# Briscoe County News

THURSDAY, OCTOBER 24, 1996

VOLUME 88 NUMBER 43

My neighbor, Carlye Fleming, called me Monday to report that her father, Carver Monroe, is doing somewhat better. He was moved out of CCU and into intermediate care Sunday at High Plains Hospital in Amarillo.

He has been in the hospital a little more than two weeks, and is now in room 216. His wife, Iwana, their daughters and other relatives have been at the hospital with him most of the time.

We received a note from Ben and Bobbie Bingham who live in Wylie, Texas. They wrote, "We always look forward to receiving the paper and reading the latest news from there."

"Ben starts looking for the paper on Saturday, but sometimes it's Monday before it arrives. He says it's like a letter from home. He especially enjoys the 'Looking Back' column, and I do also."

"Sorry to read about Bertha Mae Pavlicek. Somehow my sister, Bea Jecmenek knew her through the Havrans in Colorado."

What a small world it really is.

Brrr. It's chilly and rainy and snowy today. We had our first freeze of the fall season last week and it was just about our normal time for it. Last year we had our first freeze on October 20. But it's a little early for snowflakes. We don't usually receive any of those until Halloween or after.

## Fall Festival Royalty To Be Crowned Here

Fall Festival royalty will be crowned in two divisions beginning at 6:30 p.m. Saturday in the Silverton School Auditorium. The event is sponsored by the Silverton chapter of Future Homemakers of America.

A Prince and Princess will be presented from the first through the sixth grades, and a King and Queen will be chosen from the seventh through the twelfth grades.

Candidates for Prince and Princess selected by their classes are Cooper Cogdell, son of Dick and Kippi Cogdell, and Shandy

Forbes, daughter of Cam and Missy Forbes, first grade; Dusty Burson, son of Bryan and Lana Burson, and Ami Dunn, daughter of James Dunn and Becky Dunn, second grade; Tanner Young, son of Rance and Nancy Young, and Camisha Wilson, daughter of Cammie Wilson, third grade; Chance Rhoderick, son of Eddie and Charlotte Rhoderick, and Whitney Bain, daughter of William and Sandy Hancock, fourth grade; Caleb Francis, son of Barry and Michelle Francis, and Kelcy Simpson, daughter of Mitchell and Connie Simpson, fifth grade; Monty Wood, son of

Ken and Nancy Wood, and Kassie Strange, daughter of Bill and Shanna Strange, sixth grade.

Chosen by their classes as candidates for King and Queen are Duncan Vernon, son of Harlen and Linda Vernon, and Molly Sarchet, daughter of Ken Sarchet and Jonann Sandvig, seventh grade; Vance Chandler, son of Gary and Vonaceil Chandler, and Julie Weaver, daughter of Max and Sheryl Weaver, eighth grade; Ryan Minyard, son of Rick and Beverly Minyard, and Lisa Comer, daughter of Larry and Cindy Comer, ninth grade; Kenneth Hurst, son of Daryl and Gloria Hurst, and Lindsey Weaks, daughter of Gary and Cathey Weaks, tenth grade; James Cowdrey, son of David and Lelia Cowdrey, and Michelle Warren, daughter of David and Connie Warren, eleventh grade; Billy Edwards, son of Barbara Edwards, and Kimmie Blazier, daughter of Eddie and Charlotte Rhoderick, twelfth grade.

Crown and scepter bearers will be Shawn Johnson, son of Derrel and Dixie Johnson, and Kirsten Crabb, daughter of Joe and Tina Crabb, from the kindergarten, and Brooks Brock, son of Byron and Shelley Brock, and Patricia Vasquez, daughter of Patricio and Cecilia Vasquez, from the pre-

## Senior Citizens To Serve Luncheon

Silverton Senior Citizens will serve a hamburger with all the trimmings luncheon at the center on Friday, November 1.

Serving will begin at 11:00 a.m. and continue until all are served. Price will be \$4.00 per plate.

You are invited to eat with the Senior Citizens and help them raise the money they are needing to help pay their insurance.

## BCAA Meets Tonight At the Showbarn

There will be a meeting of Briscoe County Activities Association beginning at 8:00 p.m. today (Thursday) at the Showbarn in Silverton.

All members are urged to attend, and new members are always welcome.

## School Recognized For Level of Performance

Silverton Independent School District is among 161 Texas public school districts being recognized for high levels of performance by migrant students, Superintendent Frank Kirchoffner announced today.

Silverton Independent School District was commended for having an attendance rate of 94 percent or higher for migrant students and for having at least 80 percent of migrant students graduating from high school or being promoted to the next grade.

Criteria for the commendation were based on 1994-95 PEIMS data (Public Education Information Management System) with districts divided by migrant population into five categories: 1,000 migrant students or more, 501 to 999, 100 to 500, 25 to 100, and less than 25 migrant students.

In addition to district recognition, campuses were rated as exceptional, excellent, promising, or acknowledged, based on the number of migrant students taking the TAAS tests in grades 3 through 8 and 10 and their performance on the examination.

Texas has the second-largest migrant education program in the nation in numbers of students served. During the 1994-95 school year, more than 134,000

Texas students were educated through migrant education programs in 390 districts and the 20 regional education service centers. About one-third of these students migrated to 42 other states where they were able to continue their education.

Silverton ISD Migrant Education Program officials are Frank Kirchoffner, Sheryl Weaver, Lana Burson and Ramona Martin.

Flute Hutsell and Jerry Patton inspect the truck given by the Texas Forestry Service for fighting county fires. The 2½-ton Army rig will be equipped with a 1000-gallon tank with pump and foam.

## Men Captured and Arraigned Last Week

Authorities continued to search the canyon country this week for weapons they believe were used to fire at two game wardens last week.

"They're looking for any evidence," said Steve Lightfoot, a spokesman for the Texas Parks and Wildlife Department.

After a three-day search,

If you need work done on your vehicle, just call 995-3565 during the day, or call

823-2498 (Dale) after 7:00 p.m.

