

Gazing into the Crystal Ball: Knox City, 42; Aspermont, 6.

Charlie Keck who operated the weight guessing booth at the Lions Club Carnival missed this scribes weight by 20-pounds...

I overheard Jeff Graham explaining to a fellow at the carnival that the games operated by Lions were definitely not gambling.

All-in-all the Lions Carnival was a huge success, furnished good, clean fun for young and old, and in turn money raised from the project will go for a good cause...

Just as I swore I would quit using puns, I read where a Judge sent a girdle thief up for a stretch!

I knew it would lead into something like this. Recently I wrote in this column that Mrs. Howard Spikes said she knew she had picked up a Denver, Colorado Station on her TV, because of so much snow on the screen.

Pat Bennett, editor of the Crosbyton Review, not long ago in writing a story of an accident headed the article something like this:

LAD INJURED, BUT SLIGHTLY

... now Earnest Joiner of the Ralls Banner, after reading the story wrote in his paper that Pat should have spelled "but" with two t's.

The popular TV program "Gun-smoke" has nothing over Knox City... as this season of the year we have plenty of "Gun-smoke."

Although it has been two-and-one-half months since the Herald published a picture showing members of the 1903 court at Benjamin, and that issue is depleted, hardly a week passes that this newspaper does not have a call for the August 6 issue.

One thing for sure... Knox Citizens have not lacked for ball games this season. With the Pee-wees, Junior High, "B" team and the mighty Hounds seeing action week after week, fans have certainly been dished-up some fine football.

Here's one for the record books... Soviet Premier Khrushchev admitted recently that Russian clothes are "still rather dull."

In Know Knox's opinion far too many politicians keep telling the public that in space projects the United States is falling short...

Troy D. Jones who was appointed Knox County Agricultural agent in September is doing a "bang-up" good job.

ABOVE IS pictured Congressman Frank Ikard after a talk to the Jaycee Club recently. With him are, from left to right, David Counts, Ikard, Jack Arledge, J. C. McGee, and Perry Spenny.

Greyhounds Needle Newcastle; Play Aspermont There, Friday

It's now seven wins in a row, and no losses for the Mighty, Howling Hounds of Knox City.

In a long, drawn-out contest, marked with numerous times out, and the officials studying the rule books, the potent, powerful Hounds needed the Newcastle Bobcats 28 to 8 in a conference game played at Grayhound Stadium Friday night.

The Greyhounds scored first on a 55 yard scamper by Larry White in the first quarter, and Horace Wheeler hit "pay dirt" for two points.

Newcastle roared back in the second quarter as Tom Bedow made the longest run of the game, as he shifted into high-gear, going 94 yards to the "promised land".

Also in the second quarter, Knox City scored on an eight-yard pass from Dennis Anderson to Jimmy Phillips. The Greyhounds had traveled 54 yards before taking to the air.

Phillips ran 35 yards for another six-points and Anderson passed eight yards to Don Johnson for the final score.

M. C. Vincent and Jim Anderson sparked in the Greyhound defense.

Newcastle, 6 for 19. Penalties: Knox City, 7 for 89; Newcastle, 5 for 35.

Play Aspermont

The Hounds will travel to Aspermont tomorrow night, (Friday, October 23, to take on the upcoming Hornets in another conference tilt.

From all indications the Hornets are an improved squad, as Rochester used a pass interception, fumble, and blocked punt to overcome the Hornets Friday night and at one-time in the contest, the favored Steers had to come from behind to "catch-up" with the swarming Hornets.

During Halftime

During halftime ceremonies at Greyhound Stadium last Friday night, the Cards Little League Champs of 1959 were presented a belated trophy.

President of the Little League Sammy White made the presentation.

Game At A Glance

Final Downs: Knox City, 13; Newcastle, 4.

Yards Rushing: Knox City, 337; Newcastle, 109.

Yards Passing: Knox City, 28; Newcastle, 19.

Passes Completed: Knox City, 4 of 10; Newcastle, 2 of 15.

Passes Intercepted by Knox City, 0; Newcastle, 1.

Fumbles Lost: Knox City, 2; Newcastle, 1.

Punts: Knox City, 5 for 32;

Meeting Slated To Reactivate Cub Scouts Here

Bunch Brittain, of Seymour, Boy Scout District Executive of the Brazos Valley District, and John Hansen, of Knox City, Neighborhood Commission Chairman for the district announced there will be a meeting of mothers, dads and all boys interested in Cub Scouting, Tuesday night, October 27, at 7:30 o'clock at the American Legion Hall, Knox City.

Hansen will preside at the meeting and urged everyone interested in Cub Scouting to attend.

Cub Scouting includes boys between the ages of 8 through 10.

Lions Carnival Nets \$1,118.42 Graham Reports

President Doyle Graham announced at the Wednesday noon luncheon meeting of the Knox City Lions Club that net proceeds from the street carnival held here last week totaled \$1,118.42.

Proceeds will be applied on retiring bonds of the swimming pool.

Sgt. Jim Moore of the U. S. Marine Corps Station in Wichita Falls, Texas, spoke to Lions, and showed slides on "The Marine Corps Force in Readiness."

Sgt. Moore's report centered around the mission, history, etc. of the Marine Corps, and what is taking place in the Marine Corps in regard to nuclear weapons.

Social Security Representative To Be Here Wednesday

A representative of the Social Security Administration will be in Knox City at the New City Hall, Wednesday, October 28, at 10:00 a. m.

Persons desiring information, or assistance in social security matters are invited to meet with the representative, or write or call the home office in Wichita Falls.

Junior High Team Downs Aspermont

The Knox City Junior High team defeated Aspermont Junior High 24-0, Monday, October 19.

