## MOORE GETS 35 YEARS; NO APPEAL MADE YET

A new trial has not been asked for by Tommy Moore, Curtis R. Wilkinson, county attorney, said this week.

Moore was sentenced to 35 years in state prison in connection with the Aug. 4, 1957 slaying of his wife, Sophia. Sentence was pronounced late Thursday night in the District Court of Judge E. A. Bills in Littlefield.

Following the trial, Moore's attorney, Billy Hall, announced that he had "10 days" to ask for a new trial. That time, of course has not elapsed. It's possible, Mr. Wilkinson explained, a new trial may yet be requested.

A Lamb County jury found Moore guilty of "murder with malice."

He was taken into custody by county peace officers following the sentence and has been in jail at Littlefield since. If a new trial is not requested, the Olton man will be transferred to the state penitentiary.

Unofficial sources say Doyle Moore, 17, son of the convicted man, will be quizzed by a grand jury in connection with discrepancies in his testimony during the trial of his father. The grand jury will be in session March 31.

The state asked for the death penalty in Moore's trial while the defense declared he killed his wife only in self defense.

## LIONS SELL LIGHT BULBS

Today (Thursday) is light bulb sale day for Olton Lions. Kicked off with a breakfast for members at 7:00 this morning in the Legion Hut, the sale features Sylvania bulbs.

The packages, containing nine bulbs each, are being sold for \$2. Regular retail price for the assortment of bulbs would be \$2.09, Lauis Hair, Lions president, said.

Included in the nine-bulb package are two 60-watt bulbs, two 75's, four 100's, and one of the 150-watt variety.

Lions held their regular Tuesday noon meeting at the school in connection with Public Schools Week. They ate in the lunchroom. The program was in the high school study hall.

Appearing on the program was a quartet of high school girls playing clarinets. The speaker was Henry McCarty, director of West Texas Audio-Visual Services at Texas Tech.

MISS THELMA FINDLEY, Southwestern Public Service Company receptionist here, displays sacks of bulbs which Lions Club members are selling today (Thursday). The packages, which contain nine bulbs each, sell for \$2.

# Board Establishes Junior High School

## School Board Race Draws 5 Candidates

Five names have been filed for election to Olton School Board. L. H. Neinast, V. Y. Jefferies, both incumbents; Lloyd Graham, Tom Carlisle and Dr. James E. Fite are the men seeking positions as school trustees. Two of the five will be elected.

Deadline for filing was 5:00 PM Wednesday.

For all candidates, petitions, containing the signatures of five or more qualified voters, were submitted to school officials.

The election is April 5. Election officials will be Witt Lacey, judge; J. Faye Moore and Era Mae Walthall, clerks.

Announcement of the candidates was made by Supt. Noel Johnson.

## PLAN GOES IN NEXT YEAR; ROBERT FISHER PRINCIPAL

Olton Schools will have a junior high next year.

School board members made that decision Tuesday night. Robert Fisher, who is now a teacher in the system, was named principal of the new division.

Junior high will consist of the sixth, seventh and eighth grades. It will be housed on the ground floor of the two-story school building which is known as the elementary building, Supt. Noel Johnson said in making announcement of the new plan.

Fisher has 31 years experience as a school teacher. Most of that time has been with the schools of Floyd County.

He was principal of the grade school here in 1944-45. After that, he taught in Floyd County and farmed until 1954 when he

returned here as a teacher. He has been with Olton Schools since.

This year, his duties include being senior class sponsor, teaching eighth grade girls physical education, eighth grade math, and eighth grade social studies.

Fisher holds a BS degree from North Texas State College. He has a major in government with a second major in education and a minor in history. Also, he needs only 12 credit hours to complete work on a MS degree from Texas Tech.

The eighth grade is housed in the high school building this year. This is an unusual situation, Johnson said, and it will be a part of the junior high next year.

Fourth and fifth grade sections will occupy the second floor of the "elementary" building when school begins next September.

In other Tuesday night business, school board members discussed a proposed building plan with architects. Jimmy Atcheson and Almar Atkinson of Atcheson, Atkinson & Cartwright, Lubbock, met with the group.

It was decided the FFA pickup will be sold. Sealed bids will be accepted through April 1. Bids will be opened at the April 1 meeting of the board.

Witt Lacey was named judge of the trustee election which is scheduled for April 5. Assisting Lacey will be J. Faye Moore and Era Mae Walthall. They will serve as clerks.

Plans were made to order two chassis for school busses. Bodies which the school district owns now will be rebuilt and repainted and mounted on the chassis. "Approximately \$5,000 can be saved by getting two new chassis instead of two completely new busses," Johnson said. "We've used this plan before and it has worked very satisfactorily."

Textbooks for the '58-'59 school year were adopted by the board. The books were recommended by the school district's textbook committee.

Members of the committee were Johnson, chairman; Fred Gordon, Jewell Dale, Lois Brice, Ethel Gordon, Lea B. Hooper, Alicia Reeves, Jewell Campbell, Naomi Cooner, Robert Fisher, Fred Mullinax, Linnie Campbell and David Howton.

## OCCA Establishes Rental Service

In an effort to be of service to rent property owners and to newcomers to the community, Olton Chamber of Commerce and Agriculture has set up records of rent property here.

Joe Wood, chamber manager, says a card file consisting of all the rent property in town, with descriptions, will be put into use when enough "listings" are made available to justify it.

Individuals who have rental property and wish to take advantage of this service should call the chamber, phone 5081, and give the facts concerning the property.

"We'd like to have complete records on all the rent property in town," Wood says. "We feel the idea can be a very worthwhile service when the people get in the habit of taking advantage of it."

## CCA DIRECTORS DISCUSS INDUSTRIAL FUND PLAN

Establishment of an "industrial fund"—to assist in Olton's growth—is being considered by Chamber of Commerce and Agriculture.

The idea was discussed at a CCA directors' meeting Tuesday morning in Ideal Cafe.

Chamber President Don Williams explained the plan. Individuals would make periodic, probably monthly, con-

tributions to the fund. The money would be used to attract industry, professional men, and possibly others, here.

Too, money would be loaned, not donated, to the fund. It should be set up so a contributor could get his money back if he decided he no longer wanted to participate, Mr. Williams said.

After short discussion on the matter, directors decided to present the idea at a general membership meeting. Such a meeting will be held in the near future. Joe Wood, chamber manager, was asked to select a date—preferably on a Thursday night—for the general meeting.

A Plainview dentist is reportedly interested in moving here. The directors discussed sending a committee to talk with the man and encourage him to establish practice in Olton.

The organization's financial statement was read and complaints of members were considered.

## Cooner President Of FFA Directors

B. C. Cooner was elected president of Olton FFA board of directors Monday night at a meeting in the agriculture department of the school. Doyle Pinson was named general superintendent of next year's show.

The '59 show was scheduled by the directors for the week-end in February "nearest to the 15th."

New directors are William DeBerry, Howard Hall, Don Spain and Henry Mathis. The same men were also named swine superintendents of next year's show. As directors, they succeed J. C. Hamby, who has served as president during the past year, Owen Norfleet, Gordon Thomas and Merrill Brigrance.

Other superintendents include Brent Burrow and Tom McGill, beef; Lauis Hair and Owen Jones, sheep; and Paul Hukill, rabbits.

Business conducted during the meeting included voting to wait until the "week after the show" to issue prize money checks. Purpose of this action was to avoid confusion during the show and to have more time to make sure no mistakes were made.

Also, the directors voted to send the auctioneers of the stock show sale, Raymond Aiken and Gene Harris, Plainview, gift certificates of \$15 each from a local store.

"Troubles" experienced during the recent show were discussed as were ways to avoid having the same situations come up again.

Hamby expressed his appreciation to the group for the cooperation he received during his tenure as president.

Plans were made for a barbeque honoring buyers and supporters of the show. It will be March 22.

Present Monday night were Hamby, Tom McGill, Pinson, Hair, Norfleet, Burrow, Henry Mathis, Hukill, Cooner, Hall, Jones, Thomas, Brigrance, and J. C. Lane and Harold Warren, FFA advisors.

DeBerry and Spain were unable to attend.

# FIVE HAVE ANNOUNCED FOR ALDERMEN POSTS

## Bohner Observes School Week

Public Schools Week will be observed at Bohner School with open house Thursday (today). Supt. Booker T. Graves announces. Parents are asked to visit the school during the day and listen in on instructions and to observe classroom work in general.

This evening at 8:00, there will be a P-TA meeting and open house for parents, as well as others, who were unable to attend during the day.

School will be conducted at

With the deadline for filing only hours away, five men announced as candidates for city aldermen posts Saturday.

The candidates, Major T. James Jr., Joe D. Chester, A. D. Adams, J. G. Cole and T. M. Campbell, are running for three posts on the city board which become vacant in April.

