Richard Howell (left), a member of Silverton Volunteer Fire Department, is shown receiving a \$150.00 check from Germania Companies in appreciation of the services the department rendered by responding to a fire call July 18, 2004, involving the insured property of Perry Howell at Lake Mackenzie. Volunteer fire departments have been a tremendous help in keeping fire losses to a minimum, not only for policy holders of the Germania Companies, but for all people in the State of Texas. The VFD's services not only help keep fire insurance rates as low as possible, but because of their efforts, many lives are saved together with a tremendous amount of valuable property.

What does MY face say?

The well-known preacher, Charles Spurgeon, was admonishing a class of Divinity students on the importance of making facial expressions harmonize with the speech when delivering sermons. "When you speak of Heaven," he said, "let your face light up and be irradiated with a Heavenly gleam. Let your eyes shine with reflected glory. And when you speak of Hell . . . well, then your everyday face will do."

Some Christians give the impression they were baptized in vinegar.

The Kids-in-Christ Bible Club got off with a bang and continues on a praiseworthy path of food, fun and fellowship for all children ages four through fifth grade, every Monday after school from 3:00 until 4:30 p.m. at the First Baptist Church. Pheasant Management Workshop To Be Held in Floydada

It's no secret that pheasant hunting is big business on the Texas High Plains, but managing the birds sometimes seems as if it is. Texas Cooperative Extension has scheduled a Pheasant Management Workshop to update producers on management findings relating to the elusive game bird.

The meeting will begin at 6:00 p.m. Tuesday, Oct. 26, at the Floyd County Extension Office in Floydada.

Ken Cearley, Extension wildlife specialist in Extension's North Region, is coordinating the events. He said game hunting-related dollars are rolling in at an all-time high and revenues from pheasant venues are no exception.

"Pheasants have long been a hunting mainstay across much of this area," Cearley said. "But keeping the birds at a huntable level year in and year out has been a trick few have been able to consistently master. Our aim for this meeting is to give producers answers to their areas' specific pheasant-related questions.

"We have made a real effort to acquire speakers who can put a local twist to management questions. If you're a pheasant enthusiast, it will pay you to attend the meeting. I can assure you it will be time well-spent."

Thanks to Connie for the sweet music Sis loved.

Thanks to Myers-Long for your kindness and compassion.

We would like to take this opportunity to "thank Silverton" for always being home to us and being there for our families in all of our losses.

Continued From Page One

Kristi Wadlow is the daughter of Lynn and Connie Smith, and is the granddaughter of Glenn and Winnie Smith, all of Silverton. She is married to Chris Wadlow who is employed by Silverton Oil Company. They have one daughter, Harley, who is currently enrolled in Silverton ISD. Kristi is a licensed cosmetologist who chooses to be a stay-at-home mom. She says she wants to thank everyone responsible for making the class a success and that she is excited to be a part of Silverton Volunteer Ambulance Service.

Victoria Tiffin is married to Jeff Tiffin. They have four children, James, Brittany, Heather and Matthew. They moved to Silverton in 2000. Jeff and Vicky own the Handy Man. Vicky says, "When I heard there was a need for extra EMTs I thought about how close this town is and that this is a way I could help." She loves living in Silverton and wants to thank everyone for the support shown to the class during all the training it took to become an EMT. Vicky says she hopes to be able to serve for a long time.

Rhonda Smith is the daughter of Russell and Pay Byard who reside in Lubbock. Russell is a retired Methodist minister. Rhonda grew up moving to many different small Texas towns, so living in Silverton is like coming home. She has lived in Silverton for two years and has taught school here for six years. In her spare time, she and her husband, Gene, love to ride motorcycles to rallies where they share Jesus with others. They have three children, the youngest being Koree, who is in the second grade.

Fay Perkins is the daughter of Maggie Sweek and the late R. E. Sweek. She is currently employed as manager of Allsup's in Silverton. She has three children, Faye Lynn, Roy Don and Tonya, five grandchildren and two great-grandchildren.

Fay originally became an EMT years ago but let her certification expire. Fay was very excited and eager to reclaim her EMT certification when she learned of the EMT class which was held in February.