David Gentry broke loose early in the first quarter and streaked 84 yards for the first Greyhound touchdown. Mark Anderson passed to Jack Acosta for the extra points.

In the second quarter, Jimmy Reyes swept his own right end for six yards and the second Pup touchdown. Anderson passed again, this time to Brack Shaver for the extra points.

For the last Knox City touchdown, David Gentry powered through the middle for 16 yards. Johnny Montandon ran over the conversion.

Monday night's game was the Pup's second win against one loss.

To Play Rochester

The Knox City Junior High team will travel to Rochester next Tuesday night, October 27, for a game which will get underway at 7:00 o'clock.

Graham Ranked As One Of Top Ten At Highlands U.

Doyle Graham, son of Mr. and Mrs. Doyle J. Graham of Knox City, ranked as one of the ten best testing freshman entering Highlands University, Las Vegas, New Mexico this fall, in one or more of the testing areas, according to Dr. William McDonough, director of testing and guidance.

Approximately 300 freshmen took the four tests: English, social science, mathematics, and general college ability.

Graham, a graduate of Knox City High School with the class of 1959, will major in chemistry at Highlands.

Pee-wees Cop Double Header

In the "double-header" football games played here last Saturday afternoon, the Knox City Pee-wees won both contests, bringing their record for the season to three wins and one loss.

In the first game, which matched boys of 80 lbs and under, the Pee-wees downed the Wichita Falls Warriors, 8-0. Paul Graham scored on a 24-yard run and Jimmy Musick made the extra points for the locals.

Glenn Davis sparkled on defense for the Pee-wees.

Second Game

In the second contest, featuring boys of 95 lbs., and under, the Pee-wees "racked-up" a 42-6 victory.

Gregg Knight scored on runs of 32, 55, and 74 yards, and made one extra point.

Joe Reyes scored on runs of 25 and 48 yards, and tallied two extra points.

Richard Barnard scored on a 42-yard run.

Tommy Taylor, Phil Williams, Bill Cornett, Stan Hansen, Jimmy Howell, Rodney Wright, and Pat Shannon were outstanding on defense for the Pee-wees.

The Pee-wees journey of Aspermont for a game Saturday night, October 24, at 6:30 o'clock.

Final game for the Pee-wees of the season will be played here Thursday night, October 29, according to Gary White.

Knox City's Newest Organization Receives Charter Tuesday Night

"Jaycees are the leaders of tomorrow," guest speaker, Jack Miller of Brownwood, president of Texas Junior Chamber of Commerce, told members of the Knox City Jaycees and invited guests at the Charter Banquet held here Tuesday night in the school cafeteria.

"Jaycees purpose is the improvement of the community and personal development of its members, with both objectives being accomplished through a variety of project activities," Miller said.

The state president told members of the new club that "we need a goal in life, and our first responsibility is to our community."

Rubin Covington, Wichita Falls state vice president region 18 introduced Miller.

With seven towns represented, including Abilene, Haskell, Paducah, Munday, Seymour, Stamford, and Wichita Falls, around 200 persons were present for the charter night banquet.

Bill Sams was master of ceremonies, and Jerome Savage, minister of the Knox City Church of Christ, gave the invocation.

Following the introduction of visiting Jaycees, and a short talk by Johnny Childress representing the sponsoring club, Stamford Jaycees, Lewis Timberlake state vice president region five also of Stamford, installed officers.

Hershel Kelley, of Stamford national director, presented the charter to the Knox City Jaycees.

Officers of the Knox City Jaycees include, president, Jack Arledge, first vice president, Bob Hincey; second vice president, Arnold Brown; secretary-treasurer, David Counts, and state director, Charles Clark.

Directors are Joe M. Clonts, Sam Emory Clonts, Henry Jean Jones, Johnny Vinita and Henry L. White.

In addition to the above officers, charter members include Gerald Averitt, Palmer Campsey, John Crownover, Elvis Day, Tom Frizzell, Derwood Haddad, James Hill, Roy Hines, E. L. Hughes, Billy G. Johnston, Sterling Lewis, Jimmy Lynn, Charles Mark

The statement, issued in response to a call made by the Comptroller of Currency in Washington showed total deposits of \$2,876,806.87 at the close of business on October 6, against a total of \$2,547,719.35 on June 10, 1959, when the last statement was issued.

County Program Bldg. Committee Schedule Meeting

The Knox County program building committee will meet Monday night, October 26, at 7:00 o'clock, in the county courthouse.

Benjamin, for their regular fall session, Troy Jones county agricultural agent announced.

Tom Hunter, newly appointed farm management specialist for extension district three will be the guest speaker at the Monday night meeting.

Following Hunter's talk, reports will be given by representatives from each of the subcommittees, which are: livestock and range, cotton, vegetable grain crops, clothing, foods, family economics, and home improvement.

Officers of the program building committee this year include Jack Idol, chairman; W. M. Ford vice-chairman, and Mrs. O. R. Miller, secretary.

All members are urged to attend the meeting, Jones pointed out.

PEP CLUB IS SELLING MUMS

The Knox City Pep Club is selling Mums for the homecoming football game with Rochester to be played at Greyhound Stadium, Friday night, November 6.

Mums may be ordered from any member of the Pep Club.

ward, Doug Meinzer, Frank McAuley, Jim Rea, Charles Reese, W. J. Roddy, Jim Ross, Bill Sams, John Saunders, Jerome Savage, R. W. Scott, Cecil Seitz, Malcolm Shwadenak, Joe Smith, Bobby Tankersley, Donald Tankersley, Hershell Tankersley, Jim Ticer, Joey Watkins, Wayne Watson, Gary White, C. E. Williams, Ed Wynn, Jackie Young, Erwin Youngblood.

Music was presented by Lou Ella Denton, Mary McElroy, Jeanie and Jeanette Coulson, who were accompanied by Mrs. Lanellie Watson.

