

All Around The Town

By Mary Ann Sarchet

Once again I'd like to thank all those who have helped us since I had my hip replacement, especially Lataine and Beverly, and all those who sent cards, flowers, goodies and food, and those who called or came to see me in the hospitals and since I've been home. Special thanks to Faye and J. L. for all their support and to J. L. for sitting with Charlie while I was in surgery. I don't think we could have made it without all of you and our grandchildren who stayed with me at Lubbock when Charlie had to go home to work. All of you mean the world to me!

Brandon and Jordan Sarchet played for Team Tahoka in the Southwest Regional Recreational Tennis Tournament in Dallas over the weekend. Each won his singles matches all the way to the championship game with Dallas Sunday afternoon. Jordan won his final game and Brandon lost his final game. They stayed with Jonann and Randy Sandvig at Rowlett.

*

Jonnie Weaver called to tell me about the fly-in of hummingbirds at her house last week. She said the hummers filled one of her trees shortly before dusk and left early the next morning.

She also saw and took pictures of a large blue butterfly a few days before.

Jerry Patton says he is seeing a lot of hummingbirds at his feeder.

*

Janice Kirchoffner had the misfortune of breaking her leg just above the break she already was working to rehabilitate while she and Mr. K. were in Weatherford, Oklahoma to visit their daughter, Sara. Mrs. K. was taken to Oklahoma City and has undergone surgery for replacement of her hip, knee and most of her leg. She will have been transferred to rehab for two weeks by the time you read this.

*

LaRue Garvin recently had knee surgery and is home and doing well.

*

Sybil Thomas was able to leave the hospital last week and go to the home of her daughter, Norline, at Plainview. Her son, Donald Lynn, also lives in Plainview.

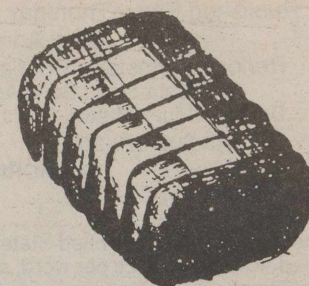

*

Tyler Hargrave of Tulia and Ty Boggman of Silverton were winners of the Open Roping held here Thursday night of last week. Winners of drawings included Colynn Harrison, quilt; Wayne Nance, saddle; Laura Farris, boots; Kim Gleghorn, \$150 gift certificate; Mark Patton, rifle; Charles Sarchet and Sheridan Reagan, cow pattie.

DO NOT BEAR A GRUDGE

*Trust
in the Lord*

When someone says or does something that upsets us, it is normal to have feelings of resentment toward them; however, many times a person may not even be aware that they have offended us. Being affected by another person's actions or remarks can develop into a grudge that may be harmful to us spiritually, as well as mentally and physically. The longer we dwell upon another person's actions that bother us, the stronger a grudge can become. After a period of time, one may not even remember why they have ill feelings toward someone else.

The Bible tells us not to bear a grudge against anyone so that we will not commit a sin because of them. Jesus gave us a perfect example of dispelling grudges when He was dying on the cross; He forgave those who were crucifying Him.

Do not bear a grudge against anyone, but settle your differences with him, so that you will not commit a sin because of him.

each charge stemming from the June 30 shooting of Joe House, 41, of Amarillo outside the home of Linda Baird in Silverton, McPherson said.

Patino was charged with attempted murder because he apparently shot at Baird, who was not hit by any bullets.

Patino had been arrested just blocks from Baird's home moments after the early morning shooting on a charge of unlawfully carrying a weapon. House died enroute to a Plainview hospital, and Hale County Justice of the Peace Kay Phillips ordered an autopsy.

Phillips said she had the autopsy results but refused to release them, pending the outcome of the investigation.

