

Mustangs Put 4 On All-District, Jones Both Ways

Olton's Mustangs, third-place finisher in District 3-AA, landed four spots on the 24-man all-district team selected Wednesday night by the league's coaches.

The Ponies' George Jones, a junior halfback-quarterback, was named to both the offensive and defensive teams. Jones was a unanimous choice as a linebacker.

Ronnie Parsons, senior Mustang halfback, made the No. 1 defensive team, while Larry Fancher, senior tackle, got a berth on the first offensive team.

Two other Mustangs----- Captain Charlie Burrus and Robert Struve--received honorable mention. Burrus was rated high as an offensive end and Struve as a defensive corner back.

Muleshoe's district champion Mules led the selections, placing men at nine of the 24 spots. Dimmitt had six, Morton five and Friona none.

Only four gridgers made both the offensive and defensive teams. Besides Jones, they were Gerald White, Muleshoe senior, center; Johnny Samford, Morton senior guard; and Mike Burkett, Dimmitt senior tackle.

Over the season, Olton's Jones was the team's leading ground gainer. He netted 498 yards on 112 carries, an average of 4.4 yards per try. He also was the ponies' leading scorer with 40 points.

Here is the 24-man all-district squad.

OFFENSE-- Ends, Ernest Chesshir, soph, Morton, and Larry Allison, junior, Muleshoe; Tackles, Larry Fancher, senior, Olton, and Mike Burkett, senior, Dimmitt; Guards, Gerald White, senior, Muleshoe, and Johnny Samford, sen-

ior, Morton; Center Jim Aldridge, junior, Dimmitt; Quarterback Ken Heathington, Junior, Muleshoe; Halfbacks George Jones, junior, Olton, Jerry Gilbreath, senior, Muleshoe, and Lester Dupler, senior, Morton; Fullback James Cowell, senior Dimmitt.

DEFENSE--Halfbacks Ronnie Parsons, senior, Olton, Johnson, Muleshoe, and Beseda, Morton; Corner backs Oliver, Muleshoe, and Battles, Dimmitt; Interior linemen Axe, Dimmitt; Reasoner, Muleshoe; Burkett, Dimmitt; and White, Muleshoe; Linebackers Jones, Olton; DiCuffa, Dimmitt; and Samford, Morton.

Historical Survey Meet Set Dec. 7

Lamb County Historical Survey Committee will hold its first district meeting here Dec. 7 at 1:30 p.m. in the First Methodist Church, fellowship hall. Recordings will be made of two pioneer speakers.

The group is seeking pioneer stories of the area and urges all pioneers to attend the meeting and contribute any information they might have. Old pictures are being sought, also.

Mrs. Paul Burrus, chairman, said this week that she felt that such stories and pictures should be preserved for the inspiration of future generations.

An Olton High School history class, taught by Clifford Curry, will attend the meeting.

"We want all of our club members to be sure and attend," Mrs. Burrus said. "All pioneers are invited and their grandchildren, too," she added.

Lavis Hair Is ORC President

Lavis Hair was named president of Olton Recreation Center and H. B. Carson, Ray Copeland and George Redinger were named new directors at a meeting Monday night.

Amendments in the by-laws were approved as follows:

Article V, Section I--whereas the annual meeting of the center will be held some day in November.

Article VI, Section I--whereas the Olton Women's Golf Association will elect a representative to serve on the board of directors.

Article VIII--whereas the term of all officers shall begin Dec. 1.

Article IX--whereas the fiscal year shall begin on Dec. 1 and end the last day of November.

TEXAS U TWIRLER--Cheryl Ann Poteet, 18-year-old daughter of Mr. and Mrs. Clovis Poteet of Olton, has been selected as a twirler with the Texas University band. Miss Poteet tried out for the position with the 246 piece band this past weekend. She will be a freshman student at the university next year.

CC-A Meet Set Tonight

Olton Chamber of Commerce and Agriculture will hold its annual membership meeting tonight at 7:30 p.m. in the school lunchroom.

New directors will be elected at the meet.

Nominated are Rex Chitwood, Basil Sherman, George Caddel and G. H. Bley as business representatives and Ott Earl Patterson, Bill Walden, Walter Lewis and J. J. Moses as farm representatives.

Lloyd Graham Injured Here

Lloyd Graham, manager of Olton Co-Op Gin, is recovering at his home here from burns received in an accident Sunday.

Graham was injured at the gin when a fuse box where he was working, blew up. The accident occurred about 2 p.m. Sunday afternoon. The gin manager suffered serious burns about the face, hands and arms.

He was taken to Plainview Hospital and Clinic by an ambulance from Parsons Funeral Home. He returned to his home Monday.

Girls Take 3rd Win As Boys Drop 2nd

Olton's Sharp-shooting Fillies won their third consecutive game and the snake-bit Mustangs dropped their second in a row here Tuesday night.

The Fillies broke a 47-47 tie with 1:30 left in their game and went on to beat a tough Cotton Center team, 52-47.

The Mustangs, leading 34-28 with less than two minutes to play, fell victim to a Cotton Center rally and lost 35-34. Gayle Nicholas continued her deadly shooting, scoring 36 of the Filly points. Tommy Witten added 10 and Cheryl Poteet poked in six. Donna Shack led Cotton Center with 25.

The Olton fens led at half-time 24-21, but fell behind, 41-36, after three quarters.

Defensively, Linda Price had 10 rebounds for Olton, with Maxine Schaefer getting six, Gladys Thomas five and Deanna Farrar three.

Olton's boys showed vast improvement in their second

game, but it was inexperience which took its toll in their one-point loss.

The Mustangs rolled to a 24-19 lead at the half and pushed it to 32-24 after three periods. Then the roof caved in.

With less than a half-minute left in the game, Cotton Center's Benny Williams hit for the two points which won the game. Chipper Lowry scored 13 and Martin DeLeon 12 to lead CC.

Ronnie Parsons hit for 12 and George Jones and Jerry LaFrance for seven each to lead the Mustangs.

A four-game card is on top for Tuesday night at the Olton gym.

Olton A&B boys will meet teams from Littlefield at 6 and 8:30 p.m., while A&B girls will play teams from Abernathy at 5 and 7 p.m.

Next Tuesday night, varsity girls and boys will play at Abernathy.

HUSBAND HURT IN RESCUERY

Midnight Garage Fire Kills Woman

"We will probably never know exactly how this accident happened," Hale County Sheriff Walter Sanders Wednesday drew this conclusion to his investigation of the death of Mrs. Lillian Inez Copeland.

Mrs. Copeland, 46 died Tuesday at 4:05 a.m. in Plainview Hospital and Clinic as a result of burns which she received Saturday night at her home near Halfway.

Her husband, Earl Copeland, remained in the Plainview Hospital Wednesday. Attendants said his hands were badly burned and described his condition as "fairly good."

Funeral services for Mrs. Copeland were conducted today at 2:30 p.m. in the First Baptist Church at Halfway with the Rev. Bob Schmeltekopf of Halfway and the Rev. Tommy Jones of Midland officiating.

Burial was in Plainview Memorial Park under direction of Parsons Funeral Home.

