Services Held Monday For Accident Victim

Funeral services for Stanley Newton, 21-year-old junior student at North Texas State University in Denton, were held Monday afternoon at 2:30 o'clock in the Church of Christ in Rochester with John Greeson, minister of the Church of Christ in Rulc, and Larry Swift, minister, officiating. Interment followed in the Rochester Cemetery with Smith Funeral Home in charge of arrangements.

Stanley was dead on arrival at the Lyman Roberts Hospital in Aransas Pass at 3:20 a.m. Sunday following a one-car accident. Newton was a passenger in an automobile which struck a bridge.

Born January 27, 1956 in Hico, he was salutatorian of Knox City High School in 1974. Stanley was a member of the Church of Christ.

During Stanley's high school years at Knox City, he was named to the all-area football team, was all-district in both football and basketball, was captain of the football and basketball teams, was class president for two years, and class vice-presi-

Riding Club Decides On Uniforms

During a called meeting Monday night in the Chamber of Commerce Assembly Room at Munday, the Knox County Riding Club voted to add vests for the riders and matching breast collars for the horses to its official parade uniforms of light-colored straw hats, white shirts, red bandana neckerchiefs, and blue jeans.

Each rider will provide his own vest with the Knox County Riding Club emblem to be sewn on the back. The red breast collars will be purchased by the three riding clubs in the county, and will be checked out to each rider at the parades and will be checked back in following the parades.

Fabric selected for the vests is an inexpensive permanent press type. The vests will be navy blue lined and top-stitched in red. They are to be a V-necked style with three buttons, which are tri-colored in red, white and blue.

It was decided that in order to accommodate those riders who might not have a vest for some reason, each family will make one extra vest, with families in Benjamin making small vests, those in Knox City making medium sized vests, and Munday's families making large vests.

For information pertaining to fabrics and buttons, persons may contact Jan Carver of Shirley Brown in Benjamin, Mary Ann Boone or Stella Carver in Knox City, Ronnie Cude in Goree, or Cindy Thompson in Munday.

Playdays Set For County

Playdays for the upcoming season at the three riding club arenas in Knox County have been set.

The Lake Creek Arena Association will open the season with a playday at its arena in Munday on May 21. The Knox County Riding Club will host its first playday of the season on June 4 at Benjamin, with the Brazos Valley Recreation Association getting its playday season underway on June 18 in Knox City.

The remainder of the season's playdays include Munday, July 16; Benjamin, July 23; Knox City, July 30; Munday, August 6; Benjamin, August 13; Knox City, August 20.

Playdays will begin at 8 p.m., with books opening at 7:30 p.m. Events are barrels, flags and poles.

Contestants compete in three age divisions which are pee wees, 8 and under; juniors, 9-12; and seniors, 13-19. The division in which a contestant will compete is determined by his or her age on January 1, 1977.

WORKERS ARE FINISHING UP THIS WEEK on the new office building of R.G. Howell, M.D. The attractive building, constructed of antique brick with a dark brown roof, contains 1800 square feet of floor space. Opening date has been set for Monday, April 18.

Dr. R.G. Howell Opening Offices

R.G. Howell, M.D., is announcing the opening of his offices at 709 Avenue F in Knox City on Monday, April 18.

Office hours will be from 8:30 a.m. until 5:00 p.m. with the exception of Thursday afternoon and Saturday afternoon when the offices will be closed.

Construction workers are finishing up this week on the new antique brick office building, located just south of the Brazos Valley Care Home. A hard-surface parking area

Horticulture Sale To Be Saturday

The Knox City High School Horticulture Class will hold its fourth annual bedding plant sale Saturday, April 16, beginning at 9:00 a.m. in the KCHS Greenhouse, located north of the high school building.

The plants, which were all started by seed earlier this year, will include tomatoes, peppers, petunias, coleus, vinca, geraniums, and caladiums. Ten-inch hanging baskets containing asparagus fern, English ivy, or Jew are also available for sale, according to Jim Dillon, horticulture instructor.

