WON'T HURT A BIT!

Dr. Lynn Fite is shown here giving a polio shot to Mike Gullett. Mike was one of 246 grade school youngsters to receive such a vaccination Tuesday. He is 7 1/2 years old and is the son of Mr. and Mrs. Bob Gullett.

Rites Held For Olton People's Kin Recently

Funeral services were held last week for Mrs. Clyde Bishop of Farmersville, sister of Mrs. Dial Henley of Olton.

Mrs. Bishop died in a Greenville hospital following a long illness. Burial was in Farmersville Cemetery.

She was a member of Farmersville First Baptist Church. She was born Feb. 28, 1922 and was a daughter of Mr. and Mrs. Lash Downs of Caddo Mills.

Survivors, other than Mrs. Henley, include two daughters, Mary and Martha Ann, both of Farmersville; the parents; two brothers and five sisters.

Discuss Plans To Refurbish Legion Building

Legionnaires will discuss plans for remodeling Legion Hall at a meeting to be held at the hall 7:30 o'clock next Monday night.

Post Commander Russell Grimes urged all Legionnaires to attend the meeting.

Cemetery Group Plans To Buy Adjacent Plot

Olton Cemetery Association will buy four acres of land adjacent to the existing cemetery.

This information came this week from S. E. Whittington, president of the association.

Dues in the association may be paid to Mrs. Ann Blythe, Mr. Whittington or at the bank. The association has about 50 members.

Work Program Goes Into Mill As OCCA Membership Meets

Olton Chamber of Commerce and Agriculture last Friday night at a general membership meeting began formulating a program of work for the year.

Chamber management took suggestions from the floor. One of the suggestions was that the Chamber try to obtain low-cost housing for Olton. Manager Wayne Cooper said the Chamber's adopted program of work for the year will be ready for publication next week.

Glen Tubb Hurt In Auto Mishap In Colorado

Glen Tubb suffered minor injuries Saturday night in an accident which took the life of one person and critically injured another.

The mishap occurred in Colorado Springs, Colo., when the Tubb car went out of control on a freshly graveled road shoulder and rolled end over end down a 50-foot embankment.

A girl in the back seat of the auto was killed. A boy riding in the back seat was critically hurt.

A girl sitting in the front seat with Tubb was not injured. Tubb suffered only minor injuries, according to his brother, Mrs. W. E. Tubb of Olton.

Sherman County Farmers To Talk On Doane Survey

Sherman County officials and farmers who have worked on the Doane's Agriculture survey there will be in Olton next Tuesday night.

The meeting will be held at 8 o'clock in the high school auditorium.

There will be a question and answer period. Appearing on the program from Sherman County will be County Agent Ernest Gould; Charlie Lamb, vocational agriculture instructor; and farmers and businessmen.

Olton farmers and businessmen are urged to attend.

There is a possibility that a Doane's survey may be run on the Olton School District.

NATIONAL FARMERS UNION SAYS FACILITY TO EMPLOY 40 PEOPLE

Olton may get a new agricultural industry that could employ as many as 40 persons around the calendar and pump millions of dollars into the community's economy.

National Farmers Union is negotiating for construction of a plant to process oil bearing seeds such as sesame, safflower and castor beans.

Storage Facility
Farmers Union members here say storage facilities already are assured. Union representatives say a 2,000,000 bushel storage unit either will be purchased or constructed here.

Wilton Bodkin, state farmers union director and member of the local chapter, said a charter for the storage facility already is being obtained.

Dwight Wilson, Denver, director of project development for National Farmers Union, met with Olton Chamber of Commerce and Agriculture board of directors Friday night. Mr. Bodkin held another session with the board Monday morning.

Processing Plant

Mr. Wilson said a processing plant, green house and other necessary plant facilities for processing and promotion of oil bearing seeds will be constructed somewhere in the area.

Olton's chances appear very good. One of the state's strongest locals is the Olton local. Mr. Bodkin is senior member of the state Farmers Union board of directors.

These favorable aspects are coupled with the fact that the Olton area leads the state in production of at least one of the oil-bearing seed to be processed.

Big Sesame
Olton Chamber of Commerce Manager Wayne Cooper said 80 percent of the entire Texas crop of sesame is grown within a 50 mile radius of Olton.

Sesame oil is used principally for cooking. Castor oil is a high-grade lubricant.

Safflower would be a new crop for the Olton area. Safflower oil is used in high-quality paints and varnishes and also is invaluable as a medicinal ingredient.

Mr. Wilson said the proposed processing plant would employ about 30 persons year around. The green house would employ 10 persons.

Olton Chamber of Commerce is now gathering data to be supplied to the people in charge of plant placement.

Area Pioneer, Ed Kiser Dies; Father Of Mrs. Marshall Stone

Final rites for Ed Kiser, Plains pioneer and father of Mrs. Marshall Stone, were held Monday afternoon in Edmonson First Baptist Church.

Burial was in Memorial Park Cemetery at Plainview under direction of Lemons Funeral Home. Pallbearers were Martin Phillips, Carl Belk, Ralph Block, Clyde and Claude Witten and Cecil Watson.

Mr. Kiser, 87 years old, died Friday morning at Plainview Hospital and Clinic. He was an uncle of Mrs. Eldon Franks of Olton.

Mr. Kiser moved to the Plainview area in 1887. As a lad he rode the range, working for several ranchers. Among them was a brother-in-law, R. W. O'Keefe, and in his young manhood he took a hand in converting range land to farm land.

Mr. Kiser took a contract for providing fence posts for many land owners and cut cedar trees in the canyons and breaks.

Mr. and Mrs. Kiser were residents of Runningwater community for 36 years. Their neighbors described them as "the salt of the earth."

One of Mr. Kiser's neighbors, A. B. Tarwater, described Mr. Kiser as "one of the very first citizens to come to this part of the country."

His wife taught one of the first schools in this area. Mr. Kiser helped build the first school house in Plainview. It was a half-dugout, sod roofed, and had only one room.

After lending a hand in construction of the school, Mr. Kiser enrolled as a pupil. He never completed high school but possessed a keen, self-educated mind.

In 1892 he went to Terry County and worked on a ranch for several years. He returned to this area and in 1902 bought a section of land near Olton. He sold the tract to his son-in-law, Marshall Stone, in 1946.

The Kisers moved to Runningwater in 1922. At one time he owned an interest in the Doorkey ranch near Sudan.

Mr. Kiser served many years on the Runningwater school board. He was a member of the Edmonson Baptist Church.

Mr. and Mrs. Kiser were married May 4, 1904 at Plainview. Mrs. Kiser is the former Alice Beasley, a school teacher.

The couple were parents of four children, two sets of twins. The girls are Mrs. Bill Pinkerton, Edmonson and Mrs. Stone. The twin sons are Jim and Ed Kiser, Edmonson.

Mrs. Kiser survives her husband as do four grandchildren and two great grandchildren.

Youngsters Injected With Salk Vaccine

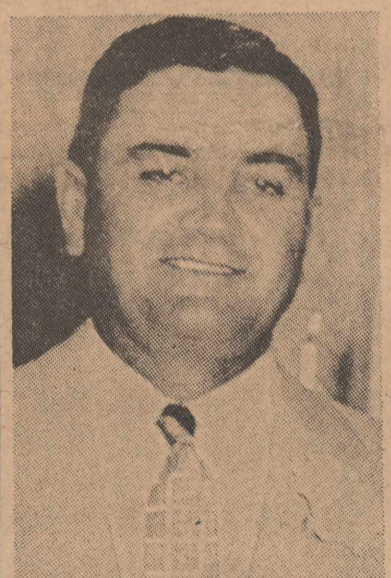

Olton doctors administered free polio vaccine to some 246 grade school youngsters Tuesday.

The county supplied the vaccine and the doctors contributed their services.

Four P-TA members assisted. They were Mrs. A. J. Marshall, Mrs. R. L. Hipp, Mrs. Garner Ball and Mrs. Elmo Hall. Mrs. Leta Bell is school nurse.

For many of the youngsters it was the third polio shot. For some it was the first.

Prominent Olton Farmer Taken By Death Saturday

W. W. BEARDEN (JOHNSON STUDIO PHOTO)

W. W. "Bill" Bearden died Saturday night in Methodist Hospital in Lubbock. Mr. Bearden was victim of a heart ailment and had been in ill health for some time.

Funeral services were held Monday afternoon in First Baptist Church of Olton with Rev. John Lewis, pastor and Rev. J. D. Thompson of Lufkin officiating.

Pallbearers were T. C. Measles, Emmett Harper, Roy Byers, Fred Smith, Henry Mathis and Ross Bryant. Burial was in Olton Cemetery under direction of Parsons Funeral Home.

Mr. Bearden was 45 years old. He was born Aug. 2, 1913. He lived at Paducah before moving to Olton.