She is survived by her husband, Earl; two daughters, Mrs. Charles Shipley and Mrs. Marshall Ellis, both of Plainview; three brothers, Horace Marshall, Olton; Ira F. Marshall, Olton; and Elmer Emmitt Marshall, Sulphur Springs; two sisters, Mrs. Myra Maye McAfee, Farmington, N.M.; and Mrs. Iva Lee Metcalf, Oklahoma City, Okla.; and four grandchildren.

Pallbearers were Jay Copeland, Ray Copeland, Roy Copeland, Durwood Copeland, Roy Roberts and Herman Bell.

The Titus Sunday School class of the Halfway Baptist Church served as honorary pallbearers.

The accident occurred about midnight Saturday in the garage which adjoins the Copeland home.

Copeland told officers he was awakened by his wife's screams and ran outside. In his haste, he broke the glass of the locked front door.

Mrs. Copeland was between a pickup and an automobile parked in the garage.

Copeland received cuts on his hands and feet from the broken glass of the door and burns on his hands when he extinguished his wife's flaming clothing by beating out the flames with his bare hands.

He poured water from a five gallon can left in the pickup on his wife and used a pair of coveralls and a blanket to help smother the flames.

Copeland then put his wife in the car and drove three-quarters of a mile to get help at the W. H. Leathers home.

An ambulance from Parsons Funeral Home was called and the Copelands were taken to the Plainview hospital.

About a quart of kerosene was found in a broken gallon jug in the garage, along with three stems of matches that had been struck.

Authorities said several theories about the accident had been discussed.

One is that Mrs. Copeland had gone to the garage to look for something. It was also

thought possible that she might have been aroused from sleep and not fully awake.

Sanders stressed Wednesday, however, that there was no definite information on how the

accident occurred. "Any number of things might have happened. We have no way of knowing the exact circumstances," he said. "We are certain it was an accident."

REALLY ROCKING

Top number on the City Hall's hit parade this week appeared to be The Jail House Rock.

According to Police Chief Emmett Burrows, things were really swinging Saturday night.

Seems Burrows and Night Watchman Harvey Castleberry were really hustling rounding up customers.

"We had five in there," Burrows said, "when we had to go out and get three more."

While the policemen were gone, the residents had a little party of their own.

Appears they weren't too happy with the situation and tore out all the plumbing and burned up a mattress.

"It gets a little confusing at times," Burrows said sadly.

New PCA Office Opening Sunday

The new Olton office of Plainview Production Credit Association will hold open house Sunday from 2 to 5 p.m.

The newly constructed 25 by 80 ft. brick building is located on North Main across the street from Main Street Church of Christ.

Bob Harber, who recently moved here from Silverton, is manager of the office. Mrs. Velma Kemp is office secretary.

The building is complete with a reception room, two private offices, bookkeeping area, a

community room, and two rest-rooms.

It has central heating and air-conditioning and features skylight lighting throughout.

Ample parking space is provided by a 5,400 square ft. paved parking lot on the south side of the structure.

Visitors will enter the building through an east glass front into a small vestibule which features a brick planter filled with foliage plants.

The 10 by 25-foot reception area is immediately behind and to the right of the vestibule.

A neutral colored asphalt tile with faint streaks of red, black and gray covers the floor throughout the business part of the building.

The chair coverings in the reception area pick up the red in the floor as do the designs on two large lamps in the room.

Two large end tables, one on either side of the room, match a long, low coffee table in the center.

Floral Show Set Sunday

House of Flowers will hold a Christmas showing of centerpieces and floral arrangements Sunday from 1 to 6 p.m. in the Legion Hut here.

Christmas decorations for both the inside and the outside of the home will be shown along with fresh flower arrangements.

Coffee and cookies will be served and a drawing for four door prizes will be held.

Door prizes are one Christmas centerpiece, one fresh flower arrangement, one Poinsettia plant and one decorator's Christmas candle.

Ginnings

Cotton ginnings Wednesday at the six Olton gins stood at 14,687 bales ginned, just 83 bales ahead of the report on this date last year.

Last year at this time the gins reported 14,604 bales ginned. This is far behind 1960's report of 26,808 bales.

KIDS! WRITE SANTA NOW

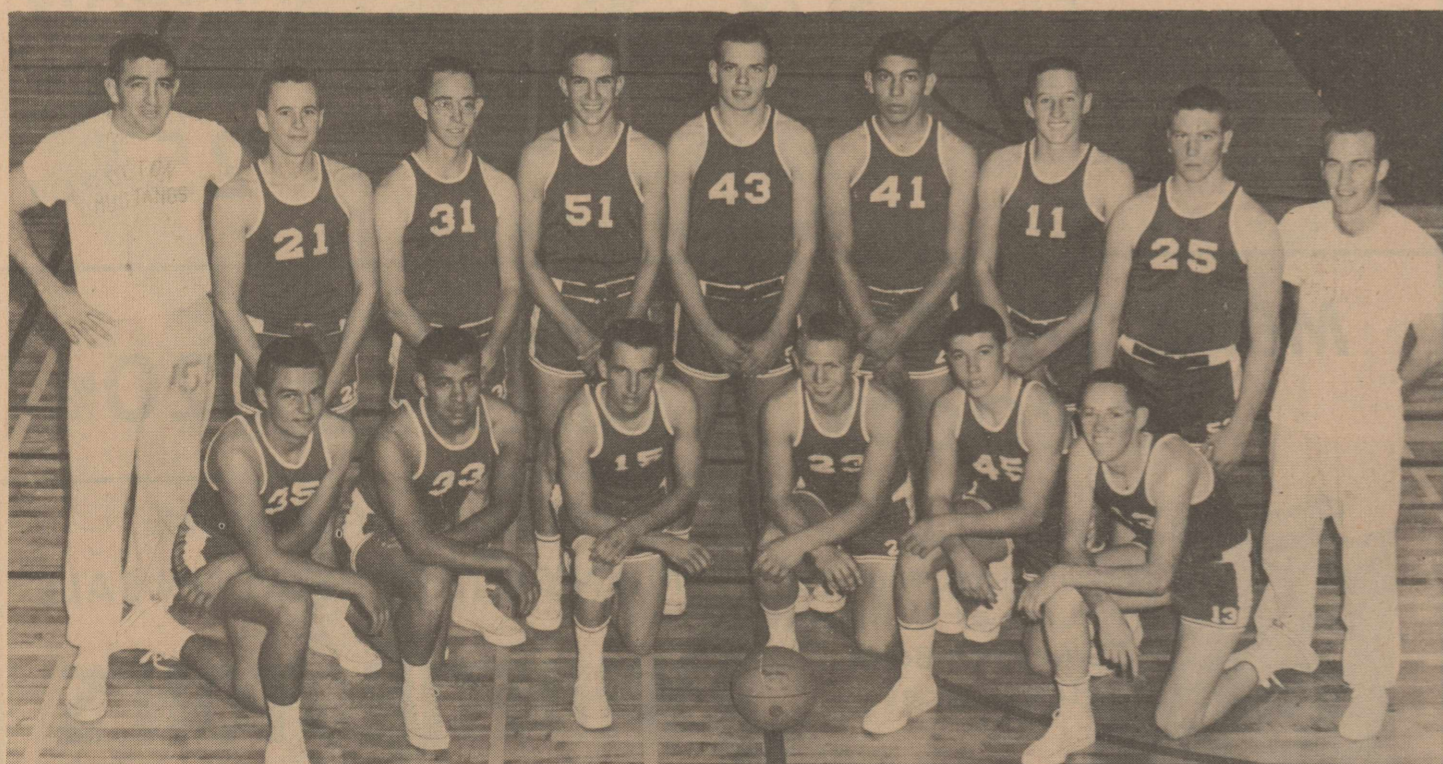

Kiddos! Santa, hard at work all year at the North Pole, is now ready for your Christmas letters.