The election will be held in the city hall Tuesday, April 1. The top three vote-getters in the election will serve two-year

terms. Adams and Campbell are seeking re-election, Adams, however, has not served a full term. He has filled the unexpired term of E. L. Thompson, who resigned because he moved outside the city limits. J. C. Hamby, the third alderman whose term expires, is not seeking re-election.

Three members of the six man board are elected each year.

Officials for the aldermen election will be Howard Hall, presiding judge; Truitt Sides, assistant judge; and Faye Stone, clerk

Bohner Friday as usual. Since the West Texas Teachers' meeting is being held in El Paso, no one from here will attend.

Parading through the audience

BUY YANDELL HOME

Mr. and Mrs. Charles Sullivan have bought the W. H. Yandell house in west Olton. The Yandells have moved to Floydada where he is employed by a jewelry store.

with sundry stunts throughout the three-act meller dramma were Lloyd Trout and Dr. James Fite, as Indians. Koenia Schenck was the flirtatious calendar girl who signalled the spectators when to hiss the villain and cheer the hero.

Evidence that the cowboys and Indians were "playing for real" was revealed when Indian Trout showed himself at the window of the ranch cabin during the fracas and was shot by Cowboy Merrill Brigrance. The blast from the blank cartridge knocked him down and caused a blister on his forehead.

The comedy was directed by R. L. Fisher. Other performers were Mrs. Howard Buchenau, Mrs. Noel Johnson, Mrs. H. R. Curtis, Joe Turner, Mrs. Johnny Schenck, Mrs. David Grimsley, and Melvin Hines.

Following the production Friday evening, the cast and all who worked on the play were entertained in the home of Mr. and Mrs. Basil Sherman.

It was the final act of the P-TA play "The Wild and Woolly West" Friday night.

Feeling was at a peak; the plot was thickening; drama was gripping; the Indians were attacking the Bar None Ranch. The players were trapped, desperate, defenseless. One of them gasped:

"Who'll ride for help?"

And a little boy in the front row of the auditorium piped up: "I will!"

This, a few minor mishaps, authentic costumes and stage settings, enhanced the performance of the actors to provide an evening of genuine entertainment for a near-capacity audience.

Tickets were sold for 75 and 50 cents for a total of \$406 before expenses—a record sell-out.

Action—starring Basil Sherman, Mrs. James Fite, Cleo Smith and Mrs. Wayne Hair—took place on the high school auditorium stage, set for the first time with flats, built, designed and contributed to the school as the P-TA project for this year.

The flats—there are 11 in all—were painted like the inside of a log cabin. (A change of scenery may be obtained by merely painting over the canvas.) R. L. Fisher, Melvin Hines, Dr. James Fite, Cleo Smith, Lloyd Trout, Mesdames Basil Sherman, Cleo Smith, Carroll Cox and Melvin Hines prepared the flats.

The foyer to the auditorium represented the entrance to a Gay Nineties Opera House, complete with heavy drapes and gaudy posters. Mrs. Howard Buchenau decorated the entrance.

UP AND OVER

R. V. ALLCORN, left foreground, is one of the many players who will participate in the senior class-sponsored volleyball tournament that will begin in the school gym Monday, March 17. (See story in second section.) Allcorn is pictured practicing for the meet. Practice has been conducted by various teams for the past several days. Deadline for the teams to pay entry fees is March 10.

### Saunter With Sue

BY SUE MAY

Feel too excited to write this week!

Husband and I are gonna' buy a new house—and, golly, it's the most wonderful feeling! You wanta' giggle all the time and shout it to everyone you see that, "We're getting a new house!" At least, I do.

Can't even sleep nights, thinking of the ways I can arrange the not-too-much furniture; of making the curtains, etc. . . .

Almost as excited as I was before Carol and I were married—two years ago.

s-w-s

I've noticed lately that within myself I have voices! To go on and explain—I mean different voices for different occasions.

Take, for instance, the way folks address the elderly. It seems to be a universal conclusion that to be advanced in years means to be advanced in deafness. Whichever is presented to, say, a venerable old gentleman starts conversing in a deferential bellow. I know nothing makes me any madder than to have someone shouting to me as if I'm deaf and dumb—so it must get on these folks' nerves terribly. The opposite approach is the hospital voice of muted concern coupled with a note of awe indicating that to grow old

automatically means to grow holy.

Then there is the voice you use to your children when company is present. Like the little hints you give them so politely. Like, "Martha, darling, don't you think it's about time to go to bed?" When Martha thinks (and you're probably thinking it, also!) "Wonder why she doesn't say, 'You little pain-in-the-neck, get up to bed before I blister your bottom!'"

Certain variations in voices seem to be peculiar to male behavior—as the looking-forward-to-breakfast halloo, particularly on Pullman trains at an early hour when you're trying to sleep. As they march Indian file through your car, the leader calls out in the cry of a lumberjack polling in turbulent rapids, "Oh Boy! Am I looking forward to that cup of coffee!" Each member of the doughty crew echoes a yes sreee what isn't he going to do to those ham 'n eggs, and another waxes jubilantly to know what the betting is on old W. G. here having himself a big stack of pancakes.

I am aware that I have a voice like a five-year-old chewing bubble-gum when I get up to speak in front of a group. Why, I'll never understand, do I change my voice into that shrill little girl voice when I make a talk? It is nerve-racking. I try frantically to sound all-grown-up-like but only succeed in sounding like a child. Usually after the first two or three paragraphs, and I get a laugh or two from my audience (just a ham, I guess), then my voice goes back to its normal pitch. But before then, ohhhh! brother!

Women are not without their own peculiar noises of enthusiasm. Take, for example, the chance meeting of former schoolmates after several years. All of a sudden the staggering fact dawn that the one is . . . not surely Sally Smith!!! and the other . . . it isn't possible, Judy Jones!!! The emotion of recognition is expressed in the mounting shrill of gleeful and slightly hysterical siren.

A shameless weakness for dogs and cats sets me into a flow of baby-talk and babbling goo. It is almost too silly to mention! But I find many women—and men—do the same thing! My dogs I've had don't seem to mind my gurgling endearments, but my husband does! He thinks my household-pet-voice rather dreadful, being a stream of falsetto soprano. I have caught myself speaking to a dog on the street once. Finally there is my losing-

## OLTON ENTRY LIST LONG IN LAMB COUNTY STOCK SHOW

Olton entries in Lamb County Annual Junior Livestock Show, which will be in Littlefield Friday and Saturday, total 34 barrows, 13 lambs and four steers.

The animals from here will be exhibited by 30 different showmen.

Entries include, Nancy Brigrance, Angus steer; Devern Mandrell, two Poland China barrows; Carl Nafzger, two Hampshire barrows; Lonnie Miller, two Berkshire barrows and one steer; Joe Riney, two Chester White barrows; Fred Riney, two Chester White barrows; Phil Neimast, one Poland barrow; Jerry Mathis, one Berkshire barrow; Roy Neal Jones, one Poland China barrow; Jimmy Robbins, two Hampshire barrows; J. Curtis Hall, one Poland China barrow; Darryl Dennis, two Southdown lambs; John Lynn Burrow, one

interest voice, which is less a voice than a fade-out. This comes upon me when someone who just had an operation or just came back from a long trip . . . insists upon telling me the eerie details of the operation or a complete travelogue of their vacation. It is a funny feeling—like I'm standing listening to myself say, "You don't say?" or "My goodness!" or "Yeah" or "Uh, huh," or "I could listen to you all day, but . . ."

Beginning to think maybe it would help my different voices if I'd just quit talking altogether. But being as how Husband and my friends would dreadfully lonely if I quit talking altogether, think I'll keep talking for their sakes!

There is such a thing as "blue Monday" the psychiatrists say. People actually are "down-in-the-dumps" on Mondays, they say.

Saturday is a favorite day for most people. However, Friday is supposed to be a happier day than Sunday—this is supposed to be because Sunday is a more holy day and people are inclined to think of their sins and get sad. (But Sundays happen to be my favorite day of the week—my reason being selfish. Because Husband has that day off work.)

But people are actually more depressed on Mondays than any other day of the week. I'm normal then, 'cause I sure hate Mondays.

Well, as the man said when he swallowed a bar of soap, "That's Life-Boy!"

## Bohner Demons To Wrap Up Season Friday

Bohner's Demons, who are champions of District B-2, will play their final game of the season Friday at Lockney.

Their record now stands at 10-6. Losses were to Plainview, Floydada, Levelland and Anson.

Johnny and Travis Harris and Euel and Curtis Jackson were consistent standouts for the local team. There will be no graduation losses and Coach Woods is counting on Julius Sheffield, David Green, Cleo Logan and O'Hara Moore to aid in having a strong team again next season.

