FARMERS HERE MAY PLANT 200 ACRES

## Sweet Corn Hailed As Possible Crop

Olton farmers may experiment with as much as 200 acres of sweet corn this year.

This information was revealed at a farmer meeting on sweet corn called Tuesday night by Olton Chamber of Commerce & Agriculture.

One of the speakers at the meeting was George Smith, Hereford, field representative for Asgrow Seed Company.

He discussed possible varieties to be planted and insect control. He gave some production figures and discussed processing facilities and marketing.

He said he views this year as an opportune time to begin production of sweet corn here.

Approximately 32 farmers attended the meeting and those present agreed to plant a total of 100 acres. Clovis Poteet, head of the Chamber of Commerce & Agriculture committee on agriculture, said he is certain that another 100 acres will be subscribed.

Proponents of the new crop pointed out that it will be purely on an experimental basis this year. They made it clear that those participating stand a chance to lose some money. However, it was pointed out that sweet corn will be planted on land normally seeded to grain sorghum and there will be a salvage value by either the ensilage or shelled corn route.

Some good market contacts for sweet corn have been made, a Chamber spokesman pointed out.

## Carnegie Class Opening Here Friday Night

Enrollment is almost complete for the first Dale Carnegie course to be held in Olton, according to Joe Hood and Forrest Criswell, Lubbock men here enrolling people for the leadership training.

The course is sponsored by Olton Lions Club.

Proceeds from sponsorship will be used by the club for charitable projects. Mr. Hood said 44 persons will be enrolled. The class will meet at 7:07 o'clock each Friday night in Olton American Legion Hall. The public has been invited to attend the first class which is scheduled to meet Friday night of this week.

## Lion Beauty Contest Is Saturday Nite

Some thirty-six local lovelies will vie for title of Lions' Club Queen Saturday evening. The annual beauty contest will be in the high school auditorium at 7:30 in the evening.

Entries will be sponsored by local businesses. Winner of the contest will receive a bronze plaque as a visible testimony of her beauty, grace, and poise. She will be eligible to compete in the District Lions' Queen Contest later in the spring. National Queen of the Lions' lair is the ultimate title sought by the winner.

Bub Holt will serve as Master of Ceremonies as beauties are presented in formal ballgowns. Mr. Holt will also have the honor of crowning "the loveliest of the lovelies."

Winner of last year's queen contest was Miss Judy Ogletree, now a student at Abilene Christian College.

Girls competing in the contest include Misses Judith Chester, Barbara Kirkpatrick, Dana Speer, Darleen Langford, Sue Mitchell, Jonetta Moss, Linda Thompson and Lonna May.

Also adding to the difficulty of judging will be Donna May, Lila McFadden, Becky Bearden, Johnny Crawford, Renee Givens, Rhonda Roberson, Tommy Witten, Sylvia Nicholas and Cheryl Poteet.

Others who will vie for the crown include Jeanavon Harper, Sue Witten, Pat LaFrance, Nancy Critchfield, Gayle Nicholson, Sharon Brigrance, Glenda Miller, Linda Pickrell, Mary Roper, Bobbie Campbell, Kay Gregory, Joyce Gray and Janice Campbell.

Nancy Brown, Carol Bostick, Wynona Cox, Wanda Traylor, Gayle Ann Parsons, and Pat Bowen are other beauties from whom the queen will be chosen.

Fortunate contest chairman for the program of pulchritude is Major James. As one in the know, the chairman is the first to agree the evening's entertainment will be well worth the \$.50 admission fee.

## CORRECTION

Marlana May, seven years old, daughter of Mr. and Mrs. Archie May of Olton, exhibited first place mare in the class under 42 inches in the recent Shetland pony show at Littlefield.

She went on to show the reserve champion of the show in that class. She also showed a third place filly.

## 150 SCIENCE PROJECTS ON DISPLAY

## First Science Fair This Week

Some 150 science projects will be on display Friday and Saturday as students of Olton Public Schools present their first Science Fair.

Science students in grades one through twelve will exhibit projects of various scientific nature. A special display by the high school Science Club will be featured.

Three experts in the field of science have been named to serve in judging capacities during the fair. They include Gene Phillips, Gordon Creel and Roscoe Thomas.

Mr. Phillips is president of South Plains Science and Math Teachers Association, and science instructor in Seagraves High School. Mr. Creel is head of Science Department of Wayland College and organizer of Wayland Science Fair; and Mr. Thomas, an Olton businessman, is an authority on rock and rock formations.

Projects will be judged Friday afternoon. There will be four divisions of the contest—senior, junior, intermediate and elementary, according to age and grade level of each participating student.

Ratings I, II, and III will be given. First place winners will receive blue ribbons; second place, red; and third place, white. Gold Stars will be awarded to the six top winners of each division.