He was married Sept. 22, 1934 to Miss Faye Yarborough at Paducah.

He was a member of the Masonic Lodge and was a mem-

Brakes On For Drawing Here

Olton's trades day drawing will be discontinued.

Decision to discontinue the drawing was reached Tuesday afternoon at a meeting of the Olton Chamber of Commerce Retail Trades committee headed by Bill Kelly.

Members of the committee are Charles Polk, Basil Sherman, Ira Foster, K. Y. Givens, Tom Smith and Bob Duncan.

The drawing will not be held after next Saturday.

Lack of participating merchants and decline of public interest in the drawing was cited as reasons for discontinuing the promotion. The committee is now studying a dollar day program and several other projects.

Member of Olton Chamber of Commerce and Agriculture board of directors until ill health forced his retirement.

Survivors, other than the wife, include a son, Royce of Olton; two daughters, Mrs. Elmo Hasha and Rebecca Jane Bearden, both of Olton; the mother, Mrs. G. C. Bearden of Olton; two sisters, Mrs. J. B. James, Olton and Mrs. Jess Matlock, Springlake; four brothers George Ray and Nat Bearden, both of Paducah, G. C. Bearden of Amherst and F. W. Bearden of Olton; and one grandson.

SHOWS TWO CHAMPS

Gerry George Exhibits Grand Champion Swine

Gerry George's Poland China was named grand champion of the Amarillo Junior Swine Show Tuesday.

Gerry's animal was competing with 400 other entries.

Amarillo reporters said Gerry cut loose with a "a whoop and a lot of grin" when his Poland China was tagged grand champion of the show.

"He received the award from the hand of Euel Linder of Lubbock, show judge. The award was made after an all-day judging at Amarillo's Tri-State Fair Grounds.

Earlier in the day the Olton entry had taken champion of the breed honors in the Poland China competition.

Gerry is 16 years old and son of Mr. and Mrs. Fred George. He is a third-year FFA member.

Gerry also won first place in the lightweight Berkshire division with another animal he exhibited. David Cole took third place with a middle-weight Poland China.

James Whitefield placed fifth with a middleweight spotted Poland China. Randall Small showed a sixth place lightweight spotted Poland China. Jerald Simmons showed a fourth place heavyweight spotted Poland China.

William Meadows exhibited a sixth place lightweight Chesterwhite. David Cole and Jesse Joe Riney exhibited 12th and 13th place lightweight Chesterwhites in that order.

DeVern Mandrell showed a second place lightweight Hampshire. Carl Nafzger exhibited a third place middleweight and 12th place heavyweight Hampshire. Ronald Fancher showed an eighth place middleweight Hampshire and Carl Nafzger had the seventh place pen of Hampshires.

Roy Neal Jones had third and eighth place heavy Yorkshires and his pen placed fifth.

Roy Neal also showed a second place lamb and a fifth place lamb. David Cole placed third in the fine wool division and John Lynn Burrow had a fifth place South-

down. Neal Burrow's Shorthire was 10th ranking and Randee Buchenau exhibited a sixth place Hampshire and ranked 10th in the fine wool division.

Jerald Simmons showed 12th and 15th in the Southdown division.

Junior High To Sponsor Cage Tourney

Junior high school will sponsor a basketball tournament Feb. 16. Olton merchants will be asked to sponsor teams. Merchants may sponsor men or women teams or both. Entrance fee for each team is \$10.00.

Sponsor may choose their own teams or players may be furnished. Proceeds will be used to buy equipment for the junior high school playground.

Olton Girls Will Exhibit At Ft. Worth

Two Olton youngsters will exhibit animals in the Southwestern Exposition and Fat Stock Show at Fort Worth next week.

They are Sharon and Nancy Brigrance, daughters of Mr. and Mrs. Merrill Brigrance.

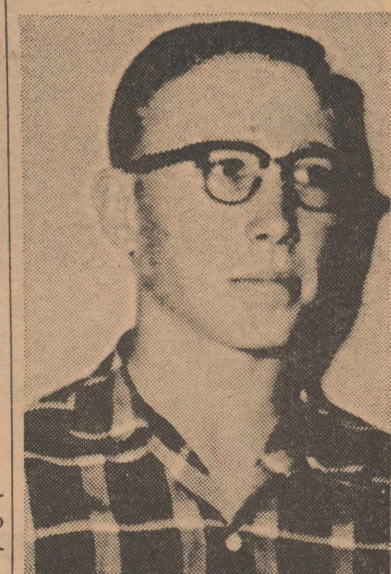

FOUNDATION WORK

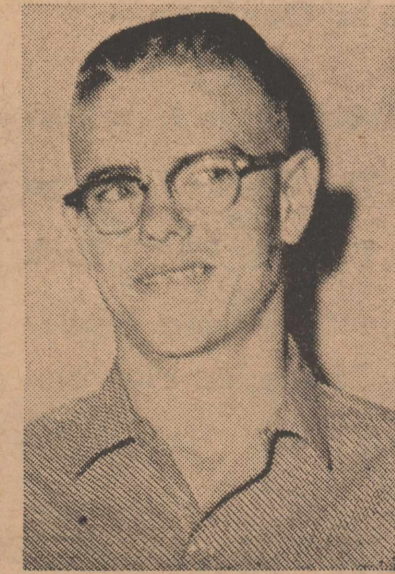

E. H. Teal is shown here working on the foundation of Olton High School's new \$200,000 gymnasium. Brick work has started on the elementary building.

CLOTHING BANK

Olton High School student council has started a clothing bank to supply school clothes to needy children. Anyone with clothes to contribute is urged to do so.

Three Olton FFA Members To Vie In Calf Scramble

Three Olton FFA boys will participate in the beef scramble at the Houston Fat Stock Show, February 28.

This information came this week from Calvin Horn and Max Malone, vocational agriculture instructors.

Mr. Horn said there will be 20 boys and 10 calves in the scramble. Each boy who catches a calf will receive a \$125 certificate for use toward purchase of a heifer calf. The calf is to be fed until next year and then will be taken to the Houston show.

Membership Drive Gets Under Way For OCCA

Membership drive for Olton Chamber of Commerce and Agriculture was kicked off this morning (Thursday) at a breakfast meeting at Ideal Cafe.

"Because of the many projects on this year's program of work, the Chamber must increase its membership in order to function as it should," said Wayne Cooper Chamber manager.

Workers were scheduled to leave from the breakfast meeting and contact prospective members in an all-out drive.

Olton Church Sets Meeting

A series of meetings will get underway at the Olton Reorganized Church of Jesus Christ of Latter Day Saints, Feb. 8.

Pastor of the church is James Welch. Herbert A. Lynn, missionary will be preaching.

Song service begins at 7:30 o'clock each evening and preaching service will be at 7:45. Worship hour on Sunday is 11 o'clock.

COMPETITIONS

Rule 36
The Committee (Def. 9)

1. Conditions
 The Committee shall lay down the conditions under which a competition is to be played.

Certain special rules governing stroke play are so substantially different from those governing match play that combining the two forms of play is not practicable and is not permitted. The results of matches played and the scores returned in these circumstances shall not be accepted.

2. Order and Times of Starting
 a. GENERAL
 The Committee shall arrange the order and times of starting, which, when possible, shall be decided by lot.

b. MATCH PLAY
 When a competition is played over an extended period, the Committee shall lay down the limit of time within which each round shall be completed.
 When players are allowed to arrange the date of their match within these limits, the Committee should announce that the match must be played at a stated hour on the last day of the period unless the players agree to a prior date.

c. STROKE PLAY
 Competitors shall play in couples unless the Committee authorizes play by threes or fours. If there is a single competitor, the Committee shall provide him with a player who shall mark for him, or provide a marker and allow him to compete alone, or allow him to compete with another group.

