Mattson Football Banquet Honors Mustangs

More than sixty football enthusiasts attended the annual Mattson football banquet given by Pep Squad mothers honoring the Mattson Mustangs and the pep squad girls.

Jeff Graham, former McMurry football star, now postmaster at Knox City, gave an interesting history of football and told some amusing stories of experiences he had encountered as a football official. He admitted that football officials were human, and sometimes miscalculated a play, but said he had never met a dishonest official in his ten years of calling America's greatest sport.

Coach Bill Baker of Mattson presented letter awards to the following boys: Capt. Glen Darden, Capt. Johnny Wheatley, Roy Forehand, Leo Stiewert, Carl Moeller, Bobby Druessedow, J. C. Daniels, Johnny Johnson, Wallace Bird and Durwood Wheatley. Jackets were awarded to Don Smith, E. H. Walton, and Ben Curd in addition to the above.

The Pep Squad presented Mrs. Weldon Norman, their sponsor, with perfume, and Mrs. J. D. Roberts was recognized with a gift for her assistance.

Members of the football squad presented Coach Baker with a gift as a token for their appreciation.

Examination To Be Held For Weinert Postmaster

The U. S. Civil Service Commission has announced an open competitive examination to fill the vacancy in the position of postmaster at Weibert.

Application blanks and all forms required may be obtained at the Weibert post office.

In order to be eligible for the examination, an applicant must be a citizen of the United States, and must have resided within the delivery of the Weibert post office for at least one year, and must be between 21 and 63 years of age. The competition is open to both men and women. The examination will be held at Haskell, Dec. 13.

Mrs. Grace E. Reid was appointed acting postmaster at Weibert, following the retirement of Mrs. Pearl B. Monke several months ago.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Nov. 26, 1911

Two fires, occurring within a few minutes together Sunday about 3 a. m. resulted in the loss of a residence and church building here. Firemen were called out when the six room house several blocks of the square, occupied by Monroe Howard and family, was discovered ablaze. The family was away from home and the flames had made considerable headway before firemen arrived. While firemen were fighting the blaze at the Howard home, the Assembly of God Church building a few blocks west was reported on fire. Practically all fire department equipment was being used at the first fire, and before it could be transferred to the second blaze the church building had burned to the ground. Origin was not determined of either fire.

McNeill & Smith Hardware Company, local headquarters for hunting license, reports having issued 29 license to date this season, indicating that a good many Haskell people are taking advantage of the deer season now open. The license is required only where persons hunt outside the county of their residence.

All the outside work on remodeling the Haskell county courthouse has been completed, and finishing of the interior is expected to be completed within the next few weeks, according to Contractor Samson. Officials think the enlarged building will be ready for occupancy around the first of the year.

Mrs. John Wilkes of Wichita Falls spent the past week with her parents, Mr. and Mrs. H. R. Jones in this city.

Fred Ellis and sister, Mrs. C. H. Breazeale of Fort Stockton spent the Thanksgiving holidays with their parents, Mr. and Mrs. John Ellis of this city.

Mrs. C. M. Kaigler of Haskell has begun an Expression Class at Rochester in which a number of children have been enrolled.

40 Years Ago—Dec. 2, 1911

The Stamford Oil & Gas Company has been formed by parties in that city for the purpose of developing oil and gas on a tract of land in Southeast Haskell County. Stock is being sold in the company and a lease has been taken on 1,280 acres of land. It is believed that work will be started on drilling the first well early next year.

I. P. Carr and O. J. Corzine left Monday for Gainesville. They are on a real estate deal.

Vernon Cobb of the southeast side was visiting his parents, Mr. and Mrs. G. H. Cobb here the first of the week.

Norman Hancock, who represents the wholesale firm that

handles the famous line of Curleg Clothing, spent several days this week with parents in this city.

Frank Stephens has returned to Dickens County after a visit with his brother, R. D. C. Stephens.

Pete Holcombe of Stamford passed through Haskell Monday on his way to Rule.

C. A. Dawnes of Indiana has been here for the past week looking over the country. He is thinking of moving to Texas and is well pleased with the outlook for this section.

Mrs. Rena Buchanan of this city was called to El Paso Monday, to be at the bedside of her son, Bertram, who had been seriously injured.

Judge J. E. Poole, secretary of the Commercial Club, returned Tuesday from Waco, where he arranged and had charge of the Haskell County exhibit at the Cotton Palace. The Haskell exhibit won first place at Waco.

W. L. Hills and little son of Rule took the train here Monday night for Stamford where they will visit for several days.

Rev. R. C. McAdie, Presbyterian minister, has returned from Galveston. While away he visited old friends at Austin, Lampasas and Taylor.

50 Years Ago—Nov. 30, 1901

Robt. McCulloch of Bell County arrived with his family last Saturday to become citizens of Haskell.

Clarence W. Murphy, division passenger agent of the Texas Central Railroad was here Wednesday advertising the holiday excursion rates over his road.

Large stocks of pretty Christmas goods are making their appearance in Haskell stores, and merchants are expecting a booming holiday trade.

T. G. Carney tells us he received this week 36,265 pounds of freight and is looking for more merchandise before the week is out.

Methodist people gave their pastor, Rev. Young and family, a "pounding" Thursday evening.

Prof. Alexander's first writing class finished their course Thursday night and the blue ribbon was awarded to Ira Ellis for the greatest improvement during the term. W. M. McFarland took first prize for the best penmanship.

P. B. Broach of the north part of the county, near Munday, was in town Thursday and gave a flattering report of the improvements going on at Munday and in that neighborhood. He says that pace now has two good hardware and implement houses, two good general stores, a drug store, saddle shop, blacksmith shop, two gins and another general store and a good hotel are to be put up at once. He also says new farm houses are going up all over that section.

H. F. Wood of Hunt County, a brother of Dr. T. W. Wood, arrived a few days ago with his family. He is residing in town at present, but intends to buy land near town and improve a farm. We are informed that a Mr. Davis of Stamford is putting up a good size building near W. T. McDaniel's and will soon occupy it with a stock of general merchandise.

A. R. Davis and family returned several days ago from a visit with relatives in Clay County.

Grain Not Likely To Be Damaged By Green Bugs

Small grainfields are not likely to be damaged by an early build-up of the greenbug population this fall—as they were in 1950.

Dr. Ralph L. Hanna, entomologist with the Texas Agricultural Experiment Station, points out that the weather was extremely hot last summer a condition which is unfavorable to greenbug survival.

