Co. H. D. C. News

Clara Brown, H. D. Agent

The H. D. County Council met in Baird Saturday May 20 the meeting being held in the County Court Room.

Council accepted the resignation of Mrs. M. B. Sprawls as Council Treasurer and elected Mrs. Jim Barker of Enterprise to take her place. Mrs. Sprawls is leaving the county.

No definite plans were made for the trip to Austin.

Prigrams for the clubs 2nd meeting June were handed out. This program will consist of Safety First.

The agent announced that she would be out of the County June 19, 20, 21 and 23 at a National Home Economist Meeting in San Antonio. She requested the clubs that meet with her on these dates to see her about another date for their meeting.

The Council welcomed the Putnam Club a newly organized group to Council.

Eleven of the Home Demonstration Clubs were represented at Council Saturday in a regular monthly meeting.

Mrs. G. B. Jones vice-chairman presided.

Pineapple for club women will be ordered in the near future the committee Mrs. R. G. Looney Mrs. Jim Barker and Edith Everett reported.

Plans for the annual encampment July 20-21 were completed. They include a 5 to 10 minute program from each club a book review string music skating swimming and baseball. Mrs. Jim Barker Anna Mae McIntosh and Mrs. Clyde Johnston are serving on this committee.

The following clubs will send a delegate to the Annual Short Course July 12-13-14: Cottonwood Midway Atwell Admiral Clyde H. H. Cross Plains Denton Dressy Enterprise and Putnam.

The following ladies were present: Mrs. L. Scott, Mrs. E. N. Hall, Mrs. Jim Barker, Mrs. SG Sherrell, Mrs. J. M. Simmons, Mrs. O. W. Johns, Mae Cook, Mrs. A. B. Barker, Mrs. C. S. Holden, R. N. James, R. G. Edwards, M. B. Sprawls, G. B. Jones, Floyd Coffey, Archer Wilcoxon, T. J. Dockery, Edith Everett, J. C. Brashers, Alton Tatom, T. C. Ferguson, Lub Peavy, R. E. Baker, Clyde Johnson, Anna Mae McIntosh, R. G. Looney and Andrew Johnson.

The Cottonwood Girls 4-H Club met in the home of Dorothy Thompson Monday morning at 9:30 a. m. Sixteen girls were present.

The agent gave a demonstration on Vegetables Coocery and Biscuit Making.

Ice cream was made A buffet lunch of the foods made, were served at noon.

Miss Brown then showed the girls the plain Italian hemstitching. The meeting adjourned to meet in the home of Evelyn Free and June 13 at 9:30 a. m. where Canning by Pressure Cooker and Water Bath Methods will be demonstrated.

The Atwell 4H Girls meet Monday at 1 pm in the home of Mrs. Linnie Brashear. Vegetable Cookery was demonstrated to the 4-H Girls.

The Zion Hill home demonstration club met Monday afternoon

at 3 pm with president Mrs. C. B. Kennedy presiding.

Home Demonstration Agent gave a demonstration on dressing center. She stressed good grooming and showed home made cosmetics, posture and ways to attract good grooming was stressed, then the dressing table and clothes closet were discussed. Pat terms of closet equipment were handed out.

Dresser scarfs and finishes were discussed and plain and Italian hemstitching were taught and Bermuda faggating before the meeting adjournment. The next meeting will be June 13 at the club house.

Mrs. T. J. Dockery Jim Barker and Mrs. M. B. Sprawls will visit 4-H demonstrators to select the ones that have done the best work and to elect the Gold Star Girl for 1940.

90 4-H Girls report that their goals are complete p to-date and they will display the completed goals at Rally Day the early part of June.

60 4-H Girls report that they have built a frame garden since January 1, 1939.

County home demonstration council will present each frame garden owners a 4-H button at

the Rally Day and each girl that has completed the goals up to date an official National 4-H pin.

Grace I. Neely, Specialist in Food Preservation visited in the county Tuesday morning. A conference was held with the agent then the following homes were visited to observe the new ventilated cellars: Mrs. B. F. McCaw Midway displayed a ventilated pantry, a bran new rock ventilated cellar, and a strawberry bed in frame garden; Mrs. W. E. McCollum exhibited a new rock ventilated cellar and Mrs. Clyde Johnson cellar that she built 2 years ago was visited her frame garden was observed.

Each of these ladies like the 2 way ventilated cellar better than the old type. When there is a vent in the lowest part of the cellar and one in the highest part of the cellar, there is a better circulation of air thus giving one a fresh smelling cellar a cooler cellar and a dryer cellar.

Mrs. Andrew Johnson of the Opalin club has a new rock double ventilation cellar. She likes hers exceptionally well and says that she is going to put a foot of dirt over the cement top to make her cellar cooler and to prevent it

from sweating. Mrs. Johnson has built in slatted shelves to store her canned food on and says that she knows the slats will permit the air to circulate around her containers thus giving her a better quality food.

