KC Woman Buys Jean's

Mrs. Lois Richardson has announced the purchase of Jean's from Jean Thomas and began operation of the business Wednesday of last week.

Lois is not new to the business world in Knox City as she and her husband Tommi, purchased the existing stock of the former Knox County Lumber Co. Almost three years ago and then build their own building here for their new firm, Knox Builders Supply. Tommie will continue to be assisted in the business by his son-in-law, Derrell Marion, who is manager, and his sons, Tad and Flint Richardson.

Their daughter, Cathy Marion, will assist Lois, as will her daughters-in-law, Diana and Debbie Richardson.

According to Lois, the new firm will continue to carry the same lines which include Mr. Fine, Quartet, and Paul Norton in both junior and misses sizes.

She is planning to add to the existing stock in the infant department with sizes through 24 months, as well as in the lines for little girls, in sizes 3 to 6 and 7 to 14. Also, something new Lois is adding is a department for little boys' wear.

Junior and misses' ready-to-wear in addition to stock of dresses at Lois' include pant suits, blouses, shirts, shells, also the popular line of Texsheen lingerie in gowns, robes, slips, and house shoes. Lois will continue to carry the Easy Street line of shoes, as well as a complete line of accessories including bags, scarves, gloves, belts, and costume jewelry. She will also continue to carry the Exquisite Form line of bras and girdles and the Leggs hosiery line.

Store hours will be 9:00 to 5:30 p.m. Monday through Saturday, Lois explained, and the telephone number will remain the same, 658-3622.

Lois and the girls invite everyone to come in soon.

Contestants Ask For New Trial

On January 6 contestants addressed a motion to Judge J.H. Starley of Pecos, presiding judge in the Knox City-O'Brien school consolidation hearing, asking that "the December 30 judgement be set aside and contestants be awarded a new trial."

The August 14 special election authorizing the consolidation of the Knox City and O'Brien Independent School Districts was contested and the suit addressed to Charles Chapman, Haskell County Attorney, and Bobby D. Burnett, Knox County Attorney, was filed in the 39th Judicial District in Haskell August 25.

Judge Starley handed down his judgment December 30 ruling 104-98 in favor of the consolidation.

Williams Rites Set Today At 2:30

Graveside services for a former resident, John L. Williams, of Elk City, Oklahoma, have been scheduled Thursday (today) at 2:30 p.m. in the Knox City Cemetery. The Rev. Alvin Hamm of Tucson, Arizona, will officiate.

Williams, 69, died Tuesday morning at 5:45 o'clock after a lengthy illness. He had moved to Elk City about six months ago from Boyd, Texas.

Williams, a brother of Mrs. Alvin (Lucille) Hamm, is also survived by four children and two other sisters, nine grand-children, and three great-grandchildren.

PART OF THE CROWD ATTENDING the annual Knox County Livestock Show is pictured here in the newly-completed vocational ag barn. Everyone seemed very pleased with the new facilities, which had been needed here for such a long time. Front row fans are shown applauding the success of one of their cohorts, Kevin White.

Saturday Sale Is Record-Breaker

The sale following the annual Knox County Livestock Show was a record breaker, according to Leon Burkham, Knox City vocational ag teacher and FFA advisor.

The total reached \$9,479.00 which topped last year's \$7,100 sale, Burkham said.

Bloodmobile Visit Slated Here Jan. 17

The Bloodmobile will be in Knox City, Monday, January 17, from 2:00 until 6:30 p.m. for its semi-annual visit. Quota is set for 82 pints.

Donors are asked to please note that the location of the Bloodmobile site has been changed from the First United Methodist Church to the Community Center due to conflicts, according to Mrs. R.G. Howell, Bloodmobile chairman.

In the Bloodmobile's last visit to Knox City in July of last year, 45 pints were collected after 49 persons offered to donate.

All donors are again asked to respond to this important duty as they always have during previous visits. Mrs. Howell urged.

Ray Thompson On McM Dean's List

Ray Thompson, sophomore accounting major at McMurry College in Abilene, has been named to the Dean's List for the fall semester.

The announcement was made by Tyrone Black, dean of the college.

Ray, a 1976 honor graduate of Knox City High School, is the son of Mrs. LaVerne Thompson.

Buyers and contributors will be recognized at the annual Livestock Awards banquet slated tonight, Thursday, in the school cafeteria beginning at 7:30 o'clock, along with the presentation of awards to the winners.

Another outstanding event during the sale was the auction of a lamb and two pens of chickens that brought \$947.00 which was donated to the West Texas Rehabilitation Center's Rehab '77 telethon in Abilene Saturday night. Gaylynn Burkham, Knox City High School freshman and her 5-year-old brother, Bobby Don, donated a Hampshire lamb while Kristi Boone and Greg Walling donated the broilers for the fund-raising event.

Last year, Gaylynn and her brother, Mike, who is now a student at Lubbock Christian College, donated a Hampshire lamb for the Rehab Center that brought \$1,037. This is a tremendous effort on the part of these students, Lee Smith, a director for the past 17 years for the West Texas Rehabilitation Center said. "It proves that our youth are concerned with the problems of others and I want to thank them personally and also in behalf of the Center, Smith said.

