

THE BEST? OF '60-- Conner Parsons, left, and K Salman were awarded "best dressed" Krazy Daze merchants in last year's nutty affair.

Merchants Predict City To Have Mental Collapse

Friday is THE DAY. Once a year, the town of Olton goes "Nuts For A Day" in the town's annual Krazy Daze celebration. Tomorrow is that day.

Local merchants are offering bargains galore. There'll be the Kraziest costumes yet, fun for the kiddos and lots of laughs for everybody.

Registration for prizes to be given away continues until 12 noon Friday when merchants will take their boxes to the

Chamber of Commerce and Agriculture office.

Drawings will be held Friday afternoon on the east side of the square at 1, 3 and 5 o'clock.

Other highlights of the day will be the fat Negro ladies' sack race at 2 p.m., the kiddos' sack race at 2:30 p.m. and the kiddos' onion race at 3:30 p.m.

A \$25 first prize will be awarded in the fat ladies' sack race. Second and third prizes

will be merchandise to be awarded by Parsons Furniture.

Prizes will also be given for the kraziest dressed man and woman.

Participating merchants are Anita's Styleart, Hubert's Barber Shop, Thompson Chevrolet, Roberson Mobil Station, Dairy Mart, Northside Gift Shop, Cashway Food, Plainsman Farm and Ranch, Olton Farm Supply, Dorris Machinery, G.H. Bley "66", Nelson Shamrock, Marshall Service

Station, Gray Grocery, Hall-Sides Motors, Sherman Food, Bizzell's, Kelley's, Smith and Struve, K Dept. Store, Lester's Cleaners, Superior Cleaners, Pollard's Cleaners, Parsons Furniture, J.C. Jones Co., Olton Drug, Thomas Furniture, Loveless Auto & Appliance, White Auto, Colonial Beauty Salon, Whittington's Inc., Bev's Beauty Salon, House of Flowers, Wayne's Hi-Plains Printing, Ideal Cafe, Olton Meat, Olton Enterprise and Olton Recreation Club.

Other Crops May Be Bumper

Cuke Crop Is Best Ever Grown Here

What looks like the best cucumber crop of all in the Olton area has had seems to be developing this year, according to local representatives at cuke processing sheds.

"Cucumber grades, yields and prices are running good... it looks like a real bumper crop," commented Clovis Poteet, manager of Brown-Miller cuke processing shed.

This week and next week are expected to be the peak weeks of cuke harvest.

There were 1,178,000 pounds of cukes processed at local sheds Monday and Tuesday. Brown-Miller shipped out 866,000 pounds and Dalton's shed trucked out 312,000 pounds.

"This week is one of the top weeks for high yields, but next week might be the best one," Poteet said.

Most cucumber crops have been free from disease and insects, and the crop this year is about a week earlier than

last year, according to Poteet.

"Cuke quality, grades and yields are the best the Olton area has had since Dalton's shed set up here two years ago," Earl Ray, processing shed manager, commented.

This is the fourth year Brown-Miller shed has operated in Olton.

Cuke harvest is expected to begin closing out about the first week in September.

Other area money crops also could prove to be bumper crops, if present conditions prevail.

Blooms and small bolls have loaded most area cotton and most area grain crops have "booted" or have heads.

Harvest is expected to begin about August 15 for pinto beans and late September for corn. Most area farmers reported both of these vegetable crops "looked good."

Local gin managers said they expect the first bale of cotton about Sept. 10.

"My cotton, maize and cukes

are better than they have been the last few years," said Kenneth Harper, who farms three miles east of town.

At the C.W. Phillips farm, seven miles northwest of Olton, Mrs. Phillips said their crops are "looking real nice."

Mrs. Gordon Thomas, whose husband farms six miles north of Olton, said, "Our corn looks awfully good and our cuke grades are pretty good."

"We've had a good yield on our 1 acres of cukes and expect to have our largest yield next week," said Mrs. Paul McFadden, whose husband farms five miles southeast of town.

"Our cotton is a lot better than last year and our feed is doing good," she added.

Former Olton Man To Talk At Meeting

A former Oltonite, Clemon M. Muse, Evangelist, will be the guest minister at a gospel meeting at the Main Street Church of Christ next week.

The meeting will begin Sunday and close Sunday, August 13.

Muse is the son of Mr. and Mrs. M.C. Muse, Vega, formerly of Olton. He is now minister of a church at Longview, Wash.

Mrs. Muse is the former Mildred Roberts of Kress. They have four children, Carol, 17; Rose, 16; Glenda, 14, Donna, 10.

A 1951 graduate of Abilene Christian College, Muse served at Sterling, Colo., Denver, Colo., and Nocona before going to Washington.

Sunday services will be held at 11 a.m. and 7 p.m. Week-day services will be conducted at 10 a.m. and 8 p.m.

The public is invited to attend.

'Walls To Come Tumbling Down'

WESTVIEW HOME GROUP CAMPS OUT A DAY HERE

Thirty-two boys from Westview Boys Home in Hollis, Okla., enjoyed a full day of activities here Tuesday as guests of Mr. and Mrs. V.L. Smith.

"They had a big time," Smith said Tuesday night as he and other members of the Main Street Church of Christ put the boys to bed under the stars at Smith's home.

The boys camped out on cots supplied by Olton people, ending a big day of fun which saw them go to a movie, the swimming pool and a skating

rink. Westview Boys Home is a Church of Christ-sponsored institution.

After lunch at the Smith home, the boys went to the Roxy Theatre here, then went on a swimming party at Olton Recreation Center. Later, they went skating at Littlefield.

"We'd like to express our thanks to everyone who helped us show the boys a good time," Smith said.

The group left early Wednesday morning, returning to Hollis.

Workers Begin Razing Hospital

The old building on the square--which served as Lamb County's courthouse until 1946 and later as Olton Memorial Hospital--will come tumbling down.

Workmen began the first phase of razing the building Wednesday morning.

Mercury Demolition and Salvage Co., Amarillo, moved on to the scene after being contracted to do the job by Drs. Lynn and James Fite, two of three osteopathic physicians

who once operated the hospital.

A spokesman for the Amarillo salvage company said the walls of the building will be pulled down sometime next week. Meanwhile, workmen were busy Wednesday morning on the interior of the structure.

Razing of the building is the result of an agreement reached last week by the Fite brothers and Dr. Ben Souders, the other man in the triangle partnership which broke up in disagreement five years ago.

As part of the agreement settling the five-year dispute, the Fite brothers received the east two-thirds of the property, the building and all contents except an x-ray machine. Dr. Souders got that and the

Council Accepts Paving Program

The City of Olton's seal of approval went down on an ordinance accepting a 68-block paving program here Tuesday afternoon.

Meeting in a special session, the city council signed the document with Fred Thompson acting as mayor pre tem. May-

or M.T. James Jr. is away on vacation.

In an announcement Wednesday, the city said statements to all property owners assessed in the program will be put in the mail this week.

The statements are payable to First of Texas Corporation, the city's financial agent for the program. City Secretary Bernice Smith said the statements may be paid at Olton State Bank.

Cost to the city for the entire program will be \$80,807.43, not including a street sweeper which was authorized last month at a cost of \$8,315.

The program was approved by voters last September in an \$80,000 bond election.

The city paid a major share of its costs at a special meeting July 19, when payment of \$67,899.55 to Hedges and Tierney Co., Lubbock contractor, was authorized.

A total of \$51,427.48 of that amount was for new paving. The other \$16,472.07 was for seal coating and repair to old paving.

Engineer's fees, which go to Morrison and Associates, Amarillo, will be \$11,637.88, for which \$9,875.37 will be for new paving and \$1,762.51 will be for seal coating. These fees have not been paid in full as yet.

In addition to fees for the contractors and engineer the city spent \$1,270 in legal fees setting up the bond issue. This amount brings the city's total cost to \$80,807.43, not including the sweeper.

Hooper Lad's State Reported To Be Improved

Kenneth Hooper was reported Tuesday night by a nurse to have had "the best night he has had since his confinement to the hospital."

Hooper, who sustained head injuries in an auto accident near here about five weeks ago, remained unconscious Wednesday morning in Methodist Hospital, Lubbock.