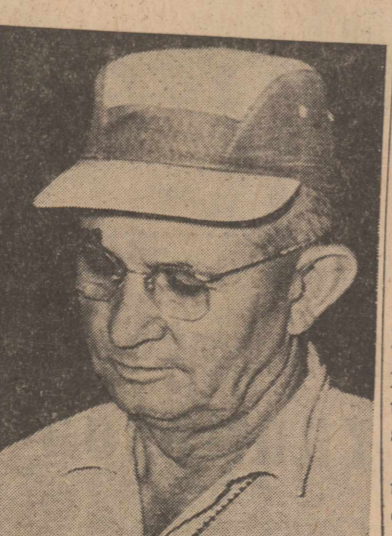

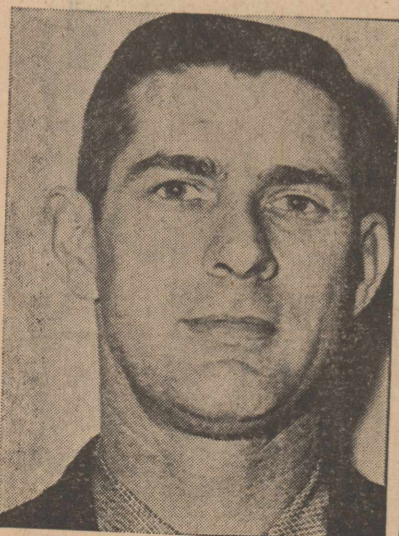

The eighteen Gold Star winners will be eligible to compete in the South Plains Regional Science Fair in Lubbock, April 1-2.

Projects will be judged according to the following criterion: scientific thought, 30 points; creative ability, 30 points; clarity and dramatic value, 20 points; thoroughness, 10 points, and technical skill, 10 points. Total of the three judges' ratings will denote the final score for each entry.

The Science Fair is sponsored by Classroom Teachers Association to interest students and parents in the study of science. All projects will be made entirely by students. Participating students have been working on entries for several months.

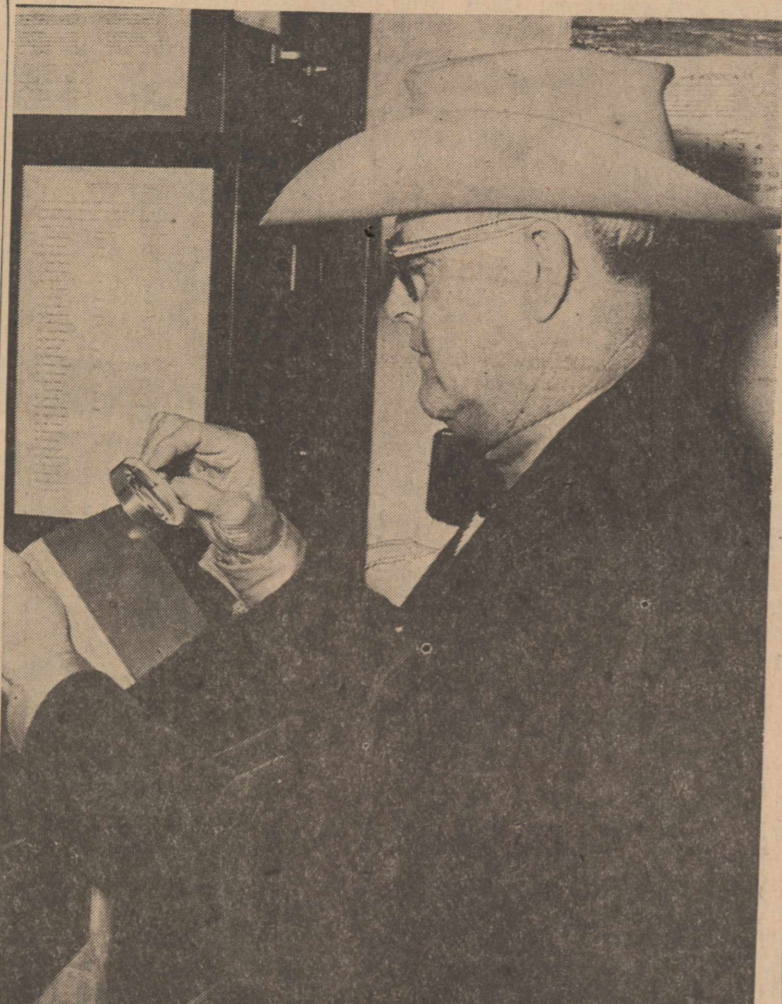

Fair projects will be on display for public viewing from 6:30 until 9:30 Friday evening, and from 8:30 in the morning until 12:30 in the afternoon on Saturday. Displays will be in the all-purpose room of the H. P. Webb Elementary School.

## JUDGES

These three men will be judges for Olton's first science fair this week end. They are from left, Gene Phillips of Seagraves, Gordon C. Creel of Wayland College, and Roscoe Thomas, Olton.

## TWELVE ESTABLISHMENTS ENTERED IN OLTON

## Crooks Loot Olton Firms In Sunday Night Foray

Thugs swept along Highway 70 like a spring sandstorm over the weekend pulling off burglaries by the baker's dozen.

Twelve places were hit here at Olton, one at Halfway, one at Circle and one at Earth. Police were checking out "one or two good leads" Wednesday. List of victims looks like an Olton business directory.

Hit here in Olton were Olton Grain, Spotlite Cafe, Traylor's Shamrock Wholesale Department, Edwards Machine Shop, Hi-Way Service Station, Roberson & Givens Texaco, Olton Auto Supply, Bodkin & Nixon, Jeffrey Lumber Company, McGowan Grocery warehouse, Olton Bowling Center, and Lloyd's & Larry's Garage.

Officers said McAfee's Cafe in Halfway was entered. Pinson's Grocery at Circle was burglarized Saturday night and a lumber yard in Earth was entered Sunday night.

Take in the burglaries ranged from nothing to \$75.00 in cash. Very little merchandise was taken.

Nothing was taken at either Olton Grain Company or Olton Bowling Center, according to investigating officers. About \$75.00 was taken at Traylor's Shamrock. Thugs drew a blank at Edwards Machine Shop and Roberson & Givens.

