

THE KNOX COUNTY HERALD

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JANUARY 20, 1944

NUMBER 17

Locker System To Installed in Knox City

As announced last week, local merchants are installing a modern locker system at the plant when approximately 400 lockers of 400 pounds capacity will be installed. The plant will be completed and will be ready for use by the middle of the year.

CITIZENS STATE BANK ELECTS OFFICERS

The Citizens State Bank of Knox City has announced an election of new officers for the present year. Directors of the institution were nominated at the same time with the following shareholders being elected to the various positions:

Fire Department Appoints Officers

At the regular meeting of the Knox City Fire Department on Jan. 6, 1944, the following members were elected to serve as officers for the ensuing year:

Walter Thomas, Chief.
O. A. Green, Asst. Chief.
J. M. Averitt, Sec. and Treas.
Chad Wilson, President.
Ansel Waldrip, Sgt.-at-Arms.
Bro. J. S. Tierce, Chaplain.
Jerry Wilson, Mascot.

Report on Baskin Dam Is Favorable

Preliminary investigation and engineering plans have been completed for the Bob Baskin dam to be built on the Double Mountain Fork of the Brazos River, according to Bruce Campbell who has just returned from the first quarterly meeting of the Brazos River Conservation and Reclamation Board directors. The dam will be located in Haskell county about 15 miles southwest of Knox City and will serve as a flood control measure and support the peak water power needs for the gossium Kingdom dam.

O'BRIEN BASKETBALL TEAM SPONSORS TOURNAMENT

January 27, 28 and 29, nights only, are the dates the O'Brien Bulldogs will play host to a number of teams in the play host to a number of teams in the surrounding schools in their annual basketball tournament. The home team boasts a fairly strong quintet this year, having won Haskell's invitation tournament by defeating such teams as Goree, Rule and Old Glory.

UNION GROVE CLUB HOST TO DEMONSTRATION AGENT

A demonstration on crocheting facemasks and scarves was given to the Union Grove Home Demonstration Club, Friday, January 14th, by Miss Lucille King, county demonstration agent.

EMERGENCY FORMED

A first aid unit in Knox County in the State Highway in this vicinity. The unit will be made up of twelve members and visitors who will be present.

Howdy, Folks . . .

Introductions are in order. In this corner, ladies and gentlemen, Mr. and Mrs. C. H. Moss and daughter Jane, greeting the people of Knox City and surrounding community. We came in last week but already feel we belong here and should have been here long ago. We are grateful for the splendid reception everyone has given us and want you to know we feel the same toward you. We have acquired the Herald property and this is our first issue.

We propose to honor the old Herald subscription list just as it was when the former owner ceased publication. We will work the list over from files as soon as possible and if your extended time is still good you will of course continue to get the paper. New subscribers will always be welcome and if you are not a subscriber now we hope to call on you within a few days.

MR. and MRS. C. H. MOSS

Local Breeder Buys Top Female at Hereford Sale

KNOX COUNTY MOISTURE PLEASING TO FARMERS

Moisture in the form of rain or snow has brought smiles and nods of satisfaction to Knox County farmers and stockmen in the past three weeks. The good earth of this locality is really getting wet after a rather dry summer and fall. Prospects are good for crops and rangeland will be greatly benefited. Low temperatures are a little uncomfortable but must be taken in stride with the good.

HOSPITAL NEWS

Patients in the Knox County hospital on January 18:
Baby Sullivan, Vera
Mrs. Byrd Thorp, Throckmorton
Elton Roberson, Knox City
Tom Cluck, Munday
Billy Hutchens, Knox City
Mrs. A. S. Lambert, Oakland, Cal.

Mrs. D. E. Hughes, Munday

SISTER OF RUSSELL BOYD DIRECTS AIRFIELD PERSONNEL

Manpower and materials in the right place at the right time are the key to the success of the quality production drive now in progress at Kelly Field at San Antonio, Texas. And responsible for seeing that the manpower is in the right place when it is needed is a woman who more than any other civilian, has her finger on the pulse of Kelly's industrial area, Mrs. Rowena B. Luttis, sister of Russell Boyd of Knox City.