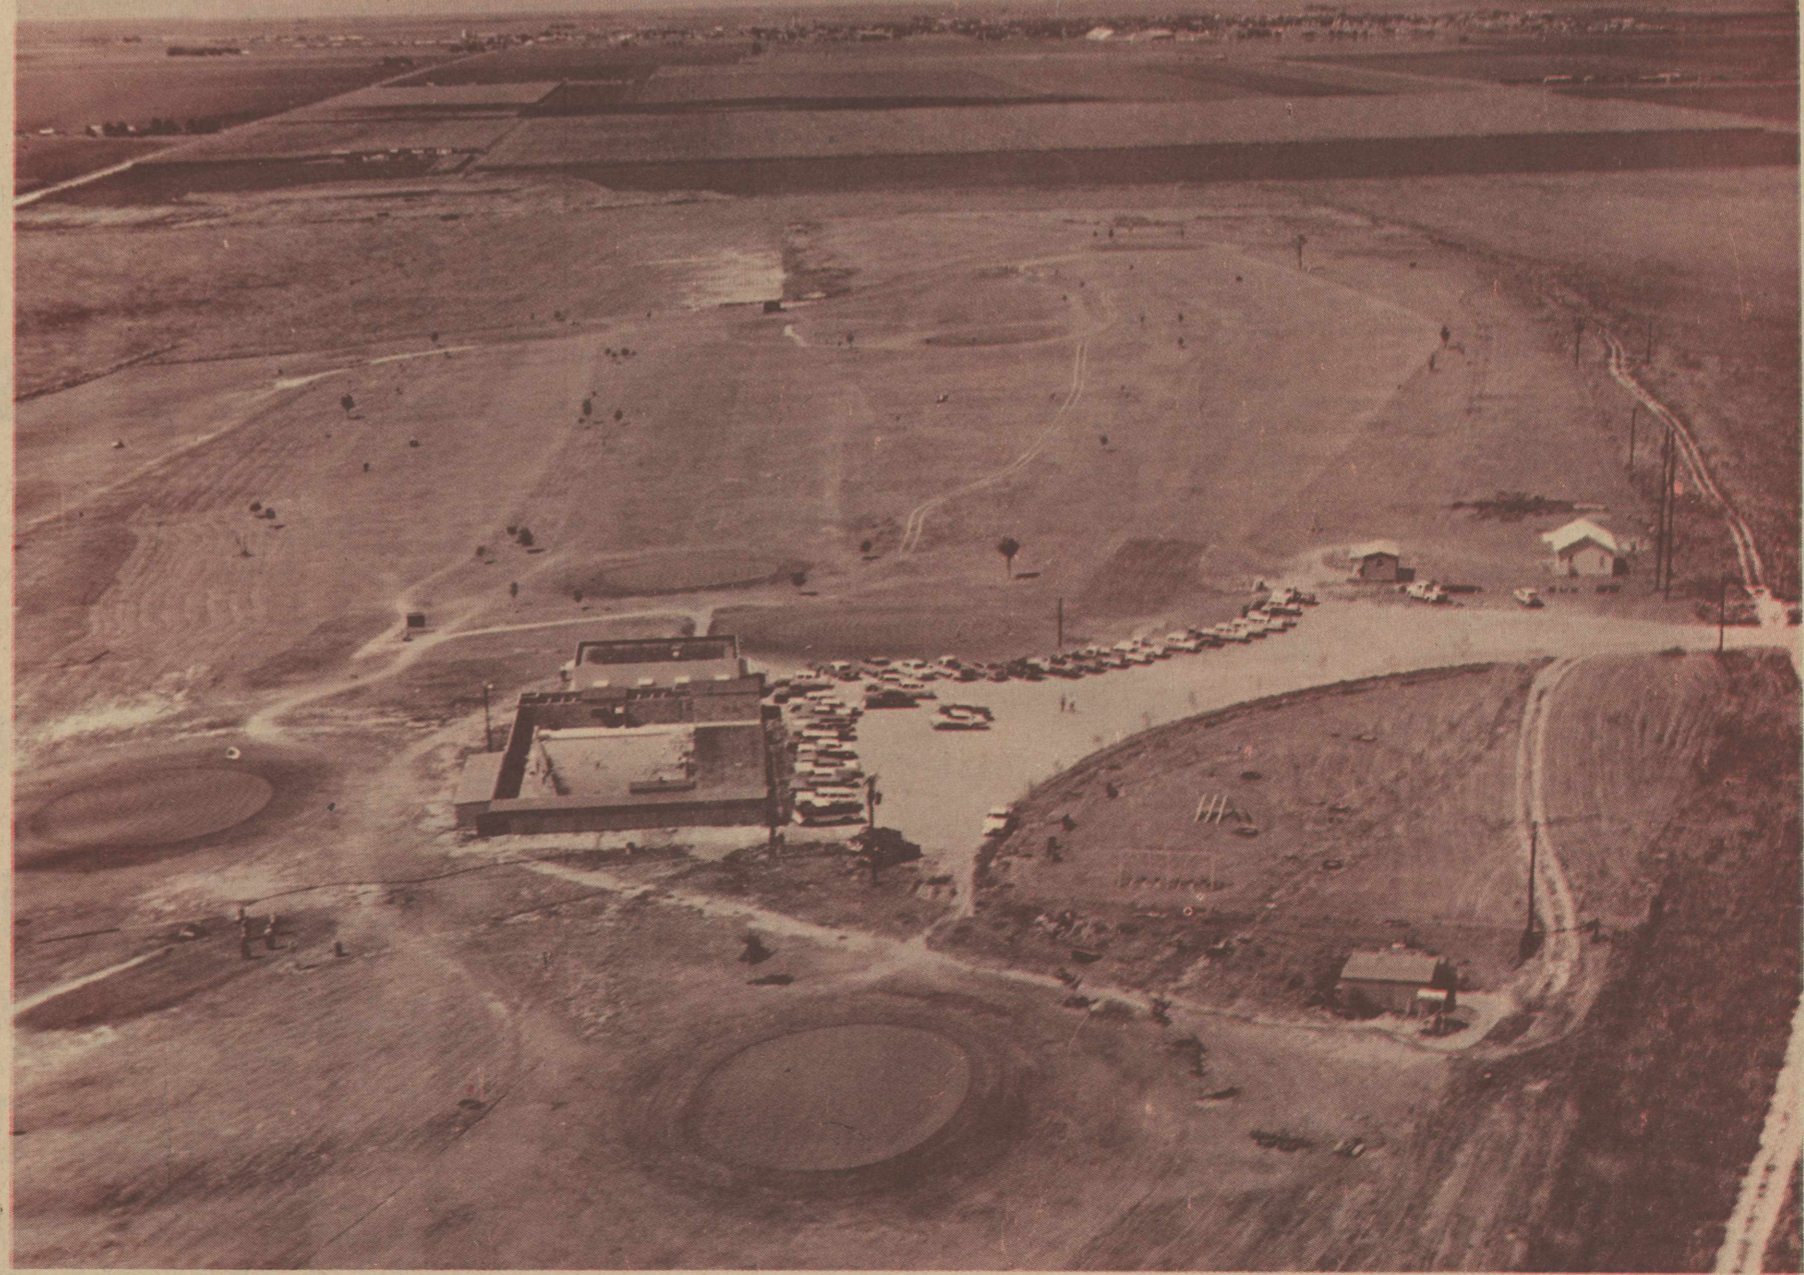

He is the son of Mr. and Mrs. Elbert Hooper.

Annual Barbecue At ORC Is Friday

ORC will stage its annual chicken barbecue, Friday, August 4, at the recreation center clubhouse.

Time for the supper is 7:30 p.m. Cost of tickets is \$1. These may be purchased from the merchants in Olton or at the gate.

Proceeds from the supper will be used by the women of the ORC for furnishings in the clubhouse.

OLTON RECREATION CENTER is a busy place on Sundays, as shown in this aerial picture. A good crowd was on hand Sunday afternoon for swimming and the opening of the annual city golf tournament. This is a view of the ORC

from the south, showing the town of Olton on the horizon. This photo and others on page 3 were made from a plane piloted by Otis Hair.

Methodists Will Open Revival Here

A revival meeting at the First Methodist Church will begin Sunday. Closing services will be held Sunday, August 13.

The Reverend J. Lloyd Mayhew, pastor of First Methodist Church, Brownfield, will be guest preacher during the revival. James W. Roberts, Lubbock, will direct the singing and a meeting with the children each night.

Sunday services will be held at 10:55 a.m. and 7 p.m. both Sundays. Weekday services will be conducted at 11 a.m. and 8 p.m. Special group meetings for children, youth and adults will be held each night at 7:30.

Reverend Mayhew has been preaching in the Northwest Texas Conference of the Methodist Church since 1938 when he graduated from McMurry College, Abilene.

He has held pastorates at Hart, Ropesville, Andrews, Highland Heights, Sweetwater, Slaton and Lamesa. In June of this year, he was assigned to Brownfield. Reverend Mayhew directed singing in a revival in Olton a few years ago.

Roberts will direct the children in a booster band at 7:30 each evening. He will lead the congregational singing and offer special music for the revival each night.

Nursery care for small children will be available at all services.

The public is invited to attend the services.

Mrs. Kittrell Is Honored At Stork Shower At Hart

Mrs. Edna Jean Kittrell was feted with a "pink and blue" baby shower, July 25, in the home of Mrs. Thomas Brooks. Guests received by Mrs. Brooks were registered by Mrs. Jimmy Sharp.

The serving table was laid with a lace cloth over pink. Centering the table was a miniature stork surrounded by crepe myrtle.

Punch was poured from a crystal punch service and banana nut bread was served from crystal plates. Serving the refreshments were Mrs. Lee Harris and Mrs. E.I. McLain. Floral arrangements decorated the house.

Mrs. Brooks presented the honoree a fold-up baby bed and mattress from the hostesses. A corsage of baby socks fashioned like flowers and tied with blue ribbons was also presented to the honoree.

Special guests were Mrs. Opal Kittrell, Mrs. Truman Kittrell, Mrs. Ted Kittrell and Mrs. Bud Roberson.

Hostesses for the event were Mmes. T.L. Brooks, P.T. Brooks, Jimmy Sharp, Milton Sharp, Lee Harris, Curtis Malone, E.I. McLain, Herman Burrus, Wister Clevenger, O.L. Beavers, W.H. Felder, Terry Hardy, Guy Ford and Roland Shepard.

