NO. 40.

**HARRY COOK BURIED.**

Maj. McManis returned Saturday with Harry Cook's body, and same was interred in the Baird cemetery. The statement of the physician who attended him is that Harry died of an acute form of Bright's disease. He was only sick ten days. It is hard to realize that Harry Cook, who only a few weeks ago left Baird apparently in the best of health, should so soon pass away.

Harry Cook was practically raised in Baird, coming here when a boy with his father, Jas. Cook, deceased. His mother is in Michigan and could not be present at the interment of her son.

In 1888 Harry worked on The Star with Mr. W. H. Lotz, who had charge of the job department at that time. We never had a more genial, high-toned, honorable, manly, young man in the office, never a cross word, but always of a cheery disposition, it was natural that he should have friends wherever he went. He married Miss Nina Bunnell, of Cisco in 1894, and later moved to Houston where he succeeded well in business for a time, but afterwards met with reverses.

He returned to Baird after his father's death last year, and last June he went to Fort Worth where he secured a position in a drug store, where he worked up to the time of his death. Maj. McManis says his employers spoke in the highest terms of him. Mrs. Cook remained in Baird until about ten days before Harry's death, when she went to Fort Worth and was with him when he died.

This genial, wholesome man died ere he had reached the meridian of life, and when according to the allotted time of man he should have been in the enjoyment of the full vigor of physical manhood, and it is hard to realize that he is no more. Peace to his ashes.

**ADIRAL DOTS.**

Aug. 30.—Dry weather. Cotton not as good as last year, and with the shortage in acres will make the crop at least 30 per cent short of last year. Lots of Mexican boll weevil.

J. O. Tucker came down a few days ago after Mrs. Tucker.

One protracted meeting came to a close last week as Bro. Mayes was called home over the phone. The meeting was a success. Six joined by baptism, six by letter and several conversions that did not join.

Cotton picking has begun. Stubble breaking is progressing to some extent. Mrs. Jones, wife of J. C. Jones, is suffering with heart trouble.

I think I can hear bells ringing. Is it wedding bells? No, some say it is Dunlap's harness bells. Nevertheless cupid shot an arrow through the heart of a gentleman at the protracted meeting, and I think he was no young man either. How it will end I can't tell.

B. F. Barnard happened to rather a serious accident Saturday while roneing his binder. He got two of his fingers caught between the chain and sprocket wheel and tore them up considerably.

Maj. Summers' mansion is about completed.

Marvin Terry, of Lubbock county, who left those parts about 11 months ago, returned last Tuesday to spend a few days with the home folks, M. M. Terry and family.

LATER.—It rained last night to a finish. Deep Creek is out of the banks. River over.

**CITY COUNCIL.**

The City Council met in regular session last Monday night. Aldermen J. B. Say and W. C. Whitley both tendered their resignations which were received.

The Council decided to erect a fire station somewhere on Market street.

Nothing was done regard to a stand pipe. From what we can gather from the board they favor putting in a reservoir up on the hill.

**YOUNG MOTHERS.**

Creep is the terror of thousands of young mothers because its outbreak is so agonizing and frequently fatal. Sillib's Cough and Consumption Cures sets like magic in cases of Croup. It has never been known to fail. The worst cases relieved immediately. Price 25 cts., 50 cts. and \$1.00. B. J. Phillips, May 1.

**MANY A LOVER.**

Has turned with disgust from an otherwise lovely girl with an offensive breath. Kart's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cts., 50 cts. B. Phillips, May 1.

J. M. Tucker, of Pittman, came up Phillips, Sunday evening.

**BURNT BRANCH NOTES.**

Aug. 30.—This is the ideal part of the free state of Callahan where the grasshopper thrives and flourishes on the fat of the land. Wish we could export as food for our special friends, the Celestial Chinamen, and as an extra ration for their army, think it would help their fighting, or at least their hopping qualities. They will beat Harry Old's practice dog racket all hollow. Laying all jokes aside, they have greatly damaged crops in some localities, here both corn and cotton, and even the inevitable case of sorghum. With all this and other drawbacks, crops are very good. The granger will raise enough corn for home consumption, and some to spare, and I think on a reasonable estimate cotton on most farms will average about one-half bale to the acre. Very good I think for the dark corner of Callahan.

