## NATIONAL ELECTION TUESDAY

### Presidential Ballot In Limelight As Campaign Enters Home Stretch

Olton will help elect a President of the United States next Tuesday. G. T. Sides is to be presiding election judge here at Olton. He will be assisted by Eldon Franks and Louis Schreier as assistant election judge and clerk. Mr. Sides said other election helpers have not yet been named.

#### ADLAI OR IKE—

We have an opportunity next week—all of us—to exercise our right to vote. By all means let us all strive to do so.

Whether you vote the way this writer votes or not, we urge you to let your voice be heard. We sincerely believe that if the American people will let their wishes be known by exercising their right to vote, then this country has little to fear from within or without.

As for ourselves, we shall cast our vote for Adlai Stevenson and Estes Kefauver next Tuesday because we honestly feel that the Democratic party has more policies that benefit more of the American people than does the Republican party.

We have campaigned sincerely and honestly for our candidate. Let us hasten to congratulate those of this community who have campaigned fearlessly for the Republican nominee.

We have long felt that President Eisenhower has been controlled more or less by the people around him—that is to say by the old guard of the GOP. We cannot feel that his policies are favorable to small business or agriculture. Since we feel that this is true, then we cannot feel that the President represents the best interests of the American people.

Regardless of who wins Tuesday, let us always remember that we live in that wonderful country where we choose our government peacefully at the polls every four years. Adlai or Ike and we'd still have the best government on the face of the earth.

Polls open at 8 o'clock next Tuesday morning at City Hall and close at 7 o'clock Tuesday evening.

Most momentous decision to be made in the election is—of course—the Presidency. The choice lies between the GOP ticket headed by President Eisenhower and Richard M. Nixon and the Democratic ticket headed by Adlai Stevenson and Estes Kefauver. T.

Coleman Andrews and Thomas H. Werdel are running on the Constitution Party ticket.

There will be no contests for county offices. All candidates on the ballot won places there in the Democratic primary, which is equal to election.

On the state level Democratic nominee Martin Dies is opposed for Congressman at large by Fred T. Spangler. Constitution Party's John R. Anthony opposes Robert W. Calvert for associate justice of the supreme court.

Price Daniel is opposed by William R. Bryant on the Republican ticket. W. Lee O'Daniel—defeated in the Democratic primary—is a write-in candidate. Democrat Will Wilson is opposed by Leo N. Duran for attorney general.

Republican Samuel F. Singleton is opposing John C. White for commissioner of agriculture.

People of Olton and the state also will decide the fate of eight amendments.

Amendment No. 4 has drawn the publicity spotlight across the state. On that particular question the people will be asked to vote:

FOR OR AGAINST:  
The constitutional amendment empowering the legislature to revise the existing teacher retirement system and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the state, authorizing that the state's contributions to such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the state or school district or the sum of Five Hundred Four Dollars (\$504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund.

#### PONIES FACE TOUGH WOLF PACK FRIDAY

Olton's Mustangs will be playing extra hard for their mothers and dads Friday night as they meet a tough Wolf pack from Dalhart here at Memorial Stadium.

It will be parents night and mothers and dads will be admitted to the game free, according to Coach Joe Turner. Coach Turner said special seating will be available for parents to sit on the sideline by the Olton bench.

It will be Olton's third conference outing—the Mustangs having beaten Muleshoe and Tulla.

Dalhart has suffered a single conference defeat and that at the hands of Dimmitt. The Wolves tripped Muleshoe 20 to 7 last Friday night to dent the conference win column.

The Wolves deploy from a T and a wing T. Finch is one of their most versatile backs. He plays tailback, fullback or wingback. Sudderth is a good runner and Ledbetter is an excellent passer.

Seventh and eighth grade gridders will engage in about 10 minutes of football playing at half-time.

#### Colorful Parade Sets Off Call To Council For Girl Scout Pow-wow

Arrayed in colorful Indian costumes made by the participants and their parents, more than two hundred scouts initiated the annual Girl Scout pow-wow Tuesday night with a call to council by parading through town.

Torch bearers led the parade to the school gymnasium, site of the pow-wow. A large crowd turned out for the affair.

#### Auction Sale To Be Held Saturday

A general auction sale is scheduled for Saturday, Nov. 3, just south of the Plains Agricultural Service, according to J. W. Brown of the Olton Auction Sales.

Handbills have been distributed for the purpose of advertising equipment and other items to be placed on auction.

Eastern Star ladies will have charge of concessions at the auction.

#### W. L. Gallaway New Owner Of Superette Gro.

Wilbur Gallaway has purchased the Superette Grocery and Market, located on Main Street, from E. E. Helton and has been operating the business this week. Mr. and Mrs. Helton have returned to their former home in Hereford.

Both Mr. and Mrs. Gallaway are life-long residents of Olton. He has been engaged in farming. Mrs. Gallaway is a daughter of L. R. Goynne.

#### Longnecker Says TRF Will Seek More Crops, Higher Yields Here

The Halfway farm of the Texas Research Foundation is only a beginning, according to Dr. Tom Longnecker of TRF.

Dr. Longnecker said plans call for extension of TRF to counties all over the Panhandle and South Plains for research in all the various soil types.

Dr. Longnecker spoke Tuesday noon at a regular meeting of the Olton Lions Club. He said the farm at Halfway to be used by TRF represents the predominant soil type of the Panhandle-South Plains area.

#### FALL HARVEST GOING STRONG AS 23,395 BALES ARE GINNED

Gins serving the Olton area had processed 23,395 bales of cotton through Wednesday morning.

The final came after a dance by the Cub Scouts. "Taps" was sung by the entire group and they withdrew from the scene in an Indian snake dance.

Participating in the affair were 136 Girl Scouts, 42 Cub Scouts, 24 new Brownies, and 32 leaders.

