LANES GO DOWN

Workmen are shown here putting down the lanes at Olton's new bowling alley. Pin spotting equipment is also being installed this week. Jesse Watson, who will manage the recreation spot, said the new 8-lane bowling alley will be ready for use in the very near future. In the lower panel the new lane is being sanded to a glassy smoothness. (STAFF PHOTOS)

Most Growers Appear Pleased As End Of Bean Harvest Nears

Hail Storm Ravages Area Crops Sunday

Hail ravaged a strip of crop land estimated at about 2,000 acres Sunday afternoon.

Damage ranged from light to extremely heavy. Farmers placed damage to grain sorghum as 20 percent from shattering.

Affected area lies mostly south and southeast of town, according to observers. Some of the crops hit were hailed on for the first time Sunday afternoon.

An Olton insurance man said it is impossible to assess damage to cotton at the present time. "We'll have to wait and see how much damage is done to bolls," he said.

Hail as large as "ping pong" balls was reported at the golf course south of town.

Some of the farmers whose crops were damaged include Les Kennedy, Gerald Alcorn, Vernon and Ernest Venable, Elmer McGill and Charlie Ball, as well as many others.

Mustang Band Will March At Lubbock Fair

The Olton High School Band will perform in Lubbock Monday at the South Plains Panhandle Fair.

According to band director, Dick Bentz, there will be a parade of bands from various South Plains high schools.

The Olton band will compete for marching and playing honors with other AA schools of this area.

Cotton, Grain Harvest Gets Slow Start Here

Cotton and grain harvest was getting off to a slow start here this week.

Graintmen said grain being brought in to local elevators was "pretty wet."

Ginmen estimated Tuesday that less than 100 bales of cotton had been harvested in the community at that time.

One ginner said that if the weather is dry, cotton harvest should get in full swing about the middle of October. If the weather should turn off damp and deter maturing of bolls, then cotton harvest will not get underway good before frost.

He said grades of the early cotton coming in now are good.

New Beauty Salon Opens Next Saturday

The Colonial beauty salon owned and operated by Sue Hair, will hold its grand opening Saturday from 10 o'clock in the morning until 5 in the afternoon. Coffee and sweet rolls will be served throughout the day.

The shop, an attractive grey and pink building, is located on 9th Street across from the baseball field.

Sue's salon contains five dryers, with more to be added, an at-

Processors Think Idaho F-111 Is Variety Best Suited Here

Harvest of the 1959 bean crop is almost complete and most producers seem to be pleased with the results.

Although this was not a particularly good year for pintos here, many growers feel that the yield netted them at least as much cash as would have grain sorghum. And they learned something about bean growing in this area to boot.

Processors say about 3,000,000 pounds of beans were processed from the Olton crop. This represented about \$175,000 in cash.

Good Prices
Prices ranged from \$5.70 to \$6.00 per hundredweight, according to James Cowart, partner in operation of Cowart & Hodges cleaning plant north of Olton.

Allen Johnston, manager of Sanders-Paris Company here in town, said yields varied from 300 pounds per acre to 1,700 pounds per acre. Johnston said about 5,000 acres

were planted to pintos this year and he expects at least that acreage next year. Olton Chamber of Commerce & Agriculture will help promote a bean festival next year in an effort to publicize this area's beans.

Idaho Best

Among other things, growers and processors alike appear to concede that the Idaho F-111 is the bean for Olton. Cowart and Johnston agreed that it turned out better yields and is a prettier bean.

Cowart said that when the chips are down and the buyer has a choice, he will go for the F-111 every time. Processors like the F-111 because they believe it cleans out easier.

Olton beans found wide acceptance this year. Johnston said he shipped beans to Matamoras and Nuevo Laredo in Old Mexico and to various points in Texas and Louisiana.

Olton cleaning plants still are processing beans from Lazbuddie and Bovina. Most of Olton beans, except for late crops, already have been harvested. There is considerable late acreage in the Hart area.

Cowart said that there have been some kidney beans here this year. Melvin Hines reported a yield of 900 pounds per acre. Kidney beans are going at \$9.00 per hundredweight.

Great Northerns

Some great northerns made as much as 800 pounds per acre. Cowart said he does not know what they are bringing now.

He said there are several hundred acres of blackeyed peas in the community. They are selling at \$5.50. He said he made about 1,450 pounds per acre last year.

Legumes are nitrogen fixing plants. Peas fix about 90 pounds of nitrogen per acre, valued at about \$5.00. Cowart said beans fix about half that amount of nitrogen.

He said such legume crops put land in excellent shape for cotton production.

Dub Hall Heads Band Parents

Dub Hall was elected president of the 1959-60 Band Parents at a meeting Tuesday night in the high school auditorium.

Vice-president of the organization is H. B. Maxey, Jr. Mrs. C. A. Cox is secretary and H. E. Owens is treasurer.

A committee in charge of the band calendar was set up. Mrs. Cleo Smith was named head of that committee. Mrs. Dub Hall will assist her.

Other committees to arrange for the calendar include advertising, Mrs. Owen Norfleet and Mrs. C. A. Cox; birthday listings, Mrs. Clovis Poteet; and pictures, Mrs. Howard Hall.

Long-range plans were discussed for establishing a marching practice field for the band. The practice area will be located north of the little league playing field.

Martin Phillips, who offered to supply irrigation pipes at cost for watering the field, is chairman of the committee on arranging for the practice field.

tractive waiting foyer with comfortable wrought iron chairs, complete shampooing facilities, and a Figurama slenderizing machine. The Colonial will be open for business at 8:30 Monday morning.

DOANE PEOPLE STRESS LINEAR PROGRAMMING

Development Group Picks Calvin Horn As Chairman

Calvin Horn was named general chairman of the Olton Agricultural Development Association Thursday night of last week as that group gathered to hear the presentation of the Doane Agricultural Survey.

The association was formed to do follow-up work on the Doane Survey which was run on the Olton School District. Only a handful of farmers turned out for the meeting. Olton spent \$5,000 in getting the survey run.

More than half those who showed up were from out of town. One vegetable grower from Central Texas made it to the meeting.

The general chairman is beginning his second year as a vocational agricultural instructor here. Horn is widely known over the state for his contributions to this area's agriculture.

He is a nationally recognized writer of agricultural articles. Only this month he authored an agricultural article for a nationally distributed magazine.

Bill Walden, a young Olton farmer, was named vice-chairman of the organization. Tom Carlisle was elected secretary.

Other officers include heads of various committees. They are G. T. Sides, cotton committee; Don Spain, special crops; Owen Norfleet, linear programming;

Cleo Smith, vegetables; Clovis Poteet, cattle; and Gene Cade, swine.

Doane representatives here for the presentation included Russell Krutzman, Joe Free and Richard Hart. Lloyd Bergsma of the Texas Education Agency of Texas A&M also was present.

Olton trade area has fine land, plenty of water, sufficient capital and young and well educated farmers, Krutzman told the audience. He pointed to a bright future for the territory if proper methods are used.

All four men talked of crops and enterprises adapted to this area. The speakers said there are opportunities in both livestock feeding and vegetable raising but declared that cotton still is the area's best money crop.

Speakers admonished farmers that if they plan to raise vegetables they should get in and stay in rather than get in and out of vegetable production. They advised small acreages of vegetables.

Linear programming was stressed most. Chairman Horn briefly

making application of the research study to the individual farming operation for the greatest net return for land, labor and capital in use. He said these factors can be worked out by a mathematical formula.

"Unless the farmers take advantage of the research study made, it will be of very little advantage," Horn said. "But if they do use it, it will point the way to a greater net return for the individual farm and the entire community."

Lloyd Bergsma is here this week teaching a course in linear programming. Max Malone, agriculture instructor here, and Horn will take the course and will be able to help individual farmers in linear programming.

Among the out of town people here for the meeting last Thursday were representatives of various newspapers and radio stations from over the area; Dave Sherrill, with the A&M extension service; County Agent Bill Kimbrough; and Ed Wilborn, with The Progressive Farmer magazine.

MUSTANGS SEEKING THIRD WIN OF SERIES

Ponies To Tangle With Owls Friday

Bolstered by 13 returning lettermen, Hale Center's Owls will be out to wreak vengeance for two successive defeats when the Mustangs visit Hale Center Friday night.

