the luncheon.

Pictured from left to right, front row: Jennifer Irlbeck of Canyon; Katie Scroggins of Happy; Jonann Petty of Happy; Charlsea Ewing of Tulia; (back row) Michelle Thompson of Tulia; Leah Reed of Kress (alternate); Lindsey Weaks of Silverton (winner); Billy Edwards of Silverton; Stacy Flow of Tulia (winner); and Angela Fortenberry of Nazareth.

Swisher Electric's Youth Tour **Winners Are Washington Bound**

and Stacy Flow of Tulia gave the winning speeches in Swisher Electric's Youth Tour Speech Contest held April 3 at the cooperative. Runner-up was Leah Reed of Kress.

Miss Weaks is the 15-year-old daughter of Gary and Cathey Weaks of Silverton. She spoke on the diligence of ancestors who worked to bring electricity to rural America.

Miss Flow is the 18-year-old daughter of Gail Smith of Tulia. Her speech was entitled, "How Electric Cooperatives Improve the Quality of Life in Rural America."

Ten students from area schools competed in the speech contest for the all-expense-paid trip to Washington, D. C. This is the 31st year Swisher Electric has sponsored this contest.

Approximately 100 young people from all over Texas will meet in Dallas to participate in the tour to the nation's capital city June 5-17.

Over 1,000 Youth Tour participants from 37 states will meet in Washington, D. C. for the 33rd National Rural Electric Youth

In Washington, the Texas group will visit their U.S. Congressmen; the Washington, Lincoln, Jefferson and Viet Nam Memorials; the Smithsonian Institution; the National Archives Building; Mount Vernon; the 360, Silverton, Texas 79257.

Lindsey Weaks of Silverton nation's capitol; and many more historic places.

> Other contestants were: Billy Edwards of Silverton, Charlsea Ewing of Tulia, Angela Fortenberry of Nazareth, Jennifer Irlbeck of Canyon, Jonann Petty of Happy, Katie Scroggins of Happy, and Michelle Thomp-

Judges for the contest were: Jamey Laney Phillips, with McWhorter, Cobb and Johnson in Lubbock; John Bleiker, with Dickens Electric Cooperative in Spur; and Larry Ogden, with Lighthouse Electric Cooperative in Floydada.

Turkey Dinner To Be Served Here Sunday, April 27

The Project Graduation planning committee has scheduled a turkey and dressing dinner for Sunday, April 27, from 11:00 a.m. until 1:00 p.m. Cost for the turkey, dressing and all the trimmings will be \$5.00 for adults and \$3.00 for children aged 10 and under.

Proceeds will be used to help with the Project Graduation party to be held for all high school students following the graduation exercises.

Donations of money or door prizes are being accepted. Please mail to Kathy Kingery, P. O. Box

In Allsup's Robbery Last Week Lee O'Neal was shaken but

uninjured in the robbery of the Silverton Allsup's store early Friday morning of last week. An experienced night clerk in the store, Mrs. O'Neal was tied up and left in the back of the store after the thief had filled his car with gasoline.

Apparently the man removed the license plates from his car and set it afire in back of the store before fleeing with the money, Mrs. O'Neal's purse and car. The thief neglected to remove the vehicle identification

number.

A trucker later found Mrs. O'Neal and set her free. In the meantime, a neighbor had called the Silverton Fire Department to report the vehicle fire.

Saturday night the robber, still driving Mrs. O'Neal's car, was apprehended in Oklahoma after a high-speed chase and shootout with state troopers. He was injured, but should recover from his wounds and be able to face the charges that are being brought against him.

