Three Violators Fined \$519.60 On Liquor Charges

Three complaints charging violation of the liquor laws resulted in fines and court costs amounting to \$519.60 being imposed in County Court during the past week. In addition, a small quantity of whiskey and about 12 cases of beer were confiscated by officers making the arrests.

A resident of Spur who had nine or ten cases of beer in his car when accosted by City Police Officer C. B. Loper, was fined \$100 and costs after entering a plea of guilty before County Judge Alfred Turnbow. The complaint was signed by Officer Loper.

Heaviest fine, \$250 and costs, was assessed against a Rochester man who was charged with possession of liquor for the purpose of sale. Deputy Sheriff Harry Donohoo and City Marshal Bo Loper of Rochester confiscated a small quantity of whiskey Thursday night, found on the premises occupied by the defendant. When first arraigned the defendant pleaded not guilty and perfected bond of \$1,000. Late, he returned to change his plea and accepted the \$250 fine.

Friday evening, Sheriff Bob Cousins and his deputies seized two cases of "iced down" beer when they visited the home of a well known Mexican living in the colored section of Haskell. He was assessed a fine of \$100 and costs on a plea of guilty.

Funeral services for Enoch Patrick (Pat) Sullivan, resident of Haskell county for the past 33 years, were held at the First Baptist Church Sunday at 4 p. m., conducted by the Rev. Jack D. West, pastor of the Pinkerton Baptist Church, and the Rev. S. M. Malone, pastor of the Assembly of God Church in this city.

Mr. Sullivan died at 2:25 p. m. Saturday in the Haskell County Hospital. He had suffered from heart trouble for several months.

Mr. Sullivan was born Oct. 1, 1880, in Louisiana. He came to Haskell in 1918 from Jones county and had lived here since. He was employed for several years with the State Highway in farming and later engaged in farming until his health began to fail. Recently he made his home with a nephew, Reuben Heavington of Haskell.

One sister, Mrs. Ollie Lees of Rule, survives, also 8 nephews and six nieces.

OPS Price Clinic Will Be Held Here Thursday, July 12

A "Price Clinic" to assist all Haskell County businessmen with OPS price problems will be conducted in the Chamber of Commerce, Thursday, July 12, beginning at 9 a. m.

Announcement of the price clinic came from Fort Worth District OPS. A price specialist, representing the office will be in the city for the clinic.

Ellis H. Boyd, district OPS director, pointed out that even on a county to county basis, price regulations constitute a big job. OPS statistics show that about seven million dollars in retail sales were recorded for Haskell County last year. A business survey conducted by the OPS revealed more than 140 business establishments in the city of Haskell alone.

"A good percentage of these firms come under OPS regulations," said District Director Boyd. Everything from manufacturing to the service of a baby sitter or practical nurse is covered, he said.

Merchants, regardless of their type of business are invited to take their problems to the clinic.

Dr. Joe Thigpen joins staff of Haskell Clinic. Association of Dr. Joe Thigpen with the Haskell Clinic, in the practice of medicine and surgery was announced this week. Addition of Dr. Thigpen increased the staff of the clinic to four physicians and surgeons, including Dr. E. M. Kimbrough, Dr. Ben M. Nail and Dr. James F. Cadenehead.

Dr. Thigpen was reared in Bay Springs, Miss., and graduated from high school in that city. He attended Baylor Medical College, where he received his degree as Doctor of Medicine in June, 1950. Following his graduation he served his internship in Hermann Hospital in Houston.

During World War II he served four years in the U. S. Air Force in Panama and in the Pacific theater, where spent two years as combat pilot.

LIEUT. CLIFTON COBB

Lt. Clifton Cobb Recalled to Active Army Duty

First Lieutenant Clifton C. Cobb of this city, overseas veteran of World War II has been recalled to active Army duty and has received orders to report July 22 at Brooke Medical Center, Ft. Sam Houston.

Lt. Cobb, native of Haskell county, has been connected with the Haskell office of the Stamford Production Credit Association since his separation from service in November, 1945, after cessation of hostilities in World War II.

Lt. and Mrs. Cobb and their children, Cecile and Donald, expect to leave around July 20 for San Antonio and will make their home there while he is in the service.

After the outbreak of war with Germany and Japan, Cobb entered the service as a private June 11, 1942, and took his training in the Army medical service at Camp Grant, Ill. He went overseas to the ETO in October, 1943, and served as Sergeant Major with the 65th Medical Group in General Patton's 3rd Army until receiving a direct commission as Second Lieutenant in February, 1945. After being commissioned from the ranks, Lt. Cobb served as registrar for the 1045 Evacuation Hospital. His service with the 3rd Army took him through France, Germany, Belgium and Luxembourg. He earned five campaign stars for engagements through which he served, the battles of Normandy, Central Europe, Northern France, the Rhineland and the Ardennes.

Court Reporter Joe Williams on vacation. Joe Williams, 39th district court reporter, accompanied by Mrs. Williams and their daughter, Carolyn Gay, left Sunday for Austin where Mr. Williams will attend a 3-day shorthand reporter seminar. From there they will go to Galveston, where they will spend the remainder of the week on vacation.

They will return by way of Waco for a brief visit with relatives and friends in that city.

Breckenridge Man In Hospital After Resisting Arrest

Separate complaints charging driving an automobile while intoxicated, disturbance, and resisting arrest have been filed in County and Justice Court against a Breckenridge oil well driller who is under treatment in the Haskell County Hospital for a gunshot wound in his right knee.

Named in the 3 complaints was Melville C. Robenson, whose home is in Breckenridge. County Attorney Royce Adkins said. Robenson had been working in the oil field near Vernon recently, the official said. The complaints were signed by Deputy Sheriff Harry Donohoo.

Charges against the Breckenridge man resulted after officers were called to the vicinity of Weibert Saturday night to investigate a reported drunk driving offense.

Deputy Sheriff Donohoo, accompanied by City Officer C. B. Loper, who investigated, found that the Breckenridge man's car had left the highway and crashed into a fence.

