HOUSE FOR RENT.

Good four room house for rent, \$7.50 per month, including city water. Rent payable in advance. Apply at STAR office.

COTTONWOOD LOCALS.

June 17th.—This town is as quiet as the most sedate could require, not even the click of the dominoes is heard on the streets now-a-days.

Cotton chopping and harvesting are demanding all the labor possible and more could be used. The weather is threatening as has been for several days and if it had been anywhere but West Texas we would have rain in endless amount.

F. T. Scott and wife of San Angelo, old citizens of Cottonwood, were visiting friends and relatives in Cottonwood last week. Mr. Scott was once engaged in the Mercantile business in Cottonwood and his financial condition today is evidence of his success in that line.

Ross Respass, who has been in Baylor County for some time, returned to his home in Cottonwood last week.

Only a few from our community attended Trades day at Cross Plains Monday.

W. F. Griffin is putting up a fine lot of baled oats.

Mr. Tom Rudd and wife of Arlington, Texas, are visiting the latter's father, Uncle Seth Ramsey of Cottonwood.

Mr. Z. H. Wilkey is still at the bedside of his mother in Rains County, and who is reported very ill with no prospects of recovery.

S. N. Strahan is in the field this week with his thrasher assisting the farmers to take care of their grain.

For want of time and material I will have to ring off for this time.

Please say to the people again through The Star that Elders Richards and Cohn Primitive Baptist preachers will hold a meeting here, beginning Thursday night before the 5th Sunday in this month (June)

and continue until Sunday night. "Uncle Jimmie."

Sunday School Entertainment.

The entertainment given at the Airdome on Thursday night, June 5th by the Hesperian Class of the Presbyterian Sunday School was attended by a large crowd and was highly appreciated by all. Every part of the program was good and especially the "Fantastic Drill" by thirty-two little girls dressed in red and white. Mrs. Lee Alexander, teacher of the Hesperian Class is to congratulate for the splendid work done by the class. This class is making an effort to raise money to furnish the bath room in the new Manse, which is nearing completion.

By an oversight mention of this entertainment was left out of last week's issue.—[Ed.]

NOTICE.

Owing to the many people who were unable to attend the performance of "The Octoroon" by special request the play will be repeated Friday night, June 30th at a reduced price, adults 35cts, children 25cts. Come early and avoid the rush. Overture 8:30—Curtain 8:45.

NOTICE, SALE.

At a meeting of the Stockholders of Baird College on June 11th, the Trustees were authorized to sell the College building and will sell said building at Public or Private Sale on July 11th, 1913, (same being Friday of said month) in front of Court House door between the hours of 10 a. m. and 4 p. m. Trustees reserve the right to reject all bids.

By order of the Board, W. M. Coffman, Secy.

FARMER HAS NOT MAD A SQUARE DEAL.

(Progressive Farmer.)

Heretofore agriculture has not had equal rights under the law. Old Adam Smith observed in 1776, that since the downfall of the Roman empire, the policy of great nations "has been more favorable to arts, manufactures and commerce, industry of the country," but he probably never dreamed of so extreme a policy of encouraging manufacturing at the expense of agriculture as the United States has now exhibited for half a century and more.

We could ask no better illustration of the ruinous discrimination against the small farmer than that exhibited by both state and national government in the matter of taxation. Nationally, the farmer has been forced to pay exorbitant prices for nearly all his purchased supplies in order to guarantee an excessive and artificial profit to great manufacturing enterprises, many of which have become formidable trusts, selling cheap abroad and dear at home: and in our state governments the struggling farmer, who should pay proportionately less on his property than the man of wealth, has in reality paid more. Not only have the farmer's land and houses and livestock and wagons—all visible property—gone on the tax books, while the city's invisible property has largely escaped, but our legislatures, after making regular property laws, have voted extra taxes, not on the wealthy, but on the poor. There is the sinister shame of the poll tax—a state raising revenue, not by a special levy on the wealthy, but by an indiscriminate collection of the same amount from a struggling tenant, worth \$100, and

a nabob worth \$1,000,000; and the further shame that where an inheritance or income tax is authorized by law, the official often fails to enforce it against the powerful and wealthy who would have to pay, but take the bread from the mouths of the hungry children in order to collect the poll tax from a laborer. Or consider the road tax—payable in labor; six days of work a year in some states required from the farmer or farm labor. In other words, the state confiscates one week's work a year for roads from the poor man; but what a howl to heaven would be heard if it should confiscate a week's income from each millionaire! And yet the millionaire could better afford to pay a week's income for taxation than can the poor man struggling to raise and educate a family from the labor of his hand.—

Lost.—Light brown Jersey cow, about five years old. No brand. Will soon drop calf. Any information thankfully received. A. C. Chaney, Baird, Texas. 28-1tp.

Mr. and Mrs. T. S. Mills of Dalhart, Texas, arrived Wednesday, coming in response to a message that their daughter, Miss Mamie, who has been visiting relatives here, was ill. Tom is now entitled to the honor of Judge, having been elected County Judge of his County, Dallam.

Mr. and Mrs. J. E. Pace of Mangum, Okla., spent a few days in Baird the first of the week visiting old friends among whom they lived so long before they moved to Okla. They left Tuesday for Moran and go from there to Electra to visit relatives. They requested The Star to say they regretted that they were not able to visit all their old friends while here, but their time was limited. We are glad to know that they are prospering.

COME! COME! COME!

No Substitute Could Do This.

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Nebr., of his kidney trouble. He says: "I was bothered with back-ach, and the pain would run up the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble. My Father-in-law, now past 93 years,

has taken them and they have added years to his life. Holmes Drug Co.