A good rain at this time would be highly appreciated, and it would help the growing crops, and greatly benefit the grass.

We have the best crop of mosquito beans I ever saw since in the county. They have been "quite a while" there has been no grain as yet threshed in this immediate vicinity, but what little there is will turn out very well, and will be a great help to the fortunate owners.

There has been some good work done on the Cross Plats and Baird road, via this section, in the way of claying the same, and placing it in a passable condition, but there is still room for more improvement on all the roads. Commissioner Houston in connection with the Hon. Commissioners Court of this county deserve the thanks of the people, and I assure them they have mine.

This Commissioner's business is no political affair and should be so viewed by the voters of this precinct, at least that is the opinion of your correspondent, and every man is entitled to his opinion on these vital subjects, you know.

The Prairie Schooner still plows its way westward. Some returning, hav-

ing already explored the far and "honey West." All are or have been on the hunt of cheap lands, and especially School Land. These Cheap John books gotten up at Austin and elsewhere, telling the dear people the exact location of all the School Land of the State, and all for 25c to a dollar, has caused a great flurry indeed, but we must "live and learn."

Enough.

JUAN.

Since writing the above that good rain has come, with thanks, and things generally have the appearance of a May morning.

**WEST TEXAS FAIR.**

The first day of the West Texas Fair, Sept. 25th, is Children's Day. Special low rates to school children to Abilene and return at 1 cent per mile each way, and will run special trains from Fort Worth to arrive at 11 a. m. and leave at 1 p. m. returning and from Big Springs arriving at 5:30 a. m. leaves at 7 p. m. same day. The exceedingly low rate offered by the railroad gives you an opportunity to come and bring your children and spend a pleasant time at the Fair. The two large buildings nearing completion on the Fair grounds give ample room for the large exhibits to be made by the different counties. The best exhibit of agricultural products ever made in the State will be seen at the Fair this year. You must not fail to go and see the Fair.

**DIED.**

Mr. G. P. Johnson who has been confined in the insane asylum at Austin for several years, died last week. Mr. Johnson was among the first settlers in Baird. He was first sent to the asylum from here in 1883, was discharged after a time and returned home, where he remained for several years, but he was sent back to the asylum about five or six years ago, where he remained until his death.

Dr. John M. Rumph, of Erath county, came in Wednesday, and went out to Tecumseh Wednesday evening.

FOR DEMOCRATS.

Senator Wellington of Maryland is to Support Bryan.

NEBRASKA ENTERS THE RING

And is Indefatigably Received Tells All About the Debut of His Old Field, and Takes Throat.

Cumberland, Md., Sept. 5.—At the opening of the Democratic campaign for Maryland and West Virginia here Tuesday night, Hon. W. J. Bryan and United States Senator Wellington, who was elected as a Republican, appeared on the same platform. Both were in good voice. Senator Wellington's speech, read from manuscript, marked his formal renunciation of party ties on account of the issues growing out of the war with Spain.

Mr. Bryan spoke without notes. The journal had an abstract one covering, including the trip from Chicago, about twenty-four hours, but he spoke with his customary vigor.

During the evening Mr. Bryan made a number of brief addresses from the train platform.

The train was boarded at Benwood in the event of the crossing of the river about noon by a committee to receive him. Mr. Bryan found Col. J. T. McGraw, Democratic national committee member from his state.

Beginning at the residence of Col. J. V. Baughman, the personal representative of Senator Gordon, national committee member from his state.

Beginning at the residence of Mr. Bryan spoke in succession at Cameron, Manassas, Falmouth, Garson, Deer Park and Piedmont. He also made very brief remarks at a few other places.

At Cameron he referred especially to the Republican plea of propriety, saying that the workingman's party was not a "full dinner pail," but was much more besides. He charged significantly that the coat of articles necessary to the existence and comfort of the workingman had been put out of proportion to the increased price of labor.