Driver of the wrecked car resisted accompanying officers to Haskell, but after some difficulty was placed in the officer's automobile. A few miles north of Haskell, officers said the man drew a pocketknife and the officers were compelled to stop their car in order to disarm their prisoner. In the ensuing scuffle, Deputy Donohoo received a cut on one finger. Both officers fired their guns at the ground while trying to disarm the man, and one bullet struck the Breckenridge man in the right leg, near the knee. After finally disarming the man, officers brought him immediately to the hospital here for treatment. Hospital attendants said Tuesday that the Breckenridge man was recovering nicely, and that no serious effects would result from his injury.

New Officers of Rebekah Lodge Installed Monday. New officers of Haskell Rebekah Lodge were installed at the regular meeting of the order held Monday night in the IOOF Hall. An exceptionally large attendance of members were present.

Presiding for installation ceremony was District Deputy President Erma Watson and her staff, composed of Callie Robinson, Deputy Marshal; Gertrude Wasson, Deputy Vice President; Leone Pearsey, Inside Guardian; Hazel Tyler, Outside Guardian; Eva Speer, Chaplain.

Officers installed were: Opal Bark, Noble Grand; Mary Kingston, Vice Grand; Ethel Bird, Color Bearer; Sarah Holt, R. S. N. G.; Trentie Miller, R. S. N. G.; Letha Evans, R. S. V. G.; Alice Johnson, Chaplain. Officers installed Monday night will serve for the ensuing six months.

Cotton Farmers Warned Of Continued Worm Threat

Haskell county cotton farmers, who have been plagued with weather problems, hail, high winds and disastrous rains during the planting season are faced with another serious threat to the record acreage of between 180 and 190 thousand acres of cotton now up to a good stand, County Agent F. W. Martin warned today.

The County Agent said that the worst infestation of "careless worms" in years had caused untold damage to cotton in the area extending from Plainview to Texarkana, and that a second crop of worms could cause still more extensive damage.

He advised farmers to watch closely for a second "hatching" of worms which are due to appear in this area around July 11 or 12. Farmers should poison immediately when the worms appear, using one-third to one-half gallon of 60 per cent Toxaphene to the acre in spraying. Poison may be applied by dusting if weather conditions are favorable, Martin said.

The Agent estimates that worms destroyed between 10,000 and 12,000 acres of young cotton in the county during the past two weeks. The insects apparently have slowed down, but conditions are favorable for a much more serious outbreak within the next few days he warned.

11.60 Inches Rain Falls Here During First Half 1951. With heavy downpours in May and June amounting for nine and one-third inches of moisture and end a semi-drought period which had continued since early autumn of last year, total rainfall gauged here during the first half of 1951 amounted to 11.60 inches. Rainfall record for Haskell is kept by John Martin, local observer for the Government.

Rains Sunday night and Monday morning amounted to .94 inch here, Martin reported, to start July precipitation which normally is light, he said. This boosted the year's total to 12.54 inches here.

Northwest of town on the Sam Herren farm, where he keeps weather and rainfall data for the Government, Herren reported total rainfall for the year to date of 13.14 inches. This included precipitation of 1.47 inches gauged Sunday night and Monday, he explained.

Only moisture gauged here during January, 1951, was measured at .08 inch from half inch of snow, Martin reported. Precipitation in the following months was: February, .67; March, .73; April, .80; May, 5.19; June, 4.13. Heaviest rain to date was on May 17, when 2.77 inches was measured, followed the next day with 2.01 inches Martin said. On two consecutive days last month 2.79 inches of moisture was measured, 1.78 inches on June 15 and 1.03 on June 16, Martin reported.

HASKELL COUNTY HISTORY

Brief News Taken from Old Copies of The Free Press

20 Years Ago—July 2, 1931
Misses Nettie and Marguerite McCollum left Tuesday for a month's vacation tour. They will visit St. Louis, New York, and other places of interest, and will spend several days with their brother, John L. McCollum, in Washington, D. C.

Miss Eileen Partlow, county Home Demonstration Agent, will leave this week for Los Vegas, N. M., where she will attend a district Home Industries Conference.
A survey of Haskell county farms recently completed by H. K. Henry, agriculture teacher in Haskell High School, shows a substantial increase in the amount of livestock on farms for the year 1931. On the 15 farms surveyed, 22 hogs are being raised this year compared to 17 last year. 2,925 chickens were raised this year and 2,190 last. Dairy cow population has increased from 59 to 74. The amount of garden acreage has increased from 10.33 acres last year to 15.25 acres in 1931. Only two farmers kept bees but these had increased the number of hives from 15 to 22. Practically all of the farms surveyed are being improved by terracing, 313 acres having been terraced this year. Flocks of chickens have been castrated and cattle tested and vaccinated.
Miss Louise Brooks spent a few days in Mineral Wells and Fort Worth this week.
T. P. Hughes of Georgetown has been in Haskell for several days looking after his ranching interests southeast of town.
Between 18 and 20 threshers are reported operating in Throckmorton county at the present time. The wheat crop there is running from 20 to 40 bushels per acre, oats from 25 to 75 bushels.
Mr. and Mrs. Claud Warren, formerly of Paducah, have purchased the Coffee Shop in the Tonkawa Hotel and will operate the popular establishment in the future.

Both English and Will Tandy came home Thursday from the upper Panhandle and Oklahoma Territory.
Mr. McWhirter says if the fellow who got his buggy whip Sunday night will return it he will ask no questions.
After trying ranch life in Schleicher county for several months, J. E. Jones and family returned this week to Haskell and will probably remain in this section.

It seems that at last the parties who have been prospecting for minerals for several years in the rocky hills in the northeastern portion of Stonewall county, are getting down to business. They have laid out a townsite and are offering lots for sale and have a force of men at work sinking a shaft from which they are taking out ore which is claimed to contain gold, silver, copper and antimony in sufficient quantity to make it profitable. They have an organized company with a capital stock of \$50,000, all paid up it is claimed. They also claim that they have placed a contract for a \$30,000 smelter which is to be in operation by September 1st.

Other parties who own mineral lands adjoining the property of this company are watching developments and preparing to commence mining operations if this company finds profitable ore. Several of our citizens have been over to the new town, which has been named Orient, to ascertain the prospects for opening business houses, and Messrs. Sherrill Bros. & Co. have decided to put a branch of their business there to handle lumber and builder's hardware. The new town is about 25 miles northwest of this place.