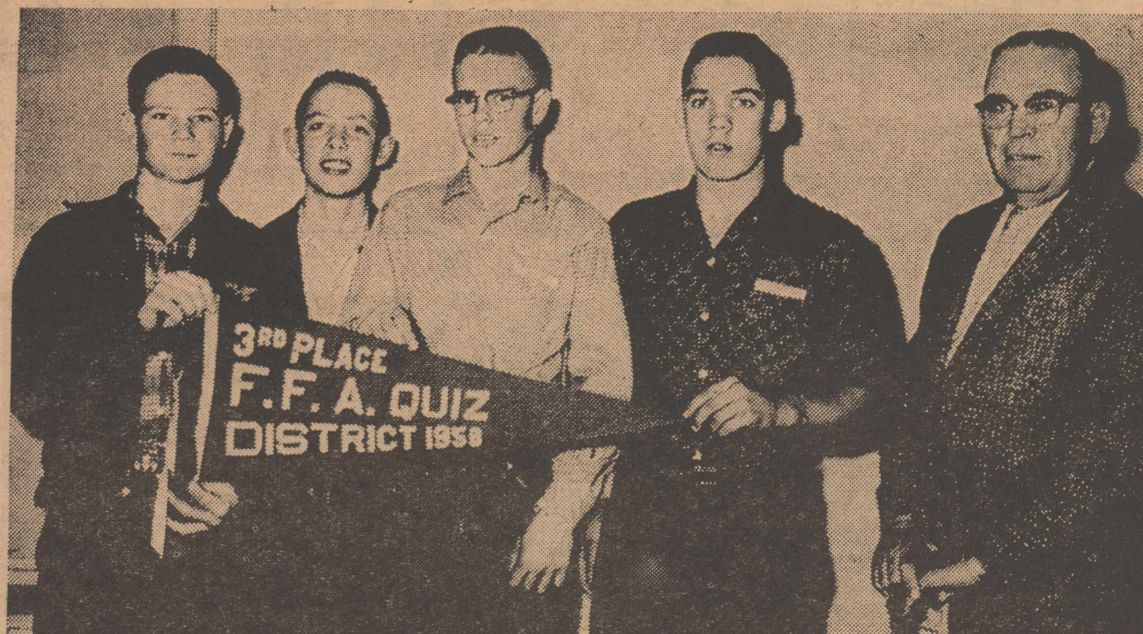

d. Decision Of Ties
 The Committee shall announce the manner, day and time for the decision of a halved match or of a tie, whether played on level terms or under handicap.
 A halved match shall not be decided by stroke play. A tie in stroke play shall not be decided by a match.

e. The Course
 a. NEW HOLES
 New holes should be made on the day on which a stroke competition begins, and at such other times as the Committee considers necessary.

b. PRACTICE GROUND
 Where there is no practice ground available outside the area of a competition course, the Committee shall lay down the area on which players may practice on any day of a competition. On any day of a stroke competition, such area shall not include any hazard or putting green on a competition course.

c. COURSE UNPLAYABLE
 If the Committee or its authorized representative consider that the course is not in a playable condition, or that insufficient light renders the proper playing of the game impossible, it shall have the power in match and stroke play to order a temporary suspension of play, or in stroke play to declare play null and void and to cancel all scores for the round in question.
 When play has been temporarily suspended, it shall be resumed from where it was discontinued even though resumption occur on a subsequent day.

d. Defining Bounds and Margins
 The Committee shall define accurately:—
 a. The course and out of bounds.
 b. The margins of hazards, water hazards, and lateral water

These lads were third place winners in a recent FFA quiz held at Muleshoe. They received this banner only a few days ago. They are from left Randolph Schaefer, James Lough, Jimmy Lawson, Gary Duncan and Instructor Calvin Horn.

Books On Parade

By Mardema Ogletree

According to the January 19, 1959 issue of Publisher's Weekly, the following list of books are the best sellers in Non-fiction:

1. *Aku-Aku* by Thor Heyerdahl, Rand McNally, \$6.95
2. *Only In America* by Harry Golden, World Publishing Co. \$4.00
3. *Twixt Twelve And Twenty* by Pat Boone, Prentice-Hall, \$2.95
4. *The Memoirs Of Field Marshal The Viscount Montgomery Of Alamein*, World Pub. Co. \$6.00
5. *Kids Say The Darndest Things*, by Art Linkletter, Prentice-Hall, \$2.95.
6. *Baa Baa Black Sheep* by Pappy Boyington, Putman, \$4.50

The rest of the fiction list, with the exception of the *Ugly American* by William J. Lederer and *Victorine* by Frances Parkinson Keyes, and *The King Must Die* by Mary Renault, has very little that is worthwhile, I think.
The Amplified New Testament published by Zondervan, \$3.95. This is a new translation by a board of Biblical scholars. . . . The publishers say the Testament gives various shades of meaning of Greek words that have no English counterparts. It helps the English speaking person to understand the meaning that was set in the first century. There are special footnotes to other translations, and references of prophetic fulfillment from the Old Testament.
 Billy Graham says of the Amplified New Testament, "It is the most wonderful translation . . . Get one."

News Of Interest To Women

First Anniversary Is Celebrated By Golden Age Hour January 22

Golden Agers Social Hour observed the first anniversary of the organization's existence January 22 in the American Legion Hut. L. S. Kennedy and C. T. Mason were recognized as not missing a meeting of the club and were presented gifts from Smith and Struve for that accomplishment.

Sponsors of the meeting was the Goal Reachers Sunday School Class of the First Baptist Church.

Each person present wrote a short sentence telling what the Golden Age Hour had meant to them. These were later read to the group by Mrs. Joe Chester.

Mrs. C. M. Owen reported on the sick of the community that were in the club's age group. "Happy Birthday" was sung to J. A. Wheeler, T. T. Souter, Mrs. C. M. Owen, Mrs. Jessie Allen and Mrs. Ed Jones.

Refreshments of birthday cake, spiced punch and coffee were served by Mrs. Cleo Smith and Mrs. Joe Edd Carson.

Present were Mr. and Mrs. T. T. Souter, Giles C. Gordon, Mrs. Jodie Morris, Earth: Mrs. C. M. Owen, Mr. and Mrs. W. K. Britton, Mr. and Mrs. J. A. Wheeler, Mrs. Hattie Lewis, Mrs. T. Combest, C. T. Mason, Mrs. Dora Walthall, Mrs. Jessie Allen, Mrs. J. E. Jones, Mr. and Mrs. F. M. Holland and Mr. and Mrs. L. S. Kennedy.

Also present were the regular sponsors, Mrs. Joe Chester and Mrs. Tom Smith and the representatives of the Goal Reachers Sunday School Class, Mrs. Cleo Smith and Mrs. Joe Edd Carson.