Buyers for Saturday's livestock sale included Haskell National Bank, Haskell; A.A. Cox, O'Brien; Farmers Grain, Knox City; Monday Tire and Appliance, Munday; Douglas Myers, Munday; Kenneth Roberts, Bcjamin; International Cattle Co.; Tri-State Chemical, O'Brien; Donny Ryder, Benjamin; Abel Agriculture Co., Munday; Quality Implement, Munday; Lynda Brooke Hudson, Benjamin; Citizens State Bank, Knox City; First National Bank, Munday; Batey Grocery, Munday; Rhineland Coop Gin; Richard Wolf, League Ranch; Bowie Livestock, Bowie; Bill Ryder, Beaver Mulky Ranch, Benjamin; Knox Prairie Seed, Munday; Vernon Stockyards, Vernon; Hester Irrigation, Knox City; Riverside Chemical, Knox City; Bill Wilson Motors, Haskell; Horner Equipment, Munday; Toliver Chevrolet, Haskell;

Friends Asked To Write Ex-Resident

Former residents Mr. and Mrs. C.E. Dodson of Olney have contacted the News office to report that their son, W.D. Dodson, is now undergoing therapy in a treatment center in Georgia and that it would help him so much to hear from friends while he is there, and asked also that he be included in their prayers.

Cards and letters may be addressed to W.D. Dodson, in care of The Anchorage, Route 2, Leesburg, Georgia 31783.

Oliver Flying Service, Knox City; A.L. Smith Drug, Munday; Weinert Grain Co.; Lynn Electric, Knox City; Ziessell Bros., Rhineland; M System, Munday; M System, Knox City; Smith Funeral Home, Knox City; Pierce & Pierce, Benjamin; Dr. R.G. Howell, Knox City.

Jamboree To Be Saturday

It's that time again and KC Jamboree officials are planning for their monthly Jamboree to be held Saturday night, January 15, beginning at 7:30 in the school auditorium.

Kicking off the program will be the KC Jamboree Band composed of Tommy Kent, Alton and LaUna Hester, Gene Hester, Brian Williams, Brownie Tackitt, Gwen Hewitt, Stacy Angle, and Billye Angle.

Among the numbers to be presented are "Humpback Mule", "Let It Be Me", "Bully of the Town", "Darktown Strutters Ball", "Can You Hear Those Pioneers", "Little Green Valley", "Anytime and Just a Little Lovin'", "Silver Wings", "Legend in My Time", "Cool, Clear, Water", "One Day At A Time", "Almost", "Detour" and "So Sad".

With last month's Christmas Jamboree being the success it was, it is hoped that everyone will again turn out for another night of good entertainment.

Gas Curtailment Forces School Closing

The Knox City-O'Brien Consolidated Schools, as well as many others in this section of the state, were closed Monday because of a gas curtailment by Lone Star Gas Company. Lone Star Gas officials decided early Sunday to curtail natural gas deliveries to industrial users and schools by 100 per cent due to the extremely cold temperatures.

Supt. W.R. (Bill) Baker said that he was notified Monday afternoon about 1:40 o'clock that he could resume heating the buildings, so school reopened Tuesday but no rural routes were run Tuesday morning.

Baker said that he presumed the day would not have to be made up. However, he explained that he had not received any official ruling from the Commissioner of Education as yet, but he would file an application for exemption.

County Show Winners Named

Everything turned 'White' Friday and Saturday of last week even before the cold winter storm hit over the weekend as Kyle, Kristi, and Kevin White 'stirred up their own flurries' and walked away with top honors at the Knox County Livestock Show, held in the new ag barn at Knox City.

The children of Mr. and Mrs. Jimmy White, Kyle and Kevin won honors on Friday with Kristi's winning on Saturday.

Kyle showed a July boar under the Knox City FFA banner to grand champion honors and Kevin exhibited a spotted Poland China gilt to grand champion honors also.

With her spotted Poland China White, Kristi won grand champion honors during the second day of competition. Rudy Esquivel of Munday exhibited the reserve champion with a Duroc heavy-weight.

Taking reserve honors in the swine division was Kristi White with Keith Pierce, son of Mr. and Mrs. Jimmy Pierce of Benjamin, winning reserve in the gilt division.

In the sheep division, grand champion honors went to Tammy Carver, daughter of Mr. and Mrs. Fred Carver of Benjamin and reserve went to Sheila Benson, daughter of Mr. and Mrs. Billy Carl Benson, also of Benjamin.

Other winners included Mary Denise Zeissel, daughter of Mr. and Mrs. Vernal Zeissel of Rhineland, grand champion steer and Sherri Brown, daughter of Mr. and Mrs. Stanton Brown of Benjamin, reserve champion steer.

Grand champion and reserve champion heifers were shown by Joe and Daniel Godsey, sons of Mr. and Mrs. Alex Godsey.

Showmanship winners were Kristi White, swine; Tammy Carver, sheep; and Doug Brown, beef.

Kristi Boone, daughter of Mr. and Mrs. Joe Boone of Knox City, placed first in the broiler-pullet division. This was the first time chickens have been judged in the show since 1957.

