THURSDAY, AUGUST 8, 1996

VOLUME 88 NUMBER 32

I was asked some time ago about the bat flights in the evenings out of the Clarity Tunnel on the Caprock Canyons Trailway, and since I didn't have much information about this, I have been asking some questions around and about.

The most I learned was gleaned from O. R. Stark's *Comings, Goings & Doings*, the newsletter published by First National Bank in Quitaque. This states that there are approximately 10,000 bats that leave Clarity at dusk.

If you are interested in the trailway system, the old railroad tunnel and the bats, there will be a motorized tour to the location on September 7 and again on September 14. You will be able to see the bats leave the tunnel in search of food and water and will have an opportunity to walk through the tunnel.

There are some other events planned on the trailway, as well, and the first will be the advanced mountain bike ride September 20-22. Beginning at the top of the Caprock where the trail suddenly drops off the Staked Plains into rugged canyons and winding into the Red River Valley, with expert biking instructors at your side, you will have the opportunity to enjoy the scenery below. All food and snacks, as well as tent camping along the trail, are provided.

The moonlight mountain bike ride will be featured on September 28. You can join a group of mountain bikers to enjoy a moonlight ride down the Caprock in the light of a full West Texas moon.

If you aren't interested in the trailway events, some cowboy events may be more to your liking. The Schott family offers the opportunity for you to be a part of an authentic four-day cattle drive on their historic ranch September 17-20. Meals are served at the ranch chuckwagon and nights under the stars are spent in cowboy teepees. Those taking part in this activity are able to spend their days on horseback, learning to rope and other ranch activities.

For the tenderfoot, there is the Cowboy Campfire Evening at Caprock Canyons State Park. This is one of several cowboy entertainment events taking place regularly at the park. Jimmy Burson is in charge of the musical entertainment on September 28 at the outdoor amphitheater which overlooks the scenic caprock.

4-H To Sell Ice Cream

4-H Club members will be selling homemade ice cream on the courthouse square Saturday during the Briscoe County Birthday Celebration.

The booth will be open from 10:00 a.m. until 4:00 p.m.

Roping, Homecoming, Rodeo To Highlight Annual Celebration

The celebration of Briscoe County's 104th birthday begins tonight with the County Roping at 7:00 p.m. and will continue through Saturday with a great many activities planned for those

of all ages. Anyone who lives in the county now or has lived here in the past is eligible to enter the County Roping at Wood Memorial Arena.

Introduction of the ropers will

begin at 6:00 p.m.

Everything is in readiness for the rodeo and bi-annual Silverton School Homecoming which will take place August 9-10.

Various class reunions are planned during the weekend, and the general homecoming meeting will be Saturday at the school. Registration begins at 9:30 a.m., and a catered brunch will be served in the school cafeteria from 10:30 to 11:30 a.m. Charge for the brunch will be \$5.00 per person.

The homecoming program, which will feature a musical presentation by the 3M Company, begins at 12:00 noon in the auditorium.

The homecoming is held during

the annual Briscoe County Birthday Celebration, and former students will be treated to rodeo dances, with music by the Three-Quarter Band, a parade and barbecue in downtown Silverton.

A number of specialties have been invited to take part in this year's parade. The Two-Cylinder Club has been invited to bring antique tractors, and antique car and truck owners are invited to bring their classic models for the parade. Also invited are the Masked Rider from Texas Tech University, the Khiva Shrine motorcycle drill team, and a memorial cavalry unit.

Stock will be furnished by McCloy Rodeo Company of Morse for the rodeo which is being sponsored by Briscoe County Activities Association. The events begin on Friday and Saturday nights at 8:00 at Wood Memorial Arena.

Events will include bareback bronc riding, saddle bronc riding, bull riding, calf roping, women's breakaway roping, team roping,

Rampleys Selected As Pioneer Couple

The Briscoe County Historical Committee has named O. C. and Faye Rampley as the 1996 Pioneers of the Day. They will be honored Saturday by the L. O. A. Study Club when they ride on a float during the parade and will be presented a plaque during the barbecue.

O. C. Rampley, the eldest son of Mary and Parker Rampley, was born in Briscoe County. He attended the Haylake School and Silverton Schools where he was graduated in 1940. In the fall he entered West Texas State on a athletic scholarship.

After the Japanese attack on Pearl Harbor on December 7, 1941, Rampley enlisted in the United States Marine Reserve. He was allowed to continue his college work until September 1943 when he was called for active duty with the Marines.

He married Faye Gene Davis September 16, 1944 in Fredericksburg, Virginia while he was attending Reserve Officers' School at Quantico.

Mrs. Rampley was born in 1925 in Silverton to Stella and Durward Davis, and began school in Silverton in September 1931. After graduating from high school in 1942, she entered college at West Texas State in Canyon. By the fall of 1943, World War II had taken most of the young men teachers and as a result, there was a severe teacher shortage. At the age of 18 and having completed only one year of college, she was asked to teach school at Girard, Texas. She went to the Kent County courthouse and took a proficiency test and was granted an emergency certificate to teach. She began her teaching career for an annual salary of \$900, which she took in 12 monthly payments of \$75 so she could save money to return to

Faye and O. C. Rampley

college the next summer.

The Rampleys returned to their college education at West Texas State after his discharge from the military in January 1946. He received his bachelor of science degree in January 1947 and his master of arts degree in August 1947. Mrs. Rampley received her bachelor of business administration degree that same August, and went on to earn her master of business administration degree in 1957.

Rampley farmed for six years before accepting a position with the Silverton School as a classroom teacher in 1945. He was employed as high school principal the following year and served in that capacity for 15 years. During this time, he served twice as assistant football coach, first in 1957 and again in 1959. He was promoted to superintendent in 1970.

Silverton School Gets Recognized Status

Silverton Independent School District received notice from the Texas Education Agency August 1 that it had achieved the status of Recognized School.

This means that the Silverton School has been a Recognized School for three of the past four years, and is well above average in all subject areas.

Superintendent Frank Kirchoffner said that the students, parents, community, school board, and the Silverton School staff are to be commended for these test results.

The CEI Reading Laboratory, the Library Accelerated Reading Program, and Alphabetic Phonics, three new programs implemented during the 1995-96 school year, also contributed to the success of Silverton students.

School To Open With In-Service Monday

The new term of Silverton Independent School District opens Monday with a day of in-service work for the teachers.

First day of classes for students is Tuesday, and this will be followed by another in-service day for the teachers on Wednesday. The student class schedule resumes on Thursday.

First holiday of the school year is Monday, September 2, for Labor Day.

Old Silverton Annuals To Be On Sale During School Homecoming

Yearbooks from past years will be available for sale for \$10.00 each at the Silverton School Homecoming Saturday, August 10, at the registration table in the hallway of the high school.

Annuals available will be for the years 1967 and 1973 through 1995.

If you have any questions, call Brian Weaver at 823-2085.

Moonwalk Jump To Feature Fun For Kids

Silverton High School cheerleaders will bring a moonwalk trampoline jumping booth to the Briscoe County Celebration Saturday, and the fun event for kids will be open from 2:00 until 6:00 p.m.

Bring the kids for a jumping good time on this 20x20 trampoline at the courthouse Saturday afternoon.

 Continued From Page One**

Upon retirement from school administration, Rampley was recognized for "Outstanding Educational Leadership to the Panhandle of Texas, 1955-1987" by the Education Service Center, Region XVI. He now devotes most

of his time to raising purebred Beefmaster cattle.

He is a charter member of Foundation Beefmaster Association and is serving on its board of directors. He is a member of a number of cattlemen's associations and has regularly taught Bible Classes at the Silverton Church of Christ for the past 35 years.

The guest bedroom of their home is one of the original two rooms of the house that his mother and dad moved him to when he was two years old.

