NUMBER 49

Greyhounds Defeat O'Brien Bulldogs; To Play Here Friday Night

Football fans who expected to see an exciting game between the Knox City Greyhounds and the O'Brien Bulldogs Friday night were not disappointed.

The game started off with a bang, when O'Brien's Ross Banner made a touchdown after the first three plays, and scored again before the end of the first quarter.

In the second quarter Knox City's Bobby Hackfield got through to score, and Bill Wheeler of O'Brien made the Bulldogs' third and final touchdown. In the last part of the second quarter Jack Teaff of Knox City received a punt and ran it back for a touchdown, but it was called back because he stepped out of bounds.

In the last half Bobby Hackfield ran the kick-off back about 56 yards for a touchdown, and less than 10 minutes later ran another one over, which made the score 18-20 and put the Bulldogs on the defensive for the first time during the game.

In the last quarter Bobby Hackfield scored again for the Greyhounds and the final score was Knox City 25, O'Brien 20. Tonight (Thursday) at 8:00 o'clock O'Brien will meet Benjamin on the Knox City field, and on Friday night the Greyhounds will play the Vera Pilots. This is expected to be another good game, as the Vera team has made a good showing thus far this season.

Additional Quantities Of Surplus Items To Be Available

Additional quantities of surplus government property will shortly be available for disposal by the War Assets Administration in the Fort Worth region as the result of a new order issued by WAA in Washington today according to Hamilton Morton, regional director.

The new order removes the authority of owning agencies to dispose of small lots of surplus items in "special cases" which are now ordered to be turned over to WAA for disposal," Morton stated. "The new procedure will channel extra quantities to veterans, since under the regulations governing WAA, certain items can be set aside exclusively for veterans. Under the former procedure, owning agencies disposed of these small lots of surplus property and no preference was given to the veterans of World War II," he added.

The new regulation provides that certain small lots of surplus items valued at less than \$100, which owning agencies formerly were authorized to dispose of, will now be declared surplus by the owning agency and offered for sale by the WAA.

The order specifically lists any items on the veterans set aside list; small lots of cafeteria, child play, clinic and infirmary equipment, fire-fighting equipment, cleaning units or alarm systems, small lots of tool and repair kits for machinery and small lots at any location where preparations for a site sale have begun.

INEZ AND HOWARD LOGAN OPERATE LOCKER PLANT

This week Howard and Miss Inez Logan announce the recent acquisition of the Reed Frozen Food Lockers. Due to the ill health of both Mr. and Mrs. Charlie Reed, they felt their customers could be better served in this manner.

Inez has worked at the locker plant since the beginning of its operation last year and is thoroughly familiar with her duties. The plant will be run as previously, with Mr. and Mrs. Reed assisting as much as their health will permit. Inez and Howard assure the same courteous service and invite their old friends in to see them.

Mrs. J. B. James of Abilene is spending the week with Mr. and Mrs. A. E. Hanson.

Certifying Officers To Be In Wichita Falls Oct. 8-9-10

WICHITA FALLS, Oct. 2.—Two field certifying representatives from the Fort Worth regional office of the War Assets Administration will be in Wichita Falls at room 407 Radio Building, corner of Indiana and 9th streets, for three days next week, Tuesday, Wednesday and Thursday, October 8, 9 and 10.

Doyle Smith, certifying officer, and John P. Kelly, veteran, to meet and assist all veteran interviewing officers, are veterans of Knox County in obtaining necessary certifications to enable them to purchase surplus government property from the WAA. All that is required for certification is presentation of a copy of an honorable discharge from World War II.

Veterans of this county may meet and talk with the AAA men during their three day stay in Wichita Falls from 9 to 12 or 1 to 5 and complete the necessary application. Veterans who are already certified can obtain the latest information concerning 43 sales which will be conducted by War Assets in the Fort Worth region during October.

In all sales, including site sales, veterans have a priority buying right, and in many of the October sales the property will be sold only to veterans. Recent declarations of surplus by the armed forces now makes available such items as office furniture, hospital and laboratory equipment, photographic equipment, hardware and machinery, heretofore unavailable.