The Demonettes record wasn't as impressive. It was 2-7. Players for the girls team included Barbara Harris, Archie Garrett, Dorothy Hood, Estella Matlock, Little Bell and Ollie Menton.

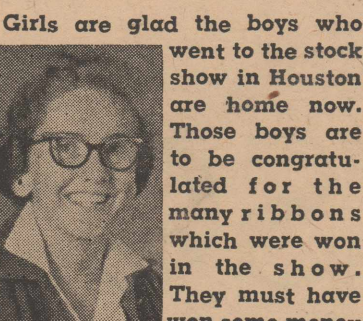

Nettie Sheffield, Lizzie Hawkins and Helen Hood are expected to play a part in making an improvement in next year's squad.

### IN TULIA

Rev. and Mrs. Russell McAnally, Danny and Gayle, and Marty Singletery were in Tulia Monday to hear the McMurry College Choir sing at Tulia High School. After the program they visited with the McAnallys' son, Devin, who is a member of the singing group. They also visited with Mr. and Mrs. O. V. Morris and Joe Don in Tulia.

## MUSTANG TALE

BY GAYLE McANALLY

Girls are glad the boys who went to the stock show in Houston are home now. Those boys are to be congratulated for the many ribbons which were won in the show. They must have won some money

too, for various gifts from Houston have found their way to the "girls that were left behind."

The new steady couples in OHS are Joyce Gray and T. J. Smith, and Nelda Green and Elton O'Neal. Both of the girls are wearing rings on chains around their necks but Joyce's is an ag ring, and Nelda's is a senior ring. Wouldn't a list of the steady couples be fun to watch? One week it might be a short list and then be a much longer list the next week.

Something else that is very interesting to note are the discussions on steady dating. One discussion will have two or three avid on the subject of not going steady, but in the next heated debate, they will simply not say a word, because well, draw your own conclusions as to why they are suddenly clams!

Remember when? From the March 1, 1956 Olton Enterprise teenage column: "Kay Sherman and Edward Feathergill are still seen together an awful lot. What about this, Kay? Flash! Seems like Jackie Pinson and Mary Scribner are getting up quite a case! Bobby Johnson and Alisse Smith are one of OHS's most "steady" couples. We're proud of you both! DeVery! Daugherty is back in school after having the bumps. We're glad you're back, DeVery!"

Together Saturday night were

Ronnie Dennis, Janet Oak; Harlan Carson, Sue Witten, Doug Smith, Gayle Machen; T. J. Smith, Joyce Gray; Jerry Fancher, Sharon Dennis; Elmer Houston, Maenette Dennis; Kent Wozencraft, Judy Moore; I. A. Webb, Janice Campbell; Mack McGill, Gayland Graham; Jerry Edmondson, Latrell Stewart; Don Kidd, Juanelle Hatley; Freddie Gordon, Koenia Schenck;

Houston Hamby, Charla Granbery; Jimmy Mann, Joy Doggett; Tommy Sluder, Jane Thurman; Charlie Giles, Donna May; Gerry George, John Wayne Hair, Jerry Mathis; Bill Boverie, Johnny Crawford; Jimmy Robbins, Juanelle Andrew; Harvey Garrison, Joyce Curtis; Bob Bowden, Carolyn Smith (Amarillo); and Syd Hair and Marty Singletery.

Arno Hall and Karen Smith were a new couple Friday night. But by Saturday night and Sunday afternoon they had made themselves "old timers" as far as dating several times goes!

Donnie Findley was with Patsy Whisenhunt of California Sunday evening and Sunday night.

Several Olton boys, and boys from the surrounding towns, attended the "drag" races Sunday afternoon. I think they were in Abernathy, right?

Judy Hendrick is moving to Brownfield today (Thursday). OHS will miss this petite cutie around the halls. She is a sophomore.

Friday night together were Jack Hysinger, Latrell Stewart; Harvey Garrison, Joyce Curtis; Freddie Davidson, Johnny Crawford; Kenneth McCool, JoAnn Buckner; Jimmy Robbins, Juanelle Andrew; Don Kidd, Juanelle Hatley; Joe Miller, Patsy Moss; Harlan Carson, Sue Witten; I. A. Webb, Janice Campbell; Mack McGill, Gayland Graham; Hayden Hankins, Bobbie Campbell;

Charlie Giles, Donna May; Jerry Meyer, Syd Hair; Gayle Machen, Doniece Silcott, Charla Granbery, Ellen Jones, Judy Moore, Charlotte Loveless; Judy Laceywell, Deeda Kemp, Jane Thurman, Joyce Gray; Pat LaFrance, Sharon and Mae Dennis; Prissy Bostick, Nell Smith, Terry Gail Hooper, Gayle McAnally.

Hart couples together Monday night to see "Sing Boy Sing" were Ray Clark, Janice Bass;

J. D. Myrick, Gayle McAnally; Gene Varner, Janice Sharp.

Sunday night daters were Sue Witten, Harlan Carson; Darryl Dennis, Gayle Machen; Elmer Houston, Mae Dennis; Jack Hysinger, Latrell Stewart; Lennon Young, Deeda Kemp, Hayden Hankins, Jane Thurman; Houston Hamby, Sharon Dennis; Janet Oak, Ronnie Dennis; Mary Scribner, Jackie Pinson; Barbara Gray, Doyle Eubanks; Don Kidd, Juanelle Hatley; Joyce Curtis, Harvey Garrison; Johnny

Crawford, Bill Boverie.

Congrats to Jack Hysinger for his position on the All-Star State AA football team.

James Hukill was in Littlefield Friday, Saturday, and Sunday nights. He says that he just ran around town with some friends, but I'm guessing that there was more to it than he's telling!

Speak of coincidence! Tom Perry Jr. brought a fellow in the office the other day whom I was supposed to know, and though he did look familiar, for the life of me I couldn't recall WHEN or WHERE.

Well, it turned out that he was Tom's brother, Cloys, and I worked for him at Curry Motor Freight in Amarillo two months in 1946, right after I graduated from Amarillo High School.

Hadn't seen him since. Had no idea he was from here (or if I did, that far back didn't ring a bell when I came to Olton, of course). AND, when I knew him he had RED hair. It isn't red any more.

But that's only part of the coincidence.

I also found out that they are brothers to Bob Perry. And I have another connection there. Bob works for Santa Fe Railway (in fact, has a pretty good position now, I understand, as secretary to the general superintendent, or similar).

When Bob had to serve a hitch in the service (Navy, I believe) several years ago, I got his job in the Trainmaster's office in Amarillo, and it was there I was working just before we came to Olton; Bob returned from service shortly afterwards.

How about that!

It is such a small world.

Becoming five years old is just about the greatest thing that could ever happen to a little boy.

When he becomes five, a little boy HAS to learn to tie his own shoes. It's so very difficult, but

ALL five-year-olds can tie shoes.

When he becomes five, a little boy scoffs at sleeping with that old yellow blanket he's cherished since birth.

When he becomes five, a little boy won't EVER suck his thumb anymore. That's just for four year olds, and two year olds.

When he becomes five, a little boy is GLAD to pick up his own toys, and his baby sister's, too.

When he becomes five, a little boy really doesn't need to have his teddy bear in bed with him, but then, the teddy bear would be awfully lonely sleeping alone, wouldn't he?

When he becomes five, a little boy will ALWAYS remember to say "Yes sir" and "Yes mam."

When he becomes five, a little boy will never again do those silly old things he did when he was a LITTLE BOY, will he?

Because now, HE'S FIVE!

## House Numbering Plans Being Made For Olton

Plans for house numbers for Olton are on the drawing board. Olton Chamber of Commerce and Agriculture and the City of Olton are cooperating on a project which will eventually give all the businesses and residences here a number. Also, the two groups will sell, at cost, the numerals to be placed on the buildings and houses.

The numerals were ordered "a few days ago," Joe Wood, CCA manager, says. "We hope to have the project complete by the end of the summer," he estimates.

Cost of the numerals will be five cents each. "This, as you can see, will be no great expense to any individual," the manager points out. "The project is only for the benefit of the town and is certainly not of the profit-making nature."

There are some house numbers up now. However, they, in all probability, will be changed when the new numbering system goes into effect.

besides, we just MUST get that swimming pool for this year!

Isn't it thrilling to see little bits of green peeping through in your flower beds?

# F.F.A. Does "Best Ever" At Houston

Top winners from Olton in the Houston Fat Stock Show last week were Jerry Moore, who had the grand champion and reserve champion Hampshire gilts, T. J. Smith, who showed his Poland China barrow to a reserve championship and sold him for 90 cents a pound; and John Lynn Burrow, owner of the reserve champion Shropshire ram.