Surveys were made by the experiment station and the U. S. Department of Agriculture between July 15 and September 1 to obtain information on summer survival of greenbugs. Dr. Hanna reports that 425 field inspections were made in 71 counties. Several greenbugs were found on volunteer wheat in Deaf Smith, Floyd and Motley counties.

In a less extensive survey made in late October to determine the immediate danger of a general greenbug infestation, 71 inspections were made in 31 counties, most of them in the Northwest Texas grain area. Very few greenbugs were found.

If a heavy infestation of greenbugs should occur, parathion and metacide are the best insecticides available, says Dr. Hanna. These poisons proved to be the most reliable ones in 10 experiments conducted during 1950 in the High Plains area.

Although high winds and low temperatures often make effective application of greenbug insecticides difficult, Dr. Hanna says timely and careful application of parathion and metacide will kill up to 90 per cent of the greenbugs.

If conditions continue favorable for greenbugs the population will build up again after the insects are poisoned. The number of applications of poison that can be made depends on the margin of profit expected for the grain field.

Attractively Designed for Modern Living

All of the light, utility, cross-ventilation, convenience, and comfort that can be offered in a small five room home is shown in this house plan. The kitchen-workroom combination is especially convenient. The closet and lavatory in the workroom will provide a place in which the field hands can wash up and leave their outside wraps. If modern equipment is used, the laundry can be done and the family meals prepared at the time. The four windows offer an unusual amount of window space making the kitchen very light and cool. There is 16 feet of counter space in addition to the table. The table arranged by the two large corner windows will provide an especially nice place to serve the family. The bedrooms are very conveniently located—each with corner windows, thus leaving plenty of wall space for attractive furniture arrangement. Two large closets in each bedroom provide ample storage space; also the linen closet in the hall. By arranging the living and dining area together, the effect of a very large room has been achieved and the space permits an attractive arrangement with the least amount of furniture. The large fixed window, which opens onto the entrance, could be replaced by ordinary window units or by use of glass block—either is very attractive. The screened porch on the back has an outside door and gives easy access to the living room; yet it is away from the entrance drive and barn. Hence the greatest possible amount of comfort and privacy is provided. A door opening into the adjoining bedroom could be very easily arranged if it is desired. The plans on this house show a hip roof; however, the house would be equally attractive with a gable roof if the pitch on the rafter was not steeper than 8 inches rise per foot of run. Santa Schedules Return Visits

Following the visit of Santa Claus and his reindeer to Haskell for a big parade Tuesday, arrangements have been made for him to return to Haskell each Saturday afternoon until Christmas, Rex Felker, C. of C manager, announced today. Although Santa will be able to bring his reindeer here only for the parade, he will return Saturday, Dec. 8 and on the two following Saturdays, Dec. 15 and 22, and will be downtown from 1 p. m. until 7 p. m. on those dates. Then on Christmas Eve, Dec. 24th, Saint Nick will spend the entire day in Haskell to talk over last-minute gift problems with his little friends. On all of his visits, Santa will have plenty of candy as a special treat for the smallest.

Rebekahs of Rule, Seymour Meet With Haskell Lodge

At the regular meeting of Haskell Rebekah Lodge Monday night, members of the Rule and Seymour lodges were visitors. A degree staff from Seymour lodge conducted the initiation ceremony for two candidates, Thelma Adams and Mauvereen Pogue. At the close of the lodge session, refreshments were served to visitors and members. District Supervisor Eva Speer has announced a school of instruction to be held here Monday night, Dec. 10th for officers and members of Rebekah lodges in District 22, which includes fifteen towns and cities in this area. Myrtle Russell of Electra, president of the Rebekah Assembly, will be present and assist with the school of instruction.

Mr. and Mrs. J. D. Wheatley Honored With Tea on Golden Anniversary

MR. AND MRS. J. D. WHEATLEY

Mr. and Mrs. J. D. Wheatley were honored with a tea on their golden anniversary, Nov. 17, at their home by their seven children: E. C. Wheatley, Haskell; A. E. Wheatley, Earth; M. F. Wheatley, Haskell; Mrs. I. L. Whitaker, Lamesa; J. C. Wheatley, Haskell; Mrs. J. N. Robertson, Kilgore; and Mrs. M. N. Littlefield, Haskell.

Mrs. J. D. Wheatley wore a black crepe dress trimmed in blue with black accessories. Her corsage was of gold chrysanthemums outlined with golden ribbon and metallic net.

The gifts were displayed on a table laid with a linen cloth. Throughout the house were large bouquets of chrysanthemums, shattered mums and carnations carrying out the golden theme.

Serving in the house party were three of the granddaughters. Seated at the guest register was Mrs. Rex Angeley of Earth, who wore a navy suit and navy accessories. The register book was covered with gold brocade taffeta. Miss Norma Jean Robertson of Kilgore poured the punch, and Mrs. Bill Harris of Kilgore cut the cake. Miss Robertson wore a fuchsia velvet dress and rhinestones, and Mrs. Harris was dressed in iridescent taffeta and rhinestones.

The serving table was laid with an ecru lace cloth. The centerpiece was of bronze and gold chrysanthemums outlined with a wide gold ribbon and metallic net. In the center of the net and ribbon were eight golden bells attached. Four white tapers in crystal punch bowl. The 3-tiered cake was decorated with white rosebuds and gold stars topped by an arch of golden leaves and a small white bell with gold letters "50" in the center. The handle of the cake knife was wrapped with gold ribbon and streamers. White napkins lettered in gold "John-Nevada, 1901-1951" were placed on the table. On the buffet were white tapers in crystal hurricane lamps and a large bouquet of yellow chrysanthemums and ribbon.

Calling between the hours of 3 to 5 were Mrs. T. C. Cobb, Mrs. and Mrs. Elbert Maps, Mrs. Porter Sadler, Mr. and Mrs. Elmer Wheatley and Durwood, Mr. and Mrs. I. L. Whitaker, Mrs. M. N. Littlefield and Barbara, Mr. and Mrs. Carl Wheatley, Keith, Jerry, and Bobby, Mr. and Mrs. Marvin Wheatley and Johnny, Mr. and Mrs. Alvin Wheatley, Sharon Ann and Camilla, Mrs. Rex Angeley and Allan Dale, Mr. and Mrs. T. A. Rhoads, Mrs. J. M. Hinkle, Mrs. J. N. Robertson and Norma, Mrs. Bill Harris, Mr. and Mrs. Jim

sweet marching pep squad that added so much to the fighting spirit of our school during the football season this year.