RED CROSS RECEIVES QUOTA OF WORK TO BE DONE

The Red Cross has received their new quota of sewing, consisting of kit bags and hospital robes. They are being cut this week and the sewing room will be open next week.

TWO NEW HOMES NEARING COMPLETION IN O'BRIEN

Two new homes are being constructed in O'Brien. Mr. and Mrs. Chas. Reed's lovely six-room home is just getting the finishing touches, and the new Methodist Parsonage is beginning to take on the appearance of a nice looking home.

Memorial Service For O'Brien Man

Memorial services for Private J. C. Pierson, son of Mr. and Mrs. Earl Pierson of O'Brien, will be held there at the Methodist church at 11:30 A. M. Sunday, January 22. Pvt. Pierson had been reported missing in action in the North African campaign in December. On January 13 the War Department notified the parents that he had been killed in action on November 6.

Leads Russians

One of the youngest generals in the history of the Russian Red Army, Lieut. Gen. Konstantin Rokossovsky (above) is making a bid for fame by his handling of the great Don offensive against the Nazis. General Rokossovsky is in charge of the drive southwest of Tsimlyansk, with the Caucasus key city of Rostov as the ultimate goal.

Bond Rally To Open Drive Set For Saturday

For the fourth time your government is giving you an opportunity to perform your duty as an American citizen by purchasing your quota of war bonds thereby backing your country's efforts in this struggle for existence. You will also be keeping faith with the boys who are facing the guns on the fronts.

Pioneer Woman Dies Last Week

Knox County lost one of its oldest pioneer women on the night of Jan. 13 with the death of Mrs. Nannie A. Bohannon. Mrs. Bohannon at the age of 83 years passed away at the family home in Knox City following a siege of ill health. Funeral services were held at the home on Jan. 14 at 3 P. M. with Rev. J. A. Tierce of the First Baptist Church conducting. Arrangements were under the direction of E. Q. Warren.

STUDY CLUB NAMES NEW OFFICERS FOR ENSUING YEAR

The Knox City Study Club met in a regular meeting at 3:00 P. M. Saturday, January 15, in the basement of the Methodist Church with thirteen members present. During the business meeting conducted by the club president, Mrs. T. S. Edwards, the officers for the coming two year term were named. They are:

What You Buy With WAR BONDS

Battle of the Atlantic
A sinking smokestack, a great air bubble, an empty lifeboat, all that is visible of a torpedoed tanker, all that is evident of the hard work, the savings we put into War Bonds to build this tanker, to load it with 50,000 gallons of high octane gas.

Our money is still safe but the tanker is lost forever. Another and another and another must be built to take its place. The men who sail the seas are giving their lives to win the Battle of the Atlantic. We are asked only to lend our money.

KNOX COUNTY HERALD

C. H. MOSS, Editor

TELEPHONE, DIAL 2802

Entered as second class matter at the postoffice at Knox City, Texas, under the act of March 3, 1879.

SUBSCRIPTION RATE, YEAR \$1.50

We are happy to welcome you, Editor Moss, to our city and our citizenship. We trust that your stay among us will be long and mutually helpful to all of us. As a minister of one of the churches I appreciate your invitation to me to contribute occasionally to the columns of your paper and shall seek to wisely and judiciously avail myself of your generosity.

I recognize the columns of a good newspaper as being one of the most

potent avenues of education for the citizenship of such a great democracy as is ours. Freedom of the press stands along side of freedom of religion as one of the bulwarks of democracy. To cause people to think is to fortify them against the terrorism of a dictatorship. A free people, free to think, to speak and to worship can never be brought under the control of a tyrant.

The quality of this, or any other democracy, however, will be determined not so much by the fact that men think freely and are privileged to speak and publish their thoughts freely, but by the directions in which their thoughts go. Here religion plays it quiet, but none the less important roll in the shaping of that democracy.

