

Against Springlake

Mustangs Go Minus Duncan

They said this year could be a tough one for Coach Walter Bryan and his Olton Mustangs.

They were right. The Mustangs Wednesday lost the services of their defensive leader, Co-Captain Robert Duncan, with a knee fracture.

"We had troubles enough already," Coach Bryan said, "but we'll show up and give a good account of ourselves."

Duncan will be out at least six weeks, possibly eight, while his injured knee mends. Coach Bryan got the sad news Wednesday afternoon.

The Mustangs meet Springlake here Friday night in their third game of the season. They stand a 1-1 after beating Petersburg, 14-12, and losing to McCamey, 18-14.

It was in the loss to McCamey that Duncan was hurt. He went out late in the game, and was replaced by Freshman Leon Kendall, a 165-pounder.

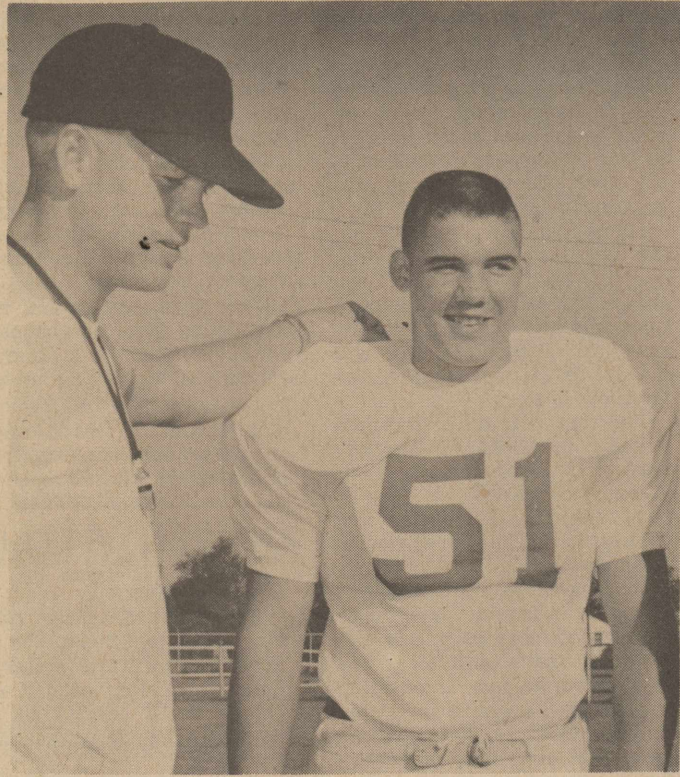

Plans at present call for Kendall to move into Duncan's slot at center.

Springlake will come to town with a team apparently much better than the one Olton beat last year at Springlake, 32-13.

The Class A Wolverines have beaten a pair of Class B schools so far, Bovina by 14-0 and Hart by 31-0.

Bovina battled tough Farwell before going down, 6-0, and the Ponies know how good Farwell is, from a scrimmage early this year. If comparative scores mean anything (and they usually don't), then Springlake may be as tough as Farwell.

Team leaders for the Wolverines are a pair of fast-stepping backs, Hal Hudson and Dale Dent. Both ran well against Olton last year. Also in the Springlake line-up is Steve Holt, a boy who played on the Olton B-team last year. Holt has grown to 160 pounds and mans a tackle post.

OUT OF THE LINE-UP—Coach Walter Bryan lost the services of All-District and All-South Plains linebacker Robert Duncan this week. Duncan learned Wednesday he suffered a knee fracture in the McCamey-Olton ball game. He'll be out six to eight weeks.

Howard Hall Picks 11, Wins Contest

A fellow who's been picking football games for years broke the youngsters' monopoly on the Enterprise football contest this week.

Howard Hall picked 11 of 13 games right and succeeds Bobby Turner, the youngster who won last week.

Two other contestants matched Hall's number of correct guesses, but he shaded them on the tiebreakers.

Second place went to Jerry Meyer, with Rande Buchenau taking third.

Hall wins \$10, Meyer \$6 and Buchenau \$4. You can enter the contest for this week by picking up a Sept. 7 issue of the Enterprise and turning your entry in to any of the sponsoring merchants.

Chances are there'll be a new winner, because past results show it's hard for a prognosticator to repeat.

Telephone Open House Next Week

Open house at the new General Telephone building will be held in Olton next Wednesday from 2-5 p.m.

"We are anxious for every one to come and look around," Bob Saunders, district manager, said this week.

"I feel people will especially enjoy the dial demonstration and the showmobile which shows the latest modern telephone equipment," he added.

Besides the showmobile, the open house will feature guided tours, exhibits, demonstrations and favors.

Before the change to dial here April 13, the local office, a part of General Telephone Company of the Southwest, had 400 lines. Now Olton has 1,000 lines, according to Saunders.

There are 971 telephones in Olton now, compared with 564 in 1953 and 665 in 1956.

With the April changeover here, a new numbering system, known as the all numerical calling plan (ANC) was installed. Each telephone number is now composed of seven digits.

This replaced Olton's old four digit scheme. Master office for the Olton exchange is Littlefield.

Josie Arrolls Is Queen Of Spanish Fiesta

The Spanish Fiesta will be held Friday at the Latin American Center. Starting at 5 p.m. the merchants will provide them with a barbecue.

At 8 p.m. the coronation of the queen will take place. The queen to be crowned will be Miss Josie Arrolls. Second place goes to Miss Rosia Rodriguez, and third place to Mary Lou Saldivar. Also serving the queen as two more attendants will be Virginia Ramos and Delia Sosa.

These girls won their titles by getting the most votes from people putting pennies into the jars in different stores around town.

After the coronation of the queen there will be a dance starting at 9 p.m.

ORC Women Win Plains Golf Title

The Women's Golf Association at the ORC won high point club for the year in the High Plains Golf Association this week.

The Elizabeth Nesbitt Traveling Trophy was given to the club for this achievement. The trophy was donated by Elizabeth Nesbitt, president of the High Plains association.

Olton women will keep the trophy, awarded them Tuesday after a meet at Clovis, N.M., until a new winner is announced next year.

Points are achieved by low putts and low net.

Returning triumphant from the Clovis meet were Florence Malone, Juanita Cottrell, Fannie Clark, Nettie Hall, Billie Edwards, Nadine Weaver, Ruth Straw, Mable Mathis and Wroena Thurman.

Billie Edwards, first flight, won low gross, 100; low putts, 27; tied for low net of the field, 76.

Mabel Mathis, third flight, won low net with a 76.

Big Year Ahead For Olton Band

Sometimes it is hard for a teacher to enter a new school and take over a new job at almost the last minute.

But this doesn't seem to phase Jimmy Priest, Olton's new band and choir director.

Full of enthusiasm for the coming year, Priest said early this week:

"With a little more experience and practice, this 86-piece band has great possibilities."

"I want to especially commend the drum majors, Bobby Lynn Tollett and Barry Prestridge, for their hard work and enthusiasm, which boosts the morale of the other band members."

"Among the activities planned for the band this year are marching in the Lubbock South Plains Fair on Sept. 25, the ENMU Homecoming Parade in October and of course, the Olton Homecoming Parade on Oct. 13," Priest continued.

"We plan to give a Christmas Concert and possibly a concert before the band goes to contest in the spring. Maybe a Graduation Concert, too," he added.

In addition to the bands in the Olton schools, Priest is director of the High School Choir.

Priest is a 1955 graduate of Olton High School and was graduated from Eastern New Mexico University in 1959. He taught last year in the Alta Vista Junior High School in Carlsbad, N.M.

After the first week of band rehearsals, Priest was firm about one thing.

"It's sure nice to be home," he declared.

Housing Project Note Received

The \$2,400 note to be used for planning funds for 12 new low-rent housing units to be built in Olton in the near future was received here recently, according to Dick Whiteley, manager of Chamber of Commerce and Agriculture.

The United States Government authorized the money for the project about three weeks ago.

Whiteley said the note would be signed by members of the housing committee and Olton State Bank will sign an agreement to be the depository bank. The note probably will be returned this week.

This money will be used in locating building sites and preliminary work. The rest of the money for the building project, or the full loan, will be paid by the government after construction starts.

The preliminary survey has to be completed in 90 days after receiving the money, according to Whiteley.

When the money would be received was not known.

Members of the committee, which was appointed by the City Council, are Basil Sherman, Edd Hestand, Charlie Polk, Charles Sullivan and Dr. Basil Johns.

IN ELECTRA
Mr. and Mrs. Bob Worley were in Electra Sunday due to the death of a friend, Mrs. Roxie Walters. They also visited in the home of Mrs. Susie Worley, his mother.

Council Ponders Delinquent Taxes

City Okays Addition To Jail

City councilmen Tuesday night kicked around the idea of making a general, intensive campaign to collect delinquent taxes here.

The council went so far as to ask City Attorney Gene Owen about legal procedures on collection of back taxes.

City officials finally tabled the matter, but they got into it deep enough apparently to warrant more discussion at next month's session.

"It's not fair to the rest of the taxpayers to let a few just go on and on without paying," said one councilman. He drew quick agreement from the rest of the group.

Discussion of taxes and proposals for a Negro youth center, a curfew for teenagers and a television cable proposition took up much of the council's time at its regular meeting Tuesday night.

The Council voted to reimburse \$1.00 per front foot to these residents who can show proof they paid for paving on 9th Street when it was paved in 1955.

The group also okayed plans to secure bids on the building of an addition to the jail. Used cell units purchased recently from Hereford will be installed at the rear of the present jail.

The proposal for a Negro youth center, voiced by a group of four from the Negro section of town, received a sympathetic hearing from the council, but was not offered any financial assistance from the city.

The council suggested the group attempt to set up more youth activities through their churches.

Turning to other matters, the council decided to table a request by two Denver City men for a 25-year franchise for television cable service here.

The men, Don Hancock and Claude Freeman, are seeking franchises in numerous towns, and have obtained them in several.

