

Windham Jury Deadlocked; Dismissed At Noon Thursday

The jury was dismissed about noon Thursday after having failed to reach a verdict in the Ernest Windham trial, which began Monday.

Mr. Windham, Baird rancher, was charged with murder in connection with the shooting of his brother, John Windham on Feb. 16, at the John Windham ranch, 7 miles north of Clyde. John Windham was killed as he sat in his pick-up by one shot from a .32 calibre automatic pistol.

A special venire of 200 men was called by Judge J. R. Black and the following jury was selected: Mark Childers, Cross Plains; F. E. Markwood, Rt. 1, Clyde; J. P. McCord, Cross Plains; J. A. Gordan, Rt. 2, Clyde; E. K. Coppinger, Cross Plains; C. G. Hutchins, Rt. 4, Cisco; F. T. Buchanan, Rt. 2, Moran; Burette Ramsey, Rt. 2, Moran; L. W. Alvey, Rt. 1, Cisco; E. R. Battle, Rt. 4, Cisco; C. D. Wirt, Putnam; C. R. Myrick, Cottonwood.

SWEET 'N SOUR

By A. DILL

This is April and the mesquite trees are leafed out. The mesquites, you know, are wise old pioneers of these parts and aren't supposed to put on foliage until all danger of freezes is past. All we can say to that one is that we hope they know what they are doing and that spring really is here.

Red bud trees in the Curtis Sutphen yard think it's spring too and they make a lovely sight. For graceful lines and color it is hard to beat the Red Bud.

Lots of birthdays to remember this week. Johnny Bowlius and Scotty Mitchell had March birthdays and so did my dear friend Ruthie Strickland. Tiny Patricia Kay Munson, daughter of Mr. and Mrs. Joseph Munson celebrated a first birthday this week and had a birthday dinner Sunday with her grandmother and grandfather, Josephine and Louis Munson. Tommy Barton had a birthday and a party which included a Saturday picture show for the guests. Before it's Star time next week Judy Morgan will have had a birthday on the sixth of April and to Judy and all the other folks having birthdays we wish them many many more happy ones.

We had the nicest visitor last week—Gary Gardner of Galveston, Texas. Gary is the young son of Mildred Ann King Gardner and we were ever and ever so happy when Mildred Ann and her grandmother, Mrs. Gloster King brought young Gary by for a visit. They're proud as punch that that youngster and they have every right to be too, for with his buttercup curls and soft blue eyes he's beautiful.

And here is a young man which daughter Linda is very much interested in "Jerry Mahoney" of Television programs which Bairdites see over KRBC each Sunday. If we are to have peace in our family I must tell you that it's a wonderful show and that you'll just love Jerry if you tune him in. Linda thinks he may grow up to look like Dub Bowlius or Crusader Rabbit and in this eight year old's books that will be tops.

Do you want to see a beautiful sight? Something worth your time to go and see? Then drop around to the John Bowlius home and ask to see John's prize pet, a Hopa Crab Apple tree. This is the most perfectly exquisite thing you've ever seen. The limbs are covered with clusters of blooms ranging from palest pink to deep rose and it looks like some painting from an Easter card or a page from fairy story book.

We've been hearing some wonderful reports from High School concerning Miss Grimes who was moved there a few weeks ago to fill a math vacancy. They say she is doing a wonderful job and you know that's a big compliment to a teacher's efficiency that she can leave a position in the primary department and take on a subject like High School mathematics and do an A-1 job of it. In fact, they tell us that it would be hard to find a better math teacher anywhere, in anybody's school.

Memorial Fund Continues To Grow

Mrs. Katherine Hinds, chairman of the War Memorial Fund Drive, reported that donations are still coming in for purchase of the stone memorial to be erected on the Courthouse lawn in Baird.

Mrs. Hinds is also asking that chairmen of other communities please turn in their receipts as soon as possible.

Mrs. Lee White and Carl of Putnam were Sunday visitors of Mr. and Mrs. Harry Varner.

Testimony began Tuesday morning and continued until 3:30 Wednesday afternoon. The case was turned over to the jury at 6:30 p.m. Wednesday.

Dallas Scarborough and his son, Davis, of Abilene, were employed by the John Windham family, to assist District Attorney Wiley Caffey and County Attorney Felix Mitchell in the prosecution.

Del Barber and his brother, Perry, lawyers of Colorado City, were retained to defend the accused man.

Much interest was shown in the trial with the courtroom packed at each session. Standing room was at a premium Wednesday and both doors to the hall and District Clerk's room were left open so that those who could not get into the courtroom would be able to hear.

Lt. Gerald Dallas Completes Training

Second Lieutenant Gerald C. Dallas, son of Mr. and Mrs. A. R. Dallas, has just recently completed the primary flight and academic course of instruction at Spence Air Base, Moultrie, Georgia.

Lt. Dallas entered the service as a commissioned reserve officer in the U. S. Air Force of Aviation Cadets. Having graduated from Texas Tech on May 25, 1953, he entered the service in August, reporting to Lackland Air Base in San Antonio for processing. He received his appointment to report to Spence Air Base in September 1953.