They will pick up your vehicle in the morning, drive it to Tulia, make the repairs needed, and return it to you in the evening.

Remember, we're just a phone call away!

Christopher Logan and Ruben Rodarte were apprehended about 5:00 p.m. Tuesday, October 15, by two employees of the JA Ranch in Armstrong County.

Logan and Rodarte, both 28 and from Amarillo, were arraigned Tuesday night in Armstrong County on two counts each of attempted capital murder. Bonds for the men were set at \$150,000 each. They were being held in Swisher County Jail Wednesday night, a sheriff's spokesman said.

Logan and Rodarte are charged with shooting at game wardens Gary Hunt and Gary Self, who were patrolling about 1:00 a.m. Sunday, October 13, northeast of Silverton. Neither warden was injured. The suspects fled on food, leaving behind their pickup truck and four dead deer,

### BRISCOE COUNTY NEWS

according to the Parks and Wildlife Department.

Mule deer season in the area doesn't begin until November 23 for rifle hunters.

Wardens reported observing two men hunting deer by shining a light at them, an illegal practice regardless of the season. The men fired at the wardens after the wardens identified themselves, Lightfoot said.

Lightfoot said the bulk of the investigation will center around the attempted capital murder charges instead of the poaching.

"They're probably going to just

rest with that and try to work the case and get all the paperwork together first," Lightfoot said. "They don't want to jeopardize the case that's on the books now."

Powder Horn and Fredrick Holgerman, both of whom are employed by the JA Ranch, were credited with capturing the unarmed men about 25 miles south of Claude, Armstrong County Sheriff Carmella Jones said.

The cowboys were working at ranch headquarters when Horn said he saw the two men walking down the driveway. Horn and

THURSDAY, OCTOBER 24, 1996

Holgerman held the two men until authorities arrived.

The spot where the shooting was reported is about 20 miles from where the suspects were captured, authorities said.

The home of Dr. Neil Bryson will be featured on the home tour.

## Club To Sponsor Home Tour and Tea

The Texas Federation of Women's Clubs Progressive Study Club of Tulia Home Tour and Tea will be Sunday, October 27, from 2:00 until 5:00 p.m.

The tea and bake sale will be in the home of Dan and Susie Pair, 208 North Dallas. The homes of Dr. Neil Bryson and Dan and Pat Byrd also will be on the tour. Dr.

Bryson's home is at 800 NE Sixth Street and the Byrd home is located 2½ miles east on Roll-A-Cone Road.

Tickets can be purchased from any member or at the door. The price of the tickets is \$5.00.

This fundraiser enables the club to give a generous scholarship to a senior, donate to local groups such

as Boy Scouts, Girl Scouts, Satellite School, and Tulia Day Nursery, as well as contribute to all scholarships on the state level. The club supports TFWC Endowment, TFWC Historical Foundation, and TFWC Women's Library.

## Sylvia Fogerson's Birthday Party Was Well Attended Here

Among those who came for the 80th birthday party for Sylvia Fogerson Saturday were Jack Mayfield of Colorado Springs and Diane Mayfield of Gassville, Arkansas; Stanley and Lynda Fogerson of Anson; Penni and Chad Bentley of Amarillo.

Unable to attend were Kristy and Jeff Dorman of Kansas City, Kansas; Elana Mayfield of Fayetteville, Arkansas, and E. A. and Dorothy Day of Matador.

Mr. and Mrs. Day visited his sister, Mrs. Fogerson, Sunday.

## New Arrivals

Russell and Amanda Simpson of Tulia are parents of a daughter, Baylea Breann, born October 13 at High Plains Baptist Hospital in Amarillo. She weighed six pounds and thirteen ounces and measured 20 inches long at birth.

She has a sister, Nikki, who is six years old.

Grandparents are Mr. and Mrs. Bobby Adams of Tulia and Doc and Sharon Simpson of Silverton.

## CAPITOL COMMENT

U.S. SENATOR  
KAY BAILEY HUTCHISON

### Texans Like the Idea of Tax Relief

In late August this column included a list of questions seeking readers' opinions about issues currently in the forefront of public debate. As was the case last year, your answers were overwhelming, and I would like to thank this newspaper for allowing me to communicate with you in this way.

These next several columns will address both the questions asked, and the responses you provided. Please remember that the results I am going to report are what statisticians call a "self-selected poll," rather than a scientific sampling. The answers I received come from highly motivated readers with definite opinions on the issues.

The first question I posed to Texans was:

Do you support a 15 percent across-the-board income tax cut, the proposed 50 percent reduction in the capital gains tax rate (currently 28 percent) and/or the proposed \$500 per child tax credit? Seventy-seven percent of those who answered support all three tax-cut proposals.

In addition, I found your written comments on this question to be interesting and provocative.

One reader wrote, "I support your efforts to cut taxes. I believe deep tax cuts are essential to get our country back on the right road."

Another simply wrote: "Cut more!" Yet another commented, "We'd still be paying too much." One person specified, "But the 15 percent cut should not apply to people whose income is more than \$50,000 annually."

One man wrote to us, "Taxes take about one-third of my income. I am 85 and still working. Others should!"

The proposal to cut the capital gains tax elicited a wide variety of responses from readers: One simply wrote, "This is a must!" Another wants to limit the capital gains tax cut to "assets held for over two years." And a third wants to limit the capital gains tax reduction, "to the sale of homes only."

Other responses: "This should not include stock," "We support anything that encourages capital gains," "I think we should have a 100 percent reduction on the capital gains tax," and, "Yes, this would provide more money to improve businesses and provide more jobs."

Another respondent wrote, "Probably, but a 15 percent cut should be enough to satisfy most families needs."

The \$500 per child tax credit also garnered a lot of comment. One reader wrote, "Yes, but with an income limit." Some would allow this tax credit "only to low- and middle-income taxpayers, not upper-income earners," and one individual commented, "This should be limited to two children."

Another said such a tax would be "discriminatory," and someone else wrote, "Millions of us have no children!"

Here are some more of your general comments on taxation:

"I support your efforts to cut taxes."