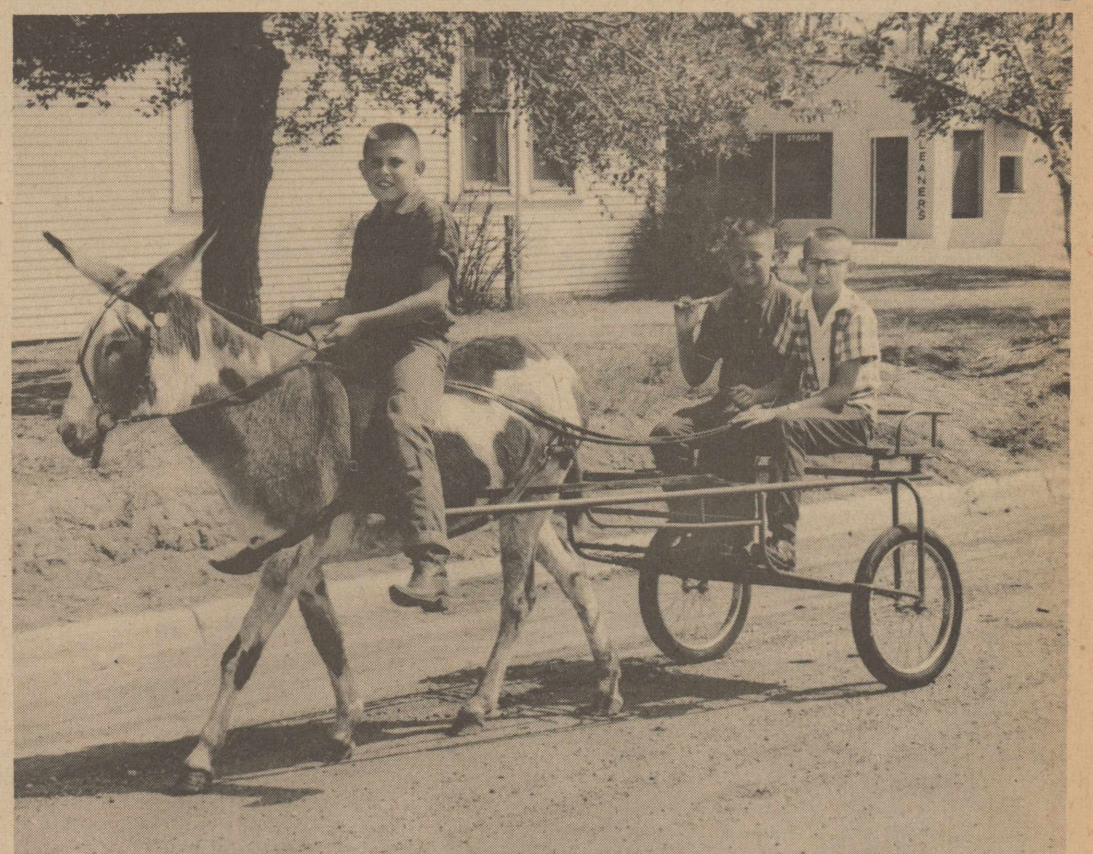

Their idea is to bring closed circuit programs, pay television and locally originated telecasts to such areas as Olton.

The council told Hancock and Freeman it would need time to check into their proposal.

Once again, the idea of a curfew for teenagers was discussed by the council, but no action was taken.

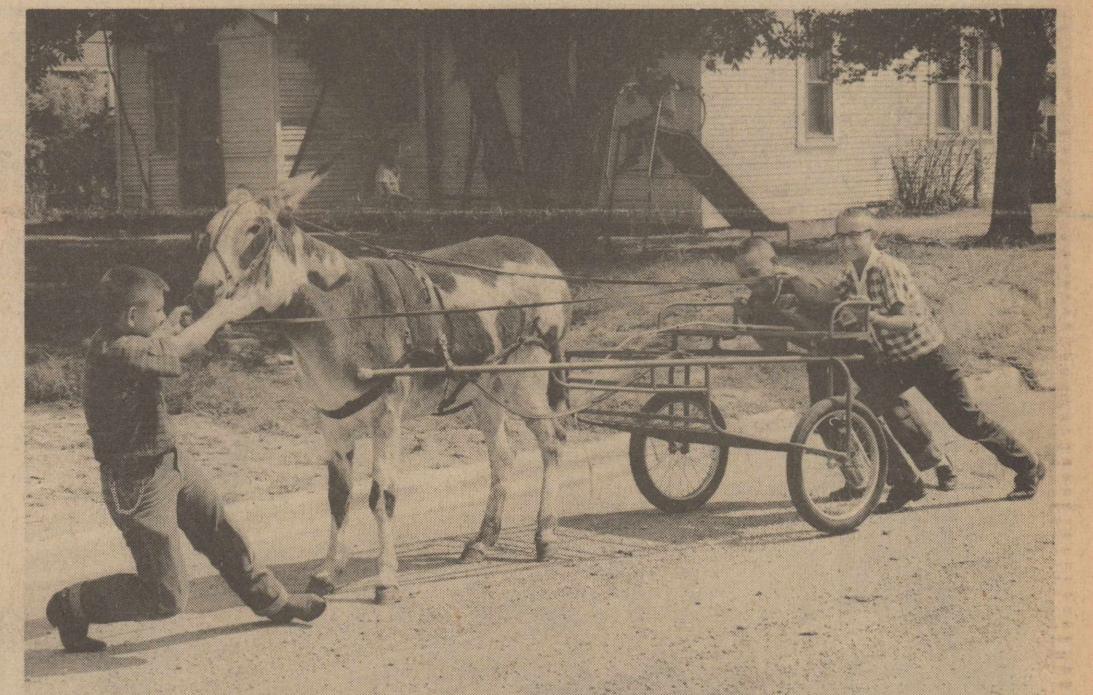

Mayor M.T. James Jr. told the group of a recent meeting in which area mayors and police chiefs discussed establishing a curfew in many towns in the Plainview area.

James said it appeared several area towns might establish a curfew and that Olton may want to consider it.

All The Comforts of A Fine Car Ride.....

JERRY CADDEL, 12-year-old son of Mr. and Mrs. George Caddel, took a couple of friends for a ride one day last week, using his Genny, "Geronimo," and a cart to provide the transportation. Most of the time Geronimo is cooperative, says Jerry.

.....Until Genny Takes A Different Notion

ONCE IN A WHILE, though, Geronimo goes on a strike, and it takes all three boys to get her going again. Helping Jerry are Bruce Hines, 11, left, son of Mr. and Mrs. Melvin Hines, and Billy White, 12, son of Mr. and Mrs. Alfred White.

Hooper-Brown Fund Started

A Love Offering Fund for Kenneth Hooper and Robin Brown, who are in Methodist Hospital, Lubbock, was begun here last Friday night at the ball game.

Announcement of the fund was also made in most churches Sunday morning.

Both of the boys were reported as being improved this week.

"Perhaps some one in our community has not heard about this fund and would appreciate the opportunity to share in it," J.C. Hamby, chairman of the fund committee said this week.

"If so, you may do so by seeing Gene Trotter at the bank who has charge of the fund."

MMMM-GOOD seemed to be general comment at the Farmers-Merchants Dinner held in the school cafeteria last Thursday. Approximately 200 attended the feast, sponsored by the Olton Chamber of Commerce and Agriculture.

Merchants purchased all tickets for the affair and farmers were "treated." Plans now are to make the dinner an annual event.

Langford-Hall Exchange Vows Here In Double Ring Ceremony

The Main Street Church of Christ was the scene Sunday afternoon for the wedding of Miss Tana Darleen Langford, daughter of Mr. and Mrs. Bill Langford, and Arno Edward Hall, son of Mr. and Mrs. E.E. Hall. Brother E.R. Higgins of Lubbock Christian College performed the double-ring ceremony.

Given in marriage by her father, the bride wore white hand-clipped chantilly lace combined with taffeta in a beautiful ballerina-length gown. The fitted bodice of hand-clipped chantilly lace had a scooped neck, long slender sleeves and joined a full taffeta skirt with princess-line midriff accented with applique of lace. Cut with circular fullness, the skirt was high-lighted at center back with fullness laid in pleats framed with folds of taffeta with applique of lace.

Her bridal veil was shoulder length of French silk illusion attached to a tiny cap decorated with pearls. She carried a white Bible topped with a cascade bouquet of gardenias and feathered mums.

The bride chose "something old, something new, something borrowed and blue" to complete her wedding ensemble. She wore a pinny minted in the year of her Grandmother Bull's birth, 1907, in her left shoe and a penny minted in the year of her birth, 1945, in her right shoe for something old. She carried her Grandmother Langford's wedding band for something borrowed. Her dress was the something new and she also wore

a blue garter for the something blue. The Broadway Church of Christ Chorus from Lubbock hummed the wedding march and then sang it as the bride came down the aisle. Horace Coffman, a member of this chorus, sang "Whiter Thou Goest" and "Pledge of Love" and the complete chorus sang "The Wedding Prayer." An arch decorated with greenery and white mums was

flanked by white candelabra decorated also with greenery and white mums. Reserved pews were marked with blue bows. Maid of honor was Miss Cherry Langford, sister of the bride. Miss Robbie Langford served her sister as bridesmaid. They were attired in identical dresses of blue brocade with rounded neckline, cap sleeves and full skirts. They wore matching blue brocade shoes. They wore small blue flowered head pieces and carried bouquets of gardenias and feathered mums.

Roger Hall, brother of the bridegroom, assisted Steve Exter, cousin of the bride, in lighting the candles. T.J. Smith served as best man and Jerry Peterson served as groomsman. Ushers were Charlie Giles and Buddy Nicholson.

Mrs. T.J. Smith and Bobbie Campbell registered the guests at the wedding.

For her daughter's wedding, Mrs. Langford chose a royal blue sheath dress with a blouson bodice and three-quarter length sleeves. She wore black accessories. Mrs. Hall chose a beige lace sheath dress with rounded neckline and brown accessories for her son's wedding. Both wore gardenia corsages.

The reception was given in the home of the bride's parents immediately following the ceremony. Misses Cheryl Poet, Kay Cherry, and Linda Pickrell presided at the serving table. Registering guests were Sammie Clark and Billie Beasley. The wedding guests were received by the bride and groom, their parents and the matron of honor and bridesmaid before they were served with punch and white cake decorated in blue.

Laid with a white embroidered nylon organdy cloth, the reception table was centered with a three-tiered white wedding cake, topped with a miniature bride and groom. Appointments of crystal were used. Tiny blue napkins which bore the words Arno and Darleen also decorated the table.

Guests registering from out-of-town were Mr. and Mrs. E.H. Bulls, grandparents of the bride. Portales, N.M.; Mrs. W.C. Hall, bridegroom's grandmother, Cotton Center; Mr. and Mrs. Lester McDermott, Dimmitt; Mr. and Mrs. W.B. Flournoy, Levelland; Misses Shirley Cherry and Brenda Pierce, Amarillo; and Keith Aderholt, Fritch.

Black accessories complemented the multi-colored wool suit that the bride chose for a traveling outfit and she wore the corsage of gardenias from

LETTER TO THE EDITOR

Dear Editor,
We, the Student Council of Olton High School, wish to use your publication as a means of appealing to the civic organizations and businessmen of our city to support the 1961 Homecoming of OHS.