Long ago a man driven from his home because he had dared to rise up against one who was oppressing a workman in Egypt, spent 40 years in the desert solitudes close to God and nature and worked out the most majestic scheme of human relationships ever given to man. On the plains of Midian Moses learned to read the scroll of heavens at night, with its flaming syllables of stars and found there the foot prints of the living God and saw His face in the kiss of the rising sun on the sagebrush of the desert. Later before the gigantic granite towers of Sinai he

Conservation Has Saved 5,180 Acres in This District

The Wichita-Brazos Soil Conservation District has completed plans with farmers and stockmen on approximately 5180 acres of land. This work is being done with the farmers and not for them as is the general belief. Also, it might be well to mention here that terracing and contour cultivation are just two of the many practices used to increase production and may or may not apply to your farm.

The first thing that is done on a farm before planning is started is to make a soils map of it showing the many kinds of soils and its ability to take water. The erosion, if any, is also shown. With this map the farmer and the District man make the plan together. If they cannot agree on a water erosion conservation plan, no harm is done. There are no charges for any work done by the District man.

In addition to the above figure of 5180 acres of land, range surveys have been completed and planning started on 25,000 acres of range land. In this connection, methods and seasons of grazing, revegetation of bare areas, location and staking out tanks, and other range problems are worked out. As in the farm plans, the range plans are worked up with the help of a soils map and with the rancher.

Increased production and conservation of moisture is the basic principle of the District.

For more information about the district see one of the supervisors who are the governing body of the organization. They are Jack Idol, Clay Grove, C. C. Browning, H. D. Gammill and H. W. Smith. The County Agent, Vocational agriculture teachers and the Soil Conservation Service can also add to the information.

heard the voice of that God calling to his people for justice, love and mercy.

That story, as amended centuries later, by the matchless carpenter of Nazareth has become the touchstone for the living democracies of man under the Fatherhood of a common God. As mankind is guided by those unyielding principles; as he comes under the sway of the leadership of the desert God of Moses and the Father God of Jesus, he learns the fundamental requirements of peace, happiness and prosperity. One of the legends of the Talmud pictures Moses asking God why he cannot enter the promised land, to which God replies, "Because of sin." To Moses' startled answer, "Have I sinned against God?" God replies, "No, but you have sinned against man. You have doubted his instinctive hunger for the light. Man is cowardly, bestial, envious, lustful, faithless, lying, murderous and perverse. Yet what are you if not a man yourself? If you have learned and understood my teachings, why do you doubt that your fellowmen shall some day understand it too?" "And," the record states, "When Moses heard these words, he knew that the land of promise was not Canaan, but the entire world, the everlasting school of justice, love and mercy."

The learnings has been slow, so slow. Many times with the impatience of Moses, religious leaders have cried out against the ever recurring debacle of war, racial hatred, national bigotry and international intrigue. But slowly the world grows nearer and nearer the ideals of God. Out of the crucible of hate and conflict and war men learn better how to live together. We look for— we pray for—the time when the "Knowledge of the Lord shall cover the earth as the waters cover the sea." This is the business of your churches my friends. The business we invite your active cooperation in establishing and maintaining. Go to church somewhere! Every Sunday!

C. H. WILLIAMS.

John Holmes Dies in New Mexico

John Holmes, a long time resident of Knox County passed away in a Santa Fe, N. M. hospital on Jan. 10, according to word received from his daughter, Mrs. J. T. Reese. Mr. Holmes was 70 years old and had been ill about a week. He had been in Santa Fe since last Thanksgiving visiting his children there. Mr. and Mrs. Holmes had made their home in Luba, Okla. since last July. Interment was made in Santa Fe according to his wishes.

Mr. Holmes was born in Johnson County, Tex. in 1874. His parents moved to Knox County while he was a young man and here he married Lola Westbrook whose parents were pioneers in this country. He spent most of his life in and around Truett.