ASSET CURRENCY PLAN OPPOSED BY HENRY

TEXAN LAUNCHES OPEN CAMPAIGN AGAINST ADMINISTRATION PROGRAM.

WALL STREET IS SCORED

Bankers Charged with Demanding Legislation to Make Market for Paper, Some of It Bad.

Washington.—Satisfied that President Wilson will declare for asset currency, Representative R. J. Henry of Texas, chairman of the committee on rules, has launched an open campaign against banking and currency legislation at this session of congress. In taking this position Representative Henry lines up squarely against what is known to be President Wilson's desire, and stands in opposition to the views of a number of Democratic senators who favor banking and currency legislation as soon as the tariff bill is out of the way.

Mr. Henry charges that "Wall street bankers are now demanding legislation on currency in order that they may make a market for their commercial paper, much of it based on rotten securities, and have currency issued on their assets." He says the Baltimore platform does not demand immediate currency legislation, and he urges that such legislation be not undertaken until further investigation of the so-called "money trust" can be had. In conclusion, however, he says he is "ready now for the right kind of currency legislation, but never for the plan that turns the currency business over to the banks and corporations.

The statement, which has created considerable interest here, was issued in connection with a bill introduced by Representative Henry providing for the amending of the banking law so as to authorize either house of congress to investigate the books of National banks in connection with an investigation. It was in explaining the purpose of his bill that Representative Henry launched his attack.

John Jacob Astor Estate is Appraised.

New York.—The estate of Col. John Jacob Astor, who perished in the Titanic disaster, was officially appraised here at \$88,000,000. The principal beneficiaries are Vincent Astor, who receives \$68,964,499; Mrs. Madeline Force Astor \$7,678,896; Muriel Astor \$4,856,758 and John Jacob Astor, son by his second marriage, \$2,922,672. The estate is declared to be the largest ever appraised in this country. The cost was remarkably low owing to an understanding by which the estate bore one-half the expenses and the state the other.

College Trustees to Raise \$300,000.

Georgetown, Texas.—The board of trustees of the Southwestern University met last week and elected Dr. W. D. Bradford of Austin president and Rev. R. G. Mood of Sherman secretary. Among other matters taken up was the adoption of a resolution looking to a most thorough campaign for the purpose of raising \$100,000 for building purposes and \$200,000 for endowment. The university showed a gain of 11 per cent over last year in attendance and the financial condition much improved.

Opposes Union Pacific Plans.

St. Paul, Minn.—Attorney General McReynolds has served notice that the government was opposed to giving the Union Pacific railroad any further extension of time within which to dispose of its holdings of Southern Pacific stock as ordered by the supreme court. In doing so, he made known to the railroad's attorneys and to United States Circuit Judges Sanborn, Hook and Smith, at a hearing in the dissolution proceedings, his objections to two of the latest plans proposed by the railroad for getting rid of its \$126,600,000 worth of Southern Pacific stock.

"President Wilson Sincere Patriot."

Champaign, Ill.—With tears in his eyes as he made what he said was "perhaps his last speech," Uncle Joe Cannon made the address dedicating the \$160,000 court house at Tuscola, the place where he started in life 59 years ago. He received a remarkable demonstration. Uncle Joe said that he liked Woodrow Wilson. "In the first place, the president is Scotch-Irish; so is Cannon. Then I like his jaw. It is about like this," and tangled his fingers to illustrate the undesired effect of the Wilson jaw. "Anyone who says Wilson is a fool is a fool himself. Wilson is a sincere patriot."

Pelkey's Trial Set For June 19.

Calgary, Alb.—The trial of Arthur Pelkey on charges of manslaughter in connection with the death of Luther McCarty during their prize fight here on May 24 was set to begin June 19.

Big Bridge Washed Away.

Amarillo, Texas.—The bridge of the Fort Worth and Denver railroad across the Canadian river at Tascosa, 35 miles north of Amarillo, went out under one of the heaviest rises ever recorded, due to flood conditions higher up stream.

MILNER OF A. & M. RESIGNS

Announces That He Has No Statement to Make at This Time.

College Station, Texas.—Col. R. T. Milner, for the past five years president of the Agricultural and Mechanical College of Texas, has announced his resignation from the presidency of the college. The resignation was tendered to the board of directors in their annual meeting and was made public by Col. Milner. He will return to his old home at Henderson, where he will look after his farm.

During the administration of Col. Milner building valued at more than \$500,000 have been erected, and the number of students has been doubled. The college has established a department of college extension also during his administration which has for its purpose the instruction of farmers unable to attend the college.

"At present I have no statement to make concerning my resignation," said Col. Milner. "I have done my duty by the college and no charge of negligence or mismanagement has been made against me to the board of directors, according to the president of that body. I expect to issue a statement soon and until that time I shall have nothing to say."

TRAIN STRIKES AUTO; 2 KILLED.

Mr. and Mrs. Frank Ryan of Dallas Are Victims of Tragic Accident.

Waxahachie, Texas.—As the result of a railroad crossing accident one mile north of Forrester Saturday a two-passenger automobile was completely demolished and two persons received injuries from which they later died. The dead: F. A. Ryan, and Mrs. F. A. Ryan, of Dallas.

Mr. and Mrs. Ryan resided at Dallas and were on their way to Galveston in their car to attend the meeting of the retail druggists to be held here next week. This trip was also to be their vacation and they had planned to remain in Galveston several days following the adjournment of the druggists' convention.

While the machine was crossing the tracks of the Katy about one mile north of Forrester it was struck broadside by a southbound Katy passenger train and almost completely demolished. The car was struck with such terrific force that the machine was hurled a distance of about 80 or 90 feet and landed bottom side up on the right of way fence. One wheel was found fully 300 feet away and the number tag of the machine was picked up at a still greater distance. Pieces of the machine were strewn along the track or a considerable distance.