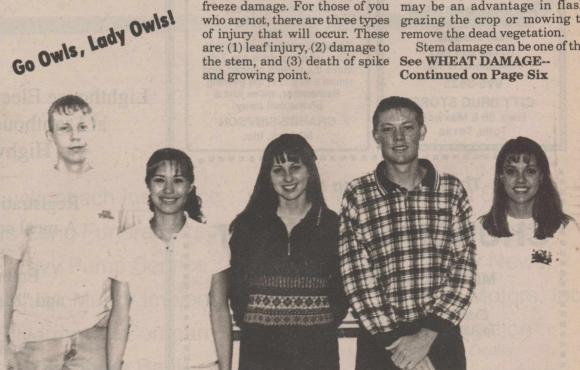

Extent of Wheat Freeze Damage Awaiting Weather Warmup

by Rebel L. Royall, CEA-AG Briscoe County Extension Service

With last week's low temperatures, you can expect that this year's wheat crop was damaged. The extent of the injury cannot be determined until temperatures warm up and remain warm for a few days (4-7 days). As long as temperatures remain cold, tissue will not deteriorate, and injury cannot accurately be evaluated. Many of you are experienced at evaluating wheat for freeze damage. For those of you who are not, there are three types of injury that will occur. These are: (1) leaf injury, (2) damage to the stem, and (3) death of spike and growing point.

Damage to the leaves will have the least effect on wheat yield. Damage can vary from dead leaf tips to complete loss of the leaf. Severely damaged fields will have a strong odor similar to silage once temperatures warm. Generally wheat will recover with little effect on yield from this type of injury. In some cases if wheat was rank, and a lot of leaf damage occurred, there may be an advantage in flash grazing the crop or mowing to remove the dead vegetation.

Stem damage can be one of the See WHEAT DAMAGE--**Continued on Page Six**

REGIONAL QUALIFIERS--Qualified for Regional competition next week are (left to right) Trey Wyatt, who was the second-place medalist in the District Golf Tournament; Misty Wilkinson and Terri Chitwood, who won first place in District tennis doubles; Brandon Sarchet, who won first place in District tennis singles, and Dara Johnston, who won second place in District tennis singles.

be detected during a medical

Maria Smith, Director of 2CARE for Kids, explained the project will work closely with agencies that interact with these children and their families, such as schools, county extension agents, pharmacies, churches, day care centers and state agencies to make sure all Texas Health Steps families are able to access the system.

"We will hold child health promotion events that will coincide with speciic awareness months such as prenatal health and child abuse prevention," Smith said. "And every child who comes through the program will receive a T-shirt as well."

The 58th Annual Membership 4:30 p.m. Thursday with registration, and the evening meal of barbecue, fish and chicken, catered by Danny's Fins & Hens of Lubbock, will begin at 5:30 p.m. Entertainment for this year's meeting will be provided by Brady Rasco of Lockney.

The business portion of the meeting will be called to order at 7:00 p.m. by Cooperative President Louis Lloyd. Business to be transacted by the membership includes the election of three directors to serve three-year terms on the board. Nominees for director from District 2 are incumbent Louis Lloyd and Choise Smith. Nominees from District 5 to replace retiring Board Vice President L. B. (Buddy) Brandes are Tom Johnson and Glen Quebe. At the Hall County district membership meeting in Memphis on March 27, incumbent director Harold Burk was elected as the director nominee for District 8.

Entertainment for the youngsters attending the meeting will

be a performance by a magician, "Magic by Russell". Door prizes will be given away throughow the meeting, with the grand drawing for \$500 cash or on electric bill slated at of the meeting. OFFICIAL MEMORANDUM STATE OF TEXAS OFFICE OF THE GOVERNOR

Community banks are a vital part of the financial fabric of Texas. During the past 100 years, they have made significant contributions to the economic well-being of our state by providing vital support to the communities they serve.

The 700 locally owned and operated independent banks in Texas, with more than 1,500 banking offices located in small towns, rural areas, suburbs, and cities, represent more than \$61 billion in assets. These community banks help people in their areas by providing residential, commercial, small business and agricultural loans. Through this ongoing support of local economies, community banks greatly enhance the quality of life for countless residents of the Lone Star State.

Each April, members of the Independent Bankers Association of Texas seek to educate the public about their objectives and commitment to their communities. I urge all Texans to recognize the important contributions of community banks to the economic stability and economic progress of our state.

