This shambles is what was left of the garage at the Eddie Moore home after it was struck by high wind Wednesday night. Night Officer David Maxey believes east Olton was hit by a tornado. (STAFF PHOTO)

## High Winds Cause Damage Wednesday Nite

High winds and what was described by some as a twister did extensive damage in east Olton Monday night.

The Dick Moss welding shop, a metal structure, was lifted off its foundation, turned around and moved several feet.

The Eddie Moore garage was smashed by the wind which roared into the city about 9 o'clock. Night Officer David Maxey said he was across town from the place where the damage was done but he could hear the roar of the wind.

He was convinced that Olton was victim of a small tornado. Firemen and officers kept watch on clouds until late Wednesday night.

Olton firechief Tom Smith was at home in north east Olton when the storm struck. He said he also heard the roar.

In addition to damage to buildings, the wind also tore loose several utility wires.

# City Council Faces Grave Problems As Year Begins

## HOW FUNNY WAS THE ELECTION?

We hope that what has happened in recent city politics will shame the people of Olton into doing something about it. A mayoralty election conducted in the farcical manner that marked our recent election certainly reflects no credit on our town.

We're going to agree with the man who said such a serious matter should not be treated as a joke.

Carl Hooper has publicly declared that his name was placed on the ballot in the recent election in jest. Mr. Hooper was indeed elected and now refuses to qualify. One can hardly blame him since he was an unwilling candidate in the first place.

However, the fact remains that Olton conducted an expensive special election and still does not have a mayor. We doubt that what has happened will be of any encouragement to anyone in putting his name on the city ballot in the future.

We could find ourselves without candidates for the places left vacant on the city council next April. What would be the town's plight if we should find ourselves suddenly without ANY city government. Do you think it couldn't happen?

WE CERTAINLY DON'T HAVE A MAYOR AT THE PRESENT TIME and the prospects for getting one are dim indeed. We could find ourselves in the same shape when we try to elect councilmen in April.

If Olton should be unable to elect a council next April, what effect do you think it would have on prospective business, industry and home building in this city? We do not think a town without a city government would be very inviting to people wanting to go into business or build a home.

WHAT CAN WE DO ABOUT IT? We can try to persuade some good men to seek city office with the promise that we will support them in their efforts for the town.

WE CAN QUIT ETERNALLY KNOCKING THOSE WHO ALREADY ARE DOING THEIR BEST IN CITY OFFICE. We can begin attending city council meetings, voicing our wishes to the council members themselves rather than losing our criticism as verbal poison on the streets.

WE BELIEVE A YEAR OF PROGRESS IS AHEAD FOR OLTON IF THE PEOPLE OF OLTON ARE READY FOR IT AND WANT IT.

## Hooper Makes Good Declaration Not To Serve As Olton's Mayor

City council members could count their official blessings on the fingers of one thumb as they met for the first time in the new decade Tuesday night.

Here are just a few of the problems facing the be-deviled city dads.

After going to the expense and trouble of holding a city election, the town still doesn't have a mayor. Mayor-elect Carl Hooper has flatly refused to qualify.

He won on a write-in in last week's special mayoralty election by an overwhelming majority. He said he never aspired to the office and simply would not take it.

He sent word to the council Tuesday night that he was ill and could not attend the meeting. City Attorney Gene Owen advised the council that it either must obtain a written statement from Mr. Hooper declaring that he will not qualify for the office or wait 30 days before calling a second special election.

In the meantime, Councilman A. D. Adams is acting as mayor pro tem. He presided over Tuesday night's meeting and there was talk that he may continue in the office until the regular election of city councilmen in April. If this course is taken, then the mayoralty election to choose a man to serve out the remaining year of D. Y. Ray's unexpired term will be held in conjunction with the regular election.

Those special elections cost the city from \$75.00 to \$100.00," declared Councilman Fred Thompson. "And the city just doesn't have any money to spare."

Law Suits  
The city also is faced with two lawsuits which are slated to come to trial within the next few weeks.

City Attorney Owen said the city's suit against H. L. Dennis is scheduled to come before District Judge E. A. Bills at 10 o'clock next Tuesday morning.

He said Dennis' attorneys have asked for a jury trial.

The city is seeking to force Mr. Dennis to move a building which the city contends was illegally placed in the city's fire zone.

The building is a metal structure. It was moved from a site on Main Street in the block just off Highway 70 in north Olton. It now is situated just across the street from the I. B. Holt home in the downtown area.

Martinez Case  
Owen also broke the news that the Lupe Martinez \$100,000.00 false arrest suit is set for trial Feb. 15. The city of Olton and former mayor D. Y. Ray are named in the suit which charges false arrest.

Martinez was arrested by Mayor Ray last May and subsequently was convicted on a vagrancy charge. The damage suit grew out of the arrest by the mayor.

Council members studied several applications for the job of city police but took no action.