Benediction was given by John Crownover of the Knox City Jaycees.

Damage Light In Monday's Fire

Firemen answered a call around 4:00 p. m., Monday, to the Sanders Second Hand Clothing Store, just west of the Mejico Cafe.

A grass fire had ignited a corner plank at the back of the building, but firemen soon had the blaze under control.

Damage was very light to the building, and articles inside the building were not damaged.

Missionaries To Visit Foursquare Church, Tuesday

Rev. and Mrs. Harold Curtis, former pastors of the Foursquare Church in Stamford, will be at the Knox City Foursquare Church for a service next Tuesday night, October 27, at 7 o'clock.

Rev. and Mrs. Curtis have served as missionaries in Nigeria, Africa, the past five years and will have many interesting things to share with the congregation.

Rev. Floyd Bailey, pastor, extends a welcome to all.

Goree 4-H Club Members Hear Facts About Texas Snakes

In a recent meeting of the Goree 4-H Club, Troy Jones, counselor, told the group some facts about Texas snakes.

Jones pointed out how to prevent snake bites; how far a snake can strike; what snakes were poisonous to humans; how to detect poisonous snakes, and said there were 113 different kinds of snakes in Texas... 16 of which were poisonous to man.

Jan Jones, vice-president presided over the meeting, and Terry Patterson read the minutes.

The Weather

Observations by Horace Finley

Table with 5 columns: Date, Max, Min, Rain. Rows for 15, 16, 17, 18, 19, 20, 21.

Our 'B' team boys deserve a pat on the back for the splendid performances they have shown in our games this year.

On top of that, they scrimmage the 'A' string twice a week, and that really gives them a workout.

Monday they played Aspermont. (Continued on Back Page)

KNOX CITY'S FUTURE GREYHOUNDS — Yes, sir, they sure are! The above picture was taken at halftime in last Saturday's Pee Wee contest with Aspermont.

Streams In Desert Places

Ozelle Stephens

De we as Christians do more day dreaming than actual living? Abraham, while he was dwelling in tents, "looked for a City."

Some seem to be looking instead of living—looking for something in the future that is never found, and can be possessed only in the presence. One must realize that religion is more than a system of doctrine and beliefs. To be sure, these can be beautiful, but they are devoid of life unless you are like David when he cried out, "My soul thirsteth for God, for the living God." (Ps. 42).

You may be like the Indian who found a fancy box containing a large diamond. Not knowing the value of the diamond, threw it away and kept the box. Religious life can be like that. It can be all tied up with fancy wrappings, called creeds and doctrines, external coverings with no spiritual life. These can not bring a spiritual security, nor happiness. Neither can they bring peace of mind and satisfy the longings for the divine presence. They are like the Indians fancy box. The deeper divine life is an atmosphere of spiritual enlightenment—a power and peace in which "live and move and have our being."

HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY

AIR COOLED
You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater* goes to work almost instantly. *Optional at extra cost.

Revolutionary Rear Engine works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

Unpack Power Team
Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

Practically FLAT FLOOR
Corvaire is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat* converts easily to make room for 17.6 cu. ft. of cargo. *Optional at extra cost.

TRUNK'S UP FRONT
Lots of luggage space under the hood, where it's convenient for groceries, packages.

4-Wheel Independent Suspension
Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

NEARLY 3 FEET SHORTER
Corvaire's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

...and the most practical thing of all is Corvaire's **LOW PRICE!** see it drive it **Corvaire** BY CHEVROLET the happiest driving compact car

AND THE HAPPIEST DRIVING COMPACT CAR you ever drove!

There's nothing like a new car—and no compact car like this de luxe Corvaire 700

Mrs. Violet McCanlies returned home over the week end after visiting relatives in Lubbock.

Karel DesGrange visited with an aunt in Sweetwater one day last week. The aunt was injured in a car accident and was hospitalized there.

Herald Advertising Doesn't COST . . . IT PAYS!

One of the problems of the boll weevil is finding out what the cotton plant has to attract the pest . . . apparently cotton, and only cotton, has some item that appeals to the boll weevil . . . if this can be found it might be possible to breed it out of the cotton plant and thus make cotton unattractive to the insect . . . or it might be possible to use the attraction as a bait to poison the pest . . . there are several other things that may be done to rid cotton of its most expensive pest . . . for instance, there is the "diapause" treatment, which means poisoning several times after the weevil season ends . . . this would prevent the weevil from fattening up and he would starve during hibernation . . . another plan would be the setting of non-cotton zones where cotton would not be grown for a couple of years . . . this, of course, would certainly cause economic troubles for all segments of the trade in the zoned areas . . . of course, there could be a new poison developed that would stay in the cotton plant in the early stages . . . thus when the boll weevil leaves hibernation in the spring he would be killed before he could reproduce . . . experts estimate that the insecticide would have to remain in the plant at least 10 weeks . . . perhaps a new poison could be developed to which the pest could not develop a resistant strain . . . anyway you look at it, it's quite a problem and costs between 5 and 10 cents per pound of lint . . . however, it can be licked with research . . . if funds are made available for sufficient research . . . in the past we have spent about 2 or 3 cents in research for every \$100 loss.

New Chemicals

Some new chemicals are on the market that are said to effectively destroy weeds after the cotton is up . . . you can see if you have a good stand before you apply the chemicals . . . should be quite a boom next planting season.

Estimate Down

The second government estimate of the current cotton crop

Beware Of The Nighttime Hazards

"Beware of nighttime hazards when you are driving or walking . . . darkness hides danger!"

This warning issued to Texas motorists and pedestrians by J. O. Musick, general manager of the Texas Safety Association, today as he discussed the safety organization's after-dark traffic safety program.

