HERBERT SAMS OUT FOR COUNTY ATTORNEY

We are authorized to announce Herbert Sams as candidate for County Attorney of Knox County, subject to the action of the democratic primary.

Herbert is a member of one of the old pioneer families of Knox County that have done a great deal in the advancement and the settlement of Knox County. After attending the Benjamin High School he then attended Wentworth Military Academy, Lexington, Missouri and later returned to Texas and attended one of our Church Universities.

He returned to Knox County and was engaged as a court reporter in the District Court for approximately ten years, during his work as a Court Reporter he had opportunity to take down all the proceedings of the trials in the District Court and was associated with many of the most prominent lawyers in Texas and while doing this made up his mind that he would make a lawyer so put in his spare time reading law and was admitted to practice in the Inferior and Supreme Courts of Texas some four years ago. His services as Court Reporter gave him much profitable knowledge as to Court Procedure and the first of this year he resigned his position as Court Reporter and came back to Knox County to engage in the practice of law and associated himself with Judge James A. Stephens since which time he has tried several cases unassisted and has assisted in trying many important cases and if elected County Attorney he promises the Citizens that he will conduct the office in a fair and impartial manner and enforce all of the laws of the best of his ability and will appreciate the support of the voters of Knox County and the consideration of his qualifications for the office.

SPRING IS HERE!

SAM REED HAS FINE IRRIGATED FARM

Tuesday the editor accepted an invitation from Mr. Sam Reed of O'Brien to drive out and look over his irrigated farm one mile west of town. He has a well that is only twenty feet deep that produces more than 30 thousand gallons of water per hour, and last year forty acres of land was irrigated from this one well and the production of cotton amounted to more than a bale to the acre. Mr. Reed informs us that he expects to sink a number of wells on the farm and it will not be long until the entire farm will be watered. His idea now is to plant several acres in alfalfa and devote some time to the raising of hogs and blooded stock.

There is no question but irrigation is fast taking hold in this section of the county and almost every section can have water if the owner will only prepare for it. The cost of these wells is small in comparison as to what they will produce each year. Mr. Reed is manager of the Farmers Co-operative Gin in O'Brien, but always finds time to look after his farming and stock raising.

\$600 LOSS AT HATCHERY

The Knox City Hatchery had a little hard luck last week when more than six thousand chickens were burned to death caused by a thermostat on the machine not working. However they made arrangements with other hatcheries to furnish their baby chicks and they are operating as usual as nothing ever happened. They have plenty of chicks for sale and can take care of all custom hatching. Their loss was about six hundred dollars.

J. M. Edwards, local grocer will open his ice cream stand in his store tomorrow and will be ready to serve the public with the best home made cream that money can buy. His prices will be in line with the depression and the public is invited to call around and see just how the cream is made. Hear their announcement in today's Herald.

School Ground Project Complete

We the citizens, patrons, and friends of Knox City Schools to publicly express our appreciation to the originators, organizers, and executors of the recently completed school ground project. It has certainly been made an attractive beauty spot in our town and a campus second to none in surrounding towns. It should serve as an impetus to learning, and an attractive workshop to the youth of our community spirited citizenry. As President Roosevelt so recently states it:

"It is truly, in the public services when Civic minded men and women in cooperation with interested business groups, unite for the accomplishment of greater health and beauty in our homes and communities. It is a further expression of what we as Americans can do through united efforts to improve living conditions and solidify our fundamental institutions."

To the committee who first raised the initial cost by public subscriptions to the ones who drew up the plans to Mr. A. J. Malouf who so faithfully supervised the project and whose enthusiasm knew no bounds, to the school board for their wise counsel to the givers of the dirt and gravel, to the P. T. A. for financial aid, to the superintendent and faculty, to the student body who contributed, to the study club, to the men who donated machinery and time, to the county for the maintainer, and to each and every person who contributed time, labor, and money, we the citizens, patrons and friends of Knox City Schools are indeed grateful.

Questions Answered About Unemployment Compensation

QUESTION: My Employer deducts a Social Security tax from my pay check. Does this make me eligible for unemployment compensation if I lose my job?

