## Clyde School District and City Tax Reappraisal Completed

CLYDE — Reappraisal of the taxable property within the Clyde Independent School District and the city council has been completed. Southwestern Appraisal Company of Austin was employed by the board of trustees and the city council in November of 1973. The company began work in December and completed the appraisal June 1.

The last appraisal of the property with in the school district was done in 1961. Since 1961 many factors have developed to make the new appraisal necessary. One of the main factors has been the obvious change of value of property within the district within the past few years.

Growth in the school system, both in enrollment and in programs offered, has been steady over the last few years. There has not been a corresponding growth in tax values during this time. While there has been a 45.3% increase in enrollment in the past 10 years, there has only been a 12.6% increase in taxable value. This imbalance has put an unusual strain on the budget of the district.

Since the last major building program in 1961, the school has made additions in the programs of physical education, remedial reading, special education, choral music, advanced math, advanced science, vocational home making, vocational agriculture, and others. Many of these additions were made in response to requirements of the accreditation standards set by the Texas Education Agency. Each of the additions to the program of the school has made additional demands on the facilities.

It was the feeling of the board that additional facilities must be provided if the district

was to meet the needs of the students of the district, and the requirements of the state agency. Any additions would have been virtually impossible without the reevaluation of the taxable property. An increase in assessed value was necessary in order that the district might be in a more favorable position to sell any bonds which might be voted by the taxpayers of the district.

The tax rate to be applied to the new taxable values will depend on the requirements to meet budgetary obligations and the will of the taxpayers as to additions to the facilities.

## July 15 Deadline for Residents of Putnam to Sign Up For Water

This is the last week for residents of Putnam to sign up as members in the Desert Water Supply Corporation to meet the July 15th deadline, which was set in order to begin as soon as possible on plans to pipe water to Putnam. Some have not yet been contacted, others have indicated they will join, and a few are still undecided. Those who are interested should contact Mr. John D. Isenhower.

Each meter requires a \$100 deposit, which will be refunded if we do not get the water line. ## Clyde Raiders Take First Place In Clyde Invitational Tourney

CLYDE — The Raiders displayed awesome power with the bat, and with an "iron man" performance from pitcher Kenneth Rogers, blasted through the Clyde Invitational Tournament last weekend.

Thursday night, they defeated Automation of Abilene 7-0, as Rogers gave up one hit, walked one and struck out 15 in six innings. Harrison was playing even though he was ill with a temperature of 102.

Saturday afternoon, the Raiders defeated Winters 21-0 in a semi-final game. The Raiders big bats really did the job as they powered out 11 home runs in the 5-inning game. Chuck Harrison had 3, Jackie Fleming, Chuck Chapman and John York all hit two, and solo shots were registered by Kenneth Rogers and Jerry Epperson. John York hit both his homers in the same inning. Rogers again was the winning pitcher, although he had some relief from Fleming.

In the championship game Saturday night against Stamford, the Raiders first two runs were scored on back-to-back homers by Harrison and Rogers in the 2nd inning. Later in the game Ruben Ramos and David

to Jesus Fontanez, 25 of El Paso, according to Highway Patrolman James Gilbreath, who investigated.

Judge A. E. Dyer Jr. stated that felony charges of involuntary manslaughter have been filed against a 24-year old Abilene oil field worker, Chris Barton, who was identified as driver of the car which struck Oldham and Fontanez's car. Barton was treated and released from Hendrick Memorial Hospital for lacerations on his left arm, and was freed from Callahan County jail on \$5,000

bond pending investigation. Two passengers in the Barton car were treated for less serious injuries and released.

Neither Hambrick nor Fontanez were in the path of the car which struck Oldham, although Fontanez was so close he was knocked down by Oldham's right leg. Fontanez told officers later Sunday he thought Oldham may have saved his life by pushing him out of the way of the oncoming car.