Twenty-three boys from here, advised by Harold Warren and J. C. Lane, FFA advisors, showed 48 head of livestock in the Houston event.

Included in the entries from Olton were 15 fat steers, 21 barrows, two fat lambs, five breeding sheep, two heifers, 21 barrows and three gilts.

"We made the best showing in the Houston show that we ever have," Lane said, "but we had more entries than we've ever had before. This was the first year we took steers there."

All the steers from here were of the dry lot variety—nurse cows were not used. Showing as a school group, the Olton steers placed fourth. Eleven of the 15 entered stood high enough in their individual classes to win prize money.

Jerry Moore led the steer showmen. He placed his middleweight Shorthorn third and sixth.

Carl Nafzger had a fourth place heavyweight Shorthorn steer. Ronnie Dennis' heavy-weight Shorthorn stood sixth and Elmer Houston's, also showing in the heavyweight class, was seventh.

Others showing fat calves were Jimmy Tollett, Sharon Brigrance, Nancy Brigrance, Roy Neal Jones, Edwin George, John Paul Jones, and Don Edwards.

All the steers sold from 40 to 43 cents per pound, the ag teachers report.

In addition to his reserve champion ram, Burrow had four Shropshire ewes which placed second and third and third and fourth in their respective classes. Also, his sheep placed second in the Shropshire flock division.

Darryl Dennis had a Hampshire lamb which placed 12th and John Paul Jones showed a Southdown lamb to a money-winning position.

Ronnie Dennis placed his Shorthorn heifers second and fourth in their class.

All the hogs from Olton placed and were shown by Joe Riney, John Wayne Hair, Houston Hamby, Roy Neal Jones, Jerry Mathis, Dewey Hukill, Don Edwards, Jerry Moore, Gerry George and Kent Wozencraft.

Randall Small and Gilbert Coventry, FFA members, did not have entries in the show, but made the trip to assist others with the showing of their stock.

The group, which included six adults, Mr. and Mrs. Paul Nafzger, Mrs. Elmer Houston, Mrs. J. C. Lane, Gerald Ray, and Lee Simmons, left Saturday of last week and returned Friday night.

### CARD OF THANKS

Because limited time has not permitted giving credit to each deserving person, I would like to take this opportunity to express my personal and our Parent-Teacher Association's collective gratitude to the following: To each member of the cast for a job well done.

To Mrs. G. H. Buchenau for the endless hours of work, plus her artistic ability in assisting with the design and painting of the flats, lettering the placards for advertising and producing an artistic entrance—for giving so graciously of her talent in her role as "Thalia." Mrs. Joe Chester was her able assistant.

To R. L. Fisher for his time, unlimited talents and endless patience, we are profoundly grateful.

To the prompters, Mrs. M. P. Brigrance and Mrs. Melvin Hines, we sincerely appreciate their gifts of time and their unusual ability to find the dialogue no matter how many pages or paragraphs were deleted during practice.

For the many miles, motorized or physical, trod by Mrs. Elbert Hooper and Mrs. Buck Nicholas, as members of the properties committee in order that our production might have an authentic background.

Mrs. Cleo Smith, Mrs. Carroll Cox and Mrs. Basil Sherman for their willing assistance and the many facets of their gifted contributions.

In construction of the flats and any and all odd-jobs called for at any hour of the day or night, we wish to recognize the expert efforts of the Drs. James and Lynn Fite, Melvin Hines, Cleo Smith, Bobby Fisher. For solution to our special lighting problems, we are indebted to John Schenck.

For hair styles, we wish to

### BALL HOSPITALIZED

Dewey Ball was in the hospital this week being treated for pneumonia. His condition was reported as fair at mid-week.

## CONCERT TO FEATURE FOUR BAND GROUPS

Four bands of Olton Schools, all under the direction of Fred Stockdale, will present a pops concert in the school auditorium Sunday afternoon at 3:00.

The four groups include Beginners, Cadets, which is the junior high band, Mustang, the high school band, and the Blue Notes, the stage or swing band.

"It will be a light program. An audience-pleaser," the director says.

Admission charges will be 75 cents for adults and 25 cents for students. "Usually we don't charge for concerts," Stockdale points out; "but we will this time to earn money for new uniforms for the Mustang band."

The program, which will last about one hour, will feature Rusty Sherman of the Cadet band, in a drum solo and Jerry Meyer, of the swing band, on the cornet.

Approximately 160 students will appear—30 with the Beginners, 55 with the Cadets, 72 with the Mustang group and 20 with the Blue Notes—some play with two groups.

"We wish to emphasize that the uniforms which the Mustang band members have been wearing will be handed down to the Cadet band after we get the new uniforms," Stockdale says. The new uniforms are scheduled to be delivered in May.

## Hackler, Sides Will Head Bureau Drive

Leroy Hackler was named membership drive chairman in this community for Lamb County Farm Bureau in a meeting of community chairmen in Amherst Friday night. Truitt Sides will assist Hackler.

Buddy Hedges, also of Olton, a fieldman for Texas Farm Bureau, spoke to those present, explaining the purpose of the organization.

Ted Hutchins, who lives south of Hart Camp, was appointed membership drive chairman for that community.

County membership chairmen and their workers went to Lub-

bock yesterday (Wednesday) to attend an information and training clinic. The trip was made by chartered bus.

The bureau's report and victory party will be in Springlake Community Center March 17. Games, singing and entertainment will be furnished by Springlake members.

All FB members in the county are invited to attend. Drive chairmen will report results in their communities.

The man selling the most memberships will be honored with a \$25 hat and the woman selling the most memberships will receive a special award from Gifford-Hill Western.

## Conference Set Up For Junior Teams

Golden Spread Conference, consisting of junior high school athletic teams in the area, was organized Tuesday night at a meeting of school representatives in Dimmitt.

Schools represented, and those which will participate, were Olton, Dimmitt, Hereford, Littlefield, Plainview, Tulia, Friona, Canyon and Muleshoe—all AA or above.

The conference was divided into two groups—north and south. Olton will be in the south half with Friona, Dimmitt, Canyon and Muleshoe.

Both football and basketball games will be played. The winner of each division will play

the winner of the other for the conference championship.

In order that more students might participate in the junior program, it was decided at the Tuesday meeting that seventh and eighth graders would play on different teams. Both teams will play on the same night, however.

Junior high girls are included in the basketball program. On the nights the boys are playing here, for instance, the girls will play the opposition at the other school. Coach Travis Rector explains.

Rector and Bob Fisher represented Olton at the meeting.

The 1953 schedule is not yet complete, Rector says.

## Harper Returns Home From Washington Trip

Emmett Harper, Olton Farmers Union member, returned Sunday from a 10-day trip to Washington, DC, where he discussed farm legislation with Congressmen and visited other government officials. About 100 other FU members from Texas, Arkansas, Illinois, and North Dakota made the same trip.

Harper reports that his feelings, after the trip, are that "the nation's farmers are closer together now than ever before. It used to be the Northern farmer thought the Southern farmer was getting the best deal and vice versa," the returned FU delegate says, "but now they're working more for the same thing."

The group Harper was with included 35 Texans, many of whom were from the Plains, and talked with Senators Lyndon Johnson and Ralph Yarborough, Speaker of the House Sam Rayburn, and other members of the Senate and House.

The delegates explained to the legislators that Farmers Union is striving for higher parity of income for farmers, Harper says. The representatives, for the most part, agreed a better farm program is needed, but pointed out that an improved farm program is hard to get through.

The group visited the Senate and House in session as well as other points of interest in the nation's capitol.

Harper says his visit to Washington impressed him of the

value of strong organization to keep Congress and administrative officials advised of farmers' difficulties.

# Pony Club Announces Show, Parade Plans

## ENTERPRISE EXTRA TELLS TRIAL VERDICT

For the first time in more than five years, The Olton Enterprise published an "extra" last week. Cause for the special paper, which contained four pages, was the announcement of the verdict in the trial of Tommy Moore.

The verdict was read in the Lamb County courtroom late Thursday night and the "extra" rolled off the press Friday morning with a headline screaming of the 35 year sentence.

Editorial matter in the edition was devoted almost exclusively to the story of the trial and to the testimony made by witnesses. Single copies were sold in Olton for 10c each. The paper was not mailed to subscribers.

Enterprise Publisher Troy Martin, commenting on the effort of the entire staff of the newspaper, said, "We try to cover the news at all times. We consider the courts of our land one of the most important functions of our democracy and we felt this story was, from a news standpoint, of vast importance to the people of Olton."

An "extra" was last published by The Enterprise Thanksgiving Day, 1952. That occasion was a bi-district football game

between Olton and Lefors. It was printed prior to the game with the lead story telling of the Mustangs' victory. The story did not, of course, contain the score and other details. Copies were sold immediately after by members of the band. Because of the novel idea behind that edition, it received nation-wide publicity.