Unless we receive the support of persons outside of our school, we will not be permitted to sponsor one of the highlights of the homecoming--the Homecoming Parade.

Even though our school organizations participate in the parade by entering floats, we must be assured of the interest of the townspeople evidenced by their floats and vehicles entered in the parade.

Homecoming is not for us, the present students of OHS, but for the ex-students. Even though the majority of the businessmen and women are graduates of Olton, they also are the hosts to their classmates from out of town.

We feel that the merchants will be benefited by the display of their products to those viewing the parade and thus be rewarded for their time and energy given the preparation of entries.

We ask those merchants and civic organizations desiring to help create this parade to call the principal's office at the high school as soon as possible because the event is scheduled Friday, Oct. 13. For convenience and simplicity in choosing a winner, we have selected "Moments to Remember" as the theme.

Shower Set

There will be a bridal shower honoring Mrs. Jerry Fancher Wednesday, Sept. 20, from 3 to 5 p.m. in the home of Mrs. Ott Patterson, 4 1/2 miles east of Olton.

The public is invited to attend.

her bridal bouquet.

The bride attended Olton High School where she played basketball and was in the band. The groom graduated from Olton High School in 1959 and attended Ranger Junior College and Wayland Baptist College. While in high school he was football captain, senior favorite and basketball captain.

After their wedding trip to Denver, Colo., the couple will make their home in Olton where the bridegroom is engaged in farming.

EDITORIALS

Discourteous Or Not?

A situation that occasionally crops up in Olton involves, we feel, a basic, though probably unintentional, discourtesy to local merchants.

Local custom replaces the use of invitations to bridal showers with notices posted on the doors and in the windows of stores.

The custom is a long established one in Olton and most people seem to feel it serves the purpose better here. Fine.

However, when these signs inform the reader that the bride's chosen presents may be purchased in another town, the Olton merchant may find himself in a rather awkward position.

Most local businessmen, this paper included, have over the years conducted numerous campaigns to convince Olton people to trade where their money benefits them--at home.

Yet, they are asked to display a sign advocating just the opposite. On the other hand, no one wants to offend a friend by refusing to display the notices.

It should be made clear that we have no particular case in mind and that we would never take it upon ourselves to tell

any bride that she must make her selections in Olton. This is no one's business but her own. We would, in fact, be the first to defend her freedom of choice.

The question raised here is simply whether or not a person should be asked to display a sign in his place of business that suggests a practice which he has taken a firm stand against.

We are only too well aware that there are some articles which cannot be purchased in Olton. This is one of the reasons for our "Buy-At-Home" campaigns. This is the only way that our merchants can grow and expand their services and selections.

After a check this week, however, it was found that the customary bridal selections--china, silver and crystal--are either available in Olton or can be ordered upon request.

We sincerely feel that in those situations where selections are made out of town, some other system of invitation should be used or the name of the business should be omitted.

It's sort of like asking a Baptist preacher to put a sign on his pulpit saying: "Try the Methodists first."

AN OPEN LETTER TO DRIVERS

Dr. Mr. Driver:

Today my daughter, who is six years old, went to school. She wore a dark blue dress with a white collar, black shoes and blue socks. Her cocker spaniel, Scoot, sat on the front porch and whined his canine belief in the folly of education as she waved goodbye.

Tonight, we talked about school. She told me about the girl who sits in front of her, the little girl with the yellow curls, and the boy across the aisle who makes funny faces.

She told me about her teacher, who has eyes in the back of her head, about the school yard, and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things. . . tremendously vital, important things.

We studied spelling, reading and writing, and then to bed.

She is there now, in her room, sound asleep. And "Princess Elizabeth" (her doll) is cuddled in her arm.

You guys wouldn't hurt her, would you? You see, when her doll's finger is cut, or when a leg is broken, I can fix it. But when my little girl goes to school, when she walks across the street, . . . well, then she is in your hands.

She's a nice kid. She can run like a deer, and darts about like a chipmunk. She likes to ride her tricycle and go for a walk with me on Sunday afternoon.

But I can't be with her all the time. I have to work to pay for her clothes and education. So, won't you please look out for her and the other children.

Please drive slowly past the schools and intersections. . . and please remember that children forget. . . you must not.

A Father.

Bobby Needs Score Card

The picture of Bobby Kennedy discussing Berlin with a skilled and high-ranking Soviet diplomat came chillingly to mind on August 20th when the New York Herald Tribune published this story filed by its Foreign Staff:

"On his way back from the Ivory Coast where he represented the President at Independence Day celebrations, Attorney General Robert F. Kennedy fell into conversation with a newsmen in Paris. The name of Ghana President Kwame Nkrumah came up. "We're against him," said Kennedy flatly.

"No, Bob. We're not," said the newsmen. "Why your brother had him on a state visit in Washington."

"Well I think we're against him, but

I'll check," said the Attorney General. He went to his hotel room, came back in about ten minutes later and said:

"Yeah, you're right. I looked him up on the cards and we're for him."

FOREIGN AID

Unless our situation changes dramatically, every dollar made available for (foreign aid) loans will be added to the national debt and Americans will pay interest on it for many years to come. To have the lender rather than the borrower pay the interest is a novel departure in banking. --Rep. Frank T. Bow

MRS. TEDDY JACK ESTES

Scheller-Estes Vows Said In Hearne Ceremony Friday

Miss Billye Jo Scheller and Teddy Jack Estes were united in marriage Friday evening, Sept. 8, in the Calvary Baptist Church at Hearne.

The bride is the daughter of Mr. and Mrs. L. W. Scheller, 305 Easterwood, Hearne, and Teddy Jack is the son of Mr. and Mrs. J. C. Estes, Olton.

Rev. H. Wasson read the double ring ceremony. Miss Patsy Brewer played a prelude of nuptial selections on the organ.

A basket of white gladioli

and stock decorated the center of the church where the wedding vows were exchanged.

Beautiful in a waltz-length gown of net over taffeta, the bride was given in marriage by her father. Her gown was enhanced by an allusion of pearls with a peter pan collar and finger-length sleeves of lace.

A tiara of pearls held the elbow length veil in place. Her corsage was of white carnations with a white orchid in the center.

Maid of honor was Miss Sandy Scheller, Hearne, sister of the bride. She was attired in a green dress of peau de sau complimented with green satin shoes. Her bouquet was of pink carnations.

Serving the groom as best man was Jon Few, roommate

Thompson-Riney Wedding Plans Are Revealed

Mr. and Mrs. L. C. Thompson of Silverton announce the engagement and approaching marriage of their daughter, La Guan, to Jesse Joe Riney of Lubbock. Parents of the prospective bridegroom are Mr. and Mrs. J. B. Riney of Olton.

The bride is a graduate of Silverton High School and is now a student at Jessie Lee's Beauty School. The groom is a graduate of Olton High School and is presently employed by Simplex Time Company of Lubbock.

Wedding vows will be exchanged Oct. 19 in the Silverton Baptist Church.

Mothers who attended were Anne Nicholas, Naomi Machen, Gayle Allcorn, Shirley Dodson, Peggy DePrang, Jo Light, Loy Doggett, and Iva Harper.

MR. AND MRS. DAVID METCALF

Wells-Metcalf Vows Read In Littlefield Ceremony

St. Martin Lutheran Church, Littlefield, was the scene Thursday, Sept. 7, at 7:30, for the wedding of Miss Myra Dell Wells, daughter of Mr. and Mrs. J. W. Wells, Littlefield, and David Henry Metcalf, son of Mr. and Mrs. L. P. Metcalf, Friona. The Rev. Roy Grote performed the double-ring ceremony.

Lovely in a gown of peau de soie and French alencon lace, the bride was escorted and given in marriage by her father. The fitted bodice of the gown was skillfully accented with a scalloped neckline and embroidered with tiny seed pearls. The long sleeves tapered to petal points over the hands. The alencon lace flowed into a graceful overskirt, and handmade white satin roses ac-

cented the full bell skirt of peau de soie which swept into a chapel train. The gown was made by a close friend of the family.

Her fingertip veil of french silk illusion was caught by a cluster of pearlized blossoms. She carried an orchid surrounded by french carnations and stephanotis atop a white Bible.

Judy Bryant, Amherst, played the traditional wedding march. Linda Pickrell, Olton, cousin of the bride, sang "Because" and "Whither Thou Goest".

The altar was decorated with two large arrangements of white gladioli and white mums on each side of a gold cross. Four candelabras with two baskets of white gladioli and mums completed the church decorations.

Maid of honor was Othana Smith, Littlefield. Bridesmaids were Sue Moore and Carolyn Osthus, Hart Camp; Renee Givens, Olton; and junior bridesmaid, Romona Neinast, Spade, cousin of the bride. The were attired in identical dresses of lilac organza over taffeta, with self material cummerbunds and matching chantilly lace short jackets. Self material pill box puffed hats offset with nylon tulle veils completed the bridesmaids dresses.

The maid of honor carried a bouquet of white french carnations showered with stephanotis and satin lilac and white streamers. The bridesmaids and the junior bridesmaid carried bouquets of french white carnations with white satin streamers.

Flower girl, Cindy Neinast, Spade, cousin of the bride, candlelighters Gay Nicholas, Littlefield, and Shannon Neinast, Olton, cousin of the bride, were attired in dresses identical to the bridesmaids except they wore a ribbon bow in their hair made of the self material.

Ring bearer was Ronnie Williams of El Paso, nephew of the bridegroom.

Gene Askew of Odessa served as best man. Groomsman were Jerry Eakins, Lubbock, brother-in-law of the bridegroom, Paul Nicholas, Leveland, brother of the bride. Junior groomsman was Johnnie Neinast, cousin of the bride, Earth. Ushers were Ronnie Grant, Littlefield, and Danny Chester, Littlefield, cousin of the bride.

For her daughter's wedding, Mrs. Wells chose a rust-colored sheath of peau de soie with short fitted jacket and brown accessories accented by a green orchid corsage. Mrs. Metcalf wore a royal blue crepe dress with royal blue and black accessories and a white orchid corsage.

The reception following the ceremony was in the church educational building.

The bride's table was covered with white net over white centered with crystal candelabra with white candles, the bride's bouquet and the three tiered wedding cake. The cake was decorated with shades of lilac flowers and topped with a miniature bride and groom. A silver coffee tray, china and crystal completed the table.

THE HART BEAT

Sept. 14

A SUPPLEMENT TO THE OLTON ENTERPRISE

First Bale Of Cotton Ginned At Hart

Travis Bundick, who farms seven miles south of Hart, brought in Hart's first bale of cotton to Hart of the Plains Gin, Inc. Tuesday.