Mr. Ryan was thrown a distance of about 130 feet and landed on the east side of the pike and on the south side of the railroad right of way. Mrs. Ryan was hurled a distance of about 145 feet and fell on the west side of the pike.

FAVOR RECIPROCITY FOR PAPER.

Majority of Finance Committee Would Put Up Bar Against Canada.

Washington.—Amending the section of the Underwood tariff bill which would place on the free list all paper valued at not more than 2½¢ a pound, the majority members of the senate finance committee voted to incorporate in the bill the provisions of the Canadian reciprocity act passed in 1911.

This action would extend the free list to include all print paper valued at not more than 4¢ a pound on the condition "that no export duty, export license fee or other export charge of any kind whatsoever, or any prohibition or restriction in any way of the exportation shall have been imposed upon such paper, board or wood pulp or the wood pulp used in the manufacture of such paper or board."

Although the word "Canada" is omitted from the amendment by the committee, it would operate against Canada because of that nation's restrictions on exports of wood and chemical pulp.

S. A., U. & G. Capital Stock Increase.

Austin, Texas.—Charter amendments were filed by the San Antonio, Uvalde and Gulf railroad, increasing the capital stock from \$280,000 to \$315,000 and changing the principal office from Crystal City to San Antonio.

Married at Sulphur Springs.

Sulphur Springs, Texas.—Before a brilliant company of friends and relatives assembled at the home of Mr. and Mrs. W. F. Skillman, Hon. Cullen F. Thomas of Dallas and Miss Olga De Grafenreil Sheppard of Sulphur Springs were joined in matrimony. The ceremony was pronounced by Rev. Dr. George W. Truett of Dallas. Immediately following the reception at the Skillman home, and Mrs. Thomas left for New York, whence they will sail June 14 for Europe, contemplating a return to Texas in the fall. Mrs. Thomas is a sister to Senator Morris Sheppard.

Explosion Causes San Marcos Fire.

San Marcos, Texas.—Explosion of gasoline in the grocery department of Griffith's three-story brick department store caused a fire loss estimated at \$75,000. Following the explosion flames instantly swept upward to the second and third floors. The third floor was occupied by the Elks as clubrooms. Lockhart's fire department responded to call for aid with a chemical engine and five men made the 20 mile run in 26 minutes.

Who is going to run Bryan's Commoner, with its owner and editor holding down fat federal jobs?

Had Congressman Henry been appointed Attorney General you reckon he would have ran counter to President Wilson on his currency scheme.

The Fort Worth Record says Comp-troller Lane is a handsome man. Say Fitz, what is your standard of beauty, George Tyler, of Belton, perhaps?

The gasolene wagon is the best good road demonstrator in the world. May the tribe of g. w. owners increase, even if we are never able to pay for a mile ride in one.

The senate tariff committee has skinned, clipped and otherwise maltreated Garner's goats. They have put them, the goats, on the free list, including his hide, tallow, meat and wool. The only thing that remains untouched by the tariff is his scent.

Bryan's Commoner, like Bryan himself, has fared well under the Wilson Administration, Bryan is Secretary of State, a place that most people believed he would not accept, and now his managing editor has been given a fourteen thousand dollar job in the Panama Canal Zone.

Gov. Billy Sulzer, who prides himself on his resemblance to Henry Clay, is having about as rocky time as governor of New York, as Henry Clay had in public life, but so far Sulzer has not staggered the world with any particular brilliant feat of statesmanship.

What is the use protracting the tariff discussion further? President Wilson has made up his mind just what kind of a tariff bill he wants, and congress seems to agree that whatever he says goes, so delays are useless. Let's have the dose, whether bitter or sweet, and get over with it.

It looks like our old friend, Senator W. A. Johnson, of the Memphis Herald, has fallen outside the breast-works. He wanted the job of Minister to Chile, but news comes that with the appointment of Thompson, or Thomson, of Austin, as minister to Columbia, Texans need expect no more appointments in the consular services. We hoped Senator Johnson would land the job, but for the life of us we could not see why he wanted a job in that out of the way place.

So far only two women who held the office of Postmaster in this congressional district, Miss Wyatt at Cross Plains, assistant and Miss Emily Ellis, at Toyah, both failed of reappointment, yet both had splendid records for efficiency and both were the sole support of their respective families, but they were both displaced by men who may prove as efficient postmasters in their respective towns, but if the opinion of the patrons are worthy of belief, the men will have to do exceedingly well.

We suppose the reason Miss Wyatt assistant postmaster at Cross Plains, and Miss Emily Ellis, postmaster at Toyah, failed of appointment as postmasters in their respective towns is that they belong to the so-called reactionary wing of the Democratic party, as they both had fine records

for efficiency as postmasters. Neither were Republicans. One, at least, comes of a line of old time Democrats, and was succeeded by one who was never generally known as an active Democrat, and not so far back at least, some of his people were active in the populist ranks, so say those who ought to know. Doubtless Congressman Smith has satisfactory reasons to himself why these two efficient young ladies were displaced for men.

The Greenville Board of Trade claims it has discovered a joker in the sugar schedule in the Underwood tariff bill, in which after three years sugar that the trustees buy will go on the free list and sugar that the people buy from the sugar trust will carry a tax of two cents per pound. This is serious if true; but we suspected all the time that there was a nigger in the wood pile, because the sugar trust has been the most persistent advocate of free sugar. If they will search carefully they may find another nigger in the wool schedule too. Can it be possible the slick tariff schemers have put one over President Wilson and Underwood?