Original plans to hold the meet at the old baseball park were discarded because of inclement weather.

cotton being processed is white, middling light spot, and strict middling. The only exception is the cotton in the Circle area which has been lower grade with lots of leaf spot.

The small amount of moisture received in the area has not affected crops.

#### Lions Club To Stage Scout Drive

To defray the expenses of Boy Scouts in this area, the local Lions Club will hold a kick-off breakfast Monday morning, Nov. 5, launching an intensive one-day fund drive.

The breakfast is set for 7 o'clock Monday at the Ideal Cafe.

E. R. Higgins, chairman of the drive, stated, "This drive will be for the benefit of our scouts, and we hope that all Lions will turn out for the breakfast to help meet our day's quota."

Lion members will work in pairs, and plans are for them to canvass the business and rural sections of town.

DICKIE THOMAS poses here with some of his fine hybrid corn crop. Mr. Thomas said the corn is Dekalb 1002 variety—a yellow dent hybrid. He planted 80 acres and realized a yield of 57 bushels of shelled corn per acre. It brought a cash gross of \$89.19 per acre. He pointed out that his small grain with

about the same care produced a cash gross of \$46.44 per acre. Mr. Thomas said the corn was watered twice but should have been watered a third time. "I think another watering would have produced a third more corn and would have made it as good a money crop as my cotton," Mr. Thomas declared.

### Dickie Says Farmers Ready To Drop Demands When Subsidy To All Economy Segments Halted

Farmers are ready to drop their demands for price supports any time that all types of aid are denied to all segments of the national economy.

This assertion came Tuesday night from Alex Dickie, president of the Texas Farmers Union, as he spoke before the Olton local Farmers Union.

Dickie lashed out at the Administration and critics of Farmers Union proposal of 100 percent of parity prices for farm products.

"The cotton in this shirt cost about 20 cents," the boy-faced TFU president declared, fingering the shirt he wore. "Don't tell me that a 15 percent increase in the price of cotton that went into making the shirt would make its price prohibitive to the consumer."

"Congress has defined parity as a fair price," the frey young farm leader went on. "Now who

would be satisfied with even nine-tenths of a fair price? No merchant would settle for nine-tenths of a fair price."

Dickie declared that meat prices have remained high while cattle prices have dropped.

"You could give them the cattle and it wouldn't affect the price of the processed product much," he asserted.

He said the products produced by the farmer are down 18 percent in price while the cost of living in up three percent since the GOP took over.

Dickie declared that the much talked about farm product surplus is non-existent. He said there is little more than a year's supply of cotton on hand and a shorter supply of wheat. He said there is only a seven-month supply of rice on hand at the present time.

"You don't come out even on food and fiber," Dickie declared. "You either have a little too much or you have starving people."

Wilton Bodkin was elected president of the local Farmers Union to succeed Raymond Cooper. Tom Carlisle was named vice-president and Clovis Poote became secretary-treasurer. The group adopted resolutions

#### Some 300 See New Dodge-Plymouth At Busby Motor Company Tuesday

#### Brother Of Olton Woman Killed

Cecil Beavers, 37 years old, brother of Mrs. O. L. Scheller of Olton, was killed early Sunday when he was struck by a car at the eastern outskirts of Earth.

Mr. Beavers was reported to have been trying to flag a car after having auto trouble. He was the father of three children ranging from two months to four years old.

Funeral services were held Monday afternoon at Earth.

to be submitted at the state convention in Abilene next month and laid plans for a membership drive to be held Nov. 12 and 13.

Approximately 300 persons attended the first showing Tuesday of the 1957 Dodge automobile and the 1957 Plymouth at Busby Motor Company at Springlake.

Lloyd Hood, manager of the firm, described the showing as "highly successful."

Chrysler Corporation declares that the new Plymouth is three years ahead of its field in design and accessories. The Fury "301 V-8" has revolutionary new Torston-Aire ride, sports-car handling and total contact brakes, Chrysler declares.

The new Dodge is beauty on wheels. It has a low-slung, flight sweep design. The new Royal Lancer is equipped with Torston-Aire that breaks through the vibration barrier, a super Red Ram engine, and Torque-Flite Pushbutton Drive for get-away.

"We invite the people of this area to come by any time to see these fine new cars," Mr. Hood declared.

#### BAND TRIP

Members of the OHS Mustang Band went to Canyon Tuesday night to observe regional Inter-scholastic League band marching contest, a contest in which numerous Panhandle bands participated. The OHS Band traveled to Canyon in two school buses.

### 1957 Plymouths On Display At Busby Motor Co. At Springlake

DETROIT—The 1957 Plymouth was displayed by the dealers throughout the nation beginning Tuesday, October 30, Plymouth President J. P. Mansfield announced today. Busby Motor Co. at Springlake is the Plymouth dealer for this area.

Lower, wider and more powerful, the new model represents a complete change in styling, body structure and chassis.

Mansfield said the new car is the result of a telescoping of Plymouth's forward planning.

"The car we are about to introduce has the style and features of the car we had thought, only a few years ago, as possible for about 1960," Mansfield said. "We have moved faster than we had hoped. The public has shown an eagerness to accept dramatic change."

1957 Plymouth models are as much as five inches lower than corresponding 1956 models. The wheelbase has been lengthened from 115 inches for all models in 1956 to 118 inches for standard models and 122 inches for Suburban station wagons in the 1957 line.

The new car has the appearance of greater length which comes from functional styling. A broad hood, soaring tail fins and forward thrusting headlight brow all contribute to the impression of length.

In chassis design, Plymouth has accomplished its most significant change since the introduction of independent wheel suspensions, coil springs have disappeared. They are replaced by torsion bar springs which together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

The completely new front suspension and steering system creates a remarkable degree of stability under forces of acceleration, braking, and cornering. At the same time, according to Plymouth engineers, the vehicle is more softly sprung than ever before. For the first time on an American passenger car, ball joints are combined with torsion bar springs to create the unique combination of ride and handling characteristics. A new rear suspension incorporates relocated leaf springs, which contribute to the new better ride.