Streams in Desert Places
By OZELLE STEPHENS

"But your iniquities have separated between you and your God, and your sins have hid his face from you, that he will not hear." Isaiah 59: 2. We have to study this word of God to realize we are all sinners, and have come short of the glory of God. But we do have an advocate, One who we can go to for the cleansing of all our sins by believing His Word and asking forgiveness to come into our hearts. At that moment you will be born again and you will understand life from God's viewpoint. You will be justified as the Publican, who was so humble when he prayed he did not lift up so much as his eyes unto heaven, but smote his breast, saying, God be merciful to me a sinner. Jesus said, "This man went down to his house justified." We learn from God's Word that it's not our fault that we are sinners, but it is if we don't do something about it.

When you are really saved and Jesus comes into your heart to live, you are never the same. God does something special for you when you are born again. You cannot have hatred, jealousy, or any other sin in your heart and have peace and joy; you have to be in love with God and your fellowman. Let this Love Stream into your inner being throughout the New Year. He loves you and is waiting your call.

MARINES SPONSOR YOUTH FITNESS PROGRAM

The people who will build America's future—America's youth—are being built up by a new physical fitness program based on Marine Corps recruit requirements.

Called the Youth Physical Fitness Program, it's national in scope and includes hundreds of schools and hundreds of thousands of student athletes from nearly every state. The President's Council on Physical Fitness supports the program.

Any high school in the United States may request information on the program from Marine Recruiting Stations or from Headquarters Marine Corps, Code MRRA, Washington, D.C. On invitation from the school, Marine personnel will provide information and guidance, including a film which demonstrates the correct execution of each physical fitness event, as well as highlighting the national competition in Washington, D.C.

The program is open to any high school student and places a minimum of emphasis on the size or special skills that might characterize the majority of varsity athletes.

The competition consists of five events: sit-ups, push-ups, pull-ups, 300-yard shuttle run and the standing broad jump.

Those who achieve top performance can represent their schools in regional competitions that serve to select

the three teams from each Marine Corps District that compete each year in Washington in the National Youth Physical Fitness Championship.

Each young man or woman who is able to meet the minimum Marine Corps recruit standards of physical fitness receives a handsome full-color Certificate of Achievement from the Marine Corps. Each high school which sponsors and supervises a YPF program receives a Certificate of Recognition. The top three teams in each district are awarded plaques attesting to their performance.

The high-scoring high school senior at the National Championship competition receives a \$2,000 scholarship offered by the Post Cereals Division of the General Foods Corporation. Post Cereals also awards other scholar-

ships totaling \$2,500 and gives \$500 to the high-scoring team from each of the districts in the meet. The award is to be used by the schools to purchase physical fitness equipment for non-varsity programs.

For the competition, Post Cereals also provides air transportation for the 18 teams, awards each competitor and coach an official championship blazer and hosts the annual awards banquet.

The 108 athletes also receive a sightseeing tour of Washington and are honored guests of the Marine Corps at an Evening Parade at the historic Washington Marine Barracks, the oldest Corps post in the country.

They will also achieve strength and agility that could stand them in good stead all their lives.

O'Brien Happenings

BY CHARLENE BROTHERS

The snow was nice, but the weather was so cold. Seems like since it snowed it could have been a little wetter, of course I should have known someone would fuss, even me. We really do need some moisture, the wheat need a drink very badly. The weather is so changeable that where you use sprinklers it is hard to water when the wind changes directions every four hours. One time you will be sending water to Rochester from our farm, then the next time it goes nearly to Benjamin, it seems, I'm pretty sure it does not go that far, but for the good it does the ground you are watering there at the pipe it may as well be. Also it is so cold moving the pipe, not that I have helped any, but the boys that do get cold. So we give up, if it does not rain in time for the wheat to make we will just put it in something else later on. At the price of wheat, maize and cotton, you may make more from cotton this year than the others. We have been doing better on grain the last few years than cotton, the boll weevil wants most of the cotton, and usually gets it. This may be a change about for our crops this time. Something needs to change for the farmer.

The school students probably enjoyed the holiday Monday, I'm sure the mothers didn't. All the coming and going makes a mess when snow is on the ground. I know our back entrance way looked

like a mud hole by the time night had arrived, and we were not in and out a lot. Of course the problem is that they will have to make up the day later on. Maybe it can be called a teacher's work day and not have to go on a Saturday or later in the year.

People had a hard time Monday getting away from the curb in town if they pulled in front of Lowrey's and another car had trouble getting out, so I was going to be smart and just run in and out and back out without any trouble. What happens, I have to be pushed out just like the other lady. You can't win for losing some of the time.

You may think this a funny time to mention the following, but it may help later on. O'Brien will have homecoming in 1979. If anyone has a friend or relative to move would you please notify someone in O'Brien of their new address? So many folks say they do not get word of the homecomings and the problem is that they move and do not send a new address, so if you know anyone that does move let us know and maybe by 1979 we will have a more complete list. And we will have a homecoming even though some thought since the consolidation it would be discontinued, it will not be, we are still O'Brien, so plan to come to the next one.