In addition to the trial stories, the Friday-published paper contained a two-page advertisement from Cash Way Food Store. The ad also ran in the regular edition of last week. "Single copy sales proved to us the paper was appreciated," Martin says.

**Braceros Must Get "Prevailing Wage" Court Declares**

Farm wages which the US Secretary of Labor finds to be "prevailing wages" must be paid by employers of braceros when the prevailing wages are higher than the contract rate.

That is the essence of a February 25 decision by the US Court of Appeals for the Fifth Circuit. It reversed a district court judgment involving J. H. Morris, a cotton grower in Fisher County, Texas.

Mr. Morris employed eight braceros during the cotton harvesting season of 1955. His contract with them was to pay the workers at the rate of \$1.55 cwt or the prevailing rate, whichever was higher. Midway of the season, the Secretary of Labor determined that the prevailing wage for the area was \$1.75 cwt.

The government sued to recover the difference between the contract rate and the determined prevailing rate which it was obligated to pay the Mexican government under the terms of

**Center Names Same Officers**

Four officers and two directors of the Olton Municipal Recreation Center were re-elected at the annual membership meeting Tuesday night, Feb. 25.

Officers chosen to serve another year were Carroll Cox, president; Elmer Moore, vice president; Mrs. R. R. Duncan, secretary; and Owen Norfleet, treasurer.

Directors re-elected to two-year terms were M. T. James and Martin Phillips.

About 30 members of the Centers were present.

an international agreement between the United States and Mexico.

The case is said to have widespread significance because a large number of other employers have refused to pay the established prevailing wage rate when it was higher than the rate mentioned in their contracts.

**30 Farmers Agree To Plant 250 Acres Of Cucumbers**

Thirty Olton farmers have agreed—and most have signed contracts—to grow a total of 250 acres of cucumbers this summer. Joe Wood, manager of Olton Chamber of Commerce and Agriculture, says.

The farmers went into contract with Brown-Miller Co., Texarkana, processors of Rainbo pickles. The company wanted 75,000 bushels—the approximate yield from 250 acres—from the Olton area. The quota has been reached, Wood says, and Brown-Miller is not interested in additional acreage.

Seed will be made available by the company in this area during May, Wood says. The approximate planting date for "cukes" is June 1.

Farmers agreeing to do busi-

ness with Brown-Miller are M. G. Brown, 15 acres; Bill Bearden, 10; Clovis Poteet, 10; Roy Roberts, 10; Tom Carlisle, 10; M. P. Brigance, 10; Elmo Hall, 10; Charlie Ball, five; Pete and John Mojica, five; Lacy Armstrong, 10; Harley Miller, five; James Allen, five; E. D. Harper, 10; W. E. McPherson, 20; Cecil Gartin, 20; M. G. Fisher, five; Melvin Hines, five; Victor Neinast, five; John Moses, 10;

George Clark, five; Melvin Mitchell, five; Sam Clark, five; Robert Fisher, five; R. Henshaw, five; J. M. Machen, five; T. L. Willick, five; Leon Griffin, five; A. J. Givens, 10; Lowell Ray, 10; and Irvin F. Lee, 10.

According to the contract, Grade No. 1, all sound cucumber pickles not exceeding one inch in diameter, will sell for \$5 per hundred pounds. Grade No. 2, all sound cucumber pickles not exceeding one and a half inches in diameter, will bring \$2.25 per hundred pounds. Grade No. 3, all sound cucumber pickles not exceeding one and seven-eighths inches in diameter will be worth

\$1 per hundred pounds. Grade No. 4, all sound cucumber pickles not exceeding two and one-quarter inches in diameter will bring 50 cents per hundred pounds.

Brown-Miller will have at its option the right to reject deliveries containing more than five per cent of cucumbers not meeting the grade specifications.

Seed will be furnished by B-M for 75 cents per ¼-pound package. It will, according to the contract, be the best obtainable. Olton will be headquarters for the operation—the crop will be delivered here and payment for it will be made from here.

**Poster Contest Library Week Highlight**

National Library Week will be observed in Olton and Lamb County March 16-22, Mrs. C. S. Silcott, who is a member of the county library board, announces.

Feature of the week will be a poster contest. Freshmen high school students in the county may enter, Mrs. Silcott says. "To interest people in reading" will be the theme of the posters.

A contest will be held in each school. Winners there will participate in a county contest. The county's top poster will be displayed at the state library convention in Fort Worth the week following library week.

Entries in the poster contest here will be on exhibit in downtown stores. Sears-Roebuck and Company, as well as the Girl

**Begins District Tour Of Churches**

Raymon Carson, district president of the Reorganized Church of Jesus Christ of Latter Day Saints, is making his annual tour of the churches in the district.

Scouts, will assist with the promotion, the Olton director says.

Also on the slate for library week is an open house at the county library, which is in the basement of the courthouse at Littlefield, Wednesday, March 19.

Miss Lula Hubbard is county librarian. A total of 7,470 books are available for readers and \$1200 is allotted by the commissioners court to purchase new books with each year.

Directors, other than Mrs. Silcott, are Mrs. Allen White of Amherst; Mrs. C. O. Stone, Littlefield; Mrs. Radney Nichols, Sudan; Mrs. A. B. Brown, Spade; and Mrs. Lena D. Hite, Earth.

He spoke February 23 at the opening service in the new edifice of the Clovis church. Also attending that service from Olton were Mr. and Mrs. Lee Brice and daughters, Mr. and Mrs. J. P. Perry and sons, Gwen and Myra Kimbell, Mr. and Mrs. James Welch (Olton pastor), Mr. and Mrs. C. C. Graef and Mrs. Carson.

Last Sunday Bro. Carson spoke at the 11 AM service in the Lubbock church.

**HURTS HAND IN MISHAP**

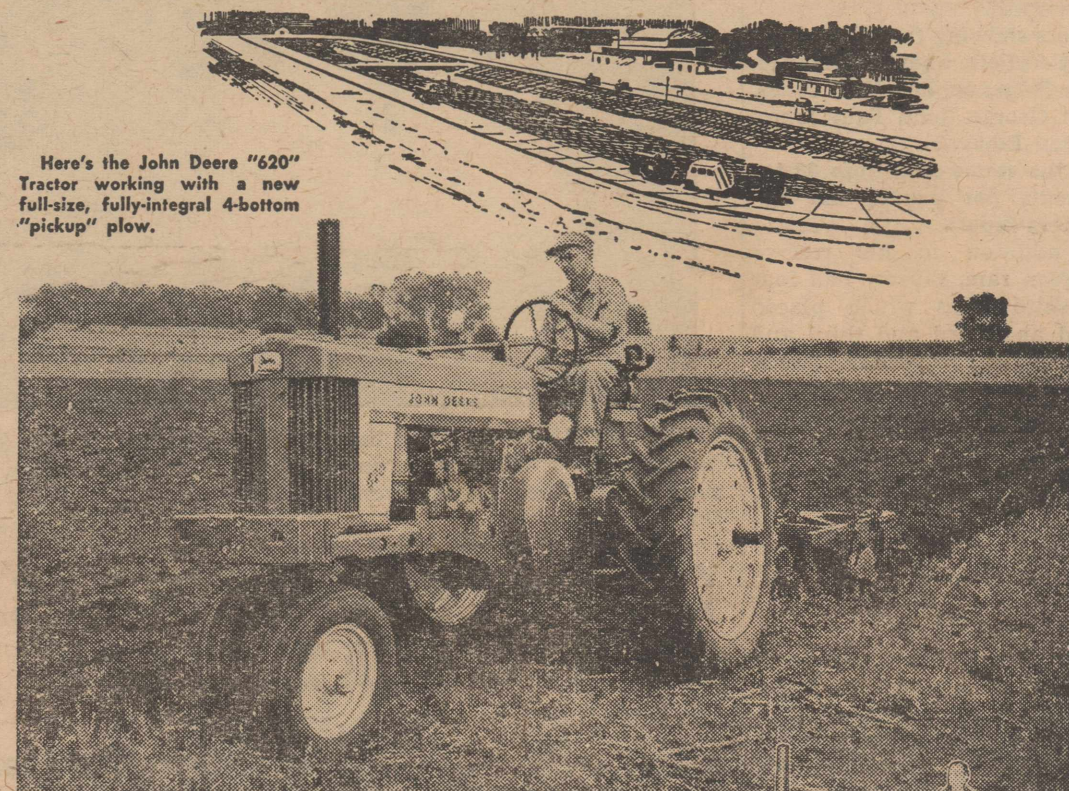

J. B. Wilson suffered serious injury to the left hand Thursday of last week when a sliver of steel imbedded in the thick part of his palm.

J. B. was working on a universal joint at Hines Motors where he is employed when the accident occurred. He was treated at Olton Memorial Hospital.