All of the 1957 Plymouths have more powerful engines than 1956 models. The standard V-8 for all models except the Plaza is the new Fury 301, the number signifying displacement. The Plaza V-8 retains a displacement of 277 cubic inches but, like the Fury 301, has a new camshaft, new carburetion, and other innovations to achieve increased performance and economy.

The compression ratio of the Fury 301 is 8.5 to 1. Plaza V-8 compression remains at 8 to 1. The compression ratio of the PowerFlow Six is increased from 7.6 to 1 in 1956 to 8 to 1 in 1957.

Other innovations in the 1957 line include:

- New 14-inch wheels and low pressure, large section tires.
- New 11-inch brakes, of Chrysler Corporation's Total-Contact

### OHS MUSTANG BAND TO GO TO SUN BOWL

An 86-piece Mustang Band will journey to El Paso to participate in Sun Bowl activities on New Year's Day.

At a meeting attended by 70 Band Boosters Thursday night, it was voted to accept an invitation extended to the OHS Band by Sun Bowl officials to march in the parade and perform in half-time activities of the Sun Bowl game.

Fred Stockdale, band director, stated that approximately 20 bands will be in El Paso for the occasion.

Along with several chaperons, band members will make the trip in two school buses, leaving Dec. 31 and returning Jan. 2.

It was decided by the Band Boosters that arrangements are to be made for a banquet in Juarez honoring the band members on the night of Jan. 1.

While in El Paso, the boys will be housed at Fort Bliss and the girls will stay at the San Juan School for Girls.

### New 1957 Plymouth

The new 1957 Plymouths are low, wide, ground-hugging and powerful. They have a revolutionary new Torsion-Aire ride, said to be the most important advancement in automotive design since the introduction of independent front suspensions. The parking-turn signal light is positioned parallel to the headlight to give a dual headlight effect.

design.

A new integral all-weather air-conditioning system which combines heating, cooling, dehumidifying and ventilating in one underhood unit, available on all V-8 models.

Padded instrument panel and sun visors available as optional equipment.

New safety recessed center steering wheel.

New full-view windshields with 45 per cent greater glass area in sedans and Suburbans and 43 per cent greater in hardtops.

A new line of Suburban station wagons with many advanced features including a rearward facing third seat in nine-passenger models, roll-down tail gate hinge, optional inside concealed luggage compartment with lock on all six-passenger Suburbans and a fuel tank mounted in left rear fender.

As in the 1956 offering, Ply-

mouth for 1957 offers four lines of standard automobiles. Belvedere is the top line, Savoy the middle and Plaza the lowest-priced. A two-door hardtop is available in the Savoy line and both a two-door and four-door hardtop are available in the Belvedere line.

Suburbans again in 1957 make up a distinct line of cars, in three groups—Deluxe, Custom and Sport—and in 12 models taking into account two-door and four-door models, and six-passenger and nine-passenger bodies, and V-8 and six cylinder models.

Yea! Mustangs! Beat Dalhart!!

Congratulations to Hayden Hankins who is driving a '57 Ford convertible.

We are glad to have Jerry Young and Jerry Collins back in school after being out with "broken bones."

OHS is proud of Alisse Smith who was crowned "band sweetheart" Friday night. Her attendants were Sue Witten, Judy Ogletree, Oneeta Yates, Yvonne Pinkerton. They were dressed in red velveteen dresses with black accessories.

Mr. and Mrs. Bill Rogers, former teachers in OHS, are parents of a baby daughter.

Barbara Jones and Royce M. seem to be getting along pretty well.

Joyce Gray is now seen in that new Ford convertible.

I've noticed that Yvonne Pinkerton is not eating candy in study hall anymore. Can anyone guess why?

In Mrs. Ford's English II class Monday a discussion was started on "Should We Abolish the Study Hall." Everyone seemed to have different ideas about this subject. Have you stopped to think how much you would miss the study hall if you didn't have one?

Lonny Thomas and a new sophomore girl are seen together in the halls lately.

President Eisenhower has said: "In all those things that deal with the peoples money, or their economy or their form of government—be conservative."

**HE HAS PRACTICED THIS PHILOSOPHY BY:**

1. Eliminating 273,000 positions from Federal payroll at a saving of over \$1 billion a year.
2. Halted inflation. From 1939-52 the value of the dollar fell from 100 cents to 53 cents. From 1952 to 1956 it has fallen only 1 cent. The value of the dollar is now at 52 cents.
3. Reduced the lower income tax rates by 10% and at the same time balanced the budget. (The first time in history this has ever been accomplished.)
4. Under the last year of the Truman budget our National Military defenses cost \$50.4 billion. In 1956 the cost is set at \$39.5 billion and we have the greatest military strength of our peacetime history.

**HE HAS RECOGNIZED OUR STATES RIGHTS BY:**

1. Signing the bill that returned to Texas our offshore lands that had been taken from us by the Truman Administration. (The revenue from these tidelands has already amounted to more than sixty million dollars. Let us remember it has saved us that amount in taxes.)

**OTHER ACCOMPLISHMENTS UNDER HIS LEADERSHIP ARE:**

1. The Korean war was brought to an end.
2. The foreign policy of the Administration has been such that since Eisenhower took office in 1953 no territory or country has fallen to the Communists. From the end of World War II until January 1953 almost one-fourth (1/4) of the land of the world fell under Communist domination. (Since a shooting war has developed between Israel and Egypt we need a man of experience to cope with this serious problem.)
3. Home and highway construction have reached record heights.
4. The National income is now \$333 billion a year.
5. Personal savings are the highest in history.
6. More than 65 million Americans are gainfully employed.
7. Wages are at a record high.
8. President Eisenhower has returned dignity and honor to the presidency.