Anyone desiring a blue print on this type of cellar make your request to County H. D. Agent

AROUND TOWN

With Otto B. Grate

Ho-hummm, school's out, and the hurry and flurry of graduation is over, and you and I dearie, can settle own to the drabness of summer. What with the thermometer soaring around empty degrees, lolling in the shade ain't such a bad idea, is it? Well, heat or no heat, shade on sun, the old town bus makes its regular run every Friday and were hoping you'll take out a season's ticket.

It's professional pride, but have you seen the deer scene in Mr. Edwards' cafe? It's the work of Bernice Robinson and yours truly and we're right proud of it. Mr. Edwards, by the way, is one of the most congenial of good fellows and dropping in at the cafe is a real pleasure.

Best crack of the week comes from Ralph Short who, when asked if he had been taking in the skating rink, answered, "I'd like to, but I can't grow hide quick enough." Short's not the only sprout to lose epidermis on the rink's floor.

Most inviting place these days the good old Bayou. The swimming down there is better than ever there this year.

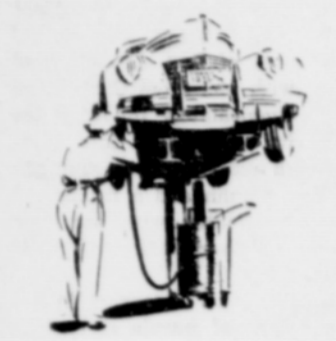

This department is the proud possessor of two baby chicks presented to it by the Star Hatchery. They were promptly christened John and Paul.

Oh, for a talent scout last Sunday in the theatre. Yeah, the shadow-pictures made on the screen by two of the local youngsters were really that snazzy.

The vacation bug has already swung into action, Mr. and Mrs. R. F. Jones returned from a trip to Mexico City last week, and Eliska Gilliland, accompanied by Mrs. Robert Estes and daughters, Pat and Dorit and Loraine Henry took off for Balmorhea and Van Horn Monday.

It's Quadruplets at the Elliott residence and Mit's mighty proud of his four bird dog pups too.

Spotlight of the week goes to Mr. Spike Blakley, one of the friendliest good neighbors in town. Mr. Blakley is one of those genuine people who is just what he seems to be and that's reason enough why so many people call him friend.

Maybe your car doesn't squeak NOW!

BUT IT WILL, one of these days, if it's not properly lubricated. And the squeak, as the doctors say, is a symptom, not the disease... which, in the case of an automobile, is the wear of friction... which results in inefficient, frequently unsafe operation of your car and sometimes heavy repair bills... An ounce of prevention, you'll agree, is well worth the pound of cure, so it's a good idea to have your car lubricated — properly lubricated, that is—at regular intervals. Your automobile manufacturer agrees with us in that statement, as a look at his instruction book shows... You will find the prescription for your possible lubrication ailments in the experience of literally thousands of fellow motorists throughout the state: at the end of every 1000 miles of driving, on an average, take your car to the nearest Humble Service Station and have it lubricated according to the Humble chart... Every Humble Service Station is fully equipped with modern tools to do the work and completely stocked with the necessary lubricants, and station men have been carefully trained... Chances are, your car needs Humble charted lubrication tomorrow — today — or get it done.

FOOD As You Like It

When you eat here you have a wide choice of delicious, expertly prepared and served dishes... you enjoy good food and good service at a price easy on the purse.

Terraces Alone Do More Good on Farm and Ranch Than \$28,000,000 Marshall Ford Dam

WITHOUT expenditure of tax money and through the voluntary work of farmers, ranchmen, and county agents, over 50,000 linear miles of terraces — twice the distance around the world — were built in this West Texas region last year. They alone impounded 554,000 acre-feet of water, the same amount as that held by Marshall Ford Dam which will cost the taxpayers \$28,000,000.

Terraces, along with a balanced program of contouring, strip-cropping, and earthen dams, stored moisture in the soil for crops, at the same time aiding flood control. Altogether they impounded over 1,000,000 acre-feet of water... all without tax expense.

Inasmuch as Marshall Ford and similar dams earned the reputation for being a "flood menace" during the same period, a lesson thereby is offered that the only effective curb on devastating floods must begin at the point where the rains fall.

Believing that industrial and agricultural development go hand-in-hand, this company has lent its efforts to promotion of soil and water conservation and the successful culmination of the 1938 soil and water utilization contest. Anything that benefits agriculture in the communities we serve also is beneficial to every other type of business and industry. It is our hope that the land may be passed on to the next generation in actually better condition than it is in this.