The 450-pound was ginned at 7:45 p.m. Tuesday.

The gin paid Bundick 50 cents a pound for the bale, plus \$100 a ton for the seed, according to L.J. Rice, manager. The

gin also gave free ginning and wrapping on the first bale.

Ginning was from 1,900 pounds of seed cotton. Total seed was 800 pounds.

Bundick, who farms the F.M. Holland place, planted the Paymaster 54-B cotton on April 23, after pre-watering.

He watered twice after planting and put on 60 pounds of anhydrous ammonia.

The cotton was pulled in 4 1/2 hours from 15 acres. A crew of 15 did the job.

Hart Couple Have Twin Boys

Twin boys were born to Mr. and Mrs. Cecil English Saturday, Sept. 9, at 1:40 p.m. and one at 1:50 p.m. One weighed approximately 1 lb. and 13 ozs. and one approximately 2 lbs. and 4 ozs. They were born at the Plainview Hospital and Clinic in Plainview. The twins are reported to be doing fair.

Grandparents are Mr. and Mrs. Earnest Martin of Hart and Mr. and Mrs. Wade English of California.

Mr. English is ill in the John Sealey Hospital in Galveston. Mrs. English was released from the hospital Monday but the twins will have to stay a while longer.

WSG District Has Fall Meet Sunday At Hart

The Wesleyan Service Guilds of the Plainview District had their fall meeting at the Hart Methodist Church Sunday, Sept. 10. Guilds from Turkey, Sudan, Kress, Olton, Tulla, Dimmitt, Hale Center, Bovina, Floydada, Lockney, Plainview and Hart were represented.

Ninety-five persons were served at the Salad Luncheon in the Fellowship Hall preceding the meeting.

The theme of the meeting was "The Faith That Compels Us." Miss Mary Hershey of Dimmitt sang "How Great Thou Art" as a special number.

Miss Evelyn Vineyard of Plainview presided over the business meeting as district president. Miss Earlene Walker of Lubbock gave the devotional. The benediction was given by Mrs. Lee Crouch of Hart.

Hart FFA Boys To "Run City" September 30

Permission to "run the city" was granted the Hart FFA chapter at the last regular city council meeting.

The chapter elected their officials to assume duty Sept. 30 as follows:

Mayor, Larry Lee; chief of police, John Smith; city commissioners, Wilburn Brooks, Johnny Kittrell and Mike Reed; judge, Lanny Tucker; city clerk, Jack Witten; garbage disposal, Mike Morrison; fire chief, Guy Scoggin; town jailor, Joe Rubalcaba; dog catcher, Eufemio Rubalcaba.

Some of the things the new officials will be watching for include jay walking, backing across street, failure to honor right of way, disturbing peace, unsanitary garbage disposal, loitering on public street, spit-

ting on street, littering streets and roads and illegal parking. Fines will run from minimum of 50¢ per offense to a maximum of \$1.

City jailor Joe Rubalcaba has announced that fines may be "laid out" in the "cooler" at the rate of 50¢ per hour.

All chapter members will participate in the activities.

Sewer, Water Money Approved

Hart voters approved two city bond issues totaling \$165,000 for water works improvements and construction of a sewer system in a special bond election held Friday.

Voters voted 69-30 in favor of a \$70,000 revenue bond for water works improvement and extension. Revenues from the city water system will be used to retire the bond.

A \$95,000 tax bond to construct the city's first sewer system was approved by a 74-

26 vote. This bond will bring an increase in the city tax rate of \$1.35 to \$1.50 per \$100 valuation.

Total cost of the sewer system and new disposal plant will be \$110,000 according to Mayor Ed Harris.

Cost of providing transmission and sewer outfall lines, a pump station and disposal facilities for the city is estimated at \$52,000. Of this amount, \$15,000 is expected to come from a federal grant.

Longhorns Defeated 31-0 By Springlake Wolverines

The Hart Longhorns took a 31-0 defeat by the Springlake Wolverines Friday night in a game played at Springlake.

In the first quarter, Springlake's Hal Hudson scored on the keeper play and then scored the extra points. Later in the period Hudson passed to End Darrell Barlow on a 35-yard scoring play but the PAT failed.

Halfback Troy Laymen hit the scoring column in the third quarter when he accounted for a safety. Roul Munoz, guard, also accounted for a safety in the period.

This was followed by a 13-point spree in the second quar-

ter to hand the Wolverines their 31 point total for the night.

This Friday night Hart will meet New Deal there.

Training School For GS Workers Starts Tuesday

The Girl Scout Leaders and Committee members will meet Sept. 19 to Sept. 22 at the Hart Legion Hall for a training school held by Mrs. Norma Patterson of Plainview.

Each adult member is asked to be present the first day. Classes will begin in the mornings at 9 a.m. and last until 2 p.m. A Leader for Senior Girl Scouts is needed.

MRS. LARRY TIMMINS

Gallaway-Timmings Wed At First Methodist Here

Cecilia Rhea Gallaway became the bride of Larry Gene Timmings Tuesday night, Sept. 5, in the First Methodist Church, Olton. The double ring ceremony was read by the Rev. Wilbur T. Gaede.

Parents of the bride are Mr. and Mrs. C.C. Gallaway of Olton. The bridegroom's parents are Mr. and Mrs. C.E. Timmings of Littlefield.

An archway flanked by white tapers and baskets of white gladioli and mums decorated the center of the church.

Mrs. Delmer Givens played a prelude of nuptial selections on the organ and Miss Joanna Lewis sang "Whither Thou Goest" and "I Love You Truly", then accompanied by Miss Nancy Critchfield, they both sang "Oh Perfect Love."

Given in marriage by her father, the bride wore a ball-length gown of white lace over taffeta. Her dress was fashioned with a full circular skirt and a short fitted jacket. The jacket had tiny satin buttons to the waist, a high neckline and long tapered sleeves.

A small veil of tulle was held in place by a tiara of rhinestones. Her bridal bouquet was fashioned of white carnations and lily of the valley surrounding a heart of rhinestones.

Miss Janice Gallaway attended her sister as maid of honor. She was attired in a dress of pink brocade. It was fashioned with a scooped neckline and three-quarter length sleeves. It was street-length and featured a gathered skirt. She carried a nosegay bouquet of white carnations and pink rose buds with white streamers.

Clyde Gallaway, brother of

the bride, and Jerolyn Timmings, sister of the bridegroom, lighted the candles.

Ron Rogers served as best man. Ushers were Phil Neinst and Fred Riney of Hart Camp and Lester Hines.

The Fellowship Hall of the First Methodist Church was the scene for the reception held immediately following the ceremony.

The reception table was laid with a white marquisette tablecloth over pink. The centerpiece was made up of the maid of honor's bouquet and white milk glass candlesticks. The house party consisted of Misses Lonna May, Sharon Smith, Nancy Brown, Becky Hall and Shirley Cole.

Judy Dennis, cousin of the bride, registered the guests. Those registering from out-of-town were: Mr. and Mrs. A.D. Dellis and family, Plainview; Mrs. Edwin Oliver, Hart Camp; Mrs. Lee Holden, Hart Camp; Mr. and Mrs. Adolph Dukatnik and family, Witharral; Mrs. Sammie Wheeler, Hart Camp; Mrs. Phil Neinst, Hart Camp; Rev. and Mrs. W.T. Pugh, Oklahoma City, Okla.; Mr. and Mrs. Delbert Timmings and family, Witharral; Mrs. Jack Moore and Sue, Hart Camp. For a wedding trip to Cloudcroft, N.M., the bride chose an orchid sheath dress.

Both the bride and the bridegroom graduated from Olton High School in 1961 and the bridegroom is now serving in the U.S. Navy. At the present the bridegroom is serving six months sea duty after which the bride will join him. They will make their first home in San Diego, California.

Mustangs Lose Tough One To McCamey

OLTON ENTERPRISE

Section 2

Sept. 14, 1961

Three-touchdown underdog Olton rose up to scrap McCamey's Badgers right down to the wire here last Friday night before losing, 18-14.

The Ponies made it tough from start to finish for McCamey, despite the fact Olton was behind all the way in the Class A Non-conference game.

The victory gave McCamey a 2-0 record, while Olton stood at 1-1 for the season. About 1,500 fans were on hand to see Olton put up a stirring battle in the Ponies' first home game of the year.

McCamey got off to a 12-0 first quarter lead, but the Mustangs came back with a touchdown early in the second period to make it 12-6.

The Mustangs drove deep into Badger territory two other times before the half, getting to the 28 and the 16.

A fumble, one of three lost by Olton during the game, spoiled the advance down to the 16.

Early in the second half, the Ponies stopped McCamey at the Olton 3, but it went for naught as the Badgers scored a few plays later on a 45-yard aerial. Olton dominated play in the fourth quarter, but the Mustangs' fourth period score was too little, too late.

However, the Ponies showed plenty of improvement over their first ball game, in which they defeated Petersburg 14-12.

The Olton defense was tougher this time, and if it hadn't been for costly fumbles and penalties, the Mustangs might have pulled this one out.

McCamey started like a storm, threatening to blow the Ponies right out of the park.

The Badgers had the ball on 19 plays to Olton's 9 in the first quarter. Olton didn't get a first down until the first play of the second quarter.

McCamey's first touchdown came after the Badgers' Gene Tompkins recovered a fumble at the Olton 31. The ball got away from Mustang Punter Gary Johnson and Tompkins landed on the pigskin to give the Badgers their first life.

The first touchdown for McCamey didn't come easy though. Olton defenses, led by End Jim Lawson and Robert Duncan, made McCamey work for every yard.

It took the Badgers 12 plays to go the 31 yards. Quarterback Bill Clary and Halfback Mike Carroll made most of the yardage, but it was Richard Hayes who finally got the score for one yard out.

A pass try for the extra points went incomplete and McCamey led, 6-0, with 4:16 left in the first period.

After the kick-off, the Mustangs couldn't go and Johnson's punt carried 24 yards to the midfield stripe.

Here the Badgers used the home run play, a pass from Clary to End Larry Pirkle for 38 yards. Pirkle finally was downed at the Olton 12 by George Jones.