"Stop taxing the interest earned on certificates of deposit and savings accounts. Do something to encourage savings."

"I favor a national sales tax or a flat tax, in that order. I do not favor social engineering of society with targeted taxes or tax cuts."

"Abolish the unearned income tax refund."

The overall picture I drew from those who answered this questionnaire is that Texans feel strongly that their taxes are too high, and that the federal government should be able to get by taking less of their hard-earned income.

My feelings on this issue correlate with yours. Our tax system is in need of a thorough overhaul. Right now, federal tax policy rewards energy, enterprise and thrift with higher taxes. In my opinion, this has to change.

# OBITUARIES

## HELEN EDDLEMAN

Services for Helen Eddleman, 83, were conducted at 10:30 a.m. Tuesday at the Church of Christ in Quitaque with Ministers J. D. Nance and Delos Johnson officiating. Burial was in Resthaven Cemetery at Quitaque by Myers-Long Funeral Directors.

Mrs. Eddleman died Sunday, October 20, in Pampa. Pampa arrangements were made by Carmichael-Whately Funeral Directors.

Mrs. Eddleman, the former Helen Hulen, was born near Bonham in Fannin County. She had lived in Silverton for 32 years and in Quitaque for 20 years before moving to Pampa in 1986. She married Bruce Eddleman in

1934 at Memphis. He died in 1979. She was a member of the Silverton Church of Christ.

Survivors include a daughter, Thelma Watters of Pampa; two sons, Richard Eddleman of Amarillo and Randall (Moe) Eddleman of Floydada; a sister, Louise Pinson of Phoenix, Arizona; eight grandchildren and seven great-grandchildren.

The family requested memorials be to Hospice of the Panhandle, P. O. Box 2795, Pampa.

## Social Security's Role In Financial Planning

by Mary Jane Shanes  
Social Security Manager  
Plainview, Texas

Financial planning has become one of the buzz words of the

decade. Twenty years ago, there was no such creature as a "certified financial planner." Today, it is one of the fastest-growing professions in the country.

It is clear, however, that many financial planners don't quite understand the role that Social Security should play in financial planning for the typical American worker. Indeed, it is not unusual to hear a financial planner begin his/her spiel by stating, "You know you can't count on Social Security..." They are generally implying two things: (1) that Social Security will not be enough to retire on and (2) that it may not be around for the future.

On the first point, the fact is, you can count on Social Security for what it is designed to do: provide a base of income for you

in retirement or if you become disabled, and for your family should you die. In fact, about one out of six people are receiving benefits right now. Another 95 percent of people aged 65 and over at the beginning of 1996 were receiving benefits or would be able to receive benefits when they or their spouses retired. About four out of five men and men under 65 can count on monthly cash benefits in the event the wage earner suffers a severe and prolonged disability. About 98 percent of the children under 18 and their mothers or fathers (with children under 16) can count on monthly cash benefits if a working parent dies.

Social Security was never supposed to provide all of your retirement income, and that's why planning is so important.

Social Security benefits replace from 25 percent to 60 percent of pre-retirement earnings; the lower your wages the higher proportion of wages that benefits replace. In fact, the program works so that other types of retirement income do not affect your Social Security benefits. This allows you to save, to invest, to purchase insurance and build your retirement income up to meet your lifestyle using Social Security as a base.

Will Social Security be there for you when you retire? The Social Security board of trustees says that it is sufficiently funded to pay benefits for the next 30 years, and there are already plans in the works to see that it is funded beyond that.

# Lee Clay Shows Peoples' Choice

Lee Clay was exhibitor of the sculpture that won the Peoples' Choice Award at the Texas Caprock Arts Festival in Silverton last weekend. Guest artist and judge was Betty Blevins of Lubbock.

Best of Show Award was presented to Candace Keller of Plainview for "And They Went in Two by Two."

The Raye Smith Memorial Award went to Jill Warren of Floydada for "Priceless Treasures."

Winners in the Pastels category were 1. "Preparing for Market," John P. McCausland of Amarillo; 2. "The Sentinel," Jean Schofield Badger of Lubbock; 3. "Jaime," by Jackie Hinderlite of Clovis, New Mexico.

In the Oils division, winners were 1. "Keep 'em Moving," by Glenn Lyles of Plainview; 2. Untitled, by Lavern Nelson Vanpool of Canyon; 3. "Shared Moments," by Jill Warren of Floydada.

In the Photography category, winners were 1. "Reload," by Bill Mueller of Lubbock; 2. "American Highway," by Kathleen Rix of Lubbock; 3. "Illumination," by Merle Roehr of Gallup, New Mexico.

In the Sculpture division, winners were 1. "Wind Woman," by Lee Clay of Silverton; 2. "The Chief in Winter," by Edwin Norris of Silverton; 3. "Antelope," by Sach Morman of Lubbock.

In Watercolors, winners were 1. "Canyon Magic," by Deirdre Kelly Trotter of Lubbock; 2. "St. James," by Ginnie Seifert of Clovis, New Mexico; 3. "Boy/Bow," by Jackie Hinderlite of Clovis.

Honorable mentions went to "The Guardian," by Jean Schofield Badger of Lubbock; "Grandy's Sewing Basket," by Mary Moudy of Happy; "Ready to Ride," by Jill Warren of Floydada; "Marilyn," by Ginnie Seifert of Clovis; "Acoma," by Jackie Hinderlite of Clovis; "Siesta Time," by Glenn Lyles of Plainview; "World's Best Bubble Gum," by Toy Cogdell of Silverton; "Chief and His Princess," by Ellise Schreiner Rankin of Stinnett; "Say It With Sunflowers," by Kathleen Rix of Lubbock; "Geraniums," by Betty Graham of Clifton; "Guardian Angels II," by John P. McCausland of Amarillo.

Junior division winners were 1. "Pie For Supper," by Brandon Sarchet; 2. Untitled, by Shannon Weaver; 3. "Best Friends," by Brandi Rice.