Kick off time is 8 o'clock in Hale Center's stadium.

Olton kicked Hale Center 34 to 0 last year and handed the Owls a 13 to 6 shellacking the year before. The last time Hale Center was victorious in the long-standing rivalry was in 1956 when the Owls slapped the Ponies to the tune of 32 to 27 right here in Memorial Stadium.

As usual, Coach Joe Turner is cautious in talking about the forthcoming game.

Hale Center will be victory hungry after being humiliated by Abernathy. The Owls lost to their next-door neighbor 38 to 8 last Friday night.

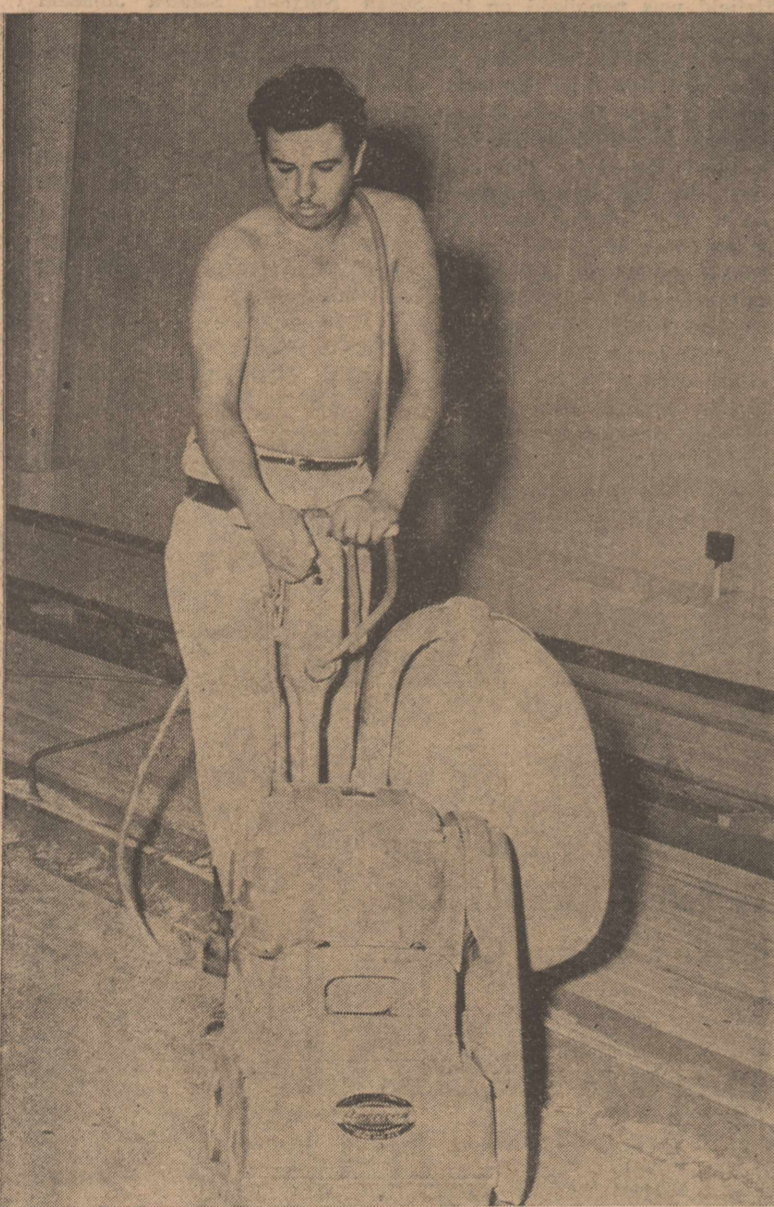

The Owls will be getting an important player back into the line-up while Olton will be losing one. Quarterback Perry Richie, injured at the outset of the season, will be back in trim for the Owls. Randlee Buchenau, injured in the Littlefield game, will see only limited service, if any at all, against Hale Center.

Coaches here say Coach Hoss Byerly has a good pass receiver in Kenneth McMinn. "They'll be in the air a lot," declared Coach Turner.

Charles Thomas, center, is a three year letterman.

James Loveless will be starting in the backfield for Olton in the place of Buchenau, who hasn't been in a suit all week. Buchenau suffered a shoulder injury last Friday.

Otherwise, the starting line-up for Olton will be about the same as that of last week.

Charles Polk Elected Head Booster Club

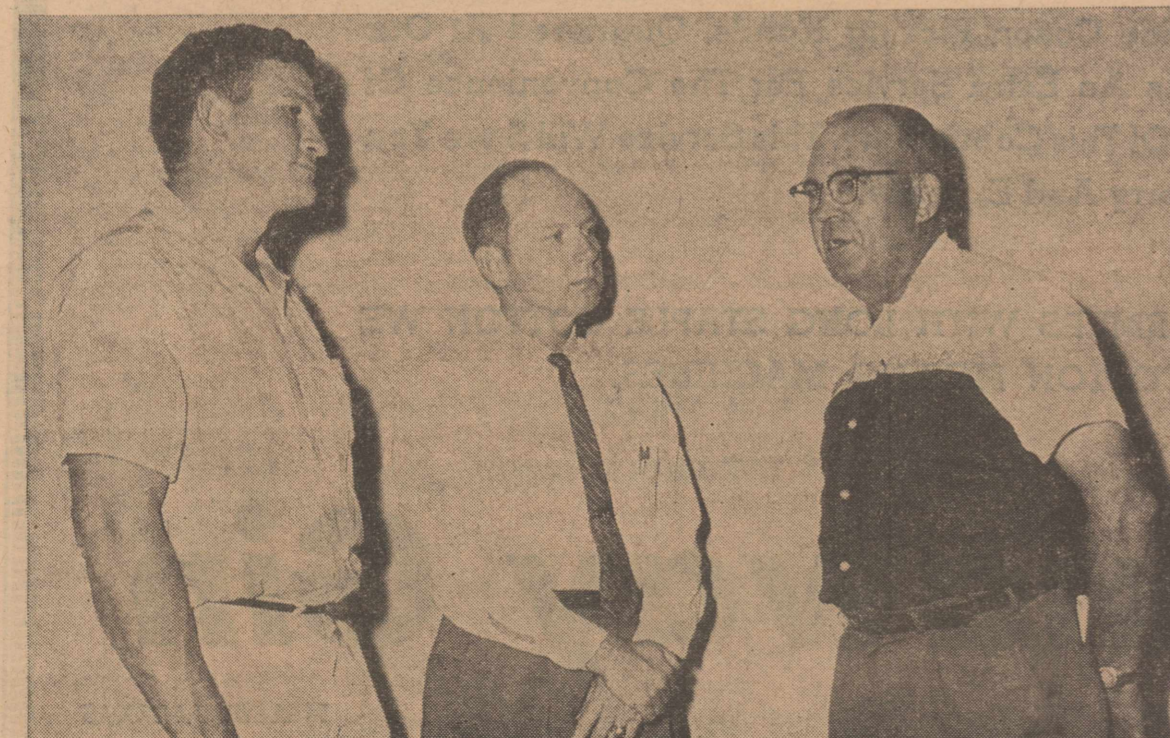

New president of the Booster Club is Charles Polk. Former president, Howard Buchenau, resigned his position at the club's weekly meeting Monday evening.

Delmer Givens was elected vice-president. That office was formerly filled by Polk.

Club members are selling membership cards for \$1.50 per couple (man and wife) or \$1.00 single membership.