The plants are the results of many hours of hard work by the horticulture class.

All plants are reasonably priced, and everyone is invited to attend the sale.

is situated at the rear of the building.

Containing approximately 1800 square feet, the new building houses a reception room, business office, three examining rooms, a treatment room, X-ray room, and lab, in

GED Tests Set April 16

The General Educational Development (GED) Tests will be given at the Haskell High School Official Testing Center in Haskell on Saturday, April 16, beginning at 8:00 a.m.

The GED Program provides a means for determining the educational level of adults who have not completed a formal high school education. A certificate of high school equivalency may be issued to adults who successfully complete the GED examination, verifying that the holder has demonstrated a level of competence on the examination which is equivalent to that of a high school senior.

The test has five parts: Correctness and effectiveness of Expression, Interpretation of Reading Materials in the Social Studies, Interpretation of Reading Materials in the Natural Sciences, Interpretation of Literary Materials, and General Mathematics Ability. The test questions are multiple choice. There is no time limitation but most examinees take approximately eight hours to complete the test battery.

Persons eligible for testing must

addition to Dr. Howell's office.

The interior walls are finished in off-white texture, complemented by fruitwood woodwork, and the floors are covered with antique gold carpet and neutral-color tile.

- be a resident of Texas or a member of the Armed Forces stationed in Texas;

- be at least 17 years of age and officially withdrawn from school for one calendar year. (Applicants who have attained their 17th birthday and will enter the Armed Forces may test immediately after withdrawing from school;

- be 18 years of age and officially withdrawn from school.

To receive a certificate of high school equivalency, the examinee must:

- complete the examination with a minimum standard score of 40 on each of the five tests or an average standard score of 45 on all five tests;

- have attained at least their 17th birthday prior to date of testing and be out of school for one calendar year;

- have attained their 18th birthday and be officially withdrawn from school.

Applicants are advised to bring their Social Security Number and their driver's license as proper identification.

Bank Purchases Drug Prevention Booklets

The Citizens State Bank of Knox City joined some 435 other banks in Texas and adjoining states in sponsorship of the Abundant Life Fellowship program for the prevention of drug abuse by young people.

Bruce Campbell Jr., chairman of the board, has authorized the purchase of a quantity of booklets on drug abuse prevention, to be distributed free through the KC-O'Brien schools to all interested persons.

Tax Representative To Be In Munday

If readers have a question about state taxes or need some assistance, they should circle this date on their calendar, April 19, 1977.

Comptroller Bob Bullock will have a representative in Munday on that date to meet with local taxpayers beginning at 1:30 p.m. in the Munday City Hall.

Remember, if anyone has a question or needs assistance with his state taxes, go to the Munday City Hall from 1:30 p.m. to 5:00 p.m. on April 19.

CORRECTION

In last week's story of the Knox City-O'Brien school election, the name of one of the trustees was erroneously reported. The trustee was listed as F.D. Emerson but should have read J.M. Emerson.

Jamboree To Be Saturday

It's Jamboree time again in Knox City and the monthly musical will get underway Saturday night at 7:30 o'clock in the school auditorium.

In addition to the area musicians who have indicated that they plan to be on hand, spectators will have a special treat in store as the Knox City High School choir under the direction of Mrs. Melvin A. Lowrey will be on the program Saturday night. The choir had planned to appear twice previously but had to decline due to other conflicts.

Regular members of the KC Jamboree Band will be there to provide favorite country-western tunes as well as gospel songs.

A concession stand will be open and there is no admission charge.

Rayls Move Here From Colorado

New Knox City residents are John and Juanita Rayl, who have moved to the Vernon Bridges place west of town, approximately four weeks ago.

The Rayls moved here from Denver, Colorado, and she is employed by Callaway's City Cafe.

Both are natives of Texas, John being from Houston and Juanita from Seagraves.

Mrs. Rayl commented that she especially liked the people and the area as everyone had been exceptionally nice.