**The Farm Situation As It Was In 1952 and As It Is Today—**

The figures below are so you may compare what the farmer is receiving today as compared to the war year of 1952:

— 1952 —		— 1956 —	
Under Truman and War:		Under Eisenhower and Peace:	
FARM PRICES OCTOBER 30, 1952			
Chicago Wheat, Dec. Futures	\$2.37 1/2	Chicago Wheat, Dec. Futures	\$2.34 1/4
Chicago Corn, Dec. Futures	\$1.65 1/2	Chicago Corn, Dec. Futures	\$1.37 1/2
Plainview Milo	\$2.70 cwt.	Plainview Milo	\$1.90 cwt.
Plainview Cotton	\$34.64	Plainview Cotton	\$31.54
Plainview Cottonseed	\$70.00	Plainview Cottonseed	\$60.00
Fort Worth Good to Choice Steers	\$20.00 to \$24.00	Fort Worth Good to Choice Steers	\$16.50 to \$23.00
Fort Worth Top Hogs	\$17.60	Fort Worth Top Hogs	\$15.75

We have under the new farm program the soil bank. This part of the farm program was designed to conserve the soil for our future generations. The farmers in 1956 have received more than \$100 million dollars under this program.

In some of the democratic political speeches of 1952 we were told that if a Republican president were elected we could expect depression, disaster and ruin.

In 1956 we have under the Eisenhower Administration peace, prosperity and the hope of a continued sound economy which is not based upon war and bloodshed.

Remember — Communism is our common enemy — and remember — it was Richard Nixon who put Alger Hiss in jail, and in doing so embarrassed many liberal columnists and "fair dealers" who labeled as "Red Herring" Republican attempts to expose Communism in Government.

### Youth Collects \$125 For CROP

Thirty young people, representing the Baptist, Methodist, Presbyterian, and Church of Christ churches, canvassed the city's residential sections Monday night and collected \$125.53 for CROP.

The local youth drive was one of many being undertaken throughout the country for the Christian Rural Overseas Relief Program.

After collections were made, participants assembled at the

Methodist Church for refreshments and group singing. Oneeta Yates and Joan Dudley, leaders in the drive, announced their appreciation to the Cloverlake Company for milk cartons used in the campaign, to Borden's and Tennessee milk companies for their contribution of chocolate milk, to Sherman Food Mart for donating Cokes, and to all others who cooperated in making the undertaking a success.

### Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday: During the last few weeks I have heard so many different political experts that I nearly get confused sometimes. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no-bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doin'?" (Doc's a big Eisenhower man.) Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,

### Cub Scout Pack Has Supper Meet

A hamburger supper was given for the Cub Scout pack at Clara's Cafe Monday night, with Charles McClain, cubmaster, in charge of the meeting.

Mrs. Quentin Redinger's Den 5 was in charge of the entertainment.

Cub Scouts receiving awards were as follows: Ricky Skelton and Tommy Ray, wolf badge; Clyde Galloway and Bill Cox, bear badge; and Ronnie Redinger, gold and silver arrow.

It was announced that \$243.40 was cleared in a rummage sale sponsored by the den mothers last Saturday. Helping with the sale were Mesdames Howard Hall, Carroll Cox, Cecil Galloway, Jim Fite, James Hall, Quentin Redinger, Milton Hines, Dean Dellis, Bill Kemp, Ann Pavelka, Earl McClain and Jeff Marshall.

Another rummage sale is scheduled for this Saturday, site of which is the corner of the hospital grounds. Additional clothing is needed and if anyone has clothing to donate, Mrs. Howard Hall or any of the den mothers can be contacted. Arrangements will be made for the clothing to be picked up.

A den mothers' meeting was announced for 2 o'clock Tuesday afternoon, Nov. 6, at Clara's Cafe. The meeting is open to any Cub Scout mother who wishes to attend, according to Mrs. Hall.

### Mission SS Has High Attendance

Previous attendance records for the Mexican Baptist Mission Sunday School were shattered Sunday morning, Oct. 28, with 138 in attendance, according to Bro. Glen Godsey, pastor.

The previous high was 126 two years ago. Average Sunday School attendance for October was 111. Godsey stated, "The auditorium was filled and overflowing for the preaching hour Sunday."

Godsey announced that there will be a baptismal service Sunday night, Nov. 4, by the mission in the First Baptist Church.

## Miss Sue Chapman and Charlie Shelley Are Wed Recently In Houston Home Ceremony

Wedding vows for Miss Sue Chapman and Charlie Shelley were read in the home of the bride's parents on Oct. 20 in Houston.

Parents of the couple are Mr. and Mrs. H. W. Chapman of Houston and Mr. and Mrs. A. W. Shelley of this city.

For her wedding costume, the bride wore a gray-blue suit with navy accessories, accented with a white orchid corsage.

Attending the bride as maid of honor was Miss Charlene Cotton of Houston. Gerald Reifel of Fairbanks served as best man.

Wedding guests included the bridegroom's parents and forty other relatives and friends.

The bride has attended Baylor and the University of Houston. The groom, a 1954 graduate of Olton High School, was a Rice Institute student for two years and is now attending Hardin-Simmons University.

For the remainder of the school year the couple will make their home in Abilene.

## Hobbies To Be Theme Of Club

"Family Hobbies for Family Fun" will be the theme of the New Century Study Club as it meets Wednesday afternoon, Nov. 7, at 2:30 o'clock in the home of Mrs. Bill Kelley. Mrs. Ed Thompson will serve as co-hostess.

Mrs. Sammy Hale will have charge of a display of hobbies and a discussion of family hobbies will be conducted by Mrs. Murray Snyder and Mrs. Hale. Fruitcakes are still being sold by members of the club, these cakes selling for \$1.50 each.

## Halloween Party Fetes Young People

A "Halloween Night of Horror," under the direction of Mrs. Charles Loveless, entertained the young people of the First Baptist Church Monday night, the event being staged in the basement of the church.