Women Initiated Into Order Of Eastern Star Thursday Night

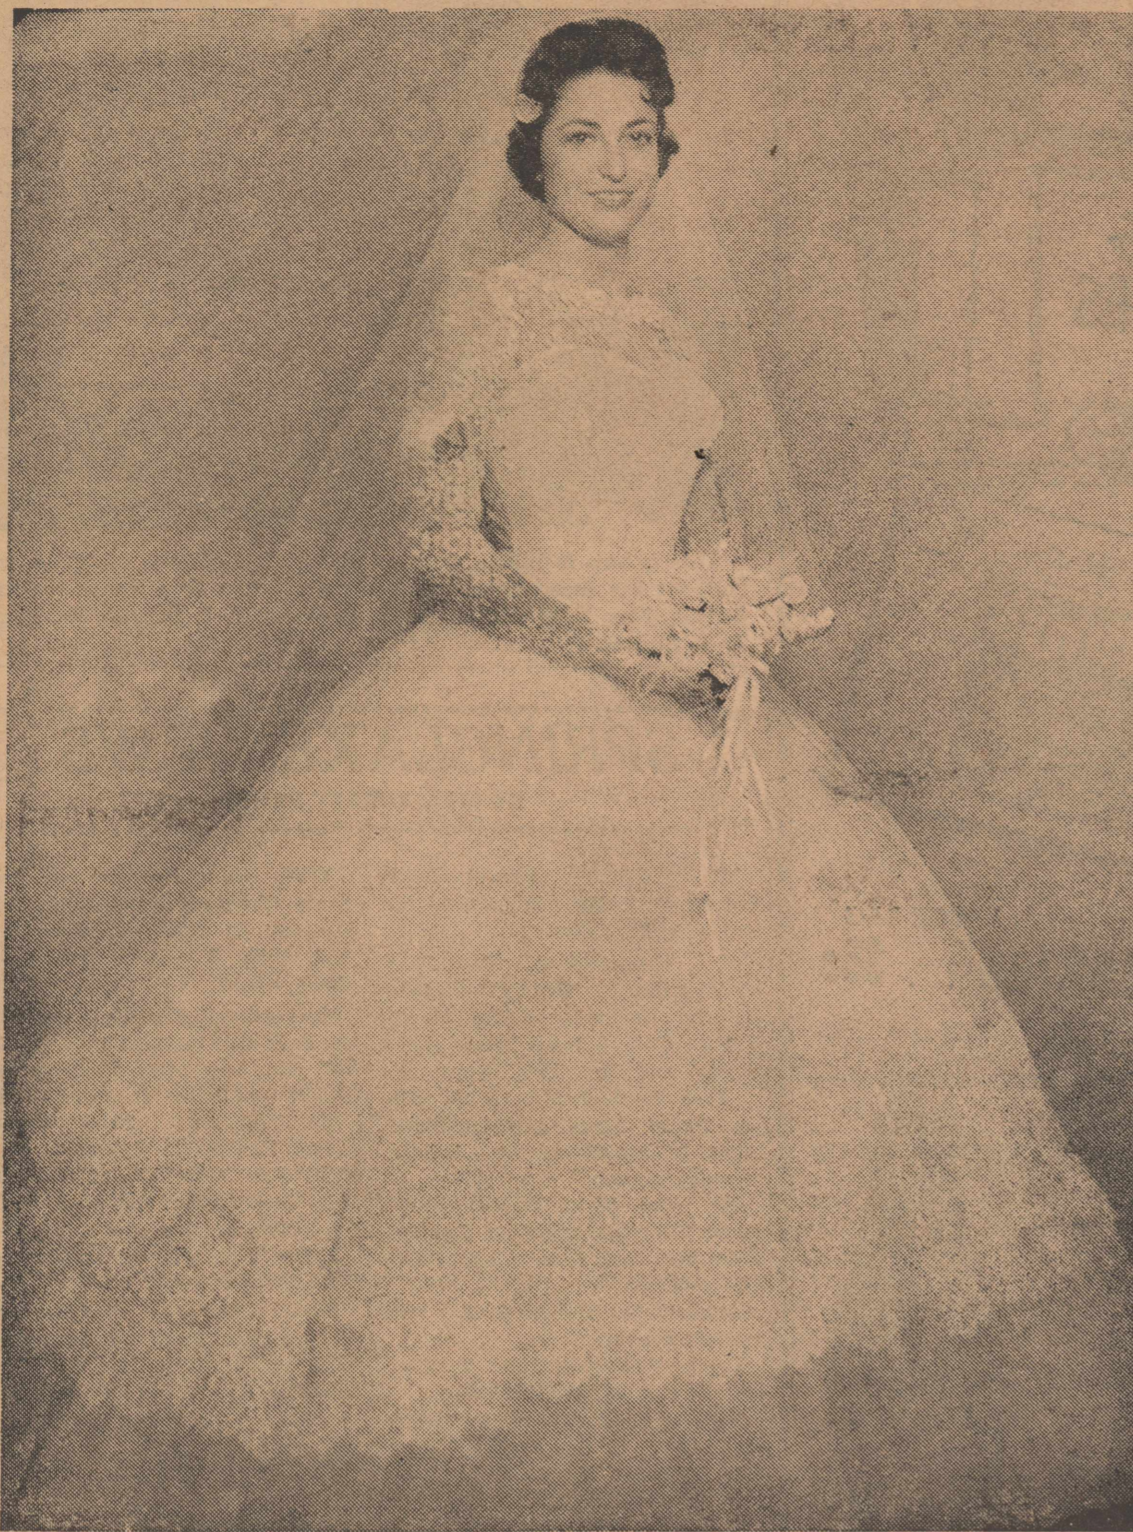

Mrs. Clifford Curry and Mrs. Danny Cure were initiated into the Order of the Eastern Star, January 22.

Presiding was the Worthy Matron, Mrs. Alton Cure, Jack Ford and Bert Stewart initiated.

Mrs. Curry and Latrel Stewart were added to the Rainbow Girls Advisory Board.

Mrs. Cure told the group about the school of instruction which she and Mrs. Bill Dickenson attended at Hatch, NM, recently.

A study day will be held every Monday. The first of these meetings will be held Monday at the home of Bessie Mae Cox, Hart.

Wylene Freeman, Bennie Joe Williams Wed In Lockney Main Street Church Of Christ

Main Street Church of Christ of Lockney was the setting for the wedding of Miss Wylene Freeman, daughter of Mr. and Mrs. S. A. Freeman, of Lockney, and Bennie Joe Williams, son of Mr. and Mrs. Lloyd S. Williams, 4320 N.W. 27th St., Oklahoma City, Okla.

Nuptials were solemnized Friday evening, January 23, at 8:00 P.M. Minister S. A. Freeman, of the church and father of the bride, read the double-ring ceremony.

Vocal wedding selections were supplied by the Men's Quartet from Abilene Christian College, where both Mr. and Mrs. Williams are senior students. Doug Young, the soloist, sang "Through The Years," "I'll Pledge My Love," and "We'll Walk With God." As a prayer song, the quartet sang "Be With Us, Lord." The other members of the quartet were Kyle Ellison, Ralls; Charlie Wilks, Taylor, and Jimmie Treat, Crosbyton.

A white improvised archway, flanked on either side by seven-branch candelabra, tied with white satin and holding white tapers, and potted palms, centered the church rostrum. The archway, which was entwined with white chrysanthemums, was hung at the center with two large wedding bells.

White satin bows marked the family pews.

Candle Lighters

Candles were lighted by Miss Deanna Bussie, of Shreveport, La., and Miss Nancy Williams, Oklahoma City, a sister of the bridegroom. Cheryl Lynn Fleharty, Oklahoma City, a niece of the groom, served as flower girl.

Matron of Honor was Mrs. D. R. Langford, Plainview. Her frock was a red velvet sheath with three-quarter length sleeves. It was styled with a sabbina neckline and empire bodice. Her hat was a matching red velvet crown, with tulle forming a small veil. She wore white gloves and carried a nosegay of white pom-pom mums, from which showered narrow white streamers of bridal satin.

Bridesmaids were Mrs. Al Ogren, Abilene, and Miss Gayle McDermott, Levelland. Their dresses, accessories, and nosegays were identical to that of the matron of honor. The candle-lighters and the flower girl dressed identically to the other attendants, but wore wristlets of white.

Attending the bridegroom was his brother, Wilbert Williams, of Oklahoma City. Sharing usher duties were Bill Conner, Oklahoma City; Jerry Anstead, Abilene; Jerry Daugherty, Kilgore; and Rex Erneheart, McAlester, Okla.

Brother Escorts

The bride was escorted to the altar and given in marriage by her brother, Doyle Gary, of the home. She wore a floor-length gown of bridal tulle and Chantilly lace. The fitted bodice of Chantilly lace over taffeta featured tiny scalloped sleeves and a scal-

loped sabbina neckline. The bouffant skirt of taffeta was overlaid with ruffles of tulle and lace. The lace in front gave an apron effect, with ruffles in the back trailing full length to form a chapel train. The bridal veil of fingertip length was of illusion and cascaded from a fitted band of iridescent sequins. Scallops matching those of the gown fitted the bottom of the veil. Corresponding Chantilly lace gauntlets covered the forearms.

She carried a white Bible, topped with a white orchid and white feathered carnations, in a nest of white net. Lovers knots and streamers of white satin ribbons fell from the creation.

Mrs. Freeman, mother of the bride, chose an azure blue silk suit, worn with white accessories, and a white corsage, for her daughter's wedding. Mrs. Williams, mother of the bridegroom, wore a navy blue faille suit, trimmed with velvet, and white accessories. Her corsage was also of white.

Reception In Home

Following the ceremony, a wedding reception was held at the home of the bride's parents. The table was laid with white lace, and centered with a three-tiered white wedding cake, which was accented with red, and topped with a miniature bride and groom.

A silver punch service, white tapers in silver candleholders, and crystal, complemented the table decor. The bride's bouquet, and those of her attendants, were floral decorations for the reception table.

Assisting with the house party were Miss LouAlice Chappell, Houston; Miss Phyllis Mullins, Longview; and Misses Sue Wolford and Linda Baxter, of Lockney. Miss Jane Mitchell, Anton, registered the guests.

The bride chose a tweed suit accented with tangerine, worn with orchid from her bridal bouquet, for her traveling costume. After a short wedding trip, the couple will be at home at 594 E.N. 18th Street, Abilene, after January 26.

Mrs. Williams graduated from Olton High School in 1955, and is a senior elementary education major student at Abilene Christian College. She is a member of the GATA Social Club, Alpha Chi Honor Society, Kappa Delta Pi, President of the Zellner Dorm Council, and a Justice of the Student Court. She was also selected for membership to "Who's Who Among Students in American Universities and Colleges."

Mr. Williams graduated from Putman City High School in Oklahoma City in 1955. He is a senior marketing major student at Abilene Christian College. He is a member of the Galaxy Social Club, the Mabee Dorm Council, and the Business Administration Club. He is presently employed with the Sears-Roebuck Company in Abilene.

Earth Church Of Christ Is Scene As Jane Gover, Lonnie G. King Repeat Nuptial Vows

Miss Jane Gover, daughter of Mr. and Mrs. Roy Gover, Earth and Lonnie Gene King, son of Mr. and Mrs. Virgil King, Olton, repeated nuptial vows January 20.

The double ring ceremony was read by Morgan Sturgess of Tullia, and uncle of the bride, in the Earth Church of Christ.

Vows were said beneath a white archway covered with greenery and baby white mums. The arch was topped with seven blue candles. Candelabras flanked the arch on either side.

Maid of honor was Miss Peggy Stancell, Earth, and bridesmaids were Misses Linda Bensley and Linda Sanderson, both of Earth. The attendants wore blue brocade satin dresses with net overskirts. Their headpieces were of blue flowers and net.

