Blizzard Buries Parts Of Area In Swirling Snow Saturday Nite

A short but extremely intense blizzard sent gale winds howling and snow swirling across the area over the week-end.

A number of homes were damaged, livestock frozen or lost but there was little moisture benefit to the soil.

There were no cases of extreme hardship in Olton, according to Deputy Sheriff V. L. Smith. Apparently, heaviest damage was done to the ceilings of homes in the area. Driven by high winds, snow sifted through vents into attics.

The results were devastating. It was a sorry day for husbands. Many of them forced in by the bad weather, spent the day shoveling snow from the attics.

Monday and Tuesday were even sorer for those who did not shovel Sunday. In many instances, sheet rock ceilings came tumbling down. Furniture and carpet were damaged as well.

There were reports of livestock having drifted many miles with the wind. Fred Long lost 40 head.

They drifted about six miles northeast of his place.

"Snow drifted over the fences and they just walked out of the pasture," Mr. Long declared. One milk cow walked out of her pen over a drift of snow," he reported.

Mr. Long still has a Holstein cow missing. She's branded with a cross on the shoulder and an F on the ribs. Mr. Long lives six miles north and a half mile east of Olton.

The storm clogged the highways in the vicinity over the week-end. Most of the roads were cleared by late Monday afternoon.

School was closed here Monday. As far as The Enterprise could learn, none of Olton's churches held services Sunday.

As was the situation all over the area, the first thought of stalled motorists was to try to get to shelter, to a telephone, to some form of assistance. At one period Sunday morning just a mile or so out of Olton, 21 automobiles were stranded near the Oglethorpe home, some in ditches and some almost in the fields. Several, including local residents, and a man from New York, made their way to the residence for warmth, coffee, and to telephone for help. After the highway department cleared the road about 2 o'clock, some of the cars were pulled out by Lloyd Blackwell and Olton Butane trucks.

Sunday night, a butane truck, loaded with propane, was attempting to rescue a stalled pickup about four miles out from the city limits when the Good Samaritan act backfired. Blackwell was called out to tow in the truck—its clutch had gone out.

There's one man that can vouch for the tremendous strength of the Sunday morning blizzard. Curly Castillo, the Latin-American hired hand at the Elmer Moore farm, was attempting to walk to the house Sunday morning to join Mr. Moore in feeding the livestock when he got picked

Couple Offers 90-Acre Tract For Olton Recreational Use

A. D. Meltons Would See Area Playground Located On "Hill"

Olton community has been offered a 90-acre tract for a golf course, club house and recreation center. The offer came this week from Mr. and Mrs. A. D. Melton.

Mrs. Melton made the offer of the land, which lies two miles south and a quarter of a mile west of Olton, in a talk at Olton Lions Club.

In her offer Mrs. Melton did not specify how the land was to be improved and made into the recreation facility but considerable talk of a Country Club already is afoot.

Mrs. Melton said she and her husband were approached by some Olton men back in the 1930s on the matter of using the land for a golf course.

"That was during the depression and we were putting five children through school," Mrs. Melton reminisced. "We were milking cows to do it and we needed the land for pasture."

Mrs. Melton said she pondered the community's need for some time before mentioning the gift to her husband.

"When I told him what I was thinking of he just said, 'Well, it's your project. Put it over,'" Mrs. Melton reported.

Mrs. Melton said she and her husband would give a 99-year lease on the land with an option to renew as long as the land is being used for the purpose designated.

"We don't want anything for it," Mrs. Melton declared. "We just want a playground on the old hill for now and for future generations."

Mrs. Melton ended her talk with the assertion that much work and money will be required to develop the tract.

Volley Ball Tournament Starts Tonight

Following weeks of practice, twelve teams will participate in a volley ball tournament to get underway at 7 o'clock tonight in the school gymnasium and to continue through Friday and Saturday nights.

Six women's teams and six men's teams will compete in the event which is sponsored by the OHS senior class. Proceeds will help finance the annual senior trip. A \$10 entry fee is required of each team, to be paid to David Howton, senior sponsor, on the opening night of the tournament.

Tonight's schedule is as follows: 7 o'clock, Olton State Bank vs. Peggy's Beauty Salon; 7:45 Farmers Investment Corp. vs. Olton Butane; 8:30, Baptist men vs. high school boys; and 9:15, Higginbotham-Bartlett vs. Methodist men.

Other teams entering the tournament, play to start each evening at 7 o'clock, are the faculty, the Has Beens, high school girls, and a team managed by Clovis Poteet.