Upon completion of the five months primary flying school at Spence Air Base, Lt. Dallas has been assigned for further training in flying multi-engine planes at Reese Air Base, Lubbock.

Posse Barbecue Set For April 23

Continuing a custom that began four or five years ago, Callahan County Sheriff's Posse will again hold its Pre-Rodeo Barbecue for Posse members, their families and friends.

This free barbecue is given annually by the Posse to help advertise the Rodeo on April 29-30, May 1, and to get friends and neighbors together for a fine feed and visitation.

Cool weather last year kept the attendance below normal and there was large pans of barbecue, beans, etc., left. So President Ev Hughes is inviting everyone to the big free barbecue on Friday, April 23, at the Rodeo grounds.

John Ben Sheppard Graduation Speaker

John Ben Sheppard, Texas Attorney General, will speak at the Hardin - Simmons University commencement exercises, Dr. Evan Allard Reiff, H-SU president, has announced.

The commencement exercises will be held May 31 in the first Baptist Church at 10 a.m.

At 38 years of age, Sheppard is one of the youngest members of the Texas executive family. A native of Gladewater, he is past president of the United States Junior Chamber of Commerce and served two years as Secretary of State before being elected to his present office.

Recently elected Southern Regional Conference Chairman of the National Association of Attorneys General, Sheppard is also a member of the Association's executive committee.

Baird Spanish Club Tours San Antonio

The Spanish Club of Baird High School toured the Alamo City last weekend. Mrs. Archie Nichols, the Spanish teacher, Mrs. W. B. Jones, Mr. Jack Flores and Spanish students reported a very enjoyable trip.

The group left Baird at 4:30 a.m. Saturday morning and reached San Antonio about 9:40 a.m.

After checking into the Grande Court they went to Brackenridge Park and ate lunch, after which they toured the famous zoo there.

That afternoon they visited the Sunken Gardens, the Alamo and Texas' largest department store, Joske's.

The group ate a Mexican dinner at Fred's Place, a small restaurant near Brackenridge Park, visited Playland, and walked through the downtown district.

Sunday morning saw them at the Mission San Jose and the Buckhorn Saloon.

They started home at noon and reached Baird about 8:00 p.m. after a little trouble with the bus near Santa Anna.

Joe Pierce Seeks County Judge Office

To The People Of Callahan County:

After very serious consideration I have decided to offer myself as a candidate for Judge of Callahan County.

I realize that the job is a big one and feel that I am qualified for the duties of this office.

I was born and reared in Callahan County and am familiar with the needs of the people. If I am elected I promise that I will honestly serve you to the best of my ability.

I feel that most all of you know my qualifications and character, as I have served as your Sheriff for the past few years.

I would like to take this opportunity to thank everyone who has supported me in the past and sincerely hope that I will have your vote and influence in the coming election.

Sincerely,
Joe Pierce

Freshmen Girls Finish Home Nursing Course

Mrs. L. L. Blackburn, health chairman of the Callahan County Chapter of the National Red Cross, presented certificates to the Freshman girls of Baird High School, who had completed the Home Nursing and Civilian Defense Course.

After receiving the awards the girls were invited into the dining room for refreshments. The white linen covered table was centered with a Red Cross Nurse doll standing on a fifteen inch red cross. White tapers in silver holders completed the centerpiece. Other appointments of the table were of silver and crystal.

Mothers of the class members were special guests for the occasion.

Toby Barton, Alzena Clampitt, Kay Dennis, Joyce Goodloe, Jerry Jones, Annie Presley, Dorothy Schaffrina and Jackie Stanley received certificates.

Mrs. E. L. Cheif, Mrs. Ernest Clampitt, Mrs. Garvin Jones and Mrs. Earl Ellis were guests.

First Rodeo Tour On April 17

Callahan County Sheriff's Posse directors, in a recent meeting, decided to again divide the Rodeo tours as they did last year with the first tour planned for Saturday, April 17, and the final tour on Saturday, April 24.

According to the directors, more people are willing to go on this type of tour than will go on consecutive days. This plan was inaugurated last year and proved highly successful.

The schedule of tours will be announced at a later date.

Wildcats Staked In County

Deeper of two wildcats staked in Callahan County will be the Callahan Rotary Co. and E. C. Mahoney No. 1 J. P. Smith, eight miles northwest of Cross Plains.

Drill site is 3,034 feet from the east and 330 feet from the south lines of David Thomas Survey 801. Proposed depth is 1,999 feet with rotary.

Another wildcat is the Onyx Oil Co. of Abilene No. 1 A. E. Dyer, five and a half miles north of Baird.

Spotted for 1,400 feet with cable, it spots 200 feet from the south and east lines of the northeast quarter of Section 13, ETRR Survey.

Woodson Producing Co. and Western Petroleum Co. of Abilene have completed two new producers in the Scott Cross Plains Sand Field nine miles northwest of Cross Plains.

