Receives First Check On Sales Tax Collections

Charles Lankford received the city's first check for sales tax collections for the first quarter ending June 30, 1968. The check, for \$3,574.81, was presented to him by City Secretary Charles Lankford at a meeting of the City Council on Tuesday, September 17, 1968. Lankford said that the city's sales tax collections for the first quarter were \$117,677.81, or 4.76 percent of the total sales tax base of \$2,451,214.50. The city's sales tax collections for the second quarter were \$117,677.81, or 4.76 percent of the total sales tax base of \$2,451,214.50. The city's sales tax collections for the third quarter were \$117,677.81, or 4.76 percent of the total sales tax base of \$2,451,214.50. The city's sales tax collections for the fourth quarter were \$117,677.81, or 4.76 percent of the total sales tax base of \$2,451,214.50.

THIS TRANSACTION called for a smile from Cashier Bruce Campbell, Jr. at the Citizens State Bank when City Secretary Charles Lankford deposited the first check for the one percent sales tax.

Hounds Outlast Steers At Rochester Fri. Night 7-6

The Knox City Greyhounds began the season with a victory over the Rochester Steers there Friday night with a score of 7-6. The Hounds scored on a 35-yard T. D. pass from Quarterback Mike Newton to Right End Charlie Lieb in the second quarter. The extra point was kicked by Randy Hise. The Steers scored on a reverse in the fourth quarter around left end. They tried for two points and were stopped on the one-yard line. Rochester had several opportunities to score in the last half, but the Greyhound defense did an outstanding job and held the Steers.

According to Coach Charles Hibbitts, outstanding defensive players Friday night were Wayne James, Joe Barnard, and Jimmy Faulk. Outstanding on offense was Ronald Curd who ran hard. The Knox City coaching staff was real pleased with the back-

ing the Hounds received at Rochester Friday night. The Greyhounds will face the Rule Bobcats at Rule Friday night at 8:00. Rule defeated Hawley 79-0 last Friday night, and this will be a real test for the Greyhounds. Rule starters for this week are: 80 Barbee E; 78 Casey T; 74 Cornelius G; 55 Jones C; 61 Hobbs G; 79 Anderson T; 86 Matysiak E; 24 Galindo HB; 13 LeFevre QB; 22 Lott HB; and 44 Lisle FB. Fans are urged to travel with the Hounds to Rule Friday night and support them "all the way".

Locals' Son Off To Okinawa After 30 Days

US Navy Communications Technician Petty Officer 3rd Class Stanley Duckworth, son of Mr. and Mrs. M. G. Duckworth, left Sunday, September 15, following a thirty day furlough here with his parents. Duckworth will report to Travis Air Force Base, San Francisco, California. From Travis he will be flown to Okinawa for a tour of 16 months' duty. Prior to his furlough, Duckworth spent 19 months in Brendis, Italy.

A 1964 graduate of Knox City High School, Stanley attended Abilene Christian College before enlisting in the Navy in February, 1966.

Already Appropriated For 1969 Citizens Should Urge Congress To Re-Authorize SCS Funds

Jack Idol, Chairman of the Wichita Brazos Soil and Water Conservation District, recently received information which he felt the people of the District should be aware of. Unless Congress takes action to the contrary the U. S. Department of Agriculture will be asked to reduce spending by \$3/4 billion in 1969 fiscal year. A large portion of this cut is scheduled to come out of the soil and water conservation programs in Texas.

This reduction on employment and expenditures for the Soil Conservation Service alone will stop conservation accomplishments in many Districts. It will require the closing of some S.C.S. field offices, will breach recruitment arrangements with State Universities, will prohibit the letting of any new contracts for flood prevention, will prohibit the letting of any new contracts in the See Citizens, page 2

Two Accidents Investigated By Highway Patrol

The Texas Highway Patrol investigated two accidents on rural highways in Knox County during the month of August, according to Sergeant Frank Jirick, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed, no persons injured, and an estimated property damage of \$2,460. The rural traffic accident summary for this county during the first eight months of 1968 shows a total of 26 accidents resulting in three persons killed, eight persons injured, and an estimated property damage of \$19,085.

Barley Is Included In '69 Program

An important change announced recently for the 1969 feed grain program makes barley one of the three grains to be included in the program next year. Arnold J. Navratil, Chairman, Agricultural Stabilization and Conservation (County) Committee, reminded farmers today.

September first marked the beginning of the 1969 Motor Vehicle Inspection period. Motorists are urged to have their vehicles inspected during routine visits to garages and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker. The Sergeant stated, "With the hard summer driving coming to an end, Fall is an excellent time to have vehicles safety checked for the winter months ahead."