**2002 PROPERTY TAX RATES
IN THE
CITY OF SILVERTON**

This notice concerns 2002 property tax rates for the City of Silverton. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's "Effective" Tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's "Rollback" rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:

| | | |
|-----------------------------|----|--------------|
| Last year's operating taxes | \$ | 64,843 |
| Last year's debt taxes | \$ | -0- |
| Last year's total taxes | \$ | 64,843 |
| Last year's tax base | \$ | 14,248,095 |
| Last year's total tax rate | \$ | 0.4551/\$100 |

THIS YEAR'S EFFECTIVE TAX RATE:

| | | |
|--|-----------|---------------------|
| Last year's adjusted taxes (after subtracting taxes on lost property) | \$ | 64,843 |
| / This year's adjusted tax base (after subtracting value of new property) | \$ | 13,524,711 |
| ⊞ This year's effective tax rate | \$ | 0.4794/\$100 |
| x 1.03-maximum rate unless unit publishes notices and holds hearing | \$ | 0.4938/\$100 |

THIS YEAR'S ROLLBACK RATE:

| | | |
|--|-----------|---------------------|
| Last year's adjusted operating taxes (after subtracting taxes on lost property) | \$ | 64,843 |
| / This year's adjusted tax base | \$ | 13,524,711 |
| ⊞ This year's effective operating rate | \$ | 0.4794/\$100 |
| x 1.08 = This year's maximum operating rate | \$ | 0.5177/\$100 |
| + This year's debt rate | \$ | -0- /\$100 |
| ⊞ This year's rollback rate | \$ | 0.5177/\$100 |

STATEMENT OF INCREASE/DECREASE

If the City of Silverton adopts a 2002 tax rate equal to the effective tax rate of \$0.4794 per \$100 of value, taxes would increase compared to 2001 taxes by \$0.024.

In Loving Memory

On Sunday, July 28, 2002, we lost our beloved Jerry. Jerry was a loving, caring woman who touched many lives. She was the type of woman that puts others before herself and never did she ask for anything in return. To those who knew Jerry, she was a loving wife, mother, daughter, sister, aunt, cousin and very loyal friend. To most of us she was Mimi, a mother to all.

Jerry was respected by many doctors and nurses with whom she worked. Jerry's courage and strength during her illness re-

flected her work. She was a Registered Nurse, one of the best you could find. Jerry worked at John Peter Smith Hospital in Fort Worth after receiving her RN degree. She ran the emergency room to the best of her ability and very capable was she. JPS is no ordinary hospital; it is located in one of the roughest neighborhoods and requires metal detectors to ensure the safety of the staff and patients. Jerry was put in many jeopardizing situations with all the convicts, drug abusers, mentally ill, transients, and dangerous individuals she was assigned to treat. A very coura-

geous woman, but also a respectful woman was she. Jerry treated all her patients with kindness and caring, disregarding their faults, ensuring efficient care to their needs. As well as being a charge nurse, Jerry was a sexual assault nurse examiner (S.A.N.E.). This is a very stressful and tedious occupation. But Jerry was very intelligent and capable of performing her duties as a S.A.N.E. nurse.

Before her cancer left her virtually homebound, Jerry's last occupation was at Northwest Texas Hospital in Amarillo, in the fast tracks department. Jerry was

Hanna Boedeker Among Texas FFA Members Awarded Scholarships

Hannah Boedeker

When 70 Texas FFA members received a helping hand with their dreams of higher education through Houston Livestock Show and Rodeo scholarships, Hannah M. Boedeker of Quitaque was among the outstanding recipients. The Valley FFA Chapter member plans to study agriculture development at Texas A&M University. Hannah's parents are Terry

area. Approximately 60 percent of the crop already is off the stalk in the Coastal Bend area, however, the precipitation could discolor fiber in remaining open bolls. Farmers have just begun picking cotton in the Upper Coastal Bend, and the inclement weather will interrupt outside activities and could adversely affect the quality of the crop.

Cotton Market weekly

A Service Provided by Plains Cotton Cooperative Association

General inactivity in the market, coupled with the anticipation surrounding USDA's upcoming August 12 release of its U. S. and world supply / demand reports, resulted in a largely uneventful week of activity on the New York Cotton Exchange.

"Everyone is waiting for the August crop report next week, and hopefully we get a number that will keep us busy for a while," an analyst said. "There really is nothing for the market to react to at the moment."

The department's report will be the first date of the season to be based on actual field surveys. Private analysts' estimates for the U. S. crop range between 17.75 million and 18.3 million bales compared to the 17.5 million bales projected in July by USDA.