"Twilight and darkness bring danger on our roads and highways, not only to motorists, but also to pedestrians," he said.

Pointing out that Texas Safety Association estimates that the mileage death rate in an average year is three times as great at night as in the daylight hours, Musick said more than 50 percent of the traffic deaths occur at night.

The hours particularly fatal are from 5 p. m. to 8 p. m. when people are rushing homeward from work, tired, fretful and impatient," Musick said.

The answer?

"One is good walking habits, an alertness and caution in crossing the street," he said. "Another is good driving habits . . . driving carefully to offset the poor vision brought on by twilight and darkness, and keeping a sharp look-out for pedestrians and children on bikes as well as far other cars."

Musick stressed the fact that night traffic hazards also claim their share of young bike riders, those who fail to equip their bicycles with a good headlight and tail lights or reflectors. Additional safety may be gained by trimming bikes with white or reflectorized material.

ON HONOR ROLL

Bobby Burnett, who is enrolled at Kemper Military Institute at Boonesville, Missouri has been named to the honor roll. He is the son of Mr. and Mrs. Bobby Burnett of Knox City.

was down by one per cent . . . new estimate is 14,678,000 bales . . . this estimate was based on the September 1 crop condition . . . indicates an average yield of 470 pounds per acre compared to last year's average of 466 pounds . . . 10-year average is 325 pounds.

"M" SYSTEM SUPER MARKETS

KNOX CITY

'Graham Crackers'

BY J. TOM

We are living in a modern age!

The everyday things around us are gradually being improved to meet the standards of the twenty-first century.

Glasses, which have undergone few major improvements since Benjamin Franklin invented bifocals have become completely transformed by modern times with the invention of contact

lenses. They are handier, look more natural, and are becoming cheaper daily.

But I propose anyone who buys contact lenses is losing many of the advantages of wearing glasses, and there are a few advantages.

For instance, special effects can be achieved by taking on and off a pair of glasses. Putting them on is used basically in

PEP RALLY!

Residents are reminded of the pep rally to be held tonight (Thursday) at 7:00 o'clock, south side of Model Cleaners.

All Greyhound fans are asked to attend and help give the team a "boost" prior to their game Friday night at Aspermont.

these five situations; when asked a difficult question it lends intelligence to your stupid answer; when asked by a Cop why you didn't see that stop sign; when a female enters the room by a far door, and when approached by a bully, glasses become a vital part of your self defense. Teachers often put on glasses to enact stern discipline, by glaring at you through them and addressing you by your full name.

By taking off your glasses, you can achieve two essential expressions; one is the defiant look, and the other is the thoughtful attitude. Imagine having to pull out your contact lenses while attempting to duplicate these expressions.

There are also many habitual uses of glasses. For example, have you ever noticed how tasty they must be? And instead of having a feeling of unbalance with all your stuff in one pocket, you can balance the bulge with your glasses. It also takes the bore off many hours in class, and offers other types of entertainment for simple minds. They also come in handy in case you would like to see.

Jack Miller Is Speaker At Jaycee Banquet

JACK A. MILLER

Jack A. Miller, president of the Texas Junior Chamber of Commerce, who was the principal speaker at the Knox City Jaycee Charter Night Banquet held here Tuesday night at the school cafeteria, was elected to that office for the 1959-60 year at the State Convention in Fort Worth.

Miller is 29 years old, and a partner of Webco Western Belt Company and the Uptown Western Boot and Shoe Repair in Brownwood. He attended Southern Methodist University and Texas Christian University.

Miller has held a membership in the Junior Chamber of Commerce for the past five years. During that time he has attended four State Conventions, one National Meeting, and numerous State Meetings. In his local Club in Brownwood, he has served as president, second vice-president, Board Member, and chairman of numerous committees.

In 1959-57 he served the State Organization as State Vice-President from Region 6. He has also served as chairman of the nominating committee at the 1958 State Convention.

He was appointed Administra-

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

A feller in town was telling me yesterday he's got a teen age grandson that claims to be in a "shook up" condition most of the time. This feller says he can spot the symptoms of the disease in his grandson real easy, but he ain't got no idea what causes it. The boy told him that teen agers usually gits shook up following a "delightful disaster."

I don't know what's going to happen to this country with such booby-hatch talk going on among our young'uns. When taxes and inflation finally git 'em in the next generation, I reckon they'll call it a "splendid panic" or "comfortable starvation."

If delighted disasters can git a feller shook up, some of the news items lately has been mostly of the shook up variety.

Fer instant, I see where a New York columnist says the Army now owns 8,000 miles of rope, enough to stretch across the country twict. They bought it during the last war and now they can't use it and they can't sell it. They're paying \$200,000 a year for storage space on it. If that feller will dig a little deeper he'll probably find about 80,000 miles of red tape tied around the rope. And he'll probably uncover a couple influential politicians that's in the rope business.

It aint been too long ago that I saw where one Government agency bought 50 million pounds of sort of surplus material fer 87 cent a pound and sold it

for 87 cent a pound and sold it

for 87 cent a pound and sold it

for 87 cent a pound and sold it

shirts and pants and now they're going after what's left, which is mostly your underwear.

But things could be worse, Mister Editor. I see where the U. S. Department of Agriculture says a good wife is worth \$69.00 to a rancher or farmer. The pice didn't deduct nothing fer depreciation or upkeep and I ain't starting no argument with my old lady on the subject. And a pice here says the Retail Clothiers Association is "featuring jet blues, atomic greys, rocket browns, and cosmic greens" fer men's clothes this winter. It was mighty thoughtful of 'em not to include "calamity black."