Trophies will be awarded first and second place tournament winners.

IMPROVED CONDITION

Raymon Long, recently burned in an anhydrous ammonia accident, was moved to his home from Olton Memorial Hospital Tuesday. He is considered in satisfactory condition.

Olton FFA boys have done it again!

This time they took some of the top honors in the Plainview Stock Show.

Houston Hamby exhibited a champion in the sheep show and also showed 9th and 10th place animals in the Southdown division. John Paul Jones exhibited a 13th place Southdown and a reserve champion Hampshire.

In the Berkshire division of the fat barrow show, Roy Neal Jones showed a third place lightweight and Gary DeBerry showed fourth and seventh place medium Berkshires.

T. J. Smith exhibited a fourth place Chesterwhite. John Adams showed a third place light Duroc and Ronnie Dennis showed a seventh place medium weight Duroc.

Carl Nafzger exhibited a 10th place Hampshire. Phil Neinst showed a sixth place Poland-China and Jerry Edmondson showed a first place Spotted Poland-China.

LOCAL TEACHERS TO BE INITIATED IN HONOR SOCIETY

As a singular honor in educational circles, two teachers in the Olton school system have been invited to become members of the National Honor Society for Women Educators.

Mrs. Carl Macon, seventh grade teacher, and Mrs. J. W. Dale, first grade teacher, will be initiated into the Gamma Iota chapter Saturday in Sudan.

Membership in the honor society is based on ability, scholarship, and community leadership.

BULLETIN

Information was received today that the Salk polio vaccine is available for use in the free vaccine program at the Olton schools, despite earlier reports from the County Health Officer that the program would be delayed for an undetermined time.

One o'clock, Tuesday afternoon, has been set as the time for the vaccination program to get underway at the school. Approximately 500 students from all three white schools and Bohner school will be administered the vaccine by a team of local doctors, Littlefield doctors, and nurses.

Mrs. Cecilia Roebuck, school nurse, requested that mothers not come to the school at this time as sufficient help will be provided.

Annual FFA Barbecue Sat. Night

Supporters of the 1957 Olton Stock Show will be guests of honor Saturday night at a barbecue supper at the FFA show barn here.

It will get underway at 8 p. m. Barbecue beef and mutton will be served. Entertainment will be furnished by the serenaders.

SINGERS, come on out and join the choir for the community Easter program to be presented on Easter Sunday. The next practice session is scheduled for Sunday afternoon at 3 o'clock in the high school auditorium. Your voice is needed!

The election will be held at the high school gymnasium. G. T. Sides is presiding election judge and Eldon Franks is assistant judge of the election.

That election, too, will open at 8 o'clock in the morning and the polls will close at 7 o'clock Tuesday evening.

The special election finds the contest in a large field of candidates centered principally around three men. Martin Dies is the champion of the conservative side of the Democratic party.

Dies gained prominence two decades ago when he warned America against the dangers of Communism. Dies has been outstanding in his battle against the Commies of this country.

Thad Hutcheson is the standard bearer of the Republican Party. His principal recommendation is his good nature and affable smile along with the block of Republican votes he carries in his pocket.

Ralph W. Yarborough is mentioned last but is in no wise the least of these three principal contenders. Judge Yarborough has led the fight against the corruption in state government and missed the Democratic nomination for governor by only 3,000 votes last summer.

Marvin Jones Dies In Plane Crash Thursday

Services were held Monday for Marvin T. Jones, 39, son of Mr. and Mrs. J. L. Jones of Olton, who was killed in a plane crash last Thursday morning near Moline, Ill., while attempting to aid another pilot.

A chief flyer with Deere and Co. of Moline, where he had been employed for the past ten years, Mr. Jones had gone up to help another Deere Co. pilot who was having trouble getting down the landing gears of his plane. The tail of his plane was torn off when he flew too close under the other plane trying to determine the landing gear trouble. The plane crashed from an altitude of 4,000 feet, killing Jones and two others aboard.

The jar from the collision caused the landing gears of the other plane to lower and the pilot landed safely.

Born at Lockney on May 5, 1917, he moved to Olton with his family 37 years ago. After attending school in Olton, he lived in Wichita Falls for several years before moving to Moline.

Survivors include his parents, wife, four children, a sister, and one brother, Buck Jones, stationed at Reece AFB, Lubbock. Burial was in the Moline cemetery.