40 Years Ago—July 8, 1911
Miss Effie Nola Long has returned from a visit in Mineral Wells.
Bud Smith of Abilene was here Wednesday meeting old friends. He lived here for many years before moving to Abilene.
Miss Louise Lamar is visiting her parents in Graham.
The county is having four concrete walks put across the streets leading to the courthouse.
Mrs. L. D. Morgan of Weatherford is visiting her parents, Mr. and Mrs. J. S. Boone this week.
J. R. and Hugh Burnison of Munday were here Friday. They report crops looking fine in their section.
Lee Pierson reports that his Jersey cow gave birth to twin heifer Jersey calves last week, and that both calves are strong and healthy.
Louis Fields has returned from an extended trip to California.
W. J. Smith, who lives 9 miles southeast of town, was in the city Saturday, and in discussing crop conditions stated that his father, who was living on the Solomon, placed two years ago, planted dwarf June corn the first week in August that year and it matured and made 30 to 40 bushels an acre. It had very little rain but was planted deep. He used four horses to a middle buster. The cultivation was mostly cross harrowing.
Miss Minnie Lindsey is visiting her aunt in Los Angeles, Calif.
It is reported that the Swenson people have surveyors at work cutting their Throckmorton land into quarter sections. Some believe the land will be open to

farm settlers, and the development may help to induce a railroad to build through that section.
Lois and John Morrison of Graham are visiting Mrs. J. S. Rike this week.

50 Years Ago—July 13, 1901
In a difficulty which occurred between two Haskell men Thursday morning one of the men received a severe scalp wound when struck with a hoe, and the other man was cut twice with a knife, once across the muscles of the left arm and once in the left groin. The wounds are not considered serious. The knife wielder was arrested and in an examining trial before Justice Knowles was held to bail in the sum of \$400, which he made.

A total of 591 votes was polled in the county-wide prohibition election Tuesday with a majority voting against prohibition. The drys polled 284 votes while 307 anti-prohibition votes were counted.

Miss Ada Fitzgerald left Thursday to visit relatives at Marlin. Burwell Cox and family returned to Haskell this week from Schleicher County. Mr. Cox sold his sheep and says he will probably buy land and cattle in this county, where he can be a little nearer to civilization and its conveniences.

Messrs. Earnest and Sanders have the building for their new spinning outfit well under way, but work on it has stopped temporarily, waiting for materials.
Both English and Will Tandy came home Thursday from the upper Panhandle and Oklahoma Territory.

Mr. McWhirter says if the fellow who got his buggy whip Sunday night will return it he will ask no questions.

Tying Down Soil In Area Where Grain Crops Failed Is Need In West Texas, Soil Conservation Specialist Writes

Tying down the loose sandy soil in the Panhandle, South Plains and Cross Timbers areas of West Texas is one of the greatest tasks confronting soil conservationists, both farmers and ranchers and professional men, writes Louis P. Merrill, Fort Worth regional director of the Soil Conservation Service, in an article written for the June issue of West Texas Today, the West Texas Chamber of Commerce Magazine.

Merrill declared that this, and other soil conservation jobs, can be speeded up because of recent consolidation of the soil conservation functions of the Department of Agriculture. It enables farmers and ranchers taking part in the Production and Marketing Administration's agricultural conservation program to receive technical help from the Soil Conservation Service whether or not they are district cooperators.

West Texas land without enough plant or residue cover to prevent wind erosion totaled 3,387,000 acres on May 1, much of this exposure having resulted from wheat crop failure, said Merrill.

The writer said farmers were advised by SCS to plant grain sorghum instead of cotton where wheat had failed. Sorghum, it was felt, is a much safer crop and a profitable one, too. It was advised that if cotton were to be planted, strips of sorghum be planted also to break the force of winter and spring winds.

Merrill added that sorghum stubble and strips of sudan grass or other tall-growing crops have proved their effectiveness in controlling wind erosion on sandy West Texas cotton and peanut land. Many farmers have learned that winter cover crops alone are not enough, he said. Strips are needed especially in dry years when winter crops fail as they did in the 1930-31 season.

The article concluded as follows:
The growing of properly fer-

tilized legumes to improve the soil is fast becoming a general custom. Stubble mulching—leaving crop residue on the surface to conserve soil and moisture—is also becoming a West Texas practice. Here too, however, is room for expansion.
Irrigation is an important conservation practice that is being carried out on a widening scale in West Texas. Other mechanical measures, such as contour furrows, terraces, diversions and water spreaders, are helping to control erosion, conserve moisture and make land more productive.
Management of grass goes hand in hand with the vast West Texas livestock industry. Much has already been done in improving range conditions, much remains to be done. Proper stocking rates, deferred grazing, clearing of invading brush and trees, and range and pasture re-seeding are parts of the grass management job that are proving of great value to the stockmen as well as all of the people of West Texas.

Buffalo Grass Is Found Practical For Lawns

Buffalo grass will make a good covering for your lawn. It is a time saver because it is drought-resistant and low growing. This grass is recommended for West Texas by Sadie Hatfield, Home-stead Improvement specialist for the Extension Service of Texas A&M College.

The specialist says the grass is some times called "mesquite grass" or "curley mesquite grass," and even "short grass." It grows from South Texas to the Dakotas. It is a favorite of cattlemen for their stock. This is the grass used by early settlers on the plains for making sod houses.

To get a start, the specialist recommends planting gweed or sod planting sod is preferred. If you sow seed, you may get a poor stand. Select sod of seed bearing plants and you will have less moving to do. Get sod two to three inches square and three to five inches thick. Plant twelve to eighteen inches apart to cover your lawn immediately. Water well and keep out the weeds.

The specialist says early fall and spring are best for sodding Buffalo grass, but many people are successfully starting lawns any time of the year, if they have plenty of water.

Pack the soil very firmly about the roots and water immediately. Don't keep the sod out too long before planting because it will become too dry.

Buffalo grass does best on tight soil, but does not grow in the shade. Nitrogen fertilizer and barnyard fertilizer with plenty of water force the growth much taller than the usual 3 to 5 inches. So be careful not to over fertilize and make extra moving necessary.

See your county Extension agents for further information. They will teach you to recognize Buffalo grass.

Rochester Methodist Church Closes Successful Vacation Bible School; Carothers Children Hold Reunion

By MRS. JAS. A. GREER
The Vacation Bible School at the Rochester Methodist Church closed Saturday with a picnic on the church lawn.