Public Notice

NOTICE OF HEARING BEFORE THE TEXAS WATER RIGHTS COMMISSION OF AN APPLICATION TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS No. 3758

Notice is given that ESTATE OF S.B. BURNETT 1212 First National Bank Bldg. Fort Worth, Texas 76102 applicant, seeks a permit to maintain an existing 248 acre-foot capacity on-channel dam and reservoir (Snake Den Tank) on an unnamed tributary of Little Croton Creek, tributary Brazos River, Brazos River Basin, for livestock, domestic and recreation purposes on applicant's land in Section 11.3, Block 13, H. & T.C. R.R. Co. Survey, Abstract No. 156 and in the T.B. Hanna Survey, Abstract No. 338, 19 miles SE of Guthrie in King County, Texas, all being more fully set out in the application.

The dam is located in the aforesaid H. & T.C. R.R. CO. Survey with the south end of the centerline being N 20°15' W, 2000 feet from the south corner of said survey.

Application No. 3758 was accepted for filing pursuant to 5.121, Texas Water Code, and Rules 129.02.05.001 through 129.02.70.008, on March 28, 1977, and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 N. Congress Avenue in Austin, Texas, on May 13, 1977, at 10 o'clock a.m. Those opposing the granting of said application may appear at the hearing and/or, at least five days before the hearing date, may file written protests with the Commission and serve copies on the applicant by certified mail, return receipt requested, or by attorney's affidavit. Written protests must contain the name and address of the applicant, an allegation of potential injury of the protestant, the basis of protestant's claim of right and the location of protestant's diversion, if applicable, and any possible adjustments to the application which would result in a withdrawal of the protest. However, persons filing such written protests are not entitled to be admitted as parties to the proceeding unless they comply with Rules 129.03.13.001 - .003 which require actual presence at the hearing. Persons desiring further information in connection with this application or the administrative procedures to be followed may contact Pam Weddell, P.O. STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Bring them hither to me. (Matthew 14:18)

This is what our resurrected Christ is saying unto you this very day, so if your life is full of needs, and you are almost overwhelmed with difficulties, trials, and emergencies; just remember that they are divinely provided vessels for the Holy Spirit to fill. If you really understood their meaning, they would become opportunities for receiving new blessings and deliverances which you cannot get in any other way.

Bring these vessels, all of them; to God. Keep still and wait before Him in faith and prayer. Give Him a chance to work and He will surely do so; the trials that threatened to overcome you will become God's opportunity to bless your life with His grace and glory as you have never known before. His Word says, "My God shall supply all your needs according to His riches in glory by Christ Jesus." (Philippians 4:19) His riches in glory are so much greater than all the trials we might have in our short life.

NEWS OF AGRICULTURE

By TOMMY ANTILLEY

Gardeners often purchase a combination of fertilizer and herbicide (weed killer) because it is so easy to use and saves extra work. But such a mixture can also cause lawn and garden damage beyond repair, if not used properly.

The problem with a combination fertilizer-weed killer mix is that it is often applied without regard to the fact that the weed killer must be used more carefully than the fertilizer.

Weed killers can be especially harmful if misused since they can translocate in the soil and kill or damage severely trees, shrubs and vines. For this reason a weed killer must not be applied next to these plants and the best method of controlling weeds around trees is to dig them up by hand.

Any time a herbicide is used, special attention should be given to the time and rate of application. Carefully read and follow the manufacturer's recommendations on the label.

For a healthy greener looking lawn, three practices are needed. First lower your lawn mower blade one-half inch and scalp your lawn the first three to four times you mow. This will revitalize your lawn and promote early spring and summer plant growth. Second, you need to apply one pound of nitrogen per 1,000 sq. ft. for a healthy green look. Use a complete fertilizer that will give you this amount of nitrogen, such as 12 pounds of 8-8-8 or 8 pounds of 12-4-8. This will promote leaf and root growth. Repeat this application in the fall, also. Third, apply a herbicide or weed killer to rid the lawn of unsightly weeds. These should be used only according to label directions and used extremely carefully if you have shrubs or trees in the yard.