"As the U. S. crop gets better and better, everyone continues to ratchet up their estimate of the crop," one market observer said. "Surely, whatever USDA shows in its upcoming report will be considered to be on the low side when we read it," he quipped.

The cotton market closed moderately lower Thursday after the release of USDA's weekly export sales report. According to the department, in the week ended August 1, major U. S. export purchases from Columbia, Taiwan,

Japan, Turkey and Indonesia were more than offset by decreases for Mexico, Italy, Canada, Ireland and El Salvador that were switched to 2003-04. Thus, net export reductions for the 2002-03 marketing year of 16,600 bales were the result.

Outstanding sales of 1,164,300 bales on July 31, the end of the 2001-02 marketing year, were carried over to 2002-03, and sales for delivery in the 2003-04 marketing year totaled 76,000 bales. In addition, final shipments of 137,100 bales, considerably more than the 6,008,800 bales of U. S. cotton exported the previous year.

"Export sales usually are slow in front of the August supply / demand report," one analyst said. "Some buyers hold off to see what the report does to the market and many buyers' offices are closed for summer holidays. Shipments were strong this week, and old-crop shipments reached 11.09 million bales which should result in USDA reducing old-crop carryout by about 100,000 bales in its August 12 report," he added.

On the spot cotton scene, Texas, Oklahoma and Kansas producers sold 675 bales online in the week ended July 8 compared with the previous week's total of 300 bales. The average price received by

Silverton School Homecoming Program Held Saturday Afternoon

by Tom Burson

Silverton School Homecoming program was held Saturday, August 10, 2002, at 2:30 p.m. in the school auditorium.

Mrs. Sheryl Weaver, school principal, presided as master of ceremonies. To begin the program, Mrs. Weaver invited Wayne Nance from the graduating class of 1965 to give the invocation, followed by the presentation of flags by Andrew Francis, Class of 2002, and Max Comer, representing Silverton Boy Scout Troop 262. A beautiful solo rendition of The Battle Hymn of the Republic was sung by Sara Craiker, Silverton sophomore student, during the flag presentation. Andrew Francis led the Pledge of Allegiance to the Flag.

Mrs. Weaver welcomed everyone and followed with presentation of the 2002 Homecoming Queen, Mrs. Jackie Mercer.

Musical entertainment was provided by Jimmy Burson, Class of 1967. Jimmy was accompanied by Mrs. Lucy Dean Record of Lockney.

Nick Long, Class of 1971, now residing in Floydada, was guest speaker. Everyone enjoyed Nick's inspirational talk as he remembered past experiences in Silverton Schools and his appreciation for everyone in Silverton involved in his upbringing.

Mrs. Weaver recognized those who had traveled the farthest, the winner being Milton Clemmer, Class of 1946, from Napa, California. The eldest graduate present was Mrs. Lallie Haynes Patton, life-long resident of Silverton from the Class of 1932.

Memorials of deceased alumni, since Homecoming 2000, were read by Mrs. Weaver, with mention of the year they were graduated.

The "local" alumni were tied up in knots eagerly awaiting the announcement of the 2004 Homecoming Committee. The lucky winners drawn from the "hat" are Roy Garrison Reed, Juannah Nance Jennings, Jane Self and Lane Garvin.

The program concluded with the singing of the alma mater led by Jimmy Burson and the SHS Cheerleaders, Bryn Mayfield, Lori Griffin, Jenny Young, Kassie Strange, Sara Craiker and Danielle Ramirez.

Refreshments followed the program in the school cafeteria. Iced tea, coffee, homemade cakes and cookies were served.

The 2002 Homecoming Committee thanks Clay Strange for designing and printing the programs; Sheryl Weaver, Sara Craiker, Jimmy Burson, Lucy Dean Record, Nick Long, Andrew Francis, Max Comer, the Cheerleaders and Mike Mercer for their parts on the program. Also thank you to Venita McGavock for providing decora-

tions, to Clifton and Joy Stodghill for diligently keeping the memorial list, to Dorothy Bomar for research, to Colleen Reed for photography and to our spouses for staying with us and for all their help. An extra special thank-you to Sheryl Weaver who did a remarkable job in Superintendent Frank Kirchoffner's absence, who was with Mrs. Kirchoffner following her accident. We pray for her full and speedy recovery. And last, but not least, to our school administration and employees for the beautiful upkeep of our school property; we are extremely thankful.