Mrs. Rampley taught business courses in Silverton High School 35 years and was active in community, club and church

ladies barrel racing and steer wrestling. There will be a kids calf scramble at each performance.

Rodeo admission will be \$5.00 for adults and \$3.00 for children 6-12. There is no admission charged for children under six.

The concession stand will be open at the rodeo, selling lots of good things to eat, and in addition, a food booth will be in operation at the dance.

At the Saturday night performance, there will be drawings for 100 Lotto tickets and a handmade saddle.

Dances will be held Friday and Saturday nights at the showbarn. Dancing will continue from 9:00 p.m. until 1:00 a.m. under the sponsorship of Briscoe County Activities Association and Silverton Volunteer Fire Department.

Saturday will be the big day in Silverton, when booths selling arts and crafts, various foods, toys, games, etc. will be set up around the courthouse square. A band will play underneath the shelter in the early afternoon, and there will be a parade through downtown beginning at 3:30 p.m. A barbecue will be served on the square beginning at 5:30 p.m.

On Friday and Saturday, various activities will be held relating to the Silverton School Homecoming. There will be class reunions and a general meeting at the school on Saturday.

Plan now to be in Silverton during the celebration. There will be lots of visiting with friends you haven't seen in a while, and lots of fun for everyone. Be here!

Rowell-Cleveland Vows Exchanged in Lubbock Saturday

Miss Donna Lynn Rowell and Delton Wade Cleveland, both of Lubbock, exchanged marriage vows in a double-ring ceremony at six o'clock in the evening on Saturday, August 3, at Asbury Methodist Church in Lubbock. Dave Treat performed the ceremony.

The bride is the daughter of W. D. and Peggy Rowell of Silverton. Parents of the bridegroom are LaRue Cleveland of Amarillo and Mr. and Mrs. Preston Cleveland of Granbury. Aubrey Rowell of Silverton is the grandfather of the bride.

Connie Ann Simpson served her sister as matron of honor. Serving as best man was John Rice of Lubbock, the groom's cousin.

Given in marriage by her father, the bride wore a white satin tea-length dress with a full gathered skirt. Her fitted bodice with dropped waistline was covered with lace and was hand-beaded with pearls. Her off-the-shoulder pouf sleeves were accented with white bows.

She chose a short white tulle pouf veil that was attached to a white satin and lace bow that

Mrs. Delton Wade Cleveland

Sometimes it's the little things that matter most.

matched her dress. She carried a bouquet of white and burgundy silk roses entwined with English ivy, white silk statice, pearl sprays and lace showered with white and burgundy streamers.

To carry out bridal tradition, she added pearl earrings for something new; a pearl necklace given to her by her mother for something old; a diamond-cut bracelet belonging to her sister, Connie, for something borrowed; and a blue garter made for her by her mother.

The matron of honor wore a V-neck short-sleeved fitted black tea-length dress and carried a cluster of burgundy roses tied with burgundy and white streamers.

Soloist was Shiralon Stephens of San Angelo who sang "Only God Could Love You More," "When You Say Nothing at All" and "The Lord's Prayer."

Guests were registered by Paige Cleveland, sister-in-law of the groom.

A reception was held immediately following the ceremony at the Four Point Sheraton. Tables covered with floor-length white cloths held trays of assorted fruits and vegetables, crackers, cheeses, dips, salsa and chips.

A large round table covered with a floor-length cloth held the three-tier wedding cake decorated with burgundy, white and navy silk flowers. Iced punch and tea

were served along with mints and nuts by Shoney Hernandez and Margaret Rice, both of Lubbock.

Following a wedding trip to Ruidoso, New Mexico, the couple will be at home in Lubbock where the bride is employed by Strong Transfer and Storage Company and the bridegroom is employed as a firefighter by the City of Lubbock.

Comings & Goings

Shirley Tarver of Limon, Colorado and daughter, Jean, of North Carolina, and Mr. and Mrs. Deene Donnell of Canyon visited Elsie Brown Monday morning.

Girtha Mae Vaughan

Mrs. Vaughan To Be Honored on Birthday

The children of Girtha Mae Johnston Vaughan are inviting relatives and friends to help them honor their mother on the occasion of her 90th birthday anniversary at a reception between 2:00 and 4:00 in the afternoon on Sunday, August 18, 1996, at the home of Bud and Norma Vaughan, 100 Braidfoot, in Silverton. It has been requested that there be no gifts, please.

The former Miss Johnston and Elmer Vaughan were married March 28, 1925 in Hollis, Oklahoma. They lived in Silverton most of their married life. Mr. Vaughan passed away April 21, 1953.

Children born to the union were Lola Smalts of Hereford, Norma Ragland of Lockney and Denzil Vaughan, who passed away August 14, 1983. Mrs. Vaughan has seven grandchildren and 20 great-grandchildren.

4-H Members in Many Summer Activities

by Calley J. Payne, CEA-FCS
Briscoe County Extension Agent

Briscoe County 4-Hers have been participating in several activities this summer. Molly Brooks attended Texas 4-H Congress in Austin. She participated on the Environment Committee and the House of Representatives. 4-Hers were able to debate and vote on the bills they had submitted. Bills passed by the Texas 4-H Congress were presented to the Governor of Texas.

Molly also attended Spectra '96 at The Texas 4-H Center at Lake Brownwood. At this camp, 4-Hers chose one area, such as Public Speaking or Recreation, to learn about for the week. Molly participated in canoeing and sailing. The camp also offers several theme parties and a gala banquet.

Carrie Baird and I attended 4-H Electric Camp at Camp Scott Able near Cloudcroft, New Mexico. This camp was conducted by SPS (Southwestern Public Service Company) staff who taught 4-Hers everything about electricity from safety to home wiring.

Briscoe County had six entries in the District Record Book Contest. All six 4-Hers had excellent books and their success proves how hard they have worked with their 4-H projects:

- Wynter Smith, first place photography
- Briana Sperry, first place beef
- Molly Brooks, third place home economics achievement
- Lindsey Jennings, third place clothing and textiles
- Tara Smith, blue ribbon recreation
- Scarlett Sperry, blue ribbon recreation.

Wynter and Briana's record books advance to State competition.

UPCOMING 4-H EVENTS

Aug. 10--Homemade Ice Cream Booth, 10:00 a.m. to 4:00 p.m.--Briscoe County Celebration
Aug. 19--Gold Star interviews, 5:30 p.m., Briscoe County Extension Office

Aug. 19--Briscoe County Senior 4-H Club meeting, 7:30 p.m., roadside park between Silverton and Quitaque

August 21--Valley Junior 4-H Club meeting, 4:00 p.m., Valley School Cafeteria

Aug. 24-25--Briscoe, Carson, Gray, Armstrong, Potter counties 4-H officers and leaders retreat, Ceta Canyon Methodist Church Camp

August 26--Silverton Junior 4-H Club meeting, 3:30 p.m., Silverton School Cafeteria

For information on these or other 4-H programs, please contact the Briscoe County Extension Office at 823-2131. 4-H is open to all youth regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

Class of 1976 To Have Reunion

Members of the graduating class of 1976 will meet at the Brunch Saturday morning, and go to the Baptist Church Fellowship Hall for their reunion.

Former teachers and friends in other classes are invited to stop by for a visit with the Class of 1976.

Letter to the Editor

To whomever sent the anonymous letter this past week, I would like to explain why I can't help you. First you did not sign your name. I cannot recognize an unsigned letter as coming from a Concerned Citizen. You give me no details of a criminal act, rather, an allegation with no evidence. You say you will appeal to a higher authority, and I can tell you that no one with any authority will recognize an unsigned letter as anything but a crank letter.

You say you will tell the people of Quitaque I don't do my job; go ahead, they know better.