Father Escorts

The bride was escorted down the aisle and given in marriage by her father. Her dress was of white lace over tulle and satin. The bodice of the dress featured a scalloped neckline and a strap-

less under bodice. The full length sleeves tapered over the fingers. The lace scalloped veil of illusion was attached to a tiara covered with pearl and sequins.

The bride's bouquet was carried atop a white Bible and was made of baby carnations centered with white baby rosebuds.

Candlelighters were Sharon Hay and Donald Gover of Earth. Donna Ruth Gover was flowergirl and Gale Long, Olton was ring bearer.

Sonny Adams, Olton served the groom as best man. Ushers were Earl Keeler, cousin of the groom, Jerrell Hadaway and Donald Gover, brother of the bride, all of Earth.

Mothers' Attire

Mrs. Gover, mother of the bride, wore a grey suit with white accessories. The groom's mother wore a grey plaid suit with matching accessories. Both women wore white carnation corsages.

The reception was held in the home of Mr. and Mrs. Ray Stancell in Earth. White mums decor-

Casting For PTA Production Nearly Complete

"Turn Back The Clock, a hilarious three act comedy by Marriane and Joseph Hayes, was chosen this week by the P-T-A play committee for presentation on February 27.

Casting for the play was almost completed, and it will be directed by Mrs. Joe Harper.

The play is based on the universal truth that all generations are more or less alike. When Mr. Charlie Hill (worried parent, bank president, and trustee of his church) talks about the "irresponsibilities" of the younger generation, he is reminded of his own youthful foibles.

Then the clock is turned back, and Mr. and Mrs. Hill are shown as they were as high school seniors in the gay old year of 1928.

The three acts are crammed with plot, laughter, surprises, and nostalgic tunes of years gone by.

Antelopes Nip Mustang Teams

Olton Mustang cagers fell before the Abernathy quintet 56 to 37 Tuesday night on the maplewood at Abernathy.

Olton's high point man was John Wayne Hair with 13 markers. Second high was David Hamm with 11 points. The Antelopes took an early lead and were never challenged.

Abernathy girls defeated the Olton girls by a smashing 63 to 12 margin. The Abernathy girls are defending state champions.

Olton plays Lockney Friday night here. Game time will be 7 o'clock. The Mustangs travel to Morton next Tuesday night.

Lubbock Minister To Hold Olton Revival

The Enterprise Crashes A Party

The Olton Enterprise photographer attended one of those famous "Come as you are" coffee parties staged by Gwen Turner Tuesday. More than 50 persons gathered round the coffee urn. Hostesses for the occasion were Mrs. Turner and Mrs. Joyce Fite. The over-size coffee urn required for the occasion was supplied by Mrs. Turner's bridge club.

High Plains Researchers File Report On Corn Test Results

L. J. Gundy and Douglas Owen

Three hybrid corn yield tests, each containing 49 entries, were conducted during 1958 at the High Plains Station, Halfway, Texas. Average yields in these tests range from 97 to 77 bushels per acre and yields of individual entries range from 135 to 56 bushels per acre. Yields and data on plant characteristics are presented in three tables. Entries reported in Tables 1 and 2 include most of the hybrids now available to High Plains farmers, plus a number of midseason and early maturing commercial and experiment station hybrids. These tables include several Texas Research Foundation experimental hybrids and Table 3 consists entirely of them.

In Table 1, nine hybrids gave yields significantly above the test average, 97.0 bushels per acre. These include Tx. 26, 28, 30 and 36, As. 104, Con. 1 and 3, W. 111 and H 212A. In Table 2, the six highest yielding hybrids are white, including TRF 9w, PAG 633w, G 779w, and As. 101w, 105w and 107w. TRF 9 and TRF 13 were included in all tests for comparison and their yields (97.4, 105.2 and 98.9 for TRF 9; 78.6, 88.3 for TRF 13) are consistently good.

The tests were planted April 25, on a Pullman Clay Loam and thinned on June 11 to an average stand of 18,670 plants per acre (one plant per 8.4 inches, in 40 inch rows). 26-78-0 fertilizer was applied in bands at planting and 150-0-0 fertilizer was applied as a sidedressing on May 5. Three cultivations were given as follows: with crustbuster (knifing sled) when plants were 3-5" tall, with cultivator when plants were 8-10" tall, and with clean-out sweeps (water-furrow openers) when plants were 12-15" tall. All plots were hoed once, on about June 4.

From January 1 through October 1, a total of 29.90 inches of water was available to the crop. The usual preplanting irrigation was not needed; 5.60 inches of rain was recorded between January 1 and May 1, as follows: January, 1.35"; February, 0.00"; March, 1.95"; April, 2.30". Between May 1 and September 1, 6.65 inches more rain was recorded, as follows: May, 2.65"; June, 1.35"; July, 2.65"; August, 0.00". During September, 2.65" of rain was recorded, 2.55" of it from September 23 to 28. Five irrigations, of three inches were applied, on June 3, June 13, July 3, July 25 and August 16.

"Average" rainfall (40 years) for Olton area, as reported in "Climate and Man", 1941 Yearbook of the U.S. Department of Agriculture, is 21.78 inches. By months, (January through December) it is distributed as follows: 0.43", 0.69", 0.88", 1.79", 2.80", 2.96", 3.08", 2.69", 2.74", 1.94", 1.10", 0.68". In 1958, January, March and April were wetter than "average", February, June, July and August drier, and May and September about average.

An inspection of the moisture percentages presented in the tables shows a wide range, from 25.27 percent down to 14.16 percent. A major problem of corn production on the High Plains is that of moisture in the grain, or maturity. For that reason, a large number of midseason and early maturing hybrids were included in the test, along with the late maturing hybrids which are normally grown in Texas.

Data on maturing is presented in three ways. Percent moisture was determined on the shelled grain from one replication of each test, at harvest. Maturity was rated, by inspecting one replication of each test, on September 18. All plots were checked on June 30, and a record made of plots with silks showing, tassels shedding pollen or with tassels showing but not yet shedding pollen. The third of five irrigations was applied on July 3.

The data on flowering (bloom code) is presented as three numbers, for example: 001 or 004 indicates one or four plots of that entry had tassels showing. 031 indicates tassels were shedding on three plots and only showing on one. 400 indicates all plots had silks showing (and tassels were shedding) on all plots of the entry. Some plots were well silked out on June 30; 100 was added to the rating of the entry for each such plot: 410 indicates one plot well silked, two plots showing silks and one plot with no silks showing but with pollen shedding. The data on flowering is interesting in that it permits comparisons among the early maturing entries. Inspection at several additional dates would be required to provide data on flowering for all entries.

Maturity grades were rated visually, on one plot of each replication, on September 18. At that

time, some entries appeared completely dry, with no green on the leaves, and were graded 1. Those with a little green were graded 2. Those plots with only a few leaves dried down were rated 8. While those ratings were expected to provide only a record of the appearance of the plots, a high correlation (degree of association) was found between them and the actual moisture percentages of the grain, determined at harvest (r equals 0.828; 1.0 is perfect).

Percent of moisture in the shelled grain at harvest determines whether the grain can be marketed immediately, or must be dried. No entry had grain with less than 13 percent moisture, safe for storage, or below 14 percent, maximum for No. 1 grade corn. A fairly large number of entries had grain with moisture less than 15.5 percent, maximum for No. 2 grade corn, while grain of several entries had more than 23 percent moisture, maximum allowed for No. 5 grade corn. The rains, 2.55", recorded from September 23 to 28, undoubtedly contributed to the high moisture by preventing drying and, possibly, actually increasing it. The ground was wet when the tests were harvested, from October 9 to October 14; light rain prevented field work on October 10.

Those entries whose grain contained more than 15.5 percent moisture would have required additional drying before marketing. Facilities for artificially drying grain, or cribs such as are used in the corn belt in which the ear corn could dry naturally, would advance the date at which these midseason and late maturing hybrids could be harvested. Some grain is damaged or lost when ear corn is piled on the ground for drying; much grain may be lost by lodging and harvesting may be made more difficult if the corn is allowed to stand in the field for drying. Much of the stalk breaking shown in the tables is reported to have occurred on the weekend of October 1, just before harvest.

Since no moisture determinations were made on September 18, it is not possible to say whether any of the entries were dry enough to harvest on that date. A maturity rating of 4 indicates that the plants appeared mature enough to harvest if grain drying facilities or cribs (for ear corn) were available.

In harvesting with a picker-sheller on a warm dry day, it is possible that the grain would lose some moisture, but no data is available as a guide. It seems unlikely that the loss would be more than one or two percent. Therefore, any entry in these tables with more than 16 percent moisture probably would have required further drying if harvested in mid-September. Taking 16 percent or less moisture as indicating entries whose grain could be marketed on September 18, there are four such entries in Table 1, twenty in Table 2, and five in Table 3. Yields among these entries range from 88.0 to 56.2 bushels per acre. Since kernel moisture seldom drops below 14 percent for corn in the field, it is possible that several of these could have been harvested before September 18, with grain as dry, or drier, than when harvested in October.