We are sorry to hear that Dewayne Stiles underwent surgery Tuesday morning at the Olton Memorial Hospital. Hurry and get well, Dewayne. We are all thinking about you.

The students who went to the interscholastic meeting at Tulla Friday are back and brought with them seven firsts and several seconds and thirds. We certainly are proud of all who won such honors.

Did everyone enjoy the snow storm. I did, but I nearly wore out the floor, pacing from one window to the other.

The "E" team girls' basketball jackets came in Tuesday and the girls were simply tickled pink.

I hear Sharon and Karen Copeland and Margie H., and Billy, Landon and Sammie all went to the show Saturday night and nearly didn't get home. It took them well over an hour and they were quite scared. I can well imagine—having to drive in that blizzard.

Virgie Rogers and Tommy Wilson were seen together Friday night.

Juanelle Andrew and Edwin George were seen together also Friday night.

Who is this boy in Plainview that Darlene S. has been going with? What about this, Darlene?

Say, Jessie Thomas, do you have your eye on a boy at Halfway, maybe?

 JOE H. ALCORTA - APPRENTICE

Underwood's in Lubbock. After the meal there was a program on evangelism and the speakers were Travis Ham of Bula and Jim Green of Longview. There was a goodly number there with guests from Littlefield, Bula, and the neighboring towns. The YWA's were to babysit for the children while the meeting was in session.

MOTHER ILL

Mrs. Pearl Hair, mother of Wayne and Otis Hair, has been placed in a Frederick hospital following another heart attack last Friday. She had suffered an attack several weeks ago while visiting in Vernon but had been staying with relatives in Frederick, Okla., after being released from the Vernon hospital. BOVINA MEET

Attending a recent sub-district MYF meeting in Bovina were several Olton Methodist young people. They were Oneta Yates, David Miller, Devin McAnally, Winfred Hair, Marlon Green, Kayle McAnally, Joyce Curtis, Kay Howard, DeVery Daugherty, Manette Dennis, and Margie Carlisle. Accompanying them were Mrs. Russell McAnally and Mrs. Bill Yates.

"Love and Marriage" was the main speaker's topic of discussion.

THE MAN WHO OWNED MOBY DICK

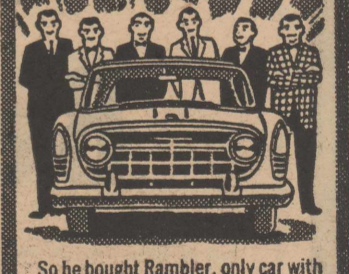

It was actually a too-big car. At gas pumps, it drank like a fish. So he called it "Moby Dick."

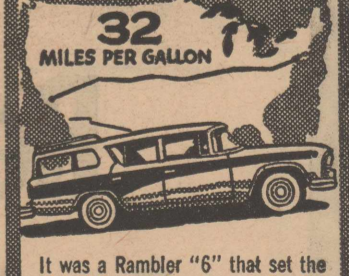

It even had fins like a fish. Parking it was like trying to squeeze a whale into a goldfish bowl.

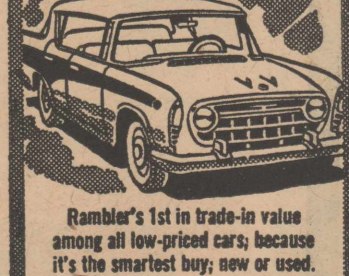

We thought about trading "Moby" for an economical little foreign car. It was too little for 5 kids.

So he bought Rambler, only car with room for six 6-footers, plus European car economy, handling ease.

32 MILES PER GALLON
 It was a Rambler "6" that set the NASCAR cross country record of 32 miles per gallon with overdrive.