Legion Drive To Begin October 14

Last week it was stated that the American Legion drive for building funds would begin the second week in October, when it should have been after the second Monday in October, which will be October 14.

The Legion is to be praised for its decision to build a Legion Hut and community Center combined, and the project should receive the backing of every person in Knox City.

We have long needed a place to hold civic meetings and to enjoy banquets of different kinds. Many times those interested in some particular project that would be helpful to the town and its people have wanted to hold a meeting and discuss it, but they had no place to gather.

One of the best things about this project is the spirit of progress manifested by the men who conceived the idea of erecting the building, and it behooves every one of us to get behind them 100 per cent when they make their drive for funds.

DR. TATE TO PRESENT SHOW IN KNOX CITY

We have been asked to announce that the Tate-lax Medicine Show will be in Knox City for two weeks beginning Monday night at 7:45 o'clock.

Dr. Tate has been traveling through West Texas for 35 years and is a familiar figure to many people in this section.

The show, which will be located on the block just east of the J. C. Wooldridge Lumber Co., is free to the public.

Mr. and Mrs. Marian Heald and daughter, Nancy, of Aspermont spent Sunday with Mr. and Mrs. Jack Spikes and Roma Jan.

Knox City Goes Big Time . . .

Another man showed his faith in the growth and development of Knox City this week by initiating a local taxi service.

The taxi, operated by Jimmie Hudspeth, will make trips between Knox City and any town in the county, as well as local trips. The fare anywhere within the city limits is 25 cents a passenger.

Mr. Hudspeth was discharged from the Army in July, 1945, after spending four and a half years in Burma and India.

On Program at State Fair

The glamorous Gypsy Rose Lee, actress and outthrew, is bringing her own company of girls to the State Fair of Texas auditorium October 5-20 and will be a feature of the Tommy Dorsey Show during the State Fair, announced Julius Schepps, chairman of the Entertainment Committee of the State Fair Association. Miss Lee, prima donna nuda of the American stage who finds time in her strips about the country to write first rate detective novels with a burlesque background and to study writings of Marcel Proust, has been starred both on the Broadway stage and in Hollywood movies.

Local Members Of Eastern Star Attend Meeting At Haskell

A joint meeting composed of Haskell, Knox City, Rochester, Stamford and McCauley of the Order of the Eastern Star was held in the Masonic Hall at Haskell Tuesday night, Oct. 1 at 7:30, honoring a visit from the Worthy Grand Matron and other Grand officers.

Mrs. Lillah Mae Vollers, Worthy Grand Matron of Texas from Houston, gave an inspiring address on "Our Influence on Other People." Other Grand officers present included Mrs. Ovetra Busbee, district Deputy Grand Matron of District 2; Elizabeth Elliott, Deputy Grand Matron; Nina Headrick, member of the Board of the O. E. S. Home in Arlington.

Preceding the meeting a buffet dinner was served in the Home-Making cottage at the Haskell high school for the Grand Officers and Worthy Matrons of the hostess chapters. Mrs. Olvis Hamm represented the local chapter.

Those from Knox City attending the meeting included Mmes. Sam Clonts, Ray Willis, Henry White, Chad Wilson, Nell Perdue, E. F. Branton, E. A. Teaff, J. S. McBeth, L. W. Graham, and Mr. and Mrs. Bill Clark, Mr. and Mrs. Bunyan Cooner, Mr. and Mrs. W. M. Rowan, and Mr. and Mrs. J. O. Hamm.

New Baptist Pastor Assumes Duties Sun.

Rev. Nathan McGuire, new pastor of the First Baptist Church, took over his duties October 1 and will bring the message Sunday at both the morning and evening services.

Morning services at the church are at 11 a. m. and evening services are at 7:30 o'clock.

New County Agent Buys Home Here

R. L. Carpenter, new county agent of Knox County, moved with his wife to Knox City Tuesday. They purchased the house recently built by Silas Ward in what is called the new addition near the E. O. Jamison home.

Mr. Carpenter assumed his duties in the county agent's office on October 1.

