By Dave Thompson

55 MPH

A MATTER OF CONSCIENCE
A trip to Lubbock over the Labor Day holiday weekend brought about the subject of this week's SHOOTIN STRAIGHT, as the time spent traveling allowed some very interesting observations.

There have been many columns and articles written on the 55 mile per hour speed limit ever since the law was placed into effect several years back. If you were able to read even a small portion of all the different material printed on the law, you would probably come away with a very confused mind. There seems to be two separate and distinct thoughts on the law: one is that it works to slow motorists down and thereby reduce the number of serious injury and fatal accidents that occur on our nation's highways. The second thought would be that it does not work in slowing traffic down and should be raised back to the older 70 mph limits.

No matter which of the above theories you personally tend to follow, it should be kept in mind that the 55 mile limit is a LAW and while it remains on the books it should be treated and respected as such. It is just as much a law as any other traffic regulation, but very few motorists seem to keep that in mind. If motorists ignored the other traffic laws as much as they seem to ignore the speed limits, well - you can just imagine what would happen. Just suppose for a moment that all those that choose to travel at speeds much higher than 55 would also choose to run all red lights and stop signs. Things would tend to get a little messy, wouldn't they?

On Sunday's return trip from Lubbock in the middle of a three day holiday weekend, I deliberately set the cruise control on my car exactly on 55 miles per hour. Keeping in mind that any cruise control will vary slightly as the car goes up and down hills, every effort was made to keep the speed right on the 55 mark. The roadway was busy as lots of motorists seemed to be traveling for the holiday.

The trip took a total of two and one half hours to travel from Lubbock to Knox City. The most amazing part about the drive was the fact that by traveling at 55, I did not pass a single car! In fact, it was just the opposite as my car was passed by every vehicle headed in the same direction.

Round-Up
Sunday Set
At O'Brien

O'Brien Baptist Church will have "Round Up Sunday" September 11. The Larry Sinclair family from Fort Worth will sing and give testimonies for both morning and night services. There will be a dinner for everyone at 12:15. The Sinclair family is in fulltime singing evangelism, traveling in a motor home with the three children doing their school work on the road. This family has recently been to Munday Baptist Church, Stamford Area Crusade, and many other churches in the Big Country.

The O'Brien Church Sunday School teachers have set an attendance goal of 100 for this special day. The Church Training workers hope to have 50 in attendance before the evening service. Morning services are at 11:00 a.m. and night services are at 7:00 p.m. Bro. Bill Trice, pastor, invites everyone to the services and to the dinner. A nursery will be provided.

Cypert Becomes Partner
In Counts Insurance Agency

Former Knox City resident Lyndol Cypert has returned to his hometown to become a partner in the firm of Counts Insurance Agency, effective September 1, owner David Counts has announced.

A Knox City graduate, Lyndol received business training at Draughon's Business College in Wichita Falls. He was employed as business manager for Lankford Motors in Knox City before assuming the duties as business manager for the Knox County Hospital, where he later was named hospital administrator. After five

years with the local hospital, Lyndol served as assistant administrator at Wichita General Hospital in Wichita Falls for two years. He joined Group Hospital Services, Inc. in Dallas and worked in the field for 12 years as liaison between the hospitals and Blue Cross and Blue Shield of Texas. As service representative, he gained expertise in public relations.

Lyndol and his wife, the former Jere Moore of Munday, and their sons, Lance 16 and Tim 14, lived in Corpus Christi for five years and in San Antonio for the past

seven. "As families grow, priorities change and we wanted to return and become involved again in a small community," Lyndol explained. Lance is a junior student and Tim is a freshman in Knox City High School.

Lyndol's primary area of responsibility in the firm will be in insurance. However, when the workload demands, David will be available to assist when needed, he said.

The office staff, consisting of Susie Ray, Elva Gonzales, and Ann Tankersley, will remain the same, as will the manner in which all business matters are handled, the partners said.

Lyndol said that he is really looking forward to living and working here again and that he is anxious to renew acquaintances as well as make new ones. He invites everyone to come by Counts Insurance for a visit.

The Cyperts, who are members of First Baptist Church, have purchased the former Don Sanders residence west of the Knox City Country Club.

Lyndol is the son of Mr. and Mrs. J.T. Cypert and the grandson of J.C. Goodson.

Knox City welcomes the family 'back home'.