At Hi-Way Service Station \$10.00 in cash and a billfold valued at about \$5.00 was taken. An undetermined amount of money was taken from the cigarette machine.

About \$30.00 was taken from the cash register at Olton Auto Supply. Bodkin & Nixon reported nothing missing, according to police.

Jeffrey Lumber Company lost about \$11.50 in cash and merchandise.

Nothing was taken from McGowan's. Lloyd & Larry reported \$45.00 was taken. At the Spotlite Cafe, crooks took \$25.00 from the cash register. They jimmied the cigarette machine and the juke box and made off with six club steaks and six T-bones.

Pinson Grocery reported loss of \$4.00 in pennies in the Saturday night burglary. At the cafe in Halfway, thugs took a total of \$120.00. About \$30.00 of this was a collection of old pennies. Also about \$30.00 was in dimes. The crooks took some steak, 19 cigarette lighters and 5 pair of gloves.

At Earth the thugs got nothing in the lumber company burglary.

Olton officers believe the burglaries here may have been the work of someone who knows the premises of the establishments entered. In almost every case, entry was gained by breaking a small hole just above the night lock on a door or window. Holes were broken

Boy Recovers After Leg Burn

Allan Curtis Wagner, eight years old, son of Mr. and Mrs. Buster Wagner, hopes to return to school Monday after several weeks of treatment for a severe leg burn suffered February 14.

Allan has been in the hospital twice as a result of the mishap, once for skin graft.

He was playing near the Straw-Burrow Gin and stepped into a pile of burning cotton burs. His right leg was severely burned.

## Mayor Candidates Hear Experts Discuss Olton Paving Program

### Band Contest Schedule Is Announced

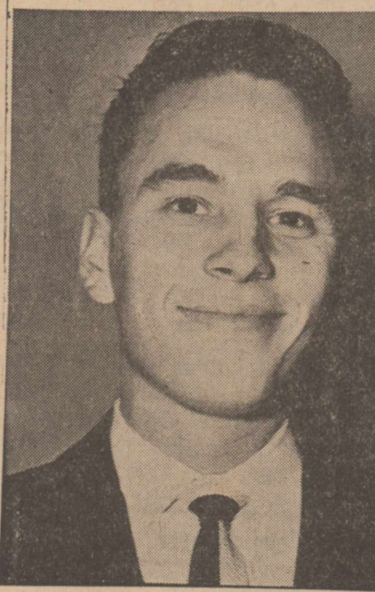

Schedule for coming Interscholastic League band events has been released by Band Director Dick Bentz.

Some 50 entries from Cadet and Senior High Bands will participate in the solo and ensemble contest in Levelland April 1. These entries will be judged with ratings one through five.

Interscholastic High School Band competition is scheduled for April 30, in Levelland. Cadet Band will compete in concert and sight-reading May 7, in Lubbock.

Mr. Bentz stated the annual band and choir spring concert will be presented in the auditorium April 24. Interscholastic league events will conclude the band program for the year.

### Student Charges US Supporting Latin Dictators

LUIS F. MEYER

The United States supports dictators in Latin-America and the people there do not like it.

This stern indictment came last Saturday from Luis F. Meyer, civil engineering student from Paraguay. Senior Meyer spoke before some 800 persons attending an area-wide Spanish Fiesta here.

He said officialdom of the US government gives financial and technical aid to dictatorships in South America and perpetuates in power totalitarian governments despised by oppressed peoples under their power.

Senior Meyer spoke as a member of a four-man panel made up of Texas Tech students from Latin-America.

about large enough to accommodate a hand and small enough to attract little attention without close inspection.

Police Chief Emmett Burrow said he has reason to believe the burglaries here were pulled off some time before midnight Sunday. First entry to be discovered was that of Edwards Machine Shop when Robert Edwards checked his firm Sunday night.

## POST COUPLE REIGN OVER FESTIVITIES

## Olton Hosts 800 At Spanish Fiesta

Amid floating banners and colorful Spanish decorations some 800 vividly costumed high school students and teachers from all parts of West Texas visited Olton High School Saturday as 13th Pan American Fiesta was celebrated here.

Twenty-five various contests, a mock market, a Mexican-style lunch, a program of music and entertainment and coronation of Fiesta Royalty were staged during the day.

Melinda Newby and Mike Cornell, both of Post, were elected king and queen of the annual fiesta. Royalty was chosen by the students on the basis of originality and authenticity of their fiesta costumes.

The first fiesta to be held in Olton was sponsored by Llano Estacado chapter of American Association of Teachers of Spanish. Chairman of the fiesta was Mrs. Clyde E. Smith, local Spanish teacher.

In a morning program several South American students attending Texas Tech entertained with music and discussion of their native countries. Harvie Jordan, Olton Spanish Club President, led a flag salute in Spanish.

Supt. Joe Harper gave the welcome. Response was given in Spanish by Mrs. S. E. Ayres of Littlefield, president of the sponsoring chapter.

Speaker for the afternoon program was Frank H. Kelley of Colorado City, member of Good Neighbor Commission of Texas. Contest winners were announced and presented with awards.

Winners in poetry, dance, extemporaneous speech, instrumental music and choral music performed for the afternoon program. High School Principal Don Waldrip was master of ceremonies for both morning and evening programs.

Olton Spanish Club students carried off one first and one second place award in contest competitions. Olton's boys instrumental ensemble including Wendell Scribner, Robert Priest, Harvie Jordan and Larry Jordan, won first place.

Mary Lou De la Cerda received a second place award for her entry in the handicrafts division. Students from some 29 schools participated in the various contests.

