School Officials Attend Seminar

Supt. and Mrs. W.R. Baker and Mr. and Mrs. John McGaughey attended an Area Training Seminar sponsored by the University of Texas Saturday

and Sunday in San Antonio. The workshop was conducted by Texas Educational Desegration Technical Assistance Committee, TEDTAC and organization of the University of Texas which strives to create awareness of cultural backgrounds for ethnic groups in our country such as Negro, Mexican American, Caucasiar and American Indian.

Principles of problem solving, listening, group dynamics and development of concern for individuals were studied by participating in group discussions and activities. Emphasis of the workshop was primarily directed toward developing teachers' sensitivity to learning needs of each child, not only bacause of ethnic background but regardless of what that background might be.

Pan American Student Forum

BY ROY RODRIQUEZ

The PASF met February 15. The meeting began with reading the minutes of last month's meeting. Articles concerning the happenings of last Christmas were read. We saw a film on Central America. The title of the film was "The Crowded High Lands" Also at this meeting we all

agreed to get a new vice president for our PSAF. We had three members running for the office, and our new vice president now is Leonard Rodriquez. We also received a letter from the second vice president of the state thanking all of us for joining the club. She also brought up six projects that we could donate money to, to help the people in Latin America. So at this meeting we decided to go ahead and choose the project we're going to donate money to. Our president called out the names, and we voted on buying braces for cripple children that are born in Latin America, Mexico, and other parts of the country. We had planned to choose a project on our next meeting but our sponsor thought it would be better to choose one now,

The PASF is hoping that the I money we donate can help in buying those things for the crippled children. That about "wraps up" the news of the

Seventh Grade

BY LYNN LARSON

The junior high track teams started running 3.3 miles to build up our wind. The boys did good but the girls got lost the first time out! Half of us went one way and half went another way. Coach Stillabower finally had to come out to get us in the bus and show us where to go !!!!!

Last Friday in Coach Hibbitt's class, the seventh graders had an open discussion on the drug abuse problem. Most of us agreed that drugs are dangerous and that they should not be legalized.

The fifth and sixth grades' basketball teams won two victories last week in the Goree Tournament. The boys won first place and the girls won consolation. The seventh grade would like to congratulate them and wish them good luck in their future games! IN FOSTER HOME

Benjamin News

BY MRS, VAN GREEN

The Benjamin Sorosis Club met Thursday afternoon in the home of Mrs. T.R. Ressell. The president, Mrs. M.D. Mc-Gaughey presided over the business meeting. The program on etiquette was given by Mrs. Buster Tolson. She used as her basis Amy Vanderbilt's book of etiquette, "Guide to Gracious Living". The conclusion of her program was a true and false quiz which she gave to those members present on the do's and don'ts of etiquette in gen-

Refreshments were served to 10 members by Mrs. Ressell and Mrs. O.L. Patterson Jr.

The Benjamin 4-11 met on February 10 for the purpose of electing officers for the food groups. Officers elected were President, Kathy Milson; Vice President, Barbara Brannan, Secretary , Debra Hudson; and Reporter, Mary Brannan.

On February 17, the members of the food group met In the Homemaking department of the school. The members prepared an evening meal consisting of chili max, a salad and a drink. The leaders of the food group are Jan Carver, Kay Lindsey and Sue Oxford. These leaders will be preparing the members for the county food show which will be coming up be-

fore long. The group also voted on a name for their club. They decided on the name suggested by Debbie Lindsey which is 441

According to a witness, Leroy took his lighter from his pocket to light a paper which in turn he was to use to ignite some gasoline on a pile of brush which he was going to burn and in doing so, his gloves ignited thus causing the burns. He is in the Kno County Hospital at present. BALL NEWS

Basketball season is now over for the Benjamin teams. Their last games were with O'Brief and Goree and tho they came out losers in both attempts, they were good games and we are proud of all the kids. The last two games were not played without illnesses, as our school has been plagued with the mumps and flu. So to get enough together to play a game may have been a challenge in itself. Anyway, it is over and track, volleyball and other activities will be in the spotlight from now on.