Therefore, I, George W. Bush, do hereby proclaim the month of April 1997

COMMUNITY BANKING MONTH

in Texas and urge the appropriate recognition whereof.

In official recognition whereof, I hereby affix my signature this 3rd day of April, 1997

Governor of Texas

Silverton High School's tennis team qualified four players for Regional competition at the District meet held recently. The district events began in Borger, but were hailed out after a few matches and resumed the following day--only to be rained out.

The third day, the singles matches were completed at Groom with Brandon Sarchet winning first in his division and Dara Johnston placing second in her division.

The championship girls' doubles matches were played Wednesday of last week indoors at Borger. Terri Chitwood and Misty Wilkinson won gold medals in their division.

The others who played in a tournament at Memphis and in the district tournament were doubles teams Jared Holt and Arnold Garza, Paul Segura and Jordan Sarchet, Heidi Tiffin and Trista Davis

Heritage Concert To Be Held May 3

The Ranching Heritage Association proudly presents "Heritage Concert at the Ranch" on Saturday, May 3, 1997. This onehour program is scheduled for 11:00 a.m. at the Ranching Heritage Center on the Campus of Texas Tech University. Admission is free to the public.

The concert showcases high level musicianship by Lubbock area string students who are studying music of the cowboy and ranch dance tradition. Irons Junior High School Orchestra and guest string players from other LISD schools offer a special presentation based on historic traditional sources. Four student fiddlers are to be featured performing authentic ranch dance fiddle tunes. The ensemble's performance is the result of an intensive study program to learn and perform traditional fiddle music of the Texas Plains. Musical accompaniment is to be provided by Lanny Fiel and the Ranch Dance Fiddle Band.

Ranch" is part of the Ranching Heritage Association's ongoing program to preserve the historic music of the Texas panhandle cial behaviors. They may run and Llano Estacado. This premiere performance demonstrates what is being done to introduce school children to their West Texas musical heritage. Through educational presentations in Lubbock and area schools, the Ranching Heritage Association aspires to broaden public awareness of the region's musical roots and pass on a rich legacy to future generations.

For more information about the event, call Patrick Murfee, 806-742-2498, or Lanny Fiel, 806-791-3967.

April is National **Prevention Month**

Calley Payne County Extenson Agent

A Presidential proclamation in 1983 declared April as child abuse prevention month. Since then the National Committee for the Prevention of Child Abuse (NCPCA) along with thousands of concerned citizens and groups have provided the impetus and support to institutionalize it. Joining Texas affiliates in this effort is the Texas Agricultural Extension Service, the state's largest informal educational sys-

Many Texas children are vulnerable to conditions which add stress to their families and which prevent healthy environments for their growth and development. While child abuse is not restricted to any particular group, it is seen more frequently in families where parents are troubled by alcoholism, drug abuse, marital strife, low self-esteem and joblessness.

The stereotype of the child abuser is a male authority figure--the child's father or stepfather, or the mother's boyfriend. However, the alleged abuser in Texas is more likely to be female, married and in nearly half of reported cases, the natural mother of the child, while a smaller percentage (about 10 percent) are steppar-

The cost to Texas society is tre-'Heritage Concert at the mendous. When abused children begin to enter adolescence, they are more likely than others to exhibit self-destructive, antisoaway, drop out of school, abuse drugs and alcohol, or commit a crime. When abused and troubled children become parents, they tend to perpetuate selfdestructive conditions with their own children.

Individuals can personally help to prevent child abuse:

They can improve their own parenting knowledge, skills and practices

· They can report suspecteded cases of abuse

· They can work as volunteers or counselors in programs designed to prevent abuse

·They can serve as foster parents

• They can financially support prevention programs

In addition, Texas citizens can work with policy makers to insure that all families in need of basic life support receive adequate food, shelter, health care and opportunities for employment thereby reducing the risks for child abuse.

Methodists To Have Revival

Your friends at the Silverton United Methodist Church invite you to come to the revival April 27-28-29.