The group heard an offer by Delwin Jones to pump away and use for irrigation purposes the water in the city lake at the south edge of town. The water there is desirable for its fertilizer content as city sewage is deposited there.

Jones asked for use of the water for a 10-year period. The city wants to give him the water for 5 years with preference in bidding for the water for 5 years after the initial period has elapsed.

In other action, the council approved an ordinance setting speed limits along the two highways going through town. The State Highway Department will erect appropriate signs.

## FIRST WIN AFTER LONG SLUMP

# Mustang Cagers Defeat Indians

Olton's Mustang basketball team won its first conference game since 1958 Tuesday night.

The Mustangs defeated Morton 43 to 36 in a contest that kept fans on their feet for four hard-fought quarters.

Olton played a man to man press which kept the Indians from Morton off balance throughout most of the game.

Gary Johnson and Robert Priest turned in fine jobs of ball handling. Priest and Wendell Scribner shone in taking rebounders. Priest accounted for nine while Scribner got eight.

Highpoint man was Gary Johnson with 12 points. Priest scored eight and Scribner scored seven. Coach Charlie Rand used every man on the squad.

Olton's weakest point was free throws.

Olton led 18 to 9 at the end of the first quarter, 26 to 20 at half time and 34 to 26 at the end of the third period.

Olton girls lost 58 to 36 in their game with the Morton girls. Jeanavon Harper was Olton's highpointer with 13 points to her credit. Bobbie Campbell was second high with eight points. Cliff

ford Curry coaches the girls team.

"It was a fine exciting game which gave fans their money's worth," declared Coach Rand.

Olton boys and girls meet Lockney here in another set of conference bouts Friday night. The girls play at 7 o'clock and the boys at 8 o'clock.

## Joe Whitaker Remains On Critical List

Condition of Joe Whitaker, victim of a feed mill accident, remained critical in Methodist Hospital at Lubbock this week.

"There's nothing good to report," a friend said sadly at the hospital Thursday morning. The young former Air Force officer underwent brain surgery Tuesday morning.

Joe has had several blood transfusions. Anyone wishing to give blood for him may do so at Southwest Blood Bank at 415 Avenue R in Lubbock. The blood bank phone number is PO3-9662.

## Archie May Heads Olton Shetland Club

Archie May has been named president of the Olton Shetland Pony Club.

Mr. May has been a resident of the Olton community for a number of years. He operates May Pony Farm near here.

Other officers named include W. B. Dickenson, Jr., vice-president; and Raymond "Cotton" Lewis, secretary-treasurer. The club is making plans to participate in the Littlefield Shetland pony show in Littlefield in March.

## MORE THAN 100 HEAR SPEAKERS

# Soil Fertility Meet Has Good Turnout

More than 100 persons heard seven speakers talk on soil fertility here Monday night.

Farmers and merchants packed the study hall at the high school to hear soil experts speak on various phases of soil fertility.

The program was presented by Bill Kimbrough, Lamb County agricultural agent.

Ben Spears, extension agronomist from A&M College, gave some reasons for an intensified soil fertility program.

Lamar Aten, Lamb County Agricultural Stabilization office manager, discussed the A and B cotton allotment plans. Mr. Aten has agreed to provide a detailed story on these plans for The Olton Enterprise.

Harvey Walker, Lubbock, experiment station, talked on fertilizing cotton. Joe Cole, extension service specialist from Lubbock,

## Death Takes Dial Henley

Dial Henley, about 45 years old, died in a Lubbock hospital about 10 o'clock Thursday morning.

As far as could be learned here Thursday noon, Mr. Henley died of surgical shock. He was scheduled to have undergone back surgery Thursday morning.

All information available was called by relatives to Ed Thompson Implement Company, where Mr. Henley had been shop foreman for a number of years.

Galen Finney at the implement company said doctors made an unsuccessful effort to save Mr. Henley's life by heart massage. Among Mr. Henley's survivors are a wife and four children.

Funeral arrangements are pending at Parsons Funeral Home.

## PLAYED END FOR TEXAS UNIVERSITY

# Colorful Mentor To Talk At Annual Grid Banquet

Olton will honor its 1959 football team with a banquet next Tuesday night.

Principal speaker will be Claude "Chena" Gilstrap, head football coach and athletic director at Arlington State College of Arlington.

The banquet will get under way at 7 o'clock. Tickets may be purchased from members of the Mustang Booster Club.

During his playing days in the mid-thirties, Gilstrap was an end at Schreiner Institute at Kerrville and later at the University of Texas. At the university, he played under the tutelage of Jack Chevigny, Notre Dame great.

Gilstrap started his coaching career in 1937 at Leverett's Chapel high school. Subsequently he held coaching positions at Paris

Junior College, Wharton High, Cleburne High and Schreiner Institute.

Since moving from Schreiner to Arlington State in 1953, Gilstrap has coached teams which have won 55, lost 12, and tied two.