Thanks to Miss Lucille Watson: For the personal interest — above and beyond duty — that you give to your Home Making girls. Also to you know of the time and energy you devote to many church and civic duties for which all Haskell can be proud. But does your whole world crack up and fall apart and very slowly assemble itself together again? When one of your girls has just now learned to "peel" a chicken and a few of them persist in serving "porch-ed" eggs or "sheared" eggs and "doe-nuts" for breakfast?

Attention Jetty V. Clare: Now you know the answer to your eternal question "Why can't you get a Coke from the ice box instead of taking the car and getting a bunch of kids to run to town for one?" Well, you're driving a thousand miles to shoot a couple of poor little pheasants when Warren's Pet Shop has the critters for \$10 a pair — See what we mean?

Same thing Pop — Same situation. Anyway, my darling, wear your "long handles" that you do look so cute in, and be very careful in "them thar" cold mountain ways out in Colorado.

Good hunting to you and Mr. Scotch Coggins and Mr. Virgil Bailey!

Good night all.

Rainbow Sewing Club Meets With Mrs. Patterson

Mrs. Tony Patterson was hostess to the Rainbow Sewing club in her home Tuesday afternoon, Nov. 20.

Mrs. Walter Rogers led the group in singing. A special song, "Thank You Lord," was sung in keeping with the Thanksgiving season. After which, the president, Mrs. Leonard Florence had charge of the business session.

We were very sorry to learn that several members were absent on account of illness.

Mrs. J. B. Edwards won first place in Needlecraft. Mrs. Thelma Adams will answer the question box at the next meeting.

The thrilling moment came at last, when the hostess passed out beautiful wrapped packages to each member revealing their secret pal. Every one enjoyed looking at each others gifts.

Each member drew names for their Christmas pals and will be revealed at the Christmas party.

Mrs. Patterson directed the Thanksgiving program. Mrs. Rogers gave a reading, "The Lawd, He Had a Job." Playlet, "The First Thanksgiving," by Mrs. Edwards and Mrs. Bland. A Thanksgiving story through the years was told by Mrs. Copeland.

The next meeting will be held in Mrs. Jess Jossel's home on Dec. 4th. Refreshments were served to Mesdames Eddie Johnson, E. Chapman, Ethel Edwards, Blanche Long, Flossie Rogers, Lucretia Florence, Winnie Copeland, Thelma Adams, Essie Bland, Golda Prater and Sally Patterson.

Mitchell of Kilgore, and Mr. and Mrs. Clyde Sandlin of Somerton, Ariz.

Flowers were sent by Mr. and Mrs. Wayne Hart, Austin; Mr. and Mrs. Weldon Hart, Austin; The Hammer family, Houston; and Mrs. Grace Stewart, Tucson, Ariz.

Cards and telephone calls were received throughout the day from friends and relatives: Mr. and Mrs. Ed King, Lubbock; Neil Littlefield, Albuquerque, N. M.; Mr. and Mrs. Fred Whitaker, Eunice, N. M.; Mr. and Mrs. Jess Whitaker, Anson; and Mr. and Mrs. Wayne Hart, Austin; Mr. and Mrs. Jack Harper and family, Monahan; and Mrs. Mary Sullivan, Glen Rose.

Christmas Decorations for the Home was the general theme of the program when the Willing Workers Home Demonstration Club met in the home of Mrs. Jimmy Adams in Rochester on Thursday, Nov. 22 at 2:30 p. m.

Mrs. Cecil Jetton, led Song of Peace as the opening number. Mrs. Jimmy Adams gave the timely topic.

Christmas gifts were collected for Girlstown.

The club will sponsor a Christmas Decoration Contest in the Jud community. First, second and third prizes will be given for the best decorated homes.

Mrs. John Powell showed several new ideas on Christmas decorations. Aluminum foil is being used in numerous decorations. Also colors of pink, gold, white, and blue are being stressed this year, Mrs. Powell said.

Pal gifts were distributed and names were drawn for the Christmas tree and dinner in the home of Mrs. Joe Mathis on Dec. 20, at 7 p. m.

Refreshment of chicken salad sandwiches, cookies and coffee were served to Mesdames Burleson, Mathis, Peters, Powell, Short, Jetton and Adams.

Mr. and Mrs. A. Bartell of Weinst had as their guests during the Thanksgiving holidays, their son, Jim Bartell and family of Wichita Falls and H. F. Bartell and family of Lamesa.

Annual Killingsworth Family Reunion Held at Baptist Lodge Near Dallas

Another year—and the reunion for the Killingsworth family! All laid down whatever they were doing to meet together once more to cement the bonds of family relationship a wee bit tighter. The reunions had their beginning years ago in the various homes, but like Topsy the family, "just grewed" and the meeting was held last year for the first time at the Cliff Temple Baptist Lodge a few miles outside of Dallas, where it was held again this year.

The Killingsworths are a happy, fun-loving family and this occasion was no exception to their fun and gaiety. All think the reunions such a pleasant affair, that each one hopes a tradition has been established.

From "Far-away Places," some of the folks came from Alabama, Kansas and California, as well as many places in Texas. From the Texas plains to the coast—each bearing love and goodies for the special Thanksgiving dinner.

Around the long table decorated with autumn leaves, red berries and popcorn balls all joined hands and sang:

"Blest be the tie that binds
Our hearts in family love, etc."

Then, after thanks for the blessings of the past year and for the blessed privilege of coming together again, the drumsticks were the focus of attention.

To highlight the delightful occasion the daughter of the youngest of the Killingsworth girls, was married in the Baptist Church in Dallas. She had saved the wedding purposely, that all the family might attend.

As always, some of the group could not be present, but 45 were on hand, and some guests were welcomed during the course of the day.

Truly, it was a golden time at this golden time of the year!

Those present for the reunion included: Mr. and Mrs. T. L. Ballard, Mr. and Mrs. A. C. Pierson, Mr. and Mrs. John P. Payne, and Mary Beth, of Haskell; Lt. Col. and Mrs. James A. Isbell

Weinert Matrons Club Raises \$111 For CARE Packages

The Weinert Matrons Club met for a regular meeting Wednesday at 3:00 in the home of Mrs. Frank Oman. Mrs. C. C. Childress was director of the program, Bible Day. Roll call was answered with a favorite Bible verse.