Sandwiches, cocoa, potato chips, cake, candy and gum were served. The party closed in a friendship circle with a "Thought for the Day" and a prayer.

The following young people attended: Harold Dean Carson, Dorothy Gray, Judy Price, Linda Kemp, Alvin Wallace, Jackie Pinson, James Ray Hyatt, Joyce Nicholas, David Price, Kay Sherman, Jack Hysinger, Janice Ford, Sandie Loveless, Dan Wallace, Jerry Fancher, Elmer Houston, Douglas Smith, Jerry Moore, Martha Hyman, Doniece Silcott and Joe Miller.

**LIONS CLUB TO WELCOME DIST. GOV. STARK**

Don B. Stark, District Governor of District 2T-1 of Lions International, which includes 82 clubs in this section of the state, will visit the Olton Lions Club at its regular luncheon meeting on Tuesday, Nov. 6.

The purpose of his visit will be to advise and assist local officers, directors, and club members on matters pertaining to administration and to the Lions' far-reaching program of humanitarian service.

A cabinet manufacturer with offices located at Amarillo, Stark

is a member of the San Jacinto Lions Club. He has served as president, secretary and zone chairman of the Lions Club, is a Methodist, and an American Legion member. He is married and has three children, Donnie, Sara and Florence.

Stark is one of the 293 District Governors who supervise the activities of 12,415 Lions Clubs. Lions International was formally founded in 1917 in Dallas, and during the past 39 years has become the largest, most active and fastest growing service club organization in the world. As of June 30, 1956, there are Lions Clubs in 75 countries or geographical locations of the world with a membership of over 546,447.

Special mission of the Lions Club is the promotion of good government and good citizenship, the development of civic, educational, social and moral welfare of the community and nation, and to help create and foster "a spirit of generous consideration among the peoples of the world." Slogan of the International Association of Lions Clubs is "Liberty, Intelligence, our Nation's Safety." Its motto is "We Serve."

As an active unit of the International Association, the Olton Lions Club, headed by Basil Sherman, has a membership of 43.

**Bracero Buying Habits Indicate Their Fondness For Children**

With fall activity at its peak and the tempo of life supercharged in this bustling farming community, one of the happy aspects of the season is the jangle of cash registers in the downtown stores.

A goodly number of this influx of shoppers is the hundreds of "braceros" that are part and parcel of the fall scene in the community. These men from south of the border flock into town in droves, with money in their pockets and with fixed ideas as to what they want to buy.

After interviewing several merchants, it was learned that the buying habits of these braceros indicate certain outstanding characteristics that are inherent in them—such as their great fondness for children, their fascination with anything mechanical, a weakness for gadgets, and a sharp eye for quality merchandise.

When the braceros first arrive they concentrate on work clothes,

and finding this climate cooler than their homeland's, they hurriedly buy denim jackets, sweat shirts, and other cold weather apparel.

Next on their buying program are metal footlockers, suitcases, and canvas bags, and the chief requirement is that they be equipped with locks.

After the necessary work clothing is squared away, they begin to stock up on dress clothing. And, according to Bill Jones and Ezra Whittington of local department stores, shoddy merchandise or price haggling is out of the picture—they're shrewd shoppers and give clothing close scrutiny. They turn up shirt cuffs to observe the finish work and closely examine seams of everything from trousers to gloves.

Quality dress clothes are the demand—gabardine trousers, well-tailored western shirts and khakis, good felt hats, and leather jackets. Merchants were unanimous in the opinion that braceros, though they get great fun out of trying to get a nominal price cut, are not "price conscious" as long as the merchandise pleases them.

Their method of getting fitted in trousers and shoes is contrary to the usual way. After being measured for proper shoe size, they demand smaller sizes until they can barely squeeze into a shoe and their toes reach the very end. To check a trouser waistline, they crook their arm, and if the inside of the waist is a snug fit from wristbone to elbow, they'll grin their approval.

In the novelty line, fancy and jeweled cigarette lighters lead the field, followed by knives, billfolds, playing cards and dice. Barber scissors and hair clippers move out fast, especially if they are foreign made; the tree emblem of the Bokur Company of Germany will assure a sale in these items.

Braceros buy heavily for their children according to Major James of White Auto and Bob Duncan of Boulter's 5 & 10c Store. Dolls and battery-operated or mechanical toys constitute much of this buying as they are

either very expensive or unobtainable back home. Battery-operated toys are especially mysterious to them; they are seemingly unable to understand how they operate and always search for a wind-up key.

They choose the heavy-built trucks and cars for their "munchachos," knowing that they must last until they return to the States. Too, they take much clothing, mostly jackets and jeans, back to their children.

Wives back in Mexico get treated with plastic tablecloths, head scarves, black-heeled nylon hosiery, pinking shears, and great quantities of quality piece goods, usually rayon gabardine, taffeta, and disciplined cotton. One customer, for instance, purchased 35 yards of top-quality rayon gabardine; many wives make dress trousers for their husbands out of this material. Whittington stated that there is great demand for pattern books; they take them back to their wives who make garments by looking at the pictures.

James said that small tools dominate much bracero buying in his store—screw drivers, levels, small hammers, cheap saws and tool sets. These small hand tools they carry back to Mexico and use them to build their own homes.

A marked characteristic of the bracero is his aversion to red. They are superstitious because of its association with bullfighting and are ridiculed by fellow braceros if they wear the color. Blue is their preferred color with green as second choice.

All in all, the composite opinion of Olton merchants is that the bracero is a fine fellow, with a keen sense of humor in any language, and, as a customer, is as congenial as they come. And as one merchant put it, "You don't sell the bracero, he sells himself."

**Ground Observer Corps Volunteers To Meet Tues.**

An initial meeting to establish a Ground Observer Corps in Olton is scheduled for Tuesday evening, Nov. 6, at 8 o'clock in the fire station, under the direction of Sgt. Alvin G. Doyle of Amarillo.