It is reported that with modern equipment, corn may be harvested and shelled at a moisture content as high as 30 percent, or even 35 percent (maximum dry weight, physiological maturity, is reached at about 34 percent). Ear corn with more than 20 percent moisture in the kernel is considered unsafe for cribbing. Shelling corn at moistures above 20 percent results in mechanical damage and this may be excessive at moistures above 25 percent. Taking 16 percent to 20 percent as indicating entries which could be harvested and cribbed safely or shelled and dried, on September 18, there are still a fairly large number of entries in each table with kernel moisture too high for harvest.

The shelling percentages shown in the tables are low, due both to incomplete shelling, and high cob moisture. Freshly harvested ears with kernel moisture of 25 percent are reported to have about 48 percent moisture in the cob. Approximate cob moistures, for kernel moistures from 15 percent to 25 percent are, respectively: 17, 19, 22, 27, 31, 35, 39, 42, 44, 46 and 48 percent. For comparison among entries, yields may be adjusted to bushels of shelled grain at 15.5 percent moisture by multiplying as follows: reported yield x shelling percent x (100-reported percent moisture); divided by 80 percent x (100-15.5 percent equals 84.5 percent). Multiplying by 1.4793 is equal to dividing by 80 x 84.5. These ad-

justed yields may provide a fairer basis for comparing the yields but are not necessarily more accurate, since the adjustments are based on data from only one replication in each test.

No root lodged plants were found at harvest, but stalk breaking was excessive, ranging from 55.4 percent down to 15.0 percent. Among the entries in Table 1 there is a fair association (r equal 0.59; 1.0 is perfect) between yield and stalk breaking; slightly less association (r equal 0.42) between maturity grade and stalk breaking, and even less association (r equal 0.37) between ear height and stalk breaking. These associations are statistically significant but are too low to explain the stalk breaking recorded; most of it is due to factors not identified in taking notes. In Table 2, these same three associations were calculated and found not to be significant, the "r" value being below 0.10 in each case.

The probable cause of much (but not all) of the stalk breaking was infestation by the southwestern corn borer (*Diatraea grandiosella*). Examination of some of the broken plants revealed borer damage, but time did not permit the detailed examination of all plants, broken and standing, which would have been necessary to determine whether all infested plants were broken and whether all broken plants were infested. Many of the hybrids included in the tests are known to be tolerant to attack by the European corn borer (*Pyrausta nubilalis*) and it is possible they are among the entries with low stalk breaking.

Husk cover was rated visually as the average for plants in one replication of each test. A grade of 1 indicates a closed husk extending one to two inches beyond the cob tip. An entry was rated 3 if no tips showed, although the husk might be somewhat loose and did not extend beyond the tip. A grade of 3 is satisfactory but is less desirable than the complete protection indicated by grade 1.

Ear pendancy was rated visually as the average for plants in one replication of each test. A grade of 1 indicates all ears were hanging down, while 5 indicates all were standing up. Ear pendancy grade is highly associated with maturity grade (r equal 0.72), but there are individual differences.

While it would be possible to recalculate yields to adjust for differences in percent moisture in the grain, shelling percent and even percent stalk breaking (since much lodged corn is lost in harvest), this has not been done. Yields reported are based on 70 pounds of ear corn per bushel. Plots were two rows, spaced 40" apart, and 21 feet long, with four replications. Coefficients of Variation (C.V.) are low in all tests, indicating consistent performance of the entries. Differences in yield between entries (L.S.D.) needed for statistical significance are low, considering the high average yields.

With adequate moisture, late hybrids outyield early ones. In Tables 1 and 2, correlations between yield and moisture were high (r equal 0.76 and 0.67). With artificial drying, the high yielding, late hybrids might be used. Other wise, early maturing hybrids should be planted. Even with early hybrids, which might require fewer irrigations, artificial drying will speed harvest, reducing losses from lodging.

Junior Play To Be Staged February 5

Olton High School's Junior Play will be presented Thursday, February 5, in the high school auditorium. The play will begin at 8:00 P.M.

Name of the play is "Grandma's Best Years" and admission prices will be seventy-five cents for adults; fifty cents for junior high and senior high students; and twenty-five cents for elementary schoolers.

Terry Gail Hooper will portray Mrs. Abbott, a matronly woman of forty-five. Sadie, the maid, is to be played by Gayle Machen. Mrs. Abbott's daughters, Joyce and Marion, will be given by Judy Lacey and Joyce Curtis, respectively. The other child of the family, Willie, will be played by David Morrison.

Friends of Marion and Willie are Dottie Morgan and Shorty. Dottie will be played by Barbara White and Freddie Gordon is to be Shorty.

Boyfriend of Joyce Abbott will be Gerry George, playing Jim Meyerson. Gram, the mother of Mrs. Abbott, will be given by Carol Ann (Prissy) Bostick.

Other characters are the Murphy family—Patch, Mable and Bubbles. They will be portrayed by Phil Neinst, Gayle McAnally and Janet Oak.

Completing the cast are Jean Williams, Johnny Crawford, Gary Lobaugh and James Hukill. These four will portray Mrs. Carlson, Miss Quelch, Edwin Carlson and Cousin Oscar.

The play revolves around Mrs. Abbott, a woman who is trying to climb the social ladder. She tries to "put on the dog" for her weekend guests, Mrs. Carlson and Edwin and Miss Quelch. Gram, Mrs. Abbott's mother, arrives unexpectedly, and decided to teach her daughter a lesson. The results are hilariously combined into a three act mystery and comedy.

HD Discusses Necessity For Physical Checks

Importance of an annual physical examination was the subject of discussion Tuesday of last

week at a meeting of the Hart Senior Home Demonstration club. The club met at the home of Mrs. Buster Aven. Mrs. Jimmy Ray Davis led the discussion. The group voted to sponsor a "42" party to raise money for the March of Dimes. Next meeting will be held Tuesday of next week at 2:30 PM in the home of Mrs. Mable Aven.

Two Hart Firms To Hold Formal Opening Sat.

Two Hart business firms will hold formal opening Saturday. They are Hendrix Motor Service and Farmers Insurance. Hendrix Motor Service is operated by George Hendrix and Farmers Insurance by Joe Newman. Free coffee and doughnuts and door prizes will highlight the open house. The firms are located in the same building which is next door to Casey Jones Drug.

Nanny Farm Folk See Slides On Oriental Tour

Residents of the Nanny Farms recently saw slide projections of Mrs. Ralph Perry's trip to the Orient. The slides were shown at the annual Nanny Farms basket supper at Hart Legion Hall. Nanny Farms are located east of Hart. Mrs. Perry is the owner. Fourteen families now live on the farms. Families attending the supper were Mr. and Mrs. Vernon Mapp, Theron Morrison, F. L. Bass, Jr., F. L. Bass, Sr., Arthur Cheves, Everett Heller, E. H. Bowden, Raymond Anderson, J. D. Rodgers, Earl Rambo, Charles Martin, Lee Jones, Albert Jones and Mrs. Perry and daughter, Linton.

February 6—Basketball game with Happy, at Hart at 7:00 PM.

A privilege we Americans have that so many countries are denied is the act of voting. To vote we must have paid our poll tax. If you have not, please go to Dimmitt, if you live in Castro County, and do so. There will be some important elections held this spring in Hart and our school district that YOU should be deeply INTERESTED IN.

This is YOUR CITY and SCHOOL. Have enough PRIDE in the GROWTH and PROGRESS to HAVE A VOICE when election time comes. Your POLL TAX will only cost \$1.75 and is worth many times more. It must be paid this month.

Here is the delicious cake recipe I promised you last week. Mrs. Theron Morrison gave us a cake and I then called her for the recipe.

Cream 2 cups of sugar and 1 cup shortening, add 2 teaspoon lemon extract beating all the time. Add 6 eggs, one at a time and continue beating. Sift 2 scant cups flour and 1/2 teaspoon salt and gradually add to cream mixture beat at high speed and bake in a tube pan 1 hour at 350 degree. No icing is necessary.

I have missed seeing Mrs. O. D. Dinwiddie around town for almost four months and I am sure you have also. She has missed such a few days in going to the hospital in Plainview to be with her mother-in-law, who is and has been so ill. The love and care Sue is bestowing on Mother Dinwiddie reminds me of the Bible story in the Book of Ruth, about the great love Ruth had for Naomi, her mother-in-law. We are always repaid so many times for our kindness to our fellowman. And am sure if Mother Dinwiddie had a daughter it would be impossible to give her more love, kindness and devotion than her daughter-in-law, Sue, does.

More new buildings for Hart. There are soon to be four new business buildings. One has been started now just north of the barber shop and there are some new houses being built across from the Benight home.

