VOLUME 35

OLTON, LAMB COUNTY, TEXAS, THURSDAY, JANUARY 11, 1962

NUMBER 49

Mercury Tumbles 7 Below

Olton and area residents shivered under a wintry blast that dropped temperatures to seven below zero here Tuesday night.

This is the coldest temperature ever recorded here on Jan. 9.

It matches the minus seven degrees recorded over the Plains area in 1947. The record low for the area was set in 1933 when temperatures dropped to 17 degrees below zero. Minus 10 degrees was reported in 1930 and 1916.

After a day of mild temperatures and sunshine Monday, a cold front blew in Monday night bringing with it a light snow and a stiff north wind.

School was dismissed at 2:30 Tuesday to allow buses to run early but resumed as usual Wednesday.

Utilities reported few complaints resulting from the front. Most reports received were from frozen water pipes.

The city water tower sprayed icy water over the surrounding area Wednesday morning after frozen controls failed to close. The situation was promptly taken care of, however, and no damage resulted.

No automobile accidents due to the ice had been reported Wednesday. No highways in the area were closed.

Most residents were sticking close to fires and furnaces braving the cutting cold only when necessary.

Weathermen forecast slightly warmer temperatures, around 20 degrees, for Thursday.

MAJOR JAMES

may have discovered a new use for Olton's new \$8,000 street sweeper.

A few weeks ago, the mayor went on a fire call to one of the gins. The wind was blowing pretty hard, and the situation was getting desperate.

The city fire truck at the scene had a balky hose, or something, and firemen weren't able to get any water on the fire. The other truck had gone to North Spade, where a big gin fire had started.

Firemen started heating away at the smoldering burrs with their shoes, boards -- or anything else they could find.

But they weren't making much headway, so the mayor got the city's street sweeper.

It didn't put out a whole lot of water, but it got the job done, wetting down the burrs pretty good.

I asked Major the other night what made him think of the street sweeper as a fire fighter.

"Shoot," he said, "that was all we had left."

DOWN SOUTH

a high-falutin' columnist for the Houston Post made a little fun of weekly newspaper editors the other day.

He wrote:

"... It is getting so I have to look twice to tell the difference between the front pages of the weeklies and the dailies.

"... Can't help but regret the end of an era in which a front page story in a country weekly read about like this: 'Alvin Brewster's car was stolen last Tuesday from in back of Helwick's Hardware. Alvin said he went in Helwicks to buy a lug wrench and didn't stay in there but 10 minutes. When he came out his car was gone.

"... It is a sad thing when a citizen can't leave the key in his car and go off for 10 minutes without getting it stolen. Buster Norton says he has reported Alvin's car to Sheriff Baxter in York City and that every effort will be made to get it back. Meanwhile, Alvin is afoot, and he says he'll appreciate it if anybody passing his place will stop off now and then and give him a lift into town."

I ENJOYED

his column immensely, because he had a couple of other examples--- and they were lulus.

He's right, of course. Very few weeklies are written in that manner anymore.

His contention is that weeklies aren't as "folksy" as they used to be, and he regrets that fact.

The key to the whole thing probably is the fact that towns, as they grow larger, tend to lose their own folksiness.

In the cities, there's much less concern for fellow man, and that may be a reason for the fact that some dailies seem impersonal.

We'd all do better to retain some of the "closeness" that people used to have.