We did not have too many

moving around this past weekend. Our here and there will be kind of slim.

HERE AND THERE

Mrs. A.A. Cox, who has been in Lubbock helping with their grandson, Randy Cox, came home the past weekend. I have not talked to her to see how long her visit will be this time.

Teresa Hodges visited last week in Stamford with friends.

Mr. and Mrs. Steve Lang and Chris were in Houston during the Christmas holidays seeing Chris's doctor about his surgery that he will have to have later on. Chris had open heart surgery last summer and had been going just fine, but it seem that they found something that they think will need surgery again, so let's all remember this family in our daily prayers. We never know how well off we are until we hear of a baby not even a year old having two surgeries connected with his heart. Let's all count our blessings and be happy.

Cleo Rowan and Charlene Brothers were in Seymour Saturday afternoon and saw Polly and Paul Hoge, who run a drug store and we enjoyed a visit with them, they said to tell everyone hello.

Bernice Rowan and Mr. and Mrs. Trey Burson of Haskell visited in Wichita Falls during the weekend. They nearly got snow bound, but made it home Sunday.

Mr. and Mrs. Delbert Hayes visited in Seymour with their son and family, Mr. and Mrs. Delbert Ray Hayes and Misti.

Lanny Covey made a flying trip through O'Brien Saturday and visited with friends and relatives for a few minutes.

Covey-Hunt Exchange Vows In O'Brien

Trudy Lynn Covey and David Lee Hunt were united in marriage Saturday evening, January 8, in the O'Brien Baptist Church with the Rev. Bob Cameron, pastor, officiating.

Parents of the couple are Mr. and Mrs. L.A. Covey and Mr. and Mrs. E.W. Hunt, all of O'Brien.

Providing wedding music at the organ was Nelda Lusk of Lubbock.

Given in marriage by her father, the bride wore a gown of white polyester crepe with cap sleeves. The gown featured an Empire waistline with a lace inset. Lace was repeated on the hemline and chapel train of the gown. Her waist length veil of white illusion was held by a white lace band and she carried a bouquet of daisies, carnations and baby's breath. The bride

also wore an ivory carved necklace and matching earrings.

Maid of honor was Sharon Addison and bridesmaid was Claudia Nichols of Midland. Ava Covey, sister of the bride, was junior bridesmaid. Attendants were attired in melon colored gowns with ecru lace bell sleeves. Their bouquets were melon colored gauze flowers with dried baby's breath and white streamers.

Best man was Ronnie Verhalen and Greg Covey, brother of the bride, was groomsman.

The reception, hosted by the bride's parents, followed in the Fellowship Hall of the church. The refreshment table was covered with a white cloth and the three-tiered wedding cake accented with white sugar bells and punch were served to the guests. The bride's bouquet was used as the centerpiece.

Gae Farmer registered guests and assisting with reception duties were Laura Hunt, sister of the Bridegroom, and Sherri Gilbert of Midland.

The bridegroom's parents hosted the rehearsal dinner in the Fellowship Hall of the church.

The couple will reside in Midland where they will both be students at Midland College.

Crownovers Observe 59th Anniversary

Their 59th Wedding Anniversary, New Year's, and a belated Christmas were celebrated by the Arthur Crownovers, Sunday, January 2, at the Knox City Country Club.

Attending the special occasion were the couple's children, Mr. and Mrs. John Crownover and Mr. and Mrs. Kenneth Crownover of Knox City and Mr. and Mrs. Jack Crownover of Abilene.

Also in attendance were the grandchildren and great-grandchildren, Mr. and Mrs. Joe Smith, Scott and Stephanie of Shallowater, Mr. and Mrs. Barney Beesley, Holli and Brett of Dumas, Jean Anne Crownover of Waco, Mrs. Nick Johnston and Abel of Knox City, and Mr. and Mrs. Art Crownover, Amarillo.

BUCHANAN VISITORS

Visiting with Mr. and Mrs. J.O. Buchanan recently were their sons, Archie and his wife of Fort Worth, Floyd and his twins Daniel and Diane of Peoria, Illinois, and their daughter Opal Dell Smith and two of Opal Dell's grandchildren of Mesquite.

Your Social Security

Persons who did not sign up for Medicare medical insurance when they first became eligible or who have cancelled the protection once can enroll now through March 31 at any social security office, according to Carl Beisner, Social Security claims representative in Vernon.

Medicare medical insurance is offered automatically to persons who reach 65 and are eligible for social security benefits—and to disabled persons under 65 who have been entitled to monthly social security disability benefits for 24 consecutive months or more. Nine out of 10 persons eligible are enrolled in the program, according to Beisner.

"But some decline the protection when they're first eligible," he said. "And some sign up once and cancel later. They can enroll in the first three months of any year."

Medical insurance helps pay doctor bills and other medical expenses and is the voluntary part of Medicare, funded by individual premiums and Federal general revenues. The basic premium is \$7.20 a month through June 1977. It will be \$7.70 a month for the 12-month period starting in July 1977.

"Persons who decline Medicare medical insurance and delay signing up for more than a year pay a higher premium," Beisner noted. "Those who sign up and cancel later can re-enroll only once."