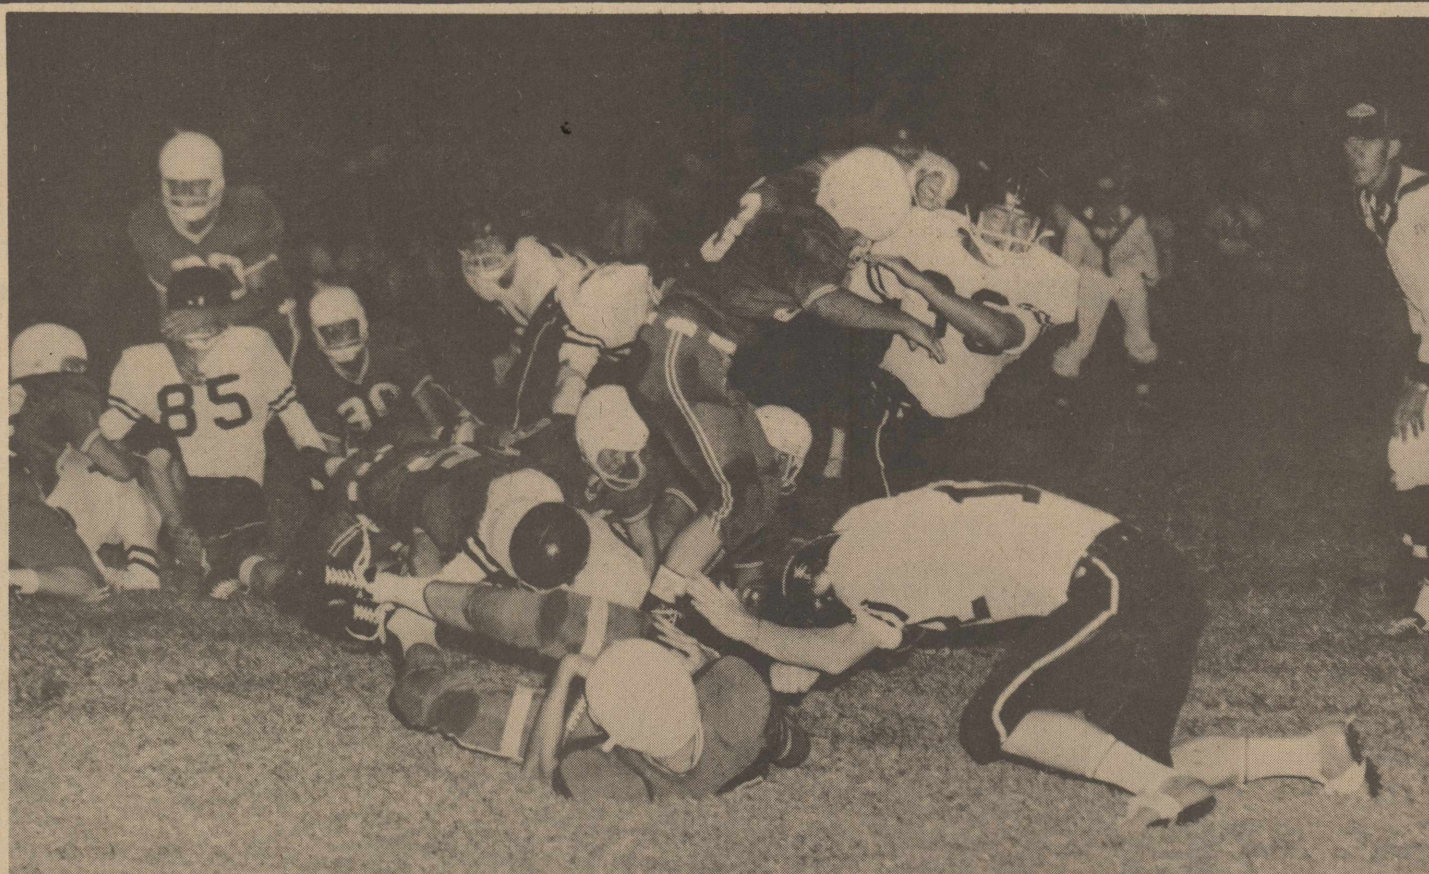

Three plays gained only two yards, but on fourth down Hayes swept left end. He was hit by a pair of Mustangs at the two, but managed to dive into the end zone.

After the points try failed, McCamey was ahead 12-0 with 43 seconds left in the first quarter.

The Mustangs came to life after the kick-off, with Fullback Charlie Burrus gaining seven yards on the last play of the first quarter.

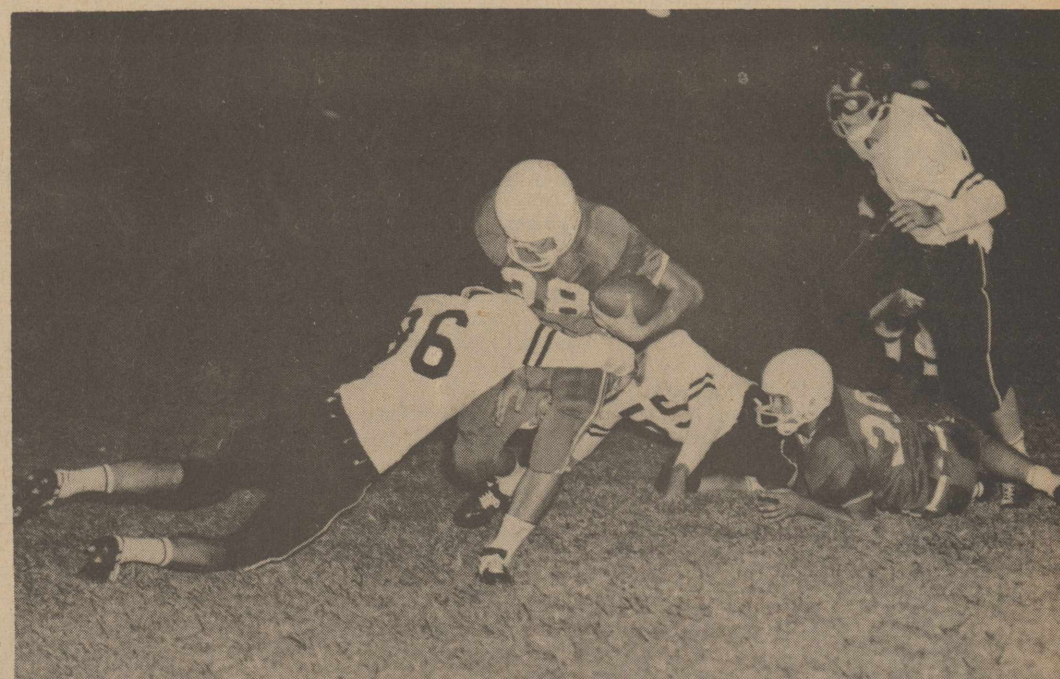

He picked up Olton's initial first down on the next play, gaining five yards to the McCamey 45.

Quarterback Johnny Schenck picked up a couple and Burrus then added five more to move the Mustangs to the McCamey 38.

MUSTANG HALFBACK Gary Johnson goes down after a five-yard pick-up in the second period of last Friday night's 18-14 loss to McCamey. Mustangs are down all

around after laying blocks for Johnson. Still in a battle is Mustang Guard Gary Blizzell (63).

ABOVE, Mustang Quarterback Johnny Schenck is downed by McCamey End Larry Pirkle after picking up three yards on a roll-out. On the ground after a block is Olton's Charlie Burrus. BELOW, Burrus goes into the end zone untouched for two extra points after Olton's second TD. Helping clear the way was James Loveless (36).

Schenck then hit Lawson with a pass, and the big Pony end ran all the way for the touchdown. That made it 12-6 with 10:25 still left in the second period.

The Badgers barely missed a touchdown a few moments later when one of Clary's passes was dropped with no Mustangs between the intended receiver and the goal line.

Olton took over at the Pony 36 and moved all the way to the McCamey 28 before a fourth down try came up inches shy of the necessary yardage.

Burrus, Schenck and Johnson ran for most of the yardage until the Mustangs got to the 35. Facing fourth and seven, Schenck passed complete to Halfback James Loveless, but the play missed the first down by inches.

With three minutes left in the half, Lawson intercepted a Badger pass and ran it back 15 yards to the McCamey 16.

A penalty for offsidess rubbed out a neat five-yard pick-up by Burrus and then two plays gained only a yard. On fourth down, McCamey recovered an Olton fumble to stop the drive.

Midway in the third quarter, McCamey used a 31-yard pass play, from Clary to Pirkle, to move to the Olton 13. An official detected some extra-curricular activity by one of the Mustangs on the play and the penalty moved the ball to the Mustang 7.

There the Olton line came up with some fine defensive work, with Guards Gary Blizzell and Jimmy Bennett, Tackles George Phillips and Joe McKnight and Ends Roy Moss and Lawson all getting in some good licks.

Olton stopped the Badgers at the three, smothering Carroll there on the fourth down try.

But the Ponies were able to run only three plays and punt out to the Mustang 45.

On first down, Badger QB

Clary undid all the stout Olton defensive work of a few moments before with a pass to Pirkle, who went all the way for the score.

A running try for the points failed and McCamey led 18-6 with four minutes left in the third quarter.

Early in the fourth quarter, Schenck snatched one of Clary's passes at the Olton 20 and returned it to the McCamey 49.

Schenck carried three of the next four plays to move the ball to a new first down at the McCamey 39.

Then the little quarterback passed to Halfback Johnson on a 17-yard gainer to the 22. A play later, however an official ruled Schenck intentionally grounded the ball on a passing try, and the penalty pushed the Ponies back to the 41.

Burrus picked up four to the McCamey 37 and then, on third down, Schenck broke loose on the game's longest run, a 33-yard scamper to the Badger 4.

Burrus then plunged a yard, Schenck added two more on second down, then got the final yard to make it 18-12.

Burrus ran the extra points to make the score 18-14 for 3:54 left in the game. The Mustangs weren't able to get the ball after that, as McCamey moved to two first downs and kept control after the kick-off.

Questions And Answers About The Cotton Producers Institute

CHARTER MEMBERSHIP AGREEMENT WITH THE COTTON PRODUCERS INSTITUTE

To aid in financing the Cotton Producers Institute in its drive for Greater Cotton Markets at a Profit through a more adequate program of research and promotion, I hereby authorize those firms ginning my cotton to collect \$1.00 per bale each year this contract is in effect. Such funds are to be remitted to the Cotton Producers Institute for use by its duly elected producer trustees within the framework of approved procedures for the expenditure of these funds.