In 1953, his Rebels won the Pioneer Conference championship; tied for third in 1954; were runner-up to champion San Angelo in 1955; and in 1956, tied with San Angelo and Tarleton State for the Conference crown. Then the Rebels climaxed the year with an upset 20-13 victory over Compton College of California in the famous Pasadena Junior Rose Bowl game,

giving the West Coast team its first licking in 37 games.

In 1957, Gilstrap steered his Rebels to 11 straight scheduled victories for a Conference championship and the first undefeated and untied season in the school's history. The record brought a second straight bid to the Junior Rose Bowl and a 21-12 Rebel victory over Cerritos Junior College of Norwalk, Calif.

The Rebels this year won 4 and lost 3, in their first season as a senior college.

Gilstrap has been named "Junior College Coach of the Year" four times by Texas sports writers.

## Death Claims Area Pioneer, Mrs. E. Jones

Final rites for Mrs. Ellis Jones, 71 years old, area pioneer, were held Saturday afternoon in Plainview First Methodist Church.

Officiating were Rev. Vernon Willard, pastor of St. John's Methodist Church of Plainview, and Rev. Roscoe Trostle, pastor of Valleyview Methodist Church.

Mrs. Jones died Thursday afternoon of last week in Plainview Hospital and Clinic after a long illness.

She was born March 9, 1888 in Aurelia, Ia. Her maiden name was Ada Olson. She was married Feb. 14, 1906 to Ellis Jones in Iowa. Mr. Jones preceded his wife in death in 1954.

She and her husband moved from Iowa to the Valleyview community in 1910. The family farmed there until 1946 when Mr. and Mrs. Jones moved to Olton. They moved to Plainview in 1948 and Mr. Jones died July 5, 1954.

Mrs. Jones was a member of St. John's Methodist Church.

The Jones family has long been active in affairs of the communities in which they reside. A son of Mrs. Jones, Owen, is president of the Olton school board.

Burial was under direction of Lemons Funeral Home, Plainview. Mrs. Jones was buried by the side of her husband.

