Cowan Named Coach at Wylie

Les Cowan, former Knox City athletic coach, has been named head football coach at Wylie High School, near Abilene, it was announced last week.

Cowan, who is currently attending summer school at McMurry College, played end at McMurry, graduating in 1950. After graduation he played pro football with the Los Angeles Rams, and was coach at Rising Star two years before coming to Knox City in 1954.

In 1955 he was named Class B Coach of the Year in the Abilene Area after guiding the Knox City Greyhounds to an 8-2 record.

Mr. and Mrs. Joe Reeder, Jr., and children spent part of the week in San Antonio.

Fairly Heavy Vote Expected In Demo Primary Saturday

With campaigning reaching a fever pitch in the final week, the race for U. S. Senator—along with several interesting local contests—may draw a fairly heavy vote in the Democratic Primary in Knox County Saturday.

Voters in South Knox City, Precinct 9, will cast their ballots at the American Legion Hall, and the election in North Knox City, Precinct 9A, will be held at Arledge Motors.

U. S. Senator Ralph W. Yarborough and his opponent Wm. A. Blakely, who held the office a few months under appointment of Allan Shivers, have both staged hard-hitting campaigns and the race is expected to be a close one. Blakely has some organized support in Knox County but the county—especially the Knox City area—has

Mrs. Hart replaces Mrs. Wiley Jones, who resigned, and Mr. Humber is an added teacher for the school system.

Registration for the 1958-59 term will begin at 1:00 p. m. Thursday, August 28, and classes will begin Monday, September 1, Supt. Walton said.

Four-H clothing workshops at Goree and Benjamin this week have an enrollment of 10 girls. In three Communities, Rhineland, Vera and Gilliland, the workshops have been completed with a total of 23 girls taking part. Sixteen adult leaders and the County Home Demonstration Agent, Miss S. C. Kinsey, have served as instructors in these schools.

Knox FFA Boy Gets Lone Star Farmer Degree at State Meet

Douglas Bradley, Knox City FFA boy, received the Lone Star Farmer degree last week at the 30th annual convention of the Texas Future Farmers of America.

The convention in San Antonio was opened with an address by Governor Price Daniel.

Bradley, son of Mr. and Mrs. Carl Bradley, was president of the Knox City FFA chapter during the last school term. The Lone Star Farmer degree is the highest degree awarded on the state level, and is won by very few of the members in the state. The degree was also conferred on Glendon Hicks of Goree.

The Knox City chapter was named one of the top chapters in the state receiving a gold emblem award. Other top chapters in this area were Breckenridge, Quanah, and Burk Burnett.

Area chapters receiving silver awards were Chillicothe and Stamford.

always been a Yarborough stronghold.

In the governor's race incumbent Price Daniel's principal opponents are W. Lee O'Daniel and Henry Gonzales. In the Democratic primary of 1956 Knox County went for O'Daniel while Yarborough carried Knox City, and in the state run-off Yarborough carried the county over Daniel. State-wide, Daniel is expected to lead the ticket, but face a run-off with either O'Daniel or Gonzales.

Other state races creating considerable interest are for lieutenant-governor, between incumbent Ben Ramsey and George Nokes; and for agriculture commissioner, with incumbent John White being opposed by Tom Griffin and Glenn Kathmann.

On the district level State Representative Ed Cloud is opposed in his bid for re-election by Donnell Dickson and Leroy Rescald.

L. A. Parker, seeking another term as county judge, is opposed by M. T. Chamberlain. County treasurer Walter Snody is opposed in his bid for re-election by Ed Thompson of Munday.

There are three-man races in each of the precincts which will elect county commissioners this year. In Precinct 2, Benjamin and Vera, incumbent W. W. Trainham is opposed by Clyde Beck of Vera and Artist McGregor of Benjamin. In Precinct 4, Munday and Goree, George Nix of Goree, incumbent, is opposed by Billy Mitchell and Wallace Reid of Munday.

There are contests in two precincts for justice of the peace. At Benjamin, incumbent J. J. Driver is opposed by V. R. Terry, and in Knox City, W. E. Lovelace is opposed in his bid for re-election by John G. Robin.

A change in the election law this year provides that ballots shall be marked only by the "scratch" method, eliminating the optional method of marking an "X" in a square indicating the voter's choice.

RETURNED HOME

Mrs. George Vance returned home last week from Wichita Falls where she received a series of x-rays at Wichita General Hospital. After her dismissal from the hospital, she visited several days with her daughter, Mary Ann, who is working and attending Draughon's Business College.

AUTOMOBILE INSURANCE RATES TO BE INCREASED

Knox and Haskell County car owners buying auto collision and liability insurance after August 1 will find they have to pay more for their policies.