Harvie was named to the cast as one of the most convincing actors of the evening. Judges commended his "excellent stage voice and character interpretation". Harvie was cast as a stubborn Indian father.

Other competing schools with play members named to the all-star cast were Lockney, one girl, Abernathy, one girl, and Muleshoe, with two boys. Those on the cast will receive ribbons signifying their outstanding acting ability among high school students.

J. W. Sollis, principal of Abernathy High School and director of the meet, presented awards.

Judy, in her portrayal of a haughty young Indian maiden, was acclaimed for her stage appearance, diction and teamwork. Judges praised the "empathy" Judy's characterization inspired in the audience.

Such a bond issue, he said, would not even approach the city's legal limit.

Bill McMorries, with McMorries & Associates of Amarillo, said cost of paving to the property owner would run about \$4.25 per front foot.

Not This Year

Consensus was that paving could not be done this year. Proponents of the paving project hope to see their plans carried out during the summer of 1961.

Council members agreed that no action should be taken by the council until after city elections April 5. This would place the responsibility for such action squarely up to the new council.

Leading a Chamber of Commerce & Agriculture civic affairs committee to the special council meeting and hearing was its chairman, Dr. Basil Johns.

Also present were Ransom Gallaway of Eppler, Guerin & Turner, Inc., bond firm; J. M. Baker, vice-president of First of Texas Corporation; and Claude Shelton, Columbia Securities Corporation of Texas.

## No Action To Be Taken In Matter Until After April 5 City Election

All four mayoralty candidates and several aspirants to the city council Tuesday night heard testimony from a bonding company expert on Olton's proposed paving project.

On hand for the hearing, to which they were invited by the incumbent city council, were mayor candidates Lefty Hollingsworth, Basil Sherman, Ed Hestand and Major James. City council candidates present were C. A. Cox, Marshall Stone, Lynn Fite and Clovis Poteet.

Doing much of the talking at the session was Tom Anderlitch, vice-president of First of Texas Corporation.

Mr. Anderlitch said that to be successful, the paving project must be conducted on an assessment basis. Otherwise, he said, the pavement probably would wind up piecemeal and would be highly unsatisfactory.

Present plans for for curb and gutter and paving of about 75 blocks with the city participating 20 percent in the cost of the pavement.

City officials say a bond issue of about \$75,000 would be required to pay the city's part of a 75 block project with the city participating 20 percent. Paving would be done in areas where most interest is shown.

Any area in town where property owners subscribe in sufficient numbers would be paved.

Mr. Anderlitch said servicing of such a \$75,000 bond issue would require about \$5,000 a year over a 20-year period and would not require any raise in taxes in view of the city's present financial structure.

Olton Actors Make All-Star Play Cast

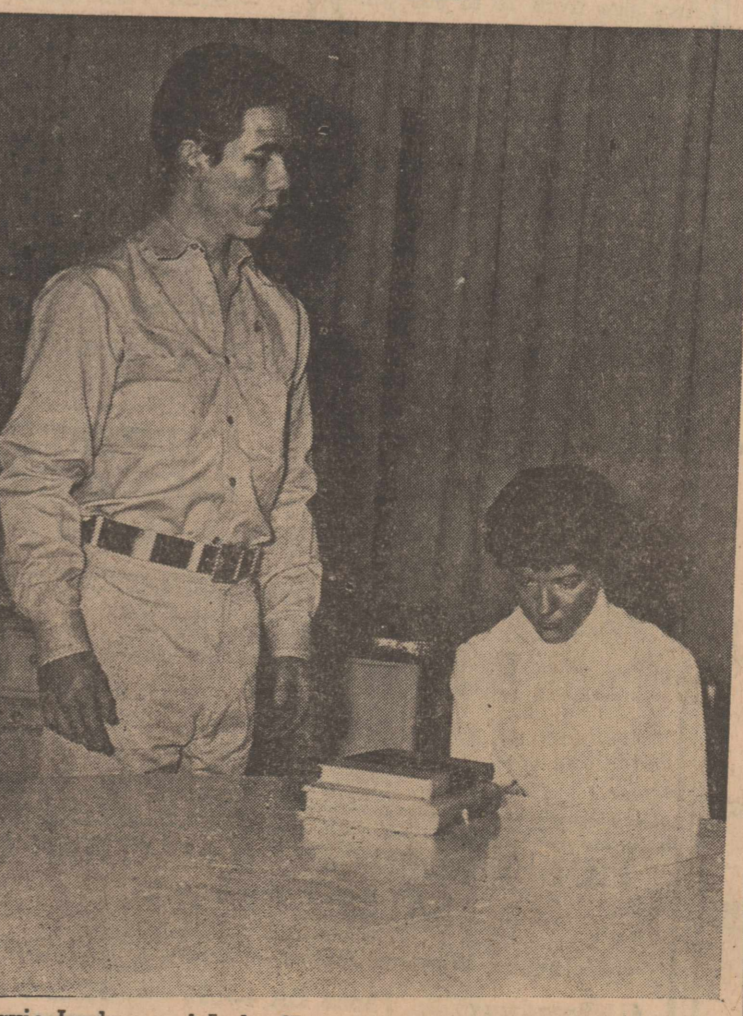

Judith Chester and Harvie Jordan were named to the all-star cast of best actors and actresses in District II One-Act Play competition Tuesday evening.

Harvie was named to the cast as one of the most convincing actors of the evening. Judges commended his "excellent stage voice and character interpretation". Harvie was cast as a stubborn Indian father.