Word was received this week that the toy workshop is full and Donner and Blitzen are ready for the big trip.

All that's left to do is the sorting of the gifts.

So write those letters and send them to us or have Mom or Dad bring them by and we'll see that they get to the proper place.

All letters will be printed in The Olton Enterprise.

Joe Greenriver had been traveling to various cities selling magazine subscriptions. At each new town he would go from house to house selling subscriptions to the occupants. He had been selling in Pleasantville for a couple of days when he was arrested and fined for violating a city ordinance which prohibited such door to door soliciting. "You can't do this to me," screamed Joe. "This ordinance violates my rights of free speech, free press, and my right to work. It's unconstitutional!" Can a city pass an ordinance prohibiting uninvited peddlers or solicitors from going onto private property to sell goods or solicit orders?

Yes, said the U. S. Supreme Court. Persons seeking private gain cannot be permitted, under the guise of free speech or right to work, to infringe upon the rights of others. Such a case calls for an adjustment of constitutional rights in the light of the particular living conditions of the time and place. Different communities may well call for different laws and regulations as to methods and manners of doing business. Everyone cannot have his own way, but each must yield something to the reasonable satisfaction of the needs of all. Communities can control such practices by ordinance. The court ruled that this ordinance was constitutional. Joe lost the case. Based upon a U.S. Supreme Court decision.

LETTERS TO THE EDITOR

Fellow Americans

Now that the "air has cleared" you and I should do some serious contemplating.

You and I have spoken. Whether we actually went to the polls and voted on Nov. 6 or not, or whether we voted absentee or not, our vote (voice) counted. No one, who is of voting age, has an excuse, except in a few emergency cases.

The results of the election show that we want to be controlled by a one-man political machinery. By our votes we have shown that we want someone else to take care of us, our children, and our affairs from the cradle to the grave. We have voted that we feel incapable, or don't want to take care of ourselves. Too many, knowing full well the course of history, either do not care, shown by apathy and indifference to become well informed; are selfish being just plain greedy; or, are part of the political machinery. You businessmen, who are afraid to stand up and be heard for what you know is right for fear you may lose a customer may have a rude awakening when it is too late and you no longer have a business you can call your own to defend.

What good are material possessions to us or our children in slavery or under dictatorship? We well know we learn by experience, but experience is often times a hard teacher and many times too late.

We know all traps are very alluring by promised enticements. When the right time comes for those seeking dictatorial power the trap is sprung. Then it is too late. Just study history and captive countries. Consider why our fore-

fathers framed our constitution which is not out-moded. Too many times people "blindly" walk into the trap.

You know America was founded a Christian nation. Today it appears a far cry from that. Too many disregard the commands of our Lord. Consider the apathy of Divine Service attendance, the degrading sinful morals indulged in by married and single persons, our divorce rate, the greed for material possessions, power and pleasure. Is our first concern to "Go into all the World and preach the Gospel" as our Lord commanded?

It is heart warming to see that so many have become aware of the dangers to our country, both from without and within. It is also tragic that so many allow greed and a one-party loyalty to still blind them.

We should search our own heart and see where we stand and what we really want for ourselves and loved ones before it is too late.

While we are at it, it would be wise for us to also study and find out just how and by whom our public affairs are conducted. After all, it is OUR BUSINESS.

Name withheld by request.

Bill,

Thanks for your kind words directed toward our profession in the editorial last week.

Your loyalty and interest in good schools has been acknowledged in many ways beside the editorial of last week and we of the school are grateful to you.

It is certainly a pleasure to work with you professionally and, much more, to count you as a friend. Your friend, Johnny Clark Superintendent of Schools

Left Over Turkey No Problem

Leftover turkey becomes a second-day feast when combined with peas and mushrooms in a deftly seasoned sauce, and served shortcake fashion over hot corn bread. The creamed turkey mixture is made in one saucepot in a matter of minutes—an idea welcome to any cook. The full-flavored creaminess and smooth body of the sauce is due to double-rich evaporated milk used in its preparation, to say nothing of the extra food value which this whole milk concentrate provides. The shortcake is a whiz, made from a convenient corn bread mix with chopped green pepper for flavor accent.

TURKEY ENCORE

1 package frozen peas (10 oz.)	1 can mushrooms (4 oz.)
2 cups cut-up cooked turkey	3 tablespoons flour
1 tablespoon butter	1 tall can evaporate milk (1-2/3 cups)
1/4 cup chopped pimiento	Hot corn bread
2 teaspoons grated onion	

Cook peas according to package directions, but shorten cooking time to 3 to 4 minutes. Stir in turkey, then butter, pimiento, onion, mushrooms with their liquid. Remove from heat. Stir in flour, blending well; then gradually stir in evaporated milk. Return to heat and cook over medium heat until thickened, stirring constantly. Add salt, if needed. Serve hot over Pepper Corn Bread. Makes 6 servings.

To make Pepper Corn Bread: Prepare 1 package corn bread mix (10 oz.) according to package directions. Mix in 1/4 cup finely chopped green pepper. (If milk is called for, you can substitute evaporate milk diluted with water.) Bake according to package directions. When ready to serve, split hot corn bread into two layers. Ladle half of turkey mixture over bottom layer, spreading evenly. Replace top layer and ladle over remaining turkey mixture. Garnish with parsley, if desired.

AT SPRINGLAKE
Rev. and Mrs. M.B. Baldwin were honored with a farewell party recently in Fellowship Hall. The table was laid with a white cloth and a beautiful arrangement of artificial flowers formed the centerpiece. They were later presented to

the Baldwins. Punch and cake squares iced in white with blue lettering of "Good-by" and "Will Miss You." Leslie Watson gave a short speech and then presented a love offering to them. Bro. Baldwin and Mrs. Baldwin moved to Earth where he will serve as pastor of the First Baptist Church.

Beginning Drivers Need License, Too

What must a Texas teen-ager do to learn to drive?

Captain Sanford B. Lee, Driver's License Service

supervisor for this region of the Texas Department of Public Safety, says if you want to learn to drive or need to practice before you take the driving test, you must make application and pass the vision, signs and rules test.

Then a license will be issued to permit the beginner-

to drive only when there is a licensed driver in the front seat with the driver. If the applicant is at least 16 years of age or has successfully completed the Driver Education "Behind the Wheel" training, the restriction will be removed from the license when the driver completes his test by passing the driving test.

Every resident of the state who drives a motor vehicle must have either a valid Texas operator's, commercial or chauffeurs license.

Lee says if a youth is under 18 years of age, his application for a license must be signed under oath by someone who is willing to assume responsibility for any negligence or misconduct on his part while driving.