Three children were born to the above union nine of them surviving him. His youngest son, Master Sergeant Lewis Holmes is stationed somewhere in Africa. The other children are Mrs. I. C. Long who formerly lived in Knox City, Mrs. J. T. Reese, Mrs. Warren Eaglage, Mrs. Elsie Lester, Ruth Holmes, H. H. Holmes, John W. Holmes and G. L. Holmes.

FOURTH WAR LOAN DRIVE GETS UNDER WAY

The Fourth War Loan drive opened Tuesday, Jan. 18 with a goal of fourteen billion dollars. The Knox City quota is \$112,000. According to the over-subscription of the last drive we should have no trouble in reaching our quota and some to spare. War Bonds are an investment in the future and of the same time a helping hand to your government. Don't let the "armies" force down right what the pig push is just about to start. Buy your share tomorrow.

Sweet Potatoes will furnish 20 percent of the sweetening in a soon-to-be marketed candy.

New Leg for Hero

A cheerful smile is flashed by ten-year-old crippled class Harry J. Rhodes of Derlington, N. C., as he prepares to go adventuring on his new artificial leg and foot at the Oak Knoll naval hospital, San Francisco.

Draft Boards Get New Orders

New directives effective Feb. 1 received by selective service boards this week will eliminate some of the red tape now cluttering draft procedures and will give the individual registrant a clearer and simpler idea of whether he will be inducted, but will change little other features of the draft.

One of the directives, instructing boards not to renew occupational deferments of men between the ages of 18 and 22 except for agricultural workers of men in the Merchant Marine or Army Transportation Corps, will increase the number of men for I-A classification in local boards, and will permit but not halt the induction of pre-World War I fathers.

The other directive, one which makes sweeping changes in induction procedure, eliminates the local board screening examinations which now precede reclassification of registrants. Instead a registrant will be given a thorough physical examination at the induction center and classified or rejected.

The registrant will be classified on one of four groups according to his physical condition: unfit for service, suitable for Army limited service, Army general service or Navy service. Lists of those groups will be returned to the boards, and no registrant may be called for induction within less than 21 days.

Under current procedure immediate induction follows such physical examinations with post-induction furloughs of three weeks for Army men and one week for Navy men. Such furloughs under the new plans will be eliminated.

Local boards under the new plan will receive separate Army and Navy calls to be filled from their lists of men who have been examined, instead of receiving only one general call as at present.

Under the new plan all registrants will have at least three weeks in which to arrange their affairs before reporting for induction, and in some cases the period may be even longer, for the boards will better be able to keep a pool of immediately available men than under the present system.

An electrical manufacturing company has devised an instrument which, installed in a ship's stacks, warns firemen when clouds of smoke are being sent into the sky for submarines.

Wigwag

Frequently the Navy, the Coast Guard and the Signal Corps find it expedient to relay messages without benefit of telephone, telegraph or radio. That is when the semaphore system is employed.

Use a single flag to the Wigwag system. The purpose of a flag is to indicate the position of the letters. The flag is held up or down, but when the letters are indicated, the flag is held in a position to show the letter. The flag is held in a position to show the letter. The flag is held in a position to show the letter.

T. E. Robbins Retires from Bank

On December 31st, 1943, T. E. Robbins resigned his position with the Citizens State Bank after 21 years of active service. On or about the 4th of November 1922 the Guaranty State Bank of Knox City purchased the assets of the First State Bank of O'Brien, Tex., and that time Mr. Robbins was cashier of the O'Brien bank. He accepted a position with the Knox City bank as vice president and in January 1925 took over the active management of the bank.

During the year 1925 the bank changed its title to its present name.

COLLEGE AVIATION MEET SET FOR JANUARY 22

A five-state meeting of colleges and universities in aviation training will be held at Texas Christian University Saturday, Jan. 22.

Army and Navy aviation officials will speak to the conference Saturday morning, and representatives from the C. A. A., Washington, D. C., will be on the Saturday afternoon program.

Dr. Cortell K. Holsapple, secretary for the fourth region of the National Association of Colleges and Universities in Aviation Training, will preside at the one-day meeting. Schools in Texas, New Mexico, Oklahoma, Arkansas and western Louisiana will send representatives.