Other competing schools with play members named to the all-star cast were Lockney, one girl, Abernathy, one girl, and Muleshoe, with two boys. Those on the cast will receive ribbons signifying their outstanding acting ability among high school students.

J. W. Sollis, principal of Abernathy High School and director of the meet, presented awards.

## ALL-STARS

Harvie Jordan and Judy Chester depicted an Indian and his educated daughter in the Olton High School one-act play. They were chosen to the all-star cast when the play was presented in interscholastic league at Abernathy this week.

## Olton Play Is Second

Olton High School's One-Act Play took second place in district contest Tuesday night. The play "When The Fire Dies", which had been in rehearsal only two weeks, lost to Muleshoe's "Submerged" which overwhelmed judges with its powerful all-male cast.

"When The Fire Dies", a slice-of-life drama of a modernized Indian family, was pronounced by judge Bernard Landes of the Texas Tech speech department, as "a very close second, but not quite close enough."

Olton thespians competed with other Class AA schools in District II. The contest was held in Abernathy High School. Third place winner in the contest was Abernathy with "Mooncalf Muggford".

Students participating in the play included Judy Chester, Patsy Wozencraft, Gayle McAnally, Terri Gail Hooper and Harvie Jordan. Director of the interscholastic league play was Don Waldrip.

Others assisting in the presentation were Barbara Kirkpatrick, Billy Bryant and Robert Priest. E. J. Moore and Mrs. Waldrip accompanied the group to Abernathy.

Baptist Revival Is Terminated
Rev. Howard Lyons of Plainview held morning and evening services each day last week during a revival at First Baptist Church.
Director of music for the week-long revival was Dr. Joe Trussell of Brownwood. Mrs. Trussell furnished piano music during the meetings.
A "crown choir" composed of children from three departments of the church sang during the evening revival meetings. Director of the primary choir was Jerry Parker, director of music of that church.
Assisting Mr. Parker were Mrs. Parker who was in charge of beginners choir, and Mrs. Trussell, who led the junior choir.
The revival ended Sunday evening at regular worship services.

**Douglas Giles' Are Parents Of Son**

A son was born to Mr. and Mrs. Douglas Giles, Olton, Friday, March 11, in Anson General Hospital, Anson.

The young man was named Douglas, Jr. He weighed 5 pounds, 10 ounces at birth.

The Giles have another son, Charlie, of Ranger Junior College, Ranger.

Maternal grandparents are Mr. and Mrs. C. R. Cox, Norfolk, Va. The paternal grandparents are Mr. and Mrs. V. S. Giles, Dimmitt, and W. E. Shields, Anson, is the paternal great-grandfather.

**VISITS PARENTS**

Mrs. W. H. Nipper and daughter, Jean, of Sterling, Colo., visited last week in the home of her parents, Mr. and Mrs. Bob Starrett.

Mrs. Nipper is the former Norma Starrett. She and her daughter returned home Sunday, after a four-day visit.

**Work Of Masters To Be On Display At Webb School**

Reproductions from the work of the master painters will be on display at H. P. Webb Elementary School during the week of April 4.

This information came this week from Mrs. J. W. Dale, teacher at the school. She said more than 150 pictures will be shown.

Mrs. Dale urged parents to see the collection. "Your children in school are learning to recognize and studying about the artists who painted them. Seeing these pictures will help you keep up with your children."

Tickets for the exhibit will be sold for 15 cents and 35 cents. Proceeds will be used for purchase of pictures for the school.

Mrs. Dale said the school badly needs these pictures.

**Pre-Plant Water Solution Being Sought At HPRF**

Farmers in the High Plains are asking the question "Should I preplant irrigate?" In order to find the answer to this question, soil moisture blocks have been placed in four locations at the High Plains Research Foundation, James Valliant, Water Engineer, announced.

Three of these locations are on Pullman clay loam on three types of land surface, as follows: (1) sloping land, (2) benched land, and (3) gently sloping land.

A fourth location is on Amarillo clay loam in the Southwest section of the Foundation farm.

These blocks are placed at depths of one, two, three, and four feet. Available soil moisture data will be released at weekly intervals with the hope that it may be helpful to farmers in deciding whether to preplant irrigate.

**CARD OF THANKS**

I want to take this means of saying thank you to those who showed so much kindness during my six-week stay in bed after being injured in a fall.

**Concrete Pipe Connects Wells At Halfway**

All wells at the High Plains Research Foundation are now connected by underground concrete lines with the addition of 2138 feet of 15-inch line. This line added to the existing 4050 feet will now service all but a small area of the farm. Also 1291 feet of 12-inch seal gasket concrete

line has been installed.

Another 2800 feet of underground line will complete the system so that no open ditches will be needed for irrigation. Research has shown losses in open ditches because of evaporation, and deep proclation is very high in the High Plains. Underground concrete line eliminates these losses and adds to ease of operation.

### Leading Clothing Manufacturer Recommends SANITONE Dry Cleaning

For the first time in dry cleaning history a major clothing manufacturer recommends a specific dry cleaning process for their garments. All Westervane suits, tailored by Handmacher-Vogel, Inc., world's largest maker of suits, will carry string tags, recommending that the suit be Sanitone Dry Cleaned "to keep the original shape, texture and freshness of the suit." Mr. Handmacher, company president, said that he decided to use the tags "only after exhaustive tests proved to my complete satisfaction that the Sanitone Process did these things."