If the father is living and has custody of a minor, he is required to sign the application, otherwise the application must be signed by the mother or guardian.

If neither, father, mother or guardian has custody of the minor, then the application must be signed by the employer or judge in the county in which he lives.

"It is unlawful for any person who has the custody of a minor to permit such minor to operate a motor vehicle without a valid license," Captain Lee said.

If a minor is under 16 years of age, he must meet one of three requirements before being examined for a license.

ONE - he must present a certificate signed by a certified driver education instructor and the school superintendent or principal showing he has successfully passed an approved driver education course in the public school system.

TWO - the applicant must present an authorization from the Department of Public Safety showing an emergency necessity for driving.

THREE - the applicant may apply for a commercial operator's license restricted to motorcycle or motorbike only, not to exceed 5 brake horsepower.

NONE UNDER FOURTEEN

A person under fourteen years of age in Texas may not be licensed and must not drive.

Lee stressed that boys and girls driving motorscooters must have a license and obey traffic laws and signals just as a driver of an automobile. "This same rule applies to motor-scooter drivers, that no one under fourteen years of age be allowed to drive them," Lee said.

"Motorscooters must also be inspected and licensed annually just as an automobile," he added.

Some parents think it is permissible to let their children drive on dirt roads or county roads while they are learning. "This is not legal because these roads are the same as any other public highway that is open for use of the public and are controlled by Texas statutes," Lee said.

Everyone should know that ignorance is no excuse for disobeying the law, because a person can ask any officer what the correct procedure is on a beginner learning to drive or can obtain a digest of traffic rules or a driver's handbook from any DPS office.

When a person without a license drives the automobile of a friend, if stopped by an officer, the friend can be filed on in court for allowing an unauthorized minor to drive.

If a parent or guardian permits an unlicensed person to drive, they too can be filed on for permitting an unlicensed minor to drive.

Lee advised that both offenses are subject to \$1 to \$200 fines.

The Driver's License Office in Olton is located in the City Hall and is open every 2nd

School Planning Building

"There hasn't been a school built yet that would meet the needs of Hart. A school is as individual as a town or a person." This was the way Paul Kennedy, superintendent of Public Schools in Hart, expressed his views concerning the need for a new high school in this city. Kennedy met with the school board Monday evening to begin discussing plans for the new building. Board members include Rodney Smith, president, Gleen Reed, Lorenzo sident, R. G. Henderson, secretary and treasurer, Milton Sharp, Vice-president, Gleen Reed, Lorenzo Lee, Charlie Martin, and Doyle Davis.

The board is presently considering the type of building best suited for the Hart school system. Members are visiting several different schools with architects during the next couple weeks before taking any further steps.

During the next few days Hart residents will be questioned individually by the company to find out what the majority wants in the way of building and improving the area. Kennedy points out that whatever the people want they will get.

The bonding company and architect have been hired under an agreement that if the school district passes the bond issue and the building is constructed, they will do the job.

STANDABILITY

I cut 7300 lbs. per acre from 35 acres of F-63 on October 1. This field was planted May 27. I watered this three times. I especially like the yield and standability of F-63. I plan to plant DEKALB Grain Sorghum next year also.

G. W. Langford
Hart Camp, Texas

My F-63 cut 6000 pounds per acre from the 15 acres I had planted. This yielded 1000 lbs. more than another variety I had planted nearby. A large percentage of my acreage will be planted with DEKALB F-63 next year. The F-63 stands well while my other variety fell. I am especially satisfied with the good yield. MY MISTAKE THIS YEAR WAS NOT PLANTING 100% F-63.

Arden Field
Box 206
Springlake, Texas

YIELDABILITY

My F-63 was planted April 26. I harvested 7310 lbs. per acre from a test acreage that I was comparing with two other varieties. The DEKALB F-63 YIELDED 700 POUNDS MORE PER ACRE THAN THE HIGHEST OF THE OTHER TWO VARIETIES PLANTED. I like the open head which allows it to dry out faster after rains at harvest time. A large percentage of my place will be planted with DEKALB Grain Sorghum next year. I am very satisfied with the results that DEKALB F-63 demonstrated this year.

L. E. Ball
Hart Camp, Texas

I've cut about half of my DEKALB F-63, and it's making better than 7,000 pounds per acre. I don't think that's any cause for complaint! This F-63 combines real nice, too. I cut an 8-acre block which was watered 4 times that made 8,000 pounds per acre. The F-63 was planted on sloping land, and I think the yields are extra good. The main thing I like about F-63 is that I can harvest early, even though it's a full season hybrid. That nice, open head, dries out so I can get in with the combine sooner. Yes, sir, I'm planting F-63 next year too.

F. G. Jones, Jr.
Lockney, Texas

THRASHABILITY

I harvested 7400 pounds per acre from 45 acres that I had planted of DEKALB F-63 Grain Sorghum. I watered this three times and fertilized. It thrashed well during combining. I lost very little from falling. I like its standability. I was satisfied with the results I received from F-63 this year.

Lloyd Lowery
Earth, Texas

FROM PETERSBURG . . . My DEKALB E56A was planted April 23. I harvested 6350 pounds per acre from 29 acres on September 5. I like the standability with less water than other varieties require. I also like the uniform height of the plants which made harvesting easier. This grain was on sloping ground which did not cut the yield.

Production Credit Shows Rapid Expansion In Area

Plainview Production Credit Association, the nation's largest such association, will open a new office in Olton Sunday. The company, formed in 1934, now has offices in Plainview, Muleshoe, Dimmitt, Floydada, Friona, Littlefield, Tullia, Silverton and Olton.

Last year, the organization loaned over \$347,000,000. The original charter was is-

sured in January of 1934 and provided the district to be served as all of Briscoe, Castro, Floyd, Hale and Swisher counties.

A similar charter had been issued to the Muleshoe Production Credit Association to serve Bailey, Lamb and Parmer counties.

In September of 1934 the Muleshoe Association was con-

solidated with the Plainview Association.

The organization now has over 1700 members and capital and reserves of over \$4,200,000.

The original five directors of the association were O. C. Axtell, Dimmitt; Olan Ridings, Lockney; John P. McGarr,

Plainview; W. C. Dinwiddie, Tullia; and H. Roy Brown, Silverton.

Present directors are Don

Garrison of Silverton, L. R. Durham of Plainview, president, David Anderson of Muleshoe, Henry Hayes of Plain-

view, vice president and Grady Sheppard of Hale Center.

Officers are Noel Woody secretary, treasurer and general manager and Fred Conner assistant secretary and treasurer.

Credit unions hold only 2.9 per cent of the savings held in U. S. financial institutions—commercial banks and savings and loan associations hold 76.7 per cent.

Insured: "Now that I've taken out this policy, how much would I get if my house burned down tonight?"

Agent: "About ten years."

Harber Named PCA Head Here

Bob J. Harber will serve as manager of the new Plainview Production Credit office here.

Harber, his wife Ginger and three-month-old son, Robert Ty, moved here recently from Silverton, where he was manager of the PCA office.

Reared in Crosby and Floyd Counties, Harber is 30 years of age. He graduated from Floydada High School and attended Texas Tech before entering the Navy to serve four years.