Animal Health Meeting Set

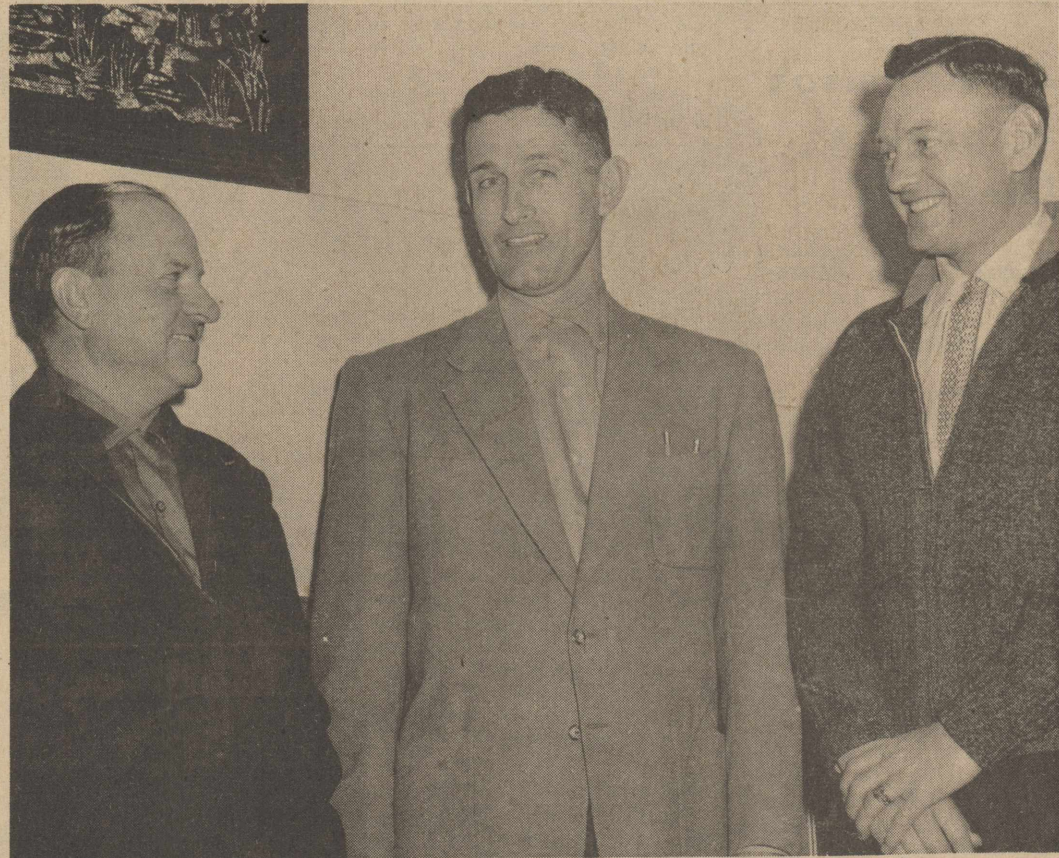

An animal health meeting to demonstrate methods and new techniques for treatment in the medication of animals has been set Monday at 7:30 p.m. at the Plainsmen Farm & Ranch.

Cotton John of Amarillo radio and television will show films at the meeting.

Fred Hayrich, representative of Cyanamid, will speak on new animal medication.

NEW CHAMBER LEADERS--Named president of the Chamber of Commerce and Agriculture by the directors last week were James Hall, center, president; George Redinger, left, vice-president; and Dan Gregory, right, secretary-treasurer.

James Hall New C-CA President

James Hall, Olton auto dealer, has been named 1962 president of the Chamber of Commerce and Agriculture. He succeeds Percy Parsons, Hall served as vice-president last year.

Other new officers elected last week at a C-CA board of directors meeting were George Redinger, farmer, vice-president, and Dan Gregory, grain man, secretary-treasurer.

The Chamber will kick off a drive for new members Monday morning following a breakfast at the Ideal Cafe at 6:30 a.m. Ed Thompson will head the businessmen's part of the drive, while Delmer Givens will act as chairman of the farmers' campaign.

The C-CA, which operates solely on money collected from members' dues, has a budget of about \$7,500 for this year.

The money is used in promoting both business and agriculture through the Chamber's various committees.

The C-CA has committees on retail trade, agriculture, civic affairs and governmental affairs.

Plans are being made now for the Chamber's annual banquet, scheduled later this month.

Bracero Problem Discussed

Area farmers met Tuesday night in the school cafeteria to discuss the bracero labor problem in regard to the new ruling on tractor driving.

A recent directive from the labor department stated that braceros could not be used for tractor driving except in hardship cases.

Farmers were advised to sign up immediately at the employment office for a tractor driver. It is felt that few applications can be filled with native labor and, if enough applications are received, it will become necessary to get braceros.