The election of postmasters by a popular vote is not popular with either the President, Postmaster General or congressmen who are known as "original Wilson men." The popular cry of the Wilson men in Texas just a year ago was, "Let the people rule," but in making appointments to office as well as making a tariff law the rule now is to "let the people roar." Ennis people nominated a candidate for postmaster by a popular vote and he was turned down and a man appointed that polled a very small vote compared with the successful candidate at the primary. Success in the primary in this case did not mean success at Washington "Let the people rule" means only those people who stand in with the powers that be at Washington, it seems.

It looks like Congressman Henry, in his chase after the Money Devil, will come in contact with President Wilson, not that the President favors the Money Devil by any means, but he wants currency reform legislation at this session while Congressman Henry does not. We believe President Wilson is right in demanding speedy action on the currency question, because delay means suspense and possibly worse. We confess we do not know what currency legislation is needed, but the money kings, the big and little bankers and many politicians, who do not know any more about finance than a hog knows about Sunday, all agree that we need a change in our currency laws so lets have it and be done with it.

Mentioning the fact that the school boys of Japan want war immediately with this country, the Ft. Worth Record remarks, "call out the Boy Scouts of America at once." Japan has lots of veterans who know what real war is by actual experience. This country has thousands of old Confederate and Union soldiers that know what real war is. The school boys of Japan may be wise in a book way, but show little wisdom when they want to rush their poverty stricken country into a war with the most powerful nation on earth. Possibly these boys think Uncle Sam is getting old and they want to frighten him, something like the gnat wanted to wallop the bull by lighting on the bull's horns.

E. M. House, of Houston, is credited with being Wilson's silent partner. He is also given credit for electing about all the governors of Texas up to Colquitt. Ed House must really be a wonderful man if he is as all powerful as his friends claim. Warwick, of England, the king maker, was not in it with the silent mysterious governor and president maker of Texas. If Ed House ever cut any particular figure as governor maker in Texas, it is news to most people. He has never been particularly conspicuous in Texas politics up to last year and it is certainly news to learn that we have had a man in this state that could sit in his office and so successfully manip-

ulate the political wires as to make and unmake governors of Texas at will. It is all Tommy rot, piffle. Some newspaper started the story that Ed House carried Texas for Wilson, others added to the story that he made governors of Texas at will, and then came the news that he caused the appointment of at least three cabinet officers and so the story goes. Ed House seems to be an easy going gentleman that does not want office himself, and very likely cares very little about who does fill the offices, but the newspapers love mystery and something about Ed House caused them to suspect he was a great Warwick in disguise. That's all.

Senator Ollie Jones, of Kentucky, is the most rampant free raw materialist in congress. In an interview he excitedly exclaimed that this Republic is entitled to free meats and free cattle and that he would use all the power and influence he had to that end. Fiddlestick! This country is entitled to free clothing, cotton and woolen cloth, free "licker" and free trade generally, just as much so as free meats and cattle. The Democratic senators as well as Republican senators won't let us have free clothing, etc and Morris Sheppard will see to it that we don't get free "licker." This republic is entitled to a whole lot of things that not even the Democrats will not let it have, Senator.

One Texas paper illuminates the tariff discussion by saying the farmers know them it would not help that to place a duty on cotton. We had not heard of any one that wanted a tariff on cotton, because we export cotton and import so little that it amounts to nothing. We would like to ask this paper if it thinks a tax of 20 per cent on cotton goods and cotton yarns will be of any more benefit to the farmer than a tax on cotton. How much would it benefit the farmer to place flour, sugar, wheat, oats, meats, cattle, hogs, and wool on the free list? If the object is not to cheapen all these products of the farmer what is the object in placing them on the free list. If these articles are cheapened who will be the beneficiaries? Certainly not the farmers.

If it is true, as contended by the Greenville Board of Trade that in the Underwood bill raw sugar is to come in free after three years, and that refined sugar will bear a tax of two cents per pound, it will certainly be corrected. The sugar trust has been actively working for free sugar, and to put raw sugar on the free list and refined sugar on the dutiable list would help no one but the trust, because the trust alone buys raw sugar while the consumers buy refined sugar. No one will accuse the President or Underwood of thus intentionally working for the sugar trust, but is not impossible that a joker of this kind may have been slipped into the bill. Such things are often done in legislation and sometimes in such a way that the guilty parties are never discovered. Everyone knows the sugar trust does not care a fig for the public and that said trust officials evidently believe free sugar will be more profitable to them. As to whether the consumers will buy refined sugar any cheaper remains to be seen. The Greenville Board of Trade wired Senator Sheppard about the matter and told him if he wanted to hear the sugar trust roar to offer an amendment placing refined sugar on the free list.

News was received here this week of the appointment of Hon. H. H. Lockett as postmaster of Toyah. Mr. Lockett was last year mayor of the town and is a gentleman worthy of the office and a good citizen of the town and if he succeeds in filling the office as efficiently as has Miss Emily Ellis the people of Toyah will have no kick coming as to his work. Nevertheless, if he goes into office expecting or hoping this, he will be a sadly disappointed man. There will be some who will kick no matter how good the service, how good and obliging the man—just the same as in any other public place of trust.—Toyah Enterprise.

HOW JOE BAILEY EXPLAINED

Texas newspapers are still publishing the letters of Senator Morris Sheppard explaining his action in the Texarkana postoffice appointment. A public official is in hard luck whenever it is necessary for him to go to explaining. Every explanation requires a dozen other explanations to explain the first explanation and the explainer is soon lost on an uncharted sea of explanation that cannot be explained.—Bryan Eagle.