Medical insurance supplements Medicare hospital insurance, which is funded by social security contributions

from workers, employers, and self-employed people.

"Persons 65 and over who are not eligible for social security or railroad retirement benefits can apply at any social security office and get Medicare hospital insurance by paying a premium," Beisner said. "The basic premium is \$45 a month through June 1977. It will be \$54 a month for the 12-month period starting in July 1977. Those who buy hospital insurance must also sign up for the medical insurance," he said.

Persons who have worked long enough under social security or the railroad retirement system can get Medicare if they have permanent kidney failure. Their wives or husbands or children may also be eligible for Medicare if they have permanent kidney failure.

Medicare is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare. The Vernon Social Security Office is at 1701 Cumberland. The phone number is 817-552-9346.

KING VISITORS

Visiting with Mrs. Ida King last weekend were her son Joe and his family of Nazareth, her daughter Fanny Marie and her husband Doug and their son of Kress, and Mr. and Mrs. Mike Carlisle of New Mexico.

Mrs. King's granddaughter Tim King will be coming by to see Mrs. King on the 17th of this month on her way back to college.

DAR Chapter Sponsoring Contests Locally

Since the inception of the American History Month Committee in 1956, by the Daughters of the American Revolution, a program has been designed to stimulate interest in the history of our country among school children. The main activity is the essay contest conducted in the schools and sponsored by the DAR Chapters.

This year the Abigail Ann Berry Chesley Chapter of Abilene, Texas, is sponsoring the contest in the Knox City-O'Brien Schools. American History Month chairman is Mrs. C.E. Botkin, assisted by Mrs. Jewell Lea of Knox

City. Ronnie Verhalen, junior high history teacher in the O'Brien Junior High, is the local sponsor.

This year's subject is "Battles of the American Revolution", either on a land or sea battle. Students in the fifth, sixth, seventh, and eighth grades may compete. The essays are judged on historical accuracy, adherence to the subject, originality, interest, neatness, spelling, and punctuation.

The Abigail Ann Berry Chesley Chapter will present American History Certificates of Award to the first place winners in each of the four

grades, and Certificates of Appreciation to the second place winners.

The winning essay in each grade will be sent to the state chairman. State winners will be sent to the regional contest, and regional winners to national competition.

Divisional winners will be presented gold medals, appropriately inscribed by the national chairman of the committee.

Deadline for the essays to be in the hands of the state chairman is January 31, 1977. Mrs. Botkin has announced that the Knox City-O'Brien entries are due January 24.

Ranger Savings in Ranger and Eastland Savings in Eastland

By Mrs. Dan Gerber

Many mothers have asked me, "Won't my baby be healthier eating food I've made at home?"

"Not necessarily," I always reply. I know that mothers ask this question because they want to give their babies the best, but in some cases they may be risking their infants' health by preparing their food at home.

The reason is that the making of baby foods is a precise science. The specifications for baby food products at Gerber are among the most rigid in the entire food industry.

"Baby's resistance to contamination is not fully developed and therefore it is important that they have foods that are absolutely safe. Each Gerber food product must pass strict tests for safety and wholesomeness."

No matter how conscientious a mother is, it is almost impossible for her to duplicate this type of processing control.

GED Tests To Be Given January 15

The General Education Development (GED) Tests will be given at the Haskell High School Official Testing Center, in Haskell on Saturday, January 15, beginning at 8:00 a.m. The fee for the battery of five tests is \$20.00.

The GED Program provides a means for determining the educational level of adults who have not completed a formal high school education. A certificate of high school equivalency may be issued to adults who successfully complete the GED examination, verifying that the holder has demonstrated a level of competence on the examination which is equivalent to that of a high school senior.

The program is administered nationally by the American Council on Education, Washington, D.C. The Texas Education Agency authorizes accredited high schools and institutions of higher education to serve as testing centers. The centers administer the GED tests to adults who are eligible and report the scores of successful examinees to the Texas Education Agency, which issues certificates of high school equivalency free of charge.

The test has five parts: Correctness and Effectiveness of Expression, Interpretation of Reading Materials in the Social Studies, Interpretation of Reading materials in the Natural Sciences, Interpretation of Literary Materials and General Mathematics Ability. The test questions are multiple choice. There is no time limitation but must examinees take approximately eight hours to complete the test battery.

Persons eligible for testing must: -be a resident of Texas or a member of the Armed Forces stationed in Texas; -be at least 17 years of age and officially withdrawn from school for one calendar year; Applicants who have attained their 17th birthday and will enter the Armed Forces may test immediately after withdrawing from school; -be 18 years of age and officially withdrawn from school. To receive a certificate of high school equivalency, the examinee must: -complete the examination with a minimum standard score of 40 on each of the five tests or an average standard score of 45 on all five tests; -have attained at least

their 17th birthday prior to date of testing and be out of school for one calendar year; -have attained their 18th birthday and be officially withdrawn from school. Applicants must wait six months before retesting. If the applicant is tutored by a certified teacher or participates in an adult education program, retesting may occur when the instructor determines the applicant is prepared. Applicants are advised to bring their Social Security Number and their driver's license as proper identification.