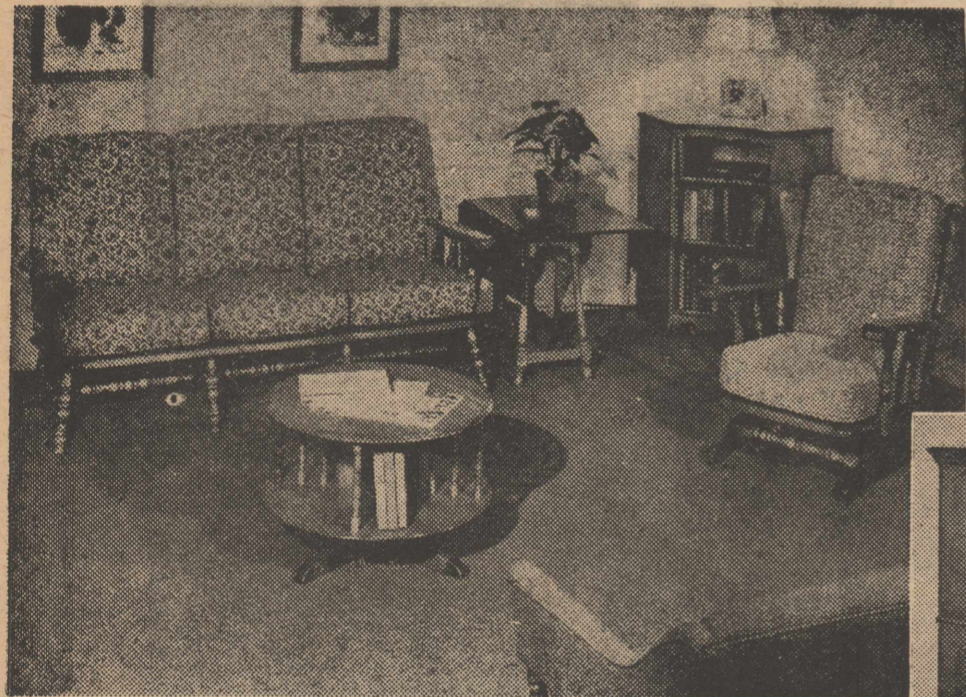

Rambler's 1st in trade-in value among all low-priced cars; because it's the smartest buy; new or used.

ironing things out
by korkye martin

Though this column avoids using material which someone else has already printed, this week presents an exception.

Loraine Meyer brought by these "Ten New Teen Commandments," clipped from some publication, so here they are:

1. Don't let your parents down, they brought you up.
2. Be smart, obey. You'll give orders yourself someday.
3. Ditch dirty thoughts fast or they will ditch you.
4. Stop and think before you drink.
5. Show-off driving is juvenile, don't act your age.
6. Pick the right friends to be picked for a friend.
7. Choose a date fit for a mate.
8. Don't go steady unless you are ready.
9. Love God and neighbor, and yourself you will favor.
10. Live carefully. The soul you save may be your own.

Pretty clever, huh? Of course, the real Ten Commandments apply to teen-agers, too.

And here's my own two cents

worth: I certainly do NOT think that youth is going to the dogs these days. There are problems, yes. There were problems in my day, when we were also accused of going to the dogs. There were problems in my mother's and daddy's day, when they, too, were believed going to the dogs. There were problems in Christ's generation, if the story of the prodigal son is any example (and I believe it is).

Maybe it has something to do with VALUES, and behooves us all to do a little checking up.

i-t-o

And then, my 'other bit of plagiarism this week is for the benefit of another set of citizens: mothers of small children. (If you can get your husband to read this, it might help him appreciate your day's work a bit more.)

My sister in Arlington, who has an 18-month-old son, Keith, and is having a hard time getting her Easter sewing done, writes:

"My sewing is sort of like following if Keith is awake:

1. Fill bobbin.
2. Thread machine.
3. Change Keith's diaper.
4. Give Keith a 'Koo-kee'.
5. Rip out first seam. Had wrong sides together.
6. Give Keith a drink of water ('aw-wah') after removing two bobbins from his mouth.
7. Pick Keith up, love and pet him after he has fallen over sideways in chair to watch me.
8. Stop to open closet door for Keith so he may get his little carpet sweeper ('kwok') to sweep up half box of oatmeal he spilled. Ugh!
9. A look at clock reveals it's bath and lunch time for Keith so 'Momee' puts away machine for the day or until she musters enough courage to try sewing again.

I could add more, and so could you. Exasperating, sometimes, isn't it? But adorable, aren't they?

(Mine's hovering right over the typewriter this minute, pushing the carriage in the opposite direction and turning it around as I type. Ah, well!)

i-t-o

Far be it from this humble writer to try to extol about our snow experience. Only wish to say that though many, many people and agencies worked heroically and sacrificially as Good Samaritans, my hat is off to the area radio and TV stations, without whose diligent service many rescues would have been impossible and many people would have been panicked and hysterical.

Sincerely, three cheers for radio and TV stations!

BOX SUPPER CELEBRATING GIRL SCOUT BIRTHDAY IS ATTENDED BY OVER 200

Emphasizing scouting as a family affair, a box supper attended by 200 Girl Scouts, Brownies, and their families, was held in the cafeteria on March 15 in celebration of the 45th birthday of the Girl Scouts of America.