Patrolmen Oldham and Hambrick stopped Fontanez in the east-bound lane of the heavily-traveled 4-lane highway. The man pulled his car into the left lane while the officers left their patrol car on the right shoulder of the highway, and walked over to talk to Fontanez. While Oldham and Fontanez were standing at the rear of the vehicle, the east-bound car driven by the Abilene man apparently veered to the left into Oldham and the parked car. Patrolman Gilbreath said there was evidence that high speed, at least above the 55 mph limit, was involved in the accident, and that the driver was intoxicated.

After witnessing the accident, Hambrick radiod for help, gave emergency treatment to the injured and pulled the patrol car to the left shoulder to warn oncoming traffic of the accident. In the process of trying to take care of the partner and the other injured, Hambrick collapsed. He was just getting over a heart attack he had suffered on Easter Sunday, and had been back on patrol for only two or three weeks.

Rosary for John David Oldham was said Monday in Mansfield, with mass being held at 10 a. m. Tuesday in St. Jude Catholic Church in Mansfield. Burial was in Catholic Cemetery there.

Born Nov. 4, 1947 in Washington, D. C., Oldham was reared in Arlington area and was stationed with the DPS at Del Rio before being transferred to Baird Jan. 1st. He had been with the DPS only one year.

Survivors include one son, John David Jr.; one daughter, Jana Marie; his parents, Mr. and Mrs. David H. Oldham of Mansfield; three brothers, Thomas of Arlington, Eugene of Lubbock and Joe of Mansfield; and his maternal grandmother, Mrs. Stella Hilton of Mansfield.

Funeral services for Harold Dean Hambrick were held at 4 p. m. Monday in the First Baptist Church of Clyde. Officiating was Rev. Riley Fugitt, pastor; Roy Phemister, minister of the Clyde Church of Christ, and Joe Wilson, minister of the Baird Church of Christ. Burial was in Ross Cemetery, under direction of Elliott-Hamil Funeral Home.

Born Aug. 23, 1935 in Ackerly, Hambrick was married to Patty Sue Eakin on Aug. 20, 1947 at Stith. He was an Abilene policeman for six years, rising to the rank of Sergeant before resigning to attend the DPS Academy in Austin in 1967.

He has been stationed in Baird since his graduation from the Academy in 1967. He was a member of the Church of Christ, Baird Masonic Lodge, and the Dallas Scottish Rite Consistory.

Survivors include his wife; two daughters, Linda Kay and Anita; two sons, Monty and David, all of the home; one brother, A. L. Grisham of Beeville; and one sister.

He is also survived by an aunt and uncle who reared him, Mr. and Mrs. Lee Savell of Clyde.

Members of the Department of Public Safety served as pallbearers. All Masons and other DPS officials were honorary palbearers.

It was a good tournament and the Raiders and officials wish to express appreciation to all who had a part, especially the sponsoring merchants, the teams and those who worked to stage the tournament.

## Letter to the Editor —

For many years in Clyde, a small group of people have worked diligently and faithfully to see that our many young people would be assured a place to play ball. Just about ten years ago, twelve men each put up \$100 to form a non-profit corporation to build Clyde Community Park. Several of these men and women have since passed away but their dreams, it now seems will become a reality.

Many have stepped up into the breach and helped for a short time and then would become tired, disillusioned or just disinterested and disappear.

New interest and new support has blossomed during the past two years and has been very encouraging to those of us who have held on these long years. Much of this is to be credited to our City Fathers who have realized the need and the service that was being rendered to so many people and have chosen to support the community endeavor. Two years ago the City Council voted to assume payment of the light bill for the Little League and Teenage League.

Recently the Council voted to designate \$1200.00 of the revenue sharing funds to be used for the upkeep of the park, providing the park would assume the light bill once again. This will still be an additional gift of \$700 to \$800 additional dollars for a worthy cause.