Farmers do not have to go to Littlefield to sign up. It can be done over the telephone.

The Olton Chamber of Commerce and Agriculture urged farmers to take prompt action.

The Chamber office has also printed letters addressed to President John Kennedy, Vice-President, Lyndon Johnson, Senators Ralph Yarborough and John Tower, Representative George Mahon and Secretary of Agriculture Orville Freeman.

The Chamber is requesting that anyone interested sign one of the letters and, they will send them off.

Fillies Win, Ponies Lose District Opener To Morton

Olton basketballers divided a pair of games with Morton in their District 2-AA opener here Tuesday night, the Fillies posting a 54-39 win and the Mustangs dropping a 58-41 battle.

Both teams have district action again Friday, traveling to Lockney. Girls' game will start at 7 p.m.

Next Tuesday night, the Olton teams will be in Abernathy for a doubleheader.

Getting their first taste of district competition this year, the Fillies got off to an early lead over Morton, netting a 15-11 margin in the first quarter.

The Fillies led at the half, 31-17, then maintained that margin as reserves Oketa Follis, Pam Hair, Maxine and Margaret Schaefer saw action.

Gayle Nicholas paced the win with a 32-point night. Cheryl Poteet scored 14 and Tommy Witten 9. Linda Price led rebounders with six.

Evelyn Butler was Morton's high scorer with 23.

Morton's boys grabbed a 16-7 lead in the first quarter and never let up. They led 30-17 at the half.

Buddy Trice and Wilburn Zuber hit 14 each and Steve Middleton had 13 to lead Morton.

Gary Johnson scored 19 and Johnny Schenck 14 for Olton. The Mustangs had their best spurt in the third quarter, but Morton outscored them 15-14.

NICHOLAS SCORES 32---Gayle Nicholas, high-scoring Olton Fillie, worked clear for this shot at the basket during the Fillies' victory over Morton here Tuesday night. She scored 32 points to pace the win.

Sugar Beet Meeting Set

A meeting of the Olton Sugar Beet Association has been set Monday at 7 p.m. in the school cafeteria to continue a push toward new sugar beet legislation.

Indications were the legislation would come to a head this month and associations were asking all members to write Washington expressing their views.

James W. Witherspoon, Texas Sugar Beet Growers Association, said this week that he had received some encouragement through the secretary of labor and agricultural department that the President may look favorably upon increasing domestic production.

Conner Parsons Buys Brother's Store Interest

Conner Parsons announced this week he has purchased the interests of his brother, Percy, in Parsons Furniture, becoming sole owner of the firm.

The Parsons have operated the store here since October of 1958.

Percy Parsons said he sold his interests in order to devote full time to operation of his funeral home and ambulance service.

He will continue to handle his insurance service at the furniture store, for the convenience of policy-holders.

Conner Parsons said he plans no major changes in the furniture store in the immediate future.

He and his wife, Thelma, have two children, Ronnie, an OHS student, and Gayle Ann, a student at North Texas State.

Percy Parsons and his wife, Margaret, have three youngsters, Mike, Dale and Rhonda.

Both families attend the First Methodist Church.

City May Make Annual Review Of Salaries

City councilmen discussed plans to set up an annual review of salaries for city employees at a regular meeting Tuesday night.

Rather than study requests for salary increases as they come up, councilmen suggested a review on a once-a-year basis probably would make for more efficiency.

With two councilmen absent from Tuesday night's meeting--Bob Duncan and Clovis Poteet--the council decided to table the matter.

A review of salaries for all employees may be taken up at the February meeting.

In other activity Tuesday night, the council heard a group hospitalization insurance proposal. Other proposals will be heard later.

The council approved plans to transfer \$5,000 from the city water fund to a savings account at Olton State Bank.

School Gives 7 New Contracts

Salary Hikes OK'd For Two

Olton school trustees renewed seven contracts for school personnel at a regular meeting Tuesday night.

Two-year contracts with salary increases were given Football Coach Walter Bryan and Counselor Elmer Moore.