If you really are concerned, let me know who you are, what you know, and treat me with the same courtesy that you expect. Threats and unsigned letters won't get you the help you desire.

Jerry D. Beck

LOOKING BACK—

Continued From Page Three

disgruntled because Sally Rand did not recognize him and call him by name. He says, 'Boy, I'm telling ya--those were the dimmest lights I ever saw' . . . Frank Havran, who is a mighty good cleaner and presser (he presses everything and anyone within reach) says he is getting mighty tired of never seeing his *Briscoe County News*. Most every week, he says, someone borrows his paper and he never gets it back. What about fixing up a few new subscribers for me, Frank? . . . George Kirk and daughter, Doris, were in Lubbock over the weekend visiting friends and transacting business . . . Mrs. Theron Crass has returned home from the hospital at Plainview . . . Little Shirley Haynes has been seriously ill for several days . . .

July 1, 1926--Mr. T. L. Anderson has been County Clerk since the organization of the county, and being a busy man--for it keeps a man busy to serve a county as County Clerk in as worthy a way as Mr. Anderson has--probably had not realized the span of time he has served the people of this county until Saturday, when Mr. Cecil Purcell and Miss Athel Merrell applied for a marriage license and Miss Merrell recalled to Mr. Anderson that he issued her mother and father their marriage license . . . Mr. Curtis King and Miss Zuba Carter were married Saturday at the home of the bride's parents, Mr. and Mrs. R. L. Carter . . . Johnnie Kendrick pays supreme

penalty in truck accident . . . Wheat harvest in full sway; quality is fine . . . Miss Iris Mae Fox, formerly of Lockney, but who has been bookkeeper for Judge Wright, also assisting other officers of the county in their book work, and as secretary of the Retail Merchants Asso., left last Friday for Lockney to be bookkeeper for a grain elevator company . . . Cecil Price and Velma Hunter of Quitaque were married by W. L. Jenkins . . . Dan Montague and J. C. Spillman each purchased a Hart-Parr Tractor from Merrell Hardware in Silverton . . . Mrs. J. C. Welch is the owner of a new Rock Island cultivator purchased from Merrell Hardware . . . Ben Garvin recently purchased a two-row cultivator from E. E. Merrell Hardware . . . Jno. Montague recently purchased a new cultivator . . . Mr. M. K. Summers went to Amarillo Tuesday evening after more auto casings, as he reports that his station has made record breaking sales the past month . . . Gid Mayfield took out a new cultivator from Merrell Hardware the past week . . .

Your baked dishes will come out even more delicious if you preheat your pie pans, cake tins, cookie sheets and muffin pans.

Skin Cancer Risk Assessment Given

Calley Payne, CEA-FCS
Briscoe County Extension Agent

Risk factors are those characteristics that are more frequently found in persons with a specific cancer than in persons without that cancer. The following items are risk factors for skin cancer. Answer "yes" or "no" to each question to assess your personal risk factors for skin

cancer.

1. Did you experience a severe, blistering sunburn before the age of 18? Yes or No
2. Does your job require frequent sun exposure? Yes No
3. Do you live in the southern United States? Yes No
4. Do you or have you used tanning beds or sunlamps? Yes No

5. Do you sunbathe? Yes or No
6. Do you have outdoor recreational hobbies? Yes or No
7. Is your natural hair color blond, red or light brown? Yes or No
8. Is your natural eye color green, hazel, gray or blue? Yes or No
9. Is your skin freckled and/or fair? Yes or No
10. Do you sunburn easily? Yes or No
11. Have you been exposed to creosote, coal pitch tar, arsenic, lubricating or cutting oils on your job? Yes or No

12. Have you had X-ray treatment to the skin for acne or another skin condition? Yes or No
 12. Have you had X-ray treatment to the skin for acne or another skin condition? Yes or No
 13. Have you had a skin cancer in the past? Yes or No
 14. Have you ever had a precancerous skin lesion removed or treated? Yes or No
 15. Have any of your family members had a skin cancer? Yes or No
 16. Have you had a severe burn to the skin that resulted in scar formation? Yes or No
 17. Were you born with a birthmark larger than 7 inches? Yes or No
 18. Do you wear sunscreen less than half the time when outdoors? Yes or No
- All "yes" answers are considered to be risk factors for skin cancer. You can change many of your risk factors!!

RISK FACTORS FOR SKIN CANCER

Heavy Lifetime Sun Exposure (Questions 1-6): Repeated overexposure to the ultraviolet rays of the sun is the principal cause of most skin cancers. Risk increases for those who are heavily exposed to the sun in their occupations, including farmers, sailors, and road and construction workers. Risk also increases for those whose recreational activities involve heavy sun exposure, such as swimming, skiing, golfing and jobbing. Tanning salons emit ultraviolet radiation which add to the skin damage caused by the sun, contributing to skin cancer formation. People who have experienced a severe, blistering burn before the age of 18 are at increased risk for developing melanoma, the most serious form of skin cancer.

Skin Pigmentation (Questions 7-10): Fair-skinned people are at increased risk, especially those with blond, red or light brown hair and light-colored (blue, gray, hazel or green) eyes. Those of Celtic (Scottish, Irish) descent are at higher risk. Fair-skinned persons are at greatest risk, although it is important to remember that anyone can develop skin cancer.

Exposure to Chemical Carcinogens (Question 11): Those with occupational exposure to paraffin waxes, anthracin soot, lubricating or cutting oils, mineral oils, creosotes, coal pitch tar, or previous exposure to arsenic are at increased risk. Examples of workers at occupational risk may include roofers, road repair workers, insecticide makers or sprayers, coal miners, tar distillers, or machine operators exposed to lubricating oils.

History of Superficial X-Ray Treatment (Question 12): A history of X-ray treatments for acne, psoriasis, fungal conditions, or to remove unwanted hair, particularly when in combination with heavy sun exposure, may increase one's risk of developing skin cancer.

THURSDAY, AUGUST 8, 1996

Personal or Family History of Skin Cancer (Questions 13-15): People who have had a previous skin cancer or precancerous lesion are at increased risk for developing skin cancer. People who have a family member with melanoma are at increased risk for developing melanoma themselves.

Birthmarks and Burn Scars (Questions 16-17): Persons born with a birthmark larger than seven inches ("giant Congenital nevus") are at increased risk for melanoma formation later in life. A severe burn to the skin due to fire or chemicals increases risks for developing skin cancer in the scarred skin.

REDUCING YOUR RISK FOR SKIN CANCER

Cover up with a wide-brimmed hat, and a bandana for your neck; wear long-sleeved shirts and pants the sun can't penetrate.

Use sunscreens with a Sun Protective Factor (SPF) rating of 15 or higher. Apply sunscreen at least an hour before going into the sun and again after swimming or perspiring. Avoid indoor sunlamps or tanning booths.

Know the Ways of the Rays: You may get burned on a cloudy day. And the sun's rays can reach down into three feet of water. Avoid the direct sun at midday, as the sun's rays are strongest between 11:00 a.m. and 2:00 p.m. And beware of high altitudes—there is less atmosphere to filter out the ultraviolet rays. Snow reflects the sun's rays too.

Know Your Skin: Whatever your skin type, do a monthly self-exam of your skin to note any moles, blemishes or birthmarks. Check them once a month and if you notice any changes in size, shape or color or if a sore does not heal, see your physician without delay.

For more information, call toll-free 1-800-ACS-2345, or write American Cancer Society, 2433 Ridgepoint Dr.-A, Austin, TX 78754.

Briscoe County Calendar of Events

August 17--Canyon Rambling, Caprock Canyons State Park. Travel the back trails of Caprock Canyons State Park with a Ranger in an open air vehicle. View the wildlife and beautiful scenery and experience a rough and rumbling ride.