1. What is the Cotton Producers Institute?
Answer-- The Cotton Producers Institute is a new, voluntary, non-political, nation business organization of American cotton growers.
2. How did it come into being?
Answer-- The Cotton Producers Institute was created by cotton producer leadership from all across the Cotton Belt, representing all major organizations that include cotton farmers in their membership.
3. What is its purpose?
Answer-- The purpose of the Cotton Producers Institute is to expand the total market for U.S. cotton in those ways that will increase acreage, production, and profits for the grower.
4. What methods will be used to achieve this goal?
Answer-- The Cotton Producers Institute will utilize modern American business methods of Research and Promotion to achieve its goal.
5. How big a market can U.S. cotton have in the foreseeable future?
Answer-- U.S. cotton can have a 20 million bale market by 1967 or 1968 if cotton growers will initiate the necessary research and promotion program. This is roughly a 25 per cent increase above present market levels.
6. Have any limitations been placed on Institute activities?
Answer-- Yes. The Cotton Producers Institute can conduct research and promotion activities only and on a grant, contract or cooperative agreement basis.
7. Will the Cotton Producers Institute hire staff or incur other overhead expenses?
Answer-- No. 100 per cent of all funds raised by the Cotton Producers Institute will be spent on operating research and promotion programs. This is achieved through agreement with the Board of Directors of the National Cotton Council who have made available their staff and facilities for raising funds and supervising projects.
8. Why doesn't the Institute maintain its own office and staff?
Answer-- Maintaining its own staff and offices would take too great a portion of each dollar raised and would be a wasteful duplication of the Council staff and facilities.
9. How will Institute activities be financed?
Answer-- Through a voluntary producer authorization at the rate of \$1.00 per bale to be collected at the gin.
10. How was the finance plan arrived at?
Answer-- It was developed for each state or major cotton-growing area within a state by the cotton producer organizations that operate within that state or area.
11. Who will select Institute projects and allocate funds?
Answer-- A board of cotton producer trustees will select projects and allocate funds.
12. How will trustees be selected?
Answer-- Institute trustees will be selected by the cotton producer organizations operating within each state or area and in direct ratio to the amount of money contributed from that state or area. One trustee will be allocated for each \$150,000.00 or major fraction thereof.
13. Will the Cotton Producers Institute duplicate activities of other organizations?
Answer-- No. Its funds will be used only for research and promotion projects over and beyond those now possible through the National Cotton Council.
14. Will the Cotton Producers Institute be competitive with other organizations?
Answer-- No. The Cotton Producers Institute will conduct national programs that build a bigger total market for U.S. cotton. It will still remain for local organizations to get a bigger share of the total market for their area and to work on those problems that are peculiar only to their local areas.
15. Why are cotton producers financing the entire program?
Answer-- Because they have the biggest stake of all in cotton's future and they want a program they control 100 per cent. Also, in a free enterprise system, either the producer or the consumer eventually pays all costs involved in processing and marketing any raw commodity.
16. Why not a Government check-off to raise funds?
Answer-- Because of the danger of Government fund raising ultimately leading to Government control.
17. Is the program being initiated on a beltwide basis during 1961?
Answer-- No. California, Arizona, New Mexico, West Texas and Oklahoma have adopted finance plans for 1961. During 1962, the rest of Texas and the Mid-South states will come into the program. The Southeastern states will come in during 1963.
18. Why a staggered schedule?
Answer-- To enable the Council staff to organize and service fundraising activities without having to make substantial personnel additions.
19. What is the tax status of funds contributed to the Institute?
Answer-- Money contributed to the Institute can be deducted from taxable income as a cost of doing business.

20. What is cotton's competitive position in the area of research and promotion?
Answer-- Producers of synthetic fibers spend 110 million dollars a year on research and promotion. By comparison, the raw cotton industry's total is only 21 million dollars a year, including research done by Federal and State agencies.
21. How much money is needed?
Answer-- The special beltwide producers' committee has outlined profitable research and promotion opportunities that could require expenditures up to 10 or 15 million dollars a year.
22. Do other agricultural groups conduct programs of this type and size?
Answer-- Yes, many others. On promotion alone, the dairy industry spends 25 million dollars a year and the fruit industry spends 20 million dollars.
23. How may I participate?
Answer-- By signing a Charter Membership Agreement with the Cotton Producers Institute and by urging other producers to do likewise.

BURRUS GAINS SEVEN—Olton Fullback Charlie Burrus picks up seven yards early in the second quarter before being brought down by McCamey's Pirkie. Other Mustangs identifiable are Johnny Schenck (28), James Loveless (36) and Jimmy Lawson (82).

GOAL LINE STAND FAILS—Four Mustangs are shown rushing to meet the play as McCamey barely made its first touchdown here last Friday night. Left to right are Gary Bizzell (63), Charlie Burrus (30), George Jones (35) and Robert Duncan (51). McCamey got the TD on a one-yard plunge on fourth down.

LCC To Construct New Dormitory

The Federal Housing and Home Agency at Dallas has announced a grant of \$330,000 to Lubbock Christian College for construction of a men's dormitory.

Its construction will double present housing facilities for male students. Capacity of the new dormitory will be 130 occupants.

Dr. F. W. Mattox, LCC president, said the loan is self-liquidating, in that it will be repaid from rental of students who live in the dormitory.

The loan does not include furnishings that will be needed for the rooms, college officials said. A campaign to raise money for furnishings, including beds, desks, chairs, and mirrors, will be conducted, development officials said.

The new dormitory will be located west of the Administration Building on the LCC campus. The building will contain a reception room, large basement, janitor rooms, storage space, and 65 bedrooms.

Ag Experiment Station Sets Open House

The work and progress of 59 years of agricultural research will be reviewed Sept. 19 when open house and dedication of the Texas Agricultural Experiment Station, Sub-Station No. 8, Lubbock, is held at its new location, north of Municipal Airport on Farm Road 1294.

The public is invited to the 1 to 6 p.m. ceremonies. An estimated 2,000 visitors and guests are expected for the open house.

Broom Sale Said "Success"

The Lions Club broom sale held here Sept. 6 was a success, according to Rex Chitwood, treasurer.

Chitwood said the club took in \$818 for brooms, mops and other household items. The Lions will receive 25% of the money.

The money will go in a general fund for Lion projects.

"Get Off The Line!" Law Provides Emergency Rights For Phone Users

Suppose that you have a party line telephone. One day your house catches fire—or some other grave emergency arises—and you try to call the fire department or the police. Others are using the party line. They refuse to yield the line to you. Your house burns down or the robber gets away.

What is the law on this? The 57th Texas Legislature passed a law which provides a fine up to \$500 (and/or confinement in county jail for up to one month) for refusing to surrender the use of a party line to permit another person to report a fire or summon police, medical or ambulance service in case of emergency.

An "emergency" means a situation in which property or human life is in jeopardy and

the prompt summoning of aid is essential. This would include a fire, a robbery in progress, or a critically injured or ill person.

But don't ask for the line if there is no real emergency. The law also provides up to a \$500 fine and/or up to one month in jail for requesting the use of a party line on the pretext that emergency exists.

If you face a real emergency, want to call help and find the line busy, interrupt and explain briefly and clearly that an emergency exists. Identify yourself and ask the other parties to surrender the line so that you can call the fire department, police, or sheriff, as the case may be. If they refuse, you should insist on your right to the line, informing them that the law so provides.

Violations of this law should be reported promptly to the county attorney for prosecution. In addition, if a person's property is damaged because someone refuses to yield the line, the property owner very likely may recover the damages in court.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

The largest room in the world is the room for improvement.

\$17,500 Donation Opens HPRF Building Campaign

The building campaign at High Plains Research Foundation was kicked-off recently with a gift of \$17,500 by the Jim Hill Estate at Hereford.

The \$17,500 will be given provided the funds are watched by other donors.

The contribution notched the first step toward a \$63,000 building project for the foundation.

Proposed three years ago, the project calls for additional office buildings, a green house and a laboratory.

At the present time, the foundation plant here which specializes in agricultural research of the Golden Spread area, consists of 310 acres. Halfway is located about 15 miles west of Plainview.

The personnel includes five scientists, a technician, a farm manager and field assistants. The housing consists of a small four-room cottage of offices, another building constructed by employees, a storage building, scales and a laboratory.

The proposed building project

calls for several additional offices, a new 20 by 40-foot laboratory and a 20 by 40-foot green house equipped with a controlled heating and cooling system.

Harold Janeway, public relations manager, noted that 23 research reports were completed here in 1960, compared to 12 reports in 1959.

"We're expanding far beyond our present facilities in agricultural research work each year," Janeway said.

As an example, the foundation completed 15 research projects on cotton alone last year, testing 30 varieties in the program.

In the soybean program, the scientists now have 796 different varieties and strains with which they're working to develop a better crop.

Janeway said that under normal conditions, from 10 to 14 years is required to develop a new soybean variety can be developed within a three-year period.

The foundation plant now has the world's largest collection of sesame—more than 1,200 varieties. The agricultural scientists also delve into dozens of crops grown on the Golden Spread to develop better strains for this climate. Corn development has been another basic project at the foundation.

More than 3,000 persons attended the annual 1960 field day last September, with several groups of scientists and farmers from throughout the nation visiting the research farms each week.

Farmers Advised To Check On Winter Barley Program

College Station - Though barley ranks well down on the list of feed grains produced in Texas, many growers will soon have to make a decision on whether or not to participate in the 1962 feed grain program. Winter barley has been added to the program and seeding time is not far off.

The feed grain program for 1962 is about the same as the 1961 plan, but with winter barley added. The purpose is to reduce the total barley acreage while protecting the farmer with price support and conservation payments, say economists for the Texas Agricultural Extension Service.

To participate in the barley

program a farmer must divert at least 20 percent of his 1959-60 barley base and at the same time not increase his corn or grain sorghum acreage. The diverted acres must be put to conservation uses, the economists say. Payment for the first 20 percent of the normal barley yield on the farm. Additional acreage may also be taken out of production at a higher rate of payment.

If the producer chooses, he may plant all or a part of his diverted barley acreage to one or more of the following oilseed crops: castor beans, guar, safflower, sunflower or sesame by passing up conservation payments. He will, however, be eligible for barley support price.

The economists advise farmers who are eligible to participate in the winter barley phase of the 1962 feed grain program to check with their local county agent or Agricultural Stabilization and Conservation office for details on the program.

Services Held Here Sunday For Mrs. DeLeon

Funeral services for Guadalupe DeLeon, 63, were held Sunday at 3 p.m. in the First Baptist Church. Officiating at the service was Santiana Leal, minister of the Trinity Baptist Mission.

Mrs. DeLeon died last Thursday at her home in Olton. She is survived by her husband, Abraham DeLeon; five children, Martin DeLeon, Maria Cantu, Ava Castillo, Beatriz DeLeon and Lupe Barrera.

Burial was in Olton cemetery under direction of Parsons Funeral Home.

Mrs. Myrtle Clayton, Mrs. Betty Dennis and Mrs. Pearl Schreier were breakfast guests of Mr. and Mrs. Roscoe Thomas of Olton recently.

