHTS.

1. EVERY AMERICAN HAS THE RIGHT TO A QUALITY CAR

You want a car that will start every morning. In numbing cold or in downpours of rain.

You want a car that will age well. And give you years of satisfaction.

You want quality. That's your right. Your undisputed right. Quality should also be the first and foremost commitment of the carmaker. Without it he becomes morally and fiscally bankrupt. Chrysler has no intentions of forsaking this commitment.

Since 1980 Chrysler has initiated **Five Key Quality Programs** that involve every member of the work force, every level of management. Top, middle and first rung.

These programs touch every phase of the car-building process. From drawing board to final inspection. The goal: to top the quality of imports. An ambitious goal, but results are already showing it is within reach.

Lowest Recalls. On average, over the last 8 years, Federal government records show that Chrysler has the lowest safety recall record of any American car company for passenger cars registered for the '80 through '87 model years.

And over the last 5 years, a lower average safety recall record than such prominent imports as BMW, Porsche and Volvo.

2. EVERY AMERICAN HAS THE RIGHT TO LONG-TERM PROTECTION

Chrysler has consistently led the industry in long-term quality protection. In 1980, Chrysler introduced the innovative 5/50 Protection Plan that protected the most important and costly part of your vehicle, the engine and powertrain, as well as protecting against outer body rust-through.

In 1987, Chrysler extended this protection substantially to 7 years or 70,000 miles, plus 7-year or 100,000 mile protection against outer body rust-through,* inclusive of every car, truck (except Jeep vehicles) and mini-van Chrysler builds in North

America. This plan was an unprecedented move.

Now, Chrysler breaks new ground again. With its new **Crystal Key Owner Care Program** that comes with the Chrysler New Yorker. It is a remarkable warranty. It protects the entire car for 5 years or 50,000 miles. It covers engine, powertrain, air-conditioning, steering, rust, suspension, electrical-everything right down to the door handles.* All you have to do is take care of normal maintenance, adjustments and wear items.

Not even Rolls Royce or Mercedes Benz can match this warranty.

3. EVERY AMERICAN HAS THE RIGHT TO FRIENDLY TREATMENT, HONEST SERVICE AND COMPETENT REPAIRS

Dealer service is the key-link in the relationship between the car buyer and the carmaker. Fully aware of this, Chrysler (under the direction of Lee Iacocca) has taken specific action to strengthen this relationship, and the results have been very gratifying.

Highest Satisfaction. Chrysler owners have the highest level of satisfaction of any buyers of American cars. Higher than GM owners. And significantly higher than Ford owners.**

As Lee Iacocca says, "The next great leap forward in the car industry isn't going to happen in Detroit. It's going to happen at the dealership". Chrysler is stressing customer service to its dealers in the form of educational programs, dealer incentives and motivating awards.

If Dodge, Chrysler, Plymouth, Jeep and Eagle dealers do their job right, there is much to gain. The dealer will have achieved one of the highest goals in the auto industry; a satisfied customer.

4. THE RIGHT TO A SAFE VEHICLE

Safety is a right we all desire, not just for ourselves, but for our families, too. That's why Chrysler has committed enormous resources and talents to building you a safe car. And that commitment has taken hold:

...Chrysler is the first American car company to offer **air bags as standard equipment.** And by 1990, Chrysler will feature driver-side air bags on every car it builds in the United States.

...Every Chrysler-built passenger car has over 30 safety features standard for 1988. And Chrysler plans to add many more features between now and the 1993 model year.

...The passenger compartments for coupes and sedans provide protection because of the vehicles' unitized body construction.

...By 1992, Chrysler will have spent 440 million dollars on testing to learn how to enhance your safety.

...Chrysler Motors has a **Safety Shield Program** from design through assembly. Safety components are identified by a safety shield, so everyone at the factory knows its importance to safety. This program guards against the malfunction of critical items such as brakes, wipers, steering systems and starters. And is one of the prime reasons why Chrysler Motors has the lowest average percentage of safety-related recalls for any American car company.

5. THE RIGHT TO ADDRESS GRIEVANCES

If you have a warranty-related problem with your dealer, you have an impartial ear ready and willing to listen to your side of the story, at no cost to you: **The Customer Arbitration Board.**

This Arbitration Board consists of three voting members: a local customer advocate, a technical expert and a person from the general public. And not one of them is affiliated with Chrysler in any way.

All decisions made by the Board include the action to be taken by the dealer or Chrysler and the time by which the action must be taken.

All decisions are binding on the dealer and Chrysler, but not on you, unless you accept the decision. The whole process normally takes no longer than 40 days. We believe this Board is, without question, the best in the industry.

6. THE RIGHT TO SATISFACTION

Chrysler believes there's no secret to satisfying customers. Build them a quality product. A safe product. Protect it right with the longest powertrain warranty in the business. Service it right. And treat them with respect. It's that simple.

And Chrysler is doing exactly that. The proof is coming from you, the customer.

J.D. Power and Associates, one of the most respected research organizations in the industry, surveyed over 25,000 owners of 1987 passenger cars for product quality and dealer service. The results: Chrysler Motors has the **highest Customer Satisfaction** of any American car company - two years running - for overall product quality and dealer service.**

We've come a long way, but everything we've accomplished thus far is just a fraction of what Chrysler has planned for the future.

Because Chrysler believes it's our job to satisfy your needs. We have the obligations...you have the rights.

"QUALITY IS YOUR RIGHT. AND WE INTEND TO SEE THAT YOU GET IT!"

Lee Iacocca