Junior division honorable mentions went to Untitled, by Arnold Garza; "Puzzled," by Molly Sarchet; "What Fun It Is," by Tara Smith; "Strangers in the Night," by Billy Edwards.

Other entries in the Junior division were Kimmie Blazier, Anthony Gamble, Jon Ivory, Amy Maciel, Clay McMurtrey, Isabel Patino, Becca Pierce, Tara Smith and Lupe Vargas.

Other entries in the Senior division were Martha Arnett of Amarillo; Marie Boyce of Lubbock; Billy Carthel and Pat Carthel, both of Silverton; Nathan Cowart of Plainview; Maxine Crocket of Canyon; Laura Fields of Claude; Doug Forbes, Silverton; Emily Heckman, Claude; Tessa Lyons, Cuervo, New Mexico; Bill Mueller, Lubbock; George Riddell,

Levelland; Jerry G. Sculley, Albany, Georgia; Wanda Shackelford, Tulia; Wynter Smith, Silverton; Katherine Stephens, Tulia.

The dinner theater was a sell-out, and all-in-all the fine arts event was considered a success. This was a juried show and many of the artists had their work priced for sale.

If this is the only pressure you check, your tires may outlast you.

Checking your tire pressure is a good idea. Checking your blood pressure is an even better one. High blood pressure greatly increases your risk of stroke and heart attack. And those are harder to deal with than a flat tire.

To learn more, contact your nearest American Heart Association at 1-800-AHA-USA1 or online at <http://www.amhrt.org>

# Owls Lose District Game To Lazbuddie

"The whole game was nothing but missed opportunities," Coach Clyde Parham said after the Owls fell to sixth-ranked Lazbuddie in the District 3-A Six-Man bout here last Friday night.

"It's not very good when you tie them in penetrations (7-7) and have more first downs (18-14) and lose 48-26," Coach Parham added.

Cory Chandler kicked the ball into the endzone to open the game, and Lazbuddie started with a touchback. The Longhorns passed complete and moved the ball for a first down on the 15 before passing for a touchdown with 8:23 still showing on the first-quarter clock. The PAT kick

failed, and the 'Horns held an early 6-0 lead.

When Lazbuddie kicked off, the Owls controlled the kick at their 35. Jeremy Holt ran for 14 yards after which Arnold Garza carried to the Lazbuddie 24. The offense was unable to move the ball further, and it went back to the 'Horns on the 28.

Lazbuddie completed a pass for a first down on the Silverton 36, after which they picked up another on the 24 via the aerial. They scored two plays later. With 3:54 still on the clock, they missed the PAT opportunity and held a 12-0 lead.

When Lazbuddie kicked off,

Garza brought the ball to the Silverton 35, then rushed for eight yards before making a first down on the Lazbuddie 25. Holt picked up ten and Garza carried to the Lazbuddie 10. Holt scored on the next play, Andy Bullock kicked the PAT, and with 1:06 remaining to be played in the opening quarter, the Owls narrowed the score to 8-12.

Chandler kicked off and Leland Wood stopped the runback on the Lazbuddie 30. After a couple of incomplete passes, the 'Horns passed for another touchdown, kicked the PAT and moved into a 20-8 lead as the first quarter came to a close.

Leland Wood shows the technique he used to tackle the ballcarriers for the Lazbuddie Longhorns here Friday night.

Briscoe County News Photo

Lazbuddie kicked off and Garza carried it to midfield. He picked up a first down on the next play, but the offense stalled and the ball went over to Lazbuddie on their 16. The 'Horns picked up a couple of first downs before their offense broke down and they kicked a field goal to move into a 24-8 lead.

With 4:51 remaining in the first half, Lazbuddie kicked off and Holt controlled it on the Silverton five. Holt and Garza once again combined rushed to move the ball, but a quarterback sack lost yardage and on fourth down, Chandler punted to midfield.

The 'Horns came right back with a touchdown pass, kicked the PAT and with 1:37 still on the second-quarter clock, moved into a 32-8 lead.

Lazbuddie kicked off and Garza returned it to midfield. A reverse to Jon Ivory picked up a first down, and Holt scampered into the endzone for another touchdown with 29 ticks remaining on the clock. There was no PAT, and the Owls held the short end of the 14-32 score.

Lazbuddie kicked off to open the second half of play, and Garza took it to the 28. Holt ran for a couple of yards, and Garza moved the ball for a first down on the Lazbuddie 35. The Owls passed complete for a first down on the Lazbuddie 17, then picked up another before Holt scored another Silverton touchdown. The PAT kick was blocked, and the Owls trailed 20-32.

When Chandler kicked off again, the Owls recovered the onside kick. Holt picked up 11 yards before a personal foul call against the 'Horns moved the ball half the distance to the goal. Chandler passed to Garza to move the ball to the five, and then hit Ivory with a touchdown pass with 3:28 remaining in the third quarter. There was no PAT, and the Owls had narrowed the gap to 26-32.

Chandler kicked off again, and Lazbuddie controlled the ball at midfield. They passed for another

touchdown with 2:35 still on the clock, kicked the PAT and moved into a 40-26 lead.

When Lazbuddie kicked off, Holt took it to the Silverton 25. Chandler completed a pass to Jack Cherry before Garza ran for a first down. There was another pass completion to Cherry before the ball went over on downs to the 'Horns. The dawn of the fourth quarter saw the Owl defense holding, and Silverton getting the ball back near midfield. They also were unable to move the ball, and after Lazbuddie got the ball back, Holt intercepted a pass for the Owls and carried it to midfield.

Silverton picked up a first down on runs by Holt and Garza and a penalty against the 'Horns, then Chandler ran for another on the Lazbuddie 16 where the ball went over to the visitors.

Lazbuddie picked up a couple of first downs enroute to another touchdown. They kicked the PAT,

and held a 48-26 lead with 41 seconds remaining to be played.

Holt carried to the 36 and Chandler completed a pass to Leland Wood before throwing to Cherry who caught the ball out of the back of the endzone.