During the day Mr. Bryan's attention was called to an extract from a New York Republican newspaper saying that Mr. Bryan had made more money out of the oil crop raised on his Chocoma farm in the present season than the entire farm had cost him, putting the result at \$1400 on 120 acres of land.

Commenting upon the statement Mr. Bryan said:

"The entire farm contains only 30 acres, and cost me nearly \$1000, all cash, and the land is not worth that much today. Instead of having 120 acres in oats I had only five acres, and the oats have not yet been thrashed, but they will hardly yield forty bushels to the acre. Oats, instead of being 20c a bushel in Nebraska are worth 21c in Chicago. My oat crop will not bring me over \$100."

The Republican paper says my farm to illustrate the prosperous condition of the farmer. If my experience is a fair illustration of what is going on in the country it is not strange that the Republican party is losing votes among the agricultural class."

The assessment of Bryan's country. The assessment shows a decrease in numbers of horses, owing to the great number sent to South Africa.

Annual Publishing. Charlotte, N. C., Sept. 5.—At a wheat thrashing near Long's store, in Union county, Dr. S. J. Love, his mother, brother and sister by a woman which is believed to have been placed in the dinner with murderous intent. Dr. Love died within three hours. All the other victims are alive, but very feeble.

The assessment of Bryan's country. The assessment shows a decrease in numbers of horses, owing to the great number sent to South Africa.

Probable Majority. Little Rock, Ark., Sept. 5.—Returns have been received from forty of the twenty-five counties and they give 26,750 votes for the Democratic candidate, 20,000 majority over Remmel, Republican, for governor. The Republican leaders claimed Remmel's victory 6000, but they are not satisfied with the 40,000. Thus far Remmel has carried a single county, but two are certain for him. Democratic leaders estimate Davis' majority at 15,000.

Good Effect. Paris, Sept. 5.—The French consul at Canton, under date of Monday, Sept. 5, cables that the French garrison Canton has returned to Canton. He adds that his trip to Swatow has had a good effect on the Chinese, and that the Chinese are spreading in the region north of Kowloon Town. The consul also reports that the French garrison was at Pat Kong, 100 kilometers from Canton.

POSITION UNCHANGED.

It Russia Withdraws Troops Uncle Sam Will Follow Suit.

Washington, Sept. 5.—A very interesting dispatch was received Tuesday from Gen. Chaffee at the war department. It described the military situation on an important subdivision and would have been of greater value but for the omission common to all the official dispatches from China, namely, the date of the news.

However, taking into consideration the fact that a cablegram was received by the state department Tuesday dated five days ago from Gen. Chaffee, the conclusion was reached that Gen. Chaffee's dispatch was also sent from Pekin about Aug. 29 or 30. Gen. Chaffee asks a very important question as to the withdrawal of the American troops. The answer to that question, it is said, might have been found in the state department's answer to the Russian evacuation proposition. But that answer, or rather a synopsis to it, was not called for by Gen. Chaffee.

The American answer to the Russian proposal was made public it was stated here that Gen. Chaffee would have been instructed some time before by telegraph just what course to pursue in the matter of retiring from Pekin in the event of the evacuation of the city.

It is stated that Gen. Chaffee to leave Pekin as the Russian withdrawal of troops from the city in fact it would seem that the war department is not able to instruct him more specifically on this point until the decision of the power that is to be general evacuation is known. It was stated at the war department that our position was unchanged; if Russia withdraws her troops Gen. Chaffee will do the same. Meanwhile, it is gathered that conditions in China are still unsettled and foreign leg and property are still unsafe.

Oppose the Law. Detroit, Mich., Sept. 5.—That the new law providing forty-eight hours work for letter-carriers in the city of Detroit was called to a vote in favor of a majority of the letter-carriers was shown in the eleventh annual convention of the National Association of Letter-Carriers. In a brief speech Delegate William Coombs of New York, after pointing to the loyalty to the service and willingness of the carrier to conform to regulations under all circumstances, declared that "90 out of every 100 letter-carriers of the United States deplore the forty-eight-hour law and know that any law which is an infringement on our older eight-hour law will never be satisfactory to the letter-carrier."