Bryan's contract called for a \$360 per year salary boost, while Moore received a \$300 per year increase.

Current contracts for principals Joe Turner, E.J. McKnight and Fred Gordon were renewed for two years. Those of Dorman Thomas, business manager, and E.C. Woods, Bohner principal, were renewed for one year.

The resignation of Mrs. J.W. Dale, elementary school teacher, was accepted. The resignation is effective at mid-term.

In other action, the board approved a \$6,547 athletic budget for 1962-63. This includes \$5,552 for football; \$550 for basketball; \$245 for track; \$100 for junior high miscellaneous; \$100 for elementary miscellaneous.

Biggest item in the football budget is \$3,000 for new equipment.

In other activity, the board approved plans to construct a temporary quarter-mile track around the football field.

The track will not have cinders, but will be bladed to a smooth surface.

Trustees also okayed a report on the school's final application for state foundation funds. Money coming from the state will total \$248,670 for curriculum and \$39,670 for transportation.

Also approved was a lunchroom report through Dec. 31, 1961, which showed the lunchroom now operating \$1,338 in the red. It was pointed out that the lunchroom during the current school year operating \$2,108 in the red.

FIRE CHIEF TOM SMITH

Interest Began As Boy

Smith Starts Ninth Year As Fire Chief

"You might say I've been interested in fire fighting a long time," Tom Smith said this week as he started his ninth year as Olton fire chief.

"I used to go to Plainview when I was a boy and watch them pull out the old engine."

Prior to becoming fire chief nine years ago, Tom was assistant fire chief. He became a volunteer fireman in 1952.

Other officers are James Hall, assistant fire chief; Bailey Hair and J.C. Scroggs, captains; Bob Gullett, secretary.

There are 31 men on the volunteer force.

"When I first came into the fire department," Smith said, "we had two old beat up trucks. We got the new truck that we have now in September of 1952 and then donations from farmers and gins bought another truck."

Other new equipment which the department has purchased include a machine to use on people who are overcome with smoke or gas or in drownings, new coats and helmets which the department bought and extra boots which the city bought.

The department also has a station wagon now to carry equipment.

"The station wagon could be used as an ambulance in an emergency," Smith said. "We used it in the Sunnyside tornado."

He added, however, that it would have to be a "real emergency" before it would be used.

The worst fire Smith has seen since he has been on the fire department here was the recent one at the North Spade Paymaster Gins.

"We don't have many bad fires in Olton. People are pretty well trained to fire prevention," he said.

During 1961 the fire department made nine runs, other than grass fires in the city and 16 runs, other than grass fires, outside the city limits.

The fire department here now has a 15 cent better fire record, in regard to insurance, than it did in 1952.

"I sure didn't know I'd be in it this long when I started out," Smith commented.

But maybe fire fighting just runs in the Smith family.

Son Douglas Smith, who is majoring in forestry at Arizona State College, picked up some fire-fighting experience himself working in the field last summer.

Douglas graduates this year and plans to go into the Forestry Service.

Postal Receipts Hit \$30,362, Break Record

Olton's postal receipts shot past the \$30,000 mark in 1961, easily breaking the record, Postmaster I.B. Holt announced this week.

The announcement followed other reports--a record-setting cotton crop and a new high in bank deposits--which indicated Olton enjoyed its most prosperous year ever.

Postal receipts, considered another of the barometers which reflect local business conditions, rose to \$30,362.01 in 1961.

The previous high was \$28,358.00 in 1960.

Records for the previous six years were: \$27,633.99 in 1959; \$25,970.00 in 1958; \$22,935.00 in 1957; \$22,755.00 in 1956; \$20,002.00 in 1955; \$19,250.00 in 1954.

New Golf Pro Hired At ORC

Fred Pendergrass, 35, from Canyon was named new ORC golf pro at a meeting of the ORC board of directors Monday night.

Pendergrass was with the Hunsley Hills Country Club at Canyon.

Prior to his move to Canyon, he was assistant golf pro at the Andrews Country Club.