"There will be some discussion of the part of colleges and universities will play in aviation training in the postwar world," Dr. Holsapple says. "Some action will probably be taken on recommendations concerning the C. P. T. Act, under which college aviation training is authorized and financed and which expires June 30."

In January 1933 the Citizens State Bank purchased the assets of The First National Bank of Knox City and moved to its present location. In 1934 Mr. Robbins was elected president of the bank, the position he held at the time of his retirement.

The bank has enjoyed many prosperous years under the management of Mr. Robbins, and it was with deep regret to the directors and officers to have to receive his resignation.

The directors and officers of the bank join the many friends of Mr. and Mrs. Robbins and wish for them happiness and contentment in their new vocation.

Youngest Deputy

Virginia Sanderlin, 15, of Seattle, Wash., youngest deputy sheriff in America, shakes hands with her new boss, Sheriff Harlan Callahan, after receiving her badge. She is the daughter of A. T. Sanderlin, law enforcement officer, now one of Callahan's deputies. When Sanderlin goes on emergency calls Virginia drives the prowler car.

Red Tape Blamed for Feed Crisis

Elimination of some of the Government restrictions and "red tape" that hamper Texas feed dealers in their efforts to supply protein feeds to livestock men in the normal manner was recommended Friday by H. L. Kearns of Amarillo as an aid in relieving the current shortage.

Kearns, who owns and operates a string of grain elevators in the Panhandle, said limits on the amount of protein feeds a dealer may have on hand have prevented the building up of a reserve supply to meet emergencies such as the one created by current weather conditions.

He said restriction of feeders to a 30-day supply of oilseed cake on hand at any one time has added to difficulty of the supply situation. Ranchers normally buy their Fall and Winter's supply in the Fall and store it where it is available for feeding their cattle, he said.

Kearns said feed-dealers, in attempting to obtain certificates authorizing feed purchases, often have to go from one Government agency to another before permission is granted.

He said the Government had met little success in trying to supply soy-

T. C. U. TO GRADUATE FIRST 1944 CLASS

Dr. J. N. R. Score, president of Southwestern University, will deliver the address at commencement exercises for the first class of 1944 at Texas Christian University, scheduled for 3 P. M., Sunda, Feb. 27.

There are approximately 60 candidates for degrees at that time. All class officers are held by girls. Miss Mary Louise Waldron, Fort Worth, is president; Miss Genevieve Able, Houston, vice president; and Miss Lorna Culp, Gainesville, secretary-treasurer.

Commencement exercises are also scheduled at T. C. U. for June 26 and Aug. 29.

bean meal to Panhandle ranchers after allowing cotton seed processed in Texas to be shipped to Northern states.

More cattle, lack of roughage, and a short supply of grass due to dry weather, last Fall, were cited by E. C. Cone, Lubbock grain dealer and cattle feeder, as contributing to the protein feed shortage.

Announcement....

We wish to announce to the people of this area that we expect to install a modern frozen food locker system and meat curing plant in Knox City within the near future.

The War Production Board requires that the need for such a plant be shown before necessary priorities will be issued for the purchase of equipment. In order to establish this need, all lockers must be sold in advance of actual installation.

Contract forms are now available at our store for your signature and many have already been signed. It is humanly impossible for us to canvass the entire area. If interested, we will appreciate your calling by

and signing up. We expect to install only those lockers which are contracted for in advance.

Present plans call for a total investment of approximately \$35,000. The plant will be modern in every way and one which we feel you will be proud to have in Knox City.

We solicit your patronage and good will.

In this connection we wish to extend a WELCOME to the editors of the Herald. We are glad we again have a medium through which to reach the people of this territory.

Because private, business-managed com- es like ours were ready for the transition changed our country from one of peace-time requirements to one capable of meeting the demands of war! We were ready for production, working under the system of individual initiative—business enterprise—we move the wheels and 80% of all electrical energy needed for war effort.