Lions Club News

BY Z.I SMITH

There were four visitors at the Wednesday noon meeting and two of these were proposed for new membership. Lion Hob Smith sponsored Rev. John Gillispie and Lion Alton Fitzgerald sponsored Billy G. Johnston and was introduced by Lion Sterling Lewis. Before voting upon them someone suggested that a politician and a pastor were in just about the same category so maybe one could help the other. They were accepted in the traditional Lion manner.

All important service of this club was approved when the president suggested that we pay for an examination and glasses for a student named Bobby Garcia. This type service has been a big concern for many years.

Next the Lion boss read a financial statement for the month ending December 31, 1976.

The American Legion has loaned the use of its piano since the Lions moved into the present location. The club voted to pay for the tuning of that piano.

By unanimous approval, Lions also voted to raise initiation fee for new members to \$10 in order to better meet the fee charged by international Lions.

President McGaughey stated it was time for the annual donation per member to the Lions Crippled Children's Camp. All members approved and it will be assessed through dues.

Lion McGaughey appealed to all members to attend the following important meetings with him including mid-winter conference in Breckenridge Saturday January 22, and the district convention in Abilene May 6 and 7.

Further information may be obtained from Don Welch, Vocational Ag. teacher at Crowell.

FROM ABILENE

Ray Thompson, student at McMurry college in Abilene, visited over the weekend with his mother, Mrs. LaVerne Thompson.

VRJC To Open New Program

Vernon Regional Junior College has announced the opening of a two-year Associate Degree program in Child Development to begin the spring semester, 1977.

The two courses available this spring on campus are Child Growth and Development to be taught by Mrs. Susie Laing and Equipment and Materials to be taught by Mrs. Luanna Price. The Child Growth and Development class will meet from 6:30 to 9:30 on Tuesdays and the Equipment and Materials class will meet from 6:30 to 9:30 on Thursdays. Registration for these classes will be handled during the regular registration times on January 12 and 13 on campus.

The Child Development Associate Program was initiated after a one and one half year study. The program will be offered not only on campus, but also on the Midwestern State University campus as a result of a special cooperative agreement with MSU officials.

The major objective of the Child Development Associate Program is to train individuals to take direct responsibility for the activities of children in a child development center. In 1971 the Federal Office of Child Development of the Department of Health, Education, and Welfare developed the concept of a Child Development Associate to meet the increased need for qualified personnel in this area. Upon completion of the program, graduates will be child care specialists with the basic competencies to assume primary responsibility for the daily activities of pre-school children in the center based program.

Initially, the need for a Child Development Program was identified in 1975 by a survey that was conducted by Mrs. Luanna Price. This indicated that 54% of the high school students responding to the survey indicated an interest in taking courses that related to child development. Additionally, a survey of the child care centers in the Vernon and surrounding area have identified a demand for such courses that are relevant to their particular interests and needs.

For further information, interested individuals may contact Dr. Loyd Hughes at 4400 College Drive, Vernon.

REPORT TO CONSUMERS

Free: 1977 Gas Mileage Guide

A free pamphlet is available that's designed to help new car buyers select a vehicle that meets their transportation needs and offers fuel economy savings at the same time.

It's the 1977 Gas Mileage Guide for New Car Buyers, made available through the joint efforts of the Federal Energy Administration and the Environmental Protection Agency.

One of the principal changes in the 1977 Gas Mileage Guide, required by the Energy Policy and Conservation Act, is that all vehicles are divided into different size classes, according to their interior size. This will help the car buyer compare the fuel economy of similar-sized vehicles.

Another new addition to the Guide this year is the average annual fuel cost for each car. This figure is an estimate of what a new car buyer will pay for fuel in one year, driving 15,000 miles and paying 65 cents per gallon for gasoline or 55 cents per gallon for diesel fuel.

This year for the first time it's mandatory that all new 1977 and later model year automobiles and light trucks, at the time they are offered for sale, carry a label disclosing the fuel economy of the vehicle, the average annual fuel

cost for operating the vehicle and the range of fuel economies of comparable class. Manufacturers are required to affix the labels and dealers are required to maintain the labels on a side window of the vehicle.

NEW GUIDE helps new car buyers save fuel

A separate miles per gallon booklet, 1977 California Gas Mileage Guide for New Car Buyers, is available for vehicles sold in California. Many cars are especially designed for sale in California, which has tougher auto exhaust standards, and are different from vehicles sold elsewhere in the country.

Single copies of either guide are available in dealer showrooms or by writing to Fuel Economy, Pueblo, Colorado 81009. For bulk copies of either guide write to Fuel Economy, Federal Energy Administration, DPM Room 6500, Washington, D.C. 20461.

THE LANGUAGE OF DERMATOLOGISTS

Impetigo, ecthyma, sycosis vulgaris and paronychia are not words that you would ordinarily hear during your average day. But, they are part of the everyday language of a physician. These particular words refer to specific skin conditions that must have a certain type of treatment.

There are many products a dermatologist can prescribe to help a person with a skin condition. We carry them in our pharmacy. On many occasions we compound a special formula at the request of the physician.