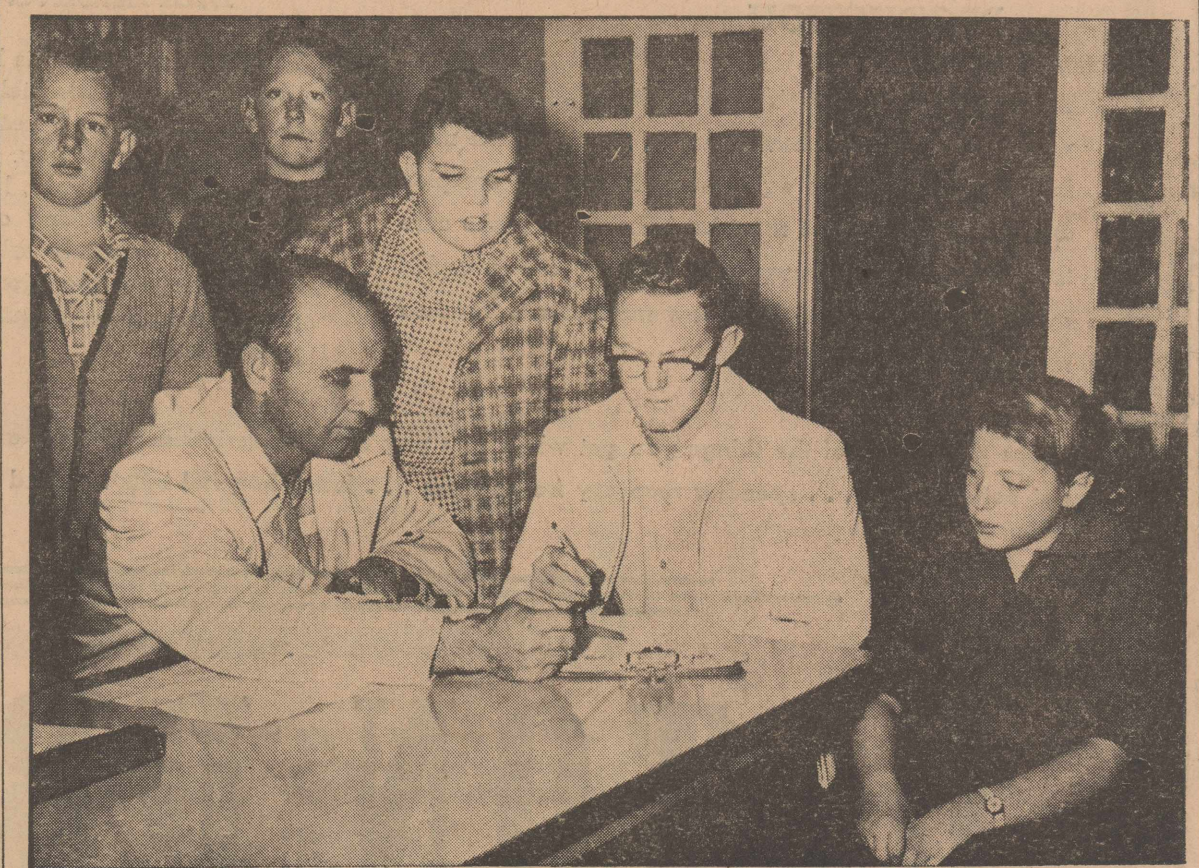

Survivors include three sons, Carroll and Ernest Jones, both of Hart, and Owen of Olton; and 10 grandchildren and 11 great-grandchildren. A daughter, Mrs. Bertha Hall, died in 1941.

## School Board Meet Thursday

Regular meeting of Olton school board was to be held Thursday night of this week, according to Joe Harper, school supt.

Meeting of the board regularly is held the first Tuesday night of each month. It was postponed last week due to heavy snow.

## Olton People To Attend Vegetable Meet

Representatives from Olton Chamber of Commerce & Agriculture vegetable committee are making plans to attend a meeting of vegetable growers at Texas A&M January 26.

Principal reason for the meeting is organization of a state-wide vegetable growers association.

"The need for a state-wide organization that would be responsible for the acreage, marketing and quality of vegetables produced in Texas is great," said Olton Chamber Manager Wayne Cooper.

"At the present time marketing of this type of produce is controlled by shippers and not by growers," he continued. "This type of thing could greatly aid the work we are doing in our development program."

## FFA Board Lays Plans For Annual Spring Show

Olton FFA Stock Show Board of directors will lay plans for the spring stock show as they meet Monday night in the vocational agriculture department at Olton High School.

Max Malone, agriculture instructor, said the stock show will be held Feb. 24, 25 and 26.

### Bohner Takes Twin Bill With Slaton

Barbara Harris and Carolyn Porch teamed up to score 25 points and led the Demonettes to victory over the Slaton girls Friday night.

Guards Brenda Smith, C. L. Clayton and Sarah Logan held their opposing forwards to 19 points, along with the help of Nettie Sheffield and Helen Hood.

The Demonettes of Bohner remain undefeated this season. Co-Captains Johnny Harris and Euel Jackson led the Demons to a 40 to 37 victory in an overtime game with Slaton. Julius Sheffield tied the score for the trailing Demons 37 to 37 with a jump shot when only three seconds remained in the game.

Improvement of guarding by Cleo Logan, James Moore and George Thomas enabled the boys to prevent Slaton from scoring in the overtime period. The boys made 61 percent of their free throws.

ATTENDS MEETING  
Rev. Glen Godsey, Joe Alcorta, Lupe Dominguez and Juan Villarreal attended an associational brotherhood meeting in Slaton Saturday. Rev. Godsey presented the message at the meeting.

# HERE'S WHAT GOES INTO THE PRICE OF A PRESCRIPTION

You give the pharmacist a piece of paper. A little while later, he hands you a package of medication. What you get for your money is not just a bottle of tablets or capsules or liquid. It's a great deal more. — As follows:

### RESEARCH

Thousands of man-hours and millions of dollars have been expended by the manufacturer to find the drug that will do exactly the job the doctor wants done. For every 100 drugs tested, at great expense, only one usually turns out right. Only after costly research . . . in the test tube, on animals, on human patients . . . is the product ready to go.

### PRODUCTION

To mass-produce today's wonder drugs . . . so that all who need them may have them . . . requires the most fantastically complex equipment. Moreover, complex and costly procedures must be followed to make sure that safety and potency and efficacy are guarded every step of the way from raw materials to finished medication.

Those are SOME of the things you get when you pay for a prescription. But over and beyond all these, you also get better health . . . speedier recovery from illness . . . fewer hospital bills . . . and an ever longer life.

### AVAILABILITY

The finest drug in the world is useless if it's not available to the person who needs it—when he needs it. To deliver the newest drugs to every city and hamlet—overnight—the drug industry maintains a highly organized distribution network.

Strategically located manufacturers' depots . . . wholesalers' warehouses . . . thousands of men and women and vehicles—all play a vital indispensable role in getting every new life-saving drug into the nation's pharmacies in the shortest possible time.

### DISPENSING

To make sure he learns how to dispense your medication safely and accurately, the law requires your pharmacist to undergo 5 years or more of rigorous, costly education and training.

To do his job right, he must then invest thousands of dollars in stocking at least 3,000 different drugs, many of them rarely called for. He must also invest in a wide array of precision equipment—designed for the proper storage, compounding, and packaging of each prescription.