Field Day Held On Reed Farm

On August 22, 1946, a cotton root rot control demonstration field day was held on the Claude Reed farm three miles east of Knox City. At this time the Hubam Clover used in the rotation to control cotton root rot had been harvested and had produced 675 pounds of seed. As part of this field day demonstration an actual count was made of the dead stalks of cotton that occurred in the four-acre check plot.

This count was 10.2 per cent dead from cotton root rot. Since it had been extremely dry in July and August this count was not nearly as high as could be expected in a more seasonable year.

However, the drought was broken the last week in August and several inches of rain fell during the first twenty days of September. Following the rains an increase in root rot damage was expected, so on September 25, 1946, a second count was made and the loss was 14.8 per cent or an increase of 4.6 per cent during this month of considerable rainfall.

In 1946 the demonstration consisted of four acres of Hubam Clover, four acres of cotton and four acres of milo, all following cotton in 1945. In 1947 the entire 12 acres will again be planted to cotton and the relative value of Hubam Clover and milo in the rotation as control measure of cotton root rot can be demonstrated.

COTTON REPORT

Following is a report of the cotton ginned by the various gins in Knox City and O'Brien:

Brazos Valley	156
Knox City Gin	345
Cotton Growers Co-Op	339
O'Brien Co-Op	1437

32 MEMBERS PRESENT AT LIONS CLUB MEETING

Thirty-two members were present at the regular Thursday noon meeting of the Lions Club.

After routine business was attended to, Dr. T. S. Edwards spoke on "Subversive Activities in the U. S." and urged all Americans to not let the world situation blind them to affairs in their home country.

Mrs. Lloyd Brown of Holliday is visiting Mr. Brown's mother, Mrs. C. M. Brown, this week.

Annual Soil Conservation District Meeting Held In Knox City Tuesday

ACA Chairman Urges Farmers to Increase Terracing

Emmett Partridge, Chairman of the Knox County ACA Committee, this week urged farmers in this section to step up their terracing program.

"In most sections of Texas," Mr. Partridge said, "terracing is the most needed soil conservation practice in preventing soil erosion and conserving moisture. In a report recently released by the State Office of the Production and Marketing Administration at College Station, Texas, it was revealed that at the rate terraces are being constructed at the present time, it will take over 50 years to meet the terracing needs of Texas farms. By that time much of the top soil will have been completely washed away and the land will not be suitable for further production purposes."

During the 1945 crop year, 5,427 Texas farmers constructed more than 18 million feet of terraces for which assistance was furnished through the ACP program. These figures indicate that approximately 400,000 acres of land was protected by terraces constructed during the year. Although this appears to be a considerable amount of acreage to be protected during one crop year, when we consider that we have in Texas 20 million acres that needs protection with terraces, it is evident that the terracing program must be materially stepped up. Top soil once lost cannot be replaced except over a long period of time and at great expense.

Congress has recognized this very serious problem and has made funds available to assist farmers in the nation-wide program. This assistance will pay approximately 80 per cent of the cost of constructing terraces.

"Records in the ACA office at Benjamin," Mr. Partridge added, "show that approximately 1,434,017 feet of terraces have been constructed so far this year. Since additional money has been received for payments on terraces, it is believed that many more miles will be constructed before the end of the year."

Showing At Dallas Knox County Calves

Two Knox County 4-H Club members J. G. and Donald Ray Pults of Benjamin, will exhibit their steer calves in the Junior Livestock Show of the State Fair of Texas, held at Dallas, Oct. 5-20, according to R. L. Carpenter, county agent.

J. G. Pults, age 14, has fed his calf for 12 months and it now weighs 1050 pounds. Donald, age 10, has been feeding his calf for 14 months and its weight is now 1250 pounds.

The boys will leave early Friday, October 4, to show their calves. On that day sifting of calves not considered worthy of a state show will begin at 10 a. m.

The boys will show their calves for prizes on Saturday, which has been designated as Rural Youth Day, and on Tuesday, October 8, they will be eligible to enter the auction ring provided by the Fair Association.

MRS. NASH TO BE GUEST SPEAKER AT STUDY CLUB

The Knox City Study Club will open their club year with a Federation Day Program Saturday afternoon, October 5th, at 3:00 p. m. in the basement of the First Baptist Church.