Proper maintenance is essential for a healthy lawn, and these three practices will give new life to a dormant, weedy lawn.

Livestock producers are reminded to continue the fight against screwworms. Inspect and treat all wounds, spray

livestock often when screw-worms are known to be a hazard and following livestock surgery, collect larvae or egg masses found in or near wounds and send the sample to the USDA lab at Mission for identification, and avoid animal surgery during high screwworm activity.

Benjamin 4-H Club Holds Meeting

The Benjamin 4-H Club met on Monday, April 11, at 7:30 p.m. in the assembly room of the County Courthouse. Sheila Benson, secretary reported 17 members and seven adults present.

Louis Baty presided over the business meeting, after which Dr. Bill Kingston told of the Munday Vegetable Research Center's program on gardening.

Members and guests pre-

sent were Louis Baty, Billy Carl Benson, Todd Benson, Sheila Benson, Tony Benson, Doug Brown, Stasia Carver, Tammy Carver, Amy Griffith, Lori Griffith, Alan Heard, John Mark Kinnibrugh, Glen Heard, Lauren Reed, Toy Reed, Shannon Ryder, Stacia Ryder, Mrs. Jimmy Kay Ryder, Mrs. Floyd Heard, Kenneth Roberts, K.W. Woolley, Mr. and Mrs. Tommy Antilley and Scott and Carolyn Schur.

Goals of Beef Research, Information Program Noted

What are the goals and purposes of the proposed beef research and information program?

If eligible livestock producers vote in favor of the beef checkoff program this spring, it is designed to allow the establishment of projects for advertising, promotion, education, producer and consumer information with respect to use of cattle, beef and beef products, says Tommy Antilley, County Extension Agent for the Texas Agricultural Extension Service.

Similarly, the program would allow for the establishment and conducting of research, market development projects and studies with respect to production, growing, sale, processing and distribution, marketing or utilization of cattle, beef and beef products, the Extension agent said. The Act is Public Law 94-294, and is enabling legislation similar to that for wheat, potatoes, eggs and cotton.

The checkoff is designed as a self-help program, where the producer would be contributing 3/10 of one per cent of the sales of his cattle. For example, for a producer to contribute \$100 to the program, sales from his cattle would need to be \$33,333 annually. The funds would be collected according to a "value-added concept," which would assess all sellers in the marketing chain. The concept is similar to that of "pencil shrink". Sales of breeding cattle would be exempt until the animals are sold for slaughter. The initial purchases in the marketing chain would deduct the amount of assessment from his payment to the original owner. Each

successful purchaser would deduct an assessment based on the current market value, representing an amount equal to the previous assessment plus an added assessment resulting from the animal's increases value during the seller's period of ownership.

"The purchases at the point of slaughter would remit the assessment to the Beef board, as proposed in the Act. Consequently, packers would be responsible for maintaining records of the transactions, deducting the assessment from the sale of the animal and forwarding the money to the Beef Board.

Provisions of the Act would allow for producers not wishing to participate in the program to request and receive a refund upon application to the Beef Board. To qualify for this refund, however, the request must be made in writing and sent -- along with a copy of the sales slip -- within 60 days after the end of the month in which the assessment was paid.

Nearly \$40 million would be generated in the program's first year of operation, based on the assessment rate as outlined in the proposed program. The program would be administered by a Beef Board of not more than 68 members from eligible producer organizations of each state or geographical area. Texas should have a representation of about seven members on the Beef Board, to help determine how the checkoff monies would be spent.

Call in your O'Brien news - 817-3428 or 658-3631.

How about the new name! If you do not like it call me or the editor, Billye Angle, and we will go back to the same old headline, O'Brien Happenings. This is spring time and we are about to have to change our clocks, so thought a new headline might be a good idea. I like changes, sometimes.