On his return from service, he was employed as assistant performance supervisor of the Floyd County ASC office. In April of 1959 he was employed

as assistant manager of the Floydada office of PCA. He then moved to the Silverton PCA office.

His wife is the former Ginger Tinnin of Floydada. They are members of the Main Street Church of Christ here.

While in Floydada and Silverton, Harber was active in many civic activities, including Little League Ball Club work for three years and Boy Scout work for two years in Floydada. He was a member of the Floydada Chamber of Commerce and the Lions Club in Silverton and Floydada, where he was a director.

drapes are used around the inside of the vestibule with matching shorter drapes on the high windows of the reception room.

Birch paneling is used in this

area as it is throughout the building.

The bookkeeping area forms the long part of the L-shaped room. This area is 12 by 27 ft.

Mrs. Kemp's large horseshoe shaped desk sits in this area behind a narrow rail.

Two private offices, 12 by 12 feet each, open off the bookkeeping area.

The front office will be occupied by Harber. The second office will be reserved for additional personnel, as required by the company's growth here.

Both offices have large modern desks, birch paneling and chairs with muted green coverings.

A small hall leads to the rear of the building where the 25 by 25 foot community room is located.

This room will be available at no charge for community activities and meetings. It has an outside entrance.

One wall is covered with a cloth-like wallpaper featuring a gold on white design. The gold and white color scheme is carried out in two gold tweed couches and white with gold fleck formica coffee bar top.

The kitchenette, located in one corner of the room, includes refrigerator, stove, sink, birch cabinets and bar.

Five tables with four chairs to each are placed about the room. The chairs have white cushion backs and seats.

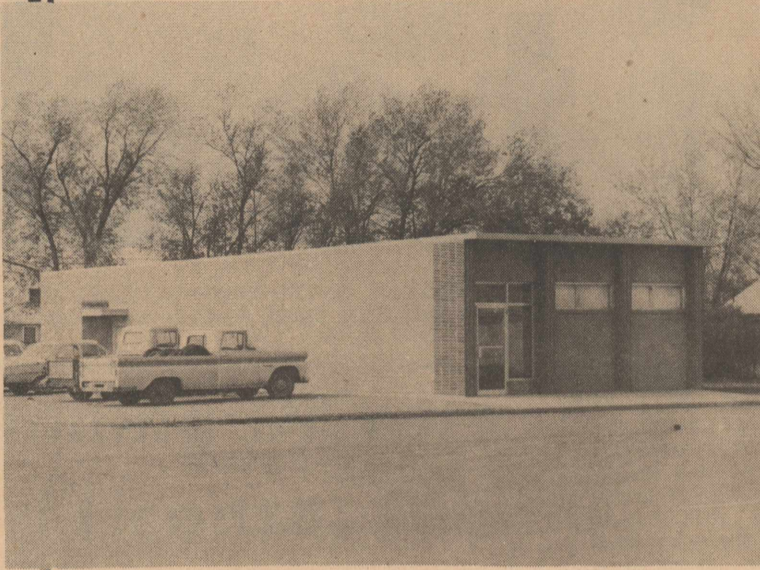

A mingled green carpet covers the floor.

A folding door separates the room from the hall.

The two restrooms open off the hall. Both have tan tile.

The ladies room is complete with large wall mirror and dressing table in white and gold.

Medulla Waves

By Elaine Averitt
And Bobbye Tollett

WE WOULD like to ask Billy Carson to forgive our blunder. We intended "Medulla Waves" to mean a sort of a brain waves. However we were informed that we had the wrong interpretation of the word. So Billy, we would like to keep our title and our meaning if it would be alright with you. We're even thinking about starting our own dictionary.

OUR HUBCAP hider is now redheaded. Does this mean anything to anyone?

SUE MITCHELL surely perked up this weekend when a red Impala drove into her yard. Do you like the driver of the car, Sue?

JOHNNY SCHENCK has decided that he liked Olton better than Plainview. This is great Johnny, but what about your friends?

EVERYONE SEEMS to be congratulating everyone else in school because they pat each other on the shoulder. We're glad they're happy, but what does it mean?

GEORGE JONES sure had a tough time playing basketball and standing on his feet at the game Tuesday night with Hart. If anyone wants to "sweep him off his feet" (Terry) just give him a basketball.

LINDY, did you enjoy seeing HATARI twice this weekend? We hear that people never watch the show the second time. Does this concern you?

RUSTY SHERMAN entertained Lion's Club Tuesday. We're sure the men didn't have a bit of trouble hearing our "little drummer". He played his own version of a song and his style was loud---louder and loudest.

MR. CALEY sometimes rests for a moment after a special report form his students. The student has the advantage of doing make-up work if he has a low grade. The other day Taz had so many reports that he and Mr. Caley had to rest. Maybe someone should donate a glass of water to the science lab for special students.

WHEN AN HONOR comes around such as Personality Pin-Ups and etc. everyone is real friendly. Wouldn't it be wonderful if we had an honor to give everyday?

WELL, BAND, we did it again! We went to Contest and marched our hearts out and still didn't get a '1'. We know that many people were as disappointed as we were. But we can remember that that was the

best II that has ever been marched. As long as the band, as a group have pride and faith in their performance, they can't be licked by hasty remarks of criticism. Let's look forward to next year and begin now for that 1. Congratulations for the fine performance.

TO WHOM THIS MAY CONCERN: Several freshman girls have been getting telephone calls that didn't please them. Come on, caller, let's not stop this.

ALL THE GIRLS on the basketball squad were in real high spirits after Tuesday's game. The girls seem to have the "go-getter" to win district this year and we hope to go even farther. The team thinks much improvement has been made and are looking forward to the season. Next game, let's protect our gym wall for the power of Gail.

THE BOYS did a real find job playing also. The teamwork was great and they showed great promise considering the three of four practices they have had.

CONGRATULATIONS to the Freshman girls and the eighth grade team for beating Abernathy. The school is certainly behind you all the way.

LOOK FOR the senior play Dec. 7!

THE BEST CITIZENS for this last six weeks were George Jones and Iona Tanner. They are certainly dependable and deserving students.

SEVERAL COUPLES from Olton went to Plainview over the holidays to see "If a Man Answers" with Sandra Dee and Bobby Darin. It is a movie

for the whole family, and no family should miss it.

MUSTANGS DUMP LITTLEFIELD, 13-0, TO NAB DISTRICT 2-AA CHAMPIONSHIP.

This was the headline in the Olton Enterprise sports section in 1955. The Mustangs had a great season that year, and even though they were defeated by Phillips in Bi-District play, the spirit was just as good then as it was to be in the years to come. They boasted a record like this:

- Olton 0, Abernathy 13
- Olton 20, Morton 0
- Olton 52, Slaton 6
- Olton 0, Dumas 6
- Olton 0, Spur 20
- Olton 39, Muleshoe 0
- Olton 26, Tulia 6
- Olton 32, Lockney 0
- Olton 13, Littlefield 0
- Olton 13, Dimmitt 6

The starting line-up included these outstanding players whom we all know now as outstanding citizens; Jarrell Edwards, Jack Hysinger, Roy LaDuke, Jerry Edmonson, Max Wozencraft, Edward Featheringill, Donald Powell, David Price, Jackie Gray, Wally Stewart and Teddy Jack Estes. Yes, this was a long time ago. Maybe in seven or eight years someone will write something like this about the wonderful team and coaches we had this year.