Mrs. Phil Simmons, superintendent of the Bible School, announced the results as gratifying, and she said that cooperation of both teachers and children was excellent. Mrs. Simmons said that between 70 and 80 children attended the school.

Carothers Family Reunion
Children of the late Mr. and Mrs. A. B. Carothers of Rochester held a family reunion last week at the home of Mr. and Mrs. Dan Christopher on Possum Kingdom Lake.

Mr. and Mrs. Carothers were pioneer ranchers of Haskell county. Mr. Carothers was known as the founder of the town of Rochester and built the first church there. He was also a pioneer in Masonic organizations in the county. He served 50 years as an elder in the Presbyterian Church. Both Mr. and Mrs. Carothers were natives of Tennessee, but came with their families to Texas when very young.

Two of their sons and their families live in Rochester, W. H. and G. A. Carothers. Eight of the eleven children, with five grandchildren and great-grandchildren attended the reunion.

Bess Porter Class Plans Social Meeting Each Month

The Bess Porter class of the Rochester Methodist Church met recently and organized a business and social meeting for one meeting in each month. The following officers were elected:

President—Mrs. J. H. Parsons. Secretary and Treasurer—Mrs. W. A. Robinson.

Reporter—Mrs. O. R. Cox.

Wednesday evening of last week the class met in the home of Mrs. Lewis Hester with Mrs. Floyd Knox and Mrs. Hester as co-hostesses. After enjoying a covered dish supper, a new member, Mrs. Kay Salman, was presented handmade gifts from the class. Present were Mesdames Bess Porter, J. H. Parsons, Ethel Barbee, George Wade, Kay Salman, O. R. Cox, Ted Whiteside, Frank Salman, Thelma Seigler, of Dallas, and the hostesses, Mrs. Hester and Mrs. Knox.

A time each day will be spent in special prayer by the group. The July meeting will be a joint meeting with Mrs. Greer's class at which time tea towels

and aprons will be made for the church kitchen. The meeting will be held in the Fellowship Hall.

Local Happenings
Mrs. Story of Dallas is here visiting in the home of her daughter, Mrs. Kenneth Roberts and family and helping entertain the new granddaughter.

Mr. and Mrs. I. G. Hudson of Big Spring spent the week end here with his mother, Mrs. C. G. Hudson and Mr. and Mrs. Joe Clark.

Mr. and Mrs. Phil R. Simmons and children left Sunday for Weatherford to attend the funeral of Mr. Simmons' aunt, Mrs. W. W. Costhwaite.

J. N. Turner spent a few days in Rule and Goree last week visiting relatives.

Mr. and Mrs. Curtis Guess and little daughter of Weatherford, spent the week end with Mrs. Guess' parents, Mr. and Mrs. J. W. Bell.

Mr. and Mrs. V. Snodgrass of Lubbock spent the week end here with her sister, Mrs. J. L. Reid, Sr. and family.

Maurice Durst of Laton, Calif. is visiting relatives here.

Mrs. Helen Bule of Gilmer is here visiting her sister, Mrs. L. M. Kay.

Mr. and Mrs. Dan Wadzeck are proudly announcing the arrival of a son, Lowrey Douglas, who came Monday, June 25 at the Knox City Hospital. He weighed 7 lbs. and 8 ozs.

Bill Shaver who graduated from law school of Southern Methodist University in June came Friday and visited in the home of his brother, R. A. Shaver Jr. He went on his way to Hiale Center where his parents live.

Dan Smith and William Porter students at Arlington College, came home for the week end.

Rev. and Mrs. Cecil Fox attended a meeting of the minister's and laymen leaders of the Methodist Northwest Texas Conference at Lubbock last Thursday.

Mrs. J. L. Richardson returned home several days ago from an extended visit to Nashville, Tenn., where she had been visiting a sister who is ill. Mrs. Richardson also attended a reunion of her classmates of the Elmwood school there. Before returning home she visited a brother at Birmingham, Ala., and from there went to Chattanooga, Tenn. and sightseeing on Lookout Mountain where she could see into seven states.

General Wakefield noted the following important changes in the Selective Service Act:

1. Men inducted will serve 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.

2. Men are liable for induction at age 19 instead of 18. No man below 19 can be inducted so long as a board has eligible older men.

3. Physical and mental standards for service have been lowered, with the result that some men now classified IV-F will be found suitable for I-A.

4. The present strength of the armed forces, approximately 3 1/2 million, can be raised to 5 million men.

5. Except for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.

6. Men now or hereafter deferred on educational, occupational, farming, or occupational grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.

7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.

8. Men entering the service by way of draft board are obligated to serve six years in the reserves after discharge.

9. High school students will be deferred until graduated, until they attain age 20, or until they fall school work.

10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on basis of this information, but can defer on consideration of it. Some other college students may be deferred on a less competitive basis.

11. No inducted man may be assigned overseas until he has had four months training.

12. All enlistments in the armed forces, reserves and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

Junior Boys District Softball Tourney Will Be Held in Stamford July 16-21

STAMFORD, July 2. — Stamford's Wendeborn Park will be the site July 16-21 of the District 3 Junior Boys Softball Tournament of the Texas Athletic Federation, Ray Crowell, Abilene, District Director, has announced. Counties in District 3 eligible to enter teams in the 1951 meet are Jones, Brown, Taylor, Haskell, Eastland, Fisher, Shackelford, Stephens, Nolan, Mitchell, and Callahan.

Stamford's Exchange Juniors, 1949 and 1950 District Champs, captured State TAAF consolation honors last year in the State tournament. District 3 tournament runner-up was Sweetwater Rebels.

The District Tournament will be a double elimination affair. An all-tournament team will be selected and awards presented. Champion and runner-up will be given trophies in the final night of the tournament.

The tournament winner will receive part of the gross receipts

of the tournament as expenses toward attending the State TAAF meet to be held in Stamford August 3 and 4.

Boys eligible for Junior Softball under TAAF rules, are those under 17 years of age on or before Jan. 1, 1951. Before playing their first tournament game, each team must present a roster with birth dates certified to the tournament chairman, yet to be named, Crowell said.

Those persons desiring more information about the tournament, should contact Bill Longley, Stamford, Texas.