Yours truly,
Uncle Dan

Averitt Says Saving Bonds Are Attractive

Never before have United States Savings Bonds been so attractive to investors and small savers alike, J. M. Averitt, chairman of the Knox City Savings Bonds Committee, said today in commenting on the one-half per cent increase in interest rates on old and new Series E and H Savings Bonds.

"Forty million people automatically benefit from the recent legislation passed by Congress," Averitt said, "because that many hold outstanding bonds in the amount of \$42.6 billion. For the first time, the hike in rates applies to old series E and H Savings Bonds, as well as those being bought currently. So, it will be to the advantage of most bond owners to hold onto their old bonds, thus automatically receiving the benefits of the increase."

The new law does two things: (1) it provides that all Savings Bonds bought on and after June 1 draw 3 3/4 per cent interest when held to maturity, and (2) it increases by at least one-half of one per cent the interest return on all outstanding E and H bonds, regardless of their age, for the period from June 1, 1959, to their maturity. In addition, the Treasury has promised a 10-year extension privilege for all E bonds, both old and new.

"I cannot emphasize too strongly the fact that every person who owns an E or H bond benefits from the new rate, without having to do anything about it," Averitt continued. "I would therefore encourage the public to do two things: keep holding their bonds, and keep on buying new ones. This is the finest Savings Bonds package ever offered."

RAILROAD FEATHERBEDDING:
\$500,000,000 LOSS
TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

AMERICAN RAILROADS

WATCH FOR PRUSSIC ACID AFTER FROST

Johnsongrass or sorghum after frost is sometimes extremely high in prussic acid content and is very dangerous to livestock, warns Dr. C. M. Patterson, extension veterinarian.

Certain chemical changes sometimes occur in the plant and it develops a content of prussic acid, or hydrocyanic acid when wilted by frost or drought, he explains. The poison acts quickly and can kill an animal within a short time after the damaged plant is eaten.

An appearance of nervousness, difficult breathing and difficulty in standing are symptoms of the poisoning. Whether a poisoned animal can be saved depends upon how quickly a veterinarian can get to it. Treatment involves injecting antidotes directly into the blood stream.

Young plants will develop more prussic acid after frost or drought than those approaching maturity points out the veterinarian. Their leaves will contain from

BACK HOME

Mrs. E. H. McReynolds has returned to her home in Knox City following a few weeks visit with her son Gussie Smart of Rochester.

3 to 25 times more acid than leaves of plants in the boot stage. Also, upper, younger leaves will contain more acid than lower leaves.

Dr. Patterson cautions against grazing frosted Johnsongrass or sorghum before it is completely dry. If Johnsongrass or sorghum is ready to cut for hay before a frost, it may be cut the first day after the frost, if care is taken to see that it is completely cured before baling.

It may also be used for silage he adds. Generally, enough prussic acid is lost in gaseous form during the ensiling process and as the silage is removed and fed to make it safe for livestock. However, animals shouldn't be allowed to self-feed from a silo filled with with frosted sudan or sorghum. It the silage is questionable it should be chemically tested by a local veterinarian or by letting one or two inferior animals eat it.

AUSTIN, Texas — Though it hasn't any Los Angeles-type smog or London "pea soupers," Texas in common with most of the civilized world, has "dirty air" problems.

Industrial smoke, automobile exhaust, incinerators—even small town cotton gins—are among the factors that pollute Texas air.

State Health Department is using the approach of Cleaner Air Week, October 25-31, to remind Texans of the importance of the air they breathe. During one day, says the Department's October bulletin, a person must breathe 30 to 35 pounds—or a whole roomful—of fresh air.

Texas by no means has the problems of cities like London where in 1952 several thousand died during a period of excessive pollution. But, says the Department, "the problem is already present and growing in areas where no action is being taken."

Every citizen can help, says the Bulletin. Improper heating appliances in homes gives off tons of uncombusted material and the burning of leaves and trash in the back yard adds irritating agents to the air.

If you are especially interested in the problem, the Bulletin suggests you contact your local health department which will advise you where the air pollution abatement group in your area meets.

HOW MUCH TIDELANDS?—Texans now await a decision by the U. S. Supreme Court on how much of its tidelands the state owns.

U. S. Attorney general claims the state owns a strip only three miles out from the coast. Texas officials say it is three leagues, or 10½ miles.

That Texas owns some tidelands was established by a 1953 act of Congress giving states control of their submerged lands to their "historic boundaries."

Gov. Price Daniel and Texas Atty. Gen. Will Wilson argued before the high court that a historic boundary of three leagues had been established in the days of the Texas Republic and

was agreed to by the U. S. Opposing federal argument is that the U. S. has insisted on a three-mile limit for all countries for many years as a matter of "national policy."

Texas' oil-bearing tidelands, particularly those further out, are believed to be worth many millions in revenue for the state public school fund.

STRAWS IN THE WIND — Indications keep piling up that a special Legislative session to raise teacher pay and a third-term race by Governor Daniel are strong possibilities.

Letters favoring the teacher pay session are greatly increasing, according to the governor's office. A representative of the Texas State Teachers Association said teachers are not "cooling off" in their drive and are not planning to wait until 1961. Several union labor groups have endorsed teacher raises and offered to help in the drive.

A recent State Democratic Executive Committee newsletter notes Daniel's popularity in polls and quoted him as planning "to keep the door open."

Which probably means the governor will keep the political pot in simmering suspense until very near the February 1 filing deadline.

SCHOOL SUPPORT PROBLEM — Gaining public support for schools will hinge on how well schools adapt to new demands. State Commissioner of Education J. W. Edgar warned school leaders.

Dr. Edgar told the Texas Association of School Boards of new curriculum changes, including beefed-up high school mathematics courses, now being tested in Texas schools.

School board members noted that, despite the hue and cry for better schools, a winning football team still gets more public support than anything else.