Film Set
Sunday At
Foursquare

"God's Prison Gang," a newly released film featuring Al Capone's getaway driver, the last member of Bonnie and Clyde's gang and two other notorious criminals who have become Christians will be shown at the Foursquare Gospel Church, at 221 East Main in Knox City, on Sunday, September 11. The showing is scheduled to begin at 6:30 p.m.

The film, shot behind the walls of New York's Attica prison, is hosted by Art Linkletter. It tells the story of how the work of International Prison Ministry is accomplishing what more guards, higher prison walls and greater financial expenditures have failed to do-keep released inmates from returning to lives of crime.

Telling their stories in the 44-minute film are George Meyer, Al Capone's favorite driver; Floyd Hamilton, (Public Enemy No. 1) the last of the Bonnie and Clyde Gang; Jerry Graham, the "robber king" of California; and Ted Jefferson, convicted of crimes from drugs and robbery to murder.

Also featured is "Chaplain Ray," whose Dallas-based International Prison Ministry has changed the lives of thousands of inmates over the past 18 years.

The Reverend Dave Stone, pastor of the Foursquare Church, said he hopes all citizens concerned about the problem of rising crime will attend the free screening of the film.

Family
Football
Success

In Kerens, Texas, a high school quarterback will be working hard to give his father a football season to remember. In a unique family football tradition, Kerens High School Junior Quarterback Russell Anderson will once again assume the offensive reins for the Bobcat team that is coached by his father, Jerry Don Anderson.

No stranger to Knox City and Benjamin area residents, Coach Anderson is a former resident of Knox City and a former Greyhound football player himself. A brother to Jan Carver of Benjamin, Jerry Don Anderson is Head Football Coach at Kerens, a class AA school that has been rated #6 this season by AP Sports.

Playing football for his father has been a success story for young Russell Anderson. As a sophomore quarterback last season, he connected on 87 of 157 tosses for 1,647 yards while guiding his teammates to a 9-3 record for the year. As an added honor, Russell was selected as Honorable Mention, Class AA All State Quarterback.

Justifiably proud of both her brother and nephew, Jan Carver took to the road this past weekend to attend the season opener for the Kerens football team and cheer her "family" team on to victory.

Another printing increase, along with two postage increases, made the increase in subscriptions necessary.

The Knox County News will increase its subscription rates effective Monday, October 3.

Hounds Do Good!

By DAVID COUNTS

The 1983 Knox City Greyhounds proved you do not have to win to be a winner Friday night when they lost to the Albany Lions, 19-14.

Several times during the game, the Hounds could have folded their tent and given up. Not only did they not give up, but they almost pulled off the upset. Albany is a top rated team in Class AA with the Hounds rated high in Class A.

The Lions were big and experienced. The Hounds were young, inexperienced and small in comparison.

As the game progressed the young Hounds started playing more as a team. The first half left some to be desired. After the halftime, adjustments were made and the Hounds took the game to the Lions.

The Lions put together a drive of 67 yards in the final quarter after falling behind for the first time 14-13 to regain the lead and take the win in the season opener.

James Schkade, an all state candidate, got 49 yards on a key play in Albany's final scoring drive. After Knox City's kickoff with a 14-13 lead, Schkade took a handoff on first down from the Lion 33, busted past the line of scrimmage, broke several tackles and rambled to the Greyhound 18 before Wayne Hutchinson's tackle saved a TD.

It wasn't easy from there, however. It took Albany eight plays to move the final 18 yards. Albany got a first down on a QB sneak from the nine on fourth down, then Schkade got the TD on fourth

down from the one-yard line despite the efforts of Mark Walaski.

Knox City threatened to go back on top on the next series, driving from its own 39 to the Albany 23 with 1:24 to play. Hutchinson appeared to have another first down to the Lion 15, but the Hounds were called back to the 30.

From there on fourth down, Hutchinson threw incomplete to running back Otis Lockhart on a screen play which earlier produced a touchdown.

Lockhart, a 170-pound speedster who transferred to Knox City from Rule, ran for 110 yards to lead the Greyhounds, and he caught two passes for 41 yards and both touchdowns from quarterback Hutchinson.

Lockhart's second scoring catch came on fourth down from the Lion 35 with 9:44 to play in the game. Hutchinson's left-footed PAT kick gave Knox City its 14-13 margin.