Originally from Lamesa, he attended public schools at Ackery and Seminole. He also attended Texas A&M College.

He and his wife, Peggy, have two children, Stacy, 13, and David, 8. They are members of the Baptist Church.

FRED PENDERGRASS

Latin Gets 90 Days Plus \$1,000 In Fines

An Olton Latin American is serving a 90-day jail term at Littlefield after pleading guilty to four cases of liquor law violation.

The man, Bennie Robledo, also paid fines and costs amounting to \$1,078.15, according to V.L. Smith, deputy sheriff.

Robledo pleaded guilty before Judge Pat Boone Jr. in county court last week.

Fines and costs in the cases were \$279.90, \$132.75, \$32.75, and \$532.75, Smith said.

Fire Reported

Firemen answered a call at the Wesley Nelms home, nine miles south and one east of Olton, Wednesday afternoon.

Fire Chief Tom Smith estimated the damage at \$200.

The fire apparently started from an electrical heater which was being used to thaw out a pipe.

Dynamic Farm Planning Needed

"I am made all things to all men," Saint Paul told the Corinthians. Secretary of Agriculture Orville Freeman apparently is trying to sell the same message.

He has a little something for everybody in his farm plans for 1962, if we are to believe the early reports from Washington. Last year he had a firm plan.

It fell by the wayside quickly, since it seemed designed to usurp some of the privileges and prerogatives which members of Congress like to keep to themselves.

The proposal for farmer committees, assisted by Department of Agriculture experts, to work out farm programs just didn't go over with the members of Congress.

Freeman this year wants to bring the consumers, the processors and the producers into the picture, according to early reports.

He apparently is not going to the Congress with a firm proposal for agricultural legislation, although he knows and has said time and again that drastic changes are

needed in our federal farm programs.

The farm problem is the one national problem that has outlasted the depression of the 30's, World War II, the Korean War and various other national crises. And it's going to be around for a long time.

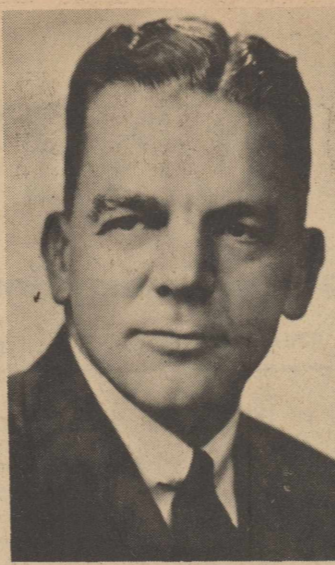

What we need now is firm, dynamic planning which will enable agriculture to get out from under the shackles of government.

Where is this planning coming from? Who knows?

The best minds in farm economics have been struggling with it for years. They have offered nothing new.

But there is a definite trend in national farm planning toward stricter controls over agriculture. We certainly need to take a hard look at these proposals before we let them go into effect.

Surely somewhere in this nation, from among the thinkers, the planners and the people who know agriculture we should be able to come up with some kind of workable plan which will at least partly solve the great problem.

TOM ANDERSON

Tom Anderson To Speak In Littlefield

Tom Anderson, president and publisher of "Farm and Ranch" Magazine, will be the featured speaker at the Annual Littlefield Chamber of Commerce Banquet.

The Banquet will be held in the Littlefield Sports Arena, Friday, Jan. 19, at 7:30 p.m., it was announced this week by Gene Garrison, manager of the Chamber. Tickets for the affair are now on sale at \$2.50 each.

Other features of the banquet will be the awarding of the "Outstanding Farmer Award", awards to the "Outstanding Junior and Senior FFA Students" and the introduction of new directors and officers.

Anderson is a native of Tennessee and a graduate of Vanderbilt University. During World War II, he was a Naval Officer serving overseas. He entered the agricultural journalism field in 1942 when he joined "Southern Agriculturist".

Anderson bought "The Arkansas Farmer" in 1947. In 1953 he established "The Mississippi Farmer".

Anderson established "The Georgia Farmer" in January, 1956, "The Alabama Farmer" in January, 1961, and the "Arkansas Poultry News" in January, 1961.