"It took the doctors an hour to get it out," Wilson declared.

**The Fuel-Economy Records on Gasoline, Diesel, and LP-Gas Are ALL Held by JOHN DEERE TRACTORS ?**

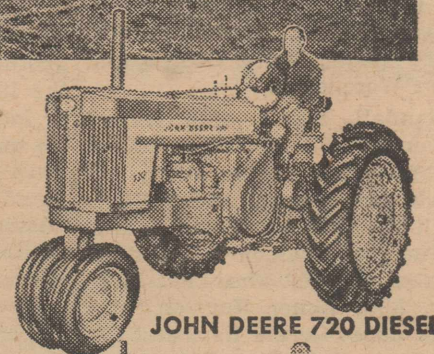

Here's the John Deere "620" Tractor working with a new full-size, fully-integral 4-bottom "pickup" plow.

In official Nebraska Tests, new John Deere "520," "620," and "720" Tractors set five new fuel-economy records by developing more horsepower-hours per gallon of fuel on the drawbar than any other tractors ever tested. These include new records on gasoline and LP-Gas set by the "520" and "620" models, plus an all-time tractor fuel-economy record set by the new "720" Diesel, the fourth John Deere Diesel to hold this record in unbroken succession since 1949.

Gasoline, Diesel, LP-Gas—whichever fuel you use, you'll burn it with maximum efficiency and dollar-saving economy when you choose one of these new John Deere champions. Stop in soon; let us give you all the facts about these new fuel-economy records and show you why a new John Deere Tractor will make your farming more profitable and more enjoyable than any other tractor you could own.

### STATION ANNOUNCES RESULTS OF TWO-ROW SORGHUM YIELDS

Because of the widespread interest in close-row spacing of grain sorghum, a field experiment was carried on in the summer of 1957 on Pullman clay loam to determine the effects on yield of planting two rows per bed as compared with only one row per bed.

In this experiment, the land was broken to a depth of twelve inches, leveled, listed on forty-inch centers, and irrigated. On June 17, 1957, Texas hybrid 610 was planted at four rates of seeding (5.6, 7.0, 8.4, and 10.2 pounds per acre) in one and two rows per bed at each seeding rate.

Three rates of fertilizer application (0, 100, and 200 pounds of nitrogen per acre) were used at each seeding rate. The first fertilizer application was made at the rate of 100 pounds of nitrogen in the form of anhydrous ammonia when the grain sorghum plants were one to two inches high.

The second application of 100

ing this period with 15 inches applied through irrigation.

Four-row plots one hundred feet long were used with one row per bed and eight-row plots one hundred feet long with two rows per bed. Each treatment was replicated four times.

The two interior rows of the four-row plots and the four interior rows of each eight-row plot were harvested on November 15 to determine yield. The yield data reported in Table 1 are the averages of four replications.

Yield data for one year are not adequate to use as a basis for making recommendations but under 1957 conditions two rows per bed with 5.6 pounds of seed, and 100 pounds of nitrogen per acre produced a significantly higher yield of grain.

Fertilizer for this test was contributed by Phillips Chemical Company and the seed by Paymaster Farms.

TABLE 1. Effect of rate of seeding, number of rows per bed, and rate of fertilizer application on yield of grain sorghum. (1)

NINTH ANNIVERSARY

MRS. ELMO HASHA, left, is pictured with Mr. and Mrs. Herman Meyer, operator of Cash Way Food Store, during the ninth anniversary celebration of the store, which was observed Saturday.

### Anniversary At Cash Way "One Of Best"

"We were very pleased. It was one of the best we've ever had," Herman Meyer Cash Way Food Store manager, announced this week following the store's ninth anniversary sale Saturday.

We also wish to take this opportunity to say "thank you" to all who attended our anniversary sale, he said. Over \$8,000 worth of Gunn Bros. stamps were given away by Gunn Bros. "wheel of fortune" method, the manager reports. Prize winners, other than those who won stamps, and their prizes are Mrs. C. B. Lunsford, pressure cooker; Olene Lunsford, waffle

iron; R. Hinshaw, Scotch oven; T. B. Wheeler, percolator; Mrs. D. W. Sargent, table lamp; Mrs. E. E. Curry, wall lamp; Mrs. T. W. Hackler, thermos jug, Mrs. M. G. Fisher, \$5 worth of groceries; R. W. Huckabee, Scotch oven; Nadine Gabehart, percolator; A. C. Brigance, waffle iron; Lenora Howard, pressure cooker; Ramiro Guerra, pearl necklace; Lupe Fernandez, electric razor; Mrs. Joe Ed Carson, table lamp; B. E. Strickland, electric iron; Tranquillino Saldivar, percolator; John Lee Porch, wall lamp, and Wayne Meadows, Scotch oven.

### Condition Of Mrs. Holley Remains Serious

The condition of Mrs. W. P. Holley is reported as serious. She is in the Plainview Hospital. Mrs. Holley has been ill for about a year. She was admitted to the hospital on February 14.

### 1957 Diplomas Need Signing

Olton school graduates of 1957, both high school and grade, are asked to bring their diplomas to the school so they may be signed, Jim Williams, high school principal, announced this week. Signing of the diplomas was omitted last spring, Williams points out, and it's important that this matter be taken care of. "We'll get the proper signature on the diplomas, if the graduates will bring them to my office," Williams says.

### Mrs. Walthall's Father Seriously Ill In Kerens

Mrs. Albert Walthall's father, W. W. Peters of Kerens, suffered a stroke Friday and is reported to be in serious condition. Mr. Peters is 84 years old. Mrs. Walthall left Monday to be with him.

How to add years to your life

# 100

100 years ago the average American could expect to live about 40 years.

Today—about 70. Modern sanitation, diet, drugs and medical practice have added 30 years to our life span. And note that 70 is average. Many die sooner. Many live longer. You up your chances of being a "longer" if you eat properly and get proper medical care. This means periodic check-ups by your physician. As pharmacists we are pleased to help by supplying the drugs your doctor prescribes—drugs unknown a century ago. We're so conscious of the effectiveness of modern medicine that we're shooting for a life span of 100 years. How about you?

## JUNIOR STUDENTS MAY QUALIFY FOR COLLEGE SCHOLARSHIPS

A test which may qualify individuals for college scholarships from National Merit Scholarship Corporation will be given to "some 20" junior students of the school, April 29, Elmer J. Moore, curriculum director of the school announces. All juniors are eligible to take the test.

The NMSC operates on a nationwide scale, Moore points out, and it's possible no one from Olton High will receive a scholarship. Requirements which are needed to obtain a scholarship are financial need and a high score on the test.

Too, the amount of the scholarship is determined by financial need. Once the award is made, it is renewed annually for four years, the directors says.

Juniors who wish to take the test should register at Moore's office prior to the March 20 deadline. A fee of \$1 will be charged. However, in the case of financial hardship, a number of students will be tested free, Moore says.

## Nazarene Church Elects Officers

Election of officers for the coming year was the highlight of the yearly meeting of Church of the Nazarene members last Wednesday evening, Rev. Winfred Ritter, pastor, announces.

Elected stewards were Mrs. Wallace Mathews, Mrs. D. A. Bass, Mrs. V. O. Harrod, and Mrs. H. D. Windors.

New trustees are Weldon Daniel, Loren Truot, and Felix Graham.

Calvin Graham was re-elected Sunday School superintendent and Duane Harrod was elected to assist him.

Delegates to district assembly, which will be in Fort Worth in May, were appointed. They are Mrs. Winfred Ritter and Mrs. Weldon Daniel. Alternates are Mrs. Calvin Graham and Mrs. Bass.

## Hyatt, Granbery Make All-District

Olton High School had two players named to All-District 2-AA basketball teams. All-district selections were made at a meeting of coaches and administrators of the district at a meeting in Canyon last Wednesday night.

James Ray Hyatt and Charla Beth Granbery were the players from here to earn spots on the all-star squads. Latrell Stewart and Joyce Nicholas received honorable mention for their play on Coach Jeff Smart's girls team.

Ten players were selected for all-district honors in boys play. Tulia, with three, had the most men on the squad. District winner Dimmitt had two, as did Muleshoe. Canyon, Dalhart, and Olton had one each.

Players were Chris Ward, Tom Garrison and Kenneth Littlefield, Tulia; Keith Lowe and Hal Ratliff, Dimmitt; Okie Alexander and Bill Black, Muleshoe; Leonard Miller, Canyon; Butch Brown, Dalhart; and Hyatt.

Twelve girls—six forwards and six guards—earned all-district honors.

Forwards were Holt and Williams, Muleshoe; Line, Dalhart; Pelley, Dimmitt; Ramsey, Tulia; and Rose, Canyon.