The teams played to a 7-7 tie in the first half as Albany gave up four turnovers in the second quarter after dominating the first quarter. The Lions scored on their first possession, going 76 yards in eight plays getting the six points on a one-yard QB sneak. Schkade kicked the extra point.

Knox City took the ball to the Albany nine on its first series, all on the ground, but Hutchinson stumbled and fell on a fourth-down rollout to end the threat. Albany led 8-3 in first downs and 112-43 in

yards in the first period.

But the Lions lost two fumbles and an interception, and Knox City recovered a kickoff in the second quarter after its TD to keep the Greyhounds in the game.

Knox City's first TD came with 6:33 to play until intermission after David Thompson's fumble recovery gave the Greyhounds the ball at the Lion 48. The touchdown came on a fourth-down play from the six.

Despite pressure, Hutchinson zipped a pass between two defenders to Lockhart in the right edge of the endzone. Then Hutchinson tied the game at 7-7 with a PAT kick.

Albany drove inside the Knox City 10 with about two minutes to play in the first half, but Jerry Gutierrez recovered a fumble to stop the Lions.

Others turning in key defensive plays included Knox City's Joe Paul Flores, Hutchinson and Lockhart.

Hutchinson, converted to quarterback after playing wide receiver and defensive back last year, ran for 49 yards and threw for 64 yards for Knox City. Providing the blocking up front for the Greyhounds were center James Ewatt, guards Chris Whitaker and Kevin Eaton, and tackle Chad Whitley.

Everyone is reminded of the Hounds' next game, Friday night at Seymour. We hope that fans will make the trip to Seymour and support these Hounds and let them know we're all behind them!

CARD OF THANKS

City of Knox,
I'm so grateful to our police officers for having a curfew.
I'm one of the many parents that want our kids to grow up in a respectable town. I hope that every parent feels the same way I do. Be proud of the officers we have in this town. Our kids should feel the same. It's for their own good. At least, we have someone that cares what happens to our kids.
So many things happen at night that we parents are not aware of. How would our parents feel if a police officer was knocking at your door. Your kid had a wreck or your kid was hurt bad or took an overdose and we parents are asleep not knowing where our kids are.
So we should be thankful that our police officers are concerned for their safety. I'm so proud of our police officers in Knox City and Sheriff Gene Nix. They have done a wonderful job.

Signed
Joyce Nora Weatherall

Shootin Straight

(From Page One)

It was very clear that no one was paying much attention to the 55 mile per hour speed limit.

While making the trip across several Texas counties on US 83 and watching so many other motorists pass me by like I was sitting still, it seemed very obvious that they didn't seem to be worried too much about the possibility of meeting a highway patrolman. The Texas Department of Public Safety advertises very heavily that on holiday weekends, all available DPS Troopers will be out in force looking for speeders and other violators. While these press releases are geared towards slowing the public down, the simple truth of the matter is that in rural areas there are just not enough men or equipment to completely cover the area. Even with every available trooper and patrol car out, the chances of meeting one on the highway are sometimes slim because each highway patrolman has such a large area that he is responsible for. All of the troopers that I am personally acquainted with are very dedicated to their goal of keeping the highways safe, each works long hours in what is normally a thankless job. A trooper's job requires him to be working during the holidays in order to make them safer for you, the motoring public.

Motorists that travel extensively in rural areas know about the shortages of DPS Troopers and with this in mind, many choose to set their own speed limits and some are a very clear danger to others on the roadway.

While traveling at 55 miles an hour and watching the rest of the world go whizzing by, it becomes obvious that the answer to obeying the speed limit is simply a matter of one's own conscience. The laws have been on the books for some time now, and the highway patrolmen of the DPS try their best to enforce those laws; but the responsibility of obeying the law rests with each person who sits in the driver's seat.

Think about it the next time you are on the highway: if you don't think about your own safety and obey the law, why should anyone else? More SHOOTIN STRAIGHT next week.....

Funeral services for former Munday resident Irene C. Born November 13, 1895, in Throckmorton, she had lived in Amarillo since 1944. She moved to Amarillo from Munday and was a member of the Amarillo First Baptist Church.

Survivors include a daughter, Sue Howard of Bushland; a sister, Mrs. Moorhouse of Munday; nine grandchildren; and 18 great-grandchildren.

ENJOY VACATION

Mr. and Mrs. Joe E. Flores have returned home after vacationing in California. They were met at San Francisco Airport by Eva's brother and wife, Mr. and Mrs. Willie Martinez, who live in Rohnert Park, 50 miles north of San Francisco. They visited with them for about eight days.