**NOTICE! TO PARENTS OF SCHOOL AGE CHILDREN**

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1960, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Superintendent at No. 3611 or the School Tax Office No. 3781 and ask for a census blank.
2. Call in person at the school Tax office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six year olds who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

**Don't Wait 'till Feb. 1st to turn your blanks in—as that will be too late.**

**THE CRACKER CRUMBS**

By Celia Waldrip

To be a woman these days it takes a strong back, a strong will, a strong constitution, a strong stomach and a weak mind. Since few of us have much choice in the selection of our gender, it behooves us to develop these healthy faculties and make the most of our mental stations in life.

It's been stated repeatedly that the modern woman literally "has it made" in comparison to the women of great-grandmother's day. I would not presume to discredit the labors of women in the days of lye soap, black wash pots and icy pump handles, but personally I feel Great-grandma didn't realize how easy she had it!

Her primary duties were to feed her family, keep her parlor lamp chimneys clean, and do the weekly laundry. It's no wonder many women of that period found time to make dollies, work needle-point and turn out elaborate baptiste Christening gowns for her children. I have yet to see a modern mother with time for doing any of these.

Granted, we have push buttons and automatic gadgets, but they solve only the mechanical problems. They do not fold diapers, brush pony-tails, or stretch budgets. They do not apply band-aids, serve on PTA panels, or frost cup cakes. They do not shop for groceries, polish silver, unstop sinks, or make pot-holders for the church bazaar.

In addition to the really big chores usually associated with today's woman and mother, I have jotted down a few minor problems that beset us (which great-grandmother never in her life dreamed of!)

Besides acting as everything from paper-hanger to chairman of the sanitary commission, the modern mother must keep a spotless house, an attractive appearance, discipline her children, encourage her husband, and dash to the hospital from band parents meeting just in time to usher her third child into the world.

She must be thoroughly recuperated in four days so as to keep Johnny's dental appointment, teach the cub scouts to make book-ends, and see to it that the rick-track is sewed on Mary's squaw dress before Friday night.

The modern mother must keep abreast of the news, read the latest controversial books, mend the linen napkins, and study a foreign language while painting the nursery furniture.

She must show interest and enthusiasm when party chatter turns to the league in the cellar, the price of duck stamps, the inner workings of a generator, or the dynamic acting ability of Mr. Dillon.

She must smile calmly while gently exerting discipline when the offspring throws a tantrum in the supermarket and kicks a glass showcase into a million pieces... all because of a forbidden tootsie roll.

Today's woman must retain her sense of humor while helping the husband start a balky car amid wild contortions, shaking of fists, gnashing of teeth, and uncomplimentary name calling. She must chortle gaily while being accused of not knowing where second gear is located and falsifying her driver's license.

She must remain the gentle homemaker when Susie spills her third glass of chocolate and throws her bib into the pot roast. She must willingly tote her husband's dinner to the den and set it on a rickety TV tray so he will not miss the third quarter. She must not raise her voice when Johnny refuses to eat his potatoes because they have "lumps" in them.

The successful wife must be a gay, witty, effervescent and thoroughly charming hostess although the soufflé come from the oven looking like a tired pancake; the brown and serve rolls cook for 45 minutes; the hollandaise sauce tastes like it came direct from Holland via pony express; ten bright-eyed dinner guests wait to be seated and there are only six chairs in the house!

This modern housewife must remain calm while holding her thumb over the leak in a kitchen pipe as icy waters flood the floor... and the plumber declares as how he cannot possibly "drop by" until a week from Thursday.

The present day woman is obliged to smile sweetly when her joker of a partner trumps her ace; displays his hand to everyone at the table with 20-20 vision; bids her up to six spades and commences to expound on the outstanding features of his new fly-rod; and when acting as dummy insists in hanging over her shoulder and groaning at her every lead.

She must appear alluring and bewitching in the dinner dress that dates back to her younger and better proportioned years; when the hairdresser puts a very chic "brush wave" on her that neither brushes nor waves; when her best suit comes from the cleaners looking like the before picture in a sanforized ad; and when the baby "bubbles" on her white Irish linen collar.

She is expected to retain her poise and dignity when she turns on the bathtub facet to find the shower has been left on, and torrents of Icelandic waters come pouring onto her \$10 dye job.

Today's woman's problems may seem frivolous and silly, but she is nevertheless obliged to solve them with good nature and grace. I suspect great-granny would get queasy at the prospect of some of them and search daintily for her smelling salts. But these duties beat stoking the "pot-bellied" stove don't they? Or do they??

### Reveal Results On Fertilizing Of Soybeans

For the third year, fertilizer used on soybeans did not increase the yield enough to pay the cost of fertilizing at the High Plains Research Foundation at Halfway, Delbert Langford, Assistant Agronomist, reported this week.

The 1959 fertilizer applications on the Lee variety of soybeans included nitrogen, potash and phosphorous. The form of

nitrogen used was anhydrous ammonia (82 percent nitrogen), phosphorous was phosphoric acid (37 percent P<sub>2</sub>O<sub>5</sub>) and potash was muriate of potash (60 percent K<sub>2</sub>O).