The increase in rates is the result of a statewide rate hike, voted earlier this month by the State Board of Insurance.

Statewide, the increase will average 17 and 19 percent.

Auto insurance in the territory which includes Knox and Haskell counties cost less than in many other parts of the state, however.

Biggest increases under the new rate structures are aimed at car owners who are unmarried males under 25.

"The increases result directly from an increasing number of automobile accidents, higher cost of repairs, larger medical costs and higher jury awards in actions for damages," the State Board said in announcing the hikes.

The new rates are already in the hands of local insurance agents, but will not go into effect until the first of August.

Here are the Knox and Haskell counties basic rates per year for liability insurance providing \$5,000 and \$10,000 for bodily injury coverage and \$5,000 for property damage:

Class 1A-drivers 25 and older, married, using cars only for pleasure and domestic purposes—\$35, up \$6.

Class 1B-drivers over 25, married, using cars for business as well as pleasure—\$35, up \$6.

Class 2A-adult owned car but also driven by youth under 25—\$52, up \$11.

Class 2C-drivers under 25, un-

Demo Precinct Conventions to Be Held Saturday

The Democratic precinct convention in Precinct 9 (South Knox City) will be held at 2:00 p. m. Saturday in the State Welfare office, Abe Watson, precinct chairman, said Tuesday. The welfare office is in the old city hall.

Precinct 9A (North Knox City) will have its convention on the second floor of the city hall at 2:30 p. m., according to Precinct Chairman Ed Shaver.

Fourteen delegates to the County Convention will be named in Precinct 9, and Precinct 9A will name six delegates. The county convention will be held at Benjamin August 2, and delegates will be chosen to attend the state convention on September 9.

The number of delegates allowed each precinct is based on the number of votes cast in the precinct for the party's candidate for governor in the last preceding general election.

Five Injured in Car-Pickup Crash

Five persons were injured, none critically, in a car-pickup accident at the intersection of Third and Waco Tuesday night.

Most seriously injured were Joe Earl Alcock, 14, son of Mrs. M. D. Alcock, and Jessie Joe Wilson, 11, son of Mr. and Mrs. H. N. Wilson. Receiving emergency treatment at the hospital were Lucky Steve Wilson, 9, C. E. Dotson, 51, Andy McNulty, 16 and M. C. Vinson, 17.

The accident occurred when Dotson's pickup, traveling east on Third Street, was struck on the left side by Vinson's 1955 Ford. McNulty was a passenger in the Vinson car.

The boys were riding with Dotson, and were thrown from the pickup. Investigating the accident were Highway Patrolman George Garrett of Seymour and Deputy Sheriff H. C. Stone of Benjamin.

married, and male driver—\$87, up \$24.

Class 3-business car \$39, up \$1.

Class 1AF-farmers 25 and older, married, using cars only for pleasure and domestic purposes—\$26, up \$5.

Class 2AF-car owned by adult farmer but also driven by youth under 25—\$39, up \$5.

Class 2CF-farmers under 25, unmarried males—\$65, up \$14.

These are the Knox County and Haskell County area basic rates on a \$50 deductible policy on a 1958 model medium priced car:

Class 1A—\$59, up \$14; Class 1B—\$59, up \$8; Class 2A—\$107, up \$34; Class 2C—\$148, up \$52; Class 3—\$80, up \$16; Class 1AF—\$44, up \$8; Class 2AF—\$78, up \$19; Class 2CF—\$111, up \$34.

Comprehensive insurance, which will go up 33.2 per cent August 1, will have alternate coverage at half the regular price.

A \$50 deductible coverage plan will be available at half price, leaving it to the car owners to pay for small items such as glass breakage, etc.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Texas — Focus of interest in Texas this week is not on the State Capitol.

It's all over Texas, in a school building or a fire station or a church house—wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, unimportant sort of guy. Chances are he's not very rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more.

When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office-seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once in this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Gov. Price Daniel, supported by moderate-conservative party officials, is asking him to come and vote for "majority rule." Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic affairs."

Nobody can positively predict what John will do. Past records

show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

OIL QUOTA UP AGAIN—Texas oil allowable for August will be 328,195 barrels a day more than for July—a hopeful sign for an industry that's been "in the dumps" for more than a year.

Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from 9 to 11. Last month production rose from its all time low of 8 days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

INSURANCE BOARD UPHELD—State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board.

Board had appointed C. H. Langdeau as state liquidator. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and Insurance Department over insurance company liquidation has been a source of dissension for years.

50-50 PLAN—State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right of way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost of 50-50 with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees.

MORE PRISON COTTON—An increase of 10.88 per cent has been ordered in the Texas Prison System's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and, hence, greater cost to Texas taxpayers.

On their behalf, the Texas Attorney General's Department appealed to the Agricultural Stabilization Committee and, finally, to federal court.

Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It'll save \$100,000 in tax money, prison officials estimate.

CITY TAX PROPOSALS—City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.

2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

SCHOOL FUND FIGHT—A rough-and-tumble time can be expected next year when lawmakers consider just how permanent school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert 1 per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

REPORT ON 'RAINY DAYS'—Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits. Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks. "This

"It is our sincere hope that these awards will stimulate ever

proves that unemployment compensation serves as a rainy day tideover between jobs," commented TEC Chairman Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

Farmers Eligible For Refunds On Gasoline Tax

Farmers who use gasoline as a fuel on their farms are eligible for a refund of three cents per gallon from the Federal Treasury. Any farmer who received a refund for the 1956-57 year was mailed a form for this year. For those who have never made application for the refund, forms are available at the county agent's office.

All gasoline used for crop production between July 1, 1957 and June 30, 1958 should be reported on this form. Knox County farmers will mail their form to the Collector of Internal Revenue Service Dallas, Texas. Payments have been made four to six weeks after the receipt of the application in the Dallas office.

The gasoline reported on this form applies to gasoline used during the period regardless of when it was bought or paid for. For instance, if a farmer bought 500 gallons of gas on June 10, 1958 and only used 150 gallons of it by the last day of June, that 150 gallons should be reported this year and the remaining 350 gallons would be reported in 1959. The reporting period is from July 1st through September 30th.

Another example is in the case of a custom operator like the farmer who hired his neighbor to harvest his grain sorghum last year with a self propelled combine that used gasoline. The farmer would find out from the operator how many gallons of gasoline was used because he can report it and collect the three cent per gallon even though his neighbor was the man who paid for it.

No Age Limit on Security Payments

There is no age limit for the payment of social security taxes. All employees and self-employed individuals pay the tax on their covered earnings regardless of age. The reminder comes from Erton F. Tate, District Manager of the Wichita Falls, Texas, office of the Social Security Administration.

"It makes no difference that a person may be over retirement age and receiving social security payments," Tate explained. "Social security taxes are payable if an employee is paid covered wages of any amount, or if a self-employed person has net income of \$400.00 or more from his business during the year." Earnings are credited to a person's account after he reaches retirement age in the same manner as before and may affect the amount of benefits that he receives.

Wages paid by an individual employer to his parent, spouse, or child under age 21, are not covered by social security and should not be reported, Tate pointed out. So long as a minor child does not work for his own parent, he is covered in exactly the same manner as adults, regardless of how young he is.

Tate advises those persons who have questions about the tax collecting provisions of the Social Security Act to contact the District Director of Internal Revenue, Dallas, Texas. If information is needed about the benefit provisions of the Social Security program, get in touch with the Wichita Falls, Texas, district office of the Social Security Administration located in Room 432 Post Office Building, Wichita Falls, Texas.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

The fellers up at the country store Saturday night was bragging about what fine gardens they got this year. I had to just set and listen on account of me not having no garden this year.

My garden tools stay over at Ed Doolittle's house anyhow and I just figured I'd let Ed plant my garden for me this year. Fer one thing, it'll save his chickens a heap of extra walking. His chickens sleep pretty sound between 11 p. m. and 1 a. m. and last year I tried to git my seeds in the ground while they was asleep but it didn't work so good. They had insomnia that night.

It's a funny thing about Ed's chickens, they got a good high school education, at least they can read, which is better'n Johnny can do. I used to stick the empty seed package on a pole to show what kind of seed was planted in each row. Them chickens would pick out the best seed fer eating and leave the rest of 'em alone. One year I stuck a spinach package up on ever pole and it was two weeks afore Ed's chickens got hungry enough to bother my garden.

Well, from what I read in the papers, things is still mighty complicated, especially in Washington. Some Congressman from Georgia said yesterday that the country was in such a bad fix we couldn't even give it back to the Indians. He says they wouldn't have it.

He might be right. There's a big difference between going out and shooting a buffalo fer your

meat and taking a five dollar bill to town and gitting a pork chop. And when a Indian squaw wanted to go some place she just put a little red mud on her face, stuck a feather in her hair and strapped her papoose on her back and took off. Now she's got to put red paint on her face and also on her toenails, git a queer looking contraption on her head and a baby sitter fer her papoose. And when the Indians got tired of their Chief they just grunted a few times and got a new one. They didn't have to wear no buttons in their coat lapel and listen to no campaign speeches. I reckon that Georgia feller was right, the Indians would make a bad deal to trade them beads back fer the country.

But taking it year after year

I reckon we still got the country on earth. If git prices down a bit wouldn't be no doubt a little shopping and washed in the blood. I bought me a shoes and I want to tell thing. The old lady in a shoe couldn't make A shoe big enough to family would cost half Knox.