The guest speaker for the occasion will be Mrs. Herschel Nash of Weatherford, first vice president of the First District of Texas Federated Clubs, who will speak on the subject, "Federation Highlights."

H. C. Armstrong of Littlefield was a business visitor in Knox City Friday.

The annual meeting of the Soil Conservation District which includes all of Knox County south of the Brazos River, was held Tuesday night at the Knox City High School.

A report of the year's progress was given by Clay Grove of the Sunset community, District Supervisor of the Soil Conservation District. Mr. Grove was re-elected to the office without opposition.

It was reported that approximately 275 miles of terraces have been constructed in the district this year, with more expected to be completed before the end of the year. Also it was stated that about 200 acres of pasture land has been seeded this year.

Million And a Half Visitors Expected At State Fair

Plans for handling an expected crowd of over a million and a half visitors to the State Fair of Texas, held at Dallas Oct. 5-20, were announced Saturday by Police Inspector O. P. Wright, Fair Park Chief of Police.

A special force of 160 men, uniformed members of the Dallas Police Force, detectives, and special guards to patrol areas and police crowds in assigned areas have been picked for the job of seeing that events and crowds run smoothly, for the benefit of the spectators.

Biggest problems will be traffic and lost children, predicted Inspector Wright. Fair Association members in the Hall of Foods and police officers will assist parents in locating lost children.

No-parking areas, one way streets, and the marking of suitable routes leading to the Fair Grounds have all been considered to solve the problem of increased traffic flow. Internal parking grounds have been designated as the old race track, the softball field south of the Administration Building, and a space near Washington Ave.

Surveys have been made of all exits to facilitate an easy outflow of traffic during peak loads at football games and other special events.

Methodist Church To Observe World-Wide Communion Service

The local Methodist Church will observe World-Wide Communion on Sunday, October 6.

Besides the offering to be made for World Relief agencies during the Communion service, the church is sponsoring the packing of a box of good used clothing to be shipped overseas for relief of people living in the war-ravaged countries.

Anyone with good used clothing wishing to have a part in this service may leave their clothing at the Church. Mrs. T. S. Edwards is chairman of the committee for this project.

DAUGHTER BORN TO MOORES

Mr. and Mrs. W. R. Moore of Monday have announced the arrival of an 8-pound baby girl, Millie Ann, October 1 at 5:20 p. m. at the Knox County Hospital. Mrs. Moore is the former Miss Wynette Farmer, daughter of Mr. and Mrs. B. M. Farmer.

During the Summer Home-Making course the girls improved the rest room very much. They painted the woodwork and put up curtains. The school plastered the walls and painted them light green. When school started the girls put a pink skirt around the dressing table and bought three mirrors to go above it (one of them disappeared—across the hall, no doubt). They have a very nice room and hope to keep it that way.

Home Making I
 We are just about to finish our cook aprons, and are turning our study to patterns and materials. We feel that we are just now beginning to get our sewing machine education.

Home Economics II
 Through individual type study we are learning what to emphasize, where to emphasize and when to emphasize our style and beauty. We soon hope to have our imaginary wardrobe completed.

Freshman News
 The Freshmen are about over their sniffles now and about ready to study for six-weeks exams. The girls are learning some new ideas about "pep" and the boys are lending help to the football team.

Sports
 Well, the game that everyone was looking forward to has come and gone with the Greyhounds on the big end of the

score. They chewed the Bull-Pilots.

This was by far the hardest game the Greyhounds have played this year. The Bulldogs received the kickoff and after three quick plays ran over for a touchdown. Then they made the extra point. This kind of set the Greyhounds back. They were in possession of the ball on their own 20 yard line and fumbled. O'Brien recovered, and after three downs went over for another touchdown. They again made the extra point. Then Bobby Hackfield made an end sweep and ran 30 yards for a touchdown, but the Greyhounds failed to convert the extra point. At the last of the second quarter the Bulldogs made their third and last touchdown.