Sportsmen's Ideas On Dove Season Dates Sought

Friday, July 6, will be D (for dove) Day for Texas sportsmen. At that time, the results of the popular poll on hunters preference for the coming mourning dove season will be announced.

The Game, Fish & Oyster Commission, according to the executive secretary, plans to use the results of the poll as a basis for recommending mourning dove shooting dates for the 1951 fall season.

Final action on the dates, hunting hours and bag limits is taken by the Federal Fish & Wildlife Service since mourning doves are a migratory bird, and therefore are under Federal jurisdiction.

This is the first time, the executive secretary said, that the sportsmen's own preference, as indicated by a mail poll, have been used as a guide in this decision.

The Commission asked Texans to write their date ideas to the Game Department, Waite Building, Austin, after considerable conflict in opinion developed over last season's shooting regulations, particularly in the south zone.

Some sportsmen thought that the southern zone mourning dove season should have paralleled the quail hunting season which is set by law.

The southern zone dove season last year was from October 20 to December 3. The quail season set by law is from December 1 to January 16.

The northern zone mourning dove dates in 1950 were from September 1st to October 15.

Chrysler Motors Using 3,000 Newspapers To Carry July Sales Message to Public

Because of the effectiveness of the newspaper advertising campaign during the first half of 1951 Chrysler will use more than 3,000 newspapers to carry its July sales message to the public, reports John H. Caron, Director of Advertising, Chrysler Division, Chrysler Corporation.

The Free Press and a selected group of weekly newspapers will carry Chrysler advertising during July in addition to daily newspapers. Representing a combined circulation of over 51,000,000, the newspaper list was drawn up to obtain maximum circulation penetration into more than 3,000 counties in the United States that are served by Chrysler dealers.

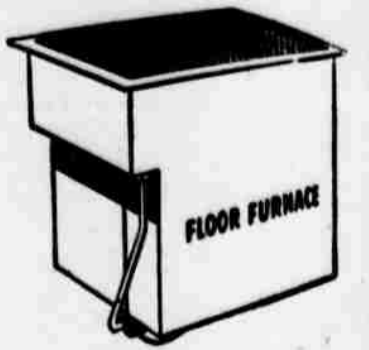

The effectiveness of our hard-hitting advertising program has helped build public acceptance so thoroughly that Chrysler dealers at present have about 35,000 firm

orders for our Fire-Power V-8 models," Caron reported. "In fact Chrysler dealers in some cities are being forced to return deposits because they have been unable to supply the demand." Caron said that both new and used car stocks of Chrysler dealers are well below normal, a condition which he declared was largely due to the effectiveness of the advertising program.

"Our advertising has been concentrated on educating the public to the advantages inherent in the new 180 horsepower Fire-Power V-8 engine, explaining how this engine's designed-in mechanical features make regular grade gas do what premium gases can't do in any other engine you can drive today," Caron said.

The advertising is prepared and released by McCann-Erickson, Inc., Chrysler's national advertising agency.

How to make Wise Tracks to a Beauty

How do you buy a new car?

Are you one of those people who buy on love at first sight?

Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money?

Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks.

It's a sure bet that you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—you'll fall seriously in love with the pace and

power of its bonnet-filling engine.

And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflo Drive* and all-coil springing.

But don't let your emotion be the only judge—be sure to get the practical picture too.

Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine—which means you get a lot of miles from each gallon of gas you buy.

Note that the silken ease you enjoy with Dynaflo* goes hand in hand with real money savings in maintenance costs.

Above all, note what a Buick's price tag includes—how much more sheer automobile you get in a Buick than the same money would buy elsewhere.

How about making tracks to our showroom right soon—checking thoroughly into the matter—and see if you don't fall in love with a smart-buy Buick?

NO OTHER CAR PROVIDES ALL THESE

News From Sagerton

The Sagerton Home Demonstration Club met in the home of Mrs. Herbert Nierdieck Tuesday afternoon, June 26. Mrs. Pete Kittley, vice president conducted the meeting in the absence of Mrs. Reece Clark, president who was teaching Bible school. The meeting was opened with a song led by Mrs. Oelke.

After the business meeting, Mrs. Kittley gave the demonstration on "It's Fun to be Hospitable" and Mrs. Glyn Quade gave the timely topic on Polio. Mrs. Anton Tichelman gave the THDA Legislative Committee recommendations and Mrs. Nierdieck gave her slick trick.

Refreshments were served to Mrs. John Clark, Reece Clark, O. K. Oelke, A. C. Knippling, Pete Kittley, J. C. Kainer, Anton Tichelman, Cliff Gholson, F. A. Stegemoeiler, M. Y. Benton, H. E. Driessner and a guest, Mrs. Lintz of Fredericksburg, mother of Mrs. Oelke, and the hostess.

The next meeting will be July 10 in the home of Mrs. Glyn Quade.

Rev. Lintz of Port Arthur, a brother of Mrs. O. K. Oelke, is visiting with Rev. and Mrs. Oelke and son Luther this week.

Guests in the Cliff LeFevre home Sunday were Mrs. R. S. Crenshaw and Gail of Houston, Mrs. Frank McKeerall and Jean and Bobby Busby of Angleton, Mr. and Mrs. Skeets Jameson and Gary Laughlin of Matador, Mrs. Irene Bell of Los Angeles, Calif.

Mr. and Mrs. Van Laughlin of Rule, Mr. and Mrs. Reece Clark and Glenda, Mrs. Delbert LeFevre, Linda and Larry and Mr. and Mrs. Henry Laughlin all of Sagerton.

Delbert LeFevre was a patient at the Stamford hospital several days with a light case of pneumonia. Edward Neinst and his son, Kenny, were also on the sick list recently. Little Clifford Gholson son of Mr. and Mrs. Cliff Gholson, was on the sick list Monday.

Mrs. Vera Cleveland of Olney visited Mr. and Mrs. John Clark last week end.

Judy Gunn, daughter of Mrs. John L. Gunn, is visiting in Spur with Mr. and Mrs. E. D. Engleman. Her brother, Billy, came home this week from Clyde where he had been visiting his grandmother, Mrs. Tabor. Another son of Mrs. Gunn, Jacky, who attends Tarleton State College at Stephenville was home for the week end.