Ponies Beat Rule Tigers Upset R.A. Here Monday Night In Little League

The Knox City Ponies lost to Haskell 20-0 last Friday night, but beat Rule 11-9 in a Pony League game on the local field Monday night.

New manager of the Ponies is Roy Hines. Bob Bailey, former manager, resigned because of the pressure of business.

Pitching against Haskell, Knox pitcher Reeves struck out four men and allowed 11 hits. He gave up four bases on balls.

Harvey of Haskell struck out eight and gave up six bases on balls while allowing two hits.

Simon struck out 16 Rule players Monday night, and allowed nine hits. He walked only one man. Lowrey and White, Rule pitchers, struck out nine and allowed 11 hits.

The Ponies are scheduled to meet Monday in a Cotton Belt League game tomorrow (Friday) night.

The game will be played on the Munday field, beginning at 6:30 p. m.

Next Monday night the team will be host to the Haskell Ponies. Game time will be 7:45.

The giant-killing Tigers spoiled the R. A.'s unmarred record last Thursday night, leaving the R. A.'s and Braves tied for the lead in Little League standings in the second half of the season.

The Tigers scored three runs on two hits, while the R. A.'s scored two on four. Winning pitcher Logsdon and his relief, Marion, struck out eight men, and losing pitcher Reeves struck out 14.

On the same night the Braves downed the Cards, 9-3. Winning pitcher Johnston struck out 11 and allowed three hits, while the Cards' Jim Reyes struck out three and allowed 11 hits.

Tuesday night the A. R.'s and Braves battled to a 7-7 tie, leaving the two teams still tied for the league lead with three wins, one loss and one tie each.

R. A. pitchers Rodriguez, Anderson and Reeves struck out 10 men and allowed four hits. Wilcox, Braves pitcher, struck out 11 and gave up 11 hits. Jack Matura of the Braves banged out two home runs in his first two times at bat.

The Cardinals downed the Tigers, 10-9, in a game that saw the lead change hands several times. Each team got seven hits. Pitchers Jim Reyes and Shaver of the Cards struck out eight men, and Logsdon and Marion of the Tigers struck out five.

The Tigers are standing in third place with two wins and three losses, and the Cards occupy the cellar spot with one win and four losses.

A Real Tennessee Volunteer

The Volunteer State of Tennessee never produced a more attractive volunteer than Mrs. Dorothy Severance of Nashville—the "Mrs. United States Savings Bonds of 1958." She won the title over a bevy of capable, (and attractive) homemakers representing every state in the union at the "Mrs. America" finals in Fort Lauderdale, Florida. As an unpaid volunteer of the Treasury's Savings Bond Program, she will visit various cities during the year in the promotion of Savings Bonds and Stamps. Mrs. Severance needed no indoctrination following her coronation. She and her family have been regular buyers of Savings Bonds and Stamps over the years, and she's already one of the Treasury's best "salesmen." A graduate of Wake Forest College, she is author of two books. She is married to W. Murray Severance, a film producer for the Baptist Sunday School Board, and they have two small children.

Federal Controls Sought for Poultry Inter-State Shipment

COLLEGE STATION — Representatives from 47 states went on record asking for Federal regulations of interstate and export shipments of poultry breeding stock, hatching eggs, chicks, poults and other domestic fowl at the bi-annual meeting of the National Plans Conference in Louisville, Ky., June 24-27.

The National Plans Conference is the governing body for the National Poultry and Turkey Improvement Plans, according to Joe Wakefield of the Poultry Science Department, Texas A&M College. It is made up of the delegates from each state, one representing the Poultry Plan and the other representing the Turkey Plan.

The conference unanimously voted to go on record as recommending that the Animal Inspection and Quarantine Division of the U. S. Department of Agriculture develop minimum requirements for export shipments, said Wakefield. It also recommended that the Animal Disease Eradication Division make an official announcement of minimum rules and regulations governing interstate shipments with respect to pullorum and fowl typhoid diseases. Products produced under the control phase of the National Poultry and Turkey Improvement Plans shall be included in those eligible for interstate shipment.

The conference also asked Dr. L. C. Heemstra, director of Animal Disease Eradication Division, to develop the minimum requirements governing the interstate and export shipments. These regulations will be modeled after the requirements pertaining to the interstate and export shipments of large animals which are already in effect. He is to present the proposed requirements to the Export Committee of the American Poultry and Hatchery Federation at their annual meeting in Cleveland, Ohio, July 22-24.

Texas delegates to the conference were W. J. Moore, Kazmeier-Sherrill Hatchery, Bryan, representing the Poultry Plan, and George H. Draper, Poultry Science Department, Texas A&M, representing the Turkey Plan.
