Police Seek Curb On Troublemakers

Olton's city council Tuesday night took under advisement a proposal to establish a curfew law for teenagers here.

Police Chief Emmett Burrow, appearing along with night officer Ernest Holland at a regular council meeting, declared:

"We sent some kids home at 2 o'clock Sunday morning."

Burrow and Holland, who proposed the curfew, suggested that a midnight curfew hour would be helpful to officers.

The council tabled the proposition after about an hour's discussion. Two members, Carroll Cox and Dr. Lynn Fite, were out of town and other councilmen felt the whole body should be together before making a decision on the matter.

City Attorney Gene Owen advised the council to "study the matter thoroughly before you set up a curfew law."

Burrow said he and Holland had been having some trouble with several teenagers.

"Most kids go home at a reasonable hour, but 15 or 20, more sometimes, stay out," he said. "There's no reason for any of them to stay out past midnight. . . . Everything's closed."

The police chief said some teenagers have gotten a little "rough" lately.

"We've had to give a few a choice of going home or going to jail. So far, they've all gone home, as far as we know," he explained.

Burrow said he has called the youngsters' parents on occasion. Some mothers and fathers are glad to be notified, while others become angry in disbelief, Burrow indicated.

"Maybe you should escort the boys home," suggested Councilman Clovis Potest.

"We could with some, but others live out of town," Burrow answered.

The police chief said he thought here are about 15 or 20 boys with "bad attitudes." Occasionally some out-of-town boys make trouble, he said.

"What do they do?" asked a councilman.

"There's been some drinking, some drag racing, ripping and roarin' up and down the streets," Burrow said. "Sometimes, they'll tie a 2 by 4 on the tail of their car and drag it up the street. Once in a while, they break bottles in the streets."

Councilman Bob Duncan asked: "Will a curfew law stop it? If I caught one (a teenager) draggin', I'd put him in the sack. I'd be in favor of calling the parents the first one or two times, but after that I'd throw 'em in jail."

Duncan and other council members said they felt strict

enforcement of laws against disturbance of the peace, vandalism, and property destruction should take care of most situations.

But they left the door open for future discussion of a curfew for teenagers, presumably those 18 or under.

The curfew discussion highlighted an otherwise routine council meeting.

Other than approving bills and minutes of the previous meeting, the council called the annual city election for Tuesday, April 4. Howard Hall was named election judge.

Joe Whitaker Leaves Gonzales

Joe Whitaker, Olton was discharged Feb. 2 from the Texas Rehabilitation Center, Gonzales Warm Springs Foundation. He is now a member of the Former Patients Association, made up of the more than 3,000 persons who have undergone rehabilitation treatment at the Center. This is the only such organization in the United States.

In comprehensive rehabilitation at TRC, a skilled medical staff seeks to treat the entire person. An individual program is prescribed for each patient, utilizing the types of therapy suited to his needs. The goal is maximum rehabilitation—physically, emotionally, and socially—so the person can live and work to the best of his abilities.

The Texas Rehabilitation Center depends mainly upon public contributions to maintain its program of treating persons left handicapped by such diseases and accidents as cerebral palsy, multiple sclerosis, polio, muscular dystrophy, spinal cord injuries, arthritis, and strokes.

Any Texan who can benefit from TRC's medical program is eligible for admission, regardless of age, race, beliefs, or ability to pay for treatment.

Ad-libs By A my

"She walks in beauty . . ."
...but she works in dun-
garees!

It was just plain hard for
me to believe my eyes but there
it was . . . the ever-lovely,
always-glamorous Sue Hair
down on her hands and knees
scrubbing floors.

Just to make sure I wasn't
making a mistake, I asked if
Sue was there but when she
turned around and snapped:
"Don't be smart!" . . . well,
I knew that was Sue.

Seems Sue was in the middle
of a little re-decorating and
it was just a little startling
to me to see her running around
wielding a paint brush and
mopping floors.

I guess you'd have to under-
stand how I feel about Sue,
She's a person that I
thoroughly enjoy, but I do have
to kinda watch myself. Why,
I've seen her glide in the cafe
with one of those big furry
collars around her neck, a fancy
hair-do and those dark glasses
and it was all I could do to
restrain myself from jumping
up and asking for her auto-
graph.

Anyway, Sue keeps me up to
date on the latest fashion poop
(Sue always knows) and since
this is Beauty Salon Week,
thought I'd pass along some of
the BIG news for spring.

"The Honey Hug" is
the official name of the new
hair style . . . a style slightly
reminiscent of the '20s and
'30s. It's a close fitted style
with soft waves and a natural
look. Really different from full
styles we have now.

On top, the hair will move
across from side to side on
a bias or horizontal line, then
come forward on the sides.
The top part of the back will
be soft and feminine with the
middle section close to the
head. The "Honey Hug" part
comes in the back where the
hair will be tapered and shaped
toward the nape and end in a
close and neat fit. So, poop-
poopy-do, it's really the cat's
pajamas!

On the fashion scene, it seems
we'll have plenty of overblouses
and box pleated skirts with the
shirtmaker being replaced by
a more casual style in a rounded
neckline and slim skirt.

The "tear-drop" silhouette
is supposed to be important
with the rounded neckline and
very narrow hemlines. New in
sleeves is a wide look where
they just cover the elbow.