This means that barley as well as corn and grain sorghum will be included in a farm's feed grain base acreage if the farm has barley production history in 1959 or 1960. Any acreage devoted to barley in 1969 will be charged against the permitted acreage for the farm in determining participation in the program. The minimum diversion in order to qualify for benefits of the 1969 feed grain program has not been determined as yet, but it will be announced as soon as the program is formulated. The change also means that a grower participating in both programs who wants to substitute

Parade chairman, C. O. Holt, announced that the cowboy band of Hardin-Simmons would be present to lead the downtown street parade at 4 p.m. on opening day, October 31st. Many other bands, drill teams, old automobile exhibits and other novelty features are presently being contacted and indications are that the parade will be one of the most outstanding ever produced and witnessed in this area. Superintendents of the many divisions of the fair are working diligently toward securing many exhibits for the annual fair. Board members voted that other concessions be let to interested organizations on a percentage basis of gross receipts. A definite commitment has been received from the State Dept. of Public Safety Educational Division from Lubbock, Texas, that their outstanding exhibits will be on display at the fair under the auspices of Mrs. Luther Burkett as chairman of the educational exhibits. Present plans call for a black topping program for a part of the fair grounds south of the corral building and west before the dates of the fair.

tute between wheat and any of these three feed grains — corn, grain sorghum, and barley — may do so within the limit of the farm's total permitted acreage for all of these crops. Thus, there will no longer be any need for requesting that a special barley base be approved for a farm if the grower wishes to substitute wheat for barley.

Program provisions for substituting wheat for oats or rye in 1969 have not been changed. This may be done if (1) the producer requests a special out-rye base for his farm, (2) the county ASC committee approves the base, and (3) 15 percent of the approved base is diverted

to conserving uses. Wheat can then be substituted on any or all of the remaining out-rye base. A producer whose farm has a feed grain base may substitute wheat for oats-rye provided he also participates in the feed grain program.

EDITORIAL

When Texans go to the polls on November 5, in addition to casting their ballots of local, state, and national candidates, they will be asked to either approve or disapprove 14 more amendments to the Texas Constitution.

The Texas Constitution of 1876 has been amended a total of 184 times. Six amendments were considered and adopted by the Texas electorate on November 11, 1967.

Instead of carelessly approving all 14 amendments, Texas voters should carefully consider the merits and demerits of each of the proposed amendments.

Amendment No. 5 on the ballot is House Joint Resolution No. 61, authorizing an annual salary for members of the legislature in an amount not to exceed \$8,400 per year and extending the per diem allowance to 140 days of the regular session.

If this amendment is approved it would increase legislative salaries from the present \$4,800 to \$8,400 per year. The per diem rate would remain at \$12, but would cover 140 days rather than the present limit of 120 days. The total per diem allowance would then amount to \$1,680, bringing the legislators' salaries to \$10,080 per year.

Also included in the amendment is a mileage allowance for lawmakers going to and returning from the seat of government. This would permit one round trip per month at

Congress for the 1969 fiscal year.

Action is needed by all the people to urge the Congress to re-authorize the S.C.S. to use the money already appropriated by Congress for the fiscal year 1969. The conservation of our natural resources is everyone's business.

Tax Man Sam Sez:

Everybody knows that the new surtax law raised the amount of income tax that you will pay (7 1/2% this year) by 10%. What a lot of folks don't know is that the rules for paying estimated taxes have also been tightened up. Most of us work for wages and our employers withhold income tax and social security tax from our wages and pay it to Uncle, and we don't have to worry about filing an estimated tax return. However, those folks who are self-employed or who have income outside of their pay check, do have a problem. This type of taxpayers have been required to file an estimated tax return in the past, but there were lots of good excuses that wiped out a tax penalty if you did not file and you met the exception. Congress decided to wipe out and tighten up these exceptions. If you are self-employed or if you have substantial income on which you have not paid any tax, you better review the amount of estimated tax that you are due to pay on September 15, or find out whether you have to file and pay because your good excuse is gone.

\$2.50 for every 25 miles traveled, instead of the one round trip now provided for the entire session.

This mileage allowance would add a considerable amount to the already generous \$10,080 annual proposed salary.

The salary base (\$8,400) alone would amount to \$700 per month — payment for what might be called a part-time job and far in excess of the full-time salary drawn by the average Texan. The addition of the \$12 per diem allowance for 140 days would bring the salary to \$10,080 per year, or \$840 per month.

It is not for us to judge whether or not legislators are worthy of this salary. Nor are we suggesting that the legislators' role in Texas is not an important one. But what might be considered is that other Texans who are in positions of importance are receiving much less than the amount which would be paid legislators if the amendment is approved.