Possible Morris Sheppard learned this objectionable habit from his predecessor, one J. W. Bailey, who is the most striking example mentioned in history of the truth of what you say. He explained himself out of the center of the spotlight into inglorious oblivion.—East Texas Register.

"One J. W. Bailey," never explained nor attempted to explain anything. Whenever his enemies accused him of anything he called them a bunch of seventeen different kind of liars and invited them to go where the snow seldom falls. Then if they put up a fight he proved them to be liars, as the record will show in every instance.

When Judge Gordon Russell, of Sherman was here a few days ago to deliver the baccalaureate address at the A. & M. College, he stated, in the presence of several gentlemen in discussing the senatorial question that "J. W. Bailey was the greatest senator the United States ever had, or ever would have. That he believed as firmly in his integrity and honor as he did in heaven itself, and that he was today recognized as the greatest lawyer in the United States. That in the sixty days after his retirement from the Senate he made \$60,000.00 practicing law."

Not "practicing influence" as his enemies charged when he was in the Senate, as he was then a private citizen. Sixty thousand dollars in sixty days, more money than some of his traducers ever saw, much less earned. This is the "inglorious oblivion" referred to by the East Texas Register.—Bryan Eagle.

ABAS, THE DRUMMER BOY.

A news item says the French government will abolish the drum in the French army. Think of it; we will never again hear of gallant French "Drummer boys" saying to their commanders that they do not know how to beat a retreat, but can beat a charge that will cause the dead to fall into line, etc. Secretary Bryan ought to enter a vigorous protest against this innovation of the iconoclast of the French nation just as a matter of sentiment, if nothing more, for his fictitious Drummer Boy of Marengo that he created over twenty years ago to embellish a tariff speech he made while a member of congress.

OUR VOTERS MORE INTELLIGENT

(By C. S. News Service.)
During the past decade we have shown a decrease of 4 1/2 per cent in illiteracy among the voters of this State. We have had much agitation and considerable legislation seeking to withdraw the ballot from the illiterate and the younger generation is apparently better educate and both causes may have contributed toward our registering a better average.

We have 167 illiterate voters in Callahan County according to a recent census bulletin and 5-4 per cent of our males of voting age unable to write. The per centage in 1900 was 4-5. The percentage of illiterates among the native white voters of this County is 4 per cent foreign born white 4.2 per cent.

Out of 1,003,357 males of voting age in Texas 109,328 or 11 per cent are illiterate. In 1900 we had in the entire State 737,763 voters and 15 1/2 per cent were illiterate.

THE IRISH ARE COMING

(C. S. News Service.)
Emerald Isle is sending a steamer of jovial, sturdy and honest citizens to Texas. According to Uncle Sam who is now acting as gate keeper on our immigration, the Irish are coming to Texas at the rate of five per day and Pat is well pleased with our opportunities. There are no snakes

Dee Williams who has been working for the Baird Light and Ice Co. has been ill for more than a week with typhoid fever at his home in the east part of town. Dr. Griggs, the attending physician, says, while his fever runs rather high he is doing as well as could be expected. We are sorry to hear of the illness of Dee and hope he will pull through allright. People should be exceedingly careful about keeping their premises clean and above all keep the house well screened, and swat the fly on every side.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

MORE SILOS NEEDED IN CALLAHAN COUNTY.

(C. S. News Service)

The Farmers' Union has been conducting an exhaustive investigation into agriculture conditions with reference to the cost of production and value received for farm crops with a view of recommending a substitute for cotton as that industry is already suffering from over-production. In discussing the subject, President Radford of the Farmers' Union said: "The Lord made the greater part of Texas a cotton country and it will always remain the money crop of Texas so long as the farmer markets his crop direct from the harvest field, but I believe with plenty of livestock and a silo a farmer can successfully raise feed stuff and he will be justified in planting less cotton and raising more livestock.

The Federal Census reports show that we have 14,080,936 head of livestock in Texas, and 96 per cent of our farms reported domestic animals.

There were 1772 farms in Callahan County that report livestock when the Thirteenth Census was taken according to report just issued by the Federal Department of Commerce and Labor and the total number of domestic animals on these farms numbered 46894, which has a combined value of \$1,396,191. Cattle is the predominating class of livestock in this County as shown by the following table:

Kind	Number	Value
Cattle	27,526	\$564,159
Horses	6,795	456,384
Mules	3,105	317,815
Asses and Burros	75	13,914
Swine	5382	15,116
Sheep	56	156
Goats	3,957	8,647
Total	46,894	\$1,395,191

CITY BUILDING NOTES.

The way to build a city is to build it. Instead of kicking your town try kicking yourself. All things come to towns that present a solid front. Don't bleed your town to fatten some other—trade at home. What your town needs is not merely to say what your town needs. It is a short cut from the garbage can to the dinner table, via the fly route. Selfishness is responsible for more sorrow in the world than anything else. There must be organized strength, harmoniously working together to build a city. An ad in your local paper is the advance agent that goes ahead and creates the desire. The man who boost intelligently, truthfully and persistently is truly a builder of builders. The merchant who talks mostly about hard times doesn't advertise in his home paper.

NORTHERN HEAT WAVE IS CAUSE OF DEATHS

PEOPLE IN CHICAGO AND SURROUNDING COUNTRY SUFFER FROM SUDDEN CHANGE.

11 DROWNINGS ON SUNDAY

Numerous Prostrations in Windy City and Twelve Serious Cases Develop at Milwaukee.

Chicago, Ill.—Sizzling summer, which has been lurking in the offing, emerged boldly into the open Sunday and baked, blistered and roasted Chicago and all its adjacent territory.