ANSWER: The tax your employer deducts from your pay check is to pay your Old Age Insurance tax. That tax is paid by both you and your employer and is collected by the Federal government. If you retire at 65 or thereafter, you may draw monthly amounts from the fund made up of these payments.

The Unemployment Compensation tax is paid only by the employer and is collected by both the Federal and State governments. Unless your employer pays this tax, you are not eligible for unemployment benefits if you lose your job.

QUESTION: What is meant by "covered" employment?

ANSWER: That employment in which the employer is liable for Unemployment Compensation taxes and the employee eligible for unemployment benefits, is called "covered" employment.

QUESTION: Do all employers pay an Unemployment Compensation tax?

ANSWER: No. Only employees of "covered" employers are eligible. Also, they must have earned salary to equal sixteen times the amount of their weekly unemployment benefits.

QUESTION: What is meant by "benefits"?

ANSWER: "Benefits" or "compensation" means the check the eligible unemployed man or woman receives weekly from the Unemployment Compensation Commission during unemployment periods. Roughly, this

check will equal one-half of the unemployed man's former weekly wage with a maximum payment of \$15.

QUESTION: What is a "work record"?

ANSWER: Every three months your employer, if he is "covered" under the Texas Unemployment Compensation Act, will send a statement of your job and wages to the Unemployment Compensation Commission at Austin. He will also pay a tax on your wages every month. This information will be placed under your name and Social Security Account Number at the Commission and constitutes your "work record", to be used as reference in case you apply for unemployment benefits. The length of time you have been employed and the salary you have drawn will determine the amount of your weekly unemployment benefits and the number of weeks you can get them. If you don't have a work record you can get no benefits.

QUESTION: I got my check for benefits several days later than I was supposed to have it. When it got to me, it was almost time for me to have another check. What caused this delay?

ANSWER: Unemployment compensation benefits are not paid in advance. After the waiting period is ended, a claimant must show he is still unemployed by filing a continuing claim with the Texas State Employment Service. The Employment Service sends the claim to the Unemployment Compensation Commission in Austin where the man's name and the amount of his benefit check is placed and prepared and then returned to the

Commission on a payroll list and sent to the Com-

missioners' Department. There the checks are prepared and then returned to the Unemployment Compensation Commission to be mailed. All of these operations require on the average about seven days from the time the continuing claim is filed until the check reaches the claimant.

TIME OUT FOR COURTESY

Stop! Wait! Think!
What is the rush? Why all the bustle and the hurry? Where are you going? Have you ever taken time off from your social obligations to stop and say this to yourself "Where am I going?"

Is there any small triviality in your everyday life so important that you "just simply do not have the time" to mentally investigate and decide where all those whirlwind activities will finally lead you? Will they give you education? A career? A life worth struggling and fighting for?

Do you speak to all of your friends when you meet them on the street or some place? Are you so busy you cannot stop for a visit with a grandniece or an old aunt? Are you racing with time so fast that you cannot stop by an elder woman and guide her across the busy street or assist her with her numerous packages and bundles?

Where is all this chivalry we read so much about? Is a boy scout and is doing so you will do one good deed every day. Oh pardon me you are busy today, and everyday is the same for you, you don't have time, well, maybe you are busy and you have high ideals, a burning ambition, and a real determination, but after you succeed then what? Can you enjoy your high position knowing you have made no friends on the way up? Can you truthfully lay the blame on any person but your own greedy self. Friend, for such a dynamic little person, as you are sure you must be by now, it would be very wise indeed for you to realize that perhaps friends, companionship and happiness are most important than anything else.

You cannot buy happiness because it isn't measured out in ounces, barrels, or yards to be sold to the highest bidder. Why not stop, wait, and think and then ask yourself this all-important six word sentence "Where Am I Going? and Why?"

ONE ACT PLAY CONTEST TO BE HELD THURSDAY NIGHT

Thursday night in the Knox City High School Auditorium, the Knox County Interscholastic League will make its initial eliminations with the opening of the contests. The contest play participants and enthusiasts will gather in Knox City to see who will represent this county in Breckenridge at the district meet.