Late in 1953, he became the editor-in-chief, publisher and half-owner of "Farm and Ranch" Magazine, which covers the states from Maryland to California. The combined circulation of his publications is more than 1.3 million.

More than 400 newspapers and a number of magazines have requested permission to reproduce "Straight Talk", Anderson's editorial page, each month.

Anderson has received the

Fire Calls Are Reported

The Olton Fire Department answered a call Tuesday one mile east and one-half mile south of Olton.

The fire was a well house over a pressure pump. Damage was the total loss of the well house and a ruined pressure pump motor.

VISITS HOUSTONS

Visiting in the home of Mr. and Mrs. Elmer Houston last week were Mr. and Mrs. Frank Zeikle of Rush City, Minn.

"Liberty Award" of the Congress of Freedom twice, once for his editorials and once for his speeches, and the "Freedom Award" of Freedom's Foundation at Valley Forge "for outstanding achievement in bringing about a better understanding of the American Way of Life."

He has appeared on many live radio and television programs. January 17, 1960, he was the principal speaker on the Manion Forum Network, South Bend, Ind. In his introduction of Anderson, Dean Manion said: "No writer in American can take the padding out of a stuffed political shirt any faster or more effectively than Tom Anderson."

He is past President of the American Agricultural Editors Association and a Methodist.

Recipe Of The Week

For a Recipe of the Week, Mrs. Bob Coen gave us her favorite. It is "Fruit Salad Pie."

Ingredients are 3/4 cup sugar, 2 egg yolks, 4 tablespoons of corn starch, small can crushed pineapple, 2 tablespoons lemon juice, 1/4 teaspoon salt, 2 tablespoons butter, one No. 2 can of fruit cocktail and one 9 inch baked pie shell.

Mix sugar, corn starch and salt together. Empty fruit cocktail, undrained, into sauce pan together with crushed pineapple and lemon juice. Beat egg yolks and mix into fruit mixture along

with the other ingredients.

Cook until smooth and thick, add butter. Cool and pour into pie shell.

Top with this meringue: 2 egg whites, 1/2 cup whipped cream, 2 tablespoons sugar.

Beat egg whites until stiff and add sugar. Whip cream and fold into egg whites. Put on top of pie and refrigerate if not eaten immediately.

Gene Cades Are Honored

A farewell party for the Gene Cade family, who will move to Morton in the near future, was given Friday night at 7:30 in the James Cowart home.

Approximately 100 people attended the party. Parting gifts were given to the Cades.

Cokes, coffee and cookies were served to the guests. Carrom and "42" were played by the adults and the children played games.

Study Club Meeting Held

The Olton Study Club met Monday night at 7:30 p.m. in the Jim Fuller home.

The program was on "Women of International Importance." Roll call was answered by "A Woman of International Fame." Mrs. Carl Hooper gave a talk on Princess Grace of Monaco. Mrs. Bailey Hair talked on Queen Elizabeth of England and also gave a two minute report on International Affairs. The nominating committee read the name of officers to be elected for next year.

Salad plates, coffee and tea were served by the hostess, Mrs. Jim Fuller, to Mmes. Roye Aikman, Brent Burrow, Jack Allcorn, Paul Burrus, Raiford Daniels, H.B. Carson, D.M. Granbery, Bailey Hair, I.B. Holt, Carl Hooper, Basil Sherman, C.S. Silcott, Ray Slaten, Jack Straw, Jim Williams, Bill Yates and two guests, Mrs. B.J. Bartlett of Austin and Mrs. J.M. Thomson of El Paso.

The next meeting of the Olton

Study Club will be Jan. 22 at 7:30 p.m. in the Marshall Stone home. The club will work on an annual report and hold the election of new officers.

Early Planting Of Corn
Produces Highest Yield

Early planting of corn has produced the highest yield and the least lodging in several years testing at the High Plains Research Foundation. Three dates of planting in the tests from 1958 through 1961 were: early, April 8th to 21st; medium, April 24th to May 5th; and late planting, May 21st to 31st. The average lodging for a three year period for the various dates of planting were: early, 8.5%; medium, 16.7%; and late, 49.7%. Corn borer infestation at the Foundation was light in 1960 and heavy in 1961.