This community received about 2 inches of rain Monday morning and it was welcomed by everyone as they were ready for a rain at this time because most of the fields were clear of weeds.

Dan LeFevre entertained a group of young people with a party in the home of his parents, Mr. and Mrs. G. W. LeFevre, Friday night June 29. The group of teen-agers reported a good time.

Morris Seigler of Lubbock was a week end guest of Mr. and Mrs. A. C. Knippling.

Pvt. J. D. Kupatt, son of Mr. and Mrs. Bruno Kupatt, who is stationed at Fort Sill, Okla. was home last week end with his parents.

A very successful Bible School at the Sagerton Methodist Church held its final session Friday afternoon of last week when the children were treated to a picnic by their teachers and mothers. The average daily attendance was approximately 50 children.

Mr. and Mrs. Chas. Clark of Holliday spent last week end with Mr. and Mrs. John Clark. They accompanied Mr. and Mrs. Clinton Smith of Wichita Falls here. The Smiths stayed in the home of Mr. and Mrs. Charles Clark.

Mrs. Frank McKeerall and her two grandchildren, Martha Jean and Bobby Busby of Angleton came in Sunday for a visit with Mr. and Mrs. Cliff LeFevre and other relatives here.

VISIT IN HOME OF MOTHER
Mr. and Mrs. O. B. Ratliff and children, Almeida and Alan, of Lubbock, were visitors Friday in the home of Mr. Ratliff's mother, Mrs. L. D. Ratliff in this city.

Stamford P. C. A. Stockholders Meet Set Friday, July 13

A large attendance from among 1800 members of the Stamford Production Credit Association is expected at the annual stockholders meeting to be held in Stamford on Friday, July 13, according to C. G. Burson, president of the association.

Registration is to start at 9 a. m. at the Texas Cowboy Reunion Roundup Hall.

A business session will be held beginning at 10 a. m. This will include reports of the past year's business, as well as the election of two directors. Nominees for directors are J. C. Moorhouse of Benjamin; Lasater Hensley of Guthrie; Roy Moritz of Stamford, and J. E. McCulloch of Stamford.

Some outstanding entertainment features are scheduled, and following this there will be an award of attendance prizes. The meeting will adjourn at 12:15 and will be followed by a chuck wagon dinner for all PCA members and their families.

Defense Training Pays Off In Olney Disaster

Early in January, Texas home demonstration club women began their civil defense work. The county home demonstration councils appointed Civil Defense Chairmen to coordinate their efforts with the county defense program. Each club selected a chairman to extend the plans into every community. The immediate goals were first aid and home nursing training for each family.

Maurine Hearn, state home demonstration leader for the extension service of A&M College, says many counties have completed this initial training. She says home demonstration agents have assisted in giving information and arranging for the American Red Cross courses. Two bulletins, "Survival Under Atomic Attack" and "What You Should Know About Biological Warfare," have been distributed.

Miss Hearn says indication of the value of this type of preparedness was shown during the recent tornado disaster at Olney in Young county. Lucille King, home demonstration agent, had just completed a demonstration with the 4-H girls on "What To Do in Case of an Atomic Attack." The girls reported they knew how to crawl under their desks and away from the windows, so there were only a few scratches as a result.

The Olney and Graham Home Demonstration clubs had just completed their first aid course, and were ready to assist. They helped set up an emergency station for the workers clearing away debris. The Indian Mound, Ellisville, Loving and Profit Home Demonstration clubs sent collections of clothing, towels, bedding and cooking utensils; Lake Eddleman and Red Top Home Demonstration clubs contributed money.

Every club in the country is making a survey of the number care for in emergencies. The tornado showed them the necessity of people their communities could of being prepared.

Independence Day Are Ours Numbered?

Independence day brings to mind the noble deeds others before us have performed so that we may live in freedom. It is only because of their great sacrifices that we, the living, are now enjoying the blessings of liberty. Let their heroism be the torch that lights our way. Let theirs be the example that guides us successfully on our path in these perilous days. Let us not forget the four freedoms for which we strive.

- FREEDOM OF WORSHIP
- FREEDOM OF SPEECH
- FREEDOM FROM FEAR
- FREEDOM FROM WANT

Let us be of what service we can to you in striving for freedom from want

Annual Lueders Baptist Encampment Opens Monday for Five-Day Session

Baptists from 12 counties will gather at Lueders on July 9 for a five-day session of inspiration and fellowship.

An estimated 500 to 600 Baptists of all ages are expected to attend the annual Lueders Baptist Encampment of District 17, according to Rev. Henry Littleton, district missionary.

Inspirational speakers slated during the week include Price Daniel, Texas' attorney general; Dr. Andrew H. Allen, state Sunday School state training union superintendent; H. L. Wrenn, Snyder businessman and member of the First Baptist Church there; Dr. J. Howard Williams, executive secretary of the Texas Baptist Convention; L. H. Tapscott, state Brotherhood president; Miss Eula Mae Henderson, state WMU secretary.

Dr. Allen will speak Monday night and Tuesday morning; Dr. Gardner Tuesday night and Wednesday morning; Miss Henderson Wednesday night and Thursday morning; Thursday night Daniel, Wrenn and Tapscott will speak. Messages of Dr. Williams Friday morning and night will be the final ones of the encampment slate.

Monday night and Tuesday morning the program emphasis will be on Sunday School and Tuesday night and Wednesday morning discussion will center around Training Union. Women's Missionary Union work will have the spotlight Wednesday night and Thursday morning and the Brotherhood will present its speakers Thursday night and Friday morning.

The Rev. Houston Walker, pastor of the First Baptist Church at Rule, will preach a sermon at mid-afternoon Friday, last day of the encampment. Reports of district presidents will be heard during the final afternoon, as well as reports by Dr. Rupert N. Richardson, president of Hardin-Simmons University and E. M. Collier, supervisor of Hendrick Memorial Hospital.

Conference leaders during the week will be the Rev. A. R. Posey, pastor of the First Baptist Church at Hamlin, adults; J. M. Crowe,

Tom J. Hickman Is New President of Cowboy Reunion

A former Texas Ranger will head the Texas Cowboy Reunion Association for the next year, succeeding J. V. Hudson of this city, retiring president. Officers were elected Tuesday, and the annual reunion closed its 4-day run July 4th.