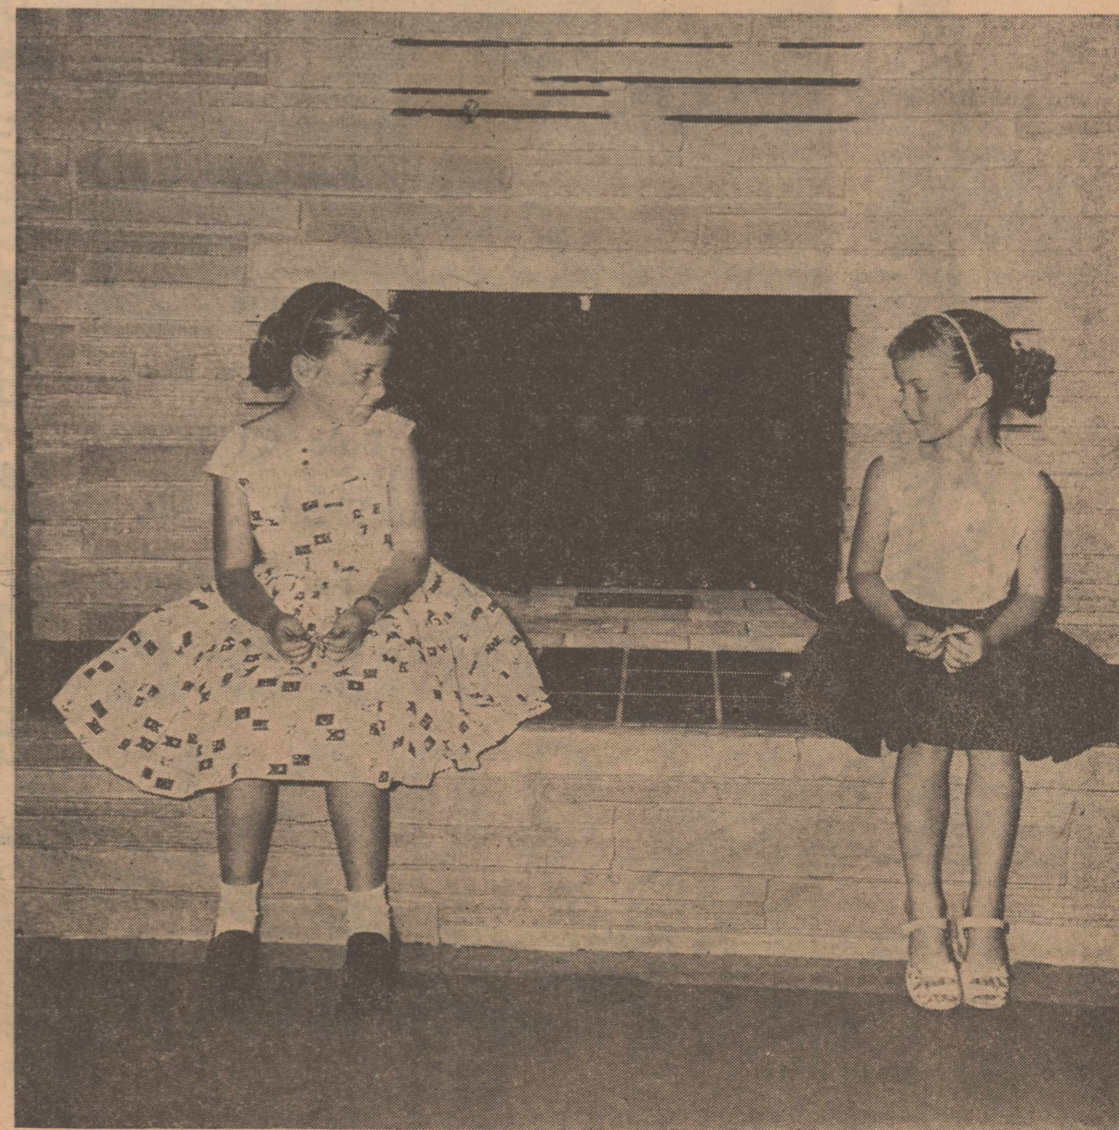

Tickets are still available for the trip to the Sugar Bowl and \$250 expense money. These tickets are \$1.00 each or can be purchased by the book which contains twelve tickets for \$10.00.

OFFICERS AND GUEST

Officers of the Olton Agricultural Development Association are shown here discussing the future of the association with a visitor. From left is Bill Walden, vice-president; Ed Wilborn, Progressive Farmer magazine, Dallas; and Calvin Horn, president. (STAFF PHOTO)

Susan, left, and Cheryl Gordon are shown here admiring the open fire place at the new G. H. Bley home. They are children of Mr. and Mrs. Leslie Gordon. Their dad was one of the carpenter's who helped to build the new Bley home which was open for public inspection last Sunday. (STAFF PHOTO)

PONIES SALTY, EVEN IN DEFEAT

Playing the type of football that should go far in district play, the Mustangs fought the Wildcats of Littlefield all the way before yielding to the highly regarded AAA team south of the sandhills here last Friday night.

The Wildcats scored early in the first quarter, aided greatly by penalties assessed against the Mustangs. But they barely got under the line as the second score came with only a minute and a half remaining in the first half.

Scoreless in the third period, the Wildcats were able to muster a scoring punch late in the fourth quarter with seconds ticking away and the clock showing only 1:49 to play in the ball game.

The game saw many changes in the Olton lineup and the Mustang mentor just may have molded together the winning combination.

This is how play unfolded in the game.

Wins Toss
Littlefield won the toss and elected to receive with Olton's

Neinst kicking to the 25 yard line. The ball was returned only two yards when Wildcat Rommie Rice was met by Bobby Brown.

Two plays later Rice carried to the 42 for a first down. Halfback Max Ball went through the center to the 44 and then Jerry Koller made it to the 49 before being brought to earth by Kenneth Hooper.

Ball carried to the Olton 46 where Hooper again stopped the play. The Wildcats again were working from the vantage point of a first and 10. Koller picked up a yard and was hauled in by Robert Duncan.

Pierce kept and went to the 42 and a penalty measured off 15 yards against the Mustangs. Koller went to the 16 in three plays. During the next two plays the Mustangs drew another penalty which took the ball half way to the goal line.

On a fourth down try, Max Ball swept left end from the four for the first touchdown of the evening.

Point Good
The extra point try was good on a pass from Quarterback Pierce to Ball and the score was 8-0 in favor of the visitors.

Koller's kick was taken by Rande Buchenau on the 20 and carried to the 26. The Mustangs fumbled on the first play from scrimmage and then Robert Priest tried right end for no gain. He picked up to the 30 on the next play but the Mustangs were in need of six yards and faced a punt situation.

Buchenau kicked to the 25 and Koller cut to the sideline and ran it back all the way. A clipping penalty nullified the run and the Wildcats were penalized back to their own 19 yard line.

Ball was stopped by Priest after a yard gain. He went to the left side on the next play and was stopped for a yard by Hooper. Priest crashed through and broke up a pass attempt on third down.

Against Wind
Kicking against the wind, the Wildcats picked up only 19 yards

on their punt. Bobby Brown picked it up on the 40 and made it back to the 37.

Operating from a single wing Tailback Buchenau went around right end to the 24 for the first down. Running from the T, Fullback Priest went over left tackle to the 22 and then through the center to the 20. A pass attempt was no good. Priest completed a four-yard pass to Buchenau but was short of a first down and the ball went over to Littlefield on the 16.

Operating from the Wildcat 16, Rice went to the 23 and then Koller picked up to the 28 before being hauled in by Neinst. Ball went around left end to the 34 and then Rice hit to the 35 where he was stopped by Harold Featherhill. Koller went into the line for no gain.

Swarm Kicker
The Mustangs swarmed the Wildcat kicker and the punt went high and was good for only 7 yards. The Mustangs took it on the 42.

John Wayne Hair on a hand off was thrown for a loss back to the 45. From a single wing Buchenau went through the right side to the 40. On the option, Buchenau went to the 35 but failed to pick up a first.

Priest kicked to the 16 and the Wildcats were operating deep in their own territory. They lost two yards and then Koller kicked a boomer to the Olton 17.

Priest went to the 29 but an off sides penalty rubbed out the play. The Mustangs gained to the 17 and then quick kicked to the 47.

Complete Pass
Pierce completed a pass to the 34 for a first down and then Rice went around right end to the 29. Koller picked up nine yards and then Ball was thrown for a loss back to the 22 as Tommy Wilson charged in on him. Rice went around right end to the 18 but the Wildcats drew a penalty back to the 27.

A pass went incomplete in the end zone and then Pierce connected with Ronnie Rice to take the ball to the 7. Olton made a magnificent goal line stand on this series of plays. Rice was stacked up at the 10-yard line by Priest and Duncan. He made it back to the 6 on the next play.

Koller went to the 3 and Littlefield drew an off sides penalty back to the 8. Pierce kept and made his way to the 3 where the ball went over on downs to the Mustangs.

From the 3 Hair's pass to Buchenau was incomplete. Priest went through center to the 5. Buchenau went around right end to the 11 bringing about fourth and 2 needed.