While there, they toured Fisherman's Wharf, Fort Point National Historic Site and Chinatown. They enjoyed a boat ride down San Francisco Bay which took them by the Oakland Bay Bridge, also Alcatraz Island and they passed under the Golden Gate Bridge.

Willie is a security guard at the Federal Reserve Bank in San Francisco and he took Joe and Eva through the bank. They saw how money is brought in and stacked. They also saw how old money is shredded into pieces and later used to fertilize plants. It was very interesting to see, they reported.

Thursday morning, they left for Los Angeles to visit another brother, Dan Martinez and family. They were met by two more brothers, Bobby and Eddie, who live in

Riverside and Downy.

Friday morning, they took a trip to Disneyland where they spent a very enjoyable day and Saturday morning, they took a tour through Universal Studios. They saw how movies are made. Eva's brother, Willie, was asked to volunteer to play the part of a policeman in a movie, starring Frank Sinatra. They later got to see it on television.

Sunday, they left to return to San Francisco and stopped to see one more brother, Rudy Martinez and family, who lives in Merced and an aunt of Mrs. Flores', whom she had not seen in 13 years.

Mr. and Mrs. Flores reported that this is one vacation they will never forget. The weather was beautiful in San Francisco—about 56 at night and 75 in the day; however, Los Angeles was hot. Mr. and Mrs. Flores left San Francisco Thursday morning and were met at Dallas/Fort Worth airport by their daughter, Irene, and Mona Hedgecock, who returned them back to "good old Knox City".

IN LUBBOCK

Mr. and Mrs. Buddy Angle and Mr. and Mrs. Dave Thompson were in Lubbock over the weekend visiting with Gwen and Clay Hewitt. Gwen, Stacy and Clay sang Sunday afternoon at Buffalo Springs Lake for the Jerry Lewis Beach Barbecue benefit.

You.

In the past, your electric bill was "just another item" in your family budget, but that is not true anymore. However, as a consumer of electricity, YOU can make a difference. How you use electricity is an individual matter—it is in your hands—and in your pocketbook.

At West Texas Utilities we are working to provide dependable service at reasonable rates. Unfortunately, the costs of producing and supplying electricity have soared. WTU has had no choice but to raise its rates to pay for the high cost of fuel to generate electricity.

We know you are concerned about your electric bill, and we suggest a few things that

can help you save money and energy.

Make it a family project to learn more about conservation. Keep your thermostat set at 78 degrees or higher in the summer and 68 degrees or lower in the winter. Operate your washing machine, dryer and dishwasher only with full loads. Turn off the television and lights when you leave a room. And check around your house to find other energy-saving measures that can mean dollar savings on your electric bill.

WTU is working to ensure an adequate supply of electrical power for YOU and all of our customers, while trying to assure the most value for your energy dollars now and in the future.

"Greater love hath no man than this, that man lay down his life for his friends." (John 15:13).

Jesus gave us the supreme gift of love—His life. He paid a terrible price for the gift of life. He so freely offers to you and me. He willingly gave His own life blood on the cross: Christ...once suffered for our sins, the just for the unjust, that He might bring us to God. (1 Peter 3:18).

Apart from Christ, we could labor all our lives and never enjoy the fullness of life. The Bible says that we are by nature sinners separated from the life of God and that "the wages of sin is death" (Rom. 6:23). Without Christ as Savior, we must face God's judgment alone: "He that believeth on the Son hath everlasting life; and he that believeth not the Son shall not see life; but the wrath of God abideth on him." (John 3:36).

The good news is that Christ has already taken the judgment that we deserve and He now offers us God's pardon. Because of Him, "the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23b). Let the Holy Spirit fill each day with this, greatest of all gifts that Jesus gave to all whosoever will receive as He gave Himself on the cross.

**GTE Ask
For Hunter's
Cooperation**

With the dove season here again, General Telephone is reminding hunters not to shoot in the direction of telephone lines and poles, according to W.C. Wells, general manager Mid-Texas Division in Brownwood.

The warning and reasons given are timely and should be considered by every hunter.

A shot may disrupt telephone service and endanger many people who depend on their telephones during an emergency. Damaged communications lines often do more than disrupt weekend plans, it was pointed out.

The lines may be carrying emergency messages which guide planes, serve radar tracking stations or connect several missile sites.

**Homemakers To