Owing to the fact that it was a holiday, there were no deaths here, as the population was able to avoid the heat, which swept down suddenly, but there were numerous prostration, five of them serious.

At Cedar Lake, Ind., three men drowned and two other occupants of the boat were rescued by guests at a hotel.

In Milwaukee there were twelve serious prostrations and four drownings.

Otto Schroeder, aged 21, drowned in Evergreen Park in the sight of thousands of pleasure seekers who were unable to rescue him.

Charles Lasco, aged 25, drowned in Wauwatosa Pond.

John Noonlieu, aged 69, a Civil War veteran, perished while trying to escape the heat by swimming in the lake at the Soldiers' Home.

Charles Johnson, aged 27, lost his life while rescuing a woman, who had fallen from a boat. He managed to hold her until assistance came and dragged her to safety, but Johnson, overcome by his exertions, sank to death.

Five additional drownings are reported from various lakes in Northern Illinois patronized by Chicagoans, who were fleeing the stifling heat of the city.

SUFFRAGE BILL IN ILLINOIS.

Women Will be Admitted to Ballot if Measure is Finally Approved.

Springfield, Ill.—The woman's suffrage bill, granting women the right to vote for all statutory offices in the state of Illinois, was passed by the house by a vote of 83 ayes to 58 nays.

Pending notice of a motion to reconsider the vote by which the bill was passed, it will remain in possession of the house. Unless the house reconsiders its vote, which is considered not likely, the suffrage bill will go up to Gov. Dunne for his approval or veto.

In order to give notice of a motion to reconsider, Representative McCarty, Democrat, of Chicago, changed his vote from "No" to "Aye." He gave the formal notice that no the next legislative day he would move a reconsideration.

The limited suffrage bill, which is now a few steps from becoming a law, was introduced in the senate on February 11 by Senator P. S. McGill, Republican, and was passed by the upper branch of the general assembly early in May.

Serious Forest Fires.

Detroit, Mich.—Forest fires are becoming serious in Northern Michigan and unless rain comes soon may prove disastrous. Serious fires already have been reported in Presque Isle, Kalamazoo, Iosco and Emmet counties.

Submarine Breaks Record.

Long Beach, Cal.—The submergence record for submarine boats was broken here by a locally constructed vessel, which came to the surface after having rested on the bottom of the ocean off the city for thirty-six hours. The six men who made the endurance test were apparently none the worse for the long stay under the water. The previous record was twenty-four hours, made by the United States submarine Octopus, in 1907.

HONOR TO ALABAMA'S DEAD

This handsome monument to the Alabama soldiers who died in the battle of Chickamauga was dedicated during the recent reunion of the United Confederate Veterans in Chattanooga, Tenn.

200 REVOLT IN MEXICO CITY.

Only Prompt Action Prevented a Street Conflict of Recruits.

City of Mexico.—Two hundred irregulars, who were recently recruited, mutinied in the Peravillo barracks, when they learned that they were to be sent into the field.

They cheered for Carranza, the rebel leader, and were preparing to take chances of gaining a following in the streets against the government when they found themselves looking into the guns of the men of the Twenty-ninth, the same regiment which occupied the palace when Francisco Madero was captured. This regiment had been rushed across the town to quell the mutiny and the irregulars surrendered without a fight.

Although there is apparently no reason for alarm, the people of the capital are manifesting keen anxiety. Stories of a most alarming character were prevalent.

The mutiny at the Peravillo barracks has been exaggerated by repetition until thousands, remembering the battle in the streets in February, appear to believe the reports of risings in the garrisons in all the suburbs.

Several public schools were dismissed earlier than usual and the pupils were urged to hurry home.

The specific grievance of the mutineers was that they were to be sent into the field as part of a regiment of captured Zapata adherents, who had been drafted into the army.

Carranza's main army was decisively defeated by Gen. Pena at Boca Toche, in the state of Coahuila, just south of Monclova, according to the war department. The fighting lasted seven hours and the government announces 200 rebels were killed.

Soap Causes Street Car Wreck.

St. Louis, Mo.—Fifteen people were injured, two probably fatally, in a three cornered collision between street cars when a stretch of track on an incline was soaped for a distance of 300 feet in either direction, the work, the police believe, of either small boys or else older residents who are inimical to the United Railways Company. At this point southbound cars are supposed to wait on a siding for cars northbound to pass.

**SENATORIAL FRANKS
USED BY SUGAR MEN**

MORE THAN MILLION PIECES OF
MAIL CARRIED FREE, LOBBY
HEARING DISCLOSES.

LARGE SUMS DISBURSED

Testimony Shows Hundreds of Thou-
sands of Dollars Used in Fight-
ing Free Sugar.

Washington.—The sugar men them-
selves in their testimony made good
President Wilson's assertion that the
the tariff lobby is spending an im-
mense amount of money, just as Sen-
ator Penrose and others several days
ago confirmed the charge that the
lobby is unusually large.

The sugar men gave evidence that
hundreds of thousands of dollars have
been spent in the fight against free
sugar. It was also brought out that
more than a million pieces of litera-
ture in favor of a duty on sugar have
been sent out under the franks of
Senators. The most striking proof of
the "pull" of the anti-free sugar lobby
in the senate was afforded by testi-
mony that charts prepared by Tru-
man G. Palmer, secretary of the Beet
Sugar Association and for more than
ten years Washington representative
of that interest, had been accepted as
authentic and reliable by no less a
statesman than Senator Henry Cabot
Lodge and used by him in a speech
he delivered advocating the sugar
tariff.