General Telephone

General Telephone and Electronics Corporation today acquired Alaska Telephone Corporation, according to an announcement by Donald C. Power, chairman of GT&E. General Telephone acquired all of the outstanding stock of Alaska Telephone in exchange for common stock of General, Mr. Power reported. The exact purchase price was not disclosed.

Pointing out that General Telephone and Electronics is the first major company to own and operate a telephone system in Alaska, Mr. Power stated, "The acquisition will enable the General System to serve Alaska's expanding economy and to participate in the future development of the States potentials." He said that a meeting of the new

THE KNOX COUNTY HERALD, THURSDAY, OCTOBER 22, 1959

Electronics Acquire Alaska Tele. Corp.

Board of directors of Alaska Telephone Corp. will be held later in October at which time officer will be elected and initial consideration given to improving and expanding the telephone services offered by the Alaska company.

Alaska Telephone, which was incorporated in 1948, operates in the following four cities in the state of Alaska, Seward, Petersburg, Haines, and Wrangell. The cities of Petersburg, Haines and Wrangell are located in what is commonly known as the Alaska

Panhandle. Seward, which is one of the principal cities in Alaska, is considered to be the unofficial capital of the Kanai Peninsula, is an all-weather seaport and the terminus point of the Alaska Railroad.

American Legion Auxiliary Meet

The American Legion Auxiliary met Tuesday night, Oct. 20 at the Legion Hall. There were nine members present with one new member, Mrs. Rose Warren, who is a gold star mother.

Mrs. Sammie Carpenter gave a lesson on the constitution and by-laws of the Auxiliary.

Those members who attend five regular meetings of the Auxiliary, and study their handbooks regularly, will be given a diploma at the end of the fifth meeting. Each one bringing a new member during the study course will be given a special award on their diploma.

At the Tuesday night meeting it was announced that Mrs. Jessie Teague, Auxiliary president, who has been ill for the past month, is recuperating nicely.

The Auxiliary voted to have their next meeting at 7 p. m. Tuesday, Nov. 3, to prepare for the Poppy Sales.

ATTEND HOMECOMING

Mr. and Mrs. Howard Spikes attended the Homecoming at Loraine, Texas last week-end.

CIRCLE NEWS

The Circles of the WMU of the First Baptist Church met Monday, October 19 for circle programs.

The Everley Hays Circle met in the home of Mrs. Clifford Cornett for their circle program. Mrs. Jack Melvin had charge of the program. Those taking part were: Mrs. Claud Reed, Mrs. J. T. May, Mrs. LeeMcHam and Mrs. Jack Melvin. The closing prayer was offered by Mrs. T. E. Walker. Refreshments were served to 11 members.

The Gulia Graham Circle met with Mrs. H. E. Wall for mission study, beginning the first Chapter of the book, Missionary Assignment. Mrs. H. E. Wall taught the lesson, and Mrs. Joe Averitt offered the closing prayer. Refreshments were served to 12 members.

The Nadyne Brewer Circle met with Mrs. C. J. Reese for the circle program. Mrs. Jess Hitchcock had charge of the program.

Those taking part on the program were Mesdames C. J. Reese, B. R. Durham, W. N. Smith and Bill Lewis. Mrs. Bayless gave the closing prayer. Refreshments were served to seven mem-

PEP SQUAD — Shown above are members of the Knox City Pep Squad, rehearsing one of the numbers they will probably use at Friday night's Greyhound game with Aspermont. They are, left to right: Melanie Verhalen, Linda Swaner, Jeanett Colson, Wynette Graham and Judy Smith.

bers.

The Kathleen Jones Circle met in the home of Mrs. Lula Hammons for the circle program. Mrs. Tolie Large had charge of the program. Those taking part on the program were Mesdames F. W. Everett, Laura Gruben, Roy Reynolds, J. W. King, Mrs. Martin Smith gave the closing prayer. Refreshments were served to nine members and one visitor.

The Sarah Lou Henley Circle met at the Church for their program. The chairman, Mrs. Vernon Buckley presided at a short business meeting. The circle program was given by Mrs. Ben Knight. Scriptures were read by different members. Cake and coffee was served to 10 members and one visitor.

Clyde Smith Circle Of WSCS Completes Series of Lessons

The Clyde Smith Circle of the WSCS met in the home of Mrs. L. W. Graham, Monday, October 19, for the last in a series of lessons on "The Way in Africa." The study has been conducted by Mrs. Perry Spenny.

After the lesson, a social hour followed, and gifts were presented to Mrs. Spenny, who is moving to Haskell, November 1.

Present were Mesdames J. H. McGee, S. M. Clonts, Ray Cruts, C. S. Woodward, C. A. Hull, Vol Robinson, S. L. Stanley, C. C. Hoge, George Davis, Guy Robinson.

Attending the Stamford District Fall Meeting of WSCS Tuesday were Mesdames J. C. McGee, Stanley, Hoge, Clonts, Davis, Graham and Vol Robinson.

Also attending the district meeting of the Wesleyan Guild on Monday night in Stamford were Rev. and Mrs. Oran Smith and Mesdames E. Q. Warren, Paul Hoge, Doyle Graham, Myrtle White and O. A. Green.

Wanda Grant and Lenord Phipps Are United In Marriage

Miss Wanda Luree Grant of Knox City and Mr. Lenord Phipps of O'Brien were united in marriage Friday, October 16, at 4:30 p. m. in the home of Mr. and Mrs. W. T. Wilcox.

The double-ring ceremony was read by Rev. Nettie Wilcox, pastor of the Gospel Mission Church.

Following the ceremony the couple left for Woodland, California to visit the groom's parents.

After a two week's visit in California to couple will return to Knox City to make their home.

College students home for the week end were Hershell Force of McMurry, Lowell Rowan and Royce Manning of Hardin-Simmons, and John Tom Johnston of Ranger Jr. College.