I have decided that all the cooking, planning, cleaning and whatever else you do for company is not worth the effort. Why not just wait until they leave for the cleaning part, and as for the cooking part, everyone always eats too much, so why not just have sandwiches or something light like that and be through with it? Of course cooking is not my thing, as my family will tell you.

I hope everyone had a nice Easter. Have you ever stopped and thought just what Easter means to you? To the children it means new clothes, Easter bunnies and eggs and Easter egg hunting. How many times have you hidden the same eggs over and over until you thought you were going to wear them out just from the handling of them? We had several small ones to visit over the weekend and J.O. and I missed all the egg hunting from more pressing things that had come up. The report was that they really enjoyed themselves. Of course you do like to see your only granddaughter hunt eggs for the first time, also your grandsons, that are not too big for these things, and your nieces and nephews. I just know when we returned from the funeral there were Easter eggs running out of everyone's ears.

I will just have to tell about our baseball game yesterday afternoon (Sunday). First time most of us had played since last summer, so there are probably a lot of sore muscles today. I also managed to get on the losing side. I'm sure that I do not have anything to do with the losing part, it is just that the other side had some very good hitters. But let me tell you when your daddy, who is 67, can out bat, run and just beat you all the way around something is wrong with the younger one, me. Of course baseball was never my game, now volleyball I might have managed to stay up with him. Anyway we all had a great time even if some of us are so sore today. I am going to get me a baseball glove before we play again, then maybe I will not be afraid to try and catch the ball.

Your Social Security

Persons who delay their retirement until after age 65 may receive increases in their Social Security checks. A provision of the 1972 Social Security amendments instituted the delayed retirement credit beginning in January 1973.

The delayed retirement credit is added to an individual's retirement benefit if he has no permanent reduction in his benefit amount due to early retirement and he has payments withheld due to his earnings between the ages of 65 - 72.

An individual is given credit for each month that he forfeits his entire check due to his earning. However, he is not credited for any month his payment is withheld to recover a prior overpayment.

This increase is credited at a rate of 1/12 of 1% of the individual's retirement benefit amount for each month of delayed retirement. This credit totals a 1% increase for each year of delayed retirement.

Delayed retirement credits are computed at the end of each calendar year. The resultant increase begins with January of the year following the determination. The earliest month counted as "delayed" under this provision is January 1971.

The additional payment under this provision applies only to the wage earner. The wage earner's auxiliaries (spouse, children, etc.) will receive no additional payments due to the delayed retirement.

Delayed retirement credits are a complex provision of the Social Security Act and ever situation in which they apply has not been covered here. For more complete information regarding this provision or any other aspect of Social Security you should contact your local Social Security Office at 1701 Cumberland, Vernon, Texas. The phone number is 817-552-9346.

EDITORIAL COLUMN

By Kelly Robinson
Well, as most of you know, school is just about over for another year. Approximately six weeks of school remain for Knox City-O'Brien students in the 1976-77 school year. However, for some 26 or 27 of these students there are only five weeks left this year and in their high school education. These are, of course, the Seniors of 1977.

The motto of the class of '77 has been "Pride of '77", which really tells the whole story of how most of us feel about our school. Not only are we proud of the fact that we have finally reached the pinnacle of our high school days, but also are very proud to have been a part of and associate to Knox City High School. We are doubly proud this year, too, due to the simple fact that we, the Seniors of '77, are the first graduating class since the merger of the Knox City-O'Brien Schools.

For the last four years we have contributed, or so we feel we have, to the success and accomplishments of Knox City High. Also, we feel that the school has contributed an infinite amount of success and many values which we will always cherish. This just shows how well students and faculty work together along with the townspeople to create an excellent learning situation. For all this, the Seniors of '77 wish to thank all of you.