The Southwestern Corn Borer causes most lodging (falling down) of corn. This pest bores into the stalk, weakening it and causing the corn to fall. Early planting permits the stalk to grow strong before the first infestation of the borer, which usually occurs around the middle of June. The most desirable corn hybrids for early dates of planting have been found at the Foundation to be the medium or late maturing varieties.

The average early planting yields for the three year period, 1959 through 1961 for the early maturing variety was 104.5 bushels. In the medium date of planting the average yield was 133.4 and the late maturing was 141.0 bushels. In the medium date of planting the early maturing variety was 116.3 bushels; medium maturing was 137.5; and the late maturing was 138. The average yield of the late corn was for early maturing, 105.8; medium, 107.5; and late, 99.6 bushels. Lodging was severe and yields were reduced on the late planting date for all hybrids.

The complete report with the charts and data will be mailed to Foundation supporters in the near future, Delbert Langford, associate agronomist, who conducted the tests at Halfway said in releasing the information, Langford said, "One would conclude that a medium or late maturing hybrid corn should be planted between April 8th and May 5th to obtain the highest yield with the least amount of lodging in this area."

Eighth Grade Girls Lose To Cotton Center

Monday night Cotton Center's eighth grade girls slipped by Olton's eighth grade to win 28-25.

In the first quarter, both teams shot for 6 to tie the score. In the second quarter, Olton led all the way and at the half, the scoreboard read 15-14 in favor of Olton.

With a minute left to play in the fourth quarter, Cotton Center went into a stall and ran out the clock with a 3 point difference in the score in their favor.

Sherry Caddel led Olton's team with 17 points, followed by Susan Norfleet and Sandra Johnson with 4 each.

Basin and Eastern New Mexico areas, show officials said it was one of the most successful showings in the history of the market.

The next market, set for May 20 and 21 in the Caprock, will be the annual fall showing.

The Western Wholesale Market Association is sponsored by the Lubbock Chamber of Commerce and Board of City Development.

Postal Clerk Applications Being Taken

The Olton Post Office is seeking applications from local residents who are interested in becoming postal clerks. Postmaster I.E. Holt announced this week.

Persons who apply and who pass a written test given by the civil service commission will be placed on a list of eligibles and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Anyone interested in a career in the postal service may obtain complete information from Postmaster Holt.

Ambulance Calls Are Reported

Parsons Funeral Home answered two calls this week. Saturday night they picked up five people hurt in an automobile accident between Springlake and Earth and took them to the Littlefield Hospital.

Tuesday, they moved Mrs. George Daniels from the High Plains Hospital in Hale Center to the Knight Convalescent Home in Littlefield.

VISIT IN PLAINS

Mr. and Mrs. Elmer Houston visited the Ira Tidwell family in Plains over the weekend.

Crop Measuring To Start Here

Measuring of the 1962 wheat and barley crop is scheduled to begin this week, according to L.D. Aten, ASC office at Littlefield. Grain sorghum sign-up is set Feb. 5.

Aten also said that a four-row limitation on skip-row planting which has been in effect for several years but which will not apply to the 1962 cotton crop might have some effect in dry land farming in the county.

Skip-row planting is ordinarily not used on irrigated farms.

Under the new regulations in skip-row planting, only the land actually planted to cotton will be counted as cotton land in determining a grower's compliance with crop control programs.

Galons Have New Baby Boy

Farmer's, Rancher's Tax Filing Requirements Told

Farmers and ranchers were reminded today that Monday, Jan. 15, is the last day for filing their estimated federal income tax return for 1961, unless they plan filing their final return on or before Feb. 15.

John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, explained that those farmers and ranchers who file an estimated return Jan. 15 and pay the tax due thereon have until April 16 to file their final return and pay any balance of tax due. Otherwise, the law requires that they file their final return and pay the full amount of the tax due by Feb. 15.