Joe Newman and George Hendrix will have a formal opening of their new businesses Saturday. Go by and see them and congratulate them. Then buy something in HART from OUR HART MERCHANTS. If tragedy strikes in your home do the business people from other towns help or console you in your trial?

Not knocking on other towns, JUST TRYING TO make YOU realize the importance of building OUR TOWN. When you spend

Willis A. Hawkins, Sr. Gets Hart's Top Award

Hart's first annual "Man of the Year" award went to Willis A. Hawkins, Sr., but the inscription on the plaque with which he was presented Monday night might well have read, "Man of the Decade."

The award was made by Hart Lions Club at its weekly luncheon meeting in Legion Hall. Making the presentation on behalf of the club was Rev. Lyman Wood, pastor of Hart Methodist Church.

In making the presentation, Rev. Wood enumerated some of Mr. Hawkins' achievements for the benefit of his community during the past few years.

Mr. Hawkins received the Texas Bank and Trust Company award in 1952 for being Farmer of the Year in Soil Conservation, Running Water District, Zone 1.

In 1956 he helped organize and incorporate the city of Hart and is now serving as the town's first mayor. In 1957 he helped organize Hart's first bank and is now serving as the chairman of its board.

In 1958 he was instrumental in getting a doctor to locate in Hart—first doctor in the town's history. He helped to bring a drug store to town and helped to organize Hart's first fire department.

He planned and had the new Hart city hall and fire station built and was instrumental in bringing about the paving and guttering of three of Hart's busiest streets.

He helped in the installation of city water at Hart cemetery and was one of the leaders in purchase by the city of its own water system.

Among other things, Mr. Hawkins is a past president and member of Hart school board. He helped to organize the High Plains Underground Water District. He served as the first soil conservation district supervisor in Castro County.

He is an active member of Hart First Methodist Church and Hart Lions Club.

Mr. Hawkins has been ably assisted in his career. Mrs. Hawkins is one of the most active civic workers in Hart and one of the most beloved women leaders in Castro County.

Hart Oil Co. Sponsoring Cage Team

Hart Oil Company is sponsoring a adult basketball team which has joined the basketball league of Lubbock.

Games are Monday nights and Saturday nights. They defeated Morton last Monday night 73 to 60 and trimmed Nazareth 96 to 61 last Saturday night. The public is invited to attend the games.

Players for Hart include Clinton Holloman, Henry Hill, Thurman Clay, Donald Featherston, Leon Mitchell, Johnnie Hindman, Bill Rich, Lloyd Davis, Joe Hart and Tony Smitherman.

your money elsewhere can you truthfully say OUR TOWN, or should you say YOUR TOWN?

There were 169 folk who registered at the TIP TOP CAFE, west of Hart on Sunday when they had their formal opening. Mrs. Earl Hacker, better known as "Fluff" is owner of the cafe. Is real nice. Go have a cup of COFFEE sometime with her or try a home cooked meal.

Hart Cagers Drop Two Tilts To Happy Team

Hart boys and girls basketball teams dropped two games to Happy Tuesday of last week.

Happy boys squeaked by the Longhorns 58 to 57. The Cowboys came from behind in the last three minutes.

In the girls game, the talented defense of the Happy Cowgirls proved too much for the Hart team. Happy won 30 to 21. It was the Hart girls' first conference loss.

Hart defeated both boys and

girls at Nazareth Friday night.

Led by Ronnie Farris, the boys won by a comfortable 53 to 32 margin. Farris scored 25 Longhorn points.

In the girls game, some outstanding defensive work by Hart guards held the Nazareth girls so closely that they never posed a threat. Hart won handily, 49 to 31.

Hart girls now have two wins and one loss and the boys have a single win and two losses.

OHS Freshmen Win Over Hart

Olton's freshman cage team tripped Hart 49 to 43 Friday night. It was Hart's first freshman game of the season.

Hart FFA Boys Win Banner In Tulia Contest

Hart FFA boys took top award in the first annual Tulia grass judging contest.

Nine teams were entered. Hart's team was made up of Jack Witten, Larry Lee, Eufimio Rubalcaba and David Irlbeck. The team scored 1093 1/2 points of a possible 1200. Rubalcaba was third high individual in the contest.

This was the first such banner ever won by Hart FFA. The team was honored at a special school assembly. Lanny Tucker, instructor, trained the team.

Kenneth Warren Is Promoted To Asst. Cashier

Kenneth Warren has been named assistant cashier of Farmers State Bank at Hart.

Mr. Warren's promotion came at a recent meeting of the bank's board of directors.

Kenneth is a graduate of Hart High School and attended business college in Plainview. He has completed a year of study offered by the American Institute of Banking.

MISS FARRIS BECOMES BRIDE IN AMARILLO CEREMONIES SATURDAY

The home of Rev. Hardy Stevens, Dean of Amarillo College of Amarillo, was the scene Saturday afternoon of the marriage of Miss Peggie Farris and Gary Cleaver. Rev. Stevens officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. L. W. Farris of Hart and Mr. and Mrs. D. L. Cleaver of Dimmitt.

Vows were exchanged before a fireplace decorated with pastel chrysanthemums and gladioli, branched candelabra, and potted palms.

Miss Fran Featherston was pianist and Misses Erma Jordan and Barbara Waggoner, nursing school classmates of Miss Farris, completed the trio, which sang "Whither Thou Goest" and "True Love."

The bride was attired in a princess style dress of antique white

brocade fashioned with a scooped neckline and a matching duster. She wore a white hat and carried a bouquet of white carnations.

Miss Gayle Lemons of Amarillo was maid of honor. She wore a gray suit and carried a bouquet of pink carnations. Ronnie Farris, brother of the bride, served as best man.

Mrs. Cleaver was graduated from Hart High School in 1957 and is in nurse's training at Northwest Texas Hospital in Amarillo. Mr. Cleaver was graduated from Dimmitt High School in 1958 and is employed by Autry's Printing Shop in Amarillo. He attends Draughn's Business College.

Miss Ella Jobe Is Honoree At Nuptial Tea

Miss Ella Lou Jobe, bride-elect of Dennis Pierce, was honored with a nuptial tea Friday of last week in the home of Mrs. Jimmie Ray Davis.

Registering the guests was Mrs. Floyd Light. The table was adorned with pink lace tablecloth with pink and white centerpiece and a bride and groom. Pink candles accentuated the decorations.

Napkins were pink and the cake was white.

Serving were Mesdames H. C. Davis, Weldon Davis and Jim Brooks.

Gift of the hostesses was a bedspread. Special guests were Mesdames Bid Oler, Happy; Joe Vaughn and Charles Hardy, both of Tullia and Frank Brown, Amarillo.

Hostesses were Mesdames Jimmy Ray Davis, H. C. Davis, Weldon Davis, Floyd Light and Jim Brooks.