Although members of the Olton Volunteer Fire Department plan to cooperate with this civil defense effort, the meeting is primarily for any civilian who wishes to volunteer to help operate an observation post in Olton. This first meeting will be one of orientation and the following two meetings will be actual training classes in civilian air defense.

In this area observation posts are being established in Littlefield, Amherst, Sudan, Earth and Olton.

According to Sgt. Doyle, the Ground Observer Corps is the grassroots element of the nation's air-defense system. It is made up of hundreds of thousands of patriotic Americans who have volunteered a part of their spare time to protect our nation from the devastation of a surprise enemy air attack.

which seem odd to us—call them superstitious, foolish, unrealistic; the truth of the matter is, we are about the most unrealistic group of people in the world when it comes to holidays.

Take Hallowe'en for instance. Ghosts? Witches? Goblins? The word itself means "holy eve." October 31 is the eve of November 1, which was originally observed by Roman Catholics as All Saints Day—a strictly religious observance. It was believed the saints visited on this earth on that day, doing both good and not-so-good deeds, but in effect, seeing justice done. So the day was believed holy.

Then of course one thing led to another, until October 31 was accepted as the night on which ghosts walked the earth in a path of fright and terror. Things almost got out of control for a while when it was used as a time for mischief and foul play, and very unnecessary damage and even bodily injuries resulted from Hallowe'en tricks and pranks.

In just the last few years, the "trick or treat" practice has eliminated most of the Hallowe'en property damage and ill-doing. So what does it boil down to? Make-believe witches and hobgoblins really got something started. A festivity that began as a religious holiday now ends up as a gay time of bobbing for apples, stringing popcorn, making jack-o-lanterns, and masquerading.

Well—like I said: Americans are funny people. i-t-o

### WMU Meets

HART CAMP—A general WMU meeting was held recently with Mrs. H. Barker reviewing the yearbook for the Texas WMU of 1956-57.

A fellowship period followed with refreshments of coffee, cocoa and cookies being served by the Rose Navanjo circle.

Present were Mesdames D. Parkey, C. H. Vanlandingham, E. P. Oliver, B. Martin, R. Osthus, Junior Muller, H. V. Lynch, R. S. Moore, and Timmins.

Mrs. H. V. Lynch will discuss the mission book, "Japan Advances," at the general WMU meeting to be held Monday, Oct. 29, at 1:30 p. m. Fellowship period will be in charge of the Ida Davis circle.

### NEW DAUGHTER

Mr. and Mrs. Joe Hall are parents of a girl, Dee Lynn, born Friday, Oct. 26, at 11:17 a. m., in Olton Memorial Hospital. She weighed 9 pounds, 11 ounces.

### FFA BOARD TO START DRIVE SOON

With reference to the FFA Board of Directors' plan to purchase a five-acre tract of land for use of FFA and 4-H members, Owen Norfleet, member of the board, stated Tuesday that "people are being very receptive to our efforts."

It was reported that the land, belonging to L. R. Goynes, has been surveyed and the abstract is being drawn up.

Although contributions are now being taken at the gins toward making up the \$2,000 purchase price of the land, Norfleet said that the board plans to conduct a concentrated drive in the near future.

Members of the FFA Board of Directors are Wilton Bodkin, Luis Hair, Gordon Thomas, Owen Jones, H. B. Carson, W. B. Dickenson, Jr., J. C. Hamby, Doyle Pinson, Norfleet, and Merrill Brigrance, president.

### IN ENMU BAND

John Estes and Jim Priest of Olton are members of the 70-piece marching band from Eastern New Mexico University which accompanied the ENMU Greyhounds to Denver Saturday to play the Air Force academy. The band performed a special half-time show featuring jet planes, horses, spurs, and western hats.

### Charlotte Porter Honored By YWA's

Honoring Charlotte Porter, who is moving to Halfway, the YWA's gave a come-as-you-are party recently in the home of Mrs. William DeBerry.

Those present were Janice Ford, Sandie Loveless, Mary Jane Adams, Kay Sherman, Donice Silcott, Martha Hyman, and Mrs. DeBerry.

After a short devotional, cocoa and doughnuts were served.

### INITIATION HELD FOR GA's

SPRINGLAKE — An initiation service was held by the GA's recently in the First Baptist Church.

Dressed in green skirts, white blouses, and gold ties, the girls presented the program around a gold decorated table which was placed on the center of a large star. Centering the table were tall green candles. A bouquet of fall flowers arranged with white candles completed the decorations.

Mrs. Billy Watson presented piano selections. WMU members taking part in the program were Mesdames Troy Blackburn, W. T. Clayton and John Williams. Counselors were Mrs. H. A. McClanahan and Mrs. Ernest Green. Mrs. W. T. Jones and Mrs. Ernest Baker served punch and cookies to about 30 people.

### Enrollment Reaches Peak Of 1308

Total enrollment of the Olton Public Schools has reached a total of 1308—1224 in the white schools and 84 in Bohner School. According to Supt. Carl Macon, all school rooms are filled and the back end of the fire station is being utilized to house the transient students, grades one through four.

The Olton school area covers 288 square miles and borders the Littlefield and Spade districts on the south; Plainview, Cotton Center and Hale Center on the east; Hart on the north; and Springlake on the west.

Fourteen buses are in operation with 731 students riding the buses each day. During the school year, these buses will cover 175,000 miles bringing the children to school and delivering the home.

The longest bus routes are those driven by the two Bohner bus drivers, with each driving 55 miles a day on the one-way trip, making a total of 110 miles per day each.

According to grades, the Olton Public Schools, not including Bohner School, have enrollment as follows: First, 190; second, 128; third, 155; fourth, 139; fifth, 98; sixth, 73; seventh, 97; eighth,

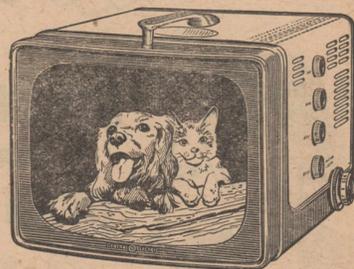

94; ninth, 74; tenth, 71; eleventh, 61; and twelfth, 44.