SEIBERLING TIRES

KING & IRWIN
BAIRD, TEXAS

Callahan County Agent News

NOTE—Mr. Brison's article was unintentionally left out last-week Editor.
The Dairy Day held last Monday was attended by some 85 people who heard the talk on "Trench Silos" by E. R. Eudaley, Extension Dairy man of A and M College and saw the 21 head of dairy cattle classified. Four cows reared between 80 and 85 points of being perfect and were awarded red ribbons. These cows were exhibited by: Sam Baines of Baird; Felix Mitchell, Dane Robinson 4-H club boys of Iona; and Earl C. Hayes of Clyde. Cows shown by Ed Lambert, Joe Alexander, and Alex Shockley of Baird scored 75 to 80 points out of a hundred and were awarded white ribbons; and cow shown by Joe Glover, and Hugh Ross of Baird scored 70 to 75 points and were awarded pink ribbons.

Ed Alexander of Baird showed a very good young cow that was awarded a red ribbon. Chas. D. Straley of Oplin showed a red ribbon heifer, over a year old and under 2. Red ribbons for heifers under 1 year old were awarded to the following: Lester Farmer of Eula; Joe Alexander and Earl C. Hayes. White ribbons were awarded to heifers shown by Lester Farmer, Sam Bains, Ed Lambert. Joe Alexander's Guernsey bull was awarded a red ribbon with the remark that he was nearly good enough for a blue. Blue ribbons were awarded samples of butter, milk, and cream exhibited by Mrs. W. A. Young of Enterprise. A blue and red ribbon was awarded to Mrs. Ed Alexander for samples of cream and butter exhibited.

Those present judged a class of four dairy cows and seven persons judged the class correctly. J. M. Simmons, G. P. Burklou, Amos Cargal, Clyde C. King, Ira Z Stroud, Chas. D. Straley, and Mrs. Chas. D. Straley, placed a class of cows correctly. In the draw for the water pail given by Boydston's Hardware Co. and the rope Halter donate by Bow-lus Hardware Store, Amos Cargal and Clyde King won out and were awarded the prizes.

Those present voted unanimously to hold another show in 1940 and their actions showed that such a show was very educational, interesting and worthwhile. The cooperation of those exhibiting animals and products is appreciated by the cooperating

agencies that put the show on namely: the Extension Service workers Ross Brison and Clara Clara Brown, The F. S. A. Workers, J. S. McKnight and Mrs. Ella McBride and Vocational Agriculture Teacher Everett Jones, and the Callahan County Club. Assisting in clearing off the grounds were youths from the N. Y. A.
In meetings held at Putnam, Baird, Cross Plains and Oplin, last Monday May 15 the following men were elected County Advisory Soil Conservation Committeemen: Everett Williams, A. E. Yueng, Nick Brighthwell, and Chas. D. Straley. These men, no doubt, will have a large part in the administration of the Texas Soil and Water Conservation Bill recently enacted into law by the State Legislature

TO CONTROL COCCIDIOSIS
The disease that causes the death of more young chickens at about 4 to 8 months of age, feed 1 pound of flowered sulfur to 20 pounds of mash. This is a very good preventive and this coupled with sanitary drinking fountains, feeders and huse floor will give better results than by the use of sulfur alone. The sulfur can be bought at local drug stores.

Tuesdays, Thursdays and Saturdays grasshopper poison mixings will be open at Baird and Putnam. Farmers are asked to cooperate by calling for poison bran mash on those days. Syrup is available at both plants. The poison will be distributed on the same basis as it was in 1938 when 120,000 pounds were distributed that resulted in an estimated saving to crops of the county of \$100,000.00.
Delbert Mae Sawyer Club Boys from Bayou has an excellent calf from Fred Cutbirth's herd of white face cattle and feed Other boys from the same club, under the leadership of Blan Odom, that plan to have calves on feed shortly are Leonard Swofford, Bill Rose, and Clivis McDonald S E Edwards Jr of Denton plans to feed a calf from Morris Edward's herd

EULA H. D. CLUB
(Gertie Harris, Reporter)
The Eula H. D. Club met at the home of Mrs. R. G. Edwards May 17 with ten members and Miss Brown present.
The meeting as called to order by the president. Two club songs were sung, then the minutes of the last meeting were read by the secretary.

Mrs. Edwards gave the Council Report and Mrs. Clyde Johnson gave a report on the District Meeting which met at Brady May 12.
The meeting was turned over to Miss Brown and she gave a very interesting talk on the value of proper foods and milk in our daily diet. As the canning season is just beginning Miss Brown emphasized the importance of having our cookers tested before using.