No. 4 Mrs. Naomi Lydia Heyser, William Brock Survey 211, flowed 127 barrels of 40.5 gravity oil in 24 hours. Flow was through 3/4-inch choke with packer on casing and 175 pounds on tubing from 6-per-foot perforations at 1,831-45 feet. Casing was set at 1,850 and total depth was 1,855. Gas-oil ratio was 250-1.

No. 5 Heyser, in the same survey, flowed for a daily potential of 168 barrels of 40.5 gravity oil, through 3/4-inch choke with packer on casing and 200 pounds on tubing. Flow was from 24 perforations at 1,825-33 feet. Casing was set on bottom at 1,851 feet.

Completed as a producer in the War-Kirk Cross Plains Sand Field was the Woodson Producing Co.-Bryant and Brown No. 3 L. L. Montgomery, seven and a half miles west of Cross Plains in Thomas H. Brown Survey 215.

Daily potential was 92 barrels of 42.2 gravity oil, through 3/4-inch choke with packer on casing and 125 pounds on tubing. Flow was from 24 perforations at 1,759-65 feet. Pay section was treated with 250 gallons of acid. Casing was set at 1,788 feet, one foot off bottom. Gas-oil ratio was 150-1.

The special W.M.U. program Monday, March 29, 7:45 p.m. was indeed inspirational. Mrs. J. B. Crutchfield, Breckenridge, guest speaker, brought one of the best messages that has ever been our privilege to hear. A tea followed the program.

Mrs. W. T. Colwell Buried At Stanton

Mrs. W. T. Colwell, 81, Stanton resident since 1906, died about 6 a.m. Monday in Hendrick Memorial Hospital, following an illness of several weeks.

She was born Ada Thrasher in Granbury on Nov. 26, 1872, and was married to W. T. Colwell in Decatur on May 13, 1896.

The couple lived in Oklahoma where Mr. Colwell ranched until 1906 when they moved to Stanton.

Since the death of Mr. Colwell on June 10, 1952, Mrs. Colwell had been making her home with a daughter, Mrs. E. J. Thomas, near Clyde.

Funeral was held at 2 p.m. Tuesday in the Stanton First Methodist Church with Rev. J. B. McReynolds, retired Methodist minister, and Rev. Hugh H. Hunt, pastor, officiating.

Burial was in Stanton Cemetery under the direction of Kiker-Warren Funeral Home of Abilene.

Survivors include Mrs. Thomas; four grandchildren and several nieces and nephews.

Week-Long Fiesta In San Antonio

April in San Antonio, "city of sunshine" means Fiesta and this year's week-long celebration, April 19-24, promises the same magic attractions as in years past.

The annual pilgrimage to the Alamo followed by the glittering Fiesta river pageant, a rare water parade, will start the activities Monday.

Tuesday's highlight will be a presentation of the "Sleeping Beauty" ballet and the remainder of the week will be devoted to parades, balls, water ski shows, band festivals, coronations and street dances.

April also sees the opening of San Antonio's baseball season with the San Antonio Missions and Dallas furnishing the first bout April 8-10.

Little theater presentations, sports, artists' exhibits and a gigantic home show complete the entertainment calendar prepared by the San Antonio Chamber of Commerce Publicity Department.

Changeover To Dial Telephones Made In Clyde At Midnight

"Number please" - the telephone operator's pleasant greeting - became a thing of the past during the weekend.

Workmen began placing dial telephones in patron's homes and the changeover was made for many of the telephones by midnight Sunday, without interruption of service.

Operator service is to be retained at Clyde for long distance and information calls and to assist in any emergency.

Clyde Telephone Exchange owners, H. N. Odom, and his son and wife, Tommy and Anna Belle Odom, said the expansion program, which includes the new dial system has cost an estimated \$150,000. The improvement program was made possible through sale of preferred stock in the company to Clyde townspeople.

The Odoms purchased the Clyde Exchange December 20, 1952 from the Bearden family of Baird.

When purchased the exchange was serving 109 patrons. In little over a year the new owners have constructed a new brick building, improved telephone lines and started service to 268 patrons, with many more on the waiting list, and all will be served as quickly as possible. An estimated 350 telephones will be installed by the time the construction is completed.

The exchange serves a 136-square-mile area, extending southwest to near Eula, south of Clyde to the W. B. Barton ranch; north to the John Windham ranch; east half-way to Baird and west to the Leon Kendrick home.

Plant employees are Miss Nora Klepper, chief operator and bookkeeper; Mrs. M. C. Bowden,

Miss Klepper has served as telephone operator, manager and bookkeeper in the Clyde Exchange for 34 years, beginning her career on June 1, 1920. Being the only day time operator and office manager for many years. She has stayed at the switch board through several emergencies, including two tornadoes, one on June 10, 1938, and the other on April 28, 1950 when she worked many hours without sleep or rest to serve the patrons of the company and the hundreds of friends she has made during her nearly 34 years of service.

The staff of employees in the plant gives efficient service twenty-four hours a day.