Rates of application were forty pounds of nitrogen, eighty pounds of phosphorous and eighty pounds of potash. Each of these were applied alone in all combinations. Forty pounds of nitrogen alone increased the yield only .13 bushels per acre, forty pounds of nitrogen and eighty pounds of phosphorous gave an increase of only .54 bushels. The highest increase was obtained with the application of

forty pounds of nitrogen and eighty pounds of potash, which gave an increase of 2.31 bushels per acre above the non-fertilized plots. The value of the increased yield on this test at current prices was \$4.50 per acre, but the fertilizer cost amounted to \$6.70.

In reporting these results Mr. Langford pointed out that chemical analysis of the soil upon which these tests were conducted, show an ample supply of phosphate and potash. Nitrogen, though not in ample supply in the soil, is produced by the microorganisms growing on the roots of the inoculated soybeans.

### HART CAMP NEWS

BY MRS. BLANTON MARTIN

W. P. Neinst, who has been hospitalized with sinus, visited in the Community Monday.

Mr. and Mrs. Clarence Monroe of Friona are parents of a son born December 29 at Friona. The young man is named Alan Lee. Grandparents of the new baby are H. R. Monroe and Mr. and Mrs. H. L. Bethel, all of Littlefield.

Rev. and Mrs. Jack Moore are parents of a baby girl, born last Thursday in Methodist Hospital. Little Miss Connie Gayle weighed 8 pounds, 10 ounces. Mrs. Moore and daughter returned home Saturday. Mrs. Moore's mother, Mrs. F. W. Boggan, has been visiting here. She returned to her home at Hearne Saturday.

Mr. and Mrs. Junior Muller and children visited in the Clarence Monroe home near Friona last Monday.

Scott Ball, son of Mr. and Mrs. James Ball of Wilcox, Ariz., is seriously ill with scarlet fever. His grandfather, L. E. Ball, has recently returned from Wilcox.

Members of the Primary Training Union class of the Baptist Church visited a television station at Lubbock Friday night. They appeared briefly on "Here's Howwell." The group had dinner at a downtown restaurant. Making the trip were Brenda Leonard, Sharon Hendrick, Danny Sageser, Lajana Burleson, Gary Parkey, Sherry Jones and Blanton Martin, teacher.

Edwin Oliver has returned home after a few days in a Littlefield hospital. J. T. Weatherly is still confined to the hospital with influenza.

Dewey Hukill was home from Levelland part of last week. Classes at the college were dismissed due to the weather.

Dennis Mahaffey is at present in Methodist Hospital where he underwent surgery last Thursday.

### Henry Aigaki Has Close Call When Bus Burns

Henry Aigaki narrowly escaped serious injury recently when the Olton Co-Op Producers Association bus he was driving caught fire and burned near Ysleta.

Henry said he was topping a hill when he noticed the vehicle was on fire. He pulled over to the side of the road and jumped out seconds before the fuel tank exploded and the bus was engulfed in roaring flames.

"It was close," Henry declared grimly after arriving back in Olton.

The bus came to a stop at the edge of a steep embankment. There was speculation that if the bus had rolled over the side of the embankment Mr. Aigaki's escape would have been unlikely.

Mr. Aigaki was returning from El Paso after taking a load of bracero laborers to the border city.

### Mrs. Gray Is New Operator At Colonial

New full-time beauty operator at Sue Hair's Colonial Beauty Shop is Mrs. Jackie (Barbara) Gray.

Mrs. Gray is a recent graduate of Jessie Lee's Hair Styling School in Lubbock. She is originally from Meadow and is now residing in Olton.

### Band Calendars Being Delivered

Band calendars of 1960 have arrived and will be delivered sometime during the week. Band mothers working on this project hoped to distribute the calendars the first week in January. Due to bad roads however, the calendars will be delivered as soon as possible.

### Mrs. Phillips Speaks To 4-H Club Meeting

Mrs. Clare Phillips spoke to the Olton 4-H Girls at their regular meeting January 7. The group discussed manners and etiquette.

Each girl was given a list of ways to improve their manners while having dinner in a cafe. Twenty-nine 4-H girls were present.

### SPEECH COURSE OFFERED HERE

Those interested in taking a speech course conducted from the Extension Department of Texas Tech should contact Mesdames E. R. Spain or J. C. Brown.

The course will be offered in the high school sometime this spring. A minimum of twenty students is required in order to conduct the course.

### Longnecker Speaker At Dallas Meet

Dr. T. C. Longnecker, Director of the High Plains Research Foundation, was one of the principal speakers at the Texas Agricultural Ammonia Convention Thursday at the Statler Hotel in Dallas.

Topic of his address was "The Ammonia Story". Dr. Longnecker is recognized nationally as one of the leading authorities in the field of fertilizer research.