I want to take this opportunity to publicly express my appreciation to the City Council for this support. I feel I speak for all others who have worked so hard for so long to see this kind of support become a reality. Thank you, too, in the memory of three original 12 directors (Ira Akers, Douglas Bonine and Clyde Bradford) they shared in this dream.

I am extremely proud to be a part of this community and I am proud of what Clyde Community Park will become.

Sincerely,  
Knox Waggoner.

## Clyde Summer Track Boys Go To Kermit

CLYDE — Nine junior and intermediate boys made the long journey of Kermit on June 28, and came back with a large number of ribbons. Two of the outstanding runs were made by Ronnie Huddleston and Andy Lozano. Huddleston won 1st in the 440 dash with a fine 57.6. Lozano won the 660 while his brother Robert came in 3rd, and Dwight Canada 4th. These three boys and Doug Tucker and Ronnie Bodine took other places also — 2nd in the 880 relay, 3rd in the 440 relay. They also won ribbons in the shot, 70-yd. hurdles and 220-yd. dash.

Other intermediate boys besides Huddleston were Buddy Moore, Mark Hogan, and Ricky Rose. These boys took a very close 2nd in the 880 relay and 4th in the 440 relay. Moore placed in the 440 dash, 220 dash, high jump and long jump. Rose took 3rd in the 880 plus places in the hurdles and high jump. Hogan placed in two hurdle races, the 880, discus and shot.

This Saturday the entire summer track boys and girls will go to Cisco for a duel meet. Starting time is 9 a. m., and there is a special division this week for 6 and 7 year old boys and girls. Any girl or boy this age who wishes to run this week can report to the track field between 8 and 9 each morning and to Cisco on Saturday. Ribbons will be given for the 1st six places.

If there are older boys and girls who like to run, jump and throw, there are two weeks left if you desire to participate.

## Clyde Hawks Win Last Two Games

CLYDE — The Hawks, all but out of the league race, appear to have finally found themselves as a solid baseball team. They have won their last two outings, defeating Eastland 4-3 on Tuesday and Albany 12-6 on Friday.

Against Eastland, the Hawks controlled the game all the way and when Eastland came within one run of the lead, Jimmy May sensed the situation and struck out the last two batters in the 7th, leaving the bases loaded.

Ruben Ramos allowed four hits and four runs in the first two innings, but allowed no hits after that, walked three and struck out 12. The first six hitters for the Hawks were fairly successful, with Johnny Arms having 4 hits and driving in 5 runs.

The Hawks find themselves facing three teams and time running out - they need too much help from other teams to have a chance for the playoffs. They travel to Breckenridge Friday night and close out at home against Cisco Tuesday night.

## County Peanut Fields Infected with Borers

BAIRD — A number of peanut fields in Callahan County are reported to be infested with lesser cornstalk borer, according to Greg Gerngross, Callahan County Extension Agent.

A major insect pest of peanuts, this small slender larva is a subterranean feeder living beneath the soil in silken tubes. Worms or larva injure mature plants feeding on pegs, pods, stems and roots.

Most damage occurs under prolonged drought conditions. Irrigated peanuts should be treated after initial pegging when 15% or more of the plants are infested with borer larva; in dryland 10% or more. Prior to pegging, infestation levels of more than 5% in dryland and more than 10% in irrigated peanuts will require treatment.

The following insecticides are recommended to control the lesser cornstalk borer: Diazinon, Dyfonate and Parathion. Apply according to label directions and use all insecticides as directed.

## Area Students Attend Youth Seminar

BAIRD — Bobbie Sue McNeil of Baird and Martha McDannel of Cross Plains will represent Callahan County Farm Bureau at the Youth Citizenship Seminar set for July 15-19 in Waco.

General Revenue Sharing provides federal funds directly to local and state governments. Your government must publish this report showing you how these funds have been used during the year from July 1, 1973, thru June 30, 1974. This is to inform you of your government's priorities and to encourage your participation in decisions on how future funds should be spent.