CONGRATULATIONS to Cheryl Poteet on being selected as a twirler for the University of Texas band next year. This is really a big honor, and we all know that Cheryl will do the job well.

WELCOME NEIGHBOR!

All of us at **OLTON STATE BANK** are pleased to have Plainview Production Credit's New Office here. We feel your decision to locate here is a vote of confidence in the future of the Olton area.

BLUE-CHIP INVESTMENT

A Gas clothes dryer is more than a purchase. It's an investment that pays real dividends. Clothes last longer because nothing is gentler to even the most delicate fabrics. Gas drying is safer -- authoritative statistics say so. And when you can save up to \$25 a year on utility costs, isn't this an investment in smart housekeeping? See your Gas Appliance Dealer now, during his Fall Sale of Dryers.

1963 Cotton Quota Vote Set Dec. 11

The 1963 Cotton Marketing Quota Referendum will be held Dec. 11. Farmers who were engaged in the production of Upland Cotton in 1962 will be eligible to vote in the referendum. At least two-thirds of those voting must approve quotas if they are to continue.
If marketing quotas are approved, marketing penalties will apply to any "excess" cotton of producers who do not comply with their acreage allotments, and price support to those who do comply will be available at a level within the range of 65 to 90 percent of parity. If quotas are not approved, the allotment program will remain in effect with price support at 50 percent of parity available to growers who comply with their allotment, but if allotments are not complied with there will be no penalties.
When you vote, Mark out NO if you are in Favor
Mark out YES if you are against.
Wives are also eligible to vote.
Polling places will be located as follows: Olton Co-op Gin, Olton; Earth Co-op Gin Earth; Spade Co-op Gin, Spade; Farmers Co-op Gin, Littlefield; ASCS Office, Littlefield; Farmers Co-op Gin, Sudan; Farmers Co-op Gin, Amherst; Far-

Cut Likely In \$4,674,000 Tax Bill In Lamb County

NEW YORK - Will the taxes that Lamb County residents pay to Uncle Sam be reduced next year? Will the Government find it possible, under present circumstances, to enact a cut of any appreciable size?

Personal income tax returns from Lamb County this year, covering 1961 earnings, were close to \$4,674,000, according to a breakdown of the official figures. Present indications are that they will be cut somewhat next year.

The sentiment of the country is that the existing tax structure constitutes a drag on the economy. The rates are at a point where the average person must work all day Monday and a good part of Tuesday just to pay his Federal taxes.

The rates are equally oppressive to business corporations. They must turn back to the Federal coffers 52 percent of every dollar they earn.
Recent public polls have shown, however, that in these times of unrest in our foreign affairs and of uncertain economic conditions at home, people are more anxious that the Government keep its books in balance than that it go further into debt by cutting taxes without, at the same time reducing

its rate of spending. Some \$1,916,000 of the money that was paid into the Treasury by Lamb County citizens is being spent this fiscal year for non-defense purposes, according to a study of Government reports and an analysis of domestic spending programs made by the Tax Foundation.
The outlays are for aid to agriculture, veterans, health and welfare, commerce, education, labor and housing, space research, natural resources and so on.

The Tax Foundation reports \$26 billion in such domestic outlays scheduled for this fiscal year. That is \$14 billion more than in 1954. The growth in defense spending was only \$7 billion over the same period.
"Thus," it finds, "it is not national defense but civil spending" that is causing the big increase.
Continuous deficit spending in Washington, it adds, has been possible only by going deeper into debt. Our national debt is now over \$298 billion.

Lamb County's proportionate share of that obligation is \$1,616 per person, a total of \$36,037,000.

Purchasing Power Is Up For Residents Of County

To what extent have residents of Lamb County been affected by the rise in the cost of living? How much cash does the average local family have left over, after paying its taxes and its bills for food, clothing and shelter?

Although prices have gone up in the county, as they have in every other section of the United States, local families have more money at their disposal at the present time, after providing for these necessities, than they ever had.

According to figures issued by the Bureau of Labor Statistics, the Consumer Price Index has just recorded its biggest rise in over four years. The cost of living, as a result, is at an all-time high.

This does not mean that we are in for inflation, the Labor Department states. It does show that the cost of goods and services is 6.1 percent higher than it was in the base period, 1957-59.

Because incomes in Lamb County increased at a greater rate since that time, local families are relatively better off to-

day. They have more money left, after taking care of the necessities, than they did formerly. On the average, they use up only 37 percent of their net income, after taxes to meet their expenses for food, shelter and clothing.

In many parts of the country, a much higher proportion of income goes for these needs. The figures are based on cost of living studies made by the Labor Department and on the latest consumer market statistics for each area.

In Lamb County, 21 percent of net income is spent for food, 4 percent for clothing and 12 percent for housing, including the cost of utilities.

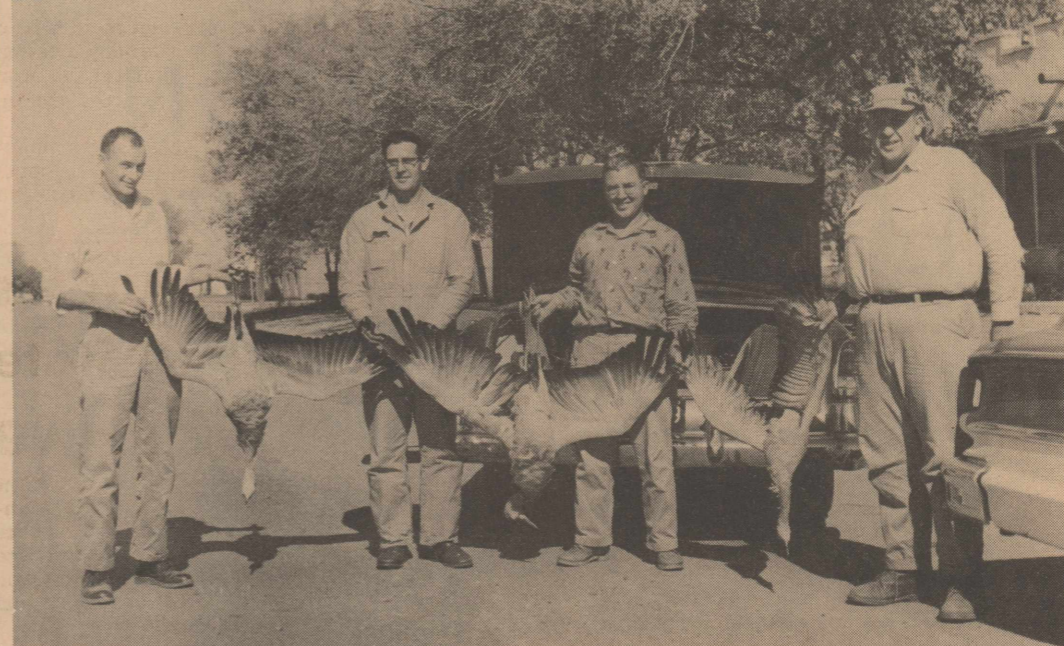

Thus, 63 percent remains for so-called discretionary spending. This is used, to an extent dictated by individual preferences, for transportation, medical care, personal care, reading and recreation, savings, education and other goods and services.