Zealot Club Meets July 25 At Hart

The home of Mrs. Norlan Dudley was the scene July 25 for the meeting of the Zealot Club in Hart. Co-hostesses for the event were Mrs. Joe Bailey and Mrs. Bill Bell.

"Spanish Customs" was the program topic. Dr. Delia Mercer Cruber of Plainview was the guest speaker.

Special guests were Mrs. Buster Aven and Mrs. Walter Grimes of Pratt, Kan.

Members present were Mmes. Bill Bell, Daryle Clevenger, Walt Hansen, Paul Armstrong, Edd Bennett, Warren Lemons, Ralph Futrell, C.R. Jones, Owen Hankins, Joe Bailey, Norlan Dudley and Sam McGill.

Advanced Piano Pupils Give Recital Thursday

Beverly Harrison and Carol Futrell, advanced piano students of Mrs. A.F. Denton, were presented in a special recital Thursday evening at 8 o'clock in the First Baptist Church parlor.

The program consisted of compositions from Chopin, Schubert, Beethoven, Rachmaninoff, Hydn, Grieg, and others.

Beverly is the daughter of Mrs. Veldean Harrison and granddaughter of Mr. and Mrs. Harry Ragland.

Carol is the daughter of Mr. and Mrs. R.A. Futrell of Hart. Ushers for the occasion were David True and David Gardner of Hart.

After the program, in which the girls displayed much talent and skill, the guests, including many from out-of-town, were served punch and decorated cookies.

Nancy Speck, Dottie Moreland, and also Marie Davis and Freda Davis of Hart presided at the punch bowl.

Mrs. Harrison and Mrs. Futrell decorated the room with garden flowers for the program.

Steve Cox fell off of a horse at a Ranch in Portales, N.M., and broke his right arm.

Castro County Has Highest Income Of All US Counties

(Editor's note The following article is reprinted from the Houston Chronicle. The author spent several days in Dimmitt preparing the article, which is based on the alleged high income of Castro County.)

BY ELMER SUMMERS
Houston Chronicle
Agricultural Editor

DIMMITT—Castro County which produces cotton, sorghum grain, corn, vegetables and cattle has the highest spendable income—\$11,173 per family—of all the other 3,000 counties of the United States.

So says the Standard Rate and Data Service of Shokie, Ill., a nationally recognized authority on marketing and advertising.

Castro County is now basking in the world spotlight. It is the result of advanced farm technology, smart farmers and government price supports.

The citizens here are a bit bewildered but proud. Many frankly admit their own family incomes aren't \$11,173. Some are a little uneasy. They see complications like swarms of pressure salesmen and maybe a little closer attention from income tax investigators. Here are some typical reactions:

Bascom Nelson, Jr., editor of the Castro County News,

aid: "I know we have the smartest farmers in the world. Our soils are fertile. We have the most underground water on the High Plains—but this highest income news came as a pleasant surprise."

Banker Robert McLean, president of the First State Bank of Dimmitt, says he hopes it doesn't turn out to be a mistake.

Every one is agreed that Castro County's income is almost 100 per cent from agriculture. The county has no oil or industry.

What is the meaning of Castro County's income? By comparison, the S.R.D.S. says national spendable income per family in the United States is \$6,471. It says for Metropolitan Harris County (including Houston, Pasadena, Baytown, etc.) it is \$6,681 and for Houston proper \$6,855.

Thus it would appear that Castro County households each has almost double the annual spendable income of Harris County or Houston households.

Charles Hottel formerly assistant county agent at Liberty and Beaumont and now county agent here, says Castro