"Responsibility in the Home" was the theme of a talk by Don Rhoads of Haskell. "Windows of Womanhood" was the subject of Gerald Pinkston of Haskell.

A short report of the Denton convention of TFWC was given by Mrs. W. B. Guess.

The finance chairman announced that we had over-subscribed our goal for Care packages for Korea. We will send \$111 to headquarters to be used for Korean refugees and displaced persons, orphans, etc.

A delightful refreshment plate of pink and green Christmas tree sandwiches, coffee and fruit cake was served to the following members and guests: Mesdames A. Bartell, J. W. Liles, C. T. Jones, P. F. Weinert, R. H. Jones, W. A. King, Fred Monk, W. L. Johnson, Temple Lewis, Ed Roberts, Eddie Sanders, J. E. Thompson, W. B. Guess, the hostess and visiting speakers, Don Rhoads and Gerald Pinkston.

Practicing safety with guns in the fields or woods is a good conservation practice, that applies to both humans and wildlife. About two-thirds of all hunting accidents result from humans in the line of fire, mistaking humans for game and hunting with the safety catch off on the gun.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To: The Rule Realty Company, and the stockholders and last named owners of the Rule Realty Company, individually and as the owners and stockholders of the Rule Realty Company, to wit: W. H. Littlefield, W. B. Lee, C. E. Orton, S. M. Davis, W. H. Wilson, and J. W. Mason; the trustees, directors, partners and stockholders and the unknown successors, heirs, legatees, devisees, assigns, and legal representatives of said trustees, directors, partners and stockholders of said Rule Realty Company, if living, and if dead, their unknown heirs and legal representatives; J. W. Pippin, if living, and if dead, his unknown heirs and legal representatives, and the unknown owners or claimants of the lands and premises hereinafter described. Defendants in the hereinafter styled and numbered cause.

GREETINGS:
You and each of you are hereby commanded to appear before the District Court of Haskell County, Texas, to be held at the Court-house of said county in the City of Haskell, Haskell County, Texas, at or before 10 o'clock a. m. on the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before 10 o'clock a. m. of Monday the 10th day of December, A. D. 1951, and answer the petition of Luther B. Hester, Plaintiff, in Cause Number 7676 styled Luther B. Hester vs. Rule Realty Company, et al, in which the following persons are plaintiffs: Luther B. Hester, and the following persons are defendants: Those who are first named in this citation and W. H. McCandless, as defendants, which petition was filed in said Court of the 27th day of October, 1951, and the nature of which suit is as follows:

Suit in trespass to try title, as well as for damages, for the title and possession of the following described lands and premises, situated in Haskell County, Texas, to wit:
Lots No. Nine (9) and Ten (10) in Block No. Twenty-Nine (29) in the Original town of Rochester, Haskell County, Texas.
Plaintiff specially pleads the 10 years statute of limitation, as provided by Article 5510 of the Revised Civil Statutes of Texas, 1925. (Vernon's Civil Statutes of the State of Texas, Annotated) as a basis for his title to said lands and premises, and prays for judgment against the defendants for the title and possession of same, for writ of restitution, rents, damages, costs and for general relief, etc.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 27th day of October, A. D. 1951.
Given under my hand and seal of office of said Court in Haskell, Texas, this the 27th day of October, A. D. 1951.

City To Award Contract For Disposal Plant December 14

Contract for construction of a proposed sewage disposal plant for the City of Haskell is expected to be awarded Friday, Dec. 14, at which time the City Council will open contractors bids on the proposed project.

Advertisements for sealed bids from contractors were authorized at a meeting of the City Council Monday night, when plans and specifications for the disposal plant were approved by the Council. Plans for the project were prepared by Yeatts & Allen, Abilene engineering firm which has been retained by the City.

The new sewage disposal plant was authorized in a \$260,000 waterworks and sewer system revenue bond issue approved by Haskell voters on August 17th. Of the total issue, it was estimated that approximately \$75,000 would be expended for repairs and improvements to the City sewer system.

The new disposal plant will be adjacent to the present sewage plant, to provide enlargement sufficient to meet the city's future needs. Facilities of the present plant are being taxed to ca-

capacity as the result of population growth in recent years, city officials declared.

If the contract is awarded Dec. 14, it is expected that construction work on the project can be started during the first quarter of 1952 with the plant being completed in the early spring. No difficulty is expected in securing needed materials, due to the imperative need for additional sewage disposal facilities, city officials declared.

Haskell, Munday Men Get Deer on Recent Trip

Frank Reynolds of this city and C. O. Scott of Munday returned last week from a several days hunting trip near Harper, Texas.

They report deer more scarce than they have been in several seasons, but they were fortunate in bagging a nice buck on the trip.

The church pennant is the only flag that may be flown above the Stars and Stripes.

100-Piece Band To Be Featured At Game Tonight

A colorful band will be featured at the half-time of the Colored Football Classic at Indian Field tonight. Mr. Dean has asked students from several surrounding high school bands to join in with a part of the Haskell band to be the official band for the game. The emphasis will be on the playing and not as much on the half time stunt since the band will not get to go on the field but only time, which will be the afternoon before the game.

Participating with the Haskell band will be students from Stamford, Throckmorton, Rotan, Munday, Rochester, Albany and Anson. The band should number around 100 members.

The next Haskell band event coming up will be their Christmas concert which will be given the night of Dec. 17th. Earlier in December the band will take part in the Haskell Christmas parade.

Maj. Wm. E. Lawson Now Stationed At Camp Roberts

Major William E. Lawson of Haskell, former FHA supervisor for Haskell and Stonewall Counties until recalled to active Army duty last summer, is presently assigned to Camp Roberts, Calif., where he serves as Battalion Commander, Division Troops Battalion.

Camp Roberts, home of the 7th Armored Division, is located midway between San Francisco and Los Angeles, thirty miles inland from the Pacific Ocean. The Division is celebrating its first birthday since being reactivated as an infantry basic training unit on November 24, 1950.

Ninety per cent of the inhabitants of the first ironclad warship was built in the 16th century for the Korean Navy.

Zion Lutheran Men's Club Hosts Mexican Supper

The Men's Club of the Zion Lutheran Church at Sagerton sponsored a Mexican Supper Wednesday evening, Nov. 21, held in the new parish hall of the church.