In the second half the Greyhounds received the kickoff and Bobby Hackfield took it on our 15 or 20 and ran it back, with the aid of some beautiful blocking for a touchdown. After this the Greyhounds had a little more pep. Soon after the kickoff the Bulldogs had to punt and with the aid of two passes Bobby made an end sweep for another touchdown.

In the last of the third quarter Teaff made a beautiful 50-yard run for a touchdown, but stepped out of bounds and it was called back. The Greyhounds were trailing, 18 to 20. In the last quarter Bobby made the last touchdown. He then ran over for the extra point but fumbled and Rudy recovered, and the score was 25 and 20, in favor of Knox City.

It was an exciting game and good, clean playing was displayed by both sides.

Friday night the Greyhounds will tangle with the Vera Pilots.

Pep Squad Report
 Friday evening at 2:30 the pep squad led the entire school to town in a pep parade. After marching down the street they stopped in front of the bank, where Jessie Mae, Margaret and Mary Lou led the school in some yells. They returned to the school building hot and tired, but eager to attend the game Friday night.

The girls arrived at the game at 7:30, and were ready to start yelling when the Greyhounds came on the field. They had some good competition from the O'Brien pep squad. We are all happy that it was pretty weather for the game, and hope it will be as pretty Friday night for the game with the Vera

Sophomore News
 The Sophomores' secret was a watermelon feast, which the weatherman postponed for us. We all enjoyed the game with O'Brien Friday night. Some of the girls, especially Sophomores, really did yell. Mrs. Carpenter is our class sponsor again this year. There is a rumor that we will have a party Thursday night. The Sophomores are really sore from skating.

Mrs. Tom Stetson, Jr., of Hebronville arrived in Knox City Wednesday for a week's visit with her parents, Mr. and Mrs. W. L. Swift.

Mrs. Elmer Wall, Jr., returned Sunday from Eldorado, Kansas, where she had spent three weeks with her mother, Mrs. R. E. McMillen.

Mr. and Mrs. H. E. Wall and son, Ronnie, visited relatives in Haskell Sunday.

William Roy Baker, Bozo Melton and Ken Clonts attended the Model Airplane Exhibit at Sheppard Field in Wichita Falls Sunday. The three boys entered five model planes in the contests.

Mrs. Ross Griffith arrived in Abilene today (Thursday) from Brooklyn, N. Y., after a seven weeks visit with her mother, Mrs. B. J. Husband.

Mr. and Mrs. Jeff Graham were in Abilene Saturday night to attend the Hardin-Simmons-Kansas football game. Clyde Graham, who is with International Harvester in Sweetwater, accompanied them home to spend the week end with his parents, Mr. and Mrs. L. W. Graham.

Mrs. Howard Spikes of Benjamin spent Friday shopping in Knox City.

Mr. and Mrs. Jeff Bowden spent the week end visiting friends in Hamlin.

MRS. J. C. MCGEE HONORS HUSBAND ON BIRTHDAY
 Mrs. J. C. McGee entertained at her home on Wednesday evening, September 25, with a dinner party honoring her husband on his birthday. Those present for the occasion were Mr. and Mrs. Bill Wilson, Mr. and Mrs. Bill Lankford, Mr. and Mrs. Gene Clonts, Mr. and Mrs. Jack Coats, Mr. and Mrs. Bobby Simpson of Abilene, Mr. and Mrs. Woody Hodges, Mr. and Mrs. Lloyd Feemster, and Mr. and Mrs. Ansel Waldrip.

CHARLES GRANVILLE CLARK HONORED ON BIRTHDAY
 Charles Granville Clark was honored Saturday night, Sept. 28, on his thirtieth birthday with a dinner party in the home of his parents, Mr. and Mrs. Bill Clark. After an enjoyable evening of games, under the supervision of Mrs. E. R. Carpenter, dinner was served to the following: Misses Jean Carol McAuley, Zana Ann Hamm, Carol Ann Armstrong, Laquita Hackfield, and Julie Frizzell, and Tommy Edwards, Jerry Wilson, John Ed Smith, and Charles Granville.