For instance, a beginning teacher in Texas with a bachelor's degree receives a minimum of \$4,734. After 10 years' teaching experience, he can receive the maximum provided by the state of \$5,040 — after 16 years' teaching, the master's degree holder is paid the state maximum of \$6,912.

Of course, some teachers are paid more than the minimum salary provided by the state — but these additional amounts are paid by individual school districts, and in certain cases, by the federal government.

But the fact remains that the AVERAGE salary of Texas teachers ranks 33rd among the states of our nation. And across the nation, 150,000 teachers leave their profession each year. Is it any wonder?

We make the comparison between teachers' and legislators' salaries because both groups are paid by the state.

Therefore, when Texas voters go to the polls in November, they must carefully consider each amendment — and pay close attention to the provisions provided for in Amendment No. 5.

Work Covered By SS Required For Hospitalization Coverage

Most people who reach 65 this year or later must have some work covered by social security before they can have hospitalization coverage under Medicare, says Edwin Draughon, manager of the Vernon Social Security office.

People who became 65 years of age before 1968 needed no work under social security to be covered by hospitalization of Part A under Medicare. Beginning with 1968, three-fourths of a year work (3 quarters under social security) is required to be eligible for hospitalization.

In 1969, one and one-half years work will be required and it will continue to increase each

year at the rate of three-fourths of a year of work until the requirements are the same as those for cash retirement benefits.

This requirement does not apply to people who can draw social security payments based on someone else's work and number. These people, most of them wives and widows, will be covered automatically for hospitalization when they become 65.

Additional information regarding hospitalization coverage can be obtained by contacting the office located at 1728 Fannin Street in Vernon or calling Linden 2-9346.

lene Office would class 75,000 bales and the Abilene division would class around 375,000.

"Our office will not class samples from Glasscock County this year, which will reduce our total about 13,000 bales. Even then, we might class around 400,000 bales here" Manly stated.

Samples from some of the "first bales" are beginning to trickle in to the classing office of the cotton division of Agriculture Marketing Service, USDA, Abilene, according to B. B. Manly, officer in charge.

Samples from "first bales" at Rowena, Runnels County; O'Brien, Haskell County, Neinda in Jones County, but the cotton was grown in nearby Fisher; Stanton, Martin County; Snyder in Scurry County; and Lorraine in Mitchell County have been received.

The Stanton bale was 1 1/32 inch staple, Snyder one inch, Lorraine 3/32, and Neinda 1 1/16.

All staples "looked pretty good. It was all hand pulled and from the matured, bottom bolls on the plant," Manly stated.

"It is pretty hard to say at this stage of the crop what is going to be the final outcome. The only report of a matured crop comes from Tom Green County" he added.

Producers in some counties are complaining about dry weather. However, producers in other counties think the dry, hot weather is reducing insect problems.

Last season Manly made one of the more accurate "guess-timates" of the number of bales the Abilene Classing Office would handle. When asked for an estimate on the number this season, he said he would guess the Monday branch of the Abi-

Fort Worth Fair Opens September 20

Fort Worth - Fort Worth's first big-time fair opens Friday at the Will Rogers Memorial Center, with a hoped-for attendance of some 500,000 visitors from throughout Texas and surrounding areas.

It's the Texas Western Fair which will run 10 days through Sept. 29, offering a variety of attractions from a country and western spectacular to a youthful pop music festival, from band concerts to Dancing Waters.

The number and variety of attractions is less surprising than the fact that so many of them are free. Starting with free parking... paved, lighted and patrolled... plus low admission prices, the fairgoer can stroll for hours and be entertained for less than the price of a movie.

Even the headlined attraction, the Nashville Spectacular, with 63 Grand Ole Opry performers in three separate shows, has low-scaled prices... from \$3.50 down to \$2.00. There will be performances of the country and western shows, featuring 16 top stars, nightly at 8 p.m. with 3 p.m. matinees on Saturdays and Sundays in the Will Rogers Auditorium.

We want to thank all of our friends in Knox City for your wonderful help in making the District Convocation a success. With out your help the job would not have been done so well. On Thursday night of this week the Abilene and Coleman Districts are to meet one of our state officials at Bethel Church of God in Christ in Abilene.

Start the day right with breakfast. If you are a person on the run, make your breakfast in a glass, with this suggestion from Extension foods and nutrition specialists. Blend 2 cups of milk, 2 eggs, 2 bananas, 1/2 teaspoon lemon juice, 1/8 teaspoon lemon extract and a dash of salt. Serve cold. This makes 4 cups.