The new president is Tom J. Hickman of Gainsville one of the first judges of the reunion's rodeo when it was started 21 years ago.

Members of the association also appointed Judge Charles E. Coombes to be life-long secretary and treasurer of the organization. He has been in that job for 20 years. He also was elevated to vice president.

Other officers named Monday include J. V. Hudson of Haskell, retiring president, new chairman of the board; Price Maddox of Sweetwater, first vice president; Joe B. Matthews of Albany, second vice president; O. F. Jones of Colorado City, range boss; W. C. Goodwin of Breckenridge, wagon cook; and Rufe Denson of Guthrie, horse wrangler.

How many "Independence Days" have we left?

"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed..."

Immortal words from the Declaration of Independence, adopted on the first 4th of July, just 175 years ago.

THESE WORDS are the stones upon which man built history's greatest work—the United States of America. Remember them well!

"... all men are created equal..." That means you are as important in the eyes of God as any man ever brought into this world. You are made in His image and likeness. There is no "superior" man anywhere.

"... they are endowed by their Creator with certain unalienable rights..." Here is your birthright—the freedom to live, work, worship and vote as you choose. These are rights no government on earth may take from you.

"... That to secure these rights, governments are instituted among men..." Here is the reason for and the purpose of government. Government is but a servant—not a master—not a giver of anything.

"... deriving their just powers from the consent of the governed..." In America, the government may assume only the powers you allow it to have. It may assume no others.

From Concord to Korea, your kinsmen have fought and died for the principles of America's Declaration of Independence: belief in God... belief in the God-given rights of man... belief that man is more important than government... belief in the vital need for morality in all man does.

But on this Independence Day, as never before, these beliefs are in deadly peril. There are people in America who would deny your God-given rights, who prefer expediency to morality, and who would make government the master—not the servant—of man. These people are the advocates of an all-powerful, all-providing socialistic government to control your destiny from cradle to grave.

The time has come to answer them with your own "Declaration of Independence"...

Declare that government is responsible TO you—rather than FOR you.

Declare that freedom is more important to you than "security" or "survival."

Declare again that the rights God gave you may not be taken away by any government on any pretext.

Our founding fathers accepted the truths of America's Declaration on faith alone. Today, our nation is proof—absolute and irrevocable—that these truths work. They are the last great hope for the protection of human civilization.

FREEDOM NEEDS YOU

On this 175th anniversary of the Declaration of Independence, help give the day the spiritual, religious meaning it had to the founding fathers.

Renew your faith and allegiance to the immortal truths stated in the Declaration. Make them an active part of your thinking, your acting, your voting.

Pray for help in maintaining man's closeness to God, in preserving man's God-given rights and responsibilities against those who would make you dependent upon a socialistic, all-powerful government.

"... we need only to recall that the substance of (America's) formula is continuous, strict and closely guarded limitations upon the power of government. Neither the peril of war nor the promise of welfare must ever serve to relax any item of this formula..."
From "The Key to Peace" by Dean Clarence Mackin.

Use of Chemical "Weed Killer" Causing Crop Damage In Some Areas of State

State Commissioner of Agriculture John C. White, in a news release this week from Austin states that numerous reports of crop damages from hormone herbicides such as 2,4-D, are coming into the Commissioner's office daily. The majority of these crop damages are being caused by people using this chemical who are without state license to do so. Such license may be obtained from the State Department of Agriculture upon application in writing for a nominal fee.

People using 2,4-D or any of its derivatives should bear this in mind. In addition to a general law protecting people against injury, there is a special law governing the use and sale of 2,4-D or any of its derivatives in many counties in Texas. Such local officials as the county judge, the county attorney, or perhaps the county agent and vocational teacher in agriculture can give good advice on the contents of this special law regulating the use and sale of these chemicals referred to above, commonly called "weed killers."

In enforcing the law with which he is charged, the Commissioner's first desire is to prevent any violations that are possible. For that reason he is asking the press and radio to call people's attention to such a law. The violations are too wide-spread and the injuries are too extensive over the State. A day of reckoning is coming to a lot of folks if they do not observe the provisions of this law regulating the use and sale of these "weed-killers."

Briefly, users of these "weed-killers" should be registered with the State Department of Agriculture showing they have a bond, permit or license. The sellers of this chemical should do the same. The law requires this in many counties in Texas, and as above stated, your local officials know to which counties this law applies. In such counties, the Department is obliged to inspect your 2,4-D spraying equipment and may inspect the land where it is used. All this is for the purpose of protecting valuable crops such as cotton, legumes, shrubs, and vegetables against injury; and at the same time allow producers of such crops as grass, small grain and rice to kill out their weeds and brush.

By all working together and using precaution, 2,4-D and its derivatives can save Texas agriculture a lot of money. In many sections of the State weeds and brush are the number one problem. By following the information and guidance of our research people on 2,4-D, it can be used with perfect safety.

Mr. and Mrs. Hauser have moved to Haskell and plan to make their permanent home here.

Willow Cemetery Endowment Trust Now Totals \$27,000

Report of the Willow Cemetery Endowment Trust for the fiscal year ending April 25, has been announced.

The report shows a total of \$27,000 in the special and general funds. Of this total, the special fund has \$22,000 in bonds and \$500 in cash on hand, with the general fund showing \$5,000, all in bonds. Cash received during the fiscal year totaled \$3,950.

The report was submitted by W. D. Rogers, secretary and treasurer, and R. C. Couch, Sr., president of the endowment trust. It was passed and approved by an auditing committee for the public, composed of B. C. Chapman, J. V. Hudson and W. R. Johnson.

The following trust endowments have been sold during the period covered by the audit, according to records in the County Clerk's office:

Mr. and Mrs. D. L. Scifes have moved back to Haskell from East Texas and he has accepted a position with the Service Pipe Line company here. Mrs. Scifes is the widow of John Scifes and was long-time editor of The Free Press until her husband moved to East Texas several months ago.

Swimmers Advised To Observe Rules Of Water Safety

The old "swimming hole" provides welcome relief from the heat of summer but if the rules of water safety are ignored by the swimmer, results can be disastrous.