Lighting: Does that mean electricity is an item that can be wasted?

Indeed, not! It's a crime to waste anything, never, in war time, including government money and payrolls. Even though there is no shortage of electric service in sight be thrifty save on everything to encourage others to back on a firm foundation. Be as careful with electricity as you are with coupons. *Use all you need, but need all you use!*

ALL THE VITAMINS FOR CHILDREN
 Modern mothers no longer need to be told the vital relationship between vitamins and their children's health. growth, bone and tooth formation, eyesight and nerve function, when the diet is lacking in these vitamins. Vitamin supplements for children are now recognized to be as important as proper food and clothing.
 Now for a few pennies a day, you can provide all the essential vitamins in one tiny easy to swallow capsule.

MY GIRLS HAVE BEEN WORKING OVERTIME SINCE THE BOSS STARTED FEEDIN' EM FORTIFIED EGG MASH!

THE BOSS is working overtime too!

You ladies, the bosses of the home front, you're pretty busy these days ... keeping house, doing war work, planning meals ... saving ration points by careful, intelligent buying.
 Maybe you have a flock of chickens, too, to help provide food for the table ... extra income for the household ... if you do ... here's a tip we know you'll want to follow. Feed those hens of yours ...
YOUR NAME
Fortified EGG MASH
 ... for lots of eggs ... lots of energy ... now when it counts the most. "Fortified" Egg Mash will uphold your reputation as a shrewd buyer, because it gives you extra quality ... at prices you can afford to pay. This fresh-from-the-mill Egg Mash gives your hens the correctly balanced combination of rich vitamins and minerals ... PLUS exclusive Gland Activators that step-up gland action and aid in getting the most from every pound of feed your hens consume.
 It's the kind of feed that users tell us is putting extra eggs in their egg baskets every evening ... but your own test is the final test ... so why don't you try a sack or two yourself? You can depend on it to do a real job for you.

7:45 P. M.—Miss Lena Lair, a recently returned missionary from Africa will speak at the Baptist Church in Knox City. Many from the local church and over the Association plan to attend. Wednesday, January 26, 7:45 P. M.—Prayer Meeting and Bible Study—a good place to go. Thursday, January 27: 7:00 P. M.—The Young People of the church and community meet at the church for a period of Fellowship and Recreation.

The pastor here wishes to say that he is glad Knox City again has a newspaper in operation. May those connected with it have a happy stay, and find their efforts rewarded with success. J. S. TIERCE.

The Methodist Church C. H. WILLIAMS, Pastor PHONE 2811

Rev. C. H. Williams, pastor of the Methodist Church, Mrs. Williams, Mrs. J. C. McGee, Misses Mildred and Wynelle McGee, Messrs. Sam Emery Clonts and Monte Whitten were in Haskell Friday attending the District meeting of the Methodist Youth Fellowship.

Mr. Billie Dean Davis of the U. S. Navy, was a visitor in the Methodist Church Sunday morning.

The son of the pastor, Sgt. David R. Williams is among the service men of the local church who are overseas. Sgt. Williams is at present in India. The church has a total of 43 names on its honor roll. The latest to go from the membership is Guy Robinson.

Plans for the summer revival of the Methodist Church have been made. Dr. Frank L. Turner, evangelist of Ft. Worth, former president of McMurry College, is to be the preacher. Date is June 7th through the 18th.

In the campaign for 1,750,000.00 endowment being conducted by McMurry College, the local Methodist people have given in cash to date \$358.75. Over the Northwest Texas and New Mexico conferences the campaign is well on the way to a successful culmination.

The Methodist Church in Knox City maintains an active Sunday School, of which, Mr. J. C. McGee is superintendent. The meeting hour is 10:15 each Sunday morning. They would be glad to have you in their school.

Preaching services each Sunday morning at 11:05 A. M. Women's Society of Christian Service each Monday at 3:30 P. M. Wesleyan Service Guild for business women each Monday at 7:00 P. M. Young People's play night is Wednesday at 7:30 to 10:00 P. M.