The Althea Saunders Circle met at the church Monday afternoon for Mission Study.

Those present were: Mrs. Jim Roberson, Mrs. D. T. Elmore, Mrs. J. C. Stanfield, Mrs. Bill Johnston, Mrs. John L. Grindstaff, Mrs. R. M. Johnston, Mrs. John Covey, Mrs. Sam Johnston, and Mrs. Elmo Stephens.

Ayres Cox, who is employed at Loop spent the week end with his family.

The O'Brien grade school football team defeated Benjamin Tuesday night with a score of 51 to 20. They will play Goree here next week.

IN OKLAHOMA CITY

Bill Sams and his brother, A. B. Sams of Lubbock, were in Oklahoma City most of last week to be with their brother-in-law Clarence Symes, who underwent surgery in the Baptist Memorial Hospital there.

VISIT HERE

Mr. and Mrs. Dan A. George and children of Wichita Falls visited here Sunday in the home of Mr. and Mrs. Howard Spikes.

Work Is Planned For Knox County Cotton Program

The cotton subcommittee of the county program building committee met Thursday afternoon, October 15 at 2:00 p. m. in the Chamber of Commerce Office at Munday. Purpose of the meeting was to plan work to be done on the county cotton program for next year. The committee felt the most important problem now facing the cotton farmer was mechanization of harvesting as hand labor was inadequate and too expensive. Two other important problems listed by the committee were losses due to plant disease and improper use of fertilizers.

In an effort to improve these situations the committee planned to hold a general cotton meeting in March which would include: land preparation, soil fertility, plant diseases, cultivation irrigation, and harvesting of cotton.

Members of the committee are L. B. Patterson, chairman; W. M. Ford, H. H. Partridge, E. H. Nelson and Ancel Waldrip.

"Lady Hawkins" Is Entered In State Fair At Dallas

Jay, Estelle and Betty Hawkins, and Loyd and Laverne Tankersley are in Dallas attending the State Fair, and to show "Lady Hawkins" a palomino mare.

"Lady Hawkins" will be shown in the palomino halter class at 9:00 a. m., Friday. Loyd Tankersley will ride "Lady Hawkins" in the palomino pleasure class tonight, (Thursday) at 7:30.

The mare has been entered in only one other show, other than Dallas, and that was at Haskell where she was first in palomino class and "grand champion."

Scout Camporee Is Slated For Saturday, Oct. 24

Probably nothing in the Scouting program appeals more to boys than the opportunity for adventure in the great-out-of-doors. This week end the Brazos Valley Boy Scout District is having their Fall Camporee at Miller Creek campground south of Bomarton. The man in charge of camping for the district, Norman McCluskey of Throckmorton, announced and reminded all parents to visit the Camporee grounds at 5 p. m., Saturday for barbecue followed by a court of honor for those boys who are to be recognized for advancing in Scouting.

The camporee will be a demonstration of the camping skills of all of the troops in the district, which set-up their own camp Saturday October 24 on the same campsite, for fun and good fellowship, and the opportunity to learn more about camping from each other. The camporee is offered to Scoutmasters as a tool to be used in capitalizing on this interest and developing the ability of their Scouts to camp comfortably and safely and in the most Scout-like fashion.

Out of the Camporee should come many values—the improvement of equipment for camping, greater skills, more enjoyment, strengthening the patrol system, development of leadership, pride in achievement, and character values through the actual living in camp under Scouting conditions and in fellowship with other Scouts. It is primarily designed to support the local troops program.

The Camporee officially begins at 9 a. m. Saturday, October 24, and lasts through the campfire that evening. Previously elected candidates for the Order

Sammy White, left, is shown making a presentation to Eddie Shaver, manager of the Little League Cardinals at halftime last Friday night. Jack Fisher, coach is looking on.

of the Arrow, who have not yet been tapped out, will be called out by the District Chapter of the Order of the Arrow, the boy honorary camping organization at the evening campfire. Cub Scouts are invited to visit the camporee, with their parents, beginning at 7 p. m., Saturday. Some troops will remain at the camping grounds through Saturday night, but will return home in time for Sunday School the next morning.

"Brigadoon" To Be Brought To Stage At Wichita Falls

"Brigadoon", with its beautiful love story and haunting melodies, will be brought to the stage of Memorial Auditorium, Wichita Falls, Saturday, October 24, and Monday, October 26, performances will begin at 8:15 o'clock each evening.

All area residents are invited to join Wichitans in these evenings of entertainment which are being staged by the Woman's Forum Choral under the direction of Dr. Nita Akin, nationally known organist and director, and Frank Pal, chairman of the dance department of Midwestern University. They will be assisted by Robert Flood, former director of the Choral who is now doing graduate study in New York City, and who directed a presentation of "Brigadoon" at Sheppard Air Force Base about six years ago.

This popular musical comedy will be presented by a cast of 70 professional and non-professional actors, dancers and musicians of this area as a benefit for the Woman's Forum Building Fund. The Wichita Falls woman's club, which has for its aim the offering of social and cultural opportunities to the people of this area, has recently enlarged its building. All proceeds from the show will be used for the building fund.

Taking the part of the young American lover, Tommy, who becomes lost in the highlands of Scotland will be David Rose, who stumbles upon the legendary village of "Brigadoon", where he finds Fiona, played by Alma McKee.

Both of these artists are well known in this area having received awards and acclaim for their musical and acting ability. Miss McKee won the 1945 Young Artist Award given by the Wichita Falls Chapter of American Guild of Organists, and in 1955 was selected winner in the "Messiah" auditions, appearing as soloist with the Symphony and

mont 'B's' and beat them four touchdowns to 0.