A Protest. New York, Sept. 5.—Rev. R. W. Duff of the Methodist Episcopal Missionary society received the following cablegram from Shanghai Tuesday, signed "Central China."

"Protest government against evacuation Pekin and recognition Li Hsiang Chang. Both disastrous to missions."

Robt. E. Speer of the Presbyterian board of foreign missions, in a brief speech of letters from Presbyterian missionaries in China Tuesday.

The Chicagoan legislature is in session. Hearing Sentence. Kansas City, Mo., Sept. 5.—Albert G. Robert was taken to Jefferson City to serve three years and six months for eluding money sent him by profession. Last March Robert borrowed \$12,000 from the Bares Livestock Commission company, giving security on a mortgage on cattle that did not belong to him. Robert fled from the Indian Territory after securing the money. He went to Canada and deposited \$2000, which was recovered.

Little Rock, Ark., Sept. 4.—Returns show that the reported large vote, both Democratic and Republican, did not materialize. The reported vote in larger number than usual, but that will vary by result. Remmel (Rep.) expected to carry his (Polak) county on account of the personal objection to Davis, the Democratic nominee, but he has fallen several hundred short of four years ago.

From Tien Tsin. Tien Tsin, Sept. 4.—Three members of the Tung Hsiang, he is said here, are seeking to negotiate with the Chinese. Mr. Robert, the director of the Chinese imperial customs.

There are four daily trains from Tien Tsin to Yankin. Shaking of a small Japanese steamer interrupts river communication between Tien Tsin and Yankin.

BOTH ADDRESSED

The Labor Day Celebration at the City of Chicago.

RYAN AND ROOSEVELT DINE

Together at the Auditorium Hotel; Gen. Roosevelt Had a Recess Escape From Being Inebriated.

Chicago, Ill., Sept. 4.—Theodore Roosevelt and William J. Bryan spent a busy day Monday, reviewing the parade, pushing their way through crowded hotel corridors, grasping outstretched hands, bowing to the cheers of crowds along the street, and finally speaking at speaking at Electric park, before the people.

The crowds of people, anxious to see both candidates, were most insistent. Gen. Roosevelt had one narrow escape from an experience like Lieut. Hobson's. It was on his arrival at Electric park. The police made a narrow lane through the crowds and the governor proceeded slowly, shaking hands right and left, but unable to reach one-tenth of the outstretched hands. The women, who could not grasp his hands, or wrist, patted him on the head just as they would have done their sons returning to them from some field of conquest or setting out upon some noble undertaking.

Five young women tried to detain him, and one attempted to throw her arms about his neck. The governor, however, he left and broke through furiously. He escaped "the embrace, and the crowd cheered, sweeping him on, buffeting him like a cork in a sea of people, and shouting, whooping, yelling, waving hats, handkerchiefs and canes.

After reviewing the parade from the dining-room, the governor went to the dining-room, the Auditorium and took luncheon, the other members of the party, including William J. Bryan, Senator Mason, Samuel Alchuler, Richard Yates, Mayor Harrison, G. Stewart, H. P. O'Donnell, J. J. Kennedy, C. W. Woodcock, M. J. Ryan, James Day and E. L. Davis.

After lunch the governor was driven to Electric park, where he spoke and shook hands with several thousand people. He left for the east at 5:30 p. m.

From the time Mr. Bryan appeared in the parlors of the Auditorium hotel at 10:30 in the morning till he appeared at night at 8 o'clock for Cumberland, Md., he never had a moment that he could call his own. Hundreds of admirers called on him to remain in the city, and he was surrounded by them in his boyhood, or simply to see what manner of man the presidential nominee was. The fact that he was the kind to which the Nebraska is accustomed, so apparently he was not affected physically by it. On the reviewing stand he was harrassed, but for a light overcoat over a coat.