The number of swimming casualties, says W. L. Ulich, extension agricultural engineer and member of the State Farm Safety committee of Texas, is directly in proportion to the care that is exercised by those who participate in water sports. He points out that there are seven cardinal water safety rules and offers them to those who will visit their favorite swimming pool, lake, river or beach this summer.

Never swim alone or in unfamiliar water and don't try to swim long distances, especially in cold water unless followed by at least two people in a boat. Ulich says never dive into water until you are sure that no under-water obstructions are present. Don't go into the water for at least one hour after eating and don't stay in the water after you become tired or cold.

He says the careful water sportsman will never take a chance with a small boat in rough water. And last but not least in importance, he adds, don't move around or "cut-up" when out in a small boat. Entire groups have drowned as a result of a careless act on the part of just one member of a boating party.

Practice safety whenever you are in or around water. Don't ruin your picnic, summer camp or vacation, warns Ulich, by forgetting even for a moment that water sports can be dangerous.

VISITING IN DENVER

R. J. Reynolds and Bobby Wilson, son of Mr. and Mrs. E. R. Wilson, will leave Friday for Denver, Colo., where they will visit in the home of Mr. and Mrs. R. V. Reynolds.

NTSC Coeds Favor Three-Child Family, 'Understanding' Husband, Survey Shows

Mothers of the future favor a 3-child family and modern methods of discipline, a poll of 100 co-eds at North Texas State College revealed recently.

A cross-section of the campus female enrollment also indicated that the girls want to marry an "understanding" man, in most cases patterned after their own fathers. The poll was conducted by the Campus Chat, student newspaper at NTSC.

Asked the number of children they expected to have, the majority of the co-eds set the number at three. However, one co-ed, who prefers a "roving type" of husband, said they would have no children at all.

The majority of females questioned stated that they would definitely use the modern concept of discipline on their youngsters. They were in favor of banishing the "rod" and trying to prevent frustrations which might cause the child to be "bad."

One girl was content with "mother's techniques" of caring for children. "I'll be inclined to do things the way they've been done in the past," she said; "those new ideas don't make for very peaceful homes."

"What kind of father do you want for your children?" the co-eds were asked. He should be "appreciative and affectionate toward the children, and good looking," interviewers were told.

Legislature's Crime Committee Sets Public Hearing of Gambling Group

AUSTIN — The crime-busting 52nd Legislature has adjourned but the laws it passed were being studied by law enforcement officials this past week and its House Committee was studying records and getting set for public hearing on the Maceo gambling group in Galveston. The hearing is slated for June 25.

With the aid of Attorney General Price Daniel, Director of Public Safety Homer Garrison and State Auditor C. H. Cavness, the five-man House Committee is assembling its evidence. The committee also has asked public officials of Galveston to testify at the hearing.

Six major crime-prevention laws were passed during the session and a dozen or more bills tightened court procedures bringing criminal suits to justice.

The new laws outlaw the mere possession of slot machines, punch boards, and policy or "numbers" games and nitroglycerin used in safe-cracking and bombing. The Legislature placed a tighter clamp on "goof balls," the small barbiturate pill that results in emotional binges which frequently lead to criminal activities, and

Slot machines were a principal target of the Legislature. The new law gives owners or those possessing slot machines until Sept. 7 to get rid of the one-arm bandits. After that possession of slot machines can mean two to four years in the penitentiary.

Punchboards were outlawed with penalties of \$100 to \$1,000, fines or 30 days to a year in jail, or both, slated to be given violators for the possession of such devices.

The policy games, or "numbers racket" were made illegal in the closing hours of the session. Violations of this law will result in fines of \$100 to \$1,000, or up to 90 days in jail, or both.

The new "hot check" law is

Sagerton Youth Is County's First Polio Patient

Haskell County's first polio case of the season was reported this week, when Melton Mathis, 19-year-old son of Mr. and Mrs. L. T. Mathis of Sagerton was placed under treatment in the polio ward of Hendrick Memorial Hospital, Abilene.

The youth became slightly ill Monday and was brought to this city, where a Haskell physician advised removal of the boy to the Abilene hospital for observation and further diagnosis. Wednesday, attendants at Hendrick Hospital reported the youth to be ill with poliomyelitis.

Negro Woman, Mother of Six, Now Has Twins

Twins, a boy and a girl, were born to a Negro woman, Anna Mae Matthews, in the Haskell County Hospital Saturday, May 30.

Combined weight of the twins was 8 1/2 pounds. Ten baby boy weighed 4 1/2, and the little girl 4 pounds. The infants are normal and healthy and are doing nicely, hospital attendants said Monday.

The mother picked matching names, Bennie and Winnie, for the twins.

The 38-year-old mother has six other children, ranging in age from 18 months to 15 years.

Last year's income from hunting and fishing leases in Texas exceeded \$2 million and the sale of furs added several million more to the wildlife income of the state.

Organized Recreation Provides Training Ground for Developing Future Leaders

Inauguration of a diversified statewide organized program of recreation in 1949 by the A&M College Extension Service recognized the benefits of play upon family and community relationships. It was set up under the direction of a specialist to provide wholesome activities for all age groups to teach families how to have a good time and thus form a basis for good family relations.

This general basis was grouped into four levels of participation, namely, individual, family, club and community. However, since the field adaptable to recreation was very wide, the initial need in forwarding the plan rapidly was by assistance by youth and adult volunteer leaders. The first step to this end was a series of one-county training meetings in most of the 14 extension service districts, particularly with 4-H groups, as a demonstration to the district at large. This work stimulated interest in local leadership, as well as clubs and communities in the value of recreation programs.

The schedule of training in 1950 was expanded to include county extension agents. It also embraced types of recreational activity for all age groups together with the techniques for teaching them. Emphasis was upon training local leaders and planning. Agents took part in planning of various events favored in their counties.

Statewide events in the field of recreation during the year were a Conservation Camp for leaders from the extension districts, and a Leadership training camp. Meanwhile, the specialist assisted county extension agents and leaders to arrange camps for boys and girls which would give the groups opportunity to share wholesome camping experience. She also cooperated with committees in planning recreation and programs at the State 4-H Round-

Mommy stands high in the eyes of her little daughter, who is almost a carbon copy in a cotton play outfit of the same fabric as her mother's skirt and blouse. The cottons are designed by Glen of Michigan in a coordinated plain and striped fabrics.