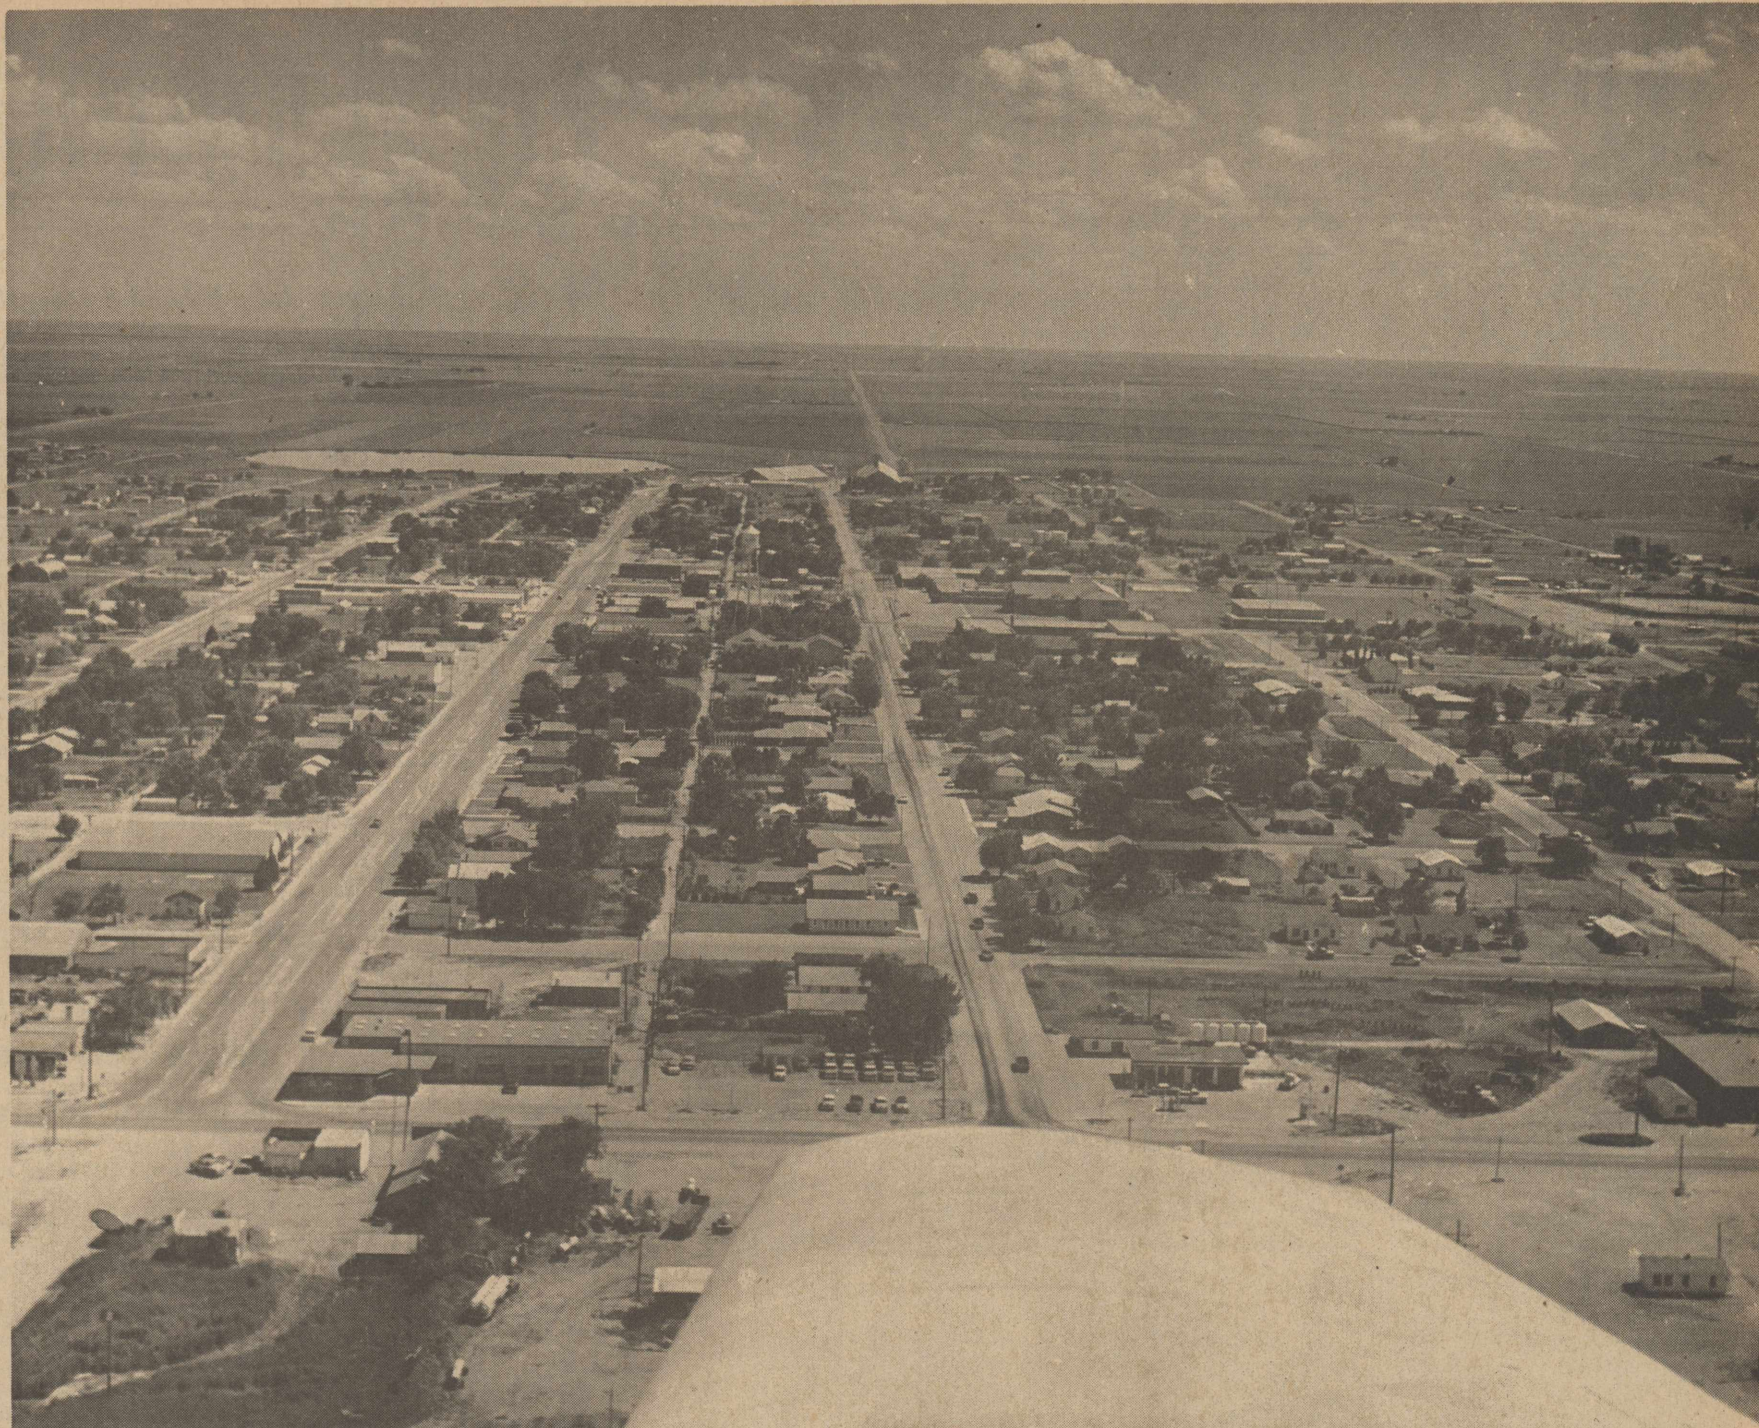

County farmers are "the hardest working farmers in the world." He says they have a year around job.

The elevation of the County is 3,854 feet above sea level. Its temperature ranges from a low to 14 below in the winter to 105 in the summer. Its chief crop hazards are tornadoes and hail. Hail insurance rates are \$19.95 per \$100.

Charlie Hill, manager of the Castro County Agricultural Stabilization and Conservation Office, says the average Castro County farm is 975 acres. This year's cotton allotment is 60,408 acres, which includes 58,558 acrtal allotment. The additional is release and reappor-tionment. He thinks all the cotton acreage will be planted.

Dimmitt, the county seat of Castro County, has a population of 2,935. It is a quiet little town, but progressive. It has voted \$250,000 bonds for a hospital. It has 11 churches and a fine high school. Most of the graduates attend college. It has the finest water I ever drank.

The county's bank deposits total about \$8 million.

Shirley Webb Zenor Is Honoree At Bridal Shower

A post-nuptial shower complimenting Mrs. Shirley Zenor of El Paso, formerly Shirley Webb of Olton, was given last Saturday afternoon in the W.E. Thomas home in Olton. Mrs. Zenor is the bride of Don Zenor of El Paso.

Laid with a white lace tablecloth, the reception table was decorated with crystal punch bowl and other appointments. An arrangement of pink and white gladioli centered the reception table with pink and white napkins to carry out the color scheme.

Mrs. Wally Stewart and Miss Gloria Finney presided at the serving table. Refreshments of punch and cake were served with the lettering "Don and Shirley" atop the cake.

A white Queen Elizabeth bedspread was presented to the honoree from the hostesses by Mrs. Bill Yates. A white gladioli corsage also was presented to the honoree and a pink

and white gladioli corsage was presented to the special guest. She was Mrs. H.C. Webb, mother of the bride.

Those sharing hostess duties were Mmes. Robert Dennis, Elvis Hately, Gaylen Finney, Bill Yates, Lester Thompson, T.J. Roberson, Troy Thomas, R.J. Pinkerton and W.E. Thomas.

Campbell-Webb Vows Exchanged Here Sunday At First Baptist

The First Baptist Church was the setting Sunday afternoon at 3 p.m. when Janice Jaleen Campbell became the bride of I.A. Webb. The Rev. John E. Lewis, pastor, read the double ring ceremony.

Parents of the couple are Mr. and Mrs. T.M. Campbell, Olton, and Mr. and Mrs. H.C. Webb, also of Olton.

Mrs. Dewey Hukill of Lubbock, provided a prelude of nuptial selections on the piano. She also accompanied Charles Moore of Lubbock, as he sang "Because," "Wither Thou Goest" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a wedding gown of white Chantilly lace with alternating skirt ruffles of lace and tulle. A bustle of lace with yellow satin rose

buds completed the floor length ensemble.

Her dress was fashioned with a round neck line and tiny satin buttons down the bodice front and long sleeves tapering to petal points below the wrist. A bandeau of pearls held her shoulder length veil of tulle and she carried yellow rose buds on a white Bible.

Traditionally, the bride chose "something old, something new, something borrowed, something blue." Her mother's wedding ring was "something old," and an imported lace handkerchief from Belgin was "something new."

Maid of honor was Miss Bobbie Campbell, sister of the bride. Mrs. Shirley Zenor, sister of the bridegroom, and Joyce Gray were bridesmaids.

They were attired in identical dresses of brocaded yellow taffeta with a matching hat and carried a long stem yellow rose.

Don Zenor, brother-in-law of the bridegroom served as best man. Groomsmen were Jerry Young of Lubbock and Hayden Hankins of Olton. Ushers were Mickey Hathaway of Dimmitt and T.J. Smith of Olton.

For her daughter's wedding, Mrs. Campbell chose a navy imported silk dress with white accessories. Mrs. Webb wore an orchid lace dress with matching accessories.

Scene for the reception, which followed the ceremony, was the fellowship hall of the church. The wedding guests were received by the bride and bride-

ful: Monday: Vacuum-clean venetian blinds, shades, rugs, moldings, doors, literally everything in the house.

Tuesday: Polish everything—silver, glass, pots and pans, brass and andirons.

Wednesday: Change the beds, collect and count laundry to be sent out Thursday.

Thursday: Defrost refrigerator and thoroughly clean the kitchen, bathroom, porch.

Friday: Buy weekly groceries, clean all vegetables before putting in refrigerator. Weekend baking.

Seasonal tasks include converting the house to winter and to summer, preparing your clothes for the different seasons, holiday preparations, canning and gardening.

New housekeepers tend to follow a schedule more closely than the housewife who has been managing a home 10 years and who has several children.

THE EXPERIENCED home manager tends to run a house spontaneously, meeting needs as they appear and doing errands as they arise. All runs well, however, because at least in her mind general duties have been ordered and arranged.

Some books which might be helpful to a new housewife just starting out or to the more experienced housekeeper who wants to turn over a new, efficient leaf are:

"Don't Phone Mother" by Jean Littlejohn Aabert; "How To Manage Without A Maid" by Lita Price and Harriet Bonnet and "Housekeeping After Office Hours" by Charlotte Adams. These are obtainable in the Houston Public Library.

"Housekeeping After Office Hours" is written especially for the working wife who needs to save as much time as possible.

IT LISTS mechanical, time-saving devices and offers suggestions for food planning.

Many newlyweds start out in an apartment, which certainly doesn't present as many problems as a 10-room house.

These apartment dwellers say that it is a good, easy way to gradually learn the many tricks of running a house. As one young bride put it:

"When you marry you find you don't know as much about housekeeping as you thought. There are tricks to learn. You have to get in the habit of housekeeping. It is not only a matter of learning but also one of practice."

One young woman, who also has a full time career, keeps the management of her apartment-home as simple as possible.

SHE MARKETS on her way home from work each day to avoid having to much extra food in the house which might go unused and spoil.

Cleaning and laundry are picked up and returned once each week while she and her husband are at work, avoiding the worry of that major household errand.

Each morning before work, articles are stored or stashed away in cupboards, giving the apartment the appearance of neatness when she and her husband return from work. In the evening, things are sorted out and further straightened.

Number Of Deaths From Cancer Increase In LC

Deaths from cancer in Lamb County have almost doubled in the past 13 years according to the American Cancer Society.

Fifteen cancer deaths were reported in the county in 1947 in comparison with the 29 reported in 1960, a report released this week revealed.

A similar rise was reported on a state wide basis with 1947 showing 6,570 cancer deaths in Texas and 1960 showing 11,178.

Castro County reported 6 deaths in 1960 and none in 1947.

Lubbock County showed an increase from 60 to 118; Bailey, 3 up to 8; Hale, 22 to 25; Hockley, 8 to 12; Parmer, 1

to 7; Swisher, 7 to 11; Motley, 4 to 6; Hardeman, 12 to 29; Floyd, 6 to 15; Crosby, 6 to 15; Cochran, 0 to 1; Childress, 12 to 15; Brisco, 0 to 7.

Only three counties in this district showed decreases over the past thirteen years.

Cottle County dropped from 11 to 5, Foard dropped from 7 to 5 and Hall dropped from 13 to 9.

In 1954, Lamb County reported 17 cancer deaths. The number increased to 27 in 1957 and dropped back to 22 in 1958. In 1959, 24 deaths were reported.