S-S-P COMES TO KCHS
 What happened the last time you had a problem? Did you consult your local guru high on a mountaintop? Did you pull your hair and be-moan your fate? Or did you play in the street during noon-time rush hour?

Well, let me tell you. Knox City High School now has S-S-P! S-S-P you ask? That means Student Supportive Personnel.

What can they do for you? Here again, I'll tell you.

Student Supportive Personnel serve as counselors when the school counselor is not available. The school counselor will give your advisor points on value clarification and decision making.

These student counselors, chosen from each class, will be glad to arrange a time, from five minutes in the hall to "whatever," to discuss or just listen. It was felt that these students could keep a secret, give good advice and would seek help for themselves in advising if needed.

So, see any one of the counselors listed below. You'd be amazed at what a new viewpoint can do for an old problem.

Angelia Reid, Simone Cobb, Kenny Cornwell, Troy Wal-

ker, Rhonda Skiles, Jody McGaughey, Judy Ray, Peggy Gutierrez, Brett Boone, Kelly Robinson, Karen Cowart, Max Rocha

JUNIOR CLASS NEWS

By Judy Herring
 Monday, January 10, there was no school due to the heating and also due to snow and ice on the roads.

Tuesday the basketball pictures were cancelled.

Congratulations to the Juniors who handed in their term papers in English Class. I bet that is a load off their minds.

FFA NEWS

By Mark Clonts
 After several weeks of planning and building, the FFA show barn is finally finished. The barn, located west of the gym, also doubles as a bus barn.

The Knox county Junior Livestock Show was held in the barn January 7 and 8. Many FFA members from Knox City, as well as those from the rest of Knox County, brought home ribbons their animals had won. The top two places in each class were allowed to auction their projects off, keeping the project and the amount of money donated above market price.

Miss Fetsch Bride Of Bill Funderburk

Mr. and Mrs. Bill Funderburk are residing in Commerce following their wedding December 18 in St. Joseph's Catholic Church in Rhineland.

The Rev. Bartholomew Landwermeyer performed the double ring ceremony before the golden cross centered at the altar and flanked on either side by spiral and single candelabra. Pews were marked with votive candles and nosegays.

The bride is the former Laverne Fetsch, daughter of Mr. and Mrs. Leo Fetsch of Munday, and the bridegroom's parents are Mr. and Mrs. W.C. Funderburk of Commerce.

Organist, Mrs. Brian Burgess of Munday, accompanied her husband who was the soloist, on selections "For Bobbie", "Wedding Prayer", "The Lord's Prayer", "Just For Today", and "Bridal Hymn."

Presented in marriage by her father, the bride chose for her wedding a formal gown of silk organza over bridal satin designed and made by her mother. The fitted bodice with Empire waistline was trimmed with appliques of re-embroidered lace accented with traces of tiny seed pearls. The long-fitted sleeves were pointed over the wrists and her formal length skirt and

detachable train of silk organza were edged with scalloped lace and pearls. A lace and beaded Camelot cap held her fingertip veil and she carried a triangular bouquet of white and pink roses with baby's breath.

Attending the bride as matron of honor was her sister, Mrs. Lori Ware of Wichita Falls. She was attired in a princess line azalea pink dress with Empire waistline. The standup collar was lined with burgandy velvet and she carried a reverse-a-line bouquet of cymn orchids and burgundy carnations.

Bridesmaids dressed identically to the honor attendant were Linda Coe of Dallas, Luann Funderburk, sister of the bridegroom of Commerce, Lisa Cartwright of Munday, Claudia Ricks of San Antonio, and Ruth Womack of Naples.

Jim Peek of Commerce served as best man and groomsmen were Mike Peek of Commerce, Keith Kidd of Garland, Mark Adams of Cooper, Dennis Newsom of Commerce, and James Ray Coffey of Klondike.

Ushers were Gary Barnett of Sulphur Springs, Bill Cromer of Sulphur Springs, and Ronnie Watson of Plano.

Kendall and Kraig Ware, nephews of the bride, and Stan Ware, brother-in-law of the bride, were candle-lighters.

Following the wedding, a reception was held in the Knights of Columbus Hall in Rhineland.

Presiding at the registry was Donna Michalik of Munday.

Refreshments were served by Becky Ratliff, Nancy Zeissel, Patsy Meinzer, and Diane Myers, all of Munday, and houseparty members were LuRose Schumacher, Clara Herring, Francis Brown, Vivian Steinbach, Mary Kuehler, Jennifer Burgess, Jeanette Zeissel, and Helen Homer.

Assisting with hostess duties were Lisa Zeissel, Lissa Brown, and Nancy Fetsch.

Rhonda Redder distributed rice bags.

The new Mrs. Funderburk is a 1972 graduate of Munday High School and a 1976 graduate of East Texas State University in Commerce. She currently is a graduate assistant in the business education department at ETSU.

Funderburk graduated from Commerce High School in 1970 and attended ETSU. He is a member of Lambda Chi Alpha fraternity and is currently employed by Sherwood Medical Industries in Commerce.

The couple's wedding trip was to Las Vegas, Nevada.