There will be four plays to be given. Those towns represented include: Knox City, Gorse, Munday, and Benjamin. Advance dope does not point to any special entry as being the favorite, but the contesting towns are after the county title earned by Knox City last year. Forgetting the prejudice of the Knox City entry, the plays will have to be exceptionally strong to survive this year.

CHANGE MADE IN ONE ACT PLAY ENTRY

In the cast for the Knox City High school entry in the Texas Interscholastic League One Act Play contest to be held in Knox City, a few changes have been made. The part of George is now being played by David Clarke in a last minute substitution. In Margaret Duttons illness Ellena Fayne White is working industriously in preparation to stepping in to the part if Margaret does not recover in time to take part. It is hoped by all of the cast that Margaret will recover in time to take over her duties.

The Knox City entry in the contest in Edward Maude Crane's one act comedy, "The Best Man." The play deals with the trials of two couples that find that they have become engaged to be married to the wrong party through glamorous errors concerning one Farley's conservatory. The continuity is finally broken when real-

ization arrives that brings the play to a climactic close. The playing time for the play is approximately twenty-five minutes.

The cast of the play is made up of Melvin Dutton portraying the role of Dick, the bridegroom; Marion Clonts playing the part of Margaret, the bride; David Clarke playing the character of George, the best man; and Margaret Dutton as Marion the bridesmaid. Ellena Fayne White besides understudying the role of Marion is properly mistress and holder of the key for the play. The play is under the direction of Charles Shumaker, a member of the high school faculty.

HITHER AND THITHER

By ???

Spring has sprung and still the kids in K. C. H. S. continue in their efforts to attain knowledge and learn in spite of all the bright, sunny days with the twitter of birds resounding through their ears. . . . And all the gossip gathers and the plot goes on in this Cracker Box!!!

In regards to Rowena—, it seems that your rival in Sunset could make the same boast that you did.

Edna and Sallye were seen riding around in the famous Blue Buick on hometown boy and the owner of the Buick being the main factors in the evenings fun.

Dickie, Bobby, La Roy and Sam, and George were running wild Sunday afternoon, or so it seemed! In fact, they had such a good time they can't remember all that took place.

Marie had quite a surprise, or so it seemed. You see some of that certain Stamford family were over but on the right part.

Knox City girls have about come to the conclusion here lately that the old hometown boys are the best in the long run after all. HURRAH!

Doyle, Odell, and David are really going to town on this dancing business. They tell us that they are getting to be regular Fred Astaires or what have you?

Mary Frances seems to be relying on the old statement, "Far away, but not forgotten!"

Geneva still has the west or certain parts of the west on her feeble mind. Sure now, and it always has been said that miles can not separate true love.

Marion had a very special guest over the week end. It is getting to be somewhat serious in the matter of the heart. Or is it?

It seems two songs fit Dorothy Shaver, "Change of Heart" and "After Sundown" (Sunset)

Bringing up the rear we are presenting a new edition of Songs That Fit in Knox City High School.

Billye Benedict "I Still Love To Kiss You Good Night"

Marion Clonts "Freckle Face"

Juanita Herring "Thanks For the Memories."

Doyle Walker and Paul Edward "Annie Doesn't Live Here Anymore"

KNOX CITY BOWS TO O'BRIEN IN DUAL TRACK MEET

Thursday afternoon on Greyhound field the Knox City High School track squad in a dual track meet bowing at the final count of team points to a score of 56 1-2 to 57 1-2 to O'Brien. However two of the Knox City's strongest events were not run off; namely the mile relay, the pole vault, and the broadjump. In these events the O'Brien team did not have participants.

Junior Reeves of O'Brien totaled more individual points of any of the participants from the two schools with 17 1-2 points. Truman Cypert pressed close behind with 15 points, winning first place in each of the events that he entered. Other points were liberally distributed between the members of the two teams. No outstanding times were made on the slow track, but the advance dope points to a fairly well rounded track team for Knox City. In the track events, Knox City appears to be fairly strong. Fast sprint men are in liberal numbers, but a strong need is the middle distance. Gaither will run the 880, but he will not have a companion to enter the race with him. Likewise is the situation with John Moulder in the mile run. In Cypert, Clarke, and Humphries we see three of the fastest track men in this section of the state. Other men that show promise of development are Dutton, Carver, Benedict, and Roberts Walker, a senior, promises to take away the laurels in the pole vault.