Attendance at the supper was estimated at 150 persons, including a number of visitors from Haskell and neighboring towns, according to Oscar Manske, in charge of ticket sales for the event.

The Men's Club sponsored building of the parish hall, an attractive building 32x52 feet in size which is used for Sunday School and church organizational meetings. It has three class rooms, kitchen, and rest rooms.

Carl Druesedow is president of the Club and Ervin Diers is secretary. There are 16 members present, and all voting age members of the church are eligible to become members.

Rev. Virgil Meyers, a native of Houston and graduate of Concordia Seminary, St. Louis, has been pastor of Zion Lutheran Church since September.

House cleaning jobs should be distributed over a period of time, instead of crowding them all in a few days.

Q-B Club Discusses Plans for Annual Football Banquet

Members of the Quarterback Club discussed preliminary plans for the annual HHS Football Banquet sponsored jointly by the Haskell Lions and Q-B Club, and worked on final details for the Texas-Oklahoma Colored Classic to be played here, at their regular meeting Tuesday night.

Club president, Thos. Roberson announced that head football coach, George Sauer of Baylor University had been invited as guest speaker at the football banquet. Date for the annual event will be dependent on a time convenient to Coach Sauer if he accepts the Haskell invitation, Roberson explained.

One of the highlights of the annual football banquet will be the presentation of the quarter-back award to the most valuable player on the 1951 Indian squad. Club members were told that

Lane-Wells Opens Oil Field Service Office Here

The Lane - Wells Company, specializing in oil field service, has opened an office in Haskell from which they will serve the oil industry in this area.

The Haskell office will be in charge of A. W. Cook as operator, and will be located at 401 1/2 South Avenue E. Cook will have two assistants in the Haskell office at the present time, it was announced.

The football classic between Abilene and Frederick, Okla., colored football teams promised to attract a record attendance if weather is favorable.

A film of the SMU-Texas football game of 1950 completed Tuesday night's program. At next week's meeting, further plans for the Indian football banquet will be discussed, and a report on the Club sponsored colored classic will be given. All members are requested to be present.

Defense Bond Sales \$99,875 During 3-Month Period

Haskell County's sales totaled \$99,875.00 during the first 3 months of the year. U. S. Defense Bond drive, Nathan Adams of Dallas, state chairman, informed J. M. Crawford, local county chairman. The drive was held from Sept. 3 through Nov. 13.

Final sales figures showed that Series E bonds accounted for \$99,375.00 and Series F and G for \$500.00 of this county's total.

Sales of \$27,778,453.25 in Texas during the drive were almost 50 per cent more than normal, Mr. Adams said.

"Normally sales for this period would have been about \$18,000,000 or \$19,000,000," he said, "and the fact that sales were so much higher is definite proof that the people of Texas are responding, as they always do, to the country's need in national emergencies."

The sales included \$22,000 in Series F and G, state or county being the "largest" sum of sales.

Distinguished Lebanon Writer, Lecturer Is Recent Visitor In S. Hassen's Home

It was the privilege of Mr. and Mrs. S. Hassen to have as their house guest last week Miss Affie Saab, a kinswoman from Alie, Lebanon.
 Miss Saab is a writer, lecturer, editor, and has devoted great effort and time fighting for women's right to vote in her country. She reports happily that the issue is almost won, and that women should be voting within the next four years.
 In addition to her literary activities, in 1924 Miss Saab established a girls' school comparable to the high schools of the U. S. and she now devotes most of her efforts to the administration of her school.
 When the state of Israel was created and thousands of Arabs were driven from their homes, Miss Saab offered refuge to 35 Arab girls in her school. For this act of generosity, for her heroic efforts to relieve the suffering of the wandering, homeless Arabs, and for many other services for her country, Miss Saab will be presented the Medal of Distinction from her government when she returns to Lebanon.
 Miss Saab was asked by another guest in the Hassen home about her country's reaction to Russia—was it one of fear and distrust? She replied that her country had no time to be concerned with Russia; that they were so disturbed about their internal problem of the suffering Arab refugees that they had little time to worry over the clash between two great powers of the world—the United States and Russia. Miss Saab added that Lebanon felt close to the U. S. and regarded it as a potential brother.
 This gifted teacher speaks four languages fluently, and is recognized as a world authority of the Arabic language, one of the most difficult languages known. Her family is one of the largest in her country—there are 500 eligible voters bearing the Saab name.
 Miss Saab is touring the United States to better fit herself for duties in her school. She will be in the U. S. about two months, and it is hoped that she may be able to return to Haskell for a short visit before returning to Lebanon.

Three East Texas State Teachers College coeds have been entered in the Maid of Cotton contest. They are, left to right, Frances Clanton of Colorado City, Peggy Teague of Texarkana and Rita Jennings of Terrell. Pictures were made by the photography division of the college.

Diabetes Takes 887 Lives In Texas During Year

Diabetes, a disease for which modern medicine can do much, took a toll of 887 lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria and small-pox are causing a decreasing number of deaths each year in this State, diabetes is now taking an appalling number of human lives, especially in the middle-aged group," Dr. Cox said.
 "Until recent years diabetes was not noted as a major health problem but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed.
 "Diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems that a fact that those who do not indulge in luxurious living and

whose occupation calls for manual labor are not frequently affected. Simple living, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes. An annual physical examination, with blood or urine analysis, is important to determine whether or not the disease is present in the middle age group."

Provision for Reporting Accidents Unchanged In New Motor Vehicle Law

Public confusion over the method of reporting traffic accidents under the state's new Motor Vehicle Safety Responsibility Law was cleared up by Public Safety Director Homer Garrison, Jr., who showed that any change in the present system is so slight that it should cause no difficulty among motorists. The present confusion was brought about by the discrepancy in time for filing regular accident reports, which must be sent to the Texas Department of Public Safety within 24 hours, and the time for filing additional information under the Safety Responsibility Law, which may be sent to the department within as much as 10 days. This gave rise to belief among motor vehicle owners and operators that they would be required to file two lengthy reports, which is not true.

Here are the rules for reporting traffic accidents beginning January 1, when the Safety Responsibility Law becomes effective, as explained by Director Garrison for the guidance of all motorists. Under the state's Uniform Traffic Law, the operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or total property damage to an apparent extent of \$25 or more, must file a complete written report with the Texas Department of Public Safety within 24 hours exactly as they do now. Official forms for this purpose may be obtained from any sheriff's office, local police station, highway patrolman or the Texas Department of Public Safety, as at present. In other words, there is no change whatever in the present rules for reporting accidents of the type just described.