In some communities, where incomes are low, a relatively small sum is left for such purposes.

Locally, however, the average available during the past year amounted to \$3,338 per family.

FHA Club Projects Announced

The Senior F. H. A. Club held a meeting recently to plan their future projects.

One project the club will undertake is Christmas cards for a veteran's hospital or an aged home. Each member has been asked to bring at least one new stamped Christmas card to Sharon Brigrance by Dec. 1. The cards will be sent to a hospital or home for the patients use.

The club will also sponsor a Christmas tree for a needy family in the Olton area. Each member is to bring a decoration for the tree before school is dismissed for the holidays. The tree will be presented to the family selected.

The next meeting will be held Dec. 4 after school in the homemaking department. Every member is urged to attend as plans and committees for the F. H. A. banquet will be discussed.

The program for this meeting will be film strips on "Careers in Homemaking." Mrs. E. J. McKnight is sponsor.

LCC Sets High School OpenHouse

Senior high school students will be given an opportunity to view the campus and campus life at Lubbock Christian College Saturday Dec. 8.

Guests will register in the administration building at 9 a.m. and will hear LCC's Royal Blue Band in a performance scheduled for 10 a.m. After touring the campus and judging welcoming displays built by LCC clubs, the students will be honored at a noon barbecue. Highlight of the afternoon's activities will be an exhibition of track and field events in the gigantic new fieldhouse on the LCC campus.

Climaxing the activities will be the presentation of "The New Moon," a Romberg-Hammerstein musical comedy, by the music and speech departments at 8 p.m.

Faculty members will be on campus to answer any questions concerning scholarships, work opportunities, and course offerings.

Students desiring overnight accommodations in LCC dormitories should write the Director of Admissions.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

HIGHLIGHTS & SIDELIGHTS
AUSTIN, Tex.—There have been some changes made!

Veteran legislators sworn-in for a new term of office in a mass ceremony in the House of Representatives were pleasantly aware of a change of scenery since last January's special session.

The once-dark, dusky setting for the biennial battle of State lawmakers had been transformed in their absence. Every desk, chair and table had been refurnished to a glowing light oak shade. Shiny new seats replaced the drab, worn ones in the balcony. And the brass rails were gleaming.

Most noticeable was a new \$20,000 gold wool carpet with a brown Seal of Texas woven into the section installed directly in front of the speaker's stand.

SENATE PAY PROBLEM-- About one-third of the House now have qualified for the 58th Legislature and have been added to the payroll. But the 10 new senators-elect probably won't start drawing their \$400 monthly pay until January 8, when the 1963 session begins.

A recent ruling by the attorney general that "members of the Legislature" now could qualify for the payroll brought inquiries from seven new senators as to whether they would be included. The term "Legislature" also applies to senate members.

But Sen. Culp Krueger of El Campo, acting lieutenant governor, and several other senior senators said the official opening date has been the customary time for senators to take office and they think the custom should stand.

SENATE SWEEPSTAKES-- A small glass bowl and a handful of tiny capsules will decide the political destiny of Texas Senators, come January.

Once each 10 years, Texas' 31 senators must "draw straws" to determine who will serve a four year term, and who will serve for two years. Drawing is required by the state constitution.

Normally, half the state senate is elected for 4-year terms, overlapping with the other half which still has two years left to serve. However, after each 10-year census and redistricting of the Legislature, all the senators must run for office. Last time such a drawing occurred was in 1953.

Nine senators who will face the glass bowl in January were

around that year, and five of them drew two-year terms then.

Ten senators will start serving their first term in January, and one other will be attending his first regular session in the upper chamber.

BILLS--DRAFTING UNDER WAY-- Business really has picked up in the Texas Legislative Council the past two weeks. House committees turned to the TLC many recommendations for the 58th Legislature to consider. They provided the state's research unit with grist for numerous bills to be presented in January.

House Committee on Saving Taxes, headed by Sen. George Parkhouse, received a lot of attention during its hearings. Subjects under discussion included:

A recommendation by the committee to end taxes on intangible property, such as mortgages on homes and stocks and bonds. Dallas tax collector Norman Register claimed this would cost his city \$3,500,000 annually.

Revision of regulation of the railroad industry, which is governed by about 300 state statutes, some of them outdated.

Adoption of a merit salary plan for public school teachers. The committee's education subcommittee suggested keeping the present minimum salary scale and basing future changes on a cost-of-living index.

A recommendation by the subcommittee on highways and roads to keep two license plates on vehicles. Although the state would save \$200,000 annually by using only one plate per vehicle, police officials believe identification is easier with two.

THE DISTAFF SIDE-- Only one woman will be seated in the Senate and two in the House of Representatives come January. They are: Sen. Neville H. Colson of Navasota, Rep. Myra D. Banfield of Rosenberg, and Rep. Maud Isaacks of El Paso. The small percentage of women legislators (1-30 in the senate and 2-148 in the house) is par for the course in state government.

Although about 5,020,770 of Texas' 9,960,000 citizens are women, only 50 women are among the 561 appointees on 87 state boards and commissions—less than 9 percent—and there are no women on the 30 boards and authorities which govern the state's waterways.

Gov.-elect John B. Connally stated in his campaign platform

that he advocated "The appointment and selection of women in those areas of government in which the normal tone of the community is directly affected."

Several state agencies guided by gubernatorial appointees are responsible for the "moral tone" of the community, including: The Texas Youth Council, Department of Public Safety, State Liquor Control Board, Board of Corrections and Department of Public Welfare. If women in Texas ask to share this responsibility, 1963 may be a political leap year.

OIL SUBGROUPS NAMED-- A recent named advisory committee of the Texas Railroad Commission has set up three committee subdivisions.

A liaison subdivision headed by J. E. Kendall of San Antonio includes J. W. Collins, Amarillo; C. G. Condra, Ft. Worth; J. I. O'Neill, Midland; Fred W. Shield, San Antonio; and E. Bruce Street, Graham.

A legal and drafting subdivision is headed by Attorney J.K. Smith of Ft. Worth. On the committee are A. R. Ballou, Dallas; F. H. Pannill, Midland; C. E. Thompson, McAllen; and H. R. Thompson, Houston.

The third division a technical group, is headed by R. Clair Underwood, Wichita Falls.

Serving on this committee are M. D. Abel, Midland; E. T. Adair, Ft. Worth; Lester Clark, Breckenridge; J. W. Crutchfield, Corpus Christi; Roland Gouldy, Wichita Falls; Gene Howell, El Paso; J. C. Hunter Jr., Abilene; Ed Keeler, Houston; N. E. Loomis, Longview; and John Lynch, Houston.

Liaison subdivision, says Pres. James B. Russell of Abilene, will work closely with the Railroad Commission, the Texas Research League and other associations or bodies concerned with oil and gas regulations.

TEN-POINT PROGRAM-- The governor's Committee on Children and Youth is prepared to make several recommendations to Gov. Price Daniel. They include:

Expansion of the state juvenile parole program of the Texas Youth Council.

Creation of a state home for dependent and neglected Negro children who cannot be placed in foster homes.