Following is the list of the winners and places in the track and field events:

100 yd. dash: first, Truman Cypert, Knox City; second David Clarke, Knox City; third Sellers, O'Brien; time 10 5-10 seconds.

120 High Hurdles: first, Reeves, O'Brien; second Walker, Knox City; third, Stevens, O'Brien; time: 19 5-10

220 low hurdles: first, Truman Cypert, K. C.; second, Reeves, O'Brien; and Carver, Knox City, tied; fourth Dutton, Knox City; time: 30 flat.

440 yd. dash: first, David Clarke, Knox City; second, O'Brien; third, Doyle Walker, Knox City; time 7 1/2

880 yd. run: first, Garrison, O'Brien; Elmore, O'Brien; third Alvin Roberts, Knox City.

220 yd. dash: first, Truman Cypert, Knox City; second, R. E. Humphries, Knox City; third, Sellers, O'Brien; fourth, Odell Carver, Knox City.

Mile Run: Garrison, O'Brien first; Wright, O'Brien, second; John Moulder, Knox City, third.

Discuss Throw: first, Junior Reeves, O'Brien; second, Doyle Walker, Knox City; third, Stevens, O'Brien; fourth, Benedict, Knox City; distance: 95.2.

High Jump: first, Reeves, O'Brien; R. E. Humphries, Knox City, second, Stevens, O'Brien, third; fourth, Johnson, O'Brien; distance: 141.7.

Shot Put: first, Melvin Dutton, Knox City; second, Herndon, O'Brien; third, Roberts, O'Brien, distance: 34.4.

Mile Relay, Pole Vault, Broad Jump cancelled.

WHO'S WHO IN THE SENIOR CLASS OF KNOX CITY HIGH

Last Tuesday the Seniors met with Mr. Whittis in the English room to decide upon some important matters.

Marion Clonts was elected most popular girl in the Senior Class. Dorothy Shaver was elected the most beautiful girl in the class. Doyle Walker carried off both of the honors for the boys as being the most popular and also the most handsome. Ellena Fayne White was elected as class prophet. several more guests.

SOPHOMORES HAVE VISITORS

Last Friday the Sophomore class was very happy to welcome Mr. E. B. Shaver to the History II Class. He talked to the class about his views on World events. The Sophomores enjoyed his talk and appreciate his interest in the class and invite him to come back soon.

Mrs. C. W. Armstrong visited the Home Economics II Classes Friday. The visit was on business but she was invited to come back just to get the spirit of school.

The Sophomore class is very grateful to the school patrons and merchants who built the very nice walks and leveled off the school ground. This helps the looks immensely, to say nothing of the great help the walks will be in wet weather. After the shrubs have had time to grow, our school ground will look as nice as any school ground in West Texas.

Be sure to read the Sophomore Edition of the Kennel when it appears in about three weeks. We want it to be the best that any class has put out or will put out this year. Mr. Shumaker the Sophomore sponsor, is behind this edition of the Kennel and although he works on the paper each week he says that he will really "show them that the Sophomores can" on this special Sophomore Edition.

The Sophomores were glad to help out in the ground and walk project this week by adding a small amount to the financial section of the project. Although the amount paid was not large, the class hopes that it will show that they do appreciate anything done for their benefit.