Next week, we play Aspermont at Aspermont, and we predict the 'Hounds' will win by five touchdowns.

Gary White refereed the Pee Wee games Saturday and took his share of refereeing.

Some of the KC fans thought White was giving Aspermont too many breaks. A man from Aspermont thought Knox City was getting a few, too.

We believe a referee has done his job well when BOTH sides argue about decisions at the end of a ball game.

Being coach of the Pee Wee team here and refereeing a game they are playing, is an obvious disadvantage. Gary and Ken Myers along with Rick Barnard—want to teach the youngsters RIGHT, and jumping across the line of scrimmage every time and not calling their hand, is one of the things they don't want to teach the boys.

These youngsters are the future for the Knox City club, and we feel the same way the coaches do—to teach them the RIGHT way, and when they get in High School games, they'll know what is expected of them and what they are supposed to do.

PASSING THOUGHT — If BOTH sides think the referee was unfair, then he must be as honest as the day is long.

Danged if we don't believe refereeing is ALMOST as difficult as running a newspaper.

Tuesday night's Jaycee Charter Night Banquet was a big success and there was a capacity crowd on hand to start the newly chartered organization on its way.

Jack Miller, president of the Texas Jaycees, said Knox City had the largest charter membership he had had the honor of addressing. Membership is almost 50 members.

This is another feather in the cap for Knox Citizens—when they decide to do something they DO it in a hurry and with enthusiasm.

From where we sit, this is significant of Knox City's attitude to something new and something for the betterment of the community, for the town to be

Community Chorus. She had leading roll in "Brigadoon" production a few years ago at Sheppard Air Force Base under the direction of Mr. Flood.

County Vegetable Committee Holds Meeting At Munday

The vegetable subcommittee of the County program building committee and agriculture committee of the Munday Chamber of Commerce met Monday afternoon, October 19, at 2:00 p. m. in the Chamber of Commerce office at Munday. Purpose of the meeting was to plan a program for next year in an effort to eliminate part of the problems now heaking the vegetable growers of the county.

Problems to be worked on listed by the committees were losses due to insects and diseases, weed control, adapted varieties, irrigation methods and cultural practices, and marketing. In an effort to combat these problems, the committee planned field demonstrations on weed control (24D pellets), variety test and irrigation practices. A meeting was also planned for May where diseases and insects would be discussed to help the producers with these problems. Following the meeting, a tour would be made of the field demonstrations listed above and also to fields where various disease conditions could be pointed out.

Members of the subcommittee are H. H. Partridge, chairman; Gene Thompson, L. D. Offutt, J.

enthusiastic and cooperating in its betterment, is one reason, we believe, that Knox City is a growing community, and that it is doing, like so many of the other towns around here.

We mentioned in March, when we moved to Knox City and bought this paper, that we were very impressed with the town and its progressive spirit—we are of the same opinion today, and if we can bolster that feeling and attitude in any way, we will surely do so.

It has been our opinion for a number of years, after knocking around from pillar to post, that the only reason a town stays small and unprosperous is that people THINK small. Knox City has been noted widely, for its energetic Lions Club, now we have received excellent publicity on our Jaycees. This is the type community people want to trade and live in. Very few people like a loser.

We have mentioned on numerous occasions, that we have a winning football team because—1. We have the spirit; 2. Material, and 3. We have the coaching. We feel the same way about our town. We have the spirit, material, and coaching here, too.

That, in our honest opinion, is what it takes to be a winner.

We hope those of you who don't have the spirit, will get it. It doesn't cost anything. If you don't think enough of your town to toot your own horn for it, evidently you need a new horn!

"B" Team Downs Aspermont In Scrimmage Game

The Knox City High School "B" Team made it three wins against no losses Monday, night as they defeated Aspermont "B" four touchdowns to none in scrimmage.

Knox City's "B's" first touchdown came as Denis Anderson passed eighteen yards to Paul Acosta. Wingback, Charlie Reeves broke loose in the second period and scampered 55-yards to pay dirt, and Simon Rocha turned a fine 42 yard run for the "B's" third touchdown.

Knox City's defense was consistently tough and never allowed Aspermont a scoring drive.

Following one fine defensive series of downs, the "B's" forced Aspermont to punt and Denis Anderson received the ball on his own 30-yard line, and returned it all the way for the final touchdown.

BACK FROM VISIT

Mr. and Mrs. O. A. Green visited last week in Austin and San Antonio with relatives and friends.

B. King, and B. E. Smith.

Members of the Agriculture Committee are Leroy Leflar, Tommie Harper, Elmer Kuntz and Doris Dickerson.

Final Performance Of Prison Rodeo Scheduled Sunday

Sunday, October 25 will be the last time the public can view the colorful 28th Annual Texas Rodeo at Huntsville in the prison stadium, where convict riders will be teamed with the nation's top entertainment personalities to wind up another successful Rodeo series.

The show begins at 2 p. m. and the featured attraction will be Guy Madison, well-known movie star and hero of the television series, "Wild Bill Hickok."

VISIT IN SWEETWATER

Mrs. Joyce Smith and her mother, Mrs. Amrinta Lightfoot, visited Mrs. M. S. Foster in Sweetwater last week. On their way home they visited Jackie Fletcher, Otto Welch, and Mrs. W. E. Watkins in Hamlin.

If peace were sold in stores we'd all be regular customers!

No kidding—it's true, isn't it? If peace could be bought from a store, we'd all order a lifetime supply!

But since it's not that simple, millions of us cross our fingers and hope that peace will work itself out. But wishing won't make it so, either. Peace takes planning. And peace costs money.

Money for military strength, for science, for education. And money saved by individuals to keep our economy sound.

Every U. S. Savings Bond you buy strengthens America's Peace Power. It's like money in the bank for you, too. Why not plan to buy a few more?