**Our SANITONE dry cleaning keeps you looking wonderful all the time**

Our Sanitone Soft-Set® Dry Cleaning does more than get garments thoroughly clean. It actually restores the original look and feel to the fabric. Colors glow. Patterns sparkle. And your clothes always come back as soft and fresh as the day you bought them. We invite you to compare our Sanitone Service with any other dry cleaning to prove that you can really see and feel the difference.

### Two Olton Piano Students Get First Ratings

Tomie Covington and Mike Hipp received First Place ratings in Eighth Annual Piano Competition-Festival in Canyon March 5. The two students of Harold Carson performed in Class III, or intermediate competition.

Mr. Carson proudly stated "One hundred-four students were entered in Class III competition and only fourteen first place awards were given. . . . Olton boasted two of these awards."

Ten of Carson's piano students were entered in the festival which was held in West Texas State College. Ratings one through five were given. Olton musicians competed in Class I, signifying advanced classification, and Class

III. Others entered in Class III and their ratings include Judy Kemp, Barry Prestridge, Ilene Platt and Carolyn Carson, second place; and Mary Roberts, third place.

Joanna Lewis and Mike Riley participated in Class I competition. Both students received third place ratings. Judges gave only one first rating in this division.

Piano teacher of the Olton students declared he was "very pleased with ratings of his students as they compared favorably with those received by students of much larger cities."

### Bob Poteet Is Named To Cotton Exchange Post

George Loveless, president of the Lubbock Cotton Exchange, has announced that H. A. (Bob) Poteet has been hired as the new executive secretary of the exchange. Loveless said that Poteet will join the cotton exchange April 15 and will office in the exchange headquarters, 1320 Texas Ave. He will work with D. C. Prince, secretary, for the next few weeks. Prince has handled exchange matters part-time for the past few years. Loveless explained that the exchange is growing constantly in size and that directors and officers felt that it was time a full-time executive secretary was obtained. Poteet was selected from applicants and approved by the board. Poteet, formerly director of field service for the Plains Cotton Growers, Inc., is a native of Olton. He

### Smith Plane Flips In Soft Sand Take-Off

Leo Smith had a narrow escape Sunday afternoon when his 4-place Piper hit some loose sand on the takeoff and flipped over. Damage was estimated at \$3,000. Mr. Smith was not injured. The accident occurred about 2 o'clock on a landing strip at the Smith farm 7 miles northeast of Olton. Mr. Smith was taking off and already had his nose wheel in the air. He had applied full left rudder when one wheel hit some loose sand that had blown onto the strip. It pulled the plane on into the sand and the craft flipped.

is 30 years of age, married and lives with his wife and daughter, Kandice, 3, at 2820 60th St., in Lubbock. He was graduated from Texas Tech in 1955 after having ma-

## German Sprinter Tollett Visitor

Thurston Tollett missed his bus at Vinita, Okla., one day this week and decided to hitch-hike home to see if he could meet someone interesting. He did.

The car that stopped for Thurston was driven by Wolfgang Benz, sometime textile engineer and most of the time a track and field enthusiast. As a matter of fact, Thurston and Wolfgang became so interested in their conversation that Wolfgang detoured off his intended course and visited a few days in the Tollett home.

Wolfgang spoke before the Lions Club. His ideas about politics are as pointed as his ideas about coaching a track team.

He was born about a year before Hitler came to power. He said he became so embittered about Hitler's "big lie" that he feels no allegiance to any country. He said he had rather be a world citizen and has so many friends in countries across the world that he would not bear arms against any country, regardless of provocation.

Wolfgang took up running when he was 15 as a therapy for bronchial asthma. On his first three cross-country races he won second in the county, fifth in the state and second in national competition.

He later shortened his distance until he became a sprinter. When he was 18, he was on the 400-meter relay team which won the national German championship.

A serious accident in which he was struck by a shot thrown by a girl shot put performer laid him up in the hospital for months. He was struck in the head by the ball and was partially paralyzed for several months. He had been on the German Olympic team but the accident dashed his hope for becoming a serious competitor in this great event.

He recovered and returned to the track in 1953 but never again was his old self on the cinder path. He went to Spain in 1955 as a textile engineer and while there dabbled in track coaching.

He claims 25 national records for his teams in Spain. He says his 400 relay team had a 2.2 change off time which he claims is better than accomplished in most cases by American runners.

Wolfgang says he now is working as a textile engineer in Mexico City and also is doing research on effect on athletes of low oxygen content of air at high elevation.

**Walter A. Schultz**  
Nicollet, Minnesota  
"I'm a farmer in Nicollet County, Minnesota. I developed Holstein cattle without horns. I knew the idea had a big future, but I was too tongue-tied with fear to tell folks about it, too scared to get up in front of groups and talk.  
"One Sunday I saw an ad for the Dale Carnegie Course to be given by the Minnesota School of Business in Minneapolis. I drove the hundred miles into the city, went into the hotel lobby, and saw the sign pointing to the ballroom where the meeting was held. But I got cold feet. I couldn't muster enough nerve to enter that room. Pretty soon, I drove back to the farm.  
"A year later, in response to another ad, I tried again, went in and signed up for the Dale Carnegie Course. That was the smartest thing I've ever done in my life.  
"Since then, I have spoken at a lot of colleges, before many large and small agricultural meetings, and on the radio, about my special cattle. As a result, I have been instrumental in starting herds all over the United States and in several foreign countries. In my own state, you can't travel 25 miles without seeing some of the cattle that originally came from my farm.  
"The Dale Carnegie Course was the key that opened the door to all of this."