Monday afternoon was the official practicing time for our school's contestants to practice for the coming County Meet. Eliminations were held for the boy's solos and girl's solos. Only one contestant sang for the girl's solos and this was Billye Le-

Ann Doyle Graham will be Knox City's entry for solo. Extra-sophomores speakers will be Paul Howe and Ruth McGee. Dorothy Shaver and Dickie Mullins are the High School's representative declaimers. THE EAGLES ECHO

Published by the Sunset High School

CLAUDE HARRISON WILL REPRESENT SUNSET

Last Monday the tryouts for Ready writing was held in the Sunset High School. The essays were written according to the Interscholastic League rules, and were judged by three English majors, Claude Harrison, a sophomore, won first place. Gene Griffith won second place, and Lucy Thompson won third. The writers were given five subjects to choose from, but they all wrote on the same subject "Barbed Wire Fences I Have Met." Following is a copy of the winning essay:

BARBED WIRE FENCES I HAVE MET

From my childhood, I have been the only child in our family, and I have found things very different in my own home since I have grown up. At times I am confronted with the fact that I am growing older, and any event might cause me to lose friends, or, on the other hand, win friends. Personal observation and "trial and error" have evidently caused me to endeavor to turn my back upon my childhood ways, but I find it almost impossible. In some instances, I have found that pettishness is a frequent cause of my queer actions. At other times, I find the "hard-headedness" is another cause for me to be so alien with my closest associates. It seems that when I want to do something, I'll break my neck or do it, and if I do not want to do it, that I'll find innumerable excuses for my attitude.

If I had been one of several children of our family, I believe I should have been different, but still I can rely on this only to a certain extent. The proverb: "Practice makes perfect," has an equivalent: "Practice creates habit."

Another great fence I am entangled in is the despised habit of talking back to people. At one time I did this because I thought it was cute. That is when the habit should have been cut down and killed. It could have been done easily, but I practiced this "cute habit" until it became a very injurious habit. It has grown, and I have grown, until it has proven to be my most dangerous enemy. I struggle with it, but almost in spite of myself, I will resign when I am corrected.

The solution to destroy these habits is one of two things: My own will-power resisting the temptations, or by use of force.

The third and most dangerous thing for me is melancholy. This characteristic has proved fatal to many humans and anyone who has never had his ambitions crushed, his health and present physical conditions encircled by gloom and despair, and all of the human race forget him in life's wild saga, will never know the conditions of the person affected with melancholy.

I fully realize this in my normal mind, and everyone is my friend, but when my mind drifts off into this saddened and obsolete pace, all are enemies. Everyone is against me, it seems, and would rejoice in my death. There comes the hard struggle when the question arises within me whether I should continue to exist, or leave these pleasure-maddened enemies of mine.

By struggling against it, I have found that I can reject this action and add to my side by thinking of my ambitions—to help make this world a better place to live, and make myself loved by everyone.

SUNSET TEAMS DEBATE AT TRUSCOTT SATURDAY

Last Saturday the Debate Division of the County Interscholastic League work was held at Truscott under the direction of the Interscholastic League debate director, J. W. McMann. Boys and girls teams from Munday, Sunset, Benjamin, and Truscott were entered there. Judges were secured from schools of the county. The girls team from Sunset were Nettie Griffith, a junior, and Margaret Jean Hardin a sophomore. They lost to Munday in their first debate and to Benjamin in their second trial. The boys from Sunset were Fuller Shannon and Leroy Henderson, both seniors. These boys were defeated by Benjamin in the first debate, and Truscott in the second one.

Mrs. Otis Cash from Sunset served as a judge for the debates.

Mr. J. W. Bigony of Sunset coached the Sunset debating teams.

SUNSET JUNIOR PLAY HUGE SUCCESS IS REPORT

Last Friday evening the Junior Class of the Sunset School under the direction of Miss Lois Spraggins gave as their annual Junior Play, "Cherio My Dearie." The play was indeed a grand success.

The selection was a good one, it was

well rendered, and the auditorium was filled. Everyone enjoyed the peppy fun which went on throughout the play.

A reception was held immediately after the play in honor of the Knox City and Munday juniors, and the Sunset Seniors. Several visitors from other places also attended. The juniors from other schools were invited but failed to attend. After every one had filed into the music room and found a seat, Mrs. Underwood played several numbers. After the visiting students had been introduced delicious cookies and punch were served.