Average daily attendance was over 100 more for the first six weeks' period, ending Oct. 5, than that of the first period of 1955-56.

A low-slung beauty with Flight-Sweep style: Swept-Wing '57 Dodge Custom Royal Lancer 2-Door.

It unleashes a hurricane of power  
It breaks through the vibration barrier  
It is swept-wing mastery of motion

## SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance? How do you explain its newness when everything about it is new? On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today . . . now at your Dodge dealer's!

# Olton Mustangs Down Tulia Hornets 32-0 In One-Sided Game At Mustang Stadium

The Olton Mustangs sliced through Tulia's Hornets like a hot knife through cold butter last Friday night as the Mustangs trimmed hapless Tulia 32 to 0 at Memorial Stadium here in Olton.

It was a night for Teddy Jack Estes to remember. The big Mustang co-captain scored four of Olton's five touchdowns and turned in a bang-up defensive job for his team.

Estes scored Olton's second touchdown on a two-yard plunge in the opening quarter. He snagged a pass from Quarterback James Ray Hyatt and skipped 35 yards to score in the second quarter. He stepped across the goal line just as the final second of playing time ticked away.

With 2 minutes and 8 seconds gone in the third period, Estes scampered 32 yards for his third touchdown of the evening. Early in the fourth quarter he went over with his fourth touchdown from five yards out. He got good blocking support throughout the game.

It was Olton's line-plunging, yard-grabbing David Price who scored the remaining Mustang tally. Price ran 19 yards for the first marker early in the opening period.

Two extra points came from the able toe of Jack Royce Straw who went in only on conversion plays.

Tulia took the opening kickoff but were forced to kick after picking up one first down and then failing to move. Estes returned the Hornet punt to the 32 yard line.

Dan Wallace picked up a first and 10 but the play was nullified by a backfield in motion penalty. Hyatt tried a pass but it rolled incomplete. Wallace picked up 12 and made it third and three. Estes picked up a first and 10 on the 20 yard line.

Price fell on an Olton fumble on the 25, where it was second and 15. Estes moved for 6 and it was from that point that Price scored Olton's first touchdown. Straw converted and Olton led 7 to 0.

The Tulia ball carrier was downed on the 18 yard line on the kickoff play. Four plays later the Hornets kicked out and Estes returned the punt from his own 40 to the Tulia 40.

Olton's Four Horsemen, Price, Hyatt, Estes and Wallace, on a series of carries placed the ball on the two yard line and from there Estes went over to score with four seconds of the second quarter gone. The kick was wide and the score stood 13 to 0 in favor of Olton.

The Hornets returned Olton's kickoff to their own 30 only to lose the ball a short time later when they punted out of the end zone. Two plays later, Wallace fumbled and Tulia's Nelson recovered on the 21.

When both passing and running attacks failed, Olton took over again on downs on the original line of scrimmage and staved off Tulia's most serious scoring threat.

The third Mustang touchdown was set up by a pass interception by Thurman Adams deep in the second quarter. Adams intercepted the Hornet pass on his own 35 and ran it back to the Tulia 30 before being hauled in.

Olton's touchdown play went into motion with eight seconds remaining on the clock in the first half. Hyatt faded and tossed to Estes on the 35 yard line. Estes went all the way, stepping across the double stripe just as the half-time buzzer sounded.

Again the Mustangs failed to convert and the score stood 19 to 0 at the half.

Tulia received the Olton kickoff to open the third period of play. They were forced to kick on a fourth down play and the kick was blocked by Olton.

The Mustangs got the ball on the Hornet 32 and on the first play, Estes skirted his own left end for a touchdown to set the score at 25 to 0 with 9:52 left in the third quarter.

Estes scored again in the fourth quarter and Straw's kick was good to set the score at 32 to 0 in favor of Olton.

That ended scoring in the ball game. Determined not to be shown up by an underdog Hornet team, the Mustangs were over-anxious at times during the ball game and drew more than a normal amount of penalties.

Jerry Edmonson played a good game on defense as did Thurman Adams and Clinton Billingsley. Billy King, Jack Hyatt and David Miller opened some wide gaps in the Tulia line of offense.

Coach Joe Turner cleaned his bench in the fourth quarter, giving the reserves a work out.

TO CROWELL  
Bro. Russell McAnally, pastor of the Olton Methodist Church, was called to Crowell last week to assist with funeral services for Mrs. U. R. Rader.

## LETTERS to the EDITOR

Dear Editor:  
It is the right of every American citizen to be what he is capable of being, by that we mean, he may become President or he may be a concert artist if he is able to supply the talent.

We are of the opinion that very few people choose a career solely for the money involved. Human nature does not permit a person to do a thing for a very long period that does not catch his interest, or to do something he or she has no talent for.

Teacher Retirement Amendment is a definite benefit for the teacher and will afford the teacher a sense of security in old age or when he retires, but proponents say we must vote for this amendment for the purpose of holding what teachers we have and to encourage pupils to enter the teaching profession.

There is not enough money or cash involved to do this. If we of the community of Olton are able to raise the salaries of our teachers, we are affording them the opportunity of saving or by investing in insurance to prepare for their retirement or old age.

It is indeed an alarming thing to consider the shortage of teachers and the increase of our school enrollment each year. Our school plant is impressive, to consider the size of the town, but we must consider our school district.

To lose sight of the fact that teaching is a profession involving special attainments or discipline, is to destroy our main objective, which is to secure the best teachers possible—to train and discipline our children the twelve years they are in public schools.