Joe Foss, Marine Ace, twice-elected Governor, and president of the newly-formed American Football League said:  
"Through the Dale Carnegie Course, I learned to express myself before large groups without losing my individual style of delivery. I cannot recommend this Dale Carnegie Course too highly. It is directly responsible for giving me the confidence I needed and for teaching me how to talk to my audience in a straight-forward, simple way.  
"As a result of taking the Dale Carnegie Course, I now find that giving a speech is a pleasant experience in human relationship rather than a boring duty to perform."

Emmett Harper, a farmer and president of the Olton Chamber of Commerce & Agriculture says:  
"The Dale Carnegie Course has helped me gain confidence and meet the public. I sincerely think it will be of great help to the community to develop leadership ability. Cassie and I are taking the course together at Springlake, our son, Kenneth and his wife, Iva, and our daughter, Jeanavon, will be taking the course here in Olton."

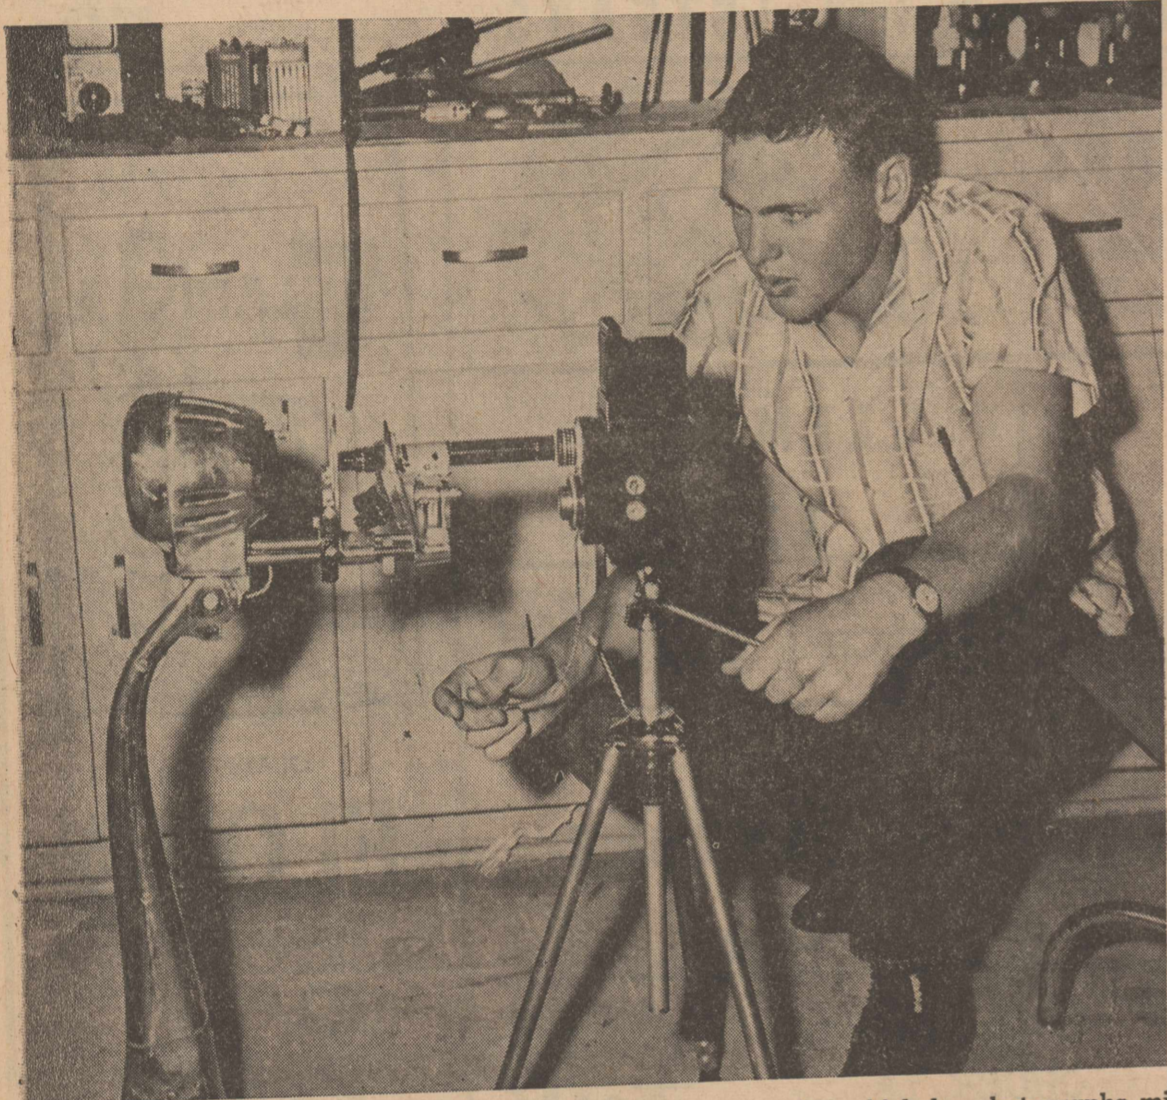

Wayne Cooper, former manager of the Olton Chamber of Commerce & Agriculture said: "I definitely feel the Dale Carnegie Course will help develop more and better leadership in Olton and our community. This in turn will make Olton a better place in which to live, work, and raise our children. In addition I will defy anyone who will really apply themselves, upon the completion of this course, to honestly say the course has not been worth every cent of the enrollment fee."