Church of the living God held Sunday school and morning service, and dismiss for the day. The Pastor left for Phoenix Ariz. for the meeting being held there.

Shelton Rhodes dont cry no more, he is a big boy now. Jimmy Flye is so sleepy in the morning, it take, Father, Brother and Mother to get him out of bed get up Jimmy.

Michael Manuel left last week for Cisco Texas where he will inter collage until Jan 69 then to Denton the rest of the term. This is the time to go fishing so get the poles and worms and things and come by and get me and lets go.

Mr. and Mrs. Jack Anderson have move their new house on their farm, they lose their home by fire not long ago.

Word was received here that the Daughter of Mrs Georgia Smith was doing nicely in Galveston where she will undergo surgery.

Services of the Church of God in Christ

Sunday Night marked the close of a blessed week in our District Convocation, Monday night was home coming night. The Mayor of Munday spoke. In his speech he brought out how that godly training in the home would put a stop to parental and juvenile delinquency.

Due to illness Bishop Alexander was unable to attend the meeting.

On Thursday night we were blessed with our State Mother Mrs. Myrtle Brooks attending. Friday was Women's Day in the meeting. The day was full with a day and night service, Chaplain Sis. Vivian Bennett and the Missionaries in order Sanders, Ward, and Wilson and all of the District served well to bless our District Missionary Sis. Willie Mae Hickman of Abilene. On Saturday the District was a blessing to Supt. Bennett under the leadership of Elder Leon Ward. On Sunday the day was full beginning with Sunday School. The Evangelistic Hour began at 3 p.m. Y.P.W.W. at 6 p.m. Each official preached in his part of

Recreation Activities Offer Landowners Added Income

Cotton producers and businessmen are urged to attend the

Ministers' Income Now Covered By SS Amendments

Income received from the ministry is automatically covered by social security under the new social security amendments.

Until the 1967 change in the law, a member of the clergy could be covered under social security under an individual, voluntary arrangement; if he wished social security protection he signed a form stating that he wished his income from the ministry to be covered. He then paid a portion of his salary as his social security contribution on the basis of that of a self-employed person.

As of January 1, 1968, however, income from the ministry is covered automatically on the same basis as that for other wage earners and self-employed persons, unless the clergyman has objections based on conscience or religious principle.

As under the old law, a clergyman covered by this provision reports his income and makes his tax contributions as if he were self-employed, even though he may be working as an employee. He will pay his first social security taxes on income from 1968.

The new provisions do not apply to those clergymen who elected coverage under the old law. They will continue to be covered.

If a clergyman who had not already chosen to come under social security before 1968 does not wish social security coverage he must file an application for an exemption and a statement that he is opposed to receiving social security benefits or other public insurance based on services as a clergyman, by reason of conscience or religious principle. The application must be filed with the Internal Revenue Service by April 15, 1970, unless he enters the ministry in 1969 or later; in that case he will have until April 15 of the second year after the year in which he became a clergyman to request exemption.

The new provision does not affect members of religious orders who have taken a vow of poverty. As before, they are not covered by social security.

For further information about social security for clergymen, contact your Vernon social security office located at 1728 Fannin, phone L12-9346, and ask for leaflet SSI-9.

cotton variety Demonstration Field Tour and inspect 11 varieties being grown by Herbert Partridge Tuesday morning, September 24, at 9:00 a.m. The location is referred to by many as the Wilcox place and is next to the George Wall place northwest of Sunset.

This location is fairly centrally located between Knox City Munday and Rhineland and it is suggested groups in each of these areas get together at their gigs between 8:30 and 8:45 a.m., and be at the demonstration by 9:00. Goree, Vera, Gilliland, Truscott or Benjamin producers are invited to join either of the other groups or anyone wishing may meet at the demonstration area.

Varieties are planted 8 rows each approximately 1200 feet long including each of the following: Deltapine 5540; Deltapine 16; Dunn 56c; Lockett 4789A; Paymaster 909; Acala 1517 V; Rilcot VT-1; Tamcot 788; Coker 413-67; Stoneville 213; Lankart 3840.

Some of the qualities these varieties are to be checked for include yield, staple length, quality, adaptability to machine stripping and disease resistance.

In growing this demonstration Herbert is cooperating with the Texas Agricultural Extension Service working with the Crops Committee of the Knox County Program Building Committee and the Texas Agricultural Experiment Station.

This demonstration should be of interest to both cotton producers and businessmen of Knox County, according to Herman H. Collier Knox County Agent.