MARYLON BURT

On May 31, the year of 1959, Mr. and Mrs. Kenneth Burt were told that their third child was to be a healthy baby girl. Cigars and handshakes were exchanged along with the name, Marylon Pauline Burt. After leaving the Knox County Hospital she was to seek a whole new world; she was to go home. Upon Marylon's arrival at her home she was introduced to the family, a sister, Debbie and a brother Kenny.

As there was another mouth to feed this meant back to work, so the Burt's moved to Dallas where Marylon's father was a carpenter. Through her early childhood Marylon lived in Dallas, San Antonio, O'Brien, and settled down in Knox City. Marylon began school and it was the start of the growing of a young lady. She survived through Mrs. Kemletz, Mrs. Weaver, and Mrs. Lankford. Nine years went by and her class was still together. Marylon was active in FHA, basketball, track, and band. As she survived initiation she was passed on to the tenth grade. As a sophomore Marylon participated in FHA, PASF, band, and in track and basketball in which she went to Regional.

Marylon's junior year was an active year too. Marylon held office in FHA as historian, received recognition in basketball as an all-district honorable mention forward. She also was in FTA, FFA, track, tennis, pep club, and participated in journalism in UIL. She also was in the junior play.

Marylon's last year was the greatest but the saddest, it all passed so fast. This was the year in which Knox City and O'Brien consolidated. Marylon's class grew considerably. Her last year Marylon participated in UIL, basketball, volleyball, in FHA and was third vice-president, FTA, FFA, and participated in the senior play.

And now it's time Marylon went out on her own. She has been prepared to make decisions and knows she has to find a way to survive. Marylon has chosen to go to TSTI in Sweetwater to be a LVN so she can work her way through

JEWELL CULBERSON

On January 11, 1958, Coronica Jewell Culberson was born to her parents, Mr. and Mrs. James David Culberson Sr. She was the fourth child of five children. She attended Knox City school all twelve years.

During Jewell's four years in high school she has been active in FHA for four years, track for four years, and volleyball for one year. Her sophomore year she was named all-district honorable mention and all-district her junior year.

Jewell was regional qualifier for three years in track in district and regional qualifier one year in the shot put.

Jewell was active in her junior play her junior year. Jewell's hobbies are reading, sewing and listening to music. In her spare time she likes to hunt up the latest soul records. Her favorite group is Brick. Her favorite song is Disco Dazz. Her plans for the future are undecided as for now.

McLennan College in Waco. Marylon is hoping to become a registered nurse.

Her favorite pastime is listening to music. Marylon's favorite group is "Aerosmith" and her favorite single is "Alice Cooper".

IN ALBUQUERQUE

Mrs. Pansy Russell, her daughter Debbie, a student at TWU in Denton, and her son Ricky, Texas Tech student, along with Mrs. Russell's mother, Mrs. Nettie Wilcox, were in Albuquerque, New Mexico, over the weekend to be with Billy Wilcox, who suffered a heart attack last Thursday morning.

According to Pansy, Billy was doing "real well" when they left to return home Sunday. He is a patient in Presbyterian Hospital there.

Other relatives at his bedside included his daughter, Mrs. Dan Western of Albuquerque, and his son and his wife, Mr. and Mrs. Tommy Wilcox of Lubbock.

Mr. and Mrs. Gary Wilcox of Lubbock also were there.

Olney Savings Sets Art Exhibit April 23

OLNEY - The Home Office of Olney Savings Association, Olney, cordially invites the public to attend a Texas Art Gallery Exhibition by nationally known western artist, Wayne Baize.

The informal exhibition will be held from 10:00 to 4:00 p.m., Saturday, April 23, at Olney Savings, according to Don McClatchy, president of Olney Savings, and artist Baize will be on hand to answer questions.

Baize, a native of the West Texas ranching community of Baird, has displayed his work all across the U.S. with numerous one-man shows in

Snyder, Texas, and the Texas Art Gallery in Dallas.

Many national publications have chosen his art for their covers, too, such as National Quarterhorse Journal, Western Horseman, the Cutting-Hoss Chatter, and Radio Graphic News.