Priest kicked to the 50. It was taken there by Koller to the 33. On the first play from scrimmage Pierce's pass to Koller with 1:34 remaining before the half, was good for the score. Halfback Ronnie Rice went through the center of the line for the extra point, making the score Olton 0, Littlefield 16.

Koller's kick went to Buchenau at the 15 and it looked like Buchenau was off to the races, but he cut back and was unable to keep his footing at the 23. Buchenau's pass to Brown was incomplete. On a pass-run option Buchenau ran around the right side, cut back to the 30. On the same play, he ran through the middle to the 35 for a first down as the half ended.

Starting the second half of play, Neinst's kick was taken by Rice at the 25 and returned to the 30. Rice was met by Robert Duncan. Ball went over right tackle to the 33. Koller went through the center to the 36 before being met by Bobby Brown. Koller carried again, this time around left end to the 44 for the first down.

Koller went through the left side of the line to the 46. Rice hit the right side good for yardage to the 50. On a roll out pass play, Quarterback Pierce found trouble again in the form of Robert Priest, who threw him for a 7-yard loss back at the 43. Littlefield punted to the 23 and the Mustangs took over again.

From single wing Buchenau went around right end to the 37 for a first. Priest went into the line for no gain. Buchenau was thrown for a 2-yard loss at the 35. On third down the Mustangs used a quick kick to good advantage all the way back to the Wildcat 8 yard line.

On the first play, Halfback Ronnie Rice picked up valuable yardage to the 17. Again Rice

carried through the right side to the 28 for a first. Koller carried to the 35 before being brought in by Neinst. Ball went through the center to the 37. Koller almost broke loose to the Olton 41 before Priest and Hair brought him down.

Ball went through the center to the 34. Koller hit the right side of the line to the 32. On a keeper, Pierce went around right end to the 30 for a first.

Ball hit the left side good to the 22 before Bobby Brown says, "that's all Mr. Ball." The Wildcats were penalized 15 yards on the play for offensive holding, however, and moved the ball back to the 37. Pierce, again rushed by Priest, passed incomplete. Pierce completed a pass to the 17 for the first. Koller was hit at the 15 by Jimmy Moss after a 2-yard pickup.

Koller carried to the right side to the 10 before being hit by Bobby Brown. A fumble by Pierce gained 2 yards to the 8 yard line.

Koller carried through the right side and was met by Neinst and Priest at the 7 bringing about first and goal to go. The Mustangs had other plans and on the next play a Wildcat fumble recovered by Featherhill put the Mustangs in business on their own 7 yard line.

Buchenau carried through the right side of the line and cut back to the 14. Buchenau carried again, this time through the left side to the 17 before being hit hard. Shaken up, Buchenau remained in the game but on the next play a fumble lost yardage to the 12 yard line. Priest's kick was good to the Wildcat 45 and brought back to Olton's 45 before Phil Neinst made the tackle.

Koller picked up yardage to the 38 before Pierce's pass to Ball at the 22 was intercepted on a nice catch by Hair.

Buchenau carried to the 30. Hair kept and went around left end to the 33. Mustangs were penalized on the play, however, for off-sides, placing the ball on the 25. Priest carried around left end to the 29. Priest again took the ball to the right side making it to the 32.

Buchenau carried to the 37. The Mustangs fumbled but both sides were off-sides nullifying the play.

Hair's pass to Buchenau was incomplete. Again Hair passed to Buchenau complete at the 40, bringing up fourth and 2 needed.

On a fake kick Buchenau went through the center to the 41, short of the first, but both teams had off setting penalties and the Mustangs got a break.

With the down the same, Buchenau's pass to Riney caught the Wildcats off guard and it picked up yardage to the 50 for the first. Hair kept and went around right end, then lateraled to Buchenau down to the Wildcat 40. A forward lateral penalty put the Mustangs back to their own 45. Running around left end Priest nearly broke in the clear. He made it to the Wildcat 37 for the first. Buchenau's pass to Hair was complete at the 25 for another first. Priest went through the left side to the 23 and the Mustangs seemed to be rolling when Buchenau's pass to Riney was intercepted at the Wildcat 17.

Coffey found the going rough for no gain. Sullins carried off the left side to the 27 for the first. Estrada made it to the 28. An illegal use of the hands on offense penalty put the Wildcats back to the 13.

Coffey went around right end to the 25. A penalty against the Mustangs set up a first and 10 at the 40.

Sullins was thrown for a loss to the 35. A pass was incomplete and a Littlefield penalty for illegal motion was declined by the Mustangs.

Pierce's pass fell incomplete and with fourth down and 15 needed, the Wildcats punted to the 22. It was taken by Buchenau back to the 35.

Littlefield was penalized on the play, for illegal use of the hands on offense, back to their own 20 yard line and this time the Wildcat punt was high. Players of both teams were downfield as the ball hit. It was touched by Phil Neinst and the Wildcats recovered their own punt, picking up yardage to the Olton 40.

A fumble gained yardage to the 38. Sullins carried to the 36. Sullins carried again, this time to the 27, good for a first. Quarterback Barker on a keeper kept to the 15 for another first. Coffey hit the right side to the 9. With

1:49 remaining in the game, Sullins hit the left side of the line for the final score of the game. Point by running was no good. Score Olton 0-Littlefield 22.

The Wildcat kick was taken by Buchenau at the 10 and doing some fancy running, he made it downfield to the Olton 44. Buchenau was hit hard and left the game at this point.

Priest hitting the center, gained to the 45. Priest's attempted pass was fumbled out of bounds for a loss back to the 41. Priest again passed incomplete to Hair. Running on fourth down around left end, Priest was stacked up for no gain and the Wildcats took over.

From the Mustang 41 Sullins went through the left side of the line to the 34 before being hauled in by Kenneth Hooper.

On the next play the Wildcats were penalized 15 yards back to the 49 for illegal use of the hands. Quarterback Barker's pass was intercepted by Bobby Brown at the 31 with 0:04 remaining in the game and the Mustangs were unable to get off a play before the game ended. Final score, Littlefield 22 - Olton 0.

Leon Kendall Junior High Drum Major

Junior High drum major for the 1959-60 school year is Leon Kendall. Coy McGill has been selected drum majorette.

Five twirlers have been chosen to lead the cadet band. These young ladies include Carla Choate, Susan Norfleet, Sandra Johnson and Lana George.

These baton twirlers were chosen by band director, Dick Bentz, from some fifteen who competed for the honors.

The Cadet Band is composed of sixth and seventh grade musicians who will march at the junior high football games. There are 68 members of the marching band this year.

Those represented were Northside, Plainview, Williams Memorial, Slaton, Levelland, Littlefield, Floydada, Abernathy and Olton.

Leading Southwestern Farmers Say—
Plow Down Ammonia in the Fall

One High Plains farmer said: "I prefer to plow down Phillips 66 Ammonia in the fall on my maize land. The ammonia helps rot down residues, makes the soil easier to work. And I get high, profitable yields." Other successful Southwestern farmers prefer to apply Phillips 66 Ammonia early on crop residues. Its 82% nitrogen stimulates soil bacteria, the bacteria rot down the residue, and return extra plant food to the soil. Phillips 66 Ammonia resists leaching... any unused nitrogen remains in the soil to

boost yields and profits for your oncoming crops. Another benefit of fall plow down of ammonia is getting this important task out of the way ahead of the big spring work load. If you haven't plowed down ammonia before in the fall, talk to your Phillips 66 Ammonia distributor. He can give you names of farmers in your area who have profited through fall application of Phillips 66 Ammonia. And he'll be glad to work out the right amounts and the best time to apply the ammonia.

Any Way You Look At Us... We've Got STORAGEABILITY!