**MR. AND MRS. DUNKLE
HONORED AT PARTIES**

Last week R. O. Dunkle, out-
going County Agent, and Mrs.
Dunkle were honored with two
farewell parties.
On Tuesday evening, Sept. 24,

a "42" party was held in the
assembly room of the court
house. Mr. Dunkle's co-workers,
the court house employees, pre-
sented him with a life-time
pen and pencil set as a small
token of appreciation of the
good work carried on by Dunkle
while in Knox County.

Refreshments were served to
28 guests, and everyone report-
ed a very enjoyable evening.

On Wednesday evening, Sept.
25, the Dunkles were honored
with a farewell "42" party giv-
ing by the Benjamin Methodist
Church, in the home of Mr. and
Mrs. Collins Moorhouse.

The church presented the
honor guests with a lovely
white woolen blanket, in ap-
preciation of the good work
carried on by the Dunkles in

the church during the five
years they lived at Benjamin.
Delicious refreshments were
served to twenty-four guests.
Mr. and Mrs. Dunkle left
Benjamin Friday, Sept. 28. Mr.
Dunkle was to take up his new
duties at Graham on Oct. 1.

**Fay Rider Selected
Outstanding 4-H
Girl In District**

Fay Rider of Knox County
has been selected as the out-
standing 4-H girl of this dis-
trict, and will receive the Scroll
of Honor Award of the State
Fair of Texas along with 31
other 4-H Club and Future
Farmers of America members
on Oct. 5, Rural Youth Day at
the State Fair.

This award, a recognition of
achievement for the young
farmers and girls of Texas, will
be presented by R. L. Thornton,
president of the State Fair, at
a program for the expected 20,
000 rural youth of the state that
will attend as guests of the
Fair.

Mrs. C. M. Brown returned
Sunday from Dallas where she
had spent three days visiting
her daughter, Mrs. T. L. Den-
nison, and family.

Mrs. C. E. Durham returned
Sept. 24 from Long Beach, Cali-
fornia, after a two weeks visit
with her son, J. C. Durham and
family.

Jimmie Craft, a student in
Texas Tech at Lubbock, spent
the week-end visiting his moth-
er, Mrs. Ferris Glenn and Mr.
Glenn.

Word was received Saturday
by Mr. and Mrs. J. W. Green
of the birth of a baby girl on
September 21 to Mr. and Mrs.
Earnest Cox of Sweetwater. The
baby is the twenty-third great
grandchild of Mr. and Mrs.
Green.

About 20 men, members of an
Humble Oil Company crew lay-
ing a pipe line across the riv-
er west of town, have moved to
Knox City and plan to remain
here until completion of the
line.

Mrs. John May visited her
son, A. D., and family in Rule
Wednesday.

Mr. and Mrs. Earl Benedict
visited relatives in Crowell
Monday.

Mrs. Ed Shaver, Sr., returned
Saturday from Canyon where
she had spent the past several
weeks with her daughter, Mrs.
Tom Lair, Jr., and family.

Sunday visitors in the home
of Mr. and Mrs. W. W. Hyde
included Mr. and Mrs. Joe
Hyde, Spurgeon Hyde and son,
Ronnie, all of Abilene, and Mr.
and Mrs. G. W. Montandon and
family of Grow, Texas.

REDDY KILOWATT

SCHOOL DAYS ARE HERE ONCE MORE... Grad-
ually the days will grow shorter and nights
longer. More and more of the family's work
and play will be done under artificial light.
Start now, at childhood, to insure your chil-
dren's good vision in future years.

It is a known fact that 3 out of every 4
people have defective vision by the time they
reach 50. In most cases, it is traceable to poor
lighting or the improper use of eyes in child-
hood. Therefore, use adequate and glareless
light in your home—it will not only safeguard
young eyes, but help older eyes as well.

Our lighting engineers will gladly assist you
in obtaining the proper seeing conditions. This
free service is yours for the asking.

**For Prescription
Promptness**
We're proud of our dependable
reputation. For years doctors
and patients alike have relied
on us for better, more accurate
prescription compounding. They
know the ingredients are fresh,
pure, and potent. They know
they get immediate attention.
They know us, and depend on
us. We're prescription proud!