Since early childhood, Baize has enjoyed drawing the ranching activities he experienced or observed around him. "It is this experience that brings a unique, fresh creativity to his craft. He breathes life into the memories of our Western heritage," McClatchy explained.

He concluded, "We are very honored to bring the Texas Art Gallery Exhibition of Wayne Baize to Olney. And, we hope everyone will come by, meet Wayne, and see his extraordinary collection."

"Now Your Electric Service Bill Gives You Even More Information"

Fuel Adjustment Cost Will be Shown As A Separate Item.

The fuel charge you have been paying is now shown as a separate item on your bill from WTU. The money from this charge is used for ONLY ONE PURPOSE— TO PAY THE INCREASED PRICE OF FUELS needed to produce your electricity. None of this money is used for profits or for any other expenses.

If you need more detailed information, please contact your local WTU office.

Your electric service bill will be similar to the one shown here with base rate and fuel cost charges included among the separately listed items. We've prepared a line-by-line guide to explain these items in your bill.

WEST TEXAS UTILITIES COMPANY
WTU
A Member of The Central and South West System

LINE ONE is the base rate portion of the monthly bill. It also shows amount of kilowatt hours used.

LINE TWO shows the fuel adjustment separately. The fuel adjustment has been part of the rate since 1959, but until now has been included as part of the base rate on your bill. The six-digit number shown (017076) is the fuel adjustment factor. This factor reflects the difference between the price of fuel this month and the price in 1959.

This adjustment factor is then multiplied by the number of kilowatt hours used by you, the individual customer.
Example: 017076 x 562 = 89.60

LINE THREE shows any charges for other electric services, which on this bill includes a Guard-Lite.

LINE FOUR shows the amount of SALES TAX remitted to the STATE.

LINE FIVE indicates your total bill for electric service.

Remember REDDY Supplies the energy— but only YOU can use it wisely!

PCA Meet April 14-16 in Dallas

Officers and directors of Rolling Plains Production Credit Association gather in Dallas April 14-16 with other agricultural specialists from throughout Texas for the Federal Intermediate Credit Bank of Houston's annual meeting of stockholders.

Representing Rolling Plains PCA are board members Mack T. Claburn, Anson, chairman; John Paul Perrin, Haskell, vice chairman; W.J. Boykin, Northfield; Winfred C. Mann, Clarendon; and W.H. Williams, Spur. R.C. Cobb, Stamford, PCA president, also will attend.

According to Cobb, "About 500 Texas farmers and ranchers are expected to attend the meeting." They include some of the most prominent agri-producers throughout the state.

Keynote speakers at the session are newly-elected Governor Donald Wilkinson, head of the Farm Credit Administration in Washington, D.C., and President Jack Barton, the Houston bank's top executive officer.

Wilkinson, a former administrator of the Agricultural Marketing Service, U.S. Department of Agriculture, heads the agency which supervises the \$37 billion national Farm Credit System. He speaks on "Agriculture - Building for Tomorrow."

Barton will report on last year's highlights, financial and otherwise, to the stockholders.

The Houston Credit Bank, principal source of funds for 32 Production Credit Associations and seven agricultural credit corporations, last year loaned more than \$1.5 billion through its agricultural credit outlets. It is a member-bank of the Farm Credit System.

Experimental Ranch Field Day Slated

THROCKMORTON - Scores of Rolling Plains cowmen are expected at the April 28 field day of the Texas Experimental Ranch in Throckmorton.

The Rolling Plains Economic Program (R-PEP) is a sponsor of the field day, and a livestock specialist will discuss seasonal trends in Rolling Plains forage and diet quality.

The field day will be in three parts: a formal program at 10:00 a.m., lunch at the ranch at 11:45 a.m., and bus tours of the ranch at 12:45 p.m.

Texas Agricultural Experiment Station personnel will talk in the morning session about three other topics:

--The response of livestock to grazing management at the ranch.