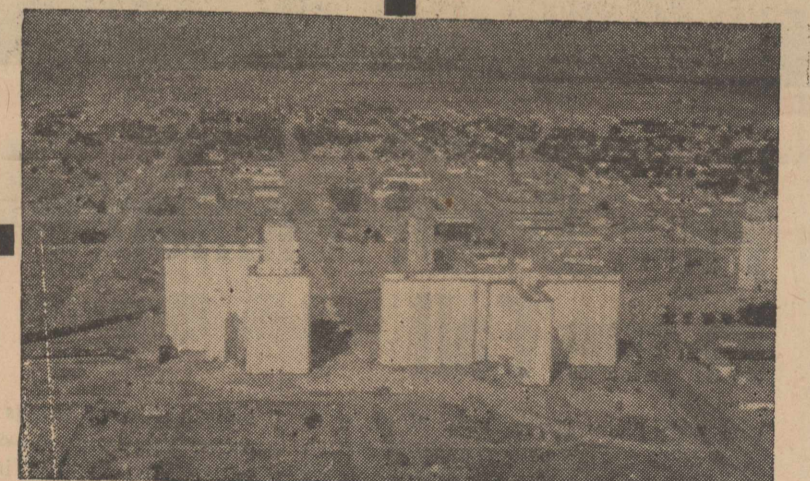

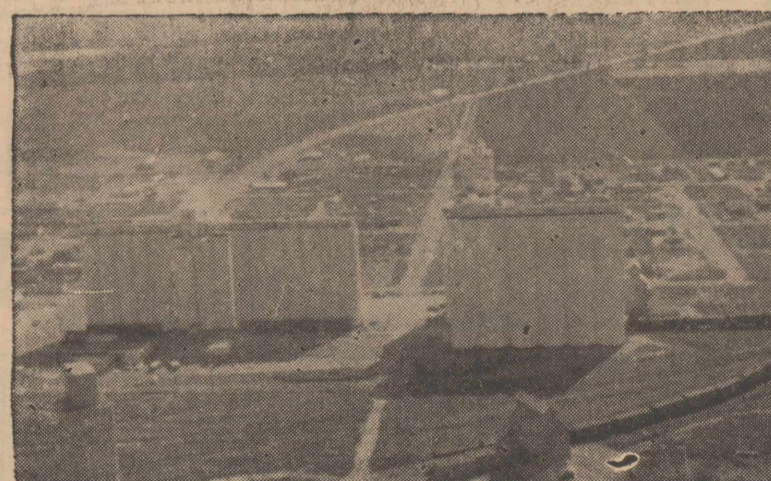

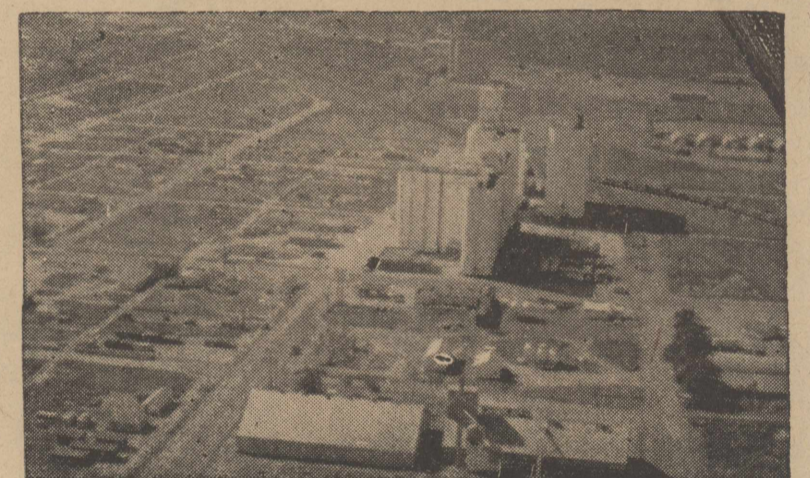

DIMMITT WHEAT GROWERS elevator, with a total of 3,000,000 bushels of storage capacity, is one of the largest on the High Plains. Storage capacity means a lot of things to you, Mr. Farmer. By having plenty of storage we can concentrate on fast, efficient and non-erring service when you drive up on our scales with your load of grain. We can concentrate on your interests instead of storage problems and by high-volume operation we can keep weighing and unloading operations moving swiftly with a minimum of waiting.

In addition to the minimum tie-up time for your trucks and the courteous paper work services offered by Dimmitt Wheat Growers, there are other advantages of bringing your grain to a co-operative. First, every farmer who uses our facilities is our boss. He becomes a stockholder and shares in the dividends of the company and as such is entitled to the best of service. Secondly, he is helping to build an organization devoted entirely to his benefit now and in the future. And thirdly, Dimmitt Wheat Growers is a civic-minded corporation, concerned with the development of the community and the country so more benefits can be made available to area farmers.

Try our service on for size by bringing your grain sorghums to us this year . . . you'll be glad you did.

REMEMBER:

You Share With A Co-Operative

- Prompt Courteous Service
- Top Market Prices For All Grains
- Modern Bonded Storage
- Owned By Farmers For Farmers

The Cracker Crumbs

By Cella Waldrip Have you heard the relatively new controversy? It's been batted back and forth almost as much as integration and capital punishment, by intellectuals, columnists, psychiatrists and experts on nearly everything.

Has television destroyed our instinctive nature to converse with one another? Has it lessened our companionship with friends and neighbors? Do mute families now huddle together around the large box-like necessity of life instead of discussing Reubens, Rimsky, Kirsakoff or Russia? Has it spoiled our family "togetherness" by providing another source for arguments?

I contend that is has not! I can practically quote verbatim the stimulating conversation carried on in our family one Saturday afternoon (or for heavens-sake it's ballgame day again, as it is more commonly known at our house.) The following is a comedy (or tragedy . . . depending upon one's feelings in the matter) entitled "Take Me Out to the Ballgame!" (or any place else for that matter, just take me out!) It is based on actual happenings and any reference to persons living (master) or dying (slave) are purely intentional with no apologies.

Curtain Rises We find Master sprawled in nondescript pose over two-thirds of living room, stratalounger, coffee table and assorted pot-plants of decadent ivy. He intermittently raises feet from floor as slave zooms his direction with loaded vacuum cleaner. Slave is busily engaged in generally gruesome chore of house cleaning. Slave is woebegone looking. Master is detached. Master: "What in the world are you doing now?" Slave: "Just vacuuming, Sir."

Master: "In the middle of a ballgame? Are you crazy or something?" Slave: "Yes, sir. I guess so sir." (exit slave with sweeper and woebegone look, downstage right) Ten minutes silence except for veritable din coming from yon flashing box in corner. Master: (to heiress) "Move over a bit, baby. No, over to the left—no, no, the other way. What? Well that way is right. No, you moved the right way, but it's called left. See? What? . . . Well never mind, just move over a little bit so Daddy can see. That's fine, Sweetheart . . . ok . . . Hey! Hey! Look at 'em, Look at 'em! He stole another one! That little dickens, Apparichio can get away with murder. That's 51 out of 62 he's stolen this year! Did you see that . . . Hey! . . . Did you see that?"

Slave: (enter upstage right) "Huh?" Master: "Did you see that man run? Boy! Watch it . . . look at that . . . he's loose again. Aww—I missed it. Baby can't you sit down so Daddy can see? The TV—the TV, honey . . . Daddy's trying to see the ballgame! Now move your . . . watch the coffee . . . Watch it . . . Oh . . . now see what you've done? Well, go tell Mamma to bring something to get the mess off the carpet. Run on, right now . . . RUN ON!!!" (exit weeping heiress on wobbly legs)

Slave: (enter with damp cloth and woebegone expression) Goes about business cleaning up spilled coffee. Bitter silence prevails except from bedlam coming from monster in corner. Slave: (on hands and knees, meekly) "Isn't that a little loud, Sir?" Master: "Huh?" Slave: (again) "Isn't that TV a little loud, Sir?" Master: "Man, what a hit! Look at that . . . Look at that! Huh? . . . Naw, Naw . . . I gotta see this . . ."

Slave: "Oh!" (exits with dripping cloth and woebegone expression) Master: "Got some more coffee?" Slave: (enter) "Huh?" Master: "More coffee . . . coffee?" Got anything to eat?" Slave: "Like what?" Master: "Sandwich, ice cream—anything . . . Some windup, hey?" Slave: (exit) Formidable silence follows save for voice of one Dizzy Dean emitting from gargyle in corner. Slave: (enter bearing tray laden with assortment of food) "Will this do, Sir?" Master: "Huh? What? Yeah, thanks."

Slave: (exit, meekly, with woebegone look) Master: (to heiress) "No, don't touch the knob. I said DON'T TOUCH IT!" (calls offstage right . . . loudly) "Would you come set the TV again? . . . The baby ruined the reception!"