Folks who try to maintain a budget today have living proof that both ends won't meet.

Roundup Time In West Texas Doesn't Always Mean Cattle

NOWADAYS, when they say it's roundup time in Texas, there's a good chance they're not talking about cattle. Because every year hundreds of taut-nerved Texans fan out over the rocky rangelands of Central and West Texas to stage the most unusual roundups in these parts or any other.

Their quarry: rattlesnakes. This wacky business has been going on now for several years on an organized basis around such places as Sweetwater and Coleman, to name just a couple.

The aim of these dry-land reptile regattas is threefold: to reduce the rattlesnake population for the benefit of ranchers, to reap publicity rewards for the communities involved and simply to have a rattling good time.

It's not as risky as it seems — if you know how. The snakes are flushed from their crannies by an uncomfortable cloud of vapor pumped from a gasoline pressure tank. The rattlesnake wranglers then snare their prey in a rawhide loop or a metal hook on the end of a pole and plop them into a barrel or sack.

Those snakes that aren't killed wind up in zoos or in the bellies of their captors. Fried filet of rattlesnake is a delicacy which, says State Game Warden Cecil Fox of Spur, "I've been eating for years."

In case you'd like to try it, here's the warden's recipe: Remove snake's head, skin and rattles. Clean, de-bone. Cut meat into three-inch lengths. Dip in milk; salt and pepper to taste. Roll in corn meal and fry in deep fat. "Tastes just like chicken," says Fox, smacking his lips. But chicken is a little easier to get.

HPRF OATS TEST RESULTS ARE TOLD

The Cimarron variety of oats was the earliest to mature and was followed closely by New Nortex and Winter Excel in a test of eleven varieties of oats at the High Plains Research Foundation, Halfway.

These three varieties were harvested May 30 to June 2, 1961. The other seven were harvested June 26, 1961.

All varieties were planted on October 10, 1960. They were irrigated and received fertilizer in the pre-plant in the amount of 300 pounds of 10-30-10 in October with a top-dress of 40 pounds of nitrogen in March, 1961.

The Fulwin variety was the last to mature.

The Cimarron variety led in yield with 20 bushels more than the next highest yielding variety, Bronco. The yield in the oats variety tests were: Cimarron, 173.1 bushels; Bronco, 153.7 bushels; Winter Excel, 134.0 bushels; Mustang, 132.5 bushels; 59 D-1550 (a hybrid), 132.0 bushels; New Nortex, 129.4 bushels; Bronco crossed with Garry, 128.8 bushels; Frazier, 115.9 bushels; Fulwin, 109.5 bushels; and Wintok, 105.7 bushels.

Delbert Langford, Associate Agronomist at the Foundation, conducted the test in co-operation with Dr. I.M. Atkins of Texas A & M.

Cattle Show 2.3 Pound Gain

An average gain of 2.3 pounds per day has been chalked up in the first 28-day period of a self-feeder cattle demonstration being conducted here.

Twenty head of Whiteface heifers owned by Allen Johnston of Olton gained a total of 1,298 pounds during that time.

The cattle averaged 547.35 pounds per head. At the weighing Monday, average weight of the cattle was 612.25 pounds.

Johnston received the cattle June 23 and put them on a maintenance ration until July 3.

The heifers were on a Purina Check-R-Mix cattle ration.

Second weighing of the cattle was held Monday morning by a committee of local farmers and businessmen, in cooperation with the Chamber of Commerce and Agriculture.

Members of the committee on hand for the weighing were G.T. Sides, Lloyd Graham, Dick Whiteley and Bill Turner.

Farmers and ranchers who dropped by to view the weighing included W.B. Dickenson Jr., A.J. Givens, Forrest Latimer, Clovis Poteet and Martin Phillips.

The weighing was the second for the cattle. First one was held July 3. At that time,

tening ration for the 28-day period. They are now on full feed and will be fed another 60 to 90 days.

Date of the next weighing is Aug. 28.

Figures on feed costs show the cattle consumed 12,243 pounds of feed during the first 28-day period, at a total cost of \$289.79. This made the average cost per hundredweight \$2.34.

The heifers gained a pound for every 9.335 pounds of feed consumed, making the feed cost per pound gain total 22 cents.

Old Hospital

west one-third of the land. What happens next on the square depends primarily on how the property sells.

Both the Fite brothers and Dr. Souders are breaking the property into business lots and putting them on the market.

Already a strong possibility for the property is the location of a new post office for Olton on the site.

Dr. Lynn Fite said this week that the federal government, through the Post Office department, has taken an option on a plot at the northeast corner of the square.

The option is on an area of 50 feet by 140 feet, with the front to the east.

Although an option has been taken, this does not mean necessarily that the post office building will be located there. There may be options taken on other property in town, with final selection of a site to come later.

However, the Chamber of Commerce and Agriculture has been a strong backer of plans to have the new post office located on the square. And the C-CA has made this fact known to Lubbock officials of the post office department.

As far as is known, there has not been any organized push for the new building to be located anywhere else.

"We feel the whole community can benefit by this location," says Dick Whiteley, manager. "It's the best location

we know of to tie in with future business development on the square."

Details on the progress at the square were related C-CA board members at a meeting Tuesday morning.

Chamber Manager Whiteley told the board that the C-CA can consider two of its major projects for the year completed.

He was referring to the 68-block paving program and the C-CA's efforts to get some disposition on the litigation surrounding the hospital and square.

However, the C-CA will continue its efforts for development of business on the square, Whiteley said.

Also discussed at the Chamber meeting was the possibility of attempting to get a new hospital here.

Board members said they have heard many people express the need for a hospital here. They made plans to appoint a committee to check into this possibility.

In addition, the board voted to actively investigate the chances of getting a dentist to open a full-time office here.

Thirteen women attended the Young Ladies Bible Class meeting Wednesday morning at the Church of Christ.

Teaching the class, as it studied two women of the New Testament, Lois and Eunice, was Mrs. I.B. Holt.

Present were Mmes. Bob Williams, Bud Huckabee, Johnny Clark, George Kidd, Harold Cartwright, Billy Guy Thomas, Jay Rainey, Barney Clark, Alfred White, Glen Exter, Elmer McGill, Willie Green and Miss Helen Locke.

Ruth Chapman was a guest at the meeting.

Area Business Is Strong Despite National Drop

(Special to the Enterprise)
NEW YORK, July 21 - Retail business in Lamb County continued strong in the past year, despite the slowdown in most parts of the nation.

There was little evidence in the market reports to indicate that local residents changed their normal spending pattern to any appreciable extent.

On the contrary, some retail lines were able to report solid gains for the year.

The results are contained in the annual survey made by the Standard Rate and Data Service. Its comprehensive figures, showing how people in each community spent their retail dollars, covers every section of the United States.

In Lamb County, food was the principal item. Purchases in the local supermarkets, grocery stores, bakeries, butcher shops and the like amounted to \$7,169,000 in the year, topping the 1959 volume of \$6,686,000.

This was sorely for take-home food. It did not include food that was consumed in restaurants, at lunch counters and at other eat-and-drink places.

Approximately 23 cents out of every dollar that was spent in the county's retail stores went in this direction.

The large amount that residents of Lamb County devoted to food, in a year in which prices remained quite steady, is a sign of more luxurious living.

If the total expenditures for food were to be spread uniformly throughout the county, each household would have a bill of \$1,120 for the year.

That was bigger spending than in most parts of the United States. The average was \$1,015 per household. In the State of Texas it was \$1,016.

The figures for most other retail lines also indicated strong consumer buying locally.

AUSTIN— Calvin Horn, teacher of vocational agriculture in the Olton Public Schools since 1958, will receive the Distinguished Service Award of the Vocational Agriculture Teachers Association of Texas in Austin, August 9, according to Wilbert H. Meischen of Raymondville, president of the organization.

Horn is completing twenty years service to Vocational Agriculture.

The award will be presented at an Awards Breakfast sponsored by the Association. The breakfast is a part of the statewide conference of Vocational Agriculture Teachers, designed primarily to allow teachers to explore new trends in agriculture and participate in workshops.

Education features of the four-day meeting will be under the direction of George Hurt, Director of Agricultural Education, Texas Education Agency. He will be assisted by J.A. Marshall, E.C. Weekley, E.L. Tiner and ten Area Supervisors, including Walter Laby of Plainview.

The show record of the Olton Future Farmers, under the supervision of Horn, reads like the Who's Who in livestock exhibiting. Grand Champion barrows were won in Amarillo in 1959 and 1961. Reserve Champions have been shown in San Antonio and Houston as well as champions at other county and district shows. With extensive supervised farming programs, the FFA members excel in advanced degrees, with nine receiving the state's highest degree this year and four young men to receive the American Farmer Degree in Kansas City by the national organization.

For his outstanding work with young men in the FFA chapters, Horn was awarded the Honorary State Farmer Degree in 1958.

Horn was active in collegiate judging contests, being a member of the first place Grain Judging Team in Chicago in 1933, and the team placed fifth in the International Contest in Canada the same year. He received his degree in 1933 and taught 14 years in Oklahoma

H.D. Eby Receives Promotion in Army

Worms, Germany (AHTNC)—Harold D. Eby, son of Mr. and Mrs. Duane Eby, Route 1, Olton, was promoted July 17 to private first class in Germany where he is a member of the 48th Infantry.