September 7-8--County-wide Garage Sale, Silverton, Quitaque and points in between. Take a whole day for browsing through garage sale items and see the beautiful Briscoe County high plains, canyons and rolling plains country.

September 7--Caprock Jamboree, Showbarn in Silverton. Jam session at 5:00 p.m., Hamburger supper at 6:00 p.m., free musical show 7:00 p.m.

September 7--Tunnel Bat Flights, Caprock Canyons State Park Trailway. Witness the flight of bats as they stream out of the Clarity Tunnel on the Caprock Canyons Trailway System in search of food and water.

September 20-21--Blue Grass Festival, Silverton. Spend time on the lawn of the historic Briscoe County Courthouse listening to music and visiting with our wonderful people.

September 14--Tunnel Bat Flights, Caprock Canyons State Park Trailway System

September 20-22--Ride the Rock (advanced), Caprock Canyons State Park Trailway. At first, the trailway near Quitaque looks like a West Texas stereotype--vast and flat. Surprise! Suddenly, the trail drops off the staked plains into the rugged canyons of the Caprock escarpment, winding into the Red River Valley. With expert biking instructors at your side, you will cross numerous bridges and trestles on some of the 64-mile trail, affording daring views of the scenery below. All food and snacks provided. Tent camping along the trail.

September 21--Tunnel Bat Flights, Caprock Canyons State Park Trailway

September 27-29--Orienteering (map and compass reading), Caprock Canyons State Park. This course teaches how to correctly orient the compass to the map. It also shows how to take readings from the compass, how to follow coordinates to and from a location, and how to use azimuths. You'll learn how to circumnavigate an obstacle. A Texas Parks and Wildlife Department specialist presents educational programs each night.

September 28--Cowboy Campfire Evening, Caprock Canyons State Park. This event is one of several cowboy entertainment events that will take place in Caprock Canyons State Park. Jimmy Burson will be the cowboy musician. Please contact the park headquarters for more information.

Wheat Producer Seminar Is Set

by Rebel L. Royall
Briscoe County Extension Agent

A wheat producer's seminar will be held at the First State Bank Pioneer Room on Tuesday, August 13, 1996, at 7:00 p.m.

Extension Specialists Dr. Brent Bean-Extension Agronomist and Dr. Carl Patrick-Extension Entomologist will be here to discuss wheat production in our area.

County Extension Agent Rebel Royall will discuss this year's irrigated wheat variety plot.

The program will be good for two Continuing Education Units (CEUs). All persons wishing to attend should pre-register by calling the Briscoe County office or the Texas Agricultural Extension Service at 806-823-2131.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

Comings and Goings

Mr. and Mrs. Bailey Hill and Sylvia had as their houseguests, T. L. Hamilton, Mrs. Hill's twin brother, from Abilene and Lath Owens, his grandson, from Temple. The men were here to attend the wedding of Denny Hill and Traci Skinner. Mrs. Hill went to Abilene with them to celebrate their 76th birthday anniversary, and returned home Friday.

1996 PROPERTY TAX RATES IN SILVERTON ISD

This notice concerns 1996 property tax rates for the SILVERTON INDEPENDENT SCHOOL DISTRICT. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's "Effective" Tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's "Rollback" rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:

Last year's operating taxes	\$ 473,443
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 473,443
Last year's tax base	1 49,317,080
Last year's total tax rate	\$ 0.960/\$100

THIS YEAR'S EFFECTIVE TAX RATE:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 473,443
/ This year's adjusted tax base (after subtracting value of new property)	\$ 48,069,524
= This year's effective tax rate	\$ 0.9849/\$100

× 1.03 = maximum rate unless unit publishes notices and holds hearings

\$ 1.2803/\$100

THIS YEAR'S ROLLBACK RATE:

Last year's adjusted operating taxes	\$ 473,443
/ This year's adjusted tax base	\$ 48,069,524
= This year's local maintenance and operating rate	\$ 0.9849/\$100
× Student enrollment adjustment	1.00
= This year's adjusted maintenance and operating rate	\$ 0.9849/\$100
+ \$0.08 cents = this year's maximum operating rate	\$ 1.0649/\$100
+ This year's debt rate	\$ -0-
+ Rate to recoup loss certified by commissioner of education	\$ -0-\$100
= This year's rollback rate	\$ 1.0649/\$100

SILVERTON INDEPENDENT SCHOOL DISTRICT

SCHEDULE A

UNENCUMBERED FUND BALANCES:

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

TYPE OF PROPERTY TAX FUND	BALANCE
Maintenance and Operations	\$ 393,000.00

SCHEDULE B

1996 DEBT SERVICE: None

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at Briscoe County Appraisal District.

July Weather Was Wetter Than Normal

Weather across the Texas South Plains during the month of July 1996 was wetter than normal.

Temperatures averaged 0.3 degrees above normal and ranged from 1.9 degrees below normal at

Matador to 1.8 degrees above normal at Muleshoe Wildlife Refuge. Silverton's temperatures

averaged 77.1 degrees, which was more than two degrees below the South Plains average.

BRISCOE COUNTY NEWS

Maximum temperatures averaged 0.8 degrees below normal and ranged from 3.8 degrees below normal at Matador to 0.9 degrees above normal at Post. The highest temperature reported during the month was 107 degrees at Paducah on the 7th.

Silverton's maximum temperatures averaged 88.6 degrees, which was about 3½

degrees below the South Plains average.

Minimum temperatures averaged 1.4 degrees above normal and ranged from 0.1 degrees below normal at Matador to 3.3 degrees above normal at Morton. The lowest temperature reported during the month was 59 degrees at Dimmitt and Silverton on the 11th.

Silverton's minimum

THURSDAY, AUGUST 8, 1996

temperatures averaged 65.5 degrees, which was almost two degrees below the South Plains average.

Precipitation averaged 0.87 inch below normal and ranged from 1.35 inches below normal at Plainview to 5.13 inches above normal at Silverton. The Silverton station reported 7.56 inches of precipitation during July, which was 4.40 inches above the South Plains average.

Hello, Remember Me?

Anonymous

From the Fleet Reserve Ass'n.
Newsletter of St. Louis

I've been called Star-Spangled Banner by some. Others refer to me as Old Glory.

Whatever they call me, I am your flag, the flag of the United States of America.

Something has been bothering me, so I thought I might talk it over with you, because it has to do with you and me.

I remember the day when people lined up on both sides of the street to watch a parade—like always, I was leading the parade, proudly waving in the breeze.

When I passed by your daddy, he immediately removed his hat and placed it against his left shoulder so the hand was directly over his heart.

Do you remember?

Over the years I've walked down a lot of city streets and I don't see this any longer. What happened?

I'm still the same old flag. I've earned a few more stars since you were a child.

I've seen a lot more battles since those parades of long ago.

But now I don't feel as proud as I used to. When I come down the street you just stand there with your hands in your pockets and I may get a small glance when I pass by and then you look the other way.

Then I see your children running around and shouting—they don't seem to know who I am.

I passed by this one man and he actually took his hat off. When he didn't see anybody else with theirs off, he quickly put it back on.

Is it a sin to be patriotic anymore?

Have you forgotten what I stand for and where I've been?

The men that have fought for the stars that I carry on my back.

Take a look at the Memorial Honor Rolls, read the names of those who never came back, those who fought to keep this republic free.

One Nation Under God—when you salute me, you are actually saluting them.

The day will come when I will be coming down your street again.

So when you see me, stand straight, place your right hand over your heart, be proud, and I will salute you by waving back.

I'll know that YOU REMEMBERED.

Carrie Baird (left) and County Agent Calley Payne

Briscoe County Youth Attends Electric Camp

Carrie Baird, a Briscoe County 4-H member, recently participated in an electricity camp sponsored by Southwestern Public Service Company. More than 130 4-Hers and advisors from throughout the Texas Panhandle and South Plains attended the High Plains Electric Workshop July 15-19 at Camp Scott Able, near Cloudcroft, New Mexico.