In behalf of the Junior class, we wish to thank each and every one who helped the junior class in presenting their play. We especially thank Nellie L. Prather, a sophomore, and Floyd Frost, a senior, for the work they did, and for helping the junior class by taking a part in the play. The class also is very grateful to the seniors for the work they did in making the reception a success. The class is also grateful to Mrs. Underwood for the work she did for the reception and the in-between acts numbers she and the music students presented. After all is said and done, the junior class is indebted to everyone for the splendid cooperation that they gave the Junior class.

May we say again that the junior class is indeed grateful for the many visitors from the neighboring school, and we invite you back at all times.

IN MOCK TRIAL CIVICS CLASS TRY DOROTHY GARRETT

"Do you swear to tell a lie and a whole lie and nothing but a lie, so help your conscience to forget?" This was the oath administered to all of the witnesses in the recent trial of Dorothy Garrett for forging or altering a check. She is accused of changing a check from five to fifty dollars. There have been quite a few contradicting statements made during the course of the testimonies. J. E. Hunter swears that we was dated out with Dorothy while at the same time other witnesses swear she was at the home of Mrs. Otis Cash.

Oh, Boy! and is it embarrassing to be caught in a lie. This is exactly what has happened to a large majority of the witnesses. Nell Nix and Faye Marie Partridge are attorneys for the defense while Cuddy Dumps and Fuller Shannon are lawyers for the state. There is quite a bit of mud slinging but after all it is all in fun. All of the witnesses admit that they might be liars, but it surely does make them queer to be called one right to their face. Mr. Kimbrough acts as judge while the rest of the class acts as witnesses for the two parties. Herbert is a handwriting expert and witness for the defense. Something turned up that J. W. Bigony did not give the testimony that Buddy expected him to give. So far, the girls are putting up the best argument, but you can't even tell which way the "wind will blow."

SUNSET SENIORS ON PARADE

Lillian Wahdayne Hackney, daughter of Mr. and Mrs. C. V. Hackney was born July 4, 1921, in Johnson County. She lived in Johnson County on a ranch until she was five years old, then she moved to Haskell County where she remained for three years. She spent her first three years of school at Lone Star, from Haskell County she moved to Knox County where she is now standing. Lillian entered Sunset when she was in the fourth grade, and she has spent the rest of her school days here. It seems quite an honor that Lillian is the youngest of the seventeen graduating seniors. Even though she is the youngest, it doesn't mean that she is the "dumbest." Anyway we are proud of you Lillian.

Lemuel seems to have changed his mind about his date Friday night.

Herbert what is this about you and "jail babies"

E. G. can't you make up your mind to whether it will be Sunset or Knox City.

I've heard of people not being able to go tonic off the breath, but Marguerite seems to be having lots of trouble getting it off her mind, especially on hamburgers.

We want to mention Ikey in this column but we don't have any news of him only he went to Wichita Falls last Saturday with someone (wh) was Ikey) and made a speech over the "Man of the Street" broadcast. He appears to have gone shopping with this "Sweet Someone."

A Man Who Leaves NO WILL Does His Family a Big Injustice

A Life's Savings is Protected by a Will

Make Your Own Last Will and Testament

Make Your Will NOW. Safeguard Your Loved Ones.

Everyone needs a Will, those who have little, more than those who have much. Neglect to make a Will causes untold grief, suffering, family disputes.

This Actually Happened
A happy man with a good wife and two lovely children, owned a \$7,000.00 house with only a \$2,000.00 mortgage, and had about \$3,000.00 in the bank. He caught a cold; it developed into double pneumonia and within a week he was dead.

There was no will. An executor had to be appointed by the court, a bond paid and a lawyer appointed. He had two brothers with whom he was on bad terms. Each applied for one-third of the estate. The executor got 5% and had one year to settle.

The mortgage was foreclosed, the widow dispossessed. Today this man's family are on relief, destitute. If our Will booklet at a total cost of one dollar had been used, all this trouble would have been saved. Things like that are happening every day.

A Legal Valid Will—\$1
Our booklet giving samples of Standard Last Wills and Testaments, with many separate clauses, enables one to make just the kind of Will desired by simply copying the wording and filling in your names.

With our booklet comes a Will blank with full instructions how to sign and have it legally witnessed so as to make in SECRET, without other legal advice, a perfectly legal will.