Lazbuddie has a lot of junior players, and their fans expect them to be better next year. The 'Horns are always tough, and anyone who counts them out of it early makes a big mistake.

Garza rushed the ball 25 times for a gain of 117 yards. Holt picked up 75 yards on 16 carries. Ivory got 27 yards on two tries.

Chandler completed eight of 14 passes for a gain of 58 yards.

Holt caught two passes for a gain of 19 yards; Wood caught one for 14 yards, Ivory caught two for 10 yards, Cherry caught one for eight yards and Garza caught one for five yards.

Holt made one interception for the Owls.

The Owls travel to Whitharral Friday night to test the team that

was picked to win the district in the preseason. Every game is vital for the Owls now, and they need all the support their fans can give them. It's a long way to Whitharral--be there!

### Lady Owls Finish Third In District Cross Country

Silverton's Lady Owls finished in third place in the District Cross Country Meet at Thompson Park in Amarillo Thursday afternoon of last week. Texline won with 46 points, followed by Adrian with 51. Silverton had 62 followed by Channing with 63 and Hartley with 128.

Leading the varsity team were Sara Kirchoffner, 15.06, and Lisa Comer, 15.08, who placed seventh and eighth.

The junior varsity Lady Owls were led by Michelle Warren, who received the fourth-place medal,

### BRISCOE COUNTY NEWS

and Misty Mattheus, who medaled in sixth place.

Other high school girls competing in cross country included Lacy Brunson, Kenzie Burson, Dara Johnston, Kenda Wood, Lindsey Weaks, Kimmie Blazier, Misty Wilkinson, Lindsey Jennings, Shauna Kingery and Sharyl McMurtrey.

Molly Sarchet was the only one competing for the junior high Lady Owls and earned the fourth-place medal. Her time was 15.13. The other junior high girls elected to attend the football game at Lazbuddie, which took place at the same time as the cross country meet.

# Junior High Takes Second Win Over Lazbuddie 'Horns

Silverton's Junior High Owls traveled to Lazbuddie for their second game of the season with the Junior 'Horns, and notched their second win of the season over the boys from Lazbuddie.

The Owls received the opening kickoff, and Clint Ivory was unable to move the ball on first down. Vance Chandler completed a pass to Adrian Ramirez for nine yards before Chandler was sacked. The Owls were unable to make their fourth-down play, and

the ball went over to the 'Horns. Defense by Ramirez and Clint brought about a fourth-down punt.

This time the Owls made a first down before scoring on a pass from Chandler to Ramirez. The PAT kick failed, and the Owls held a slim 6-0 lead.

Chandler's kickoff carried to the 20 and was returned to the 30 where the tackle was made by Clint Ivory. The Owl defense stopped them cold, and Clint took

the fourth-down punt all the way for a touchdown. The PAT kick went wide, and the Owls held a 12-0 lead.

Chandler kicked off to the Lazbuddie 28, and defense by Ramirez and Daniel Castillo shut down the 'Horns offense. The Owls took possession on the 25 and on first down Clint carried another touchdown. There was no PAT, and the Owls held an 18-0 lead.

The Owls kicked off again, and

once more the Owl defense held Lazbuddie to very little gain. When the Owls got the ball back, Clint carried to the six, and on the next play Daniel Castillo carried into the endzone for another touchdown. Chandler kicked the PAT, giving the Owls a 26-0 lead.

Lazbuddie's next offensive series was nipped in the bud when Ramirez intercepted one of their aeriels. The first half ended at this point.

Chandler kicked off to open the second half, and the 'Horns gained five yards on their first play. Martin Younger stopped their next effort and a complete pass on the next down was stopped by team tackling. The

ball went back to the Owls, and on the second play Clint ran 59 yards for another touchdown. There was no PAT, and with 2:51 remaining in the third quarter, the Owls led 32-0.

Lazbuddie scored a touchdown on their next series with 2:31 remaining in the third quarter. They kicked the PAT, and narrowed the score to 32-8.

The 'Horns kicked off and Clint took the ball to the 33. After a fumble on the next play, Lazbuddie went back on offense. They returned the favor with a fumble on the next down, recovered for the Owls by Isaiah Ivory who ran to the 28.

Jimmy Castillo carried to the 19, but the Owls were penalized on the play, and Quarterback Isaiah Ivory was sacked on the next two plays. Issac Garcia carried to the 29 and a pass was intercepted by Lazbuddie as the third quarter ended.

After making a first down, the 'Horns were shut down by Jimmy Castillo and Clay McMurtrey, and McMurtrey and Isaiah stopped the next play. The ball went back to the Owls on fourth down, and with 1:50 still remaining in the game, the Owls took over on offense again.

Nicholas Vargas picked up five yards, after which Jimmy Castillo ran for eight yards, and Vargas ran for another ten yards. Danny Dunn gained five after which the 'Horns got the ball back.

After completing a pass to the 17, the 'Horns saw an aerial intercepted by McMurtrey for the Owls. He ran about 20 yards before the game ended.

The Owls will host the boys from Whitharral at 5:00 p.m. today (Thursday). They need your support and cheers to help them add Whitharral to their string of victories!

# Help Your Heart Recipes

This recipe is intended to be part of an overall healthful eating plan. Total fat intake should be less than 30 percent of your total calories for a day — not for each food or recipe.

## Roast Stuffed Cornish Hens

- 1/2 cups uncooked long grain and wild rice combination or 1 package wild rice mix, uncooked
- 2 tablespoons acceptable margarine\*
- 1 medium onion, chopped
- 1 teaspoon sage, thyme, savory or tarragon
- 6 Cornish hens (about 14 ounces each)
- 1/2 cup acceptable margarine\*, melted
- 1/2 cup water
- 1/4 cup brandy
- 1 cup orange sections

Preheat oven to 350°F. To make stuffing, cook rice until it is still slightly firm. Set aside. In a large skillet over medium-high heat, melt 2 tablespoons margarine. Add chopped onion and sauté until browned. Add rice and sage or other herb; toss gently. Remove from heat and set aside. Clean, rinse and dry hens. Stuff lightly with rice mixture. Skewer or sew cavities closed. Brush hens with 1/2 cup melted margarine and place breast-side up on a rack in a shallow pan. Roast uncovered about 1 hour, basting occasionally with melted margarine. Remove hens from pan. Remove rice stuffing and place it in a serving bowl. Cut hens in half and place on warm serving platter. Place roasting pan, with juices, on top of stove over medium-high heat. Add 1/2 cup water to drippings, stirring to dislodge browned particles from pan. Add brandy and orange sections. Cook 2 minutes, stirring constantly. Serve with hens.