In an election staged by the senior scouts, Dubb Granbery was named as Mr. Girl Scout. A penny for each vote was charged, the proceeds going to the Juliette Low fund.

Donna Smith, daughter of Mr. and Mrs. Cleo Smith, was awarded a Brownie necklace for preparing the "best Brownie box." A Girl Scout charm bracelet was presented Alice Ross Bryant, daughter of Mr. and Mrs. Leo Ross Bryant, for the "best Scout box."

The judges, V. L. Smith and Duane Eby, based their decisions on the appropriateness of the boxes to the scouting theme.

Each troop decorated the tables at which they and their families sat. Entertainment consisted of songs and skits by the various troops.

A traditional tiered birthday cake was furnished by Olton Bakery. Bell Milk Company donated the ice cream and Ed Thompson furnished napkins.

Refreshments were a birthday cake decorated in a fishing motif and ice cream.

Guests were Davey and Dinah Thompson of Tulsa, Jan Alene and Lewis Buenger of Fort Stockton, Diane and Donna Smith, Toni and Mike Fite, Jane McGill, Mary Ann McLaughlin of Plain-

ATTEND CHURCH SUNDAY

NEITHER HERE NOR THERE
by felicia duncan

There's no truer statement than that things or people must either go forward or fall backward... and we can be fairly sure that if we think we are just "holding our own" or standing still, the likelihood is that we are going backward or losing ground.

We received simultaneous notices this past week to choose substitute magazines to take up our unexpired portions of the Town Journal and Collier's subscriptions, two more magazines that have been dealt the death blow by rising costs and insufficient advertising revenue.

This is the fourth such notice we've received during the past few years—in fact, the Town Journal was our "substitute" for the bygone Holland's magazine. To say the least, it's always a trifle disconcerting. Somehow, well-known publications were to our mind sort of indestructible institutions, the thought never occurring to us that they might suddenly "cease to be." But by now, we're conditioned to the fact that publishing companies also have to struggle for existence and sometimes can't quite hold on. It's ironic that these prosperous years have been the Waterloo to companies that weathered the Great Depression.

"Course, we can sympathize—it seems that the more prosperous our nation becomes, the more difficulty we have in making our own ends meet. Guess we just aren't keeping up with the times.

The recent snowstorm proved again that your viewpoint on a situation depends on where you're sitting. As we were blissfully enjoying our own cozy little world over the week-end, finding much beauty in the whipping snow without, we found it most difficult to "face up" to all the death, destruction, and misery being dealt by the

fierce blizzard. To the hundreds of stranded motorists who were at the mercy of the elements, depending on rescue efforts for their very lives, we are sure it will always seem like a black nightmare. To the 91 people who were taken in by the Andy Brown family near Clarendon—truly a haven from the storm—this March week-end will be one they will never forget.

And what a story could be written about that strange week-end! No doubt, it'll be a story we shall never know, but can you imagine the vast mixture of thoughts that must have gone on in the minds of so many people placed together under one roof only through accident. People, strangers one to another, and yet bound together by a single need—that of preservation of life. There was no room for selfishness or idleness. Surely the Golden Rule pervaded in the "Brown Hotel," as was evidenced

by the good feelings voiced by all concerned when the wintry storm had subsided and they continued their separate ways.

Of a less serious nature, we wager there are numerous Oltonites who, at the first flurry of snow next year, will waste no time in boarding up the outside roof vents of their homes. Many a resident got an attic full of snow, leaving no choice but to "shovel out." True, there were several who did as we did—catch the drippings the first day in a vain attempt to dodge the inevitable. 'Twas no go.

Parting thought: If we made sure we exercised our bodies and minds in the same proportion as we do our tongues, we'd all be in fine shape.

Swing Mishap Injures Olton School Lad

Joe Bob Smith, nine years old, suffered a serious scalp laceration last week when he was struck by a swing at school.

The lad had been pushing two playmates, Kenneth and Steve Huckabee in the swing. He ran under the swing and was struck on top of the head by a protruding bolt.

He was taken to the office of Dr. B. J. Souders for treatment. His parents said 37 stitches were required to close the wound.

The little boy is a third grade student and son of Mr. and Mrs. W. C. Smith.

"It could have been worse," Joe Bob observed stoically. "My bus driver, Mrs. O. L. Scheller, gave me a model airplane and some candy. Mrs. Ebb Hayes gave me a dollar and my brother gave me a dollar."