ALLRED NOT CANDIDATE

Austin, March 21 — "I have fought a good fight; I have kept the faith!" Thus did Governor Allred summarize his stewardship of the high office to which the people of Texas have elected him twice while announcing that he would not be a candidate for a third term. The announcement was made by Governor Allred Saturday night over a statewide radio hookup from the Mansion at Austin.

"My record is written," Governor Allred said in reviewing the accomplishments of his administration. "It can be changed neither by comments edged with bias nor statements poisoned with prejudice. I only trust that having given the best in me, I have in some measure justified your faith and confidence.

Naturally, I should like to see the remainder of the people's program carried out. For this reason, and at the earnest insistence of many fine friends throughout the State, I have considered the problem of asking 'the people for another term.

"But necessarily, there are other considerations. Not alone the so-called third term tradition, but my family's welfare, and most important, the welfare of the State!

"Financially, I am in worse condition than when I became either Attorney General or Governor because I am deeply in debt. I owe it to my family

to consider their future welfare.

"Outweighing all these things is the question of the public interest. Necessarily in a career of service where no one has ever doubted my stand on public questions, I have made bitter enemies. An unprecedented third term announcement on my part would plunge Texas into the bitterest campaign it has ever known, a campaign of false issues and personalities.

"For these reasons, I have concluded that I should not be a candidate. Therefore I plan to enter private law practice in Austin at the conclusion of my term.

"In the future, should the occasion arise, I shall stand ready to serve the State I love. Meantime, from the bottom of my heart, I thank the thousands of friends whose support elected me Attorney General and Governor and without whose help none of my accomplishments as Governor to which I have proudly pointed could have been realized.

Governor Allred said he had no desire to dictate his successor but felt that the people of Texas were entitled to know how avowed candidates for governor stood on old age assistance, the child labor amendment, sales of liquor by the drink, legislation of race track gambling, the continued outlawry of racketeering on the sales and other taxes.

"Even those who do not like me," the governor declared, "know where I stand upon these questions, it is asking too much of others to make themselves equally clear? Surely a man big enough to be governor should certainly have some convictions on these subjects and possess the courage of his convictions."

Reviewing briefly his record during the past three years, Governor Allred said Texas had had a state administration of which she need not be ashamed for it had commanded the respect of other states and the confidence of the National administration.

Along the many achievements pointed out were old age assistance to over one hundred thousand needy aged; the establishment of a re-employment service and an unemployment insurance department; liquor traffic regulation; passage of the securities act, the chain store tax yielding millions in revenue and producing fairer competition for independent industries; increased natural resources tax; defeat of sales tax; planned conservation program for oil and gas industry; as well as "various flood control districts; aid for insan-

and almshouse institutions; establishment of negro tubercular hospital; crippled children aid, and broadened public health program; establishment of public Safety Department, with attendant strict law enforcement; repeal of race track gambling.

The governor proudly pointed out that under his administration rural schools received greatest aid and every school the biggest per capita apportionment in history. In addition, colleges and universities had received aid for building programs and fairer salaries for teachers. Despite needed help, the governor's administration showed an ad valorem school tax reduction of 28c on the hundred dollars. Pointing with pride the abolition of

old pardon system and the establishment of clemency on merit, the governor said the volunteer parole system inaugurated by him was the "most widely respected" system in the nation.

He reviewed the Centennial Celebrations made possible by legislation sponsored by the Allred administration and said that thousands of new citizens and industries had been attracted to Texas as a result.

The Governor said he was proud that the state administration had enjoyed the personal friendship and had secured the hearty cooperation of President Roosevelt in carrying out a real recovery program.

Minnesota paints, enamels and varnishes are not the cheapest kinds on the market, but they are most economical. For a fraction more in initial cost, they give you doubled wear and service. And that's the economy that counts most with every sensible householder.