\*Select margarine with liquid oil as the first ingredient and no more than 2 gm of saturated fat per tablespoon.

## Childhood Cancer Survival Rates Improved By Coordinated Quality Care

(NAPS)—Cancer is the leading cause of death by disease in children. In fact, nearly 8,000 children will be diagnosed with cancer this year alone and approximately 2,000 children will die from the disease. In an attempt to educate parents and families about the needs of those affected by childhood cancer each September is designated "Childhood Cancer Month."

"It can be very devastating to one day have a normal, healthy child and the next day be told your child has cancer," says John Farrell, president of the National Candlelighters Childhood Cancer Foundation's board of directors, a peer support group for parents of children with cancer. "Many people believe cancer is something only adults get and, as a parent, you wonder if there was something you did or didn't do that caused this. By talking to other parents of children with cancer you learn you are not alone and also that many, many children survive."

When parents discover that their children have cancer, most are immediately overwhelmed with the many serious decisions they have to quickly make, like choosing quality doctors and appropriate

treatments. Because it is a well-documented fact that children with cancer have the best survival rate if their care is coordinated by a pediatric oncologist at a comprehensive, multi-disciplinary cancer center, the Blue Cross and Blue Shield Association (BCBSA) has created the Pediatric Cancer Network.

Through the network, Blue Cross and Blue Shield Plans and their subscribers have immediate access to the best pediatric cancer care, coordinating the highest quality options and the most-cutting-edge treatment available in America today. The network also generates valuable outcomes data to be used by the medical and scientific community to define new treatments and move toward new cures.

BCBSA's Pediatric Cancer Network goals are to work with the pediatric oncology community to improve cancer care for children, to strengthen optimal referral and practice patterns in pediatric oncology and to develop a national "centers of excellence" network for children's cancer care. More than 150 state-of-the-art institutions will participate in the Network.

"Our central goal is to improve children's cancer care for today and tomorrow," says Pat Hays, BCBSA president and CEO. "By pooling our knowledge and evaluating our outcomes, we'll continue to see the kinds of breakthroughs that offer children with cancer real hope."

# Help Your Heart Recipes

This recipe is intended to be part of an overall healthful eating plan. Total fat intake should be less than 30 percent of your total calories for a day — not for each food or recipe.

## Cranberry-Orange Salad

- 1 3-ounce package lemon gelatin
- 1 cup boiling water
- 1 cup orange juice
- 1 16-ounce jar cranberry-orange relish
- 1 unpeeled apple, chopped
- 1/2 cup chopped pecans

Dissolve gelatin in boiling water. Add orange juice, cover and let stand in refrigerator until almost jelled. In a bowl, combine cranberry-orange relish, chopped apple and pecans. Fold into the almost-jelled mixture. Pour into a 1-quart mold. Cover and refrigerate until firm. Serves 10

This Help Your Heart Recipe is from the American Heart Association Cookbook, Fifth Edition, American Heart Association. Published by Times Books, a Division of Random House, Inc. 1973, 1975, 1979, 1984, 1991.

The start of the treatment phase of the 1996 High Plains Enhanced Boll Weevil Diapause Control Program encountered some weather-related delays as a result of a cold front moving through the area early Thursday. Fortunately, aircraft were able to begin spraying in most areas by the end of the day.

Approximately 1.4 million acres of High Plains cotton are now in the process of receiving Ultra Low Volume (ULV) Malathion treatments.

Treatments are triggered by weevil populations as indicated by pheromone trap catches.

As a result of trap catches recorded earlier in the week 100 percent of the fields in Borden, Dawson, Dickens, Gaines, Howard, Kent, Martin, Midland and Motley counties are slated for treatment. In addition almost all of the fields in Yoakum and Terry counties will be treated; approximately 50 percent of the cotton fields in Crosby, Lynn and Lubbock counties will be treated;

BRISCOE COUNTY NEWS

about 25 percent of the fields in Briscoe and Floyd counties will be treated.

In Hale County a total of 25,000 acres, spread out across the county, will be treated during the first application. Around 15,000 acres in Hockley County will receive treatments.

"Looking at the first treatment maps it is easy to see that the boll weevil is trying to make itself a home in much of the High Plains," said PCG Boll Weevil Program Coordinator Roger Haldenby. "A solid, fully funded diapause program can continue to turn this situation around. Unfortunately the only way to make this happen is for producers to support the program instead of waiting in the wings until the peripheral disputes over the program are settled."

THURSDAY, OCTOBER 24, 1996

Dr. Jim Leser, Texas Agricultural Extension Service entomologist, notes that producers who support the 1996 diapause program will really be accomplishing two very important goals. The first is to directly reduce the potential for costly boll weevil treatment in the 1997 crop. The second is to continue moving ahead with the three-year diapause program which is designed to reduce boll weevil populations and halt the spread of the insect prior to 1998.

Producers interested in learning about the latest trends in agricultural production practices and technology are invited to attend the 1996 Texas Farmer-Stockman Show during its three-day run, October 8-10. The show is located 1½ miles east of Loop 289 on East 50th Street in Lubbock.

In addition to the numerous displays, equipment and livestock handling demonstrations there will be several opportunities for producers to earn Continuing Education Units (CEU). CEU course times will be posted during the show.

Plains Cotton Growers will be located at Lot 6E on the exhibit field.

Essential Knowledge and Skills, you can:

- Fill out a response sheet at your school, district office, or regional education service center.

- Fill out a response sheet on the World Wide Web and return it electronically.