Slave: (enters right) Laboriously returns set Master: "Uh—no—no—back a little . . . uh . . . OK . . . thanks"

Slave: (exit with woebegone look) Silence ensues interrupted only by razor blade advertisement Master: (to heiress) "No, don't touch, honey. Well . . . put it back. Don't drop it, Sweetheart—PICK UP THE PIECES!" (calls offstage . . . very loudly) "Will you come get your child before she tears the place down!"

Slave: (enter with woebegone look . . . exit with heiress and wildly tormented look) Heiress wails loudly and kicks slave soundly as . . .

Curtain Falls Will Apparichio steal another base? Will Master die of apoplexy? Will this little girl from a small mining town in the West find happiness with a TV fiend and his Saturday afternoon diversions? What will become of the heiress—child of misfortune?

Listen in this Saturday and every Saturday (and sometimes Monday, Tuesday, Wednesday, Thursday, Friday and Sunday) for another episode of Our Gal Saturday. (A day in the life of a typical American family.) This is a modern day drama without obvious conclusion.

Now I ask you . . . is this not brilliant conversation? Is this not stimulating, scintillating and voluble? I, for one, contend that TV has not spoiled our conversation, but has added, if nothing else, a few choice oaths and expletives to my meager vocabulary.

NOW...60 CHEVROLET TRUCKS WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION!!!!

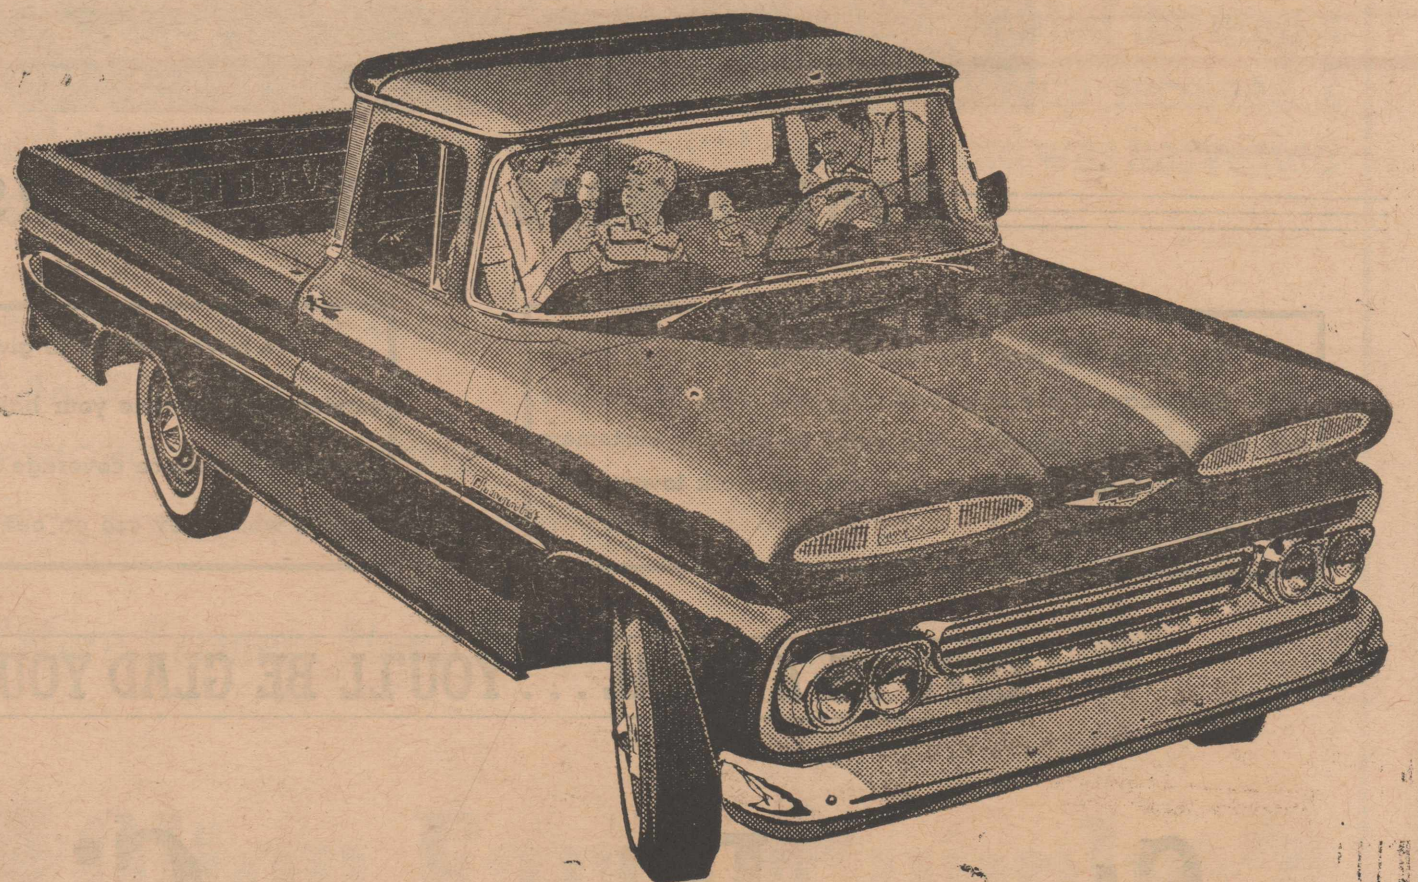

Chevy's done the next best thing to paving every road in America! First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride that completely eliminates I-beam shimmy and wheel fight, lets you move faster over any ground to get more work done in a day.

Brawnier bulldozer build! They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs! Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. The windshield's bigger, with a wider, safer sweep of vision. Suspended pedals give you more foot room.

Big in the power department! With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new Low Cab Forward models.

More models than ever! New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer for the whole story and, by all means, take a ride. It's something! Anything less is an old-fashioned truck!

Hawks To Play Warriors At Lubbock Oct. 3

"Basketball at its best" will be the theme Oct. 3 when the St. Louis Hawks tangle with the Philadelphia Warriors in a pro cage game at Lubbock Coliseum. The game will be the first ever played in West Texas by clubs of the National Basketball Association.

tion, and will give fans a chance to see some of the country's top stars in action.

Foremost among these are the two centers, seven-foot-two Wilt Chamberlain of Philadelphia and six-foot-nine Bob Pettit of St. Louis. "Wilt the Stilt" is pro basketball's tallest and highest paid player, while Pettit is the scoring champion of the NBA. Their scoring duel should be one of the best ever waged on a West Texas basketball court.

Other stars who will appear at Lubbock include Slater Martin, Clyde Lovellette, Cliff Hagan, Si Green, Tom Gola, Paul Arizin and Woody Sauldsberry.

Tickets for the game are priced at \$3.00, \$2.50 and \$2.00, with all seats reserved. They may be ordered by mailing a check to Pro Basketball, Box 5002, Lubbock. Choice seats in each price bracket are still available.

The basketball game will precede a night football game between Texas Tech and Tulsa. Thus, by traveling to Lubbock Oct. 3, regional sports fans will be able to enjoy a top-flight "doubleheader."

Cheer Leaders Selected At Junior High

The junior high football team will have six lively cheerleaders to keep spirits high this season.

Eighth grade cheerleaders are Pat Thompson, Carolyn Carson and Diane Smith. Seventh grade cheerleaders include Cherri Langford, Paula Jones and Pamela Hair.

These girls and all others who competed for the title of cheerleader performed individually before the 7th and 8th grade PE classes. The members of the classes voted on the girls whom they considered would make the most vivacious cheerleaders.

The top three in each class were named cheerleaders for the year.

Two Teachers Attend Austin CTA Meeting

Mrs. J. W. Dale, accompanied by Mrs. L. J. Russell, attended the president's conference of Texas Classroom Teachers Association September 18-19 in Austin. Mrs. Dale is president of the Olton CTA. The theme of the conference was "Looking Ahead." The delegates heard several interesting speakers noted in the field of education. The speakers emphasized that the classroom teachers are the master masons of the future and that schools cost, good schools cost more and poor schools cost most. Mrs. Dale, a member of Epsilon Delta Chapter of the Delta Kappa Gamma, announced the next CTA meeting will be October 13, at 4 o'clock in the afternoon in the homemaking cottage.