Streams In Desert Places
BY OZELLE STEPHENS

As the Father hath life in Himself; so hath He given to the Son to have life in Himself; and hath given Him authority to execute judgment also, because He is the Son of God, Jesus has the power to give to you victory in all your life as you believe.

A Methodist preacher wrote Billy Graham a letter as he lay dying with muscular dystrophy he said, "Billy, I have preached all my life that Jesus was adequate in all situations of life; and oh, Billy, He is more than adequate in death."

His powerful presence goes with you continually even through death.

"Melanie Meddles"

By Melanie Whitley

Everything in this world is different according to the direction it is viewed from, as evidenced by these two children's observations of last week.

Melanie, a young girl, was sitting on the ground, looking at a small object in her hand. She was looking at it from a different angle than I was.

"It's different," she said. "It's not what I thought it was."

I looked at it from a different angle and saw it differently. "It's not what I thought it was either," I said.

They were looking at a small object, a piece of wood, from different angles. They were looking at it from a different angle than I was.

The KENNEL

(EDITOR'S NOTE: Anne Hoge has been named editor of THE KENNEL with Gaia Watkins as assistant editor. The complete staff is not shown this week as some of the organizations had not completed naming officers. However, we are hoping to be able to list the staff and have a picture of all reporters in next week's Herald.)

Senior News

By Anne Hoge
Last Thursday morning the Senior Class voted Rosie McElroy and Don Hawkins as their class favorites for the year 1968-69. Runners-up were Pinkie Woodward and Ronald Curd. CONGRATULATIONS!!
The Senior Class would like to thank all the people that bought magazines from them. The magazine sale ended yesterday, and it was a great success! They would also like to thank the people that put names on the backs of the football programs. Both of these projects will help get money for the Senior trip.
Among the subjects that the Seniors are taking are: English IV, Bookkeeping, Shorthand, Civics, Texas History, Typing II, Physics, Homemaking III, and Agriculture III.
Senior boys playing football this year are: Johnny Carver, Ronald Curd, Randy Hise, and David Speck. These boys helped win the game with Rochester last Friday night, CONGRATULATIONS, FOOTBALL BOYS!!

Junior News

By Mary Gentry
This week has been very active for the Juniors. The class began by having a meeting to discuss when to sell Manor Fruitcakes. They decided to begin the sale immediately, and pamphlets were handed out at the meeting. The class will continue to sell fruitcakes until Christmas. So if anyone wants a Manor Fruitcake, please notify the Junior class.
Another meeting was called to discuss class dues. The amount was set at \$2.00 per month. Raising money for future needs was also discussed.
This week has been full of excitement, and the Juniors are looking forward to more.

Sophomore News

By Gwen Angle
Yah-ha! We won that all important first ball game Friday night against Rochester! I know that everyone is so proud of the whole school that they could just holler! The football team did especially well and I think that we should let them know that we think so by locking them at all of the ballgames. Of course, we are really proud of the sophomores on the team. They are Mike Newton, Rogers Lankford, Henry Rodriguez, Max Spencer, Steve McKay, Gary Pack, Busty Woodward, Bill Park, and Tommy Collins. Keep up the good work and let's go, Greyhounds! Get a holla!
We have a large class this year and have one new student, Jacki Perry, who attended Throckmorton High School last year. Although she is new to some of the class, a lot of the members knew her before she came. Welcome to KCHS, Jacki! Hope you like it.
Clubs are being organized now and everyone is about to get back into the "school swing". Just think - - there are only 33 weeks left till school's out!

Freshman News

By Victor Gonzales

The school choir got under way last Monday, September 9. Officers were elected. They are as follows: Sue Egenbacher, president; Tommy Guy Waldrip, vice-president; Lou Ann McGaughey, secretary; Brent Railsback, reporter; Mrs. Melvin Lowrey is director of the choir. The choir is looking forward to another successful year!

Pep Club News

BY DONNA RAILSBACK
Friday, September 13, KCHS students held a pep rally in

the gym. The students, teachers, and citizens displayed great spirit and showed that they were a 100% behind our Greyhounds. A skit was given entitled "The Wedding". Characters included:
Miss Rochester - Phil Denton; Mr. Knox City - Brent Railsback; Soloist - Anne Hoge; Flower Girl - Randy Park; Minister - Donna Railsback.
Coach Hibbitts also introduced the members of the football team.
We urge everyone to attend the Thursday night pep rallies. The boys did a fine job Friday night at Rochester and we are really proud of them! Let's all plan to be at Rule next Friday night and give our Greyhounds the support they need!