The camp featured demonstrations and lectures on electricity, wiring, electrical terms and safety. The students also completed hands-on wiring projects.

County Agents and SPS representatives served as advisors and instructors.

Southwestern Public Service Company is a regional electric utility that primarily provides electric service to a population of about one million people in a 52,000-square-mile area comprising eastern and southeastern New Mexico, the South Plains and Panhandle of Texas, the Oklahoma Panhandle and southwestern Kansas. Corporate headquarters is in Amarillo.

Letter to the Editor

Dear Editor,

After reading the list of teachers in our schools, I felt I just had to comment. Any family that has children in our schools needs to thank our precious Father in Heaven, that He has answered prayers thru the years by allowing us to have this caliber of persons leading our children. Now, I will admit, I knew nothing of their abilities, but I do know that their lives speak much louder than words and I want to say, "Parents, if you want to keep this kind of teachers, stand behind them and teach your children to respect them." Our school system has been blessed! Thank God right now!

While I'm passing out bouquets, may I invite everyone to drive up Braidfoot Street starting on the South end, and see Old Glory all the way North. First you'll come by Aubrey Rowell's where his flag waves proudly, then past the Jack Strange house that the Rhodericks have bought where the flag flies calmly in the midst of the trees and at the end you'll see the Pascal Garrison's flag all lit up, flying freely to proclaim "Freedom." So beautiful! And spine tingling. Aren't we blessed, to live in Silverton, Texas USA? Thanks for allowing me space to sound off.

Maebelle

Dudleys Are Agents For Central Bail Bonds

Kenneth Knowles, owner of Central Bail Bonds, announces the association of Norlan and Doris Dudley as agents for Swisher, Hale and Castro counties. The Dudleys are lifelong residents of the area.

Mr. Dudley has 25 years of banking experience and eight years of law enforcement experience, as well as eight years as an independent bail bondsman. He is a member of the Masons, Shriners and Scottish Rite Masons, Sheriff's Association of Texas, American Legion and VFW, Tule Lake Country Club and USGA, former long-time member of the Lions Club and Texas Bankers Association.

Mrs. Dudley served 10 years in the Swisher County Appraisal District office. The couple has been married for 48 years and have three grown daughters, Joan Vining of Greenville, Texas, Laura McNamara of Lubbock and Donna Pigg of Quitaque.

A bumper crop of apples is on the trees at the Johnnie Burson's this year. The trees were sprayed and the apples are just about perfect. *Briscoe County News Photo*

Successful breeding programs' hold the key to the future of cotton production. On the Texas High Plains the Plains Cotton Improvement Program provides cotton producers a significant advantage through its primary focus on developing cotton varieties specially suited to the High Plains.

The Plains Cotton Improvement Program began in 1983. Initiated by growers and funded through a voluntary ten-cent per bale check-off at the compress, one of the unique aspects of the program is that it is directed by a nine-member committee of cotton producers from across the High Plains.

"The PCIP's success comes primarily from the strong, focused direction it receives from the Plains Cotton Improvement Committee," explains PCIC Chairman Myrl D. Mitchell of Lenorah, Texas. "As a Martin County cotton producer, my wish list doesn't always match up with the lists of other committee members. That's good because the diversity of the committee helps us maintain a broad range of germplasm development."

Mitchell notes that the PCIP's ultimate goal is to initiate the development of commercial cotton varieties that every cotton producer can use successfully.

The PCIP accomplishes this ambitious task through Dr. John Gannaway, a cotton breeder with the Texas Agricultural Experiment Station north of Lubbock, who carries out the day-to-day tasks associated with developing the new breeding lines.

"My job is to see that the agronomic properties producers want and need are available," says Gannaway. "Since the PCIP started, we have developed several hundred new germplasm lines and have released about 160 to seed companies."

Seed companies utilize the breeding material and develop the finished products for producer use. Several PCIP enhanced varieties already are available from regional companies like All-Tex Seed of Levelland and Brownfield Seed in Brownfield.

The 1996 installment of the PCIP brings with it an increased emphasis on dryland production and the need for more drought-tolerant cotton. Combined with the recent identification of breeding lines exhibiting resistance to disease organisms such as Thieleviopsis, Rhizoctonia and Pythium, future germplasm releases should continue to build on the success of germplasm already released.

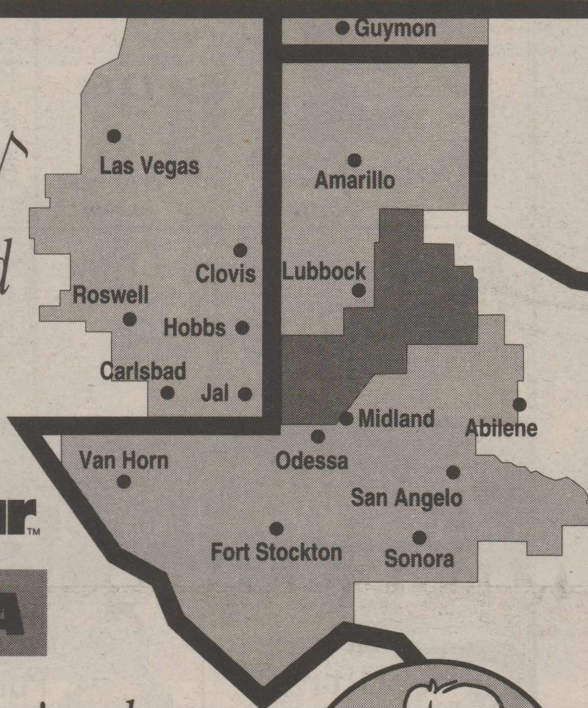

Commercial breeders have been busy incorporating PCIP developed lines with improved strength, length and yield characteristics into their own breeding programs.

"The future of cotton production on the High Plains is very bright," says Mitchell. "I am glad the opportunity exists to plant these vastly improved varieties, but I am really looking forward to the next five or ten years when ever better varieties will be readily available."

Mitchell notes that starting from scratch a new variety can take up to ten years to develop. With the PCIP this development time can be shortened to five or six years because the PCIP is continually identifying and enhancing desirable traits.

"Staying competitive with other cotton-producing regions means making the best use of our resources," concludes Mitchell. "The PCIP is probably the one resource we have that really puts us way ahead of other areas. We've already leap-frogged our way to the top of the quality chart and the PCIP will help us stay there."

Give me a BIG home where I don't pay to roam, and can talk and feel free as a bird.....

Well now I'm all smiles since home is 142,000 square miles...
Yep, DC's just as Good As Their Word.

Many of you contacted our office asking for a larger home area. Well, we listened to your request and we are pleased to announce our new Home+Area.

Effective July 26, 1996, Digital Cellular customers will no longer pay roaming charges in the Home+Area. The dark gray area on the map shows the original home area, while the light gray indicates the new Home+Area.

On select rate plans*, DC customers will pay only their home rate on airtime used in the Home+Area.

Now when you place or receive a call in Lubbock, Midland, Big Spring, Abilene, or Hobbs, (anywhere in the light gray area), you pay only your home air time rate plus long distance charges when applicable.*

*Subject to Rate Plan *Some restrictions do apply *Your phone must be locked on B-Band

For more information, contact your local authorized agent or call Digital Cellular at 1-800-662-8805.

People May Outlive Their Retirement Income Provisions

by Mary Jane Shanes
Social Security Manager
Plainview, Texas

There was a time when the worst thing that could happen in old age was a catastrophic illness that depleted your savings and left you unable to support yourself. One of the facts of life I've become aware of recently is the very real possibility many people face in retirement—and that is the risk of outliving their retirement income. People are living longer, and in some cases, their income is not lasting as long as necessary to cover the needs of the later years.