Shower Honors Recent Bride

Fall flowers and rosebuds were used as decorations in the home of Mrs. G. A. Branton Saturday, Sept. 28 at 3:00 o'clock when Velma Marie McNeelie, recent bride of Eugene C. McNeelie, was honored with a gift shower. Guests were greeted at the door by Mrs. Branton and presented to the receiving line, composed of the honoree, Mrs. Bill Paul, mother of the bride, and Mrs. W. S. McNeelie, mother of the groom.

Punch was ladeled from a lace-laid table by Miss Mary Watson. Guests were then ushered into the room where gifts were displayed by Misses Mabel Edwards and Marie Mingus, classmates of the bride.

The satin bride's book was presided over by Miss Carol Finley, and approximately fifty guests were registered during the afternoon.

Hostesses for the occasion were Meses Jack Tankersley, Lynn Tankersley, E. H. Tankersley, John May, J. M. Averitt, Anceal Waldrip, G. A. Branton, W. M. Rowan, J. G. Robbins, Abe Watson, O. W. Caussey, E. R. Carpenter, C. A. Hull, Herman Egenbacher, Erwin Egenbacher, E. F. Branton, T. E. Holcomb, Clarence Goodson, Harper Knight. The gifts from the hostesses to the bride were dishes and a chenille bedspread.

FOR SALE — 3-room house and 3 lots in city limits, same block and south of Lee Smith. See Howard Gilchrist or L. W. Graham. 1tp

You Are Cordially Invited to Attend Premiere Southwest Showing New Freedom Gas Kitchen Dallas, October 5 to 20

Lone Star Air-Conditioned
GAS EXHIBIT BUILDING

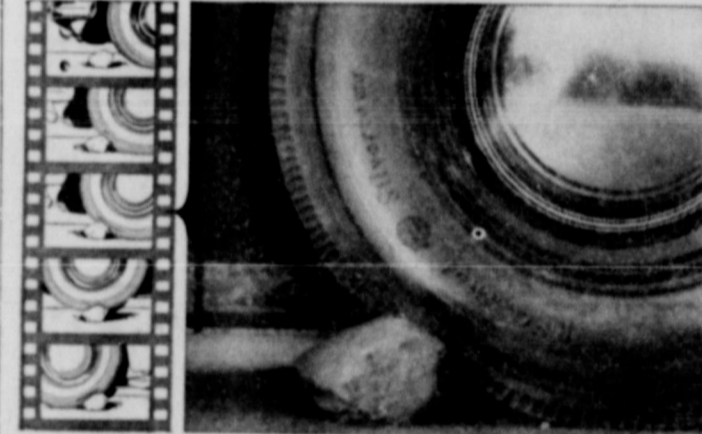

State Fair of Texas--Dallas, October 5 to 20

Homemakers of Southwest will have the long-awaited opportunity to see and study a New Freedom Gas Kitchen during their visit to State Fair of Texas. Premiere southwest showing is feature attraction in the magnificent Lone Star Gas Exhibit Building. In this Premiere showing there will be four complete kitchens revealing new conceptions of beauty, design, efficiency and kitchen comfort. They are complete in every respect, offering a wealth of ideas to you who are thinking about bringing your kitchen up-to-date. All kitchens were designed by Servel, maker of famous silent gas refrigerator.

IN PERSON: **DUDE RANCH BUCKAROOS**
Broadcasting each day, 11:30 a.m.

You've heard them many times on Lone Star's radio program. Now see and hear them, in person, broadcast from Gas Building over WFAA daily, Monday through Friday at 11:30 a.m.

LONE STAR GAS COMPANY

Stronger Body Helps This New Tire OUTWEAR PREWAR TIRES

No sensible driver would deliberately run his tires over a rock like the one in the picture. But sometimes it can't be helped... and that's when you will be glad if you have B.F. Goodrich passenger car tires. Built with more and stronger cords, the tire body is better engineered and 35% stronger than in wartime tires. But in building this stronger body to hold the more durable, wider, flatter tread, B.F. Goodrich engineers built into it greater resistance to "road shock." Supplies of this new tire are still limited. However, we'll do our best to keep your car rolling until we can get new tires for you. \$15.20

Can be bought on Small Down Payment and Convenient Terms