For three hours he waved his hand, smiled and smiled at the passing column of admirers. He was surrounded by great crowds of people, but the police made a way for him to enter an ambulance.

Both speakers were warmly received. Col. Roosevelt spoke first, in accordance with previous arrangements. Mr. Bryan followed, speaking on an account of his (Polak) county on account of the personal objection to Davis, the Democratic nominee, but he has fallen several hundred short of four years ago.

From MacArthur. Washington, Sept. 4.—The war department Monday received the following dispatch from Gen. MacArthur: Manila, Sept. 5.—Adjutant General, Washington: Gen. Hughes reported an outbreak in Hobei. First lieutenant reports an engagement near Karman, Hobei; our loss one killed, six wounded, enemy's loss killed 120. Have not received further details. MACARTHUR.

DATESLESS DISPATCH.

Another One From Minister Cough: Has Been Received.

Washington, Sept. 4.—A dispatch from Minister Cough was received by the state department Monday. It was chiefly interesting in being the first word from him since his dispatch of Monday, Sept. 3, referring to the proposed parade of troops through the imperial park in Pekin. Like that dispatch it is dateless as to Pekin, but contains the following: "It was stated that it continued nothing materially changing the situation. The lack of date led to the determination to take energetic steps by which all dispatches hereafter coming to the department from China will have the date clearly stated."

Two other dispatches received from China referred to the state of health of the troops, which generally is satisfactory. It cannot be learned that there has been any marked advancement in his negotiations between the powers touching the withdrawal of the international forces from Pekin. The plain indication is that the powers are continuing upon the information conveyed in the last note of the state department and are bringing all their influence to bear upon the state to induce a change her mind in regard to withdrawing her troops. For some reason the authorities here appear to feel a great significance that the proposition is being advanced by the powers to withdraw the troops to Pekin as the acting head of the Chinese government. The progress of this wave of reorganization within the international troops still in Pekin, promises speedily to provide an actual de facto government with which the nations may solve the question in a fair way to settlement which may depend upon the attitude of Russia and the manner in which she withdraws her troops from the city, as it may be proved to be a test of the sincerity of her expressed desire to deal with the Chinese government on any basis as possible. Dr. Hill, assistant secretary of state, has assumed to Washington and has returned the duties of acting head of the state department following Mr. Adee, who has performed these duties during the perplexing diplomatic exchanges of recent date. Soon after arriving he met the president, who spent half an hour with the president, going over the present status of the Chinese question, which he will be conferred at length with Mr. Adee. From this time on until Mr. Hay returns Dr. Hill will be the acting secretary of state.

Another dispatch from the chief surgeon at Taku, makes it appear that whatever the conditions may be on the land route between Taku and Peking, the Pei Ho river route, at least in open and safe for the transportation of passengers.

Washington, Sept. 4.—The war department Monday received the following cablegram from Maj. Perry of the medical corps commanding the hospital ship (H. S. P.)—Surgeon General, Washington: Rainwater reports 120 sick at the front and 200 in Tien Tsin. Many slightly ill. All wounded brought from the front are being treated in several cases. Launch and boats have returned. Plenty of supplies. All doing well. PHELLEY.

Victory. Victoria, B. C., Sept. 3.—The steamer Amur from the north brings a report of a disastrous fire which swept the town of Alton on Sunday last, practically wiping it out of existence. Ten of the largest and most important business blocks in the town were destroyed. Among the buildings destroyed were the British-American Corporation, the Lord Hamilton and Rider-Hagerman company and buildings owned by Nicholson, Ross, Anderson, Hirschfeld and Bridger.

Limbo. Lima, O., Sept. 3.—A crowd of men called themselves the Sons of Whitespace at 2 o'clock Sunday morning dragged Wm. Steel, an aged man, from his bed and subjected him to a most cruel flogging. There was no ascribed of his back that did not show signs of mutilation. It was claimed that Steel had been cruel to his wife. The police have the guilty person under surveillance and expect to soon arrest them.