The fastest growing segment of the population today is the age 85 plus. Your chances of being among that number are dramatically increased as medical science steadily advances. From a planning perspective, you need to be thinking about retirement income that will grow with you no matter how long it takes.

Social Security retirement benefits are paid as early as age 62 and continue for life. The benefits are designed to be a base of income in retirement, something you can build on to meet your lifestyle needs. The benefits replace about 42 percent of prior earnings for workers with average lifetime earnings; they increase annually with increases in the cost of living; however, you have other options as to how much those benefits will be depending on the age at which you retire.

If you retire at age 62, your benefit will be reduced for every month before age 65 and the month you retire, to a maximum of 20 percent.

If you retire after 65, your benefit will increase for every month after 65 and the month you retire. In 1996 the increase is five percent a year, gradually increasing to eight percent a year in 2007.

If you wait until 70 to retire, your benefit will increase by as much as 20 percent. On the other hand, if you start drawing benefits at 62, you will be receiving benefits over a longer period of time and will probably end up getting about the same in total benefits.

It's true that most people do not base their retirement decision on how much their Social Security benefit will be. Such issues as health, other income, and family responsibilities may outweigh this factor, as they should.

But for planning purposes you would probably do well to think about when you want your base of income to be the highest, when you can rely on earnings and other income, and when you are most likely to need an income that just keeps coming.

Silverton, Texas in 1904 included these buildings: Bank, Blue Drug Store, Cosby Restaurant and Crawford Hotel.

1995-96 Texas A&M Ranch to Rail Program

by Rebel L. Royall, CEA-AG
Briscoe County Extension Agent

Two hundred fifty-eight ranches from five states participated in the 1995-96 Texas A&M Ranch to Rail program. Ranch to Rail is an information feedback program that allows commercial cow-calf operators and purebred breeders to determine if their calves meet the needs of the beef industry and to realize what constitutes value beyond the weaned calf phase of beef production.

High grain prices and low fed-cattle prices resulted in an average loss of \$28.32 per head; however, the range in ranch returns per head varied from +\$137.04 to -\$307.91. Steers were sold on a carcass basis with premiums for Choice and Prime quality grades and discounts for Standards. Premiums were paid for Yield Grades 1 and 2 with discounts for Yield Grades 4 and 5. Carcass prices were relatively good in February and March when the first steers were marketed, but weakened in May when the bulk of the cattle were sold. Therefore time of marketing had a major influence on net return. However the data documents that even in bad economic times there are cattle that excel in meeting the needs of the beef industry. The high profit ranch entry (\$137.04 per head) happened to sell at the top of the market. If you use the average carcass prices paid for the various quality grades and yield grades, their calculated net would still be \$110.08. This ranch entry, like the other 17% of the ranch entries that had a positive net return, were characterized by high rates of efficient gain, low medicine costs and lean, high grading carcasses.

There are those who believe that since calves are so cheap you can't afford to properly prepare them to enter the marketing channels. Even though calves are cheap, the cost of production due to high grain prices necessitates attention to details to optimize production. Calves that got sick at the feedyard (primarily respiratory disease) had an average medicine cost of \$34.05 per head and a death loss of 3.5%. They didn't gain as well nor did they grade as well as healthy calves. They calculate to be worth \$10.33 less per cwt. as feeders due to their inefficiencies and added production costs.

Producers who are serious about being competitive in the future need to determine whether or not their steers meet the needs of the industry and implement changes in genetics and/or management to hit the industry target. Ranch to Rail provides that opportunity.

Nominations for the 1996-97 Ranch to Rail program are due September 10, 1996. Nomination forms can be picked up at the Briscoe County office of the Texas Agricultural Extension Service. To obtain a copy of the 1995-96 Ranch to Rail summary report Telephone 409-845-3579, FAX 409-862-2942, or write Ranch to Rail, 110 Kleberg Center, College Station, Texas 77843-2471.

The smallest state is Rhode Island, with 1,212 square miles.

PARENTS SHOULD HELP SCHOOLS COMBAT EVIL INFLUENCES

There was a time when getting your children ready for school simply meant clothes, shoes, eye exams and vaccinations. Today, however, it also means warning them against any attempt to induce them to use drugs, join in gang activities, or commit acts of crime or vandalism. With all the evil influences abroad, this is not an easy time to bring up children--even the very young ones--and it requires an extra effort on the part of parents and law enforcement authorities to help the schools combat these things. However, it should also be remembered that the Sunday school at your House of Worship can teach your children positive moral values, helping them to see the advantages of a clean and law-abiding life. There is no more vital part of their education.

Dear friends:

Please accept my personal encouragement to become a part of the Clarendon College family. If you haven't already finalized your plans for college this fall, please know that we, at Clarendon College, would be very excited to have you as a student.

Clarendon is the oldest higher education institution in the Texas Panhandle, and we're proud of that. Our college will celebrate its 100th birthday in 1998, and we've endured that long for one reason - we genuinely care about our students.

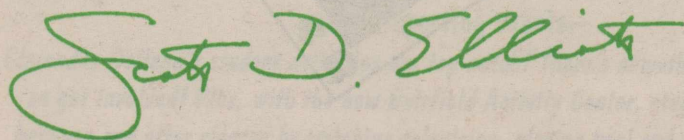

At Clarendon, I promise that you won't become a number in some computer. You won't get lost in the crowd. We feel strongly that the college's small size is one of its greatest strengths. Our students get a lot of individual attention from their teachers and our staff members. We will take a personal interest in your success.

I have two major goals for our students at Clarendon College. First, I want the college to be a place where students can get a first-rate education - a place where each individual can continue to develop to his or her fullest potential. Second, I want our college to be a fun place - a school where people can enjoy a lot of positive interaction.

So, as you look over our fall schedule and read some important things about our college, remember this above all else - students are our only business at Clarendon College. We call Clarendon "The College that Cares," and all of us work very hard to live up to that motto.

I really hope to see you in August!

Sincerely,

Scott D. Elliott, President

GENERAL INFORMATION

ACCREDITATION

Clarendon College is approved and accredited by The Commission on Colleges of the Southern Association of Colleges and Schools Toward Associate in Arts, Associate in Science and Associate in Applied Science Degrees; The Texas Higher Education Coordinating Board; The State Board of Vocational Nurse Examiners and appropriate professional accreditation. For a complete listing of affiliations, refer to *The Clarendon College Centennial Edition Catalog*.

DROP/ADD POLICY

Students desiring to make schedule changes after their initial registration each semester must do so during the designated "Drop and Add" period as scheduled in the calendar of events in both this schedule and the college catalog. Students will be required to pay tuition and fees applicable to any class(es) added to the schedule, as well as a \$5 drop/add fee per schedule change.

A student who drops a course after the first 12 class days of instruction will receive a grade of W. No classes may be dropped after the 14th week of a Fall or Spring term. To drop a class, the student must obtain the written consent of the instructor. Drop forms are available in the Registrar's Office.

CHILDRESS CENTER

Clarendon College offers academic classes and Licensed Vocational Nursing classes in Childress. Most classes are held at Childress High School.

CLASSIFICATION INFORMATION

Students enrolled at Clarendon College may be classified in the following ways:

FRESHMAN

0-29 hours earned

SOPHOMORE

30 or more hours earned

FULL-TIME

Enrollment in 12 or more hours in a semester

PART-TIME

Enrollment of less than 12 hours in a semester

COLLEGE BOOKSTORE

Located in the Bairfield Activity Center, the college bookstore is open during registration periods and at each semester's end for book buy-back. Textbooks are bought back at the Clarendon and Pampa Center only during the final exam week of each semester.