When you obtain a regular accident report, beginning January 1, there will also be furnished along with it an Insurance Information form, labeled Form 21, which must be filled out completely and accurately should the accident in which you were involved result in death or injury to a person, or property damage to any one person, including yourself, in excess of \$100 since this will bring the accident under the provisions of the new Safety Responsibility Law. If the accident did not involve death or injury to a person, or property damage to any one person, including yourself, in excess of \$100, you may disregard this insurance information section. If you are required to file it, however, be sure that you still get the regular accident report section off to the Texas Department of Public Safety with 24 hours, despite the fact that you may take up to 10 days to send in the insurance section.

The simplest procedure, Director Garrison pointed out, will be simultaneous filing of all required information, but this will require a motorist to be prepared to answer the insurance and security questions promptly and file the combined report within 24 hours. Any motorist can do this, however, if he follows these suggestions of the Director:

1. Carefully read the state's leaflet about the law and keep it handy in your car.
 2. Get a report form, study the questions, and keep it in your car; you may need it in a hurry.
 3. If you are insured, keep the name of your insurance company, number of your policy and amount and kind of insurance it provides, in your car for immediate reference.
 4. If you are not insured, make up your mind in advance how you will meet the new law's security requirements by other means, as explained in the state's leaflet, if you are involved in a traffic accident.
- "It cannot be repeated too often," Director Garrison said, "that the driver of every car involved in an accident must file all required information with the Department of Public Safety within the brief period stated. Any question of who was at fault must not even be considered—the law says every driver, regardless of fault, The penalty for failure to report is a fine of \$25 and suspension of your operating license until the report is filed. If the operator is physically unable to report, and was driving another person's motor vehicle at the time of the accident, the owner of the vehicle must file the report."

IT'S A FIREBALL ENGINE

It gives you a lot to be thankful for

Let's suppose that this is you.

The car you're riding in, as you can see, is a Buick.

But what you can't see is the satisfaction which being behind that wheel brings to every day in the year.

Take the feel of it—the way it goes into action when you nudge the gas treadle. Quick. Eager. Willing. No effort at all. You just swoop up to the miles per hour you want.

That's because there's a high-powered, high-compression, valve-in-head Fireball Engine under the hood that makes every drop of gas do extra duty. And it's because there's a Dynaflo Drive,* feeding that power back to the rear wheels as

smoothly as cream flows from a pitcher.

Take the way it sits the road. Balanced. Poised. Sure-footed. Snug.

That's because of a long list of things that Buick engineers have done to its ride—including a torque-tube keel that keeps rear wheels tracking true—and soft coil springs that individually cushion each wheel.

Take the way it steers. Easy. Light. Firm. On a straightaway—or coming out of a curve—it seems to know what you want it to do.

That's because of something the engineers call "front-end geometry"—and because 60 steel balls roll in their own

little race track to ease each turn of the wheel.

Take its room, its comfort, its smart good looks—and its price.

Any way you size it up, here's a car to make you thankful for your good judgment in picking it, against the field.

All that is needed to complete this picture is you at the wheel of a flesh-and-blood Buick—out on the road for a sample of what we've been talking about.

That's easy to arrange. Just give us a call, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional on other Buicks.

Prevent Hunting Tragedies With Rules of Safety

During the next few weeks thousands of hunters will take to the fields and woods on their annual hunts and unless the simple rules of safety are followed, many will be involved in a serious accident. Most hunting accidents can be prevented. It is the "trigger happy" hunters, says R. E. Callender, Extension Specialist in wildlife conservation of Texas A&M College, who endanger the lives of every other hunter in the woods and cause needless damage to wildlife. Wild shooting leaves many birds and animals crippled and these are usually lost because they are never found.

Practicing safety with guns in the fields or woods, says Callender, is a good conservation practice that applies both to humans and wildlife. He points out that about two thirds of all hunting accidents result from three causes: humans in line of fire, mistaking humans for game and hunting with the safety catch off on the gun or rifle.

According to Callender, good sportsmanship is just using good manners while on the hunt. It includes using the right gun for the right game; hunting only in season and not taking more game than can be used even though the bag limit may permit the hunter to take more. Wise hunters, he adds, will use a trained dog to retrieve crippled birds. The careful and wise hunter never throws down a lighted cigaret nor leaves a camp fire burning for either may start a destructive grass or forest fire. He breaks matches after they are struck and before they are dropped to the ground and leaves the area where he has hunted in good condition. In other words, Callender says he is a good housekeeper in the woods.

Here is Callender's code of safety for the hunter. Treat every gun as if it were loaded; it is usually the empty gun—they thought was empty—that takes the most lives. Loaded guns should never be carried in an automobile. The gun barrel and action should always be checked to make sure there is no obstruction in either. The gun should be carried so that the hunter always has control of the direction of the muzzle, even if he should stumble. The good hunter never pulls the trigger until he is sure of his target and never points a gun at anything he doesn't intend to shoot.

The specialist says loaded guns should never be left unattended and that the hunter should unload his gun before climbing a tree or over a fence. Bullets fired at flat, hard surfaces, or at objects on the surface of water may ricochet and hit objects not thought to be in line of fire. Last but not least, important, he says gunpowder and alcohol should never be mixed for the results can be disastrous.

The intelligent hunter will be thinking how he can aid in conserving the wildlife of the land so that he and others will have areas where they can continue to enjoy one of America's greatest sports in the future. Wasteful and careless hunting habits on the other hand, says Callender, can destroy the protection, vegetation and even the wildlife itself. It's up to every hunter, he concludes, to see that this situation does not exist in the areas where he hunts.

Sgt. Jimmie Medley Selected for OCS At Fort Sill

Sgt. Jimmie L. Medley, son of Mr. and Mrs. E. R. Medford of Haskell, has been selected as a candidate to attend Class No. 13 of the Officer Candidate school at Fort Sill, Okla. Upon completion of the 22-week course, Candidate Medley will be commissioned a second Lieutenant in the Artillery of the U. S. Army.

Sgt. Medley qualified himself for the course through a series of written and physical tests and personal interviews before a board of officers which indicated that he has the necessary leadership capabilities required of a commissioned officer.