Eby, a rifleman in Company B of the infantry's 1st Battalion in Worms, entered the Army in November 1960, completed basic training at Fort Hood and arrived overseas last March.

The 23-year-old soldier is a 1956 graduate of Olton High School and was employed by Elmer Phillips before entering the Army.

Joe Whitaker Said To Be Improving

Joe Whitaker reported to Mrs. Cloys Fancher, Sunday night, that he was "coming along fine, but slow," in recovering from injuries received in a farm accident Dec. 26, 1959.

Joe, the son of Mr. and Mrs. W.T. Whitaker of Brownwood, formerly of Olton, has been in the Rehabilitation Center at Gonzolas since the accident.

and Petersburg, Texas in addition to his present work here.

Horn is chairman of the Littlefield District of Vocational Agriculture Teachers and is active in the Olton Lions Club and a member of the Methodist Church.

Approximately 1,100 vocational agriculture teachers and friends are expected at the Austin conference.

Somebody has to feed the mamma hog

These piglets are not worried about how comes their sustenance... nor are they much concerned about whether it will be there tomorrow... until tomorrow comes.

• Yet their welfare depends very much upon how well somebody feeds and cares for the mama hog. They grow fat or they grow lean in proportion.

• Even as our individual and collective prosperity depends on the vigor of this Local Economy which furnishes us with jobs, business, stable property val-

ues, and a handy source of emergency and daily needs.

• The difference is... we, ourselves, are the caretakers of this economy upon which we depend. It's within our power to feed it by trading at home... or to starve it by trading in some other town.

• City shopping... mail order buying... succumbing to the peddler's slick line... cutting the community's ration of trade volume by \$3 or \$4 every time \$1 is taken out of local circulation... is a good way to dry up the economy that sustains us.

School Calendar

Sorry, kids! The schools definitely do not plan to give a two week vacation for Easter. And if you're worried about your Christmas vacation, they really didn't plan to schedule it in November. In fact, the school calendar is pretty standard this year... just about as standard as the coffee break our proof reader was on when the calendar was to be checked last week. To allay any misgivings you might have had, we reprint the school calendar this week. It's correctly reproduced below.

THE SIGN SAID STOP!—This auto, driven by Clemente Espericueta, 23, Edinburgh, wound up in the middle of an island at the intersection of Highways 70 and 385 at Springlake last week. The vehicle was in collision with a car driven by Frank Grimes, 19, Plainview. Neither driver was injured, but the accident again focused attention on the intersection, which Springlake residents say will be the scene of a tragedy unless something is done to improve safety there.

Favorable Action Is Expected On Bracero Law

Favorable action by the Senate on the Bracero Farm Labor Law is expected later, according to a report received this week from Congressman George Mahon.

The House passed a two year extension of the law May 11 and the Senate Committee on Agriculture approved an extension of the law, with some modifications, July 19.

It was reported that no substantial progress had been made toward sugar beet legislation in recent weeks.

There is however a chance that additional hearings may be held by the House Committee on Agriculture this year.

It was not expected that a bill would actually be approved by the Committee and presented to the House for action.

Mahon reported, "If action is not taken by Congress this year some action will have to be taken next year. We will seek the most favorable program possible. We will get some acreage. We cannot be sure just yet how much."

He is a senior in Springlake High School and has been very active in F.F.A. work throughout high school.

He won District in Public Speaking at Friona in April.

On April 24 he competed for Area in Pala Duro High School in Amarillo and won.

Topic of his speech was "It Is Up To You."