Dr. Earl Collister, Chief Agronomist and Assistant Director, was to attend the annual meeting of the Texas Certified Seed Grower's Association this week at the Baker Hotel at Dallas.

Mrs. Carl Rambo, Kress, became secretary at the High Plains Research Foundation January 1.

### I KNOW WHAT AMMO-PHOS WILL DO FOR ME...

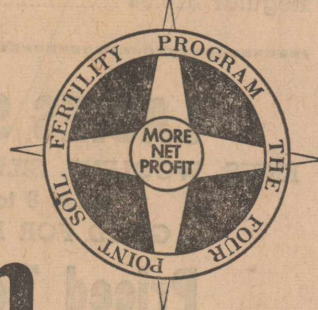

... Says Omer Neeley, right, who farms near Hart Camp . . . I received 20% hail damage to my cotton in June of last year, but I was farming with a good Ammo-Phos fertilizer program and my Lankert 57 cotton averaged 1 1/4 bale per acre.

Omer Neeley fertilized his cotton with 200 lbs. of Matheson Ammo-Phos 16-20-0 — Watered twice, last watering was ended the latter part of August.

## Bridal Shower Fetes Beverly Roberson In A. J. Spain Home

Bride-elect of Buddy Nicholson, Miss Beverly Roberson, was the honoree Tuesday at a pre-nuptial courtship in the A. J. Spain home.

Special guests at the affair were the mothers of the couple, Mrs. T. J. Roberson and Mrs. G. A. Nicholson, also the grandmothers of the honoree, Mrs. Becton Potts and Mrs. Frank Roberson, both of Lockney.

Pink, white and silver colors were used throughout the decorations. The serving table was laid with pink nylon over white linen. An arrangement of pink rose-buds against a white fan, and pink tapers in silver candleholders accented the table.

Mrs. Carroll Brown, Mrs. Owen Jones and Mrs. Wally Stewart served guests coffee and spiced tea from silver services, and also "good-luck" mints and individual cake squares.

Guests and gifts were registered by Mrs. Hal Dean Nicholson.

Two early American table lamps were the gifts to the honoree from the hostesses. Sharing hostess duties were Mesdames D. C. Eby, Carroll Brown, Roy Granbery, Archie Sorley, Owen Jones, Alton Cure, Basil Sherman, J. J. Moses, Forrest Davis, Galen Finney.

A. D. Moses, R. J. Pinkerton, Charles Sullivan, Bill Thomas, Bill Yates, Clifford Curry, Wayne Hair, Lynn Fite, H. L. Moses, George Clark, Corky Williams and Spain.

## Lubbock Is Home Of Couple After January 2 Wedding In Home Of Bride's Parents

Candle arrangements and palm plants created the setting January 2 for the nuptial vow exchange of Miss Mildred Darlene Mandrell, Olton, and Mr. Bobby Gene Carver of Lubbock.

The double ring ceremony was read in the home of the bride's parents, Mr. and Mrs. Frank Mandrell, by Rev. Jean Palser, Assembly of God pastor.

Parents of the groom are Mr. and Mrs. Joe Carver, Lubbock, former residents of Earth. Mrs. DeVern Mandrell, sister-in-law of the bride, played a record of the traditional bridal march. Candles were lighted by Burl Don Mandrell, brother of the bride, and Carolyn Carver, sister of the groom, Lubbock.

Honor attendants were Ivan Smith, brother-in-law of the groom, Lubbock; and Miss Margaret McBroom, cousin of the bride, Olton. Miss McBroom wore a dress of blue lace, which featured a bateau neckline and cap sleeves. Her bouquet was of an orchid with Lilies of the Valley on a white satin bow base.

Given By Father  
Given in marriage by her father, the bride wore the traditional white dress, fashioned of embroidered satin. The short sleeves and bateau neckline were scalloped. Pearls lined the neckline. The waistline of the full skirt tapered to a gentle point in the bodice front.

The bouquet was of an orchid, surrounded by Lilies of the Valley. Lace, and blue and white streamers tied in love knots completed the creation.

Following the tradition of something old, something new, something borrowed, and something blue, the bride tied her mother and father's wedding bands in the bouquet, used her dress as the new item, and wore a blue garter borrowed from Mrs. DeVern Mandrell. Blue was carried out in the streamers of the bouquet.

At the subsequent reception which was held in the bride's home, a three-tiered cake made by the cousin of the bride, Mrs. Marlin Edwards, was the feature of the serving table. Strawberry punch was also served.

White candles placed in rose holders were placed at each end of the table. The table itself was laid with a lace cloth over blue. The bride's bouquet created the table centerpiece.

Mrs. Leo Lavats, Mrs. Hamill and Mrs. Ivan Smith presided at the serving table.

After the wedding trip to Amarillo, the couple are now at home in Lubbock, where the groom is employed by Edwards and Reed Company.