Jackie Mercer is Presented as The 2002 Homecoming Queen

by Tom Burson

Chosen for the 2002 Silverton School Homecoming Queen was Mrs. Jackie Mercer. The bi-annual program was held Saturday, August 10, at 2:30 p.m. in the high school auditorium.

Taken by surprise, Mrs. Mercer reminisced for a moment on the joys she experienced while teaching school here. She was escorted to the stage by her son, Mike Mercer, of Lubbock and presented flowers by Mrs. Sheryl Weaver, principal of Silverton Schools. She was given a *Grace For the Moment* daily devotional book by the Homecoming Committee.

Mrs. Mercer was born in Stephens County, Texas, to Jack and Lily Kitchens Wafford and reared in Frederick, Oklahoma. She was graduated from Silverton High School with the Class of 1939. She received a masters degree from West Texas State University.

She was married to the late Fred Mercer. Their children are Junis Hutsell, Mike Mercer and the late

Jackie Mercer

Ann Wingo.

Mrs. Mercer has been and still is very involved in any project for the "Betterment of Silverton."

She was a long-time member of the March of Time Study Club. She now devotes much of her time to the Briscoe County Library. Mrs. Mercer is a member of the Episcopal Church where she is choir director.

West Nile Virus Advances West

Provided by Brandon McGinty
County Extension Agent-Ag
Texas Cooperative Extension

A horse in Haskell County, about 50 miles north of Abilene, tested positive Wednesday, August 7, for the mosquito-borne disease West Nile Virus (WNV). This is the 21st horse to test positive for WNV in Texas, and is the westernmost detection of the virus in the state.

"Previously, WNV had been detected only as far west as Travis County," reported Dr. Joe Garrett of the Zoonosis Control Division of the Texas Department of Health. "The virus was confirmed in a dead blue jay submitted from southwest Austin on July 17"

He noted that infected birds have been found in seven counties: Colli, Dallas, Galveston, Harris, Montgomery, Tarrant and Travis.

Calling All Moms!

by Valerie Mullin

It's hard to believe it is already time for school to start again. It just seems like yesterday we were beginning summer. It is amazing how much one summer can change your kiddos.

Some will be beginning their very first year of school and some are beginning their last year in school. No matter where they are in their education they need our support and our prayers.

So, let's get this year off to a great start. We are inviting all moms to meet at the First Baptist Church for a time of prayer for our students, the faculty of our school, our school board and for us as parents. We all have responsibilities and I would sure like to have the Lord's guidance in this next year.

I hope you will join us to be a part of this special time together. There is nothing better we can do for our kids than to bathe them in prayer as we sent them off.

We will meet at the First Baptist Church fellowship hall at 8:30 a.m. on Monday, August 19. Please come and pray with us and find support with other moms. Kleenex will be provided. If you have any questions, please contact Valerie Mullin at 823-2007 or call the church at 823-2412. God Bless You.

infected mosquitoes have been detected in Dallas, Fort Bend, Harris, Orange and Jefferson counties.

"We credit the Texas Department of Health with confirming infection in the Haskell County horse. The private veterinary practitioner, suspecting that the animal might have rabies, submitted the brain to the TDH laboratory, where rabies testing is conducted. After ruling out that disease, health department laboratory technicians tested the tissue for west Nile Virus and confirmed infection," said Dr. Linda Logan, Texas' state veterinarian and executive director for the Texas Animal Health Commission (TAHC), the state's livestock health regulatory agency. She said unless rabies is suspected, WNV testing for horses is usually conducted at the Texas Veterinary Medical Diagnostic Laboratory (TVMOL) at College Station. WNV testing for humans, birds and mosquitoes are conducted by the Texas Department of Health.

"We're continuing to urge owners to have their horses, donkeys, mules and other equids vaccinated against this form of 'sleeping sickness' which continues to spread westward," said Dr. Logan. "To gain protection against the virus, however, equids need to injections of WNV vaccine administered at least three to six weeks apart. The animal will not develop full immunity for about four to six weeks after the second injection." Dr. Logan advised owners to further protect horses with insect repellents.