Not only did Senator Lodge make
use of the statistics and charts pre-
pared by the Washington representa-
tive of the beet sugar interests in a
speech in the senate, but he afterward
allowed these statistics and charts to
be sent out by the hundreds of thou-
sands under his congressional frank
to all the beet sugar people in work-
ing up sentiment favorable to the
retention of the sugar tariff.

By the use of Senator Lodge's frank,
Senator Reed of the investigating
committee figured out, the beet sugar
people had saved about \$16,000 which
they otherwise would have had to
pay out of their own pocket as United
States postage on pamphlets sent out.
Even with this saving, according to
the testimony of Mr. Palmer, the ten
years he had been their representa-
tive here were generous, not to say
lavished. He admitted that more than
\$160,000 had passed through his hands
in the fight against reducing or wip-
ing out the sugar duties, which fight
began in 1901 with the movement for
reciprocity with Cuba.

5 KILLED IN CONNECTICUT.
Second Section of Springfield Express
Dashes into First Part of Train.

Stamford, Conn.—Five people were
killed and many injured, some serious-
ly, as the result of a rear-end collision
on the main line of the New York,
New Haven and Hartford railroad, op-
posite the local passenger depot when
the second section of the Springfield
express crashed into the first section,
which was just leaving the station.

The engine of the second section
ploughed half way through the last
car on the first section. In this car
there were 31 passengers and practi-
cally all of them were injured.

Simultaneously with the crash, the
wreckage took fire and the city fire
department was called out. The blaze
was easily extinguished, however. Ac-
cording to an official statement by the
railroad, the indications are that the
engineer of the second section ran
past danger signals.

NO INTERVENTION IN MEXICO.
Bryan Opposes Movement to Protect
American Property There.

Washington.—That the Wilson ad-
ministration will not intervene in Mex-
ico or participate in any drastic move-
ment for the sole purpose of protect-
ing the financial interests of Ameri-
cans in Mexico has just been reiterat-
ed with emphasis by Secretary of State
Bryan.

To a delegation of nine Americans
representing approximately \$250,000-
000 worth of interests in Mexico, Sec-
retary Bryan is said to have made it
plain that there will not intervention
to save property, that there will be no
participation with other nations in a
message of warning to Huerta or the
Mexican people against the destruc-
tion of property of foreigners; and that
there will be no change of our policy
of neutrality to the extent of letting
the revolutionists and the government
alike get all the arms they want from
this country to the end that the rev-
olution may be fought out decisively.

Secretary Bryan is declared to have
been so blunt in his dealings with the
committee that some of the men who
participated in the conference felt that
they were insulted.

**BRYAN AGREES WITH
WILSON ON CURRENCY**

LINES UP WITH PRESIDENT IN RE-
GARD TO MONEY
MATTERS.

PRESIDENT IS CONFIDENT

Tells Correspondents He Expected No
Serious Opposition Within Party
to Proposed Legislation.

Washington.—There were several
developments in connection with the
proposed banking and currency legis-
lation. The most interesting of these
is the fact that Secretary of State
Bryan, who has long held pronounced
views on currency matters at variance
with the idea of asset currency, is in
accord with President Wilson in the
matter of the proposed bill. The bill,
however, meets one of the prime con-
ditions that Secretary Bryan has al-
ways contended for, and that is that
the government and not the banks
should issue currency.

Secretary Bryan's attitude is in-
teresting in view of the fact that Rep-
ublican newspapers, in discussing Rep-
resentative Henry's attack on the ad-
ministration's currency views, have
quoted at length from Bryan's utter-
ances to show that he would have
lined up with Representative Henry's
contention for currency based on coin
and against currency based on com-
mercial paper.

Secretary Bryan's friends know that
his confidence in President Wilson's
progressiveness is so great that he
does not share the imputations that
the president is going to give the coun-
try a Wall Street currency bill.

President Wilson is moving along
in his efforts for currency legisla-
tion right now with the vigor and de-
termination that characterized his
fight for effective downward revision
of the tariff.

In the course of his semi-weekly
conferences with the Washington cor-
respondents, the president made it
clear that he anticipates no serious
opposition within the party to the cur-
rency legislation which in the next
few days he will urge congress to un-
dertake at this session, as he has
either senate or house whose attitude
either senate or house whose attitude
as made known to him, in any degree
justifies the sensational stories of a
threatened split on currency which
have appeared in certain newspapers.

The president is confident that no
considerable number of Democrats in
congress will oppose undertaking a
reform of the currency at this time.
Differences of opinion are expected to
develop over the details of the bill.
The principal differences will probably
come over the question whether the
banks or government will control the
matter of issuing emergency curren-
cy.

NEW SUBWAY CAVE-IN FATAL.

Accident in Construction Work Under
Lexington Avenue in New York.

New York.—Eight lives were lost
in a disastrous cave-in 80 feet under
ground on the new subway construc-

tion at fifty-sixth street and Lexing-
ton avenue Saturday when 13 men of
a crew of 32 drillers and laborers
were entombed.

Five hundred laborers were quickly
assembled at the scene in an effort to
dig out the buried men.

There is a conflict of opinion as to
whether the cave-in was due to a blast
or the collapse of timbering. There
are two levels to the subway construc-
tion at this point, the upper one for
local trains and the lower for ex-
press trains. It was the ceiling of the
latter tunnel which caved in.
A policeman who gave the first
alarm following the accident stated
that he heard a loud blast, and it was
at once succeeded by the cries of
wounded and dying.

Robert Ridgeway, engineer in charge
of the public service commission, after
an investigation announced that
the cave-in was directly traceable to
a blast. The rock at this point is
faulty, he said, and the timbers gave
way for a distance of 20 to 25 feet.

Oil Hearing At Dallas Begins.