Spanish Club Elects Officers

The Spanish Club held its first meeting of the year Monday afternoon. They elected officers as follows:

President, Raymond Hernandez; vice-president, Garland Mason; secretary, Bobbie Tollett; treasurer, Gladys Thomas; and reporter, Carolyn Rodgers. Their sponsor is Mrs. Clyde E. Smith.

They chose two committees. They are a money making project and a program committee. On the money making project are Nelda Rucker, Tanya Bryant, Diane Smith, Elaine Lewis and John Allen Douglass. On the program committee are Joanna Lewis, chairman, Geneva Curry, Janice Gallaway, Alice Bryant, and Stephen Smith.

They discussed ways in which to raise money. Two suggestions were made. One was to find scrap iron and the other was to have a bake sale. Dues will be one dollar per person.

LC Has Over-Supply Of Eligible Bachelors Now

NEW YORK. — Would-be brides, sit up and take note. Lamb County has a surplus of eligible bachelors on hand.

Details of the over-supply are contained in a report just released by the U.S. Census Bureau. It is based on the latest marital statistics, gathered in conjunction with last year's population count.

Numerically, not counting widowed or divorced people, there are 1,507 single men and boys locally and only 1,061 single women and girls, making the county a good place for a manhunt.

That it is such a good place has already been discovered by the fair sex. The figures show that they have been making appropriate use of the romantic opportunities.

The overall picture in Lamb County, taking into account both men and women of marriageable age, reveals that 74.2 percent of the total are now married.

That is a relatively large proportion. Elsewhere in the United States, the Census Bureau shows, the ratio is 67.5 percent. In the State of Texas it is 69.0 percent.

Yet, there remains a pre-

ponderance of bachelors locally. The chief reason for it, according to the report, is that men wait much longer than women before getting married.

As a result, men in the United States are approximately 2 1/2 years older than women when they first marry.

At the present time, the median age is 22.8 years for men and 20.3 years for women. Back in 1900 it was 25.9 for men and 21.9 for women.

The figures have been getting lower and lower in line with changing social and economic conditions that have been making it possible for young people to marry earlier. A principal one is the increased tendency of girls to continue working after marriage, at least for a year or two.

Where a person lives also seems to have an effect on his marital status. One of the striking facts brought out by the census is that a considerably larger proportion of farm men, compared with urban men, stay single. Among farm women, however, the reverse is true.

Reported also, for each community, is the number of ex-married residents. The Lamb County figures show, for men: 210 widowed and 148 divorced and, for women, 738 widowed and 117 divorced.

Tommy O'Neals Have Baby Boy

Mr. and Mrs. Tommy O'Neal are the parents of a baby boy, Tommy Harlen Jr., born Sept. 7 at Community Hospital. The infant weighed 6 pounds, 11 ounces at birth.

The O'Neals have one other child, Sharon Gayle, 21 months. Grandparents are Mr. and Mrs. Travis Bundick, Olton, and Mrs. Wanda O'Neal, Floydada.

Little Tommy has a total of 12 grandparents including one great-great granddaddy.

VACATION IN CALIF.

Mr. and Mrs. W.B. Harrison, Hazel and Terri, and Lila Lee McFadden returned home Saturday afternoon after going to San Francisco to see Herman Harrison, son of Mr. and Mrs. W.B. Harrison, who received a four day pass over the Labor Day week-end. They saw the golden gate bridge and all the other sites of San Francisco. Then they went to Fort Dick, Calif., and visited Mrs. Harrison's brother.

ATTENDS FUNERAL

Mrs. Ray Slatten attended funeral services of her brother-in-law, Robert W. Cole, of Garland, Sept. 8. Mrs. Cole is a former Olton resident and be remembered as Miss Tincey Austin. Cole suffered a heart attack Sept. 6.

Recipes

This recipe was presented by Mrs. C.C. Curry.

VANILLA WAFER CAKE

1 cube oleo
3 eggs
1 cup of sugar
Cream real well--then add 1 can Angel Flake Coconut and 2 cups crushed vanilla wafers.

Then add: 1 teaspoon baking powder, 1/2 teaspoon salt, 1 cup chopped nuts, 1/3 cup sweet milk.

Whip together well and bake 40 minutes at 350 degrees. Bake in 8 or 9 inch square pan. Do not ice.

This recipe for Fudge Cookies was donated by Mrs. Paul Featherngill.

2 cups sugar
1/2 cup milk
1/2 cup cocoa
1 stick butter
3 cups oats, uncooked
1 tablespoon vanilla
1 cup nuts or coconut
Bring to rolling boil, sugar, milk, cocoa and butter.

Pour over oats and stir. Mix well, then spoon out on cookie sheet and let cool.

HPRF Annual Field Day Set For September 27

The 5th Annual Field Day of the High Plains Research Foundation will be held the afternoon of Wednesday, Sept. 27. Tours will start at 1:30 p.m. and continue until the barbecue at 5:00 p.m. Research projects will be explained by farmers and scientists at stops on the tours. The evening program will begin at 6:00 p.m. with the introduction of the Trustees of the Foundation. Addresses by Congressman, James Wright and Texas Agricultural Commissioner, John White, will conclude the program.

Farm equipment will be displayed and demonstrated during the afternoon. Included will be farm machinery, irrigation and fertilizer equipment, air spray and transportation equipment. Carl Hill, Jr. of Amarillo is chairman of the machinery exhibit. Exhibits by agricultural services will be explained by

various agencies as a part of the afternoon's activities.

Frank Moore, President, in announcing the Field Day program stated that soil and water conservation research will be featured at the Field Day this year. The attendance is expected to exceed that of close to 3,000 in 1960.

Harold Hinn, Chairman, announced today that the Board of Trustees of the Foundation will hold their semi-annual meeting at McGrath's at 10:00 a.m. the morning of Field Day. The board will establish the research program and budget of 1962 and decide policy matters for the Foundation. Steve Taylor, Vice-President of Dimmitt, is chairman of the Field Day Host Committee, which is composed of board members.

Local men on the board of trustees are I.B. Holt, Cleo Smith and Jim Yates.

4-H Club Meets Here Tonight

The Olton 4-H Club will have their regular monthly 4-H meeting tonight at 7:30 p.m. at the Legion Hut in Olton. The program for September is "People to People," which concerns understanding of our neighbors abroad and reviews the customs of other lands. On this program will be two students from Wayland Baptist College in Plainview, a man and woman both from Hong Kong. They are Nora Howe and Lawrence Chu.

National Honor Society Meets

At the initial meeting of the National Honor Society, officers for the forthcoming school year were elected.

Taking the reins as president this year will be Janice Gallaway. Assisting her in the other offices will be Geneva Curry, vice-president; Sandra Cox, secretary; Kenneth Blades, treasurer; and Marilyn Jones, reporter.

A homecoming float and the initiation of the probationary members were discussed by the nine members attending. Mrs. Clyde Smith is sponsor of the National Honor Society.

ADMITTED TO HOSPITAL
Jose Martinez, 5 year old son of Mr. and Mrs. Samuel Martinez of Olton, was admitted Friday, September 1, to the Scottish Rite Hospital for Crippled Children in Dallas.

Local Youth Pack Bags Head Back To Campus

BY GENEVA CURRY

September is going by and with it go many OHS graduates off to the college of their choice for a year packed with hard work, unforgettable times, and preparation for a future life.

All set to learn the business field are Sharon Smith, daughter of Mr. and Mrs. Leo Smith; Lonna May, daughter of Mr. and Mrs. Leon May; Pat Small, daughter of Mr. and Mrs. J.L. Small; Barbara Nicholson, daughter of Mr. and Mrs. G.A. Nicholson; and Shirley Cole, daughter of Mr. and Mrs. J.F. Cole. They will enroll in Draughon's Business College at Lubbock.

Texas Tech is growing and eighteen OHS graduates are helping it do so. Olton will contribute four seniors to Tech this coming year. Sherrill Alexander, son of Mr. and Mrs. M.L. Alexander, has chosen architecture as his future work. Jerry Moore, son of Mr. and Mrs. Elmer Moore, will terminate his four years with an economics major. P.E. is the chosen major of senior James Ray Hyatt, son of Mr. and Mrs. Jim Hyatt. Son of Mr. and Mrs. L.M. Edmonson, Jerry, seeks a degree in electrical engineering.

Juniors are David Hamm, son of Mr. and Mrs. Ralph Hamm, and John Paul Jones, son of Pauline Jones. John Paul will make agricultural education his major. The sophomores have a varied field of chosen majors. Gayle Machen, daughter of Mr. and Mrs. J.M. Machen, will

continue her study of journalism. Kenneth Prestridge, son of Mr. and Mrs. Barton Prestridge, will tackle math as a major. Sociology and psychology are the majors at OHS graduate Gerry George, son of Mr. and Mrs. Fred George.

Mr. and Mrs. Harvey Garrison are finding college suitable to them, especially Tech. Garrison has chosen agriculture as his major and Mrs. Garrison will make her major elementary education. Mrs. Garrison is the daughter of Mr. and Mrs. H.R. Curtis. Sophomore Judy Lacewell, daughter of Mr. and Mrs. Witt Lacewell, is sticking with her major in accounting.

Last but not least will be the freshmen at Texas Tech. Nicky Redinger, son of George Redinger and Mrs. Roy Granberry, and Sammy Kendall, son of Mr. and Mrs. Sam Kendall, have chosen engineering as their majors. Harvey Jordan, son of Mr. and Mrs. J.H. Jordan will continue his major of Spanish at Tech this year. Harvey attended Mexico City University this past summer. Home economics major, Nancy Critchfield, will give Tech a try this year for her first time. Nancy is the daughter of Mr. and Mrs. Tom Critchfield. James Tollett, son of Mr. and Mrs. Thurston Tollett, will follow in the tradition of his father and make animal husbandry his major. Fred Riney, son of Mr. and Mrs. J.B. Riney, will enter the same field with a major in agriculture.

Ahleson Christian College will have four elementary education majors from Olton returning this fall. Ellen Jones, daughter of Mr. and Mrs. Euel Jones, and Charla Granbery, daughter of Mr. and Mrs. D.M. Granbery, will enter ACC as juniors. Linda Thompson, daughter of Mr. and Mrs. Ed Thompson, and Welda Edwards, daughter of Mr. and Mrs. Jack Edwards will be returning as second semester freshmen. Math is the chosen major of junior Charlotte Loveless, daughter of Mr. and Mrs. Everett Loveless. One Olton boy, Don Edwards, has chosen accounting as his major. A senior this year, Don is the son of Mr. and Mrs. Jack Edwards.

