UNION GROVE CLUB PROGRAM

The achievement program of the Union Grove Home Demonstration Club was given on the night of November 7 in the home of Mrs. J. C. McGee, the kitchen demonstrator.

Mrs. A. P. Denton opened the program with a series of piano solos, followed by Mrs. E. Q. Warren. Following Mrs. Warren, the guests were favored with two specials by Mildred and Wynelle McGee. The program was then turned over to Miss Corne Hodges and Mrs. E. R. Carpenter, and games were enjoyed by all.

Mrs. J. C. McGee made her report on her kitchen. We learned that all her expenses in rearranging and building her built-in cabinet was just thirty dollars.

Cake and sandwiches were served to fifty five guests, including Mr. and Mrs. E. Q. Warren, Mr. and Mrs. E. R. Carpenter, County Agent Rice, his assistant Jack Welch and our Home Demonstrator, Miss Astin.

TEACHERS BANQUET

The Knox County Teachers' Association held a banquet in the Munday grade school gym Monday evening, November 14. Practically all of the teachers in the county were present.

Superintendent H. D. Arnold of Goree as president of the organization served as toastmaster. Mrs. E. F. Branton of Union Grove, first vice-president and program chairman, had arranged for the banquet.

Members of the Home Economics Department of the Munday high school served the food. The menu consisted of chicken a la king, candied potatoes, green beans, vegetable salad, rolls, coffee, fruit Jello.

The Indian motif was very beautifully carried out in the serving. The waitresses were little Indian maidens. The plate was very attractive and very delicious.

The program consisted of choral numbers arranged by Miss Mildred Kennedy of Munday.

Music was furnished by Mrs. E. Q. Warren and the Knox City High School orchestra.

The speaker for the evening was Mr. L. W. Johnson, Supt. of the Stamford Public School. His talk was greatly enjoyed by all of those present. He seemed just like "one of the fellows," and he discussed problems of vital interest to the teachers.

The following officers were elected to serve the organization for the coming year: President, Supt. Whittis of Knox City; First Vice President Dr. J. Horace Bass, Munday; Second Vice President, Supt. Cunningham, Benjamin; Sec. Treas., Supt. Hoffman, Rhineland.

Mr. N. T. Underwood, as Director General for Knox County Interscholastic work for this year, discussed various phases of the League work and called a meeting of the County Executive Board for Wednesday evening, Nov 15, at Benjamin.

As a final number for the evening the entire group of teachers joined in singing "Auld Lang Syne."

The first grade is just beginning a toy unit. The children are playing with and making gay, pretty toys. This appeals strongly to them. Mrs. Burnett and Mrs. Cunningham are working with the Rhythm Band.

The second grade, under the tutorage of Miss Thompson, has been working on a farm unit. We are correlating our Thanksgiving activities with those of the farm and we plan to finish this unit after Thanksgiving. We have a new pupil, Billie Jo Bland, who was promoted from Mrs. Cunningham's room to the second grade.

The third grade is working on a Thanksgiving unit. All the work in each class pertains to some phase of Thanksgiving. Miss Toby Baird is the teacher in charge of this group.

The fourth grade has been studying about the Hotland's. On the frieze the pupils have drawn a picture of an oasis, a caravan of camels, the pyramids and the homes of nomads. We have read about the customs of the desert people. Last week we had an Arabian party with bread, milk and dates for refreshments. Miss Bliss Miller is the teacher in charge of this group.

Mrs. Ferguson and the fifth grade are working on a transportation unit. The land, water and air transportation facilities are portrayed on an immense frieze which has been accomplished during the art classes. All kinds of materials have been collected and assimilated on the various phases of transportation. On the English bulletin are displayed some amateurish masterpieces on the "Pony Express." The home of the fifth grade displays some very efficient work.

The sixth grade has been an industrious group for the past few days. The room mothers served refreshments to the class at a farewell party given for George Harold Rouse. The pupils each presented George Harold with a small gift. In spite of the social whirl and the extra-curricula activities, the sixth grade has not failed to do the required studies. They have been intensely interested in the American colonization of Texas.

FRESHMAN CLASS

The girls of Home Economics I served muffins, coffee and apple marmalade to the faculty and the teachers seemed to appreciate the quality of the food very much, especially Miss Diersing, who particularly liked the coffee. The apple mar-

Early Sunday morning, when the Sante Fe local pulled into town the engineer began blowing his whistle which awakened the citizens and they soon discovered that the Knox City Gin was on fire. The fire department responded as soon as possible but arrived too late to save the gin. However, they were successful in saving the seed house and cotton house.

The gin was owned by the West Texas Cottonoil Company of Abilene and this past summer they spent more than five thousand dollars in having it repaired and put into first class condition for the fall run. Ed Shaver, the local manager, informed us yesterday that 23 bales of cotton were destroyed and the loss would probably total twenty thousand dollars. The plant was insured, but Mr. Shaver did not know the amount the company carried.

Mr. Shaver was called to Abilene Tuesday to meet with the owners and they informed him that they would rebuild next spring and have it ready for the fall run. He informs us that they expect the latest modern machinery and have one of the best gin plants in West Texas.

SPECIAL THANKSGIVING SERVICE

The churches of Knox City are planning a Thanksgiving service to be held in the Methodist church on Wednesday night before Thanksgiving day beginning at 7:30 o'clock.

Plans are being made for special music to be given by representatives of the different churches, and a special message to be brought by one of the local pastors.

It is urged that everyone come to this special service. It is the conviction of many that there should be a return of the old idea of making Thanksgiving a time to truly give thanks to God for the blessings he has given.

RECORD BREAKER

M. H. Mansfield, well known farmer of Knox County whose farm is located 7 miles north-east of here, has made what we think a record breaker for raising tomatoes in this county.

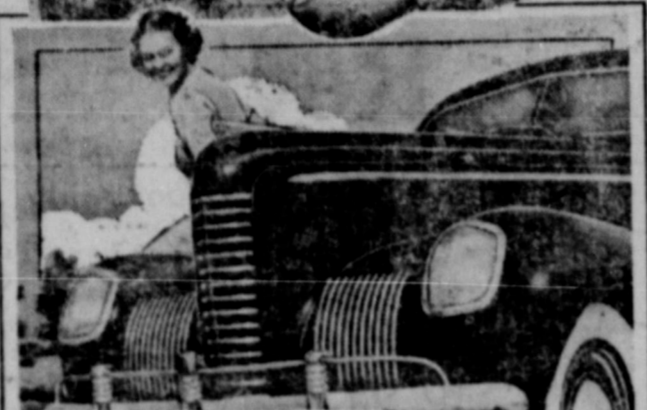

Mr. Mansfield has just three rows of tomatoes of the Porter variety. These rows measure 48 yards in length, with about 40 plants to each row. He sold \$62.39 worth of tomatoes from these rows besides reserving plenty for home use.