Guards included Finch, Dimmitt, Glanton, Canyon; Haught, Tulia; Hulton, Dalhart; King, Muleshoe; and Granbery.

Coaches Smart and Jimmy Goss attended the meeting.

## This & That

BY MYRT LOMAN

The Lord must love the common people. That's why he made so many of them.

This little poem brought to mind all the times "Pa Was Sick" at our house.

Next week we will pass on to you, "When Ma Was Sick."

"WHEN PA WAS SICK"

When Pa is sick, he's scared half to death,

An' Ma and us just hold our breath.

He crawls in bed, an' puffs and grunts.

An' does all kinds of crazy stunts.

He wants "Doc" Brown an' mighty quick

For when Pa's ill, he's awful sick.

He gasps and groans, and sort o' sighs,

He talks so queer, an' rolls his eyes.

Ma jumps and runs, an' all of us,

An' all the house is in a fuss.

An' peace an' joy is mighty skeerce,

When Pa is sick, it's something fierce.

As we have always said, Hart has more wonderful people than any place we know.

We have more lovely young matrons. They strive to make our community a better place in which to live.

By no means do I intend to leave out all of the other wonderful ladies, and will tell you about some of them in issues to come.

The wonderful way Marlene (Mrs. Bob) Bennett smiles and greets every one amazes me. She is truly a radiant person in more ways than one. What a wonderful mother . . . and the patience of JOBE!

Happiness is a perfume you cannot pour on others without getting a few drops on yourself.

Have you noticed a sleeping child? They look so tiny, sweet and innocent. To look at one makes you wonder why you ever get mad and upset with them.

Scripture verse—Luke 16:18:

The cross of Christ is God's

plus sign to a needy world.

Supt. LeMay: Billie, if you have ten dollars in one pocket and five in another, what have you?

Billie: "I have on the wrong pants."

Maud says she puts her very heart into her cooking. "She must have been heavy-hearted when she made this cake."

Glena Dean: "What are you crying about Terry?"

Terry: "Cause daddy hit his thumb with the hammer."

Glena Dean: "I wouldn't cry about it, why didn't you laugh?"

Terry: "I did."

Thanks, so much, for your help in preparing our part of the paper. Please call 2372 and give me your news and ads so that we might have a paper. Just a little help from every one will make it possible.

Dates to remember this coming week:

Sunday, March 9, Rita Heck's birthday.

Monday, March 10, Cynthia Armstrong's birthday, Boy Scout meeting, Lions Club meeting, Producers Co-Op Gin meeting, Hart P-TA meeting.

Tuesday, March 11, Jean Huggins' birthday.

Wednesday, March 12, Baptist WMU meeting, Mr. and Mrs. Bill Gallion's anniversary.

Thursday, March 13, Bird Cox' birthday.

Friday, March 14, Cathy Sharp's birthday.

In last week's edition of The Hart Beat, Supt. LeMay was given the title of principal. The paper was in error and we offer our apologies to the superintendent.

## Baptist Revival Starts Friday

The annual spring revival of Hart Baptist Church starts Friday night at 8:00. Rev. M. J. Lee, pastor of First Baptist Church of Guyton, Okla., will be the evangelist for the meeting.

Rev. Lee is formerly pastor of First Baptist Church of Quanah and First Baptist Church, Dimmitt. He is well-known as a revival speaker.

Evening services will begin at 8:00 and will be preceded by a period of prayer for the various groups in the church. This prayer period will begin at 7:30 each evening. The morning services will begin on Monday and will be held at 10:00 each weekday morning.

Rev. Jack Johnston, pastor, extends a cordial welcome to the public to attend these special services.

## CHURCH CENSUS TAKEN SUNDAY

Hart church workers took a census Sunday. Some 700 people were contacted.

Appreciation to those who helped with the census is expressed by a spokesman for the project and an invitation to the churches is offered to those who do not attend services.

## Birthday Dinner In Brooks Home

In celebration of H. C. Brooks' birthday, Mr. and Mrs. H. C. Brooks, Lamesa, spent Sunday in the home of their son, Mr. and Mrs. Paul Brooks and family. Also in the home were Mr. and Mrs. M. L. Snell and son of Lamesa, Mr. and Mrs. Jim Brooks, Mr. and Mrs. Leonard Welty and family of Nazareth, and Mrs. J. W. Welty.

ATTEND CHURCH SUNDAY!

## 43 Attend Cub Scout Banquet

Forty-three members and guests were present for the Cub Scouts' Blue and Gold Banquet February 27 in the Legion Hall. Jim Hayes, Dimmitt, was the guest speaker. Guests included Rev. Lynnman Wood, pastor of the Methodist Church, and Rev. Jack Johnston, pastor of the Baptist Church.

Troop 46 is composed of three dens. Mrs. H. H. Parker is den mother of Den One. She is assisted by Mrs. C. B. Martin.

Heading Den Two is Mrs. Ed Bennett. Her assistants are Mrs. Ralph Futrell and Mrs. Claude Ray.

Den mother of Den Three is Mrs. F. A. Smith. Helping her are Mrs. Charles Sanders and Mrs. Bob Richmond.

March 10 is the next meeting date for the scouts.

**BE INTERESTED!**

Just this past Friday and Saturday, I attended the boys regional basketball tournament at Canyon. I was especially surprised at the number of people who turned out for the Saturday morning session. West Texas State College field house reportedly seats 4000 to 4500 people and on Saturday morning it was well over half filled. On Saturday night during the finals, I estimated the gym at about 75 per cent of capacity.

The truly amazing thing about this, in my opinion, is that the number of fans who turned out to watch the finals probably represented more people than the combined populations of the two towns represented in the final game. I was heartened by the number of people coming to watch Class B basketball teams because in the past season here at Hart, I was repeatedly disappointed at the size of the turnout for the home basketball games. I realize that the games played at Hart were perhaps not of the same significance as a district or regional championship game but both the girls team and boys team did make an average showing.

I say I was heartened by the number of people attending the Class B basketball games in the surrounding area because I hope it indicated a trend and one that will reach right on into the Hart community. It is my considered opinion that attendance at school activities by people in the community is a reflection of the community's interest in the school and, if my opinion is anywhere near correct, the people of the Hart community are not very interested in their school.

I hope that this is an incorrect conclusion and that the sparse attendance at the school activities has been because of problems encountered by the predominantly farming families of this community due to weather conditions and governmental policies. I believe I can speak for the entire faculty at the Hart school when I say that we would like to have you visit YOUR school often. When you have hauled off that load of maize, swing back by the school and visit a class—any class—or walk into the gym and watch the boys or girls work out or, if it is football season, drive your truck up by the football field and watch the boys going through their routines. We believe you will enjoy the visit and we KNOW the "kids" and the faculty and coaches will appreciate your interest.

**Hart Lady Writes "An American's View Of Japan"**

BY MRS. WYMAN FOSTER (EDITOR'S NOTE: The following story was written by Mrs. Wyman Foster, who lived in Japan while her husband was in the service there. Mr. and Mrs. Foster have lived and farmed in Hart for the past 18 months.)

The Japanese people are proud, thrifty, and polite. They are proud to the extent that they make a business of scavenging garbage cans and using every scrap of waste material, including food, that can be obtained from them. They are thrifty in that nothing is thrown away that can be used in any manner.

In a typical Japanese neighborhood, a can buyer comes around once a week and buys tin cans, about ten for a yen, by weight. A yen is approximately a third of a cent. She weighs them diligently and is very careful to give the one, two, or three yen that she owes you.

They are polite by rigorous training from birth.

Although we spoke no Japanese, we were made to feel welcome in an entirely Japanese community, and my next door

Sunday with her brother and family, the Walt Hansens.

Mr. and Mrs. Ernest Martin returned home Sunday after a three-week vacation in Florida and Virginia.

Mrs. M. E. Phillips, Mrs. Calvin Alexander and daughter, Cathy, were in Plainview on business Monday last week.

David Mason, little son of Mr. and Mrs. Bill Mason, has been in Plainview Hospital.

Mr. and Mrs. Robert Alexander and Mr. and Mrs. Calvin Alexander were in Amarillo on business recently.

Green Henderson is spending a few days with his daughter, Mrs. C. L. Huff and family of Lubbock.

Billy Martin spent the weekend with his parents, Mr. and Mrs. Granville Martin. Billy is enrolled in school at Canyon.

Mr. and Mrs. John Holloway left for Dallas Thursday morning to get their son, James, who is in the air force. James has a 30-day leave and has been stationed in Florida, but at the end of the leave he will go to Japan.

Mr. and Mrs. Charles Landers and family of Friona have visited his parents, Mr. and Mrs. C. B. Landers.

Miss Lillian Dalrymple spent last week with her family in Clifton.