Several Olton people participated in activities at the third annual field day at High Plains Research Foundation at Halfway Thursday.

Louie Mack Hardy was chairman of the host committee from 2:30 until 4 o'clock Thursday afternoon.

Olton people on the greeting committee were Bill Walden, Don Spain, Clovis Poteet, Lacy Armstrong, Tom Carlisle, Emmett Harper, Gerald Ray and Wayne Cooper.

The Foundation was host at a barbecue Thursday evening.

Honor Society Names Officers

Johnny Beth Crawford has been named president of the National Honor Society. Joyce Curtis is vice-president.

All other officers are also girls. They include Gayle Machen, secretary; Gayle McAnally, treasurer; Sue Witten, reporter; and Terry Gail Hooper, parliamentarian.

The society met Tuesday morning in the high school library and planned its program for the school year.

Mrs. Katherine Brink is the sponsor.

Crosbyton Hires Vernie Head As Police Officer

Former Olton Police Chief Vernie Head has been hired as city police officer at Crosbyton.

Head was fired as police chief here in May following differences with Mayor D. Y. Ray. The firing was the immediate aftermath of a false arrest suit brought by Lupe Martinez.

Martinez was arrested by Mayor Ray May 20. Head said he refused to take Martinez in custody at the behest of the Mayor because he questioned the legality of the arrest.

Martinez was charged with vagrancy and convicted on that charge in corporation court here. He appealed to county court and the appeal is still pending, while Martinez is free on bond. A \$100,000 false arrest suit brought by Martinez against the mayor and the city is likewise pending.

MOST OUTSTANDING ADVANCEMENT IN SYSTEM

Vast Strides Reported In Library Improvement

BY—CELIE WALDRIP

Of the many improvements in Olton School in the last few years, one of the most outstanding is its library system.

Formerly the library was a hodge-podge of books, labeled irrationally and shelved inaccessible. The library was situated in the rear of the study wall behind a wire partition. It was unattractive and unhandy as well as inadequate.

Last year school officials moved the library into a new part of the building. It is spacious, at-

tractive and systematically arranged.

The library is now large enough for a whole class to assemble there. Mrs. Mac Keating keeps the room supplied with growing plants and ivy which make it one of the most attractive rooms of the high school building.

Good Atmosphere
The room is light and the quiet atmosphere demanded by the librarian makes studying there easy, comfortable and pleasant.

Mrs. Clifford (Torchie) Curry, a graduate of Olton High School, is

the librarian. She is well pleased with the improvement of the library facilities.

The library is systemized by the Dewey Decimal Classification, which was initiated by a trained library science instructor. She was retained by the school last fall and worked six months setting up our current library.

The library is equipped with 3,000 books. Books of science, pure, social and applied, history, biography and autobiography, arts, philosophy, recreation, fiction and literature have recently been ad-

ded to the shelves. Well over 100 new books have already been added this year.

Reference Books

A large section of reference books is on reserve in the library. World Books, Encyclopedias Americana and Britannica, Popular Science Series, Creative Science Series, Cambridge History of English Literature, Who's Who, 20th Century Authors, World History and It's Makers, and volumes from the Lincoln Library are some of the sets of reference books included in the library. The library also has three large Merriam-Webster New International Dictionaries, each of which contains some 3,200 pages of words.

Among the books kept on reserve are Children's Classics, which include famous books by the Bronte sisters, Jane Austin, Charles Lamb (collection of Shakespeare), Dickens, Swift, Mark Twain and many others. These books are re-written in an easily understood modern language for

THE OLTON ENTERPRISE

SPRINGLAKE NEWS

BY MRS. ERNEST BAKER

students who otherwise would not appreciate such classics as "A Tale of Two Cities," "Shakespeare's Plays," "Gulliver's Travels," "Pride and Prejudice," etc.

Another well-used section of the library contains pure fiction books. A great variety of writers from Terhune to Tolstoi are included in this section. Books by Alcott, Du Jardin, and Francis Parkin-son Keyes are most popular with girls. High school boys prefer Mark Twain, Robert Lewis Stevenson and Terhune's dog col-lections.

Magazine File
In addition to the large selection of books, the library also shelves pamphlets on careers and colleges. A magazine file has been set up in the last two years. Such magazines as Consumer's Report, Life, Time, Newsweek, Readers Digest and Popular Mechanic are on file from 1957 issues to the present. The National Geographic file is complete from 1946 to date.

Current issues of each magazine are kept on display for the information and pleasure of the students. The school librarian declared that all donations or orders of magazines for the school library would be very much welcomed, as they desire to build up the magazine files.

Library Cards
Each book in the library has from four to five cards on file for it. Each book is listed under separate file according to alphabetized title, author, shelf list and topic.

A group of student librarians, Barbara White, Elaine Jones, Virginia Cole, Charlene Taylor, Shirley Venable and Sue Moore help Mrs. Curry in checking in and out books and filing cards for books during the day. These girls are interested in library work, and in helping Mrs. Curry, learn much about the complicated system used in libraries.

It is important that the books be cared for by the students. No marking, tearing or defacing of the books in any way is allowed by the librarian.

Books that are worn by time and use are sent to the Hill Bindery in Austin for complete overhauling. The books are returned with new covers, all tears mended and missing pages re-stored.

Overhauled Books
The library received 100 rebound books during the summer. These books are already on the library shelves and will be good for many more years of use.

Although the improvements in the library system have been astounding, plans to make it even better are being made. Teachers are asked to make lists of the books they desire to have ordered for the outside reading of their classes.

Separate categories of books, such as literature, history, short stories, etc., will be built up next year. Magazine files are constantly being completed.

Jr. High Library
The junior high library is in the process of being set up much on the order of the high school library. Mrs. Curry works in the junior high building one hour a day to improve its system of shelving and filing. This library has long been neglected and much work is needed to put it in a semblance of order.

School officials and the librarian have found that it takes much time and perseverance to set up a systemized library, but the reward of such a library to the students and teachers is great.

Why we built two cars for 1960... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength... it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

MAROONS EXPLODE IN SECOND HALF

Hart Longhorns Blank Lakeview Eagle Team

Hart Longhorns exploded in the second half, to defeat the visiting Lakeview Eagles 38 to 0 here Friday night. After a scoreless first quarter, the Longhorns began to move as Halfback Gene Varner carried the ball the last two yards for the TD.

Lakeview came back strong, only to lose the ball on a third down fumble on the one-yard-line. The Longhorns had held the two previous downs for no gain.

Coming back the second half,

Quarterback Larry Lee moved back to kick on fourth down, but the ball was centered over his head. Lee went back, picked up the ball on the 15 yard line, turned, and ran 85 yards for a touchdown. He picked up two tremendous blocks by Mike Morrison and J. D. Myrick, to clear the way for him to reach the goal.

Later in the third quarter, Varner broke through the middle and went 60 yards for a touch-

down. Then J. D. Myrick went six yards for TD, after a pass from Varner to Right end Ralph Myrick covered 35 yards.

Fullback Connard Riddles broke left guard and ran 51 yards for TD in the fourth quarter. Riddles also kicked the extra point. Hart's last touchdown was set up by a pass from Lee to Ralph Myrick, with Varner carrying the ball the last four yards. Again, Riddles kicked the extra point.

The Longhorn defensive unit looked great, as the Eagles threatened to score only once during the game. The entire Hart squad saw action as the Longhorns claimed their second victory of the season, against one loss.

Tomorrow night the Longhorns travel to Boys Ranch to meet the always tough Rough Riders.

Snake Bite Victim Now Recovering

Mrs. Alton Louder of Sunnyside is recuperating from a rattlesnake bite she received recently when stepping from her car at her home.

Mrs. Louder was rushed to Castro County Hospital, Dimmitt, and within 45 minutes received vaccine from the Plainview Hospital. The county sheriff's department, through Garland Wheeler of Dimmitt, Deputy Sheriff Granville Martin of Hart, and a Plainview deputy, obtained the vaccine.

Tractor Fire Burns Laborer

A national laborer on the Lloyd Davis farm received burns to his hand Thursday morning when a tractor with which he was working ignited and burned.

The worker was filling the tractor with gasoline, and the fuel became ignited when it was spilled. Three tires and the radiator were burned. Hart Volunteer Fire Department rushed to the scene.