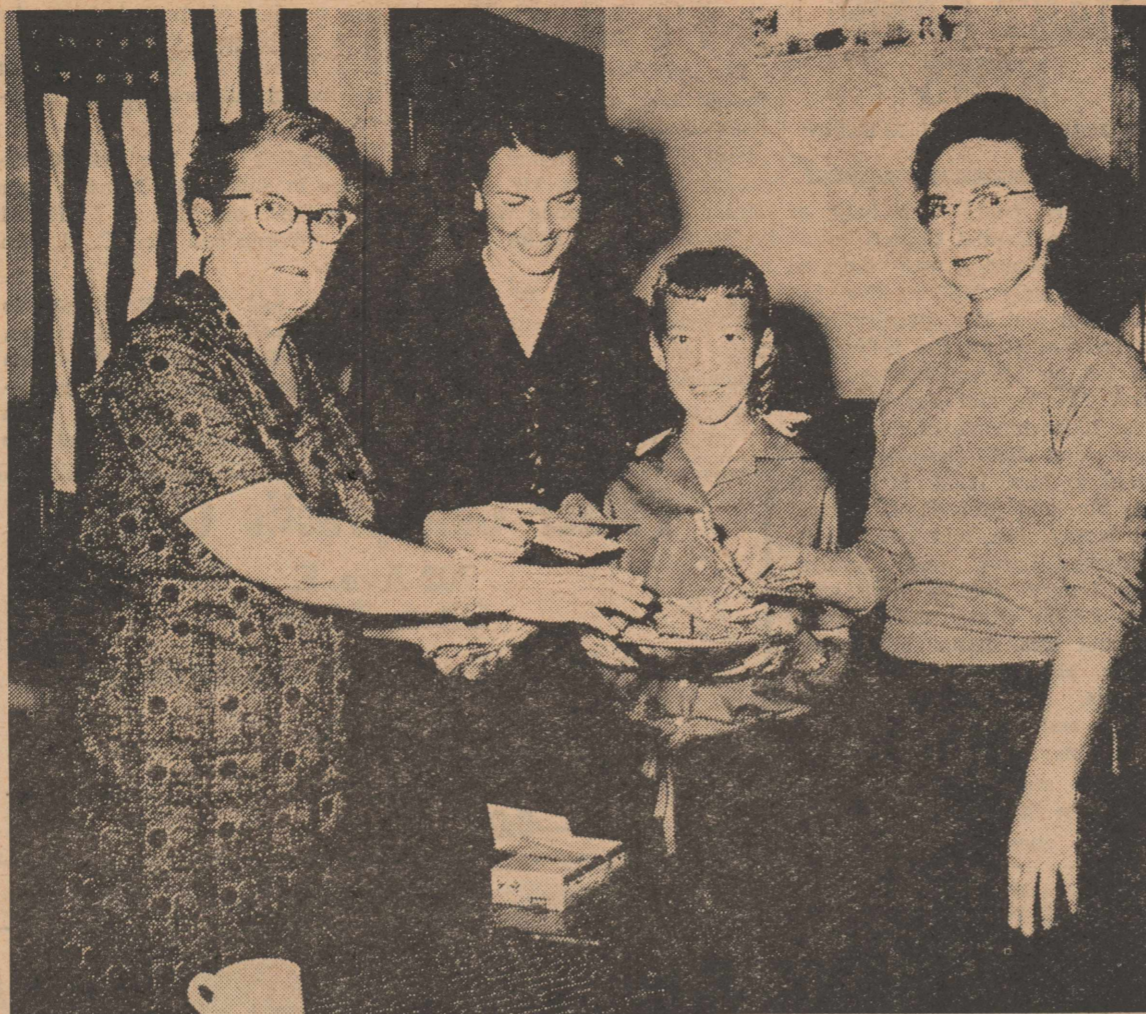

Husbands Are Guests At "42" Party Friday

Members of Dorcas Sunday School class of Hart Baptist Church entertained their husbands with a "42" party Friday night in the home of Mr. and Mrs. H. E. Loman.

Present were Messrs and Mesdames H. E. Newman, J. J. Newman, Roy Futrell, Frank Sanders, Casey Jones, Mrs. Nora Ray, Miss Lillian Dalrymple, Ernest Martin and Mr. and Mrs. Loman. Refreshments were served.

MUSTANG TALE

By Gayle McAnally

Well, what did you all think of the semester tests? Quite a novelty in most of your lives, wasn't it, as most students had been exempt prior to this year? Don't worry if

you did bad this time . . . you'll get another chance at the end of this semester. Aren't you glad?

OHS has three new students. They are Wynona Cox, junior; Tommy Green, sophomore; and Jimmy Teal, freshman.

Saturday night daters were Freddie Riney, Juanelle Andrew; Thomas Brooks, Shirley Venable;

Bob Bowden, Charlene Taylor; Jimmy Robbins, Gayle McAnally; T. J. Smith, Joyce Gray.

I. A. Webb, Janice Campbell; Don Hardy, Gayle Machen; Harlan Carson, Sue Witten; Butch Hulsey, Joyce Curtis; Freddie Gordon, Judith Chester; Kenneth Prestridge, Lana Hair; Winfred Hair, Ronda Robertson.

Somehow, I always figured that Elza Miller just had to be a great Romeo. Now, I'm convinced that there is something to this idea. Reason: Elza dated Phyllis Hair Saturday night, Marilyn Young Sunday night, and Wanda Traylor Friday night. See what I mean?

Doyle Eubanks and Barbara Gray were around Olton Monday night. Heard someone say that Doyle has a new car.

OHS is sorry to see Marilyn Young leaving its folds. We'll miss her, and we also hope that it won't be too long before she is back to see us.

QUESTIONS: Does Jerry Meyer have a new car (new to him)? . . . Same thing applies to Gary Lawson? . . . Who have we been seeing Jo Ann Lawson with? . . . Whose ring is Renee Givens wearing on a chain around her neck?

Sunday evening couples were Thomas Brooks, Shirley Venable; L. H. McAdams, Donna Whittington; Winfred Hair, Ronda Robertson; Royce Bodkin, Kay Gregory.

Don Hardy, Gayle Machen; Jimmy Robbins, Gayle McAnally; Pat LaFrance, Dewey Hukill; Harlan Carson, Sue Witten; Jerry Edmonson, Judy Laceywell.

Hayden Hankins is now driving a white '59 Ford Galaxy convertible. The top is turquoise. The lovely car is a gift from his parents.

Congrats to those FFA boys who won in the Amarillo Stock Show. It's nearly time for Olton's own show though, isn't it?

Here's just a few couples for Sunday night: Jerry Edmonson, Judy Laceywell; Lennon Young, Linda Kemp; Marion Green, Jean Williams; Butch Hulsey, Joyce Curtis; Freddie Gordon, Judith Chester.

Butch Hatley and Ellen Jones were together one night this past week.

Are Hal and Buddy Nicholson still visiting Earth and Springlake? I couldn't find the Earth paper this week.

CARD OF THANKS

We wish to thank the doctors and nurses at the hospital for the deeds of kindness shown us during our illness while in Olton. We especially want to thank each and everyone of the many friends for the cards, flowers and visits. May God bless each of you.
Mr. and Mrs. O. R. Culwell, Sr., Childress, Texas

HART CAMP NEWS

BY MRS. BLANTON MARTIN

A family party was held at Hart Camp Baptist Church Saturday night. Games were directed by Mrs. Junior Muller, Mrs. Edwin Oliver and Mrs. Blanton Martin. Recreation for the youngsters was led by Shirley Leonard, Suzanne Martin and Jerolyn Timmins. Refreshments of doughnuts, coffee and hot chocolate were served to Mrs. R. S. Moore and Fae, Mr. and Mrs. R. L. Howell and family, Mr. and Mrs. C. E. Timmins, Larry and Jerolyn, Mrs. Dewey Parkey and sons, Mrs. Edwin Oliver and Kerwin, Mr. and Mrs. Junior Muller and family, Mrs. Blanton Martin and Suzanne, Mrs. D. R. Leonard, Shirley and Brenda, Freddie and Gene Riney.

Danny and Timothy Sageser have been ill recently. Dinner guests last Sunday in

the Don Muller home were their parents, Mr. and Mrs. Bruce Porcher of Littlefield, and Mr. and Mrs. J. C. Muller, Hart Camp.

Mr. and Mrs. Abraham Farr moved last week to their new home in Littlefield.

Paul Worley is home on leave visiting his parents, Mr. and Mrs. Homer Worley. Young Worley will be stationed in Alaska after his furlough.

Mr. and Mrs. K. W. Mahaffey and Barbara visited with their children in Carlsbad over the weekend.

Mr. and Mrs. J. C. Muller are the owners of a new Pontiac.

Mr. and Mrs. Blanton Martin and Suzanne went to Slaton Sunday to visit Martin's father, who is in the hospital there. Mrs. Martin's father, A. F. Davies spent the day in Lubbock with his brother.

Attending the Workers' Conference in Sudan last Monday night were Rev. and Mrs. R. L. Howell and children and Mrs. C. E. Timmins.

Mr. and Mrs. Roy Hollums entertained their grandchildren, Robin, Royce and Randy Green over the weekend. The youngsters' parents came out from Lubbock Sunday to spend the

day. Other guests of the Hollums Sunday were Mr. and Mrs. Walter Hollums and Mike of Floydada, and the Joe Boozers of Dimmitt.

RETURNS HOME
Billy Carson has returned home from Methodist Hospital, Lubbock, and is doing fine after undergoing surgery.

Good Cotton Demands Good Seed

The seed you plant for your 1959 cotton crop will be vitally important—more important than in many years. In 1958, there just wasn't enough healthy cotton seed with a high germination. With a year behind us, when LEAF BLIGHT took such a toll by lowering so many grades—why gamble?

Plant Only Wet Acid Delinted Cotton Seed

Wet Acid Delinted Cotton Seed can be depended upon to put more money in your pocket year after year. That's why each year more and more Wet Acid Delinted Seed are planted.

Plantmaster Seeds—State Certified and Non-Certified—in practically all varieties are available.

REAL ESTATE

80 acres irrigated land located in Rio Grande Valley. 37 acres cotton allotment. Nice Five-room modern house. Large implement shed. Also tenant house. Half minerals. Owner has lease privileges. All land level and clean. Four private gates out of main channel. This is priced to sell.

It is all citrus land and will make a big profit if put to citrus trees. Owner lives in this part of Texas. After living there 15 years, he was forced to leave the valley because of his wife's health. He would like to make a trade for property here. If you are interested get in touch with me.

Also have a fine motel located on Highway 66 for trade. This motel is real modern and good money maker.

Have a good 225 acre farm in Olton territory priced at \$210 per acre. Excellent well. Large barn. Modern four-room house. Half minerals. \$13,800 down payment.

List your farm with me if you want to sell—I have buyers every day.