Dallas, Texas.—When the hearing in
the state's \$99,000,000 penalty suit
against the Magnolia Petroleum Com-
pany et al. was resumed at the South-
land Hotel in Dallas Monday morning,
Special Commissioner Robey announ-
ced that no testimony would be taken
until Tuesday, for the reason that
state's counsel, Messrs. Sweeton and
Maury, desired to put in the day ex-
amining the records and correspond-
ence on file in the offices of the mar-
keting department of the Magnolia
Petroleum Company at Dallas.

Boy Accidentally Killed.

Guthrie, Okla.—The accidental dis-
charge of a small dynamite shell in
his pocket caused the almost instant
death of John Hammer, a 12-year-old
boy of Stillwater, who was visiting
near Coyle, this county.

Federal Volunteers Loot Town.

El Paso, Texas.—After looting the
town, 400 federal volunteers evacu-
ated Madera, which is an American
lumber center in Chihuahua. The vol-
unteers had orders to go to Chihua-
hua City, the surrender of which was
demanded by constitutionalists.

Anderson, deceased, Sampson Moore, Nancy Moore, whose residences are unknown, to be and appear before the District Court, to be held in and for the County of Callahan, at the Court House thereof, in Baird, on the 10th day of November, A. D. 1913, file Number being 1219 then and there to answer the petition of the Cross Plains Townsite Company filed in said Court on the 14th day of June A. D. 1913, against the said above named parties as defendants, and alleging in substance as follows:

has and holds, claiming the same under deed and deeds duly registered, has had peaceable, continuous and adverse possession of the lands and tenements above named, cultivating, using and enjoying the same, and paying all taxes due thereon for a period of more than five years before the filing of this suit, and this it is ready to verify, and for further plea in this behalf the plaintiff says that it ought to be quieted in its title and possession of said premises because it says that it and those under whom it claims, and whose estate it holds, claiming to have good and perfect right and title to said lands and premises, has had and held peaceable possession of said lands, and adverse possession of the same, cultivating, using and enjoying the same for a period of more than ten years next before the filing of this suit, and this it is ready to verify.

Wherefore, premises considered plaintiff prays that the defendants and each of them be cited in terms of law to answer this petition and upon a trial hereof that the plaintiff have judgment cancelling all claims, equities, liens, rights or title held by the defendants and each of them, and divesting all title out of defendants and each of them and vesting same in plaintiff; for a judgment and decree removing all clouds from plaintiff's title to said premises by reason of the claims of defendants or any of them, and supplying and completing plaintiff's record title to said lands and premises, for all costs of suit and for such other and further relief, equitable and legal, special and general, to which the plaintiff may be found entitled.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon, showing how you have executed the same.

Witness A. R. Day, Clerk of the District Court, Callahan County, Texas.

Given under my hand and seal of said Court, this 14th day of June A. D. 1913.

TEXAS INDUSTRIAL NOTES.

Bertram.—President John T. Hutto of the Bertram Wool Growers Association is advertising the growers to keep their wool at home as he is inviting no bids at present prices. Very little wool is therefore being brought to the public warehouse.

Beaumont.—Fifteen hundred acres of rice has been added to Jefferson county's acreage this year. The canal which will furnish water for the land is nearing completion and is two miles long.

Lorena.—The Lorena Business Men's Club has been received and is now giving its attention to securing a first class hotel, sidewalks, incorporation, good roads, waterworks, a trades' day and the proposed Waco-Temple interurban.

Rock Island.—The Commercial Club, with the assistance of local talent put on a minstrel show recently for the purpose of raising funds to award as prizes to the farmers for exhibits of produce at the barbecue and fair to be held on the Fourth of July.

Terrell.—Seventy-five split-log drags are regular operated in Kaufman county after every rain, and by this means the dirt roads are kept in splendid condition. The work is done jointly through the agency of the county authorities, commercial club and automobile associations, farmers along the various roads being employed.

San Angelo.—It is quite possible that at least two or three motor lines going into different directions from this city will be established by next fall. The County Commissioners are exerting a great deal of effort in placing the roads in good condition, which is stimulating the desire to inaugurate this new transportation feature.

Lampasas.—At least 3,000 people from more than eight countries attended the meeting of the San Antonio, Blanco and Granite Belt Good Roads association recently held here. Representatives were present from Johnson, Bosque, Hamilton, Erath, Mills, San Saba, Brown, Burnet and other counties. Speeches were made by Judge E. M. White of this place, D. E. Colp and A. M. Fischer of San Antonio.

Sherman.—Two-hundred and twenty-eight poultry raisers, representing every part of the county, attended the first annual fried chicken banquet held under the auspices of the Grayson County Poultry Association. It was shown that an average of from 1,000 to 2,000 dozen eggs and 2,000 pounds of poultry per week are shipped from this point.

Fine Rains.

We had two or three cloudy rainy days the first of the week. The rain fell slowly and thoroughly soaked the ground. Think the rains were general over this part of the country.

Mr. and Mrs. Sam Schronick, living near Abilene, visited Mr. and Mrs. Jno. Estes, Sunday. Master "J. C." Estes went home with them for a visit.

A man who wouldn't fight for his town in a pinch shouldn't feel peeved if the town lays down upon him at a critical moment.

A Worker Appreciates This.

Wm. Morris, a resident of Florence Oregon, says: "For the last fourteen years my kidney and bladder incapacitated me for all work. About eight months ago I began using Foley Kidney Pills, and they have done what other medicines failed to do, and now I am doing and feeling fine, I heartily recommend Foley Kidney Pills." Foley Kidney Pills do not contain habit forming drugs and are tonic in acting, quick in results. They will help any case of kidney trouble not beyond the reach of medicine. Holmes Drug Co.