EQUAL OPPORTUNITY INSTITUTION

Clarendon College offers all of its educational opportunities and extracurricular advantages to students without regard to race, creed, color, national origin, sex, age or handicap, except where sex, age or handicap is a bona fide occupational qualification.

FINAL EXAMINATIONS

A final examination is required for each course. Final examinations may not be given earlier than the time for which they have been officially scheduled. A final examination schedule is posted a minimum of three weeks in advance of the date of the first exam administered and/or announced by instructors administering the test.

FINANCIAL ASSISTANCE

Clarendon College offers scholarships, grants and work-study opportunities. Low-interest student loans, such as the Federal Stafford Student Loan, requires a recommendation by the Financial Aid Officer and an application made to the student's lending institution.

To apply for financial assistance, request a free application for Federal Student Aid from Clarendon College. After completing the form, mail to the address listed on the envelope. In 4-6 weeks, a Student Aid Report (SAR) will be sent to you. Submit your SAR and a signed copy of your or your parents' most recent federal income tax return. Financial aid is distributed on an individual basis, with the highest priority being given to students with the greatest financial need.

Scholarship applications are available by contacting the Admissions Office. The deadline for scholarship applications is April 1. Please refer to the college catalog for a complete listing of available scholarships.

LIBRARY

The library provides opportunities for study, research, recreational reading, listening and viewing educational materials. More than 20,000 books, as well as, journals, magazines, microfiche and non-print items are available. Interlibrary loan is available to all patrons. The library is located in the Administration Building.

MISSION STATEMENT

Clarendon College is a comprehensive community college committed to providing equal access to opportunities that assist in the holistic development of its constituents and community. In pursuit of that mission, the college provides academic transfer programs, workforce education courses, continuing education/community service courses, and diverse cultural enrichment opportunities.

PAMPA CENTER

Clarendon College Pampa Center was established Dec. 1, 1978. The Center is housed in the former Houston Elementary School, located at 900 N. Frost in Pampa. In conjunction with the Pampa Center Foundation, Clarendon College is planning to open a new \$4.3 million Pampa Center before the year 2000. The new center will provide students with a modern, multi-purpose facility that will enable the college to offer greater education opportunities to its constituents. Plans call for the center to be owned by the Pampa Center Foundation and leased to the college on a long-term basis.

SENIOR CITIZENS POLICY

Any Donley County residents who are 65 years or older, may audit classes without paying tuition. This does not exempt senior citizens from paying all usual and customary fees paid by all registered students attending Clarendon College. Tuition-exempt students may audit a class on a space available basis. Senior citizens who desire to earn transferable credit for courses must pay all regular tuition and fee changes and meet all admission requirements.

SERVICEMEMBERS OPPORTUNITY

A member of the Servicemembers Opportunity Colleges (SOC), Clarendon College provides post-secondary education to members of the military throughout the world. Clarendon College recognizes the unique nature of the military lifestyle and is committed to easing the transfer of relevant course credits, providing flexible academic residency requirements and crediting learning from appropriate military training and experiences.

STUDENT EDUCATION RECORDS

In compliance with the Texas "Open Records" Act and the Buckley Amendment (Public Law 93-579), Clarendon College will consider the following information to be "public or directory information" unless the individual student or employee advises the Dean of Instruction in writing that his/her name should not be included or released as public information:

Name, Date and Place of Birth, Major and Minor, Current Class Schedule, Number of Hours Enrolled for Current Semester, Classification, Marital Status, Dates of Attendance, Participation in Officially Recognized Activities and Sports, Weights and Heights of Members of Athletic Teams, Degrees and Awards Received, and All Previous Educational Agencies/Institutions Attended.

STUDENT LOAD

The recommended regular load of a student is 15-18 credit hours. Any student desiring to take more than 18 credit hours in a Fall or Spring semester must receive written authorization from the Dean of Instruction.

TRANSCRIPTS

A copy of the student's permanent record (transcript) is available from the Registrar's Office, only by written authorization by the student. Fee is \$2. All financial obligations to the college must be met in full before a transcript will be issued.

MEREDITH WAINSCOTT

Iowa Park, Texas

"I had taken classes at a university before attending Clarendon College. I felt like I was shuffled around, especially when it came to scheduling classes and working with an academic adviser. But at CC, it's right the opposite. The faculty and administration know you by your first name and will bend over backwards to help you. They really do care."

Admission Policies

Clarendon College has an "open door" admissions policy, which means it accepts all applicants who can be expected to benefit from its programs.

As a comprehensive community college, Clarendon College offers many programs designed to meet the needs of students according to their backgrounds and interests. With limited exceptions, a student must be a graduate of an accredited high school or have a GED. Nongraduates who are at least 18 years old may be admitted on individual approval provided if it is determined through assessment that they have the ability to benefit from their program. Any individual admitted by individual approval by the Registrar will automatically be placed on academic probation, and must achieve a minimum grade point average of 2.0 in the first 12 credit hours of coursework to be eligible for continued enrollment.

Applicants for certain workforce programs may be required to submit to personal

interviews, and/or proficiency examinations and/or physical examinations as conditions for eligibility for admission to the respective program.

Residency

Clarendon College is required by State Law to determine the residency status for tuition purposes of all students. All new students must provide substantiating documentation to affirm their residency and sign an Oath of Residency. Residency is determined either by a student's current address or the address of a parent or legal guardian if the student is being claimed as their dependent for federal income tax purposes. It is the responsibility of the student to register under the correct residence classification.

1. In-District Residence

A student who has been a legal resident of the State of Texas and has resided in Donley County six (6) months immediately preceding registration at Clarendon College.

A student who has moved to Texas from another state, but has been a documented

resident of Donley County for the 12 months immediately preceding registration at Clarendon College.

A student who can present to the college a copy of the receipt of payment of Donley County ad valorem taxes for the current or preceding tax year. In case of an independent student, the taxes must have been paid by the student. In the case of a dependent student, the applicant may use the tax receipt of a parent or guardian.

2. Out-of-District

A student who is a legal resident of Texas, but who resides outside the Clarendon College District. Students classified as out-of-district will continue to be so during the time they remain in school for consecutive academic years. However, any student who continuously resides in Donley County for a 12-month period without attending school may be reclassified by the Dean of Students as an in-district-student.

3. Out-of-State Residence

A student less than 18-years of age or is a dependent and whose family resides in another state or has not resided in Texas for the 12 months immediately preceding registration.

CASEY ELLIOTT

Seymour, Texas

"Clarendon College has been a family affair for us - my two brothers and my older sister all attended CC. With the positive family-like atmosphere, I just knew Clarendon College was for me, too."

Admission Checklist

1. Application for Admission
2. Certificate of Residence
3. Official transcripts from all high schools and colleges previously attended. (Copy of transcripts must be filed with the Registrar's Office at least 10 days prior to registration.)
4. ACT or SAT scores (Unless student is transferring 12 or more hours from another regionally-accredited institution.)
5. Copy of GED certificate, if not a high school graduate

HOUSING AND MEAL PLAN REQUIREMENT

COLLEGE HOUSING REQUIREMENT — All students who are not residents of Donley County unless they are (a) 21 years or older; (b) married; or (c) living with nuclear family members (grandparents, parents and/or siblings) who are Donley County residents are required to live on-campus in the residence halls. Permission to live off campus must be approved by the Dean of Students.

Clarendon College operates four air-conditioned residence halls which will accommodate 218 residents.

MEAL PLAN REQUIREMENT — All students living in a residence hall must purchase the college meal plan. Food service is available (on a per meal or meal ticket basis) for students living off campus, and other constituents of the college.

The Clarendon College Cafeteria is open seven days a week during the Fall and Spring semesters. Breakfast, lunch and dinner are available Monday-Friday. Breakfast and lunch are both served on Saturdays, and lunch is the only meal served on Sundays.