Oplin Observations

By Mrs. Daphne Floyd
Odds and Ends Opportunity Offered in Open Order

Despite a heavy sandstorm which filled the air and also a bad looking cloud, a fair size crowd turned out last Wednesday night, March 24, to attend the community get-together at the Community Center. Mrs. Adair from Abilene was the guest speaker for the evening. Mrs. Adair and her husband, who teaches at H-SU, had done several years of mission work in North Africa. Mrs. Adair gave a most interesting discussion describing the country, customs, occupations, beliefs, etc. concerning North Africa. This was concluded by showing pictures which were taken while they were doing their mission work. The entire program was enjoyed by everyone. The hostesses for the evening were Mmes. Glover, Lucien Pierce, Clint McIntyre, A. L. McGinnis, Marvin Rutland. A nice refreshment plate was served to everyone present.

who along with his mother, Mrs. Loyd McWhorter of Ft. Worth, visited his grandparents, Mr. and Mrs. A. D. McWhorter and Mr. and Mrs. Claud Morse and Lurline. ACC Drama & Music Departments in Opera

"Aida," grand Italian opera by Giuseppe Verdi, will be presented April 22-24 in Sewell Auditorium as the spring major production of the Abilene Christian College drama and music departments.

Richard C. Palm, director of the opera and instructor of music, terms "Aida" as the largest production in ACC's history. Considered Verdi's very best opera, "Aida" will require six stage sets for the seven scenes of the production.

Singing the two lead roles of Aida and Radames will be Jean Locker, Brady senior, and Tommy Carter, junior from Nashville, Tennessee.

Amneris will be sung by DeLois Wilson, Houston sophomore, and Ken Kennamer, Wall senior, will be Amonasro. James Stark, freshman from St. Louis, Mo., will be Ramfis, while Bob Donaldson, Rule junior, is to sing the role of the king. The Messenger will be Billy Lyon, Friendswood freshman.

Kenneth Helderbrand, junior from McAlester, Okla., will be the assistant director of the orchestra and the 40-voice chorus. Miss Gaylan Collier, assistant professor of speech, will be dramatic director, and Tom Crouch, Texarkana senior, is publicity director.

"Aida" will have to be presented on a much larger scale than last year's "Madame Butterfly," Palm said. Lewis Fulks, technical director for "Aida" and instructor of speech, "will come through on the sets and put it on in a grandiose scale."

Fulks says one of the greatest problems in making the massive sets is the great height of the scenery. The action takes place in a variety of settings, including the hall of the king, temple of the Vulcan, Amneris' apartment, the city gate, shore of the Nile and the dungeon under the temple of the Vulcan.

Questions and Answers

Q—I notice that you keep advising veterans to check all contacts before purchasing a home under the GI loan program. Does that include a deposit agreement, too, or do you mean just the GI loan contract itself?

A—That means every contract or agreement you are requested to sign as a part of the deal. If you are in doubt about any agreement or contract, see your lawyer first before you sign.

Q—I am a disabled World War Two veteran taking Public Law 16 training. After I finish my course, will VA find me a job?

A—No. Under the law, VA's responsibility has to end after it has trained you to the point of employability. However, your VA training officer will refer you to an appropriate State or Federal employment agency for assistance in finding a job.

Mr. and Mrs. J. E. Eastherly and children of Midland visited her parents, Mr. and Mrs. Lonnie Ray last weekend.

"now you can make your own washday weather"

Why fight the wind, dust and burning Texas sun?
BE MODERN—DRY CLOTHES Electrically

... save work no lifting—no carrying—no stretching—no bending
... save worry no weather worries—no fumes or flames—fewer parts
... save time less drying time—less ironing time—no sprinkling needed—dry clothes any time

Today, the average cost of a fifteen hour of electric service in West Texas homes costs 22¢ LESS than it did 10 years ago!

With an all electric clothes dryer you have carefree drying for every day of the year. Because it's all electric, only one connection is necessary to install it. Colors stay clear and bright—and clothes have that clean smell you love.

The Putnam News

Mrs. John D. Isenhower—Editors—Mrs. E. G. Perkins

Rain . . . Dust . . . Hail And Wind

Yes, we had all of these this past week, but not much rain, lots of dust and tornado like wind that did quite a bit of blowing out Mr. Grady Pruet's way. The wind damaged the barns and sheds in that area. The rain report was from a trace to an inch in different areas.

Mrs. Lowry was well pleased with the turn of the weather. Tuesday morning. She was glad the "almost dust storm" did not materialize.

School Election

Saturday, April 3, there will be a school trustee election at the Putnam High School Building.

Two local trustees, Mr. R. B. Taylor and Mr. Henry Bailey, and your county school board trustee, Mr. Fred Cook are up for re-election.

As interested citizens, you all know the outstanding record of these men. They are good board members.

If you are satisfied with their record, VOTE! Show them you appreciate their past work. Give them your vote of confidence, show them you approve, for with your vote you are saying, thank you. They have given their time and money, give them your vote.

If you are not satisfied, well, vote for someone else. EVERYONE VOTE.

Cook Visits Here

Colonel Eugene Cook visited with his mother, Mrs. John Cook, Saturday and Sunday. He was on his way to Tokyo, Japan. Colonel Cook is First in Command of the Intelligence Air Group.