At last the world-famous Dale Carnegie Course is being offered in Olton! Meetings will be held beginning Friday night, March 25 at 7:07 p. m. in the American Legion Hall. Success-minded and improvement-minded residents of Olton and the surrounding area will meet together one night per week for 14 weeks to improve their abilities to express themselves in business, church, civic, and social contacts; to overcome feelings of inferiority; to develop self-confidence; to increase their poise, polish and personal force both in business and in social contacts; to learn how to sell themselves, their services, their ideas, and their enthusiasm to those they come in contact with; to develop their leadership abilities whether it be in church or in civic affairs; to enable them to get more out of life by applying the principles taught in the book "How to Stop Worrying and Start Living"; to become a better conversationalist; to deal more effectively with people by applying the principles of "How to Win Friends and Influence People"; to make their home lives happier by becoming a better husband, wife, parent, friend or neighbor; to develop some talents that perhaps they did not know they had; to improve their personality and enrich their lives; to increase their ability to remember names, faces and facts, quickly and easily; and to lead a happier, richer, fuller life every day of their lives.

Attend the free, no-obligation meeting to be held: Friday Night, March 25, at 7:07 p. m. in the American Legion Hall in Olton.

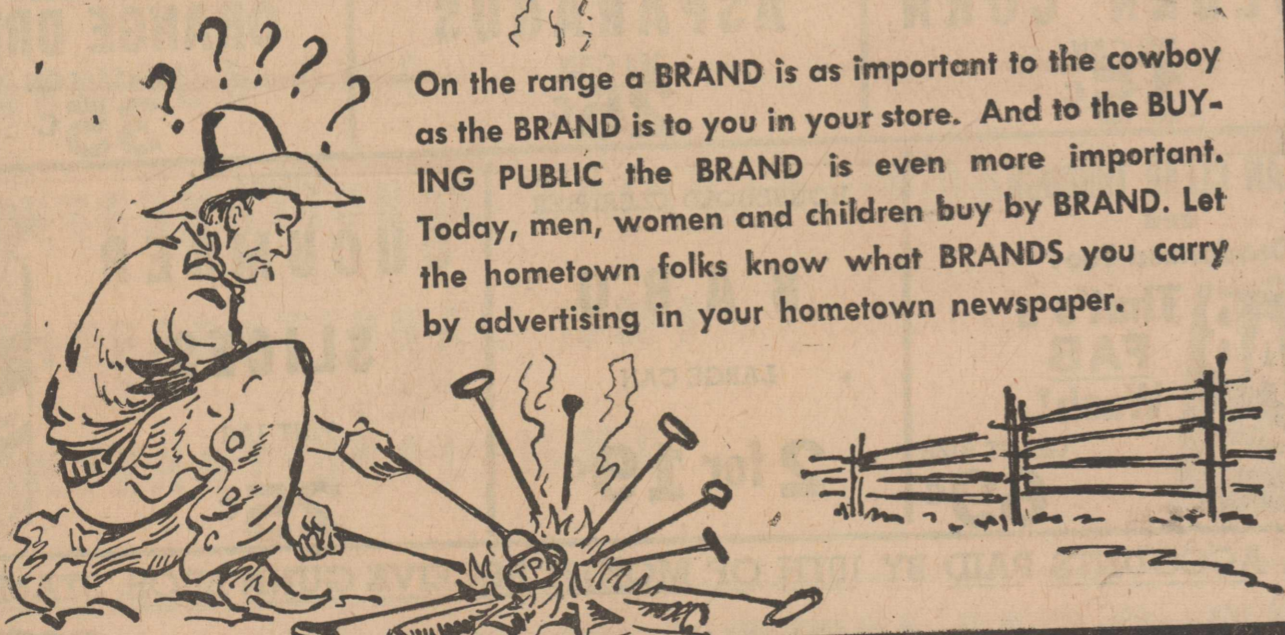

The Dale Carnegie Courses are presented in this area by: WESTERN SALES INSTITUTE James E. "Red" Norman & Associates 2702 21st Street, Lubbock, Texas (Pd. Adv.)

## George Mahon Announces For Re-Election

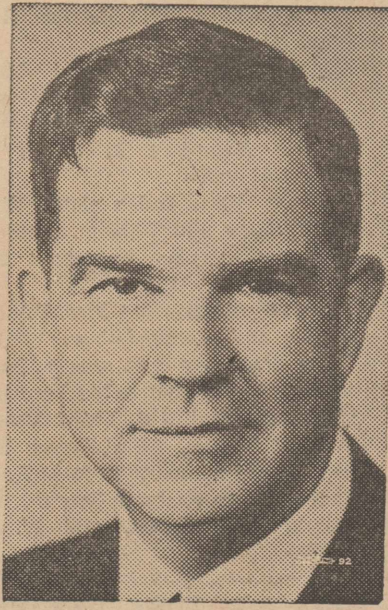

The 19th Congressional District's Representative, George Mahon, has submitted his name to the voters for re-election to another two-year term.

Representative Mahon has officially filed for a place on the ticket in all the counties of his District, and he has asked The Enterprise to make known his candidacy to the public.

The Congressman has no opposition. He has had the endorsement of the voters—without an opponent—for several years.

“It goes without saying,” Representative Mahon said, “that I remain deeply grateful to the people of the 19th District for the confidence they have placed in me. It will always be my earnest desire to serve the nation and West Texas in ways that are right. I continue to be of assistance in requests which come to my office and in legislative matters in the House of Representatives.”

Mahon is ranked as one of the most influential members of the House of Representatives, with ten-