Two Friends Meet For First Time In Over 50 Years

Dr. J. C. Hugo of Sunnyvale, Calif., spent several days here this week with Dr. J. D. Smith, Haskell dentist, in the first visit together of the two men in 51 years. During this time neither knew where the other was living, until recently Dr. Hugo wrote the State Dental Board and learned the address of the Haskell dentist.

Both men attended dental college in St. Louis some 50-odd years ago, and later were partners in dental practice in Illinois for two years. Later, Dr. Smith moved to Haskell and his partner located on the Northwest Pacific Coast. He has been living in California for a number of years and is now engaged in the insurance business. Dr. Hugo left Wednesday to return to his home at Sunnyvale.

Texas Farmers Face Generally Good Year In 1952, Economists Say

In general, Texas farmers and ranchmen should have a prosperous year in 1952. In making this prediction, John G. McHaney, an extension economist of Texas A&M College, points out that agricultural economists from over the nation have considered supply, demand and the cost of producing farm commodities in 1952 and have based the outlook on these findings.

McHaney adds that economic conditions within the state will have little effect on the 1952 outlook for Texas agriculture. The big influence will come from economic conditions within the nation and the world. A powerful force behind the prediction, says McHaney, is our expanding defense program and an even bet for the continuation through 1952 of the cold war. There may or may not be full scale fighting or all out war, but free nations will continue to expand their defense programs against the threat of communism.

From the standpoint of supply, 1951 was near a record for total agricultural production and prospects for 1952—weather permitting—should be another year of high production. With the outlook for large supplies of agricultural products, the prices received by farmers are expected to hold generally near the 1951 levels despite an expected strong demand. However, McHaney points out that an unfavorable growing season in 1952 would result in considerable upward pressure on prices, particularly in the second half of the year.

Demand for farm products is expected to continue strong during 1952 as employment and incomes rise. Larger defense expenditures are expected to push

current income higher. Current plans call for defense spending by fall of 1952 at a rate of 65 billion dollars a year as compared with a rate of 41 billion for the third quarter of this year.

With few exceptions, prospects for exports of agricultural commodities in 1952 look very good. The rearmament program of the free world should make available additional foreign exchange, and this should relieve dollar difficulties encountered since World War II by countries which normally are our customers.

The unfavorable side of the 1952 outlook for agriculture, says McHaney, are production costs which continue to rise. Those in 1951 set a new record. Costs may average five per cent higher in 1952. Supplies of materials needed for production are expected to be sufficient to permit high farm production though some items will be relatively scarce, McHaney says. Prices of all important groups of items used in production are higher now than a year ago. Farmers and ranchmen, adds McHaney, must also

expect a moderate farm wage rate in 1952. The prospects for a challenge to all agricultural methods of production to cut costs and efficient methods of McHaney says. He says that place orders now for supplies needed for the 1952 crops and livestock. Gross farm income per acre higher in 1952 than in 1951. The volume of sales from any increase in farm prices. However, the increase in production which is expected to offset the increase in gross income. The final result will be a come for agriculture to that of 1951.

'Spike' Jones To Present Musical Revue in Abilene

Spike Jones will stage his Musical Depreciation Revue—the same show staged in big cities—at Abilene's Rose Field House Monday night Dec. 3.

It will be the identical show, Spike has announced, except for the ad libbing which makes no two City Slickers performances quite the same.

The band and solo stars will come to Abilene for the single show en route from Dallas, Houston and Austin.

The full length show will include a little bit of everything—from the mad bedlam of such a number as Chinese Mule Train, to the pantomime act in which not a sound comes from the stage.

But all are designed for a single purpose—laughs. And Spike is acknowledged one of the best in America at producing those.

Helen Grayco, who in private life is Mrs. Spike, will be one of the featured singers in the show. George Rock, who used to sing of his plaintive Christmas wish, My Two Front Teeth, will be singing in Abilene his new novelty, My Daddy Is a General to Me. And of course Sir Fredric Gas, who has hunted so long for Chloee, will be on hand with other stars.

The Depreciation Revue is being brought to Abilene by the H-SU Cowboy Club, with its president, Harley Sadler, in charge.

Tickets, \$2.40 and \$1.80 for reserved seats, are on sale at Melody Shop, Record Shop and the Hardin-Simmons business office in Abilene.

Use of Warfarin In Rat Control Told In Leaflet

Warfarin, the new rat and mouse poison, has enabled a northeast Texas poultryman to make a considerable saving in chicken feed, according to the 1951 annual report of the Rodent Control Service.

Rats were eating an average 32 pounds of feed per day, worth \$1.60 if valued at five cents a pound. Fifty-eight pounds of warfarin bait, which cost \$14.50 killed 306 rats in a two-week period.

This is a typical example of the results obtained with this new poison, which prevents blood from clotting and causes rats and mice to die from internal hemorrhages.

Information on controlling rats with warfarin is given in a new publication prepared cooperatively by the Fish and Wildlife Service of the U. S. Department of Interior and the Texas A&M College Extension Service.

Leaflet 148, "Use of Warfarin for Rat and Mouse Control," contains safety precautions for using warfarin, four warfarin bait formulas and instructions for putting the bait out. This leaflet is available from county extension offices.

Warfarin can be obtained in the concentrate or the ready to use form from local drug, feed and insecticide stores. Bait prepared by the Rodent Control Service, San Antonio, is distributed through county agricultural agents and their cooperators who are conducting county-wide rat control programs.

Haskell Indian Band Students Enter Competition at McMurry College

Saturday morning on the campus of McMurry college five Haskell band students will join band students from other high schools of this region in a day full of band activities.

Each band from this region is allowed to bring five students each for this clinic which will have as its purpose the picking of a 95 piece region band. This band will rehearse during the day and later in the afternoon 18 members from this band will be picked by a panel of band directors to represent this region in the all-state band that will meet next spring in Mineral Wells.

Mr. Dean says that it will be as hard this year to make the region band as it was last year to make the all-state band due to this new means of picking the members. Haskell had three members in the all-state band last year that met in Galveston. Our band is in Region II, which is territory ranging from Eldorado on the west, to Stephenville and Ranger on the east, to Munday and Snyder on the north.

Mr. Dean's five students attending will be Larry Wheeler, Nanette Weaver, Roy Don Rhoads, Sammy Vaughter, and Edgbert Smith. Other Haskell students will attend part of the day's activities to hear the band rehearse and attend the concert that evening.

Haskell's director, Mr. Dean, has been chosen by the region II committee to judge the clarinet section in the try-outs for this region band.