WE MUST GO YARBOROUGH—

We take great pleasure in debunking some of the falsehoods and half truths told about Ralph W. Yarborough—the most logical man in this Senatorial race to represent Texas in the US Senate.

There is the story that Ralph W. Yarborough is a mud-slinger. Judge Yarborough simply has called a spade a spade.

He told us several years ago that the Shivers crowd was fostering some of the rottenest corruption in Texas in the last half century. Have events not borne out these statements?

He told us only last year that our present governor was nothing more than the Crown Prince of the House of Shivers. We submit that events since the gubernatorial election have proved Judge Yarborough correct.

Firstly Pious Price Daniels told the people of Texas an untruth when he said he would resign immediately after he was elected governor. Had he done this his successor would have been named in the general election last fall. Instead Pious Price chose to play politics in a manner costly to the people of Texas.

Next, Pious Price put on a big show of having fallen out with FALLEN ALLEN. He asked the state Senate to repudiate several of Shivers' appointments. The Senate did as requested and Price re-appointed those self-same Shivers appointees. Price has proved himself nothing more than a bugle boy in the same old Shivers camp.

The crowning piece of skullduggery since the first of the year came only a few days ago when Pious Price fell all over himself to accept the resignation of Representative James E. Cox of Conroe.

Cox was indicted on a charge of corruptly consenting to accept a bribe. When the governor accepted his resignation he automatically headed off the legislature from bringing impeachment charges against the Conroe legislator.

Impeachment is about the worst thing that can happen to an office holder. In this case it would have meant that the impeached never again would have been able to hold a public office in this state.

We bring this out only to say that Judge Yarborough has called the shots, fearlessly and correctly.

Then there is the story of some of the political fixers that Judge Yarborough is an incompetent.

We point with pride to Ralph Yarborough's record as a statesman, soldier and jurist. Members of the Austin Political Dark Brigade—repulsive to every respectable Texan—have tried without success to lay one single scandal at the feet of Ralph W. Yarborough.

And we might add that they failed to dig up anything to besmirch this Great American in spite of the fact that they had unlimited capital with which to pursue their investigations. They failed in spite of their access to all the state records, because it is a well-known fact that Ralph W. Yarborough is hated because he has continued to expose graft corruption in state government in spite of ridicule, pressure and coercion.

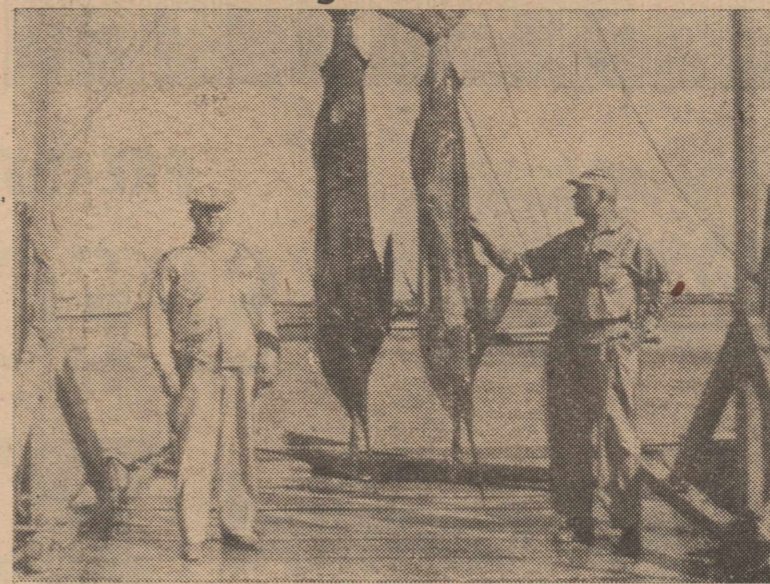

The daily press—paragons of virtue to hear them tell—have winked at such happenings as the Duval County mess, Veterans Land scandal and the Oil and Gas cartel which now rules Texas—would have you believe that Judge Yarborough is held in low regard by his associates and neighbors.

We know personally some of his associates and former neighbors. We know that Judge Yarborough is held in high esteem by both.

Judge Yarborough is a Christian and humanitarian with a keen insight into the problems facing the laborer, farmer and industry of this state.

Neither is Judge Yarborough out to ruin the oil and gas industry of Texas. Like most Texans, he is proud of our oil and gas. He just believes that all Texans and all Texas indus-

try should be equal under the law. Judge Yarborough is against corruption. He will carry to Washington the same high ideals which has won him the everlasting enmity of Austin's Dark Brigade.