He left for San Francisco, Sunday and will arrive in Tokyo on Thursday. He crosses the International Date Line on Wednesday therefore he will enjoy having two Wednesdays.

His wife, Frances, and twin daughters, Sally and Nancy of Arlington, Virginia, will join him the first of July or earlier.

Mrs. Cook and her son had much to talk about, that is in between meals. Mrs. Cook was kept quite busy cooking red beans and corn bread. This is not unusual, she says, considering he doesn't eat them unless he is home. So, if you notice Mrs. Cook walking around in a dream in which she appears to be on a cloud, you will know she is only thinking of Col. Cook's visit.

Junior Music Festival

Sixth District Texas Federation of Music Clubs held their spring festival at the First Methodist Church in Ranger Saturday, March 27, 1954.

Something over 200 students entered in piano, voice, accordion, essay and dance.

Those present were John Doyle, James, Carrol, Dan, David and Scout Master, Mr. P. L. Butler.

Union Usuals and Unusuals

Verda Ydrbrough

Hi everybody. My this pretty weather we are having makes one know spring is here, but no rain. Maybe the old saying, March Wind, April Showers, bring forth May flowers will hold true. We certainly have had the wind. Hope April will bring the showers.

Ollie told me a while ago that she thought it might rain as the hired hand went to church with them last night. It is kinda cloudy this morning any way.

Jim and I went to church Sunday morning. Sunday afternoon Jim went down to where they are drilling for an oil well on Mr. Robert McKinney's place. They are getting along pretty good. Maybe in two weeks or ten days they will know whether they get a well or dry hole. We hope it is an oil well.

I drove over to Moran a while late yesterday afternoon. Visited with Mr. Nelson Bailey a while. He is doing pretty well but is real lonely. He plans on visiting around some pretty soon.

We were very sorry to hear Mr. Charlie McCollum of Moran was so ill he is in an Albany hospital. He has been in declining health quite a while. He took seriously ill last Thursday. Mr. Charlie, we hope you soon get better.

I also visited Bertie Bowne a while Sunday afternoon. She looks real good and so sweet and cheerful and says she eats as much as a working man. Bertie, we were so happy to see you looking so good.

This community had a big shock happen last week. Well here it is. Bert Jones went and got married. He and Mrs. Gertrude Gunn of Tulla, Texas, I think that is where she lived, anyway they got married last Thursday. Now girls I been telling you he was an eligible bachelor, but not no more. All kidding aside congratulations to you and Gertrude and we wish for you a happy wedded life. Gertrude used to be our neighbor out here and we welcome her back again. Gertrude hope you will be our neighbor again. Bert next time you go to get married you better tell your ma and not surprise her so.

Mrs. Homer McDonald is quite ill in Eastland Hospital. We are sorry to hear this. Sure hope you soon get to come home.

Kana Burnam has been sick the past week but she says she feels better today. Mrs. Grady Pruet is also not feeling up to par. Hope both of you soon get off the puny list.

I visited with Willie McCollum last Tuesday. Jim went to the auction sale in Abilene. He sold a bull and bought a bull last week. Think he had to pay more than he got but anyway he still has a bull and look at all the fun he had going to the sales.

Bessie Herring tells me this morning that Mr. Tex isn't feeling up to par the past few days. Hurry and get ok Mr. Tex as you know we are going to have some real good fishin weather right away.

My goodness I got to stop and fix a bite of lunch. Seems like I don't get through with one meal till time to fix another one. Was reading in some paper the other day where one fellow thought it would be a good idea to eat four meals a day. Eat at nine, twelve, three and six. My, I don't want that, I can't ever think of what to fix for three meals, let alone four. This fellow's idea was it would help get rid of surplus commodities. Seems he wasn't thinking of us poor old cooks. Anyway hope it doesn't get to be fashionable to eat four times a day. I never would get to go any where, slow as I am. Feed the surplus to the hogs, maybe meat wouldn't be so high. Oh yes, that made me think, Mrs. McCollum told me the other day she and Clovis were back in the hog business. I told her by the time she got her hogs on the market, they would be down in price. Good luck to you, Mc.

Saturday, March 27, was Mrs. R. A. Parks birthday. She is in the nineties. Hope you had a nice day, Mrs. Park, in El Dorado, Arkansas.

Oh yes, Cheslie Pruet and wife of Eldorado, Arkansas are the proud parents of a new baby daughter born March 28, Ches.

I think girls are real nice and some day you will have two real nice son-in-laws like I do. Would have been nice had this little daughter had the 27th for her birthday, so she could share her birthday with her great-grandmother. Anyway congratulations to all.

Mrs. Mary Ramsey came home from Mrs. Dock Isenhower's where she has been most two weeks. Mrs. Mary is doing nicely. Will be another month till she will go back for a check up on her broken hip. She is hoping and so are we all that then the doctor will say she can begin walking some. She and Miss Eula said they had a nice visit and stay with the Isenhowers but both were glad to be back home again. (What you say I bet they miss TV.)