Applications Being Taken For Highway Patrol Positions

Homer Garrison, Jr., Director of the Texas Department of Public Safety announced today that his department is receiving applications for appointment to the position of Texas Highway Patrolman.

Applicants must be males between the age of 21 and 35 years, inclusive; not less than 5 feet 8 inches in height; weighing not less than 2 pounds or more than 3 1/2 pounds per inch of height.

A high school education or its equivalent is necessary and the applicant must be a citizen of the United States and a resident of Texas for at least a year immediately prior to application. In addition, they must satisfactorily pass an exhaustive character and mental examination.

Those interested young Texans are requested to write directly to W. J. Elliott, Chief, Texas Highway Patrol, Austin, for application blanks immediately.

Applications will be received and processed up to midnight, January 15, 1952.

If cotton stalks are destroyed at once, there is still time for farmers to plant a winter cover crop. By combining the insect control and winter legume planting programs, cotton farmers will be following practices that can mean better crop yields next year and more profit.

Rochester Steers Roll Over South Taylor 66-0 In Bi-District Stampede

The Rochester Steers conclusively demonstrated their right to the bi-district Class B football title here Thanksgiving Day in a smashing 66-0 defeat of the South Taylor (Tuscola) Flying Tigers.

The game, played on Indian Field, was witnessed by an estimated 2,000 spectators. As a result of their win, Rochester will meet the winner of the Valley View Sanger game scheduled for Nov. 30.

Eugene Parker, right halfback for the Steers, paced his teammates to victory over the hapless Tigers.

Parker, a graduating senior, carried the ball and converted for a total of 41 points and passed for 18 additional points.

After a scoreless first quarter, Parker began the Rochester march early in the second with a run from the 27. He also carried over for the conversion.

Still in the second Parker scored twice more on a 24-yard run and carried over from the one. Try for conversion over center was good. On a pass from Parker to Mack Clark which netted 80 yards, and an intercepted pass on the 25 by Clark, Rochester brought the total half-time score to 34-0. Parker converted after both Clark scores.

Parker started third period scoring with a scoring run from the five, but failed to convert. Sidney Corley recovered a Tiger fumble on the 14 and Parker carried again for a counter, with conversion try failing. Steer end J. T. Sego recovered a fumble and Parker carried over from the 37. The conversion try was no good and the score stood at 52-0.

In the fourth quarter Parker's pass to Tony McWhorter continued the Steer stampede and McWhorter added the conversion point. Another Parker pass, this time to Clark for 15 yards, ended the scoring spree. Parker converted for a final 66-0 count.

RECIPE OF THE WEEK

BY MARY LEE TAYLOR

Fudge

Broadcast: December 1, 1951

- Mix well in saucepan.
 - 6 tablespoons cocoa
 - 1/2 cups sugar
 - 1/2 cups evaporated milk
 - 1/2 cups heavy cream
 - 1/2 cups shortening
 - 1/2 cups water
- Cook over low heat, stirring until sugar dissolves. Boil slowly, stirring often until candy forms a soft ball when a tiny bit is dropped into cold water. Cool at room temperature, without stirring, until lukewarm, or until hand can be held comfortably on bottom of pan.
- Add, then beat until candy holds its shape.
 - 1/2 teaspoon vanilla
- Press into greased pan about 9x5 inches.
- Press into top of fudge at 1 1/2 dozen shelled nuts* (not salted).
- When firm, cut into eighteen 1 1/2-inch squares. Makes 1 1/2 pounds.

*Pecans, walnuts, filberts or almonds can be used.

You Will Need:

Shown are two reindeer in their pens, where they grow fat and sleek in preparation for their annual tour with Santa Claus during the Christmas season. Saint Nick and his reindeer are coming to Haskell Tuesday, Dec. 4th to open the holiday season here with a parade at 4:30 p. m. on that date. Santa will have a huge bag filled with candy to be given to the little folks attending the parade.

Shortage of Structural Steel May Curtail Building Activity In 1952

DALLAS, Texas.—Will they be able to build that new school, office building, or bowling alley, during the first three months of 1952?

"There just isn't enough structural steel to go around during the first quarter of the new year," replies Ernest L. Tutt, regional director, U. S. Department of Commerce-National Production Authority.

Structural steel authorized for construction during the first 3 months of next year totals approximately 900,000 tons out of an estimated supply of 1,425,000 tons. This compares with the 4th quarter allotments of about 890,000 tons out of a total supply of 1,300,000 tons.

The educational program determinations will provide materials for continuing construction on all elementary and secondary school projects under way in the first quarter, and, in addition, will permit more than 300 new starts throughout the United States. This assumes that there will be minimum conversion to the use of reinforced concrete as against structural steel.

"The major attention in the education program will be focused on elementary and secondary schools, and there will be much less material flow in the first quarter of 1952 to projects

in the fields of higher education than in the fourth quarter of 1951," Mr. Tutt explained. "As to office building, we had to determine what could possibly be postponed in order to support the programs most essential to the mobilization effort and the maintenance of a healthy economy."

"How about that new road near my place they've been planning?"

"Again, structural steel constituted a severe limiting factor in the material authorizations to the Bureau of Public Roads. Quantities allotted here are substantially below stated requirements and less than the authorizations made for the fourth quarter of 1951. While the levels authorized for first quarter 1952 compel deferral of less essential road construction, given proper distribution the quantity is sufficient to meet pressing urgent road construction and repair problems, including access roads in defense areas."

"Only minor quantities of structural steel will be available for commercial and recreational construction. This includes that 'bowling alley,'" Mr. Tutt concludes.

Housecleaning Can Be Made Easier With Planning

House cleaning and the energy it requires can be minimized, say home management specialists with the Texas Agricultural Extension Service. To begin the homemaker should take time to plan it, outlining each step. Then decide which job needs to be done, who will do them, and the best method to use. Next, select tools and equipment which will be most useful.

Distribute cleaning jobs over a period of time rather than crowding them all in a few days, urges the specialists. If windows are to be washed one week, wait until the next week to launder curtains.

Hard-surfaced floors are easier to clean than fabric floor covering, and therefore are recommended for areas of the house receiving heavy traffic.

Long-handled cleaning tools prevent strain from stooping, lifting, and kneeling, it is pointed out. A small table on wheels or a basket for cleaning supplies will save many a step. For washing windows and woodwork and various levels, a sturdy stepladder will insure safety and it is handy for many occasions, conclude the specialists.