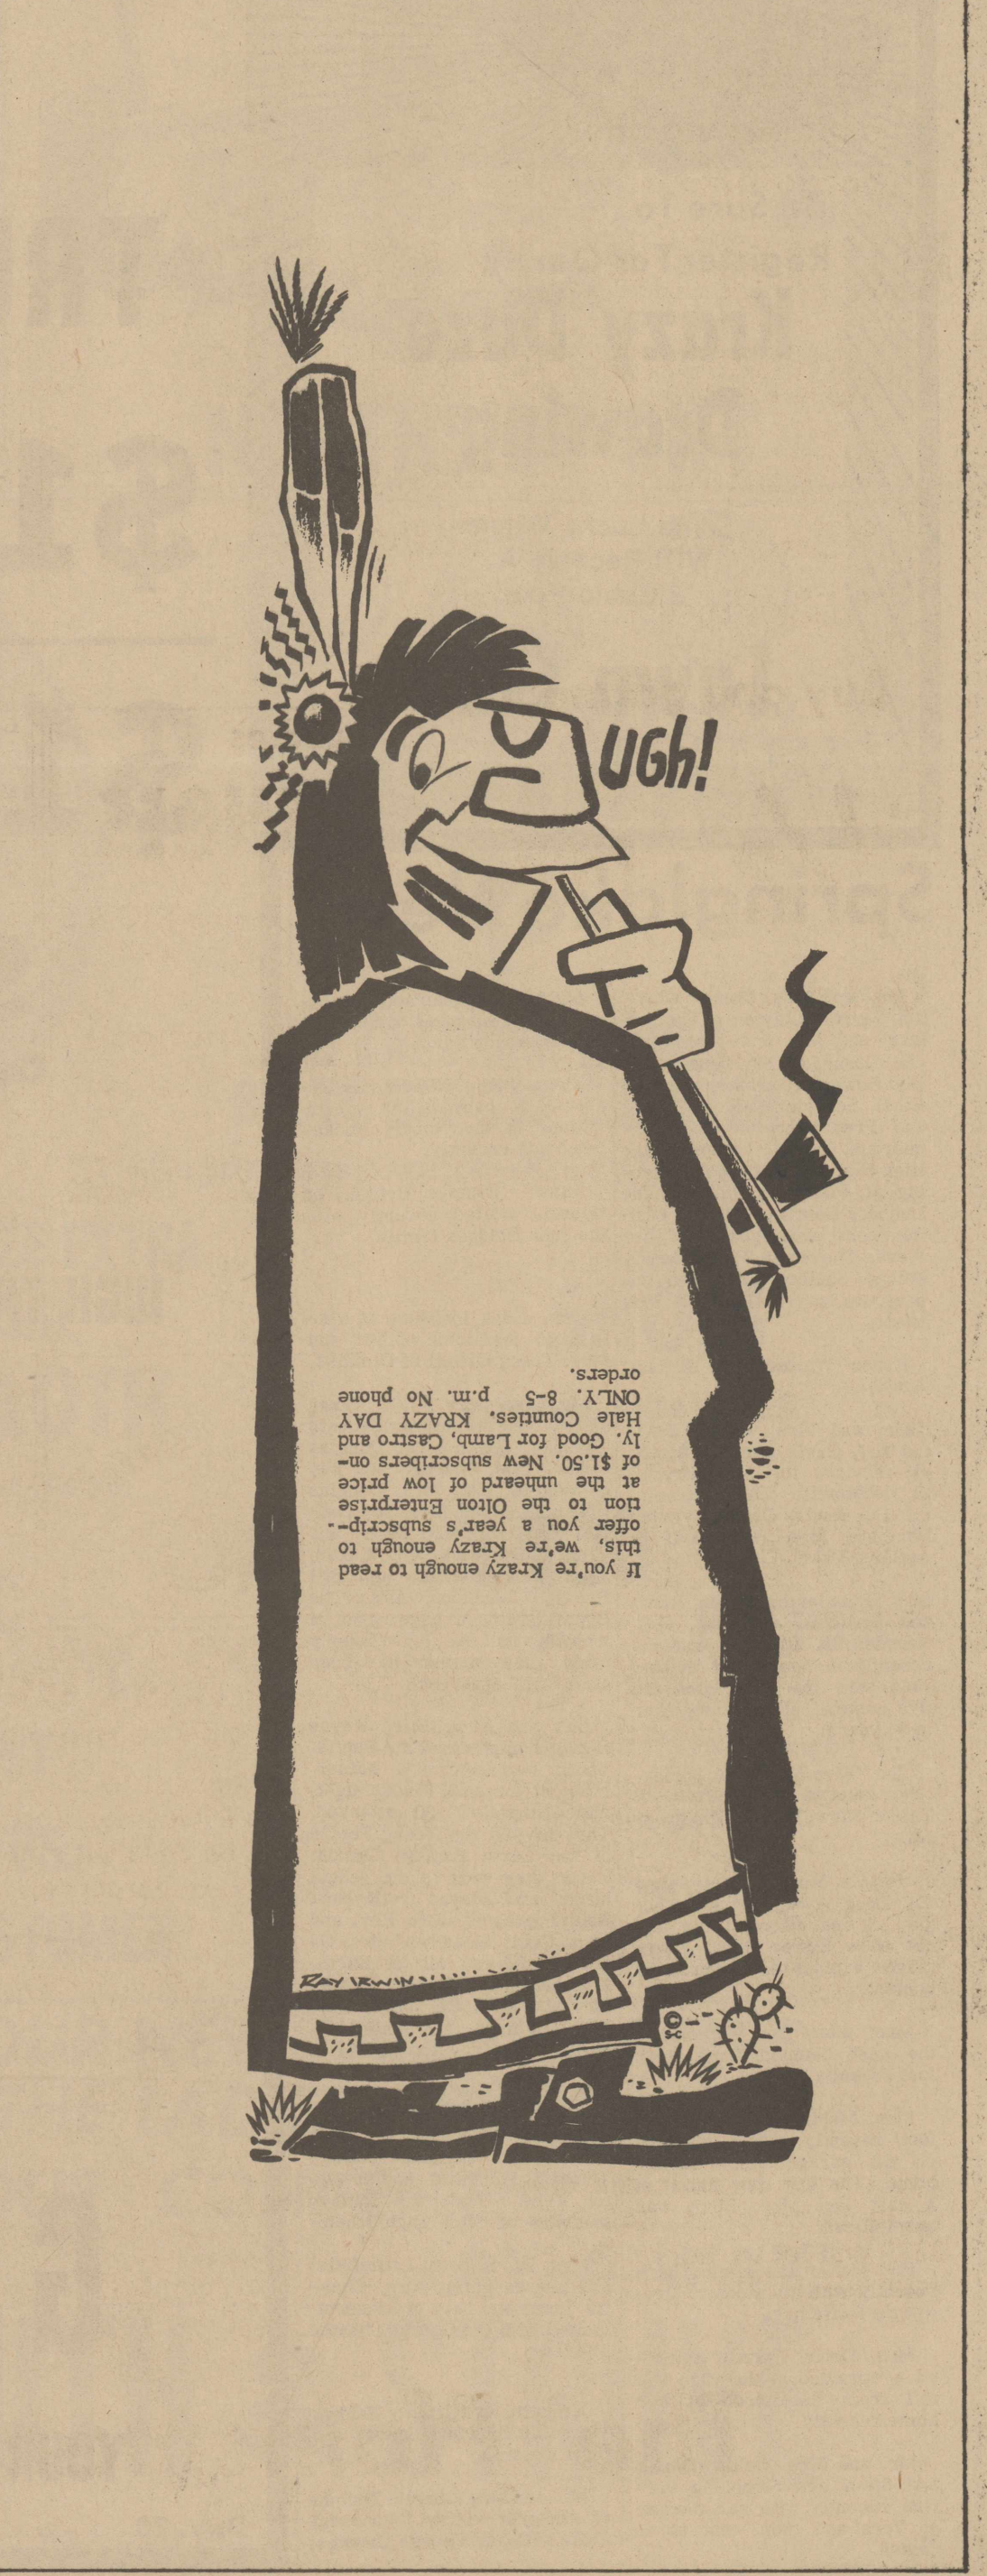

His future plans are to attend college and be a doctor of veterinary medicine.

Miss Ann Banks, known as "Aunt Ann" here was honored on her birthday recently with a surprise party in the home of Mrs. Carl Perkins.

Birthday cake and punch was served to those present. The cake iced in white was decorated with dollar bills which represented the candles. Each bill was rolled and wrapped in Saran wrap and placed on top of the cake like candles. The tip of each one was painted to look like the candles were lighted.

Those attending were Mmes. W.F. Banks, George Choate, R.L. Roach, Bill Phillips, F.F. Bozeman, Eldon Hestand, and Carl Perkins. Also Judy and Sandy and "Aunt Ann", the honoree.

Mrs. Alice Huckabee visited Friday with her parents, Mr. and Mrs. G.E. Thomarson of Earth.

Poll On Christian Hymns Begins Here This Week

What is America's favorite hymn? The Enterprise today joins Christian Herald, the nation's largest interdenominational Protestant magazine, and newspapers throughout the country, in a definite survey to determine the hymns America loves best.

A preliminary hymn poll, conducted last year, ended in a controversy between churchgoers who favored "The Old Rugged Cross" and others who named the contemporary gospel song, "How Great Thou Art." Our survey aims to settling the dispute.

The National Newspapers Hymn Poll is open to Americans of all denominations. Every reader of the Enterprise is invited to write the name of his favorite hymn or gospel song on the ballot printed with this article. The Enterprise and Christian Herald will give each respondent the miniature book, "Hymn Thoughts for the Day," by Bill McVey, the Christian Herald Singer. This book contains hymns and scripture reading for every day of the month. The National Newspapers Hymn Poll is being conducted by newspapers in cities of all

sizes in every state. Its purpose is to find out which hymns our readers (and Americans everywhere) enjoy singing and hearing—as well as to encourage hymn singing in homes and churches throughout the country.

Hymn singing has been a dynamic force for American family and community strength since colonial days. For some years after the end of World War II however, interest in hymn singing declined. But as a result of Bill McVey's Christian Herald Hymn Revival Program, 1960 saw a revival of hymn singing in America.

Under the direction of Rev. Dr. Daniel A. Poling, editor of Christian Herald, hymn singing with Bill McVey have been held in a number of states, attracting audiences as large as 6,500 people.

Christian Herald conducted a survey of more than 30,000 people to determine their interest in hymn singing in America.

A controversy arose shortly after the results were printed.

Some people felt the old hymns best expressed their faith and directly portrayed the great stories of the Bible. Others believed the newer gospel songs with their strong melodies had greater appeal to modern American churchgoers.

This controversy was reflected in the popularity of "The Old Rugged Cross" and "How Great Thou Art."

The National Newspapers Hymn Poll should end this dispute and determine which hymns have the most meaning for American churchgoers today.

Each vote submitted in the coast-to-coast survey will be tabulated by Audience Analysts, Inc., an independent research organization. The Enterprise will publish a list of favorites in this area and compare them with national results.

Recipe Of The Week

"Barbecue Time" being in full swing, we thought you might need new recipes to please your family and yourself at your next outdoor feast.

This recipe for Lettuce Salad is a favorite of the family of Mrs. John E. Lewis and may be served "the way you like it."

lettuce, cut the way you like it, hard boiled eggs, chopped stuffed olives, chopped celery, chopped

Use your favorite salad dressing to complete this appetizer.

Brown beans, a favorite of the Laus Hair family, are next on the menu of this "satisfaction guaranteed" barbecue supper.

2 cups brown beans
5 cups hot water
1 1/2 teaspoons salt
1 small onion, chopped
1/4 lb. salt pork (cut up)
1/4 cup brown sugar
1/4 cup molasses or maple syrup

1 teaspoon dry mustard
1/2 to 3/4 cup hot bean liquid, as desired

Bake the beans overnight (12 to 15 hours) in a bean pot. When tender, drain liquid off of beans, add seasonings and blend. Add hot bean liquid as desired.

Chicken seems to step into the spotlight of the feast barbecued with this Mild Chicken Barbecue Sauce—a personal recipe of the Rev. Wilber Gaede.

1/2 gallon tomato catsup
3/4 pint vinegar (white)
1 pint cooking oil
1 quart water
1 pound Brown sugar
6 ounces worchestershire sauce

2 teaspoons onion salt
2 teaspoons salt
2 1/2 teaspoons black pepper
2 teaspoons chili powder

Other spices may be added to suit your taste. Heat the mixture to boiling and spoon or brush over the chicken as it cooks on the barbecue grill.

This recipe makes over a gallon of sauce, what you do not use may be stored in a cool place.

The "crowning glory" of our outdoor feast, is undoubtedly the title for the Red-Develfood Cake and homemade ice cream, made from the recipes of Mrs. H.R. Curtis.

CAKE
1/2 cup cocoa
1 cup boiling water
2 teaspoons soda, mix this and let stand for 30 minutes.

1 cup sour milk
1 cup butter or shortening
2 cups sugar
3 eggs
3 cups flour
1/2 teaspoon salt
1 teaspoon vanilla

Stir this mixture well and then add the cocoa mixture. Pour into six round layer pans and bake for 20 minutes in a 375 degree oven.

ICING
3 cups sugar
2 cups fresh cream
1/3 cup cocoa
1 teaspoon vanilla
2 tablespoons karo

ICE CREAM
6 eggs, beat well and add 1 3/4 cup sugar, blend well 1 tablespoon vanilla salt 3/4 cup cream

Put this mixture into a gallon ice cream freezer and fill to 3 inches from the top with fresh milk. For variety, add frozen strawberries or other favorite frozen fruit.

For best results, serve these dishes with a fresh vegetable tray, butter-toasted tear-apart bread and frosty glasses of iced tea.

Local Farmers Are Asked To Cut Down Water Waste

LUBBOCK—Some irrigators in the southern High Plains are at present watering grain sorghum and vegetables. A few are even irrigating cotton. If the dry weather continues for the next few days, other wells will be started.

When the irrigation of crops gets into full swing, it is probable that some waste of water will result.

To allow irrigation "tail-water" to escape the land from which it is produced is a violation of the rules of the High Plains Underground Water Conservation District.

Aside from the economic and human relations aspects involved in wasting irrigation water, the High Plains District emphasizes the fact that in failing to keep water on our own land we jeopardize the doctrine of private ownership of underground water in Texas.

A District spokesman recently stated that, "Texas is the only state we know anything about that has private ownership of underground water—where the person who owns the land also owns the water beneath it. We should all be thankful for this fact; however, most people don't give it much thought, one way or the other—they just take private ownership for granted."

The spokesman continued, "In this day when we have occasion to observe first hand more and more of our individual rights slipping from our grasp we don't seem to be disturbed about it—until it's too late do we really get concerned."

"Well," according to the High Plains Water District spokesman, "it's not yet too late to do something to help insure continued private ownership of underground water in Texas. Each one of us can accept the responsibility that goes along with private ownership—that of using water wisely and for beneficial purposes. Running water down a bar-ditch could hardly be considered beneficial by anyone."