--The weaning weights of crossbred sires and dams compared with those of straight Hereford, and the influence of the common broomweed on plant and animal production.

Speakers will be Dr. Whitney Rounds of Vernon, Texas Agricultural Extension Service livestock specialist; Dr. Larry R. Rittenhouse of Vernon, Experiment Station range animal nutritionist and director of research projects at the ranch, and W.J. "Bill" Rawlins of Seymour, Experiment Station research associate and manager of the ranch.

Co-chairmen Rob Brown and John Matthews will report on activities of the Texas Experimental Ranch Committee, and John Merrill, head of Texas Christian University's Ranch Management Program, will emcee the April 28 program.

Rittenhouse said points of interest on the tour will include the effects of grazing treatments and supplements of livestock and range condition; studies of forage intake and milk production, and "mini-grazing" systems.

Grandparents include Mrs. Frank Gibson (Abilene) and Mr. and Mrs. A.P. Denton of Knox City.

"Grandpa" Denton reported that they now have 13 grandchildren and the first and the last are the only girls.

The Dentons were in Arlington last weekend to get acquainted with the grandbaby and Mrs. Denton remained there for a longer visit.

FROM OHIO

Harvey Reynolds, student at Mount Vernon Bible College, visited here last week with his parents, the Bud Reynolds.

Also visiting was a friend of Harvey's, Allen Jackson of Akron, Ohio, who is a freshman student at the Bible College.

Lions Club News

By Z.I. Smith

At Wednesday's meeting Garnet Gracey of Abilene was a guest of Lion Bruce Campbell Jr.

Lion John McGaughey reported income from the doughnut sale was \$264 and expressed his appreciation to every Lion for their diligent work. He then read a financial statement for the month.

Lion McGaughey reported an appeal by the Volunteer Fire Department for payment of their \$100 swimming pool bond. Motion was made and approved by the entire club to pay this bond.

The president read letters from Abilene Evening and Abilene Downtown Lions clubs who were soliciting support for their members for position of Director of Crippled Childrens Camp to be elected at the May district convention in Abilene. Lion Bill Langley of Stamford has held this position for two terms but has recently been appointed by Governor Dolph Briscoe to the Texas State Commission for the Blind. All Lions are proud that one of their members has received this appointment. All Lions Clubs are now looking for and receiving applications from children who want to attend the Texas Lions Camp for Crippled Children. This is a two weeks free camp at Kerrville for any child with a physical defect. The first session for summer is open June 5.

In a serious ceremony the president presented a new member packet to cub Lion Guy Cook who was sponsored by Lion Randy Coale.

The boss Lion announced the annual broom and mop sale to benefit the Lighthouse for the Blind would be held May 19. Phone book listings are to be divided among all Lion members who will then call and solicit sales of the items. When the truck arrives the items will then be delivered. If anyone is missed by phone, they can purchase from the downtown location.

Lion McGaughey announced that \$53.40 in carnival prizes had been sold to the High School Junior Class.

Upon recommendation, the Lions voted to support the district 2 E 1 eye bank by a donation of \$1.00 per member.

Lion McGaughey announced that plans are being made to hold the Ladies Night and installation of officers on June 23.

PIONEER BRAND

Lockett 4789-A

THE EARLY BIRD

This relatively early Lockett variety is getting more and more recognition as a fine, early cotton for this area.

Its early maturity (slightly earlier than Paymaster 18) along with being a highly determinate variety, allows it to set bolls early, then "cut-out," resulting in the production of more mature bolls with higher lint quality. It is well adapted to narrow row as well as conventional plantings because it matures early and the close-fruited plant holds the low bolls off the ground. Lockett 4789-A normally produces a good yield of quality fiber with staple length of an inch or more. It is recommended for both dry and irrigated land. However, under irrigation it should be grown only on wilt-free soils.

To be sure you're planting the real thing, buy only certified seed from a Pioneer Seed Dealer. Reserve your supply of Lockett 4789-A planting seed now.