Raising from 14 to 16 the age limit for a child's inclusion in the aid-to-dependent children grant.

Expansion and improvement of child welfare services to deal with prevention of family breakdown.

Recommendations are based on reports from several committee members who also are representatives of state agencies.

JUVENILE JURISDICTION-- Juvenile courts lose jurisdiction over minor delinquents who come of age before the court can commit them to the Texas Youth Council.

Atty. Gen. Will Wilson said that juvenile court "after judg-

ing a minor to be delinquent and placing him in temporary custody of his parents, has no jurisdiction once the minor attains the age of 1 in the case of a male, and 18 in the case of a female."

CENTRAL STATE OFFICE-- The state's 24 licensing boards may soon be placed under a single administrative agency. That's the recommendation being considered by a special House interim committee studying operations of the boards.

Now each board has its own administrative office. The Texas House committee is studying states that reportedly save money by having a central office, thus pooling secretarial and clerical help.

Under the proposed plan, each board would continue to conduct its own examination of applicants.

HISTORICAL MEDALLIONS-- The Texas Historical Survey Committee awarded historical building medallions to 17 buildings noted for their place in Texas history.

Included were the John Dewberry home near Bullard; Gary House near Starrville; Gingerbread House in Chireno; Levee House in Overton; the county courthouse at Dickens; Halfway House near Cirenio; the W. A. Brown home in Jacksonville; and Shelby County Courthouse in Center.

Also, the Moores-Watts-Pryor home in Texarkana; First United Presbyterian Church at Ballinger; Central Christian Church in Nocona; Fort McKavitt near Menard; Episcopal Church in Graham; Mission San Saba; First National Bank in Jacksboro, and Field Officers' Headquarters at Fort Richardson.

TEXAS STANDS SEVENTH-- Texas tied with Georgia, New Jersey and Tennessee for 7th place among the "Top Ten" States in industrial development for September.

Twenty-five new plants were opened in 21 towns, according to the Texas Industrial Commission. Small towns such as Center, Big Spring, Hallsville, Hallettsville, Knox City, Will Point and Yantis, as well as big cities, were successful in attracting industry.

CAMPAIGN COSTS TOLD-- Democrat John Connally spent less to win the November general election than did his defeated opponent, Jack Cox.

Expense reports filed with the Secretary of State show Connally spent \$193,740. Cox reported spending a total of \$261,072.

SCREWORMS WIDESPREAD-- Dr. John L. Wilbur Jr. of the U. S. Dept. of Agriculture's Animal Disease Eradication Division reported that all but 13 counties were infested by screwworms in the period from September 23 to October 27. Screwworm-free counties were Ector, Dallam, Sherman, Hansford, Ochiltree, Camp,

Cass, Marion, San Augustine, Sabine, Jasper, Newton and Orange.

Under the screwworm eradication program, 351,551,050 sterile flies were released in October in an area bordered by Terrell County on the west; Coleman, Brown and Comanche counties on the north, Calhoun County on the east and the Mexico border on the south.

LCRA VALUE INCREASED-- The Lower Colorado River Authority increased its assets by \$967,266 during the fiscal year that ended June 30, 1962. Assets now total \$74,612,618. The Authority's net worth increased from \$3,500,000 to \$26,048,937. Revenues from plants at Austin, Buchanan, Granite Shoals, Inks, Mansfield, Marble Falls, Comal, Kerrville and the new Gulf Coast Water division totaled \$540,404, while expenses ran \$418,103.

LCRA's books have balanced in a similar manner since 1958—about a half-million annually in revenue.

EIGHT FIELDS "SLANTED" The slant-hole scandal has spread into eight fields in seven East and South Texas counties.

Latest summation by the Texas Railroad Commission indicates 212 illegal deviated wells have been discovered by inclination tests in 127 leases in the eight fields.

Involved so far are the sprawling East Texas field, with wells in Rusk, Gregg and Upshur Counties; Coke, Hawkins and Quitman fields in nearby Wood County; Danville field in Rusk County; Friendswood-Webster field in Harris County; Ganado field in Jackson County; and Hopson field in Karnes County.

SHORT SNORTS-- The Texas Society to Abolish Capital Punishment has announced that legislation will be introduced in January in a new effort to abolish the death penalty. House general investigating committee has ordered a contempt of the Legislature citation drawn against former Gregg County Judge Earl Sharp for his failure to appear at a committee hearing.

Crop Residue Management Benefits Greatly, SCS Says

Lamb County Soil Conservation District Supervisors emphasize that good crop residue management is using crop residues after harvest for soil protection and improvement. When harvesting, sufficient residues should be left on the land for protection from harvest to seeding time. When tillage operations are done they should leave as much residue as possible on or near the surface. Listing back into the stalks is a good dryland practice. On irrigated land it may be desirable to shred stalks early and anchor the residues in and near the surface soil by light disking or other tillage methods.

On sandy land subject to blowing, leave residues on the surface as a mulch and delay seed preparation until the end of the blow season.

On clean tilled land such as cotton where crop residues are not available to furnish protection mulching with cotton burs or a cover crop would be beneficial. A good conservation cropping system includes a high residue crop returned to the soil regularly in rotation with cotton.

Some of the benefits of good crop residue management are:

1. When used as a protective cover on the surface of the soil during the wind erosion period, it protects the soil from the erosive action of wind and water.
2. Improves the physical condition (tilth) in the surface of the soil by increasing the supply of organic material returned to the soil.
3. Increases the soil moisture holding capacity. Infiltration rates are higher and evaporation rates are lower.
4. Reduces the extremes in soil temperature.

5. Provides food for bacterial life in the surface soil.
6. Increases the pore space in the soil for more air and water.

7. Pre-vents surface crusting making it easier to get a stand.

The use of crop residues eliminates the risk of land blowing this spring. Residues or a cover are not temporary protection but listing or chiseling is the SCD says.

grades to each room. She said one of her first students was Earl Roberson and now she has taught most of his children. She enjoys teaching social studies in junior high and now she is a third grade teacher.

She finds life "very challenging and interesting" and believes that the youth today must realize that to be a genius you must work 90 percent of the time.

"It is really those who discipline themselves that succeed," she said.

In her method of teaching she tries to remember that each child is an individual with individual needs. You can only "group teach" 10 percent of the time and the other 90 percent is individual, she explained.

Olton Men

Attend CC Meet

Five Olton Chamber of Commerce and Agriculture workers went to Lubbock Wednesday for a training institute for directors, officers and committee chairmen.

The clinic, held in the Pioneer Hotel from 9 a.m. to 3 p.m., was jointly sponsored by the Lubbock Chamber of Commerce and the Chamber of Commerce of the United States.

Attending from Olton were James Hall, CC-A president; George Redinger, vice-president; James Cowart, director; Walter Lewis, nominee for director; and Melvin McReynolds, manager.

Several United States CC executives from Washington, DC spoke at the meeting.

REPORT CARDS
Report cards for the second six week were given to students in all Olton schools Wednesday. The report cards are of the type that do not have to be returned to the schools.

VISIT YATES
Mr. and Mrs. David Cole and Norris of Dimmitt visited in the home of Mrs. Cole's parents, Mr. and Mrs. Bill Yates, Thanksgiving Day.