The District official had this to say in conclusion, "The right

Checking Grain Storage May Save Time For Farmer

College Station—Advanced planning in checking "on-farm" grain storage may save valuable time during harvest, says W.S. Allen, extension agricultural engineer. Leaky, run down, and unclean storage buildings will increase hazards from insect and rodent damage, the two factors usually responsible for the loss of quality in farm storage.

A good storage unit should meet certain standards. The roof should be weather tight, the walls should be strong, sound, and rain proof. Any potential water leaks should be patched and caulked to prevent the entry of moisture from the outside. Cover the openings in the walls and gable ends of the buildings with screen wire to keep out rats and birds, and use 1/4 inch mesh wire around the tops of wooden bins. Lining the lower part of doors and door openings with strips of metal sheets will keep rats from gnawing holes at the corners. Check the foundations of wooden buildings to be sure they are not decayed, and repair any foundation deterioration, Allen says.

Be sure all trash, weeds, and grass are clear from around the bins to help reduce rat population and insect infestation. A poisoning program to control rats and a fumigation program to control insects can be recommended by your county agricultural agent.

'School Scramble' Hits Mothers Of School-Agers

The annual epidemic of "school scramble" is expected to get underway in Olton shortly, as any mother of school-age children can tell you.

It's a frantic sort of mania that is prevalent this time of year and particularly affects mothers who have small children who will begin school for the first time.

Common causes of the disease are these things: Mothers have to "get done." There's more here than meets the eye. For example, there are shots to be administered, clothes to buy, teeth to be checked, health examinations and birth certificate copies to be arranged for.

Like most school districts, the local one requires proof of age for children beginning school. The most convenient proof for most parents is a copy of the child's birth certificate.

These may be obtained from the county clerk or from the Texas State Department of Health's records and statistics section at 410 East Fifth Street in Austin.

Along with \$1, parents should send the child's name, place and date of birth, and the parent's names.

As the rates for birth certificate copies are to be raised to \$1.50 effective Sept. 1, the load is expected to be extra heavy during the next month.

For this reason, parents are urged to make their requests early enough to insure delivery in time for school. Ordinarily, about a week is required including mailing time.

So, Olton mothers, take a hint, and get those certificate requests mailed off early, in addition to the million-and-one other details that must be attended to before school starts.

1960 Cotton Farm Income Is Second Highest Ever

Cotton is king on high plains farms, according to W.R. Kimbrough, county agent. Kimbrough issued a statement this week saying that 84 percent of cash receipts on high plains irrigated cotton farms were from cotton lint and seed in 1960.

The acreage net income per farm is estimated at \$14,844 for 1960, the second highest on record. It is 38 percent higher than 1947-1949, and only exceeded by the 1958 return. Kimbrough cited some of the reasons for the higher income in 1960 as 1. Net farm production was 7 percent higher than in 1959; 2. Cotton yields were about 13 pounds more per acre; 3. An increase in the size of farms.

The near-record net income was achieved despite the fact that prices received by farmers were down 2 percent from 1959. Those products which sold for lower prices were lint cotton, cattle and grain sorghum. Cottonseed and hog prices were slightly higher.

Prices paid for goods and services were higher in 1960, but, farm operators were able to hold operating expenses to a level slightly lower than 1959. Things contributing to this were lower irrigation costs and hired labor cost was lower. This was due to more mechanical harvesting. Man labor requirements were about eight percent higher due to increased chopping and hoe bill. Some of the expense items which increased were poison costs due to weather conditions and insects, ginning, power and machinery.

Research Station Makes Tests On Barley Varieties

Cordova barley and a cross of Texas and Ludwig were the earliest to mature in a test of eleven varieties of barley at the High Plains Research Foundation. The eleven varieties were planted October 15, 1960 and were harvested May 29 through June 1, 1961, at Halfway.

Yields in the test were as follows: Rogers, 116.4 bushels; selection no. 48-59-38, a cross of Cordova and Kido, 115.4 bushels; Wintex, 114.7 bushels; Cordova, 113.2 bushels; a cross of Texan and Ludwig, 100.7 bushels; selection no. 41-54-757, a cross of Cordova and Omigi, 100.6 bushels; selection no. 48-53-75, a cross of Cordova and Kido, 100.3 bushels; selection no. 41-54-133, a cross of Cordova and Omigi, 92.3 bushels; Kearney, 91.2 bushels; Tennessee Wintex, 90.1 bushels; and Harbine, 85.7 bushels.

The two which had the real test growth were Cordova and a cross of Texan and Ludwig. These two varieties were also the first to mature.

All varieties were irrigated fertilized of pre-plant on October 7, 1960, with 300 pounds of 10-30-10 and top-dressed in March, 1961, with forty pounds of nitrogen in the form of ammonium nitrate.

The barley test was conducted at Halfway by Delbert Langford, associate agronomist. This test is included in the intra-state fall-sown barley variety test conducted in cooperation with Texas A & M under the supervision of Dr. I.M. Atkins.

**6 Girl Scouts
Vacation In NM**

Six members of Girl Scout Troop 177 vacationed last week in Ruidoso, N.M. as part of their summer scouting. Each of the girls earned a portion of the money for four

days of activities such as horse-back riding, bowling, skating, and cookouts at the summer resort.

Vacationing were Pam Hair, Paula Jones, Deanna Thompson, Judy Kemp, Cherry Langford and Judy Dennis. Also making the trip were Mrs. Bill Langford, scout leader, and Mrs. E.C. Jones.

Lana George, a member of the troop who lives in Holly-wood, N.M., visited with the girls, Wednesday night and Thursday.

**Sponsors Say Trailer Law
Will Save Farmers Money**

House and Senate agricultural leaders said this week that the new farm trailer law will save farmers and ranchers of Texas millions of dollars annually by reducing the license fee.

They said many farmers do not understand how the law benefits them and were protesting the payment of the annual license fee required under the new legislation.

HB 1082, the farm trailer law, was passed during the regular session of the Legislature and became effective May 29 with Governor Daniel's signature. It requires that farm trailers of from 4,000 to 10,000 pounds gross weight be registered with the county-tax assessor. It also provides that owners must secure a special farm trailer license plate for a \$5 annual fee.

Farm trailers up to 4,000 pounds gross are not required to have license tags, and all farm trailers up to 10,000 pounds gross are exempt from brake requirements.

Senator A.J. (Andy) Rogers of Childress and Rep. Grainger McIlhany of Wheeler, sponsors of the trailer bill, said many legislators have encountered mass resentment on the part of farmers over the \$5 license fee.

In a statement to the Texas Farm Bureau, the two lawmakers said they wanted farmers to understand that without passage of the trailer law this year, the cost of operating farm trailers would have been prohibitive.

They said for example, that

**Nazarene Church
Bible School Ends**

Bible School Classes of the Nazarene Church in Olton ended Friday evening with commencement exercises in the sanctuary of the church. Theme for the week was "Traveling for Jesus." Mrs. J.W. Douglas presented certificates to each of the children enrolled. A program of songs and memory work was given by the classes after the commencement. A display of handwork made by the children during the week was held in the classrooms.

Plaques were given to the Junior and Kindergarten departments for making the most personal calls during the week. Departments and teachers were as follows: Nursery, Miss Betty Harrod; Kindergarten, Mrs. Ira Limbocker and Mrs. Chester Yandell; Primary, Mrs. Bennie Moore and Miss Evelyn Daniel; Junior, Mrs. J.W. Douglas and Mrs. Isiah Brothers and Junior High, Mrs. V.O. Harrod and Mrs. Duane Harrod.

Superintendent for the school was Mrs. D.A. Bass. Music was under the direction of Mrs. Duane Harrod and Mrs. Calvin Graham. Secretary was John Allen Douglas and Treasurer, Mrs. Weldon Daniel. Mrs. Lloyd Blackwell was in charge of refreshments each day and recreation was under the direction of Misses Sue Duncan, Linda Brothers, Patricia Limbocker and Dottie Digby.

before the new law was passed, the license fee for a 10,000 pound trailer (gross weight) was \$55, or \$50 more than is required by the new law. They pointed out that the Department of Public Safety had warned that if a farm trailer bill were not passed this year, the department would begin strict enforcement of laws on trailer licensing and brake requirements.

Bob A. Lilly, legislative director for the Texas Farm Bureau, said HB 1082 was a compromise bill. He added that it was quite evident that if some law were not passed, the DPS would have enforced the old farm trailers only up to 4,000 pounds gross and which provided for brake requirements on all farm trailers of more than 3,000 pounds gross.

He said the elimination of brake requirements under the law will save farmers "untold millions of dollars" annually. He estimated the minimum cost for adequate brakes at \$200 per trailer.

Senator Rogers estimated that the new law will save farmers in his 15-county district some \$25 million a year. He based this on an estimate of 100,000 farm trailers (used mostly for hauling cotton to the gin) in his High Plains district. He said a \$50 savings on license fees and a \$200 savings on brakes for 100,000 trailers adds up to \$25 million. He explained that most of the big cotton trailers run close to 10,000 pounds gross.

Under the new law, farmers who fail to obtain license tags will be subject to fine and also must immediately register their trailer as a commercial trailer and obtain a commercial license plate.

The new law exempts farm trailers from the annual vehicle inspection requirement and from the Certificate of Title Act. Lighting requirements for farm trailers have not been altered since 1947.