The Dressing Center was discussed by Miss Brown and a home-made table, which could be used in place of a dresser was shown and the material in the table only cost 72 cents. A shoe rack and hat stand pattern which are very useful, yet inexpensive was given to each member.
The Encampment at Lake Cisco on July 20-21 was discussed by club members and all expressed the opinion that it would be a very enjoyable outing. Eula club hope to be one hundred percent.
The club voted to meet at the school auditorium during the summer and to meet at 3 p. m.
The following were present: Mmes. E. L. Gann, Fred Farmer N. H. Stephenson, Clifford Tarrant, Miss Brown, Mrs. Cecil Harris, Mrs. R. G. Edwards and

May 18 in the school building Business meeting conducted by Mrs. Andrew Johnson, president; Mrs. W. E. Reid acted as Recreational Leader. A report of the District Meeting in Brady was given by delegates, Mrs. Annie Slough and Mrs. R. G. Looney.
In the program given by Miss Clara Brown, home demonstration agent, on The Dressing Center special emphasis was stressed on grooming, and the necessary equipment needed; some of which Miss Brown had on display in Gertie Harris.

OPLIN SAVE A STEP CLUB
(Mrs. Herber Johnson, Reporter)
The Oplin Save A Step Club met the club room, one being a dressing table that could be made at home at a very small cost, also it is very attractive. The utilization of drawer space was shown. The single Italian Hemstitching was taught to each member by Miss Brown.
Members present were: Mmes. Andrew Johnson, R. G. Looney, Annie Slough, C. M. Morse W. E. Reid, L. L. McBane, W. E. Johnson, Clyde Floyd, Wallace Johnson, Herbert Johnson and Miss Clotel Harris; and Mrs. P. C. Brooks, a new member.

HEAVENS, THERE'S DINNER TO THINK OF, LIZA! I WISH WE DIDN'T HAVE TO COOK AT HOUSE CLEANING TIME!

DON'T YOU WORRY, MISS JO! WE'LL JUST PUT A ROAST IN THE OVEN WITH POTATOES, CARROTS AND CAULIFLOWER ALL TOGETHER, AND HAVE SOME PINEAPPLE AND COOKIES.

WE CAN FINISH CLEANING TODAY!

THAT'S WONDERFUL! I'LL GET EVERYTHING DONE!

Summertime BRINGS UP THE

QUESTION OF Kitchen Comfort!

Cooler is the 1939 Gas Range because of heavy oven insulation which keeps heat in the oven out of your kitchen. Accurate oven heat control, too, eliminates the need of oven watching as well as overheating. It is Cooler because the oven need not be used for broiling, as many of the new models have separate, smokeless broilers using less heat. And the 1939 Gas Range is cooler because most top burner cooking can now be done on the new low-heat simmer burners, which keep foods boiling with minimum use of heat, thus eliminating most steam and vapors. Think what these features mean in Kitchen Comfort.

PLAN NOW FOR Kitchen Comfort

Don't go through another summer in an uncomfortable kitchen. Trade your old range for a cool-cooking 1939 gas range. Your meals then will be easier prepared in a cooler kitchen and at less cost!

NO OTHER LOW-PRICED CAR CAN MATCH IT!

★ Before you decide on any new car, learn for yourself why this year's Ford owners are looking so pleased and so proud! . . .

They stop with the **BIGGEST HYDRAULIC BRAKES** ever put on a low-priced car! 12-inch drums, 162 square inches total braking surface.

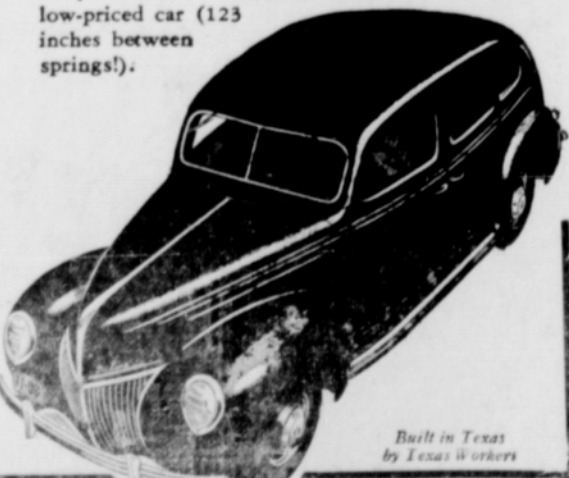

They ride on the **ONLY STABILIZED CHASSIS** among all low-priced cars. Only one with Torque-tube drive and 4 radius rods!

They get the smooth, quiet power of the **ONLY V-8 ENGINES** in any low-priced car.

They're driving the car that gave the **BEST GAS MILEAGE** of all leading low-priced cars in this year's Gilmore-Yosemite Economy Run! (85 H. P. Ford V-8.)

They enjoy the **MOST ADVANCED STYLING** in this year's low-price field.

They ride on the **LONGEST RIDEBASE** of any low-priced car (123 inches between springs!).