Old General Science Takes On New Look

BY JEANA VASSAR
This year, the general science class is very fortunate to have new textbooks. In the past, the class studied both the physical and biological sciences, but this year a change has been made. The new books deal only with the physical sciences. As a result of the subject matter covered in lecture, the laboratory exercises will also be new this year. As in lecture, the labs will be concerned with the physical sciences. The instructor, Mr. B. R. Winchester, is in the process of writing the lab manual to fit the textbook. This school year each student will participate in some thirty labs. This study of the physical sciences will better prepare the students for higher and more concentrated studies of science.

Young amateur musicians, those up to the ages of 21, now number approximately 17,100,000 in the United States, whereas adult amateurs number 26,800,000. This was an increase of more than 1 1/2 million over the previous year for the youngsters, and about 700,000 for the adults. Credit is given to new methods and philosophies in music teaching, more leisure time for adults, and the growing awareness by parents and educators that music belongs in the lives of young people, and contributes to their well-roundedness.

"These days, it's quite incredible to us that the United States was founded as a protest against taxation."

History Of O'Brien

Chapter VI
Religion plays an important role in every community. O'Brien was and is no different. Two denominations have served the town since establishment. They are the Methodist and Baptist.
The First Methodist Church was organized in 1906 by the late Reverend S. L. Culwell, who, at the time was pastor at Knox City and who, in 1921-1923, was pastor of a Haskell church. The late Reverend J. T. Griswold had been the first Methodist preacher in the community before a church was organized by Reverend Culwell. The first church building was erected in 1906. Not too much later the present block church was built with church members making the blocks on location. By 1935, the Methodist Church had about forty members and about the same number in Sunday School. The building at this time was valued at \$4,000.
The first parsonage was built in 1944 and was destroyed by fire, in 1951. Another parsonage was built and used until recent years. In the last few years the church was on a circuit with Benjamin.
At the beginning of the Conference year of June 1, 1967, the O'Brien Methodist Church merged with the Knox City Methodist Church, with Le Roy Baker as pastor.
In all churches there are outstanding laymen. Such was the case in the O'Brien Methodist Church:
T. G. Carney, W. H. West, Ike Pierson, Edd Wright, Roy Hester, R. T. Carney, R. I. Walsworth, W. H. Wharton, Hickory Woods, Lonnie B. Hester, Phil West, Ross Walsworth, Melvin Mathis and many others that go unnamed.
The following is a partial list of the Methodist ministers who served in the town of O'Brien, beginning in 1905 until 1967, when the church merged with the Knox City Methodist Church, 1905 - J. T. Griswold (circuit rider); 1906 - S. L. Cul-

well (Church founder) 1907, 1908; 1909 - J. D. May, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919; 1920 - W. B. McKeown; 1921 - J. W. Hawkins, 1922, 1923; 1924 - Raymond Van Gandt; 1925 - Marvin B. Norwood; 1926 - J. B. Hoover; 1927 - J. P. Cole, 1928, 1929, 1930, 1931, 1932, 1933; 1934 - Preston Florence; 1935 - F. T. Johnson; 1936 - Woodrow Adcock; 1937; 1938 - Noel Bryant; 1939 - Cecil Tume, 1940; 1941 - Lloyd Hamilton, 1942, 1943; 1944 - C. M. Ryan, 1945; 1946 - Allen Forbis; 1947 - W. J. Knoy, 1948; 1949 - J. P. Bateman; 1950 - A. N. Motes; 1951 - H. L. Morris; 1952 - Joe Bob Johnson; 1953; 1954 - Melvin Motes; 1955; 1956 - A. T. Mason; 1957 - Guy McLain; 1958 - John Rosenberg; 1959; 1960 - William H. Wright; 1961 - Bill McQueen; 1962, 1963; 1964 - Jarrell Sharp; 1965; 1966 - LeRoy Baker, 1967 and perhaps others that go unnamed.
The First Baptist Church was formed soon after the establishment of O'Brien. The first church was seemingly built in 1905. The building stood near the present Berly Banner house.
Perhaps not too many years after the establishment of the first Baptist Church the church family moved to another building just west of the present water tower.
It has been found that in 1914 the church had in the position of trustees, C. S. Howell and W. J. Teaff.
The earliest extensive records available date back to August 15, 1931. J. H. McLaughlin was the pastor then, C. M. Walsworth was Sunday School Superintendent and Edna Johnston was Church Clerk.
In 1933 Rev. S. Stephens was the pastor. Membership at the time was 170. Rev. Stephens resigned the church in 1940. Trustees then were: S. N. Reed, S. J. Reeves, R. M. Johnston, and C. M. Walsworth.
Rev. C. W. Teague came as pastor in May, 1940 and served until 1944.