Clarendon College's Dining Program offers a variety of food choices, including a buffet style salad bar and special dietary meals. Students are offered unlimited quantities of entrees, salads, vegetables, beverages and desserts. Special order cakes and cookies are also available through CC's Cafeteria.

REFUND POLICY

Any student officially withdrawing during a semester through written request to the Dean of Students, or is withdrawn by the college because of failure to comply with a condition upon which the enrollment was approved, may receive a refund of all tuition and mandatory fees in accordance with the following schedule:

FALL AND SPRING SEMESTERS

Prior to the first class day	100%
During the first five class days	80%
During the second five class days	70%
During the third five class days	50%
During the fourth five class days	25%
After the fourth five class days	NONE

NOTE: The count of class days begins on the first day that classes are held in the term and thereafter includes each calendar day on which classes are normally taught.

REFUNDS ARE NOT AUTOMATIC!

A student eligible for any kind of refund should request it at the time of withdrawal or program change by filling out the proper forms. No refund can be made until the third week of classes, so to allow time for all checks to clear the banks. Some refunds may not be made until the end of the semester. Processing of all refunds for the Fall and Spring often requires as much as eight weeks. Refunds to students are reduced by any amount owed to the College. The college reserves the right to make no refunds to students suspended or expelled from the institution.

**Tuition and fees paid directly to the institution by a sponsor, donor or scholarship shall be refunded to be source rather than directly to the student.

FINANCIAL INFORMATION

TUITION AND FEES

Tuition and fees include:

In-District	\$16/per credit hour (\$48 minimum)
Out-Of-District	\$18/per credit hour (\$54 minimum)

Building Use Fee	\$40
Library Fee	\$15
Off-Campus Fee	\$35/per course
Technology Fee	\$2/per credit hour

Required Fees - Other Off-Campus Sites

Off Campus Fee	\$50/per course
----------------	-----------------

Students taking courses at more than one campus/center must pay all fees associated with that site, per the above schedules, irrespective of the number of courses being taken at any given site. However, there will be no duplication of fees, i.e., building use fee, library fee.

All tuition, fees, charges for room and board, and other educational costs are due by the final day of general registration in each semester.

For payment of room and board, students may opt for a "payout" plan to be arranged through the Business Office. Students opting for the "payout" plan may elect to pay for their room and board charges on an installment basis, making a mandatory down payment of at least 1/3 of the total charges for their room and board by the final day of general registration, then paying out the balance owed. A **20 percent charge** is assessed on the original balance owed.

DUE DATES FOR INSTALLMENT PLAN PAYMENTS ON ROOM & BOARD CHARGES

Fall Term

First Payment*	Last day of General Registration
Second Payment**	October 1
Final Payment**	December 1

*At least 1/3 of total room & board charges must be remitted as "down" payment.

**If listed due dates fall on a Saturday, Sunday or holiday, the deadline is the next working day for the college.

SARAH JETT

Quail, Texas

"It's not easy being a mom, wife and student. Clarendon College provides a great environment for continuing my education. Being affordable and close to home, doesn't hurt either."

FALL CLASSES

AUGUST 28-DECEMBER 13, 1996

CONTINUING EDUCATION

Basic Photography

Instructor: Christi Ross
 Begin date: September 17
 End date: October 15, 1996
 Meeting dates: Sept. 17, 24,
 Oct. 1, 8, 15

Time: 7-9 p.m.
 Location: Clarendon College
 Administration Building
 Cost: \$15
 Participants must furnish film
 and 35 mm camera

Cardio-Pulmonary Resuscitation (CPR)

Instructor: Ruth Petty
 Begin date: October 8
 End date: October 9, 1996
 Meeting dates: October 8, 9

Time: 5-10 p.m.
 Location: Clarendon College
 Administration Building
 Cost: \$15
 Meets American Red Cross
 requirements for basic certifi-
 cation and recertification.

Computer Skills for Seniors

Instructor: Frank Amon
 Begin date: October 15
 End date: October 24, 1996
 Meeting dates: October 15, 17,
 22, 24

Time: 7-9 p.m.
 Location: Clarendon College
 Administration Building
 Cost: \$15

Personal Financial Planning

Instructor: Mark Mann
 Begin date: October 1
 End date: October 10, 1996
 Meeting dates: October 1, 3,
 8, 10

Time: 7-9 p.m.
 Location: Clarendon College
 Administration Building
 Cost: \$15

Aerobics

Instructor: Michelle Schmidt
 TBA

Emergency Medical Technician - Basic

Instructor: Staff
 TBA

Windows 3.1

Instructor: Pamela Denney
 Begin date: October 29
 End date: November 12, 1996
 Meeting dates: October 29,
 November 5, 12

Time: 6-9:30 p.m.
 Location: Clarendon College
 Administration Building
 Cost: \$15

Bottom Line Farming

Instructor: Don Williams
 TBA

Register for any of these classes by calling (806) 874-3571

Clarendon College's 1996 Fall Schedule was produced for distribution to area newspapers and CC campuses.

Editor: Christi Ross, Public Information and Marketing Coordinator
 Special Thanks to: CC students, administration, faculty and staff;
 The Clarendon Enterprise and Palo Duro Offset Printing.

Ask Those Who Know...

Faculty/Student Ratio - 17:1

Average Class Size - 22

Small classes guarantee that we will know you by name rather than by your Social Security number.

35 fields of study

From agriculture and music to education and business, Clarendon College offers courses which are transferrable to four-year universities. We offer a good start whether you're right out of high school or a non-traditional student. With our evening classes, you're able to earn an education while earning a living.

Workforce education programs in Ranch and Feedlot Management, Electronics Technology, Secretarial Science, Cosmetology and Vocational Nursing
Enrollment: 400 on-campus and 450 off-campus: Clarendon College Pampa Center, Childress, Wellington, Memphis and Shamrock.

Small classes at all locations, so you get plenty of one-on-one interaction with faculty.

Estimated yearly cost including tuition*, room and board: \$2,684 in-district, \$2,740 out-of-district and \$3,196 out-of-state
(*Based on 14 credit hours/per semester)

Shop Around! Compare Clarendon College to Texas A&M, Texas Tech or West Texas A&M University...you'll see that we are an affordable choice.

70% of students receive financial assistance

County-elected Board of Regents

Athletic Affiliations: National Small College Athletic Association and National Intercollegiate Rodeo Association

Intramural sports, student dances, theatre, musical ensembles and various sporting events.

Clarendon College's student activities are top notch! There's something for everyone, so get involved! Plus, with the new Bairfield Activity Center, students can relax between and after classes by watching television, playing pool and much more.

BRANDY THOMAS

Wellington, Texas

"During the Fall and Spring, I take classes on the main campus, because I'm a member of the basketball team. In the summers, I take classes in my hometown. I really like the convenience of the off-campus classes."

TIM LANDON

Clarendon, Texas

"Being close to home has helped my pocketbook. Clarendon College has been an affordable and smart choice."

ANGEL HARRIS

McLean, Texas

"I was able to get involved in so many activities and organizations. Last year, I was a cheerleader, student aide and participated in intramurals, and oh yeah, I took 18 hours of classes. Who says there's nothing to do at Clarendon College?"

DARRYL PERRYMAN

Clarendon College Math Dept.
Chairperson & Instructor
Clarendon College Alumnus

"Students at Clarendon College excel because of the personalized instruction. The availability of assistance and the willingness of instructors to help, really makes us stand out from other schools."

JODY BISHOP

Hardin, Montana

"I had decided to attend Oklahoma State, but I changed my mind after several friends told me how they loved CC. After doing some research, I found nothing but positive comments about CC and its faculty and programs. I definitely made the right choice."

PAUL MAYER

Guymon, Oklahoma

Clarendon College's Ranch and Feedlot Operations Program has given me the ability and knowledge to successfully run our family ranch.