Please contact your school principal, Sheryl Weaver, or my office, 823-2476, if you have questions about how to look at or respond to the draft Texas Essential Knowledge and Skills. I hope you will participate.

Sincerely,  
/s/Frank Kirchoffner  
Superintendent

Septiembre 1996

Estimados padres y guardianes:

La Agencia Educacional de Texas, Texas Education Agency, desea informarles sobre acontecimientos de suma importancia que ocurren a través de Texas. Se espera que querran participar en ellos. Tendra que responder por el 31 de octubre.

El plan de estudios, estatal, llamado los elementos esenciales, esta bajo revision. Es decir, lo que sus hijos aprenderan como preparacion para sus carreras, sus estudios universitarios, y su vida como adultos en el segundo milenio, cambiara durante los dos anos siguientes.

Un borrador de este nuevo plan, llamado Conocimientos y Destrezas Esenciales de Texas, esta disponible en la escuela de su hijo. Ustedes pueden afectar el contenido de este plan expresando sus propias ideas acerca de lo que sus hijos deben aprender.

Para revisar este borrador, ustedes podran

- pasar por la escuela en su localidad y solicitar una copia para estudiarla

- pasar por la oficina del distrito escolar para leer un ejemplar

- pasar por el centro educacional regional para leer un ejemplar, comprar una copia del documento, o pedir una copia prestada. Tambien podran pedir un resumen del plan en forma de reportaje periodico que se ha preparado para su conveniencia.

- repasar el borrador por medio de computadora en el gran mundo de talaranas de las computadoras, World Wide Web, [www.tea.state.tx.us](http://www.tea.state.tx.us)

Para indicar cambios y adiciones al plan de estudios llamado Conocimientos y Destrezas Esenciales de Texas, ustedes podran

- responder por escrito en formularios proporcionados por la escuela, oficina de su distrito escolar, o centro educacional regional

- responder por medio electronico o la World Wide Web

Favor de llamar al director de la escuela en su localidad Sheryl Weaver o a mi oficina 823-2476 si tienen preguntas sobre como revisar o responder al documento borrador titulado Conocimientos y Destrezas Esenciales de Texas. Esperamos su entusiasta participacion.

Atentamente,  
/s/ Frank Kirchoffner  
Superintendent

# THE \$67 PER BALE ADVANTAGE FOR COTTON PRODUCERS

*More than \$67 per bale paid in cash for the 1995 crop.*

Your local and regional cotton cooperatives offer a vertically integrated system that takes your cotton from the field to the textile mill. It's a system that adds valuable income to your farming operation. Ginning, warehousing, marketing, textile manufacturing, and cottonseed processing all work to increase the value of your cotton crop every step of the way. **For the 1995 cotton crop, combined cash payments from the local and regional cotton cooperatives averaged \$67.29 per bale, over and above the value of your lint cotton.** Thus, the more cotton you send through the cooperative system, the more you can add to your net profits. Consider the cooperative advantage for your cotton crop – it's just good business. See your local or regional cotton cooperative today.

*This Message Brought to You by Local Cooperative Gins  
With Support From These Regional Cooperatives*

## NOTICE

September 1996

Dear Parents and Guardians:

The Texas Education Agency wishes to let you know about an important process that is taking place across Texas. I hope you will want to participate. The deadline to respond is October 31.

The state curriculum (called the essential elements) is being revised. This means that what your children learn in school to prepare them for college, work, and life in the 21st century will change in the next two years.

A draft of the new curriculum (called Texas Essential Knowledge and Skills) is available at your children's school. You can have an effect on this curriculum by telling the state what you think your children need to learn.

If you would like to look at the draft, you can:

- Go to a school in your neighborhood and ask to see a copy.

- Go to the district office to see a copy.

- Go to the regional education service center to see, buy, or borrow a copy. You may also ask to see a newspaper summary of the curriculum.

- Look at the draft on the World Wide Web at [www.tea.state.tx.us](http://www.tea.state.tx.us).

If you would like to suggest changes in the draft Texas

Harvesting activity on the High Plains continues to expand. According to Lubbock-based Plains Cotton Growers, Inc., producers making use of harvest aid products appear to have the upper hand on preventing late-

season aphid build-ups. "Essentially fields with the highest potential for late season aphid build-ups are later maturing and have some new growth on them," says PCG Executive Vice President Donald

## BRISCOE COUNTY NEWS

Johnson.

According to recent estimates, only about 35 percent of the area crop has been treated with harvest aids at this time.

Johnson adds that avoiding potential aphid problems will help reduce the chances of a repeat of 1995's sticky cotton problem.

"For the individual producer it is important to be as proactive as possible in every aspect of crop production," notes Johnson. "In addition to other tangible benefits, timely harvest through the use of harvest aids will significantly reduce the potential for sticky cotton."

Sticky cotton causes serious problems for manufacturers. If allowed, sticky cotton could also reduce the over-all demand for High Plains cotton that producers have worked so hard to create.

So far less than ten percent of the area has been harvested and the USDA Cotton Classing office at Lubbock has run a total of 44,624 samples from the 1996 crop.

Quality-wise, early returns exhibit a fairly typical pattern. Almost 30 percent have been called baky so far, which indicates fields being stripped a little too quickly.

Other quality factors appear to

be holding up very well. Average values are shown below:

Leaf Grade	3.24
Color Grade: 21	46.9%
31	42.5%
Micronaire	40.18
Strength	28.86 g/Tex
Length	34.60

★

Anyone interested in learning more about the way cotton is classified or how a bale is assigned various quality values can attend one of two meetings being held October 29-30.

The Lubbock Cotton Classing Office Growers Advisory Committee will meet Tuesday, October 29, at 10:00 a.m. at the USDA Classing Office in Lubbock, 4316 Ironton.

The Lamesa Cotton Classing Office Growers Advisory Committee will meet at 9:00 a.m., Wednesday, October 30, at the USDA Classing Office in Lamesa.