Jim and I were in Baird Saturday afternoon. My really were lots of people there. We saw so many old friends we had not seen in a long time. Saw Jim and Bell Allphin. Had not seen them in a long time. Jim said he didn't do anything much but fish. No not my Jim, Bell's Jim.

Miss Dorris Smith of Lamesa, visited Retha Burnam the past weekend. Miss Smith and Retha were roommates in college. Miss Smith attended church Sunday with Retha. Glad to have you in our midst Dorris.

The Mobley girls were over to see us the other night and my those girls are still hard at work. Now they are having their cellar re-worked, walling it with brick and will run a concrete bottom in it. Hope they get it fixed before we have a bad storm.

Speaking of storms last week we had a sandstorm, rain and hail all at once. It rained mud. Didn't rain much. Think the reason was the sand so thick couldn't run through. My the wind really blew. I meant to go

to the storm cellar but it caught me before I got there. All the houses out this way have a slight stucco job on them since the rain and sandstorm.

Time to bake a pan of corn bread to eat with those cabbage I put on to cook a while ago. So long, be seen you next week.

STUDENTS VISIT A&M

Ray and Hall Green and Mr. Perkins went to A&M last weekend with Mr. Green from Baird. Students were invited to visit the school. They attended a baseball game between A&M and Rice and also a football game of the A&M team. They reported a very enjoyable time.

Mrs. Hershel Wagley visited Mrs. Glen Burnam Monday.

Mrs. Mark Eastus came over from Abilene Monday to visit with her sister, Mrs. Henry Boatman and family.

Mr. and Mrs. W. A. Everett drove to Abilene Sunday afternoon.

A lot of people have been enjoying some good fishing lately. Mr. and Mrs. Culwell, Stan and Les Hurst went fishing at Brownwood this weekend and caught several fish.

Mr. and Mrs. Petty and children and Mrs. Fry drove to Coleman this weekend to visit with Mr. Petty's relatives.

The Baird Star, Baird, Callahan County, Texas, April 2, 1954

Mrs. John Cunningham returned home Saturday.

Mrs. Mary Ramsey returned to her home here this past week from her daughter's, Mrs. Lula Isenhower's home in Cisco.

Mrs. Jack Ramsey was elected as a representative from the Lone Star Club to attend a meeting of club members at Brownwood, Monday. She was to give a report on the club's work for the past year.

Mrs. Hershel Wagley enjoyed talking to her son, Ervon Brown, last Tuesday about 11:45. He called by long distance from San Francisco. He was sort of homesick and wanted to know how his brother, Billy and sister, Mary, was.

Mr. Louis Williams and daughter, Gayle, Mr. Douglas Fry and son Jammie Ray attended the wrestling matches in Ft. Worth, Monday night.

Ralph Mitchell and family was visiting here Saturday, but Ralph's fishing luck was so bad, he would not stay until Sunday. Seems he bought new rods and reels, also poles for all the children, and never caught a fish, while his son, Gary, had all the luck.

Mr. and Mrs. Reese were down from Dublin this week. They visited friends. Mr. Reese had a few jobs to do also. He will be returning soon.

Mr. Thorne went to Paint Rock this weekend.

Mr. and Mrs. Arterburn closed their Cafe Saturday evening and drove to Sedwick to see Mr. Arterburn's sister, Mrs. Urie Hammons and family.

To buy a suit of clothes made from the synthetic materials now available, a man needs to be a chemist and a research expert—that is, if he wants to know exactly what he is getting.

The Bureau of Standards has some amazing information on these materials. Rayon is practically pure cellulose, the woody matter in trees or wood pulp. Acetate is a chemical combination of cellulose and acetic acid, which is wood pulp and vinegar. Nylon is composed of carbon, hydrogen, oxygen and nitrogen, which is to say that it is coal, air, and water. Orlon is derived from coal, air, water, petroleum, and limestone. The elements in dacron necessary to its production are coal, petroleum, air, and water. The basic material of vicara is zein, obtained through distillation of corn.

All these materials have their special claim to strength, resistance to abrasions, resiliency, and elasticity. Some especially claim resistance to water and wrinkles, and dry rapidly. The manufacture and sale of the new cloth is becoming a big business, and with the exception of petroleum, use no raw materials which come from our area. It should remind us that the cotton and wool industries need to find ways and means of competing with these new fabrics.

The House of Representatives has passed the Federal Highway Aid Bill, and Texas is in a more favorable position than it has ever been before. A few years ago, emphasis was almost entirely on the arterial highways across the country. These main highways are, of course, necessary and could become essential to national defense, but the increased aid for secondary farm-to-market roads benefits the people who foot the bills. It is a sign of progress and is certainly necessary for modern-day living. Having been raised in the country, I know what it means to get out of the mud. (The trouble right now, however, is that there is not enough mud.)

TEXAS BLUEBONNETS FOR PHOTOFANS

THE TEXAS BLUEBONNET PHOTO FIESTA will be held at Marlin, Texas, on Saturday and Sunday, April 10-11. This is the fifteenth annual event and has been the attraction for photofans of the Southwest who take part in the field trips to the vast areas of Texas' official flower—the bluebonnet! The visiting photographers record the beauty of the bluebonnets and other wild flowers at the peak of the blossoming season and pretty models like Donna Williamson add charm to the picturesque scenes.