New Alaska's Fast & Fancy

"Bartlett Pears Alaska" is a new version of baked Alaska, using pears instead of cake. You fill the centers of fresh California Bartlett pear halves with cream de menthe or mint jelly, add ice cream and frost with a green, mint-flavored meringue before baking. The luscious Bartlett's California produced this year merit this elegant treatment.

If you are counting calories, eat your pears plain. There are about 95 calories in a California Bartlett of medium size.

BARTLETT PEARS ALASKA

- 3 fresh California Bartlett pears
- 1 egg white
- Dash salt
- 1 tablespoon cream de menthe or mint jelly
- 1/4 cup mint jelly
- 1 pint vanilla ice cream

Pare, halve and core pears. Cut a thin slice from rounded side of each pear half and discard; place pears on cookie sheet. Spoon 1/2 teaspoon cream de menthe or mint jelly into each pear half. Beat egg white with salt until stiff. Gradually add mint jelly, continuing to beat until very stiff and glossy. Place a scoop of ice cream on each pear half; "frost" with minted egg white. Broil 2 minutes about 6 inches from heat. Serve at once.

Makes 6 servings.

DISTRICT SUPERVISOR ELECTION

Election of Supervisor within Subdistrict No. 5 of the Wichita-Brazos Soil and Water Conservation District N-527 is to be held at the Gilliland Cooperative Gin, in Gilliland, Friday, October 4 at 9:00 a.m.

The elected supervisor is to represent both the Gilliland and Truscott areas of Knox County. Eligible voters are all natural persons holding title to farm or ranch lands within subdivision No. 5, who have attained the age of 21. The supervisor must be a resident of the county.

Knox County Agent Herman H. Collier urges land owners in the Gilliland and Truscott areas of Knox County to be at the Gilliland Cooperative Gin, Friday, October 4 at 9:00 a.m. to cast their vote.

COUNTY COTTON YIELD PROSPECT ONLY FAIR

Knox County cotton yields will show a wide variation this year, with the overall average not looking as good as the ex-

cellent 1967 crop. Insects have hurt many cotton fields more this year than last year. In many instances the early set of fruit was light because of cotton flea-hopper damage. Cotton bollweevil damage has been heavy in many fields. Bollworms and tobacco budworms have also done considerable damage in some fields.

Many fields of both dryland and irrigated cotton are expected to produce less than in 1967.

TEXAS COTTON PRODUCTION FORECAST

The 1968 cotton production forecast for Texas is 3,450,000 bales, according to figures released by the Texas Department of Agriculture. This is 25 percent above the 1967 crop of 2,767,000 bales and 125,000 bales above the August 1 forecast. The average yield is estimated at 397 pounds per acre as compared to 376 pounds per acre in 1967.

Cotton harvest is active as far north as the Central Black-

lands. Harvesting is 85 to 90% complete in the Lower Rio Grande Valley and Coastal Bend Area.

TEXAS GRAIN SORGHUM PRODUCTION FORECAST

Texas grain sorghum production is estimated at 367 million bushels, 7 percent above last year. Acreage for grain is expected to total 6,331,000 acres, 6 percent below the 1967 acres harvested last year. Yield is expected to average 58 bushels or 3,248 per acre, 7 bushels more than last year.

GRAIN SORGHUM VARIETY DEMONSTRATION RESULTS

Six varieties of grain sorghum were harvested August 23 from the Result Demonstration plot planted by County Judge Sam E. Clonts of Knox City. The demonstration was conducted on dryland farming and most of the varieties yielded pretty close together this year. Green bug populations were severe about the time of booting and heading out and it is felt there was considerable damage done by them.

Approximately 35 pounds of nitrogen per acre was side dressed on this demonstration with no other fertilizer put down.

Varieties and yields per acre in the demonstration were as follows: RS-626, 2,820 pounds; Pioneer 846, 2,812 pounds; TE 66B, 2,722 pounds; HT-44, 2,710 pounds; Paymaster R-109, 2,708 pounds; Funks 555, 2,348 pounds.

Paymaster R-109 was the latest heading out of this group and it is felt it would be more suitable for irrigated fields than for dryland in Knox County.

Other Result Demonstration results will be given later and all will be published in the Knox County Result Demonstration Handbook to be out this winter.

HERE RECENTLY

John Kale and daughter, Margie of Athens, formerly of Knox City, visited friends and attended to business here for several days last week.

IN DALLAS

Mr. and Mrs. Gerald Averitt and Colleen were in Dallas last weekend to enroll Colleen in Miss Wade's Merchandising College at the Apparel Mart. Colleen will be trained in modeling, buying, and selling of clothing.