Both committees will be given reports on office operations as well as being provided a tour of the facilities. Producers who have never had the opportunity to go through either of the two offices are invited to attend.

**TELCOT Report****A WEEKLY SUMMARY OF COTTON MARKETING NEWS**

For the Week Ending Oct. 17

USDA's third crop forecast of the season astounded most market observers as U. S. production was pegged at 18.1 million bales, an unexpected increase from the September estimate. Although a reduction in Chinese production was anticipated, the remainder of the report was considered bearish, causing the market to react negatively before stabilizing on fair harvest weather.

This month's 1996-97 U. S. production estimate was 289,000 bales more than USDA's September figure. U. S. harvest acreage was cut by 15,000 acres, lowering the total to 12.9 million acres, but average yield was pegged at 673 pounds-per-acre, a 12 pound-per-acre increase over the previous estimate.

Alterations were made to virtually every state in the cotton belt. In the Southeast, the Carolinas lost a total of 100,000 bales as a result of flooding from Hurricane Fran early last month, as well as subsequent rains. To the satisfaction of many in the industry, estimated production in the Texas/Oklahoma region was raised 180,000 bales from the September report. A 40 pound-per-acre cut in Oklahoma yield placed the state's output 20,000 bales lower, but production in Texas was increased 200,000 bales bringing that state's total to 3.8 million bales. Persistent rains caused reductions in the Upper Coastal Bend and south-central districts of Texas, but good weather on the Plains helped boost the state's production forecast.

USDA's adjustments to projected world supply and demand for 1996-97 produced a

THURSDAY, OCTOBER 24, 1996

1.1 million bale increase in ending stocks to 36.4 million bales, a five-year high. The U. S. contributed 900,000 bales to the increased stocks. Poor domestic offtake and sluggish export sales accounted for 600,000 bales of that figure, while the larger crop provided the balance, leaving U. S. ending stocks at 4.5 million bales, the highest since the 1992-93 season.

Exports were lowered six percent by USDA, reflecting increased competition from several foreign exporters who stand to benefit from continuing relatively high U. S. prices in international markets. U. S. mill use was revised downward slightly as recent sluggish textile activity has shaved consumption prospects for 1996-97. Even so, consumption is expected to exceed last season's level.

Elsewhere, convincing reports of lower plantings in China persuaded USDA to lower output there by an additional 500,000 bales, but a larger beginning stock figure and lower mill use and exports left the final stock unchanged. Indian stocks, however, have risen by 430,000 bales. Further evidence of improved yields resulted in a 700,000 bale increase in Indian production, which was only partially offset by a lower carry-in and higher exports.

Export sales for the week ended October 10 supported USDA's lower export estimate with a decrease in sales due to sluggish demand. Export sales of 1996-97 U. S. cotton increased a net 74,400 bales in the week ended October 10. That compares to the previous week's figure of 198,000 bales. Featured buyers were South Korea, Japan and China.

Spot cotton sales of 1996-97 cotton on TELCOT for the five trading days ended October 17 totaled 797 bales, down considerably from the previous week's figure of 1,301 bales. Average daily prices received by producers on the electronic marketing system ranged from 52.00 to 66.96 cents per pound. One analyst feels cotton sales are down due to the fact that mills are buying hand-to-mouth while hoping cotton prices will drop before they make any major purchases.

On the home front, frost occurred in many West Texas cotton areas this week. Frost and freezes are not unusual at this time of year, and the cold will help to defoliate some of the crop which will support harvesting. Late-maturing cotton in both West Texas and southwestern Oklahoma may suffer hard lock because of a persistence of cool weather over several days. Hard lock occurs when unopened or partially opened bolls fail to complete the opening process because of cool weather. This is of some concern as nearly 20 percent of the Texas and Oklahoma crop still has unopened bolls.

## Hollis Cain Receives More Support from Folks in the District than his Opponent! Here's Why:

Hollis Cain has raised more money from more supporters in the district than his opponent.

James E. "Pete" Laney received over 80% of his campaign cash from lawyers, unions and lobbyists outside the district, including \$25,000 from the liberal NEA Texas affiliate.

Laney got more money from out-of-state than from inside the district.

HOLLIS CAIN AND HIS GRANDCHILDREN

Hollis Cain Will Work For:

- A 2/3 majority vote by legislators before they raise your taxes.
- Local elections for voter approval before property taxes can be raised.
- Term limits of 12 years.
- Smaller government, local control, less regulation, a better Texas for families.

A Conservative You Can Trust  
To Do What Is Right  
For Rural West Texas Families!

## REMEMBER THOSE GOOD OLD DAYS.

We can all look back on the past and probably remember the "good old days." Reflecting on our past helps us to become a better person when dealing with the future. As we think of past experiences or events, we usually remember more good things than bad about the past. For example, a mother may remember the joy of hearing her baby's first cry more than the travail of childbirth; or the war veteran who talks about the good old days in the armed forces and neglects to mention the hardships. I believe this is God's way of helping us to cope with life. God wants us to be fulfilled and content in this life, and not dwelling on unpleasant memories helps us to achieve this. An old person may lose some of his short-term memory, but can usually still talk about those good old days fifty years ago. God loves and cares for us, and we should remember that today may be our "good old days" in the future.

I remember the days gone by; I think about all that you have done. I bring to mind all your deeds.

Good News Bible Psalm 143:5

God gave us our memories so that we might have roses in December.

(Must purchase by October 31, 1996.)**

Since their introduction a decade ago, Magnum™ tractors have set the standard for durability, comfort and reliability. The new Case IH 8900 Series Magnum tractors offer all these benefits, plus greater horsepower, improved overall performance and now, 0% financing. That's right. You pay no interest until September 1, 1997 when you

purchase by October 31, 1996. This offer applies to the reliable, proven 7200 Series Magnum tractors as well as our powerful new 8900 Series Magnum tractors. But hurry. The 0% financing offer ends October 31, 1996.

\*Subject to down payment and credit approval. Some restrictions may apply. See us for details.

You can count on us for high quality farming systems, genuine Case IH parts, superior service and flexible financing.