Boy Scouts Meet Monday

Hart's Boy Scouts of America will meet Monday evening at 8 PM in the American Legion Hall.

Fred Butler, assistant scoutmaster, urges that the parents of each boy scout be present for the meeting, in order to "generate... again an interest in the boys and their future well-being."

Buildings Still Going Up Here

Continuous evidence of the growth of the City of Hart is found daily.

A new building to house Rue's Beauty Shop is going up, and Edd Harris has just finished the foundation to his new home, south of the Dinwiddie home.

Sunday, September 27— Attend church of your choice today
Monday, September 28— Lions Club; WMU of Hart Baptist Church
Saturday, October 1— MAYBE A FROST

We have a lot of new people in here temporarily for the fall harvest, and they are nice folks. Let's take a little time from our own work and introduce ourselves to these people and make them feel welcome. Invite them to church and all public activities. They might want to some day become a permanent resident of HART.

When you work at the cemetery, why not mow just a bit more than your lot, as there are some folks who have moved away and left a loved one there. And there

are some who are not physically able to work. With a little extra work on our part we can keep the cemetery always pretty. I believe that to give the place one more overall clean up this fall will keep it nice until next spring.

Believe our bouquet this week will be for Mr. and Mrs. Edd Harris, better known to us as Melba and Edd. They are very active in the church of their choice and have two lovely children, David and Jan. Edd and Melba are very accommodating to you and me, are wonderful friends and neighbors. Melba is chairman of the Cancer Society of Hart and has done a most wonderful job.

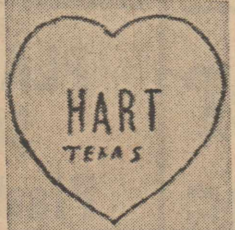

Not so long ago we were in need of a wheel chair for a friend of ours and then the time came we needed the hospital bed for the same friend. Just called Melba and both were soon delivered to the sick lady. She, too, is very grateful to Melba for helping to make her more comfortable.

To you, Edd and Melba, we are ever so grateful for the many nice things you do for us, and are happy Edd, that a few years ago you had the foresight to come to Hart and go into business. You have helped HART to GROW.

This is typical Indian summer, as we can use the air-conditioner in the day, and a bit of fire early mornings and late evenings has been very comfortable. Even the electric blanket has been very nice. (Also getting the time of year for our "rheumatiz" to hurt.)

Three Attend Church Meeting

Three Hart persons attended a special meeting of the Assemblies of God in Levelland last week on Tuesday.

They were Rev. and Mrs. Edward R. Fairbanks and Mrs. Jack Turner. The occasion was the quarterly sectional meeting of the church's Women's Missionary Council.

Services were conducted by Mrs. H. T. Clark of Morton, sectional representative. Mrs. Gene H. Davis of Seagraves was the morning speaker, and an Oklahoma visitor delivered the afternoon message.

WSCS Circle Has Pledge Service

An impressive candlelight pledge service was conducted by the day circle of the Methodist WSCS Thursday afternoon.

This was the first joint meeting of the day and evening circles. Regular day for the joint meetings was established as the fourth Thursday of each month at 4 P.M.

Mrs. Bill Bell, vice-president, directed a business meeting. Refreshments were served to Messdames Lanny Tucker, R. C. Bailey, W. C. Byrd, Paul Kennedy, Earl Jones, Edd Bennett, M. Aven, Waymon Foster, Lee Crouch, Bill Bell, Theron Morrison, E. E. Foster, Joe Bailey and C. B. Landers.

Methodists Plan Total Enlistment

Hart Methodists held their first quarterly conference for the current church year Sunday, Sept. 13. Dr. Luther Kirk, district superintendent of Plainview delivered the morning message and presided at the conference. Rev. Lee Crouch, pastor, announced plans for a "Total Enlistment for Christ" mission to be conducted in January, 1960.

Other notations made in conference were the organization of a new WSCS circle, with 15 women participating, and of a training class taught by the pastor.

CARLA JEAN HUGGINS, BILLY B. SHELTON EXCHANGE VOWS IN CEREMONY AUG. 29

Miss Carla Jean Huggins, a former Hart resident, and Billy B. Shelton, Mount Pleasant, repeated nuptial vows in a candlelight ceremony, August 29.

Parents of the bride are Mr. and Mrs. Carl B. Huggins, DeQueen, Ark., and formerly of Hart. Mr. Shelton's parents are Mr. and Mrs. W. M. Shelton, Mount Pleasant.

The wedding was held in the Church of Christ, Mount Pleasant. A. C. Quinn, minister of the Church of Christ, DeQueen, Ark., officiated at the double ring ceremony.

Baskets of white and pink gladioli flanked emerald green palms with candelabra completing the setting for the ceremony.

Given in marriage by her father, the bride wore a street-length dress of white cotton satin, designed with a full skirt. The neckline of the dress was circular. A white lace jacket, fashioned with an upturned collar, covered the sleeveless bodice. The long fitted sleeves of the jacket terminated in points over the wrists.

The shoulder length veil of tulle was attached to a tiara of pearls and tulle. Her bouquet of Fleur D'Amour and Lillies of the Valley, with satin ribbon streamers and seed pearls, was carried atop a white Bible.

She wore a single strand of pearls, a gift from the groom, and carried out the tradition of "something borrowed, something blue."

Miss Marianne Huggins, DeQueen, Ark., was her sister's only attendant. The maid of honor wore a dress of pink antique taffeta, accented with a deeper pink cumberbund. Her bouquet was of pink carnations.

Jerry Shelton served his brother as best man. Mike Pepper, Mount Pleasant, and Ray Phillips, Daingerfield, served as ushers and candlelighters.

Miss Charleen Morrison of Dain-

KITCHEN KORNER
BY LELIA GALLION

MENU

Beef and Noodles
Mashed potatoes
Cole slaw
Green beans
Hot rolls
Baked apples
Tea or coffee

Place 2 to 3 pounds beef stew meat in kettle; cover with water; add salt and pepper. Cover and cook slowly until well done. If you have a bean pot, cook meat in it. The meat can be put on the night before and cooked until noon the next day in your bean pot. This slow cooking gives the broth a much richer taste. One hour before your mealtime add noodles and simmer slowly in broth. Serve while hot.

Noodles

2 eggs
1T cold water
1/2 salt
flour

Beat eggs, water and salt well. Add enough flour to make a very stiff dough. Roll out as thin as possible. Let the noodles lay until almost dry, then cut in strips. Add to beef broth when ready. The noodles can be made ahead of time and stored in a plastic bag. Be sure they are really dry before storing.

When making hot rolls and you have more dough than you want to make up, you might make breakfast rolls for a change. Put 1/2 cup brown sugar, 2T oleo, 1/2 cup chopped pecans in bottom of pan; make out rolls and place on top of this mixture. Place pan in refrigerator until morning. The rolls will rise enough to bake by then. Bake until done. Remove from oven and turn out on plate at once.

Calorie-watchers can use the nonfat dried milk as a whipped cream substitute. The directions are on the box.

When you plan to serve mashed potatoes with a roast, cook both in the oven at the same time. Place potatoes in an ovenproof baking dish, add a little water and cover. They will be done in about an hour in a 325 degree oven, so calculate timing so the meat and potatoes will be done at the same time.

Miss Sharon Harris Honoree At Shower

Miss Sharon Harris was named honoree Monday week at a bridal shower.

Miss Harris is the bride-elect of Jesse Anthony, Vernon.

Serving table for the affair was laid with a white linen cloth. Centerpiece of the table was an arrangement of blue and white mums with blue ribbon. The arrangement was accented with two wedding bells in blue and white.

The affair was held in the M. M. Smitherman home. Hostesses were Miss Rue Smitherman and Mrs. Polly Sanders.

Layette Courtesy Was Wednesday

Guest of honor at a pink and blue shower last week was Mrs. Barbara Sue Nolen.

The party was held in the Edd Bennett home. Other hostesses were Mrs. G. R. Bennett and Mrs. L. L. Swindle.

Baptists Close Revival Series

Revival services at the Hart Baptist Church ended Sunday night. Rev. Densil Leonard, pastor, states there were 22 additions to the church during the series.

Evangelist was Rev. Jesse Leonard of McLean, brother of the Hart pastor.