The IRS representative cautioned that this option is available to farmers and ranchers

only. Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching. He advised farmers and ranchers that if they filed a federal income tax return last year the necessary forms for this year will be mailed to them. For those who did not file, or for some other reason did not receive their forms in the mail, blank forms are available from any Internal Revenue office or from post offices or banks.

Everyone who had a gross income (net not) of \$600 or more during 1961 must file an income tax return with their IRS district director, whether or not any tax is owed. Only exception to this rule is that if you were 65 years of age

or over at the end of 1961, you are not required to file a return unless you gross income was \$1,200 or more.

Needed assistance is available from Internal Revenue Service, both by telephone and in the office, but taxpayers are asked to complete their own returns as far as possible before contacting IRS.

Copies of the free booklet, "Farmer's Tax Guide", are obtainable from IRS offices and agricultural agents.

Carr Seeks State's Attorney General Post

Waggoner Carr, former speaker of the Texas House of Representatives, Thursday announced his candidacy for the Democratic nomination for attorney general.

The announcement from his Lubbock law offices stressed

the importance of the attorney general's office in law enforcement, crime prevention and the creation of a healthy economic climate in Texas.

Carr recalled that in 1960, after two terms as speaker, more than a half million Texans approved his record of public service by their votes in this race for attorney general and said he believes his previous training and experience qualify him to do a good job, Carr was identified in a recent state-wide poll as the leading contender for the attorney general's post.

"My platform basically has but one plank--strengthening our legal framework where needed, and more vigorous enforcement of those laws, once enacted," Carr declared.

JOHN DEERE DAY

★ We've lined up top-notch talent...

★ We've lined up a parade of Fascinating Farm Features

You'll get plenty of enjoyment from a show that teams up these outstanding performers! Gobel, Carradine, and Mummy star in a delightful film that ties the whole program together. It's a story packed with color and comedy about a case of measles and a boy who can't go to John Deere Day. So he and his uncle dream up a carnival of their own... and only those who have measles can get in. Gobel's wittier than ever as master-of-ceremonies on film, introducing news about today's agriculture in his own inimitable fashion.

NEW PHILLIPS 66 DEEP CLEAT HB HI-BAR

DIGS DEEPER PULLS HARDER ... in ANY type of field use

ON THE FARM-TIRE SERVICE

OPEN CENTER TREAD ALLOWS MAXIMUM SELF CLEANING

The Deep Cleat HB tread is open in the center. There are no pockets to become packed with dirt or mud and rob the tire of traction. As the tire rolls, its flexing action throws dirt free from the tread. Overlapping bars in the center of the tread function as a riding bar providing a smooth ride even on roads or highways.

FLATTER TREAD GIVES POSITIVE FLOTATION

The extra-wide tread makes a huge footprint as it rolls over broken or loose soil. Because the tire is wider and flatter, it contacts the soil from shoulder to shoulder. This positive flotation tread design means Deep Cleat HB tires pull better in soft or hard soil.

DEEP CLEAT HB ASSURES MAXIMUM STABILIZATION

The sturdy Hi-Bars are firmly anchored to the broad tire body. This combined with the flatter tread design assures maximum stabilization.

SUPER STRENGTH TYREX CORD STRENGTHENS TIRE BODY

Deep Cleat HB tire plies are built with Super Strength Tyrex cord to resist bruising and lengthen tire life. Rugged Tyrex cord body provides a sturdy tread foundation. High tensile steel beads tied into the tire body by each ply provide a strong backbone for the tire; give firmer seat on rim. Special gum lining resists chafing of air or water-filled inner tube against tire carcass. This lengthens carcass life and keeps plies moisture free and strong for safe retreading.

NOTICE! TO PARENTS Of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1962, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census.

If you as a parent, have not received and filled out a school census blank on or before January 22:

1. Phone Superintendent at No. 285-2641 and ask for a census blank.
2. Call in person at the superintendent's office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six year olds who start to school next September are the ones most often overlooked in the census.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

Be Sure And Turn In Your Census Blanks Before February 1st