Jeff Smith has been an EMT for three years but has recently made the decision to become a volunteer for the Silverton EMS. Jeff is the son of Lynn and Connie Smith and is the grandson of Glenn and Winnie Smith, all of Silverton. Jeff is married to Sonya and they have two sons, Derrick and Gavin, who both attend Silverton ISD. Jeff is employed by the Texas Department of Transportation and has lived in Silverton his entire life.

Jeannine West is the daughter of Roxanna Cardenas who resides in Amarillo. She moved to Silverton in April of 1994. She is married to Brad West and they have one son, J. T., who is in fifth grade in Silverton ISD. Jeannine is employed by the Briscoe County Sheriff's Department. She is happy to be a part of the EMS family.

Ruby Norris Lee is the daughter of Mart and Loveta Norris and is the youngest of nine children. She was reared right here in Silverton. She graduated from SHS in 1968. She attends the Methodist Church. She is married to Kenneth Lee, who is a professional driver for Interstate Distributors. She has a son, Ken, and a daughter, Brandi. Ken's wife is Noel, and they have two children, Cheyanne and Kade. They reside in Amarillo. Brandi lives right here in our town!

She works as a para-professional at Silverton ISD. This year, her duties include being an aide in kindergarten, the cafeteria cashier, and an aide in the CEI reading lab. She is proud to be a part of such a great school system.

Most of you already know me, but let me introduce myself as one of our newest (and proudest) EMS personnel as an EMT-B with the Silverton Ambulance Service. It was not easy, but we had excellent

The Junior High Owls remain undefeated. The Owls will be traveling to Hedley this afternoon (Thursday) for 5:00 p.m. kickoff.

Calorie Counting Made Easier

(NAPSA)-If you're like most people, you know managing calories and portion sizes is important for balanced eating but you often don't have the time to keep track of everything you eat throughout the day.

Joy Bauer, M.S., R.D., nutrition expert and author of the "90/10 Weight Loss Plan" has some simple tips to help people keep those calories in check.

- Keep a Food Diary-Jot down the foods you eat throughout the day to note your eating habits. Eventually you'll get into a routine and be able to keep track easily.

- Exercise-It's easier than you think to burn 100 calories. It can be as simple as walking your dog around the neighborhood or gardening.

- Read Nutrition Labels-This helps to identify proper portions and calculate calories and nutrient content accordingly. Once you begin portioning out foods properly, you'll be able to do it simply by visual cues.

- Don't forget your "fun foods" -It's okay to eat the foods you enjoy most, but be mindful of how much you're eating on each occasion. Pre-portioned snacks are a great way to keep count of calories and enjoy your favorite snacks in moderation.

Beau Brock

Brock Represents Silverton FFA Well With His Steer

Silverton FFA was well represented by Beau Brock as he exhibited his steers at the State Fair of Texas in Dallas and the South Plains Fair in Lubbock.

Beau's heavyweight cross steer placed first in his class at the State Fair.

At the South Plains Fair, Beau exhibited a second-place mediumweight non-black and also a third-place heavyweight black cross steer.

The events were very competitive at the two fairs this year and Beau's hard work paid off. His FFA Chapter is very proud of his efforts and ability to show his steers.

Nabisco(r) is introducing new 100 Calorie Packs which are pre-portioned, new varieties of some of Nabisco's most popular, great tasting brands. Depending on variety, each package of Oreo(r) Thin Crisps, Chips Ahoy!(r) Thin Crisps, Wheat Thins(r) Minis, Kraft(r) Cheese Nips(r) Thin Crisps, and Nabisco Mixed Berry Fruit Snacks contain 100 calories, 0-3 grams of total fat and meet the U.S. Food & Drug Administration's (FDA) per-serving standard for zero grams trans fat.

"Keeping track of calories can be challenging, especially for busy people who could use a little help managing what they eat. Pre-portioned snacks like 100 Calorie Packs help you understand and track how many calories you are consuming while still enjoying great tasting favorites from brands you know and trust," notes Bauer.

You can find 100 Calorie Packs in the cookie and cracker aisle of your supermarket. For more information visit www.100CaloriePacks.com.

New snack packages containing just 100 calories can be a great "grab and go" solution for people who want to snack yet stay on track with sensible eating.