THE BAPTIST CHURCH

With a hand of welcome bids you come.
 Many fine things are being said about Rev. J. T. King of Rising Star, for which I am glad.
 I had hoped for an increase in Sunday School and church attendance and am happy to find such was true. Now as we have learned that such can be done, come along and help to make our church what it ought to be. 115 in Sunday school isn't so bad, but we ought to try for 150 next Sunday.
 We can if we will. Our little Baptist Neighbors at Rochester had 183 in Sunday school last Sunday.
 I am glad to say we had a good day at Rising Star. The people treated me like a king in spite of the fact.

I told them my name was green.

Wherever you go you find some fine some of the Lord's best people, and such always greet you with the glad hand of welcome.
 Sunday School 9:45. Come thou to us and we will do thee good.

ALONG ROUTE ONE

Geo. Stubbs motored over to Anson Sunday.
 Mace Moseley spent Monday in Blackell and Rule.
 Mrs. Minnie Mae Stubbs was confined to her home for a few days last week on account of illness but was able to be in town Saturday.
 We stopped in to see Jake Hester Monday and found him a very sick man. Jake was so glad to see us that it was difficult to get away.
 Jake and the writer have been very close friends for almost a quarter of a century.
 Den Davis is smoking a new corn pipe this week in order to reduce campaign expenses.
 E. L. Park, candidate for commissioner, was in town Monday.
 It is indeed a pleasure to see so much improvement in H. M. Warren's health. As he passes down the street now he has a pleasant smile for every body.

Jim Hubbard reports that he believes the depression is over as his line of business is picking up.

J. M. Stockton and family attended Church at Vera Sunday.
 Mace Moseley tells us that his Lamb's Quarter is coming along nicely.
 Dan Craddock has promised him a few stalks of Polk Salad to mix with his lamb's quarters. Harve Warren has agreed to furnish the corn bread and Jim Hubbard the bacon.
 In conversation with M. A. Bumpas one day this week, we asked him the direct question, if he thought spring of the year was here. He said he thought so, as Eli Williamson had laid aside his winter crop and had donned a straw hat.
 Miss Bertha Sweatt was in town Saturday.
 The Hon. Jot Rogers was in from the Campbell ranch Saturday. Jot said he had a slight case of the flu, too many sand storms.
 Mrs. Henry Thompson is on the sick list this week.
 B. B. Campbell and wife made a flying trip to Wichita Falls Saturday.
 Mrs. E. G. Milford is spending a few days with her son, John and family near Odessa.
 T. E. Robbins, president of the State Bank, tells us that he does not get quite enough exercise in his official capacity and has decided to spend his spare time cultivating his nice farm just south of town. Tom says he doesn't go very strong on these present day farm implements but has decided to send back to Kentucky, his native state, and purchase a mule and Georgia Stock with a cut and collar attached. If any of you young and rising generation do not know what a cut and collar resembles more, see Geo. Stubbs at the Knox City Hardware. It is real interesting to hear Mr. Robbins tell of his early experiences. As Tom and this writer never knew what a biscuit was only on Sunday morning. We only received one pair of shoes a year; they were brogans. We have both stepped out many a morning and picked worms off tobacco leaves. One of Tom's greatest was trying to coon a foot log at night. He generally always fell in the creek but if this country was filled up with men like Tom we would not have any need for jails or court houses.

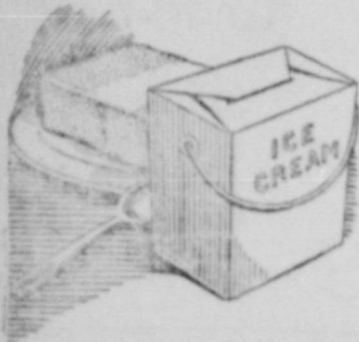

CHRISTIAN CHURCH

Bible School at 9:45 at both Benjamin and Knox City. There will be no preaching services at either of these churches. Instead, the pastor will be with the Truscott church for both morning and evening services. A baptismal service will also be held in the afternoon.
 Tonight, March 24, the Knox City church will have a Brotherhood Dinner at the church at 7:30, is desired that every member of every family in the church be present for this dinner. Some of the families in the church from Benjamin also plan to attend. This dinner is being held in conjunction with congregations everywhere to strengthen the feeling of brotherhood among our congregations.