A teacher does not pay Social Security because it must be set up by the local community and would be an expense to the

community under the conditions that we pay Social Security. Whatever our decision on Nov. 6—let it be one that we have investigated as to what our teachers are now receiving in salaries and what the present retirement is. We must not endorse the policy of the highest salary or the most benefits to get our children to teach.

We must when seeking a teacher for Olton, stress the fact we are paying a salary we think we can afford . . . we have a

good plant which is growing, a community that takes pride in its school and teachers.

The compensations are many for living in a small town. These things will attract the capable teachers and the man or woman in this profession who has a deep sense of responsibility toward his or her family and future.

Sincerely yours,  
Mrs. Elaine Pinkerton

You are a free Texan . . . You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon—then cast the rest of your ballot for the Democratic nominees—that is your privilege. Don't let anyone tell you otherwise! **BY LAW YOUR VOTE MUST BE COUNTED.**

She said his condition is as good as can be expected under the circumstances.

own taxable property in said town and who have duly rendered the same for taxation:

TAKE NOTICE that an election will be held in the Town of Springlake, Texas, on the 17th day of November, 1956, in obedience to a resolution and order duly entered by the Town Council on the 29th day of October, 1956, which is as follows:

**RESOLUTION AND ORDER FOR TOWN BOND ELECTION THE STATE OF TEXAS, TOWN OF SPRINGLAKE, COUNTY OF LAMB.**

ON THIS, the 29th day of October, 1956, the Town Council of the Town of Springlake, Texas, convened in special session, at the regular meeting place thereof in the Town Hall, there being present and in attendance the following members, to-wit:

Hershal Sanders, Mayor; Jesse G. Watson, Grant Lott, Roy Byers, James Busby and Billy E. Burrow, Aldermen, and with the following absent: (none) constituting a quorum; and, among other proceedings had, were the following:

Alderman Byers introduced a resolution and order and moved its adoption. The motion was seconded by Alderman Watson. The motion, carrying with it the adoption of the resolution and order, prevailed by the following vote:

AYES: Aldermen Watson, Burrow, Lott, Byers and Busby.

NOES: None.

The RESOLUTION AND ORDER is as follows:

WHEREAS, the Town Council of the Town of Springlake, Texas, deems it advisable to issue the bonds of said Town in the following amounts and for the following purposes, to-wit:

\$34,000 revenue bonds for the purpose of purchasing and constructing a Waterworks System in and for said Town; and

\$16,000 general obligation tax bonds for the purpose of purchasing and constructing a Waterworks System in and for said Town;

Therefore, be it resolved and ordered by the Town Council of the Town of Springlake, Texas:

**Section 1:** That an election be held on the 17th day of November, 1956, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this resolution and order, at which election the following propositions shall be submitted to the qualified electors of said Town, who own taxable property therein and who have duly rendered the same for taxation:

**PROPOSITION NUMBER 1**

"SHALL the Town Council of the Town of Springlake, Texas, be authorized to issue Thirty Four Thousand Dollars (\$34,000) of revenue bonds of said Town for the purpose of purchasing and constructing a Waterworks

System in and for said Town; said bonds to mature serially over a period of years not to exceed thirty (30) years from their date, and to bear interest at a rate not to exceed Five Per Centum (5%) per annum, payable annually or semi-annually; said bonds to be special obligations of the Town of Springlake, payable as to both principal and interest solely from the revenues of the Town's Waterworks System; and shall the Town Council of said Town be authorized to encumber the Town's Waterworks System, or the revenues thereof, or both, for the purpose of securing the payment of principal of and interest on said bonds, said encumbrance on said revenues to be an exclusive first lien on and pledge of said revenues, after deduction of the reasonable expenses of operating and maintaining said Waterworks System, as said expenses are defined by Statute?"

**PROPOSITION NUMBER 2**

"SHALL the Town Council of the Town of Springlake, Texas, be authorized to issue Sixteen Thousand Dollars (\$16,000) general obligation tax bonds of said Town for the purpose of purchasing and constructing a Waterworks System in and for said Town; said bonds to mature serially over a period of years not to exceed thirty (30) years from their date, and to bear interest at a rate not to exceed Five Per Centum (5%) per annum, payable annually or semi-annually; and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

**Section 2:** That said election shall be held in the Busby Motor Company on US Highway 70 in the Town of Springlake, Texas, and the entire Town shall constitute one election precinct.

**Section 3:** That the following named persons are hereby appointed officers of the election, to-wit:

MILDRED GOFORTH, Presiding Judge; LOIS RUDD, Judge; and JEAN BYERS, Clerk.

**Section 4:** That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the Town, and who have duly rendered the same for taxation, shall be qualified to vote.

**Section 5:** That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots

**Amendment And Safety To Be Topics Of P-TA**

Traffic safety and Constitutional Amendment Number 4 will highlight the program of the P-TA meeting in the high school auditorium Thursday afternoon at 3 o'clock.

A safety quiz will be conducted by Mrs. Fred Thompson, P-TA safety chairman, and V. L. Smith will give a brief talk on the subject of safety.

Mrs. E. R. Higgins will discuss the Teacher Retirement Amendment which is to be placed on the Nov. 6 ballot.

This amendment, which will revise the existing teacher retirement program in Texas, has been endorsed by the Texas Congress of Parents and Teachers.

At the local level, the Olton P-TA is officially endorsing it at an executive committee meeting, according to Mrs. Robert Duncan, president.

"We hope that the votes of Olton citizens will indicate their realization of the critical shortages of teachers and the need for improved conditions so that we may hold the teachers we now have and attract others to the teaching profession," stated Mrs. Duncan.

**Mr. And Mrs. Wilbur Gallaway**

Dick Thomas says DeKalb Hybrid Corn paid off for him this year. His yield was 57 bushels of shelled corn per acre for a gross of \$89.19 per acre. He said he believes another watering would have increased his yield by a third and put it on equal par with his cotton as a money crop.

**HERE ARE 5 ADVANTAGES OF DEKALB CORN:**