The rehearsal dinner, hosted by the bridegroom's parents, was held the Friday night preceding the wedding at Mitchell's Restaurant in Seymour.

Coaches' Comments

HIGH SCHOOL

Last Friday, the Houndettes trailed the Hornets from Aspermont for three and one-half quarters of play before they finally took the lead. From them on the lead changed hands four times before the home team pulled out a 39-36 victory. The Houndettes started out slow, allowing the visiting team to get out front 18-6 during the second period but came back to cut the lead to 23-16 at halftime.

After the half, the Houndettes came back and played much better ball. We cut the lead to 29-24 going into the final stanza, the team really came alive to score 15 points while holding the Hornets to seven.

If we could play a whole game like we did the fourth quarter we would be a big contender for the second half of the district race. At times we have shown that we can score well. We also have played very good defense. If we can just put these two together with more consistency we will do all right.

PICTURED 'IN A HUDDLE' backstage Saturday night during the Rehab '77 Telethon were Lee Roy Jordan, middle linebacker for the Dallas Cowboys and the Angie Sisters, Gwen Hewitt and Stacy Angle, prior to their first performance. The telethon, along with auction sales, individual donations and a \$50,000 grant from the Texas Rehabilitation Commission netted \$312,149 Saturday.

A SPECIAL THANK YOU

We would like to express our sincere thanks to all of those from the area who called in their donations to "Rehab '77" Saturday night in Abilene. We were so proud to have been part of such a wonderful cause.

When we visited the Center Saturday morning and saw the patients we realized what a tremendous job the Center is doing and how fortunate we are to have it in our area. You can actually see your money at work.

This week we have mailed in donations from several local persons and if there are those who still wish to make contributions, they may mail them in care of the Rehab Center, 4601 Hartford, Abilene or simply hand them to us and we will be happy to mail them to the Center for you.

NEWS OF HEALTH

HIGH BLOOD PRESSURE: A THREAT TO YOU?

Although 23 million Americans, about 1 in seven, have high blood pressure, surprisingly few really know much about it. In fact, half the people who have it don't know it.

Actually, blood pressure is the force exerted by blood on the walls of your arteries. It's highest when the heart contracts, called the systolic phase, and lowest when it relaxes—the diastolic phase. When your pressure is measured, it's read as a fraction with the systolic over the diastolic. If your pressure is normal, it will probably be between 120/80 and 140/90.

When blood pressure gets too high, the heart has to pump harder to circulate the blood adequately, and that can put a strain on it.

Though high blood pressure can affect all races and ages, most people who have it begin to develop it during their thirties. It is more common in men than women until 50, when the reverse is true; it affects blacks more than whites, and it seems to run in families. High blood pressure can be caused by a variety of reasons and have a variety of symptoms or more often—none at all. The only way you can know whether you've got it is to see a doctor.

Fortunately, if he finds you are hypertensive—a victim of high blood pressure—you can help keep your pressure normal and avoid the strokes, heart attacks, heart diseases or kidney diseases which often result from it, even if it has reached advanced stages.

Your doctor will probably make suggestions concerning your diet, rest, exercise, sleep, smoking and medication, and he may recommend you have your pressure measured at regular intervals at home. If he does, he can instruct your friend or relative on how to do this with a blood pressure measuring kit. A kit which is

Monkey Reportedly Seen North of Town

Several persons who live north of town near Wild Horse Creek have reported seeing a monkey several times during the last six months.

The children of Melanie and Don Whitley spotted the monkey several weeks ago in a tree in their yard. Their cousins, the Hertels who live between the Whitleys' house and Rhineland, have also seen it, Mrs. Whitley said.

Mrs. Whitley reported that she had no idea where the animal could have come from. Her sister, Kathy Verhalen, lost one several years ago that she had received as a gift, and also a monkey belonging to one of the Moorhouse boys at Benjamin got loose. Theirs had been brought from Mexico, she said.

Unless the animal had excellent shelter, it probably did not survive this cold weather, Mrs. Whitley feared.

Understanding Yourself

Helpful Ideas From The International Lutheran Laymen's League

FIGHT FIRE WITH WATER

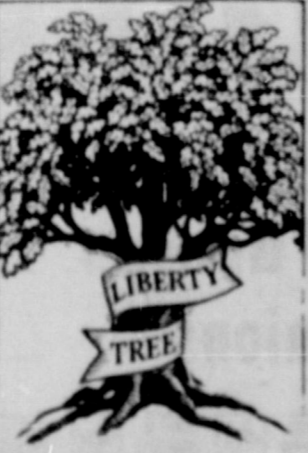

Many people walk around angry and don't even know it. So they walk around unhappy and don't know where to find relief. But the best way to get rid of anger is to express it—not in gruff words but in compassionate feelings.

Too often, people light a blaze of anger. The way to extinguish those flames is with water of the good Word of God. Put out the flame with a soft, gentle word, a kind, compassionate deed. When people light a blaze of crude and rude behavior, put out the fire with a burst of politeness.

To do that requires a new way of seeing things, a new way of doing things. It takes an awareness of the solid forgiveness that God really gives to have courage to be true and forgiving yourself.