Mrs. Carver wore a beige dress with rose accessories for traveling. She attended Olton High School, and her husband attended

**ORDINANCE NO. 111**

An Ordinance fixing the maximum rate of speed for motor vehicles; allowing for speed zones; providing for penalty; and declaring an emergency

WHEREAS, the City Council of the City of Olton, Texas, upon the basis of engineering and traffic investigation find it necessary to establish maximum speed limits, and create speed zones in certain areas, all within the corporate limits of the city of Olton, Texas.

WHEREAS, the City Council of the City of Olton also finds it is necessary to immediate preservation of the public health and safety to provide for the immediate enactment of such measures, constituting an emergency; NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF OLTON, TEXAS:

**SECTION 1.** Speed limits of thirty (30) miles per hour; It shall hereafter be unlawful for any person to drive or operate a motor vehicle upon any street, roadway or highway in the City Limits of the City of Olton, Texas, at a greater rate of speed than Thirty (30) miles per hour, except where speed zone signs are erected indicating a higher or lower rate of speed, in which case the speed indicated by the speed zone signs shall be the maximum speed permitted. And it shall be unlawful for any person to operate a motor vehicle in excess to the speed limits indicated on any official speed zone sign.

**SECTION 2.** The speed zone established by this Ordinance shall include all of US 70, 1st Street, within the Corporate Limits of the City of Olton, Texas, the maximum legal speed limit shall be as follows:

Beginning at the west city limits the maximum legal speed limit for both eastbound and westbound traffic shall be 55 mph for a distance of 0.235 miles; thence 45 mph for a 0.250 miles to the centerline of Avenue "H"; thence 35 mph for a distance of 0.315 miles to the centerline of Avenue "D"; thence 50 mph for a distance of 0.315 miles to the east city limit.

And all Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

**SECTION 3.** The speed zones established by this Ordinance shall include all of that portion of FM 168 within the Corporate Limits of the City of Olton, Texas, the maximum speed limit shall be as follows:

(a) Beginning at the north city limit the maximum legal speed limit for southbound traffic shall be 35 mph for a distance of 0.055 miles to the centerline of US 70, 1st Street.

(b) Beginning at the north city limit the maximum legal speed limit for northbound traffic shall be 50 mph for a distance of 0.055 miles to the centerline of us 70, 1st Street.

OPTOMETRY: The Art and Science of Visual Care

**Oh, but I DO have my glasses on!**

Today, this is becoming a fairly common statement. Many people are being fitted with CONTACT lenses, with perfect success, eliminating heavy spectacles. In many instances, much better vision is achieved with contacts.

Progress in this field of vision care has been tremendous even in the last two years. Use of contacts now may be possible for you even if unsuccessful before.

Not all optometrists fit contact lenses. Those who do not will refer the work to those with special training.

For information, write Texas Optometric Association, Contact Lens Section, Bolm Bldg., Austin, Texas.

## TEXO FEEDS, GOOD MANAGEMENT BUILDS CAGE LAYER BUSINESS

Harley Miller local farmer and producer of quality eggs . . . on the TEXO CAGE LAYER PLAN . . . is doubling the size of his cage layer operation. The tall part in the center of the building will be his feed mixing room. Harley will put 4,000 baby chicks in the new part of the building and raise them for replacements and expansion. He will start them on TEXO CHICK STARTER—soon as they are large enough he will put individual cages into the building for the layers.

Note the clothespin on the cages, they are a part of Mr. Miller's culling plan. They also keep a radio playing in the building—it helps keep the hens calm and eliminates outside noises that might disturb the hens.

Come in now and let us show you how easily you can start a profitable TEXO CAGE LAYER OPERATION on your farm.

**Mrs. C. E. Smith To Begin Spanish Class January 19**

Mrs. Clyde E. Smith announces the adult Spanish class will meet to organize January 19 at 6:00. The meeting will be held in Room 15 of the high school.

Mrs. Smith stresses those interested be present at the meeting so she may determine whether enough are interested to justify offering the course.

The conversational Spanish course will be practical and simple to meet the needs of people of this area," stated Mrs. Smith. "During the organization meeting students will list what they wish to cover and what their needs entail before the course of study is outlined."

Mrs. Smith, high school English and Spanish instructor, holds two degrees in Spanish from Texas Tech. She is co-author of a Spanish book based on her travels in Mexico. "Juan y Maria in Mexico" is book five of Pan-American Series published by

**Tickets Out For Annual COC Banquet**

Tickets have been mailed to members for the annual Olton Chamber of Commerce & Agriculture banquet which will be held the evening of January 28 in the school cafeteria.

Mrs. (Jackie) Barbara Gray has joined our staff as a beauty operator—she is shown here fixing Mrs. Geneva Smith's hair.

Barbara is a graduate of Jessie Lee's Beauty College in Lubbock. She will work Tuesday afternoons, and all day Wednesday, Thursday, Friday and Saturday.

We have been closing on Tuesday afternoons, but in the future will be open all week!