I hope I am safe in predicting that the bill for Statehood for Hawaii and Alaska will not be brought up in this session of the Congress. The Senate attached a rider to include Alaska along with Hawaii, and appearances at the time indicate that it will not be pressed for action.

Harry Bridges, head of the longshoremen's union, has a tremendous hold in Hawaii. It is pointed out that if Hawaii should be admitted, Harry Bridges would likely control two Senators. Others contend that Congress should not admit any other State that is not within the bounds of the United States, without submitting the question to the States for ratification. These two factors seem pretty good reasons for not favorably passing on this legislation. I think it is pretty well established that there are a good many Communists in Hawaii, which appears to be another good reason.

No one need be reminded of the general hubbub growing out of some of the present investigations. Actually, there is tragedy in the chaos, confusion, and agitation because we are engaging in an internal bickering that is not helping us to achieve the goal to which all true Americans should be dedicated. The tragedy lies not in the fact that one individual may be proved right or wrong. Internal bickering and strife, like wars between nations, solve few problems. It creates them. Political, economic, and other problems are usually solved by a cool, calculated, and reasonable approach, tempered with considered discussions or debate, without fanfare, trumpeting, name-calling, and vilification.

Time Limits Extended On Round Trip Fares

A liberalization of time limits on round trip bus tickets was announced today by J. S. Judd, General Traffic Manager for Southwestern Greyhound Lines, Inc.

The standard time limit for using the return portion of a round trip ticket has been increased from six months to one year from the date of sale. This new time limit will become effective May 1, 1954.

This extension in the length of time return bus tickets are good has been offered to answer the requirements of such travelers as students and teachers. They can now use the going portion of their ticket in September and the return portion the following June or July, ten months later.

We had 115 present for Bible School last Sunday morning and a larger crowd for Worship Service. The work is still going forward. We extend to everyone an invitation to come and meet with us.

The new class, that of instruction in singing, was well attended last Sunday evening. This class is for the young people and is taught by Bro. Gilmer Hughes. The time is set at 6:30.

Bro. and Sister J. L. Ault are having a party for their classes Friday night, April 2, in their home. All the boys and girls of these two groups are invited to be present and bring their friends.

Too Many Vitamins Is Serious

"Hypervitaminosis is a long word meaning too many vitamins," says Dr. Geo. W. Cox, State Health Officer. The diseased condition probably was derived from the tendency of some persons to think that if a little bit does good a lot will do better. This is not the case in taking vitamins or medicines whether prescribed by a physician or taken on one's own initiative.

Millions of dollars are spent yearly in synthetic vitamin preparations by persons who mistakenly believe they will counteract careless eating habits or cure numerous ailments. Unless prescribed by a physician for a specific need, synthetic vitamin purchases are usually a waste of money.

Nutritionists have long urged that, except when prescribed by a physician, vitamins be secured from the grocery store in the form of green, leafy, and yellow vegetables and dairy products. This is the more beneficial and economical way of assuring an adequate intake of these necessary substances.

It has been established that Vitamin A and D taken in excessive amounts are harmful. Other excessive uses of vitamins have resulted in cases of vitamin toxicity. Excessive intake may be as dangerous as deficient in-

INTERESTING FACTS ABOUT TEXAS

FRENCH EMBASSY

From 1836 to 1845 Texas was a Republic and dealt with foreign nations just as any sovereign nation does today. It was recognized by foreign nations, but France was the only country to send a minister to Texas. The house which was occupied by A. de Saligny, the Minister, is still standing in Austin. It is the only building ever erected on American soil by a foreign government, and was built in 1841 from hand sawn lumber.

Safety Rules In The Case Of A Tornado, Prepared By State Civil Defense Headquarters

The weather has been warning us that we're being visited by the annual tornado season. In Texas, that's a particular serious matter. This state has more natural disasters than any other, so it pays to know what to do in case such a disaster strikes.

State Civil Defense and Disaster Relief Headquarters in Austin has prepared this list of rules to follow in case of disaster such as a tornado. Read them, because they may mean the difference between life and death to you someday.

1. The best universal protection is a cave or underground excavation. If you have time, go

to a tornado cellar, cave or underground excavation with an air outlet. Any of these should be kept fit for use, meaning free from water, gas or debris, and preferably equipped with pick and shovel.

2. If you're in open country, move at right angles to the tornado's path. Remember that tornadoes move ahead at about 25 to 40 miles per hour as a general rule.

3. If in a city or town, look for outside shelter. Stay away from windows. The southwest corner of the lowest floor or the basement of homes offers the greatest safety — as long as your home isn't of brick or stone.

Here's something else: electricity and fuel lines should be shut off. Windows on the north and east sides of the house may also be opened to help reduce building damage. And standing against the inside wall on a lower floor of an office building offers some protection.