Jacket dresses and sweaters
to match skirts or dresses
will still be big with the square
neckline on the way out.

Culottes, thank goodness, are
still going begging!

Stripes are replacing plaids
and will be used across or up
and down and many will be very
wide.

Mauve and beige are pre-
dominant in colors and citrus
and fruit colors following close
behind. Cerulean blue and
many shades of violet will be
used.

All in all, Sue tells me, the
styles this spring are supposed
to be relaxed and comfortable
from head to toe. And that's
certainly good news, isn't it?

The most important factor in
recruitment is salary, accord-
ing to 183 County Committees.

Wayland College Sets RA Day

Two Royal Ambassador days
have been scheduled for Febru-
ary at Wayland Baptist College,
and hundreds of boys from Bap-
tist churches in District Nine
are expected on the campus,
according to Walter Lassiter,
executive secretary of the As-
sociation of Former Students,
chairman.

Feb. 18 has been set as RA
Day for youths from Caprock,
Llano Altos and Staked Plains
Associations, which include the
counties of Hale, Dickens,
Floyd, Motley, Eriscoe, Cros-
by Lamb, Hockley, Bailey,
Castro and Parmer.

An afternoon of activities,
which will climax in a
twin-bill basketball tilt, has
been planned for the youths and
their sponsors, according to
Lassiter. Following registra-
tion at 2:30 p.m., RA's will
watch a variety program and
take tours of the Wayland Sci-
ence Building, where they will
see demonstrations by mem-
bers of the college's Science
Club and Mathematics Club.
A mission emphasis program
featuring Wayland's Inter-
national students will conclude
the day's formal program.

Visitors will have supper in
Slaughter Memorial Hall before
watching Wayland's Pioneers
and Flying Queens face oppo-
nents at Plainview High School.
The Pioneers clash with Austin
College while the Queens meet
the Topeka Boosters.

Recipe Of Week

'Spanish Cake' Is A Favorite

Mrs. Odessa Mitchell has donated the recipe of the week. Although Odessa says that she has had the recipe for a good many years, it is a recipe that is well-used and it will not be stored upon a shelf! Her husband, Jake, is fond of the cake also—and it is bound to be a "winner" with both you and your family.

SPANISH CAKE

- 1 cup sugar
- one-fourth cup butter
- 3 eggs, well-beaten with pinch of salt
- 2 cups flour
- 1 teaspoon baking powder
- 1 teaspoon soda dissolved in cup warm water
- 1 cup buttermilk
- 1 teaspoon cinnamon
- one-half teaspoon nutmeg
- one-half teaspoon cloves
- 1 cup nuts
- 2 cups dates
- 1 cup cocoanut

Follow the same methods used in mixing other cakes. You may use a frosting, one of Odessa's favorites, or you use the recipe you like best. (Bake in 350 degrees)

FROSTING

Cook the following ingredients over medium heat:
5 tablespoons butter
1 cup light brown sugar
Add enough powdered sugar to make the mixture thick. Beat and let cool. Add one-fourth cup cream, one teaspoon vanilla and one cup pecan halves. Again, beat, until mixture thickens. If it is not thick enough, add more powdered sugar.
Spread frosting on cake.

Save On Dry Fertilizer CAPROCK Premium Grades

With X-Tra Trace Minerals

- Caprock X-TRA grades have an additional combination of secondary elements added. This product is known as Sul-Po-Mag.
- Sul-Po-Mag is a balanced combination of water-soluble magnesium and premium Sulphate-of-Potash, and contains 18% magnesium and 22% Sulphate of Potash.
- Unfortunately magnesium deficiencies are hard to detect in crops until it is too late. For example, your cotton plants may look healthy when they are small, but at harvest time a magnesium deficiency has taken its toll. Results are fewer squares, smaller bolls, lower yields of inferior-quality cotton. When lower leaves turn purple-red with prominent green veins and drop prematurely, it is probably too late for top profits.
- Caprock X-TRA premium grade fertilizer contains an ample quantity of Sul-Po-Mag to prevent these deficiencies and poor yields from occurring. If you believe deficiencies exist in your soil, ask for Caprock X-TRA premium grade fertilizer.

**We Take Pride In
Congratulating The Best
FFA Chapter In Texas!**

The FFA Motto

"Learning to do,
Doing to learn;
Earning to live,
Living to serve."

Learning To Do . . . (As vocational agriculture students in high school, Future Farmers study the economic and scientific principles of agriculture and learn skills needed on the farm.)
Doing To Learn . . . (Each member is required to conduct a farming program at home or on another farm, under the supervision of his vocational agriculture instructor. The student thus gets practical experience to supplement his study.)
Earning To Live . . . (The supervised farming program at home is designed to operate at a profit so that the Future Farmer may expand his farming enterprises as he learns to the end that he will be successfully established in farming and become a self-supporting, substantial citizen.)
Living To Serve . . . (Development of competent, aggressive rural leadership and citizenship is a primary aim of the FFA; practical experiences in parliamentary procedure, committee work, and conducting other business of an organization are provided through regular chapter meetings. Cooperation with other groups, and the assumption of community responsibilities are taught through community service activities.)

The FFA Creed

I believe in the future of farming, with a faith born not of words but of deeds—achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.
I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.
I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.
I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.
I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.