Four sophomores and one freshman will enter South Plains Junior College this fall. Agriculture majors are: Jerry Mathis, son of Mr. and Mrs. Henry Mathis; Roy Neal Jones, son of Mrs. Pauline Jones; and Jimmy Moss, son of Mr. and Mrs. K.L. Moss. Freddie Gordon, also a sophomore, is taking the general academic course. Freddie is the son of Mr. and Mrs. Fred Gordon. Freshman, Jarold Simmons, son of Mr. and Mrs. Lee Simmons, will have agriculture as his major.

Secondary education majors at NTSC are Becky Hall, daughter of Mr. and Mrs. W.T. Hall Jr.; Wendell Scribner, son of Mr. and Mrs. Albert Scribner; and Mrs. Mary Keeble, daughter of Mr. and Mrs. Albert Scribner. Becky and Wendell will enter as second semester freshmen and Mary, as a senior. Judy Price, daughter of Mr. and Mrs. Duward Price, will transfer to NTSC as a junior. Judy is a music major.

Kay Gregory and Gayle Parsons will both be entering North Texas State University as freshmen. Kay, daughter of Mr. and Mrs. Jim Gregory, will try elementary education as her major. Gayle, daughter of Mr. and Mrs. Connor Parsons, will major in business.

Jerry Thomas, son of Mr. and Mrs. W.L. Thomas, has chosen West Texas State as the college of his choice for the coming year. Jerry will enter as one of many freshmen. Business major Hazel Smith will return to WTSC as a second semester freshman. She is the daughter of Mr. and Mrs. W. B. Smith Jr. Freshmen Ronnie Kidd and Ronald Fancher have decided to enter the field of business. Ronnie is the son of Mr. and Mrs. George Kidd, and Ronald is the son of Mr. and Mrs. C.B. Fancher.

Off to learn the ropes of fine arts is Nita Gaede, daughter of Rev. and Mrs. Wilbur Gaede. Nita will be an art major. Forestry, an unusual major around Olton, is chosen by Harold Featherngill, son of Mr. and Mrs. Paul Featherngill. Harold, too, will be a freshman. Beth, daughter of Mr. and Mrs. Tom Stansell, will enter WTSC as a business major this fall. Layton Covington, son of Mr. and Mrs. T.C. Covington, has chosen agriculture as his major.

Already experienced in the college ropes are the returning sophomores. Lonnie Miller, son of Mr. and Mrs. Henry Miller, chooses a history major. Gary Lawson finds his likes in the biology lab. Gary is the son of Mr. and Mrs. Drexel Lawson. Sophomore James Hukill has found his major of advertising to be a fascinating one. James is the son of Mr. and Mrs. T.H. Hukill. Son of Mr. and Mrs. Brent Burrow, John Lynn, will resume his studies for a second year centering them around his business major. The only

VISIT BOHNERS

Mrs. W.R. Bean underwent major surgery in the Goodnight Hospital in Lubbock last Friday.

OHS Classes Name Officers

The four classes in Olton High School have elected their class officers for the coming year. They are:

Seniors; president, Kenneth Blades; vice-president, Gary Johnson; secretary, Nancy Bryant; treasurer, Joanna Lewis; reporter, Ronda Robertson; student council representative, Johnny Schenck and Marilyn Jones; class favorites, Robert Duncan and Ronda Robertson. Juniors; president, Robert Struve; vice-president, Larry Fancher; secretary, Billie Beasley; treasurer, Charlie Burrus; reporter, Elaine Averitt; parliamentarian, Sam Roden; sergeant-at-arms, James Loveless; student council representatives, Nelda Rucker and George Phillips.

Sophomores; president, Rusty Sherman; vice-president, Clyde Gallaway; secretary, Darwin Cox; treasurer, Sandra Smoot; reporter, Gayle Nicholas; sergeant-at-arms, Keith Berry; student council representatives, Paul Hernandez and Ilene Flatt.

Freshmen; president, Suzanne Martin; vice-president, Carolyn Bley; secretary, Bernadette Sweet; treasurer, Don Sopher; reporter, Lindy Rey; student council representative, Mike Hipp and Jan George.

returning junior to WTSC is Nell Smith, daughter of Mr. and Mrs. K.F. Smith. Nell has a major in elementary education.

Nancy Brown and Ron Rodgers have decided to learn "the value of a dollar" by enrolling in Lippert's Business College in Plainview. Nancy is the daughter of Mr. and Mrs. Carroll Brown and Ron is the son of Mr. and Mrs. Coy Rodgers.

Robert Priest is making his talents pay off for him. Robert received a football scholarship to the University of New Mexico. Robert, son of Mr. and Mrs. Weldon Priest, will enter as a P.E. major and a freshman.

Margaret McBroom will enter Southwestern Bible Institute as a secretarial science major. Margaret is the daughter of Mr. and Mrs. Everett McBroom.

Royce Bodkin and Sonny Bryant will give Texas A & M a third whirl as they enter as juniors. Royce, son of Mr. and Mrs. Wilton Bodkin, will major in insurance, and Sonny, son of Mr. and Mrs. Lemon Bryant, will be a non-major.

Psychology majors and sophomores, James Simmons and Joe Miller, will enter Wayland Baptist College this fall. James is the son of Mr. and Mrs. Lee Simmons and Joe is the son of Mr. and Mrs. J.F. Miller.

Senior Ronnie Dennis will be trying for that degree this year. Ronnie, son of Mrs. Ineta Dennis, is an agricultural education major. L.H. McAdams will enter Panhandle A & M this year also, but as a junior. L.H. is a math major and is the son of Mr. and Mrs. L.H. McAdams Sr.

Seniors Jackie Pinson and Sandie Loveless hope that this will be their last year of studies for awhile. Jackie will return to Hardin-Simmons as a chemistry and biology major. Jackie is the son of Mr. and Mrs. Doyle Pinson. Sandie will return to Howard-Payne as a business major. Sandie is the daughter of Mr. and Mrs. Charles Loveless.

Jessie Thomas, daughter of Mr. and Mrs. Troy Thomas of Halfway, will return to ENMU where she will be a senior. Jessie is a home economics major. Jerry Meyers, son of Mr. and Mrs. Herman Meyers, will return there too, but as a music major. Jerry will be a junior.

Sophomore Elza Miller, son of Mr. and Mrs. W.E. Miller will try Tarleton State Teacher's College for another year. Elza is an agriculture major. Mrs. Joe Allen Reid, daughter of Mr. and Mrs. C.S. Silcott, will be an education major at Lamar Tech College this fall. She will return as a junior.

Returning to the University of Arizona this fall as a senior will be forestry major, Douglas Smith. Doug is the son of Mr. and Mrs. Tom Smith. Choosing the University of Texas is Lonnie Thomas. Lonnie, son of Mr. and Mrs. Bill Thomas, will return as a junior.

Charlotte Gibson will be another of the many learning the ropes of a secretary at Ingram's Business College, Waco. Charlotte is the daughter of Mr. and Mrs. J.T. Gibson.

This long list of entering or returning college students is perhaps the best indication of the high aims of most Olton youth. It would appear that many are realizing the importance of that college education.

HPRF Reveals Results Of Wheat Fertilizer Tests

The highest yield of wheat in the wheat fertilizer tests at the High Plains Research Foundation was received from a preplant application of 80 pounds of nitrogen and 80 pounds of phosphorous. The yield of 76.5 bushels per acre gave a profit from the fertilizer application over the non-fertilizer wheat of \$16.36.

Very close, with a yield of 76 bushels received from an application of forty pounds of nitrogen and 80 pounds of phosphorous, was a profit of \$18.41 per acre above the non-fertilized wheat. The non-fertilized wheat yield was a surprising 60.3 bushels per acre.

Nitrogen, phosphorous and potash were used in various combinations. These included 40, 80, and 120 pounds of nitrogen, 80 pounds of phosphorous and 40 pounds of potash.

All fertilizer combinations were applied in preplant applications on Oct. 5, 1960. Tascosa wheat, used in the tests, was planted Oct. 14 and harvested on June 24. The wheat was not winter grazed.

The yield was figured at 60 pounds of wheat per bushel at the price of \$1.75 per bushel. Rainfall received during the growing season, October 1960 to June 1961 totaled 21.9 inches. Irrigation water was applied in the amount of 4.4 inches on April 14, 4.2 inches on April 28, and 3.6 inches on May 15.

The addition of potash to any of the nitrogen and phosphorous combinations failed to increase the yield. Phosphate alone increased yields by 5 bushels per acre and nitrogen alone increased yields 5 bushels but the combination of phosphate and nitrogen increased yields 16.5 bushels per acre. The fertilizer results closely paralleled the results secured in the 1959-60 season. Delbert Langford, Associate Agronomist, supervised both tests at the Halfway Foundation.

Some people are like blisters. They don't show up until the work is finished.

GRAIN

IS OUR BUSINESS

AND WE LIKE DOING BUSINESS WITH YOU, OUR CUSTOMERS, SO AGAIN THIS YEAR AS IN THE PAST...

We Earnestly Solicit Your Grain

Pictured under construction is this new warehouse with a capacity for 1,000,000 bushels of grain. This is part of the new Three-Way Grain, Inc., belonging to Roy Byers Jr., K.B. Parish and J.B. James, located in Springlake on Highway 70 across the street from the City Park.

- HIGHEST MARKET PRICES..
- 6 UNLOADING STATIONS THAT ASSURES NO DELAY..
- PROMPT, COURTEOUS SERVICE...
- A RECORD OF HONEST DEPENDABLE SERVICE IN GRAIN BUSINESS...

YES, GRAIN IS OUR BUSINESS!

We must admit that we take it seriously and have endeavored year after year to keep pace with the progress of time. We have built more and more warehouses until at present we have bonded storage capacity for 114,000,000 pounds, and are again in the process of building another warehouse with an additional 56,000,000 pounds capacity. This should be completed in September, making our total capacity 170,000,000 pound of grain storage.

Years have sped by and this year as in the past we want to give OUR CUSTOMERS the best service available anywhere, and speaking of customers, may we add that the years have been many, but the time has been pleasant years, because we have had the pleasure of dealing with some of the finest people on earth, and look forward to serving you many more years to come.

REMEMBER HOW GREAT CIGARETTES USED TO TASTE? LUCKIES STILL DO

LUCKIES DON'T SKIMP

They're so round, so firm, so fully packed—so free and easy on the draw. They're fully packed with fine tobacco. They're firmer than any other regular cigarette. And Luckies smoke longer.

THAT'S WHY THEY TASTE SO GREAT.