If you're in a school in a city area, stay inside, stay away from windows, and get near an inside wall on the lower floor. Avoid

auditoriums and gymnasiums under all circumstances.

And if you're in a rural area school, get out of the building and move to a ravine or ditch if a storm shelter isn't available.

5. If you're in a factory or an industrial plant, a lookout should be posted right away, the minute a tornado warning is received. He should keep safety officials advised of the tornado's approach. What's more, advance preparation should be made for shutting off electrical circuits and fuel lines if the tornado approaches the plant. Workers should be moved to sections of the plant offering the greatest protection.

6. It won't help you to get excited. Even though a warning is issued, chances of a tornado striking your home or location is very slight.

7. Keep tuned to your radio for the latest tornado advisory information. And don't call the Weather Bureau, unless you are reporting a tornado.

Immunization Is Best To Control Disease

"Immunization is superior to all other means of communicable disease control because immunity becomes part of oneself and is always there as a defense against certain diseases."

This is the statement of Dr. Geo. W. Cox, State Health Officer, who adds: "Immunization is the best and most effective means of protection against diphtheria, tetanus, smallpox, whooping cough and typhoid fever. According to Dr. Cox the ages that are best for immunization of children are: for diphtheria and tetanus, 9 to 12 months; Schick test, 6 months later, re-immunize if immunity has not been established; smallpox, 6 to 12 months. Tetanus or lockjaw is not common; however, when it does occur it is usually fatal. The tetanus germ gets into cuts, scratches, abrasions and particularly deep wounds, so that it has always been an important problem of public health as well as military medicine.

Other ways to fight disease are through good sanitation measures. The provision of safe water supplies, the pasteurization of milk, the supervision of food and other precautions have in many communities reduced typhoid fever to a minimum. Isolation and quarantine have their place and are extremely valuable, but none of them has the quality of immunity, of being a part of oneself, and consequently always available.

QUARTERLY HOUSEHOLD WORKERS TAX DEADLINE NEAR

April 30th is the deadline on which social security payments for household workers for the first quarter of 1954 are due at the office of the Director of Internal Revenue in your district.

The federal law bringing household workers under the old-age and survivors insurance system went into effect January 1, 1951. However, lawyers say that many persons who employ help in their homes are still in the dark about requirements of the law.

Here are some provisions everyone should know. Household workers covered by the law include maids, laundresses, housekeepers, cooks, nursemaids, gardeners, handymen, valets, footmen, grooms, chauffeurs of privately owned cars, practical nurses and others.

Whether or not a household worker is included in the law depends on how many days she works and how much money she is paid. If the person works 24 days and earns \$50 during any one of the three month periods into which the calendar year has been divided, a tax report must be filed and payment made.

Only cash wages are considered, which includes bus fare if paid in cash, but does not include bus tokens, clothing, room and board, or other non-cash items furnished the employee. A domestic worker does not have to put in a full day to count on the 24 day rule — any portion of the day worked counts as a full day.

The rule is different for domestic workers on farms operated for profit. In such cases the domestic is considered a farm worker and is covered only if he or she meets the test for farm labor.

The tax in all amounts to 4% of the cash wages paid. You, as an employer, must deduct 2% from your household worker's cash wages if the person meets the 24 day, fifty dollar test. You then include another 2% which is the employer's contribution. After the close of each specified three-month period you should send the tax with a report of the wages paid to the Director of Internal Revenue.

These three-month periods, or quarters, end on March 31st, June 30th, September 30th and December 31st. Reports and payments are due by the last day of the month following the close of each quarter. During any quarterly period that a household worker does not work 24 days or earn \$50, the employer need not be concerned. You need not consider the work your employee performs for any other employer.

The Internal Revenue Service has a special household report form, printed on the back of a return envelope, which can be obtained from your Director upon request. Just ask for Form 942.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Quickly Curbs Deep-Seated Pains Without Stomach Distress

If you are plagued by the misery of acute, crippling Arthritis, Rheumatic, or Neuragic pains, profit by the experience of others who now enjoy positive, blessed relief thanks to Ar-Pan-Ex—the exciting new laboratory discovery. Helps even most stubborn cases of deep-seated pain and stiffness.

finished my third bottle I was walking without any pains at all.

LAWRENCE DRUG STORE

Why Ar-Pan-Ex Helps
Ar-Pan-Ex, a formula recently perfected by a noted Eastern Scientist, contains seven active ingredients, scientifically "Film-Coated" to prevent useless and distressing action in the stomach. The "Film-Coating" dissolves in the small intestine where ALL pain-relieving medicine is then quickly released into the blood stream. Uric acid is reduced and long-lasting comfort is swiftly carried by the blood stream bringing fastest known relief to every pain-wracked muscle, joint and nerve.

Let Ar-Pan-Ex Help You

Do what Mrs. Creamer did. Enjoy a new lease on life with safe, powerful Ar-Pan-Ex, compounded exclusively for relief of deep-seated pain. Take this article to any good drug-store and ASK FOR GENUINE AR-PAN-EX. If your druggist is out of it, he will be glad to order it for you. Presumably paid.