While in Dallas the Averitts visited their son, Richard and his family who recently moved from Knox City. Richard is employed with Chris Hughes Electrical Contracts of Dallas and attends night school for additional electrical training.

By GAIL OSBORN

Mrs. R. M. Almanrode of Munday, and Mrs. Homer Martin, of Gilliland will be among 800 to 1,000 persons expected in McAllen September 18 and 19 for the annual meeting of the Texas Home Demonstration Association.

Mrs. Maynard Gaines of Coleman, president of the statewide homemakers' organization, said the delegates will represent some 34,000 THDA members from throughout the state.

Keynote speaker for the meeting will be Dr. H. O. Kunkel, Dean of the College of Agriculture at Texas A&M University. Dean Kunkel, who also is acting director of the Texas Agricultural Experiment Station, will be introduced by Mrs. Florence W. Low, assistant Extension director for home economics. Mrs. Low serves as advisor for the homemakers organization.

Major speakers during the two-day meeting also include Mrs. Ben T. Williams, Oklahoma City homemaker and wife of Justice Williams of the Supreme Court of Oklahoma; and Gilliam T. Byrom, president of a bank at Sabinal, Texas.

General theme for the conference is "The Great Force that Readjusts the World Originates in the Home," a quotation from the late Dr. Seaman A. Knapp, who is recognized as the father of the Extension method of informal teaching.

Program highlights will include workshops in citizenship, 4-H Club work, family life, safety, health, cultural arts and recreation, as well as in membership, organization and objectives and preparation of The Messenger, official publication of the organization.

On the business agenda are an election of officers, annual reports by officers and directors, a credential report, and writing and adopting resolutions. New officers will be formally installed at a banquet on the night of September 19.

Other officers include Mrs. Sam Speir of Manchaca, vice president and public relation chairman; Mrs. Tom Box, Plains, secretary; Mrs. A. E. Hodges, Hereford, treasurer; and Mrs. C. R. Berkley of Odessa, parliamentary and immediate past president.

September is National Better Breakfast Month. Did you know that about half the people in America rush off to work, school, or to play with an inadequate breakfast? It is our most sadly neglected meal.

Age makes no difference. Persistent good or bad eating habits eventually affect physical health. Regardless of how well planned or how poorly planned meals are, the body consistently requires certain nutrients every single day in order to function properly.

Both adults and children who eat a good breakfast have more

Garden Club Opens Year With Luncheon

The Knox City Garden Club opened the club year with a luncheon held at the Woman's Club Tuesday, September 10 at 12 o'clock noon.

Hostesses, Mrs. Arthur Crownover and Mrs. Guy Robinson, served 16 members and Mrs. H. W. Finley, guest, from a table laid with white and decorated with greenery and small arrangements of dwarf Zinnias and Eucalyptus in green pepper containers. Favours were miniature garden tools and watering cans.

Roll call was answered with "How my Zinnias Grew this Summer." Members enjoyed a poem on advice to Garden Clubbers, presented by Mrs. G. E. Wilson, and Mrs. H. E. Wall described her mass arrangement of Zinnias.

A tribute to a late charter member and past president of the Garden Club, Mrs. S. M. Clonts, was read by Mrs. C. C. Hoge.

Only one member was unable to attend the opening luncheon due to professional duties.

The Garden Club will meet again on Tuesday, October 8 in the home of Mrs. Claud Reed at which time Mrs. Urric Lea will present the program, "Flower Show Special of the USA", and Mrs. B. F. Cornett will announce plans for the fall flower show which is scheduled for Saturday, October 26 at The Woman's Club.

VISITS PARENTS

Brack Shaver, senior student at the University of Texas at Arlington, spent the weekend here with his parents, Mr. and Mrs. Eddie Shaver.

Brack has been in Arlington the past three weeks for football workouts and registered Monday of this week for the fall semester.

energy, faster reactions, less fatigue and better capacity for learning.

Dieters, too, had better think twice before skipping breakfast. An adequate breakfast is an aid to weight control, since it discourages between-meal snacks as well as overeating at other meals.

Breakfast should provide a fourth to a third of the day's calories, protein, and calcium for each family member. Since Vitamin C is not stored in the body, what better time than breakfast to supply the needed 70 milligrams with a glass of orange juice?

A morning coffee break is no substitute for a well-balanced meal.

If you are a person on the run, make your breakfast in a blender. Blend 2 cups of milk, 2 eggs, 2 bananas, 1/2 teaspoon lemon juice, 1/8 teaspoon lemon extract and a dash of salt. Serve cold. This makes 4 cups.