Come hear Tom Mills from St. Luke's Methodist Church in Lubbock and listen to the joyous voices of Steve and Pam Hutsell of Groom.

The schedule of services includes the worship at 11:00 on Sunday, April 27, followed by a pot luck luncheon at 12:00 noon. The evening service will feature Youth Night, and young people in grades 7-12 are invited to a pizza supper at 5:00 p.m. followed by the worship service at 6:00.

On April 28, there will be stew and cornbread served at 6:00 p.m., followed by worship services at 7:00.

There will be a pot luck meal at 6:00 p.m. on Tuesday, April 29, followed by worship services at

Lawn and Tree **Workshop Today**

by Rebel L. Royall County Extension Agent

A Lawn and Tree Workshop

will be held for homeowners to-day (Thursday, April 17) at 9:00 a.m. in the Pioneer Room at First

State Bank in Silverton. The workshop is for all homeowners who would like to learn more about taking care of their lawn

and other plants grown here.
Harold Kaufman, plant pathologist from Lubbock, and Carl Patrick, entomologist from Amarillo, will be here to present the program. After their presentations they will be available to diagnose any disease or insect problems you are having. Please bring samples of the plant that is having problems.

Extension programs serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin. Sponsored by the Texas A&M University System, with the U.S. Department of Agriculture and the County Commissioners Courts of Texas cooperating.

WHEAT DAMAGE--

Continued From Page One most deceiving types of injury. Damage to the steam will appear as discoloration, splitting, collapse of internodes, and enlarged dark colored nodes. These stems will often break over resulting in death of the tiller or to the ground. A severely damaged tiller (stem) with a collapsed internode will often die as temperatures warm up and transpiration demand increases in the plant. The first symptom of a severely damaged internode is often little resistance of the tissue when the internode is pinched between the

The most serious injury occurs when the immature spike (head) is frozen. Generally, if the spike is damaged the growing point just below it also is killed. These tillers may remain green for a period of time, but they will no longer grow. The spike will ap- yield of 25 percent.

pear white or brown and waterduce grain. This type of damage can be evaluated by splitting the stem longitudinally with a sharp knife (razor blade works best) and inspecting the spike. The not be expected to contribute spike will be located above the much to a grain yield. last visible node and the hollow portion of the stem. A healthy spike will be yellow-green and turgid. Its size can be less than 1/4 inch depending on the stage of maturity of the wheat.

It has been my experience that a field sustaining 50 percent frozen tillers (frozen spike or severely damaged stem tissue) during the jointing stage will not result in a 50 percent reduction in yield. A ballpark estimate is to expect yield potential to be reduced by 1/2 of the percent of lost tillers. In other words, 50 percent killed tillers in a field would translate into a loss in potential

If farmers experience major soaked. This tiller will not pro- damage to their wheat crop some may want to explore alternatives. Grazing out the wheat is an option. New tillers will be produced for grazing, although these would

> A summer crop such as corn, sorghum, soybeans or cotton also could be considered. The wheat will be difficult to kill with tillage. Roundup at 0.5 to 0.75 qt/A will be required to kill the wheat. If herbicides such as Ally or Amber have been used, this could create some crop rotation restrictions. Give me a call if this is the case for some suggestions on what can be done.

Pray About Everything

While having a delightful dinner with some relatives, we were discussing the Bible and prayer with each other. One person mentioned that they pray every day but they didn't think that it was right to pray for little things in our everyday life. There are so many important things to pray for, they didn't want to bother God with insignificant requests. Another person mentioned that the Bible tells us to pray for everything; he then added, if a family was having dinner, how do you think a father would feel if one

of the children wanted the salt, but failed to ask him to pass it because they didn't want to bother him? I am sure the father would probably tell the child that passing the salt would be no bother and next time to let him know if they needed something. Our heavenly Father wants us to come to Him with all of our heart's desires. No prayer or request is too small or insignificant for God, and His love for us is endless.

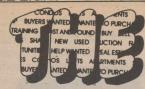

Have no anxiety about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God.