Mr. and Mrs. Eddie Brown and Roy of Los Angeles, Calif. are visiting the Lomans, parents of Mrs. Brown.

A. J. Davis of Springlake has been visiting relatives at Hart, Mr. and Mrs. Ernest Davis.

Curtis Davis of Lockney volunteered for army service and left Monday. Curtis is the son of Mr. and Mrs. Everett Cole, and grandson of Green Henderson of Hart.

Mr. and Mrs. Sam Kendall of Olton visited Mr. and Mrs. Jehu Beeson Saturday night.

Ira Height, Jr. of Broadview, NM visited Mr. and Mrs. Bird Cox Sunday.

Mrs. Ted Robb and son spent Monday with her grandmother, Mrs. W. R. Reed. Mrs. Robb is the former Jean Mills, daughter of Mr. and Mrs. Wade Mills.

neighbors would run to help bring in my clothes if a sudden rain came up, although neither of us could speak a word of the others' language. They always said "Ohayo gozaimas" (Good morning), "Konichi-wa" (Good evening), or "Komban-wa" (Good evening) on meeting us on the path that led to our house.

**One Custom Delightful**

One custom of Japan that I found especially delightful and wish we had in this country is the door-to-door flower vender. I also wish we could buy flowers at those prices. A huge bouquet of tiger lilies, chrysanthemums, iris, or many other beautiful and unknown flowers (unknown to me as they were native Japanese) would cost about thirty cents. If you wished, the vender would arrange them for you in the Japanese manner by which you needed only three flowers to depict earth, man, and God. All arrangements were built around this symbolism although Japan is not a Christian nation.

I grew to look forward to the call of "Okasan" (Mistress) which meant that my particular Japanese woman was at my door with her basket of blossoms on her back.

**Mode Of Dress**

In the larger cities and towns, the popular mode of dress is after the American or English fashion, called by them "Western" fashion. (This is not to be confused with our Western or cowboy garb.) Three-fourths of the population in cities wore western clothing, whereas in the villages and small towns, it was unusual to see it at all except for the uniforms which the school children wore. Each school has its distinctive uniform which is a good thing, in a country so poor, as it cuts down on the discrimination over prices of dress, and some of the children could afford only rags. It was a puzzle to me to see all of the children in identical uniforms when it was apparent that the families of some could not afford them. Outside help may have been obtained.

**Cook Differently, Too**

The Japanese cook over an open hibachi, a large glazed pot, in which coal is burned. Consequently, they have no ovens,

and most of their cooking must be done in one pot. Two of the favorite Japanese foods are sukiyaki, a dish made of finely-shredded beef, soy sauce, mushrooms, onions, bamboo sprouts, and an ingredient resembling spaghetti and said by some to taste like cooked rubber bands; and Tempura which is merely fried fish. While these foods are favorites, they are by no means the typical; those are rice and fish. Rice is eaten as their bread, and no salt is added to it in cooking.

Common vegetables which we knew were carrots and parsnips, both of which grew about a foot long; other vegetables were native and foreign to us. They use "hashi" or chopsticks as silverware, and raise their small bowls to their mouths with each bite while eating. Another food which is considered a delicacy, and which we sampled at a Japanese home in order to be polite, is raw fish. This is to be compared in taste and smell to caviar, but only gourmets would like either.

**Opinion Changes**

My personal opinion of the Japanese people changed radically during the 14 months that we lived among them. Before going over to their islands, I viewed them with distrust and distaste. After actually meeting them, there was not one whom I did not learn to at least admire and respect. One endearing attribute was their love of babies and children, their own as well as others.

Even very old Japanese men would stop in the street to cluck over and play with my baby in a language which I could not understand, but apparently the baby could.

My time in their country taught me a lot more than an equal time of schooling could ever do.

**CARD OF THANKS**

The kind expressions of sympathy of our many friends in Hart are gratefully acknowledged and deeply appreciated. Your actions following the death of our mother, Mrs. J. T. Myrick Sr., in South Plains will be long remembered by us all.

**Sitting Bull, Champion Of The Sioux**, by Stanley Vestal, University of Oklahoma Press, \$5.00.

Our author, Dr. Walter Campbell, who did most of his writing under the name of Stanley Vestal, should be called a champion in his own right.

For his name is among the great, both as a teacher and as a writer.

Recently Charlie Guy, editor of the Lubbock Avalanche-Journal, in a well-written, sincere tribute to Dr. Campbell referred to his type of teaching as "big league." It seems that Guy was among the fortunate people who had a chance to study under Dr. Campbell at the University of Oklahoma. (Dr. Campbell, a graduate of the University of Oxford, was for many years a professor of English and teacher of professional writing at OU.) And Guy is among the many who mourn Dr. Campbell's death. He died suddenly of a heart attack last Christmas Day.

Dr. Campbell was born and grew up in Indian territory. His love for the Indian and the "short grass country" prompted him to spend a great part of his life in doing research and writing about the Southwest.

"Sitting Bull, Champion of the Sioux" was published last spring and culminated many years of painstaking research. Dr. Campbell spent several summers in the Black Hills talking to the old chief's former friends, enemies, and warriors.

As he sat in the lodge with One Bull, the old Hunkpapa historian, checking the printed records, the old Indian turned to him and said, "My friend, I do not care to hear the lies that white men have made about Sitting Bull . . . I will tell you the truth."

And that, too, was Dr. Campbell's purpose in the book—to tell the truth about the life of Sitting Bull. The story is well-collaborated and documented.

An old historical apple cart is upset by the heretofore unpublished information concerning Custer and the Battle of Bull Run . . . Dr. Campbell pointed out the significance of the battle in a new light and also discovered that it was White Bull who killed Custer, rather than Sitting Bull.

Sitting Bull's story is more

than just a story of a stubborn old Indian chief's fight. It is the story of a brave people who fought for freedom and their homeland.

In a speech the old Indian once made to white men who so often betrayed his confidence, he said, "We did not give our country to you; you stole it . . . You come here to tell lies; when you go home, take them with you . . . Sixty-four years ago you got our country, and you have kept us fighting ever since . . . You promised to take care of us, but did not . . ."

And Dr. Campbell has said "Sitting Bull, leader of the largest Indian nation on the continent, the strongest, boldest, most stubborn opponent of European influence, was the very heart and soul of that Frontier. When the true history of the New World is written, he will receive his chapter. For Sitting Bull was one of the Makers of America."

## WMU Members Make Pledges

Pledges totaling \$40 per member were made by ladies of WMU of Hart Baptist Church Wednesday. The money will be given over a three-year period and will be used for new buildings at Wayland College, Plainview.

The Wednesday afternoon meeting was in the home of Mrs. Georgia Henderson.

Mrs. Henderson gave a talk on stewardship. In other business, members voted to send a box of clothing to an Indian mission in Oklahoma.

Present were Mesdames O. C. Kittrell, Jimmy Davis, Jack Johnston, W. C. Lacy, Clay Anderson, Edgar Varner, Lester Lancaster, Floyd Lowe, H. E. Loman, and the hostess.

March 19 is the date for the meeting. It will be in the Baptist church at 2:30 PM.

## CARD OF THANKS

We would like to take this means of thanking the ones who helped at the cemetery, for the beautiful flowers and food, the kind words and cards of sympathy rendered us at the passing of our dear mother, May God's blessings rest upon you.

AMMONIA CAN HELP YOU JOIN THE DEKALB 5-TON SORGHUM YIELD CLUB.

AN INCREASE IN YIELD MEANS MORE MONEY IN YOUR POCKET!

DICK THOMAS is shown here with his field of fine DeKalb grain near Olton.

In 1957 Guy Bartlett and his father, Vernon, who farm just east of Abernathy, proved that DeKalb, plus nitrogen fertilizer and the work program outlined below could produce over five tons per acre.

- (1) Flat-break the land early in the season—apply at least 100 pounds of available nitrogen fertilizer.
- (2) Pre-water the land early in the crop year.
- (3) Work the land flat to control weeds and wind erosion.
- (4) Plant DeKalb (late maturing variety) sorghum in 20-inch rows—June 15th to June 25th—8 to 10 pounds per acre.
- (5) Harrow if necessary or cultivate shallow to control weeds.
- (6) Irrigate three times after planting.
  - (a) The Most Critical Stage for yield is the Boot stage. irrigate by the calendar and not by the appearance of crop. Boot stage is about 39 days from the first day that you can row your sorghum crop. The soil must be saturated by the 39th day for this stage.
  - (b) The Second Most Critical Stage for yield is the Bloom stage. Again mark the calendar. Bloom stage is about 60 days from the first day you can row your sorghum crop. The soil must be saturated by the 60th day for optimum results.
  - (c) A third light irrigation when the seed is coming into the soft dough stage will help fill the grain and increase the bushel weight.
