BAIRD, CALLAHAN CO., TEX., FRIDAY, FEB. 9, 1894.

NO. 10

H. MEYER,
 —LEADER IN—
STOVES, HARDWARE AND QUEENSWARE.

What is the excitement at Harry Meyer's? I see such a crowd about his door?

Why, he has just received a carload of those excellent "Our Leader" cook stoves, and, by the way, he is also selling the "Charter Oak" and "Buck's Brilliant."

Yes, but I know they are too high for these hard times.

No, sir; it would surprise you. He is actually selling those fine stoves as cheap as I paid for a common worthless stove a short while back. You see he sells everything in the Hardware and Queensware line at the lowest prices.

H. MEYER,
THE LEADER IN HARDWARE AND LOW PRICES.

A. COOKE,
 Is still in the ring with a full line of
Staple and Fancy DRY GOODS.

The Celebrated Ziegler Shoes are the best on the market and will be sold as cheap as any high grade shoes can be sold. Don't fail to examine them before buying.

I have a large stock of these shoes in all styles, for ladies, gents and children. When you need shoes be sure and give me a call.

LUMBER.

We have on hand

-A-

LARGE STOCK

-OF-

LUMBER,
DOORS,
LIME,
ETC.

SHINGLES,
BLINDS,
CEMENT,
ETC.

All of which will be sold at the very lowest living rates

Get our prices before you buy and we will guarantee

Moon & Crow

At the CORNER of 6th and 10th streets, Baird.

THE ENGINEER'S REPORT.

Mr. J. E. W. Lane, Mayor; F. S. Gage, Chairman Committee and Gentlemen of the Council, Baird:—

The survey for a water works system for your town shows the following:

Distance from the intersection of Market and Third streets to the site for dam and reservoir, in Pack's pasture, 10,150 feet. Height of ground at the base of the proposed dam, above Market and Third streets, 70 feet.

A dam 20 feet high, allowing 17 feet of water, will impound 31 1-2 million gallons of water if placed on the line marked A B on the attached sketch.

The area tributary to the canon, above the site selected for the dam, is found to be between 31-2 and 4 square miles, or about 2250 acres.

Two inches in depth over an area is considered an ordinary rain. Our authorities agree that one-half of the rainfall on an area can be collected, allowing the other half as the amount taken up by the soil.

The area draining into this canon being very steep it is possible that one-half or more would be collected, or 1 inch of water over the area 2250 acres which equals 61,250,000 gallons.

The records of the rainfall in Callahan county from 1882 to 1891 give 18.9 inches as the least total rainfall for one year, outside the year of the great drouth, (1886) which is given as 9.64 inches. The banks of the creek show that a considerable depth of water runs through there at times.

The evaporation from reservoirs is given at from 5 to 9 feet per year, and allowing half this depth in addition, for the amount filtering through the dam while it is still new, would make the loss for a period of 8 months between 4 and 9 feet, leaving the difference between that and 17 feet at from 15,000,000 to 20,000,000 gallons for on 8 months supply. In 8 months time the amount of water you will use should be about 15,000,000 gallons or between 60,000 and 70,000 a day. I understand from residents of your town that 8 months will cover the dry period except in periods of extreme drouth.

Your committee states that you will require one fire stream 45 feet high through a 1 1-8 inch nozzle at the Court House. This determines the size of pipe necessary to convey the water from the reservoir, as the rate at which water will be used about town is very small compared with this. A fire stream of this size and height will take water at the rate of 250,000 gallons per 24 hours. I find that a 6 inch pipe will barely do for the 1 1-8 inch stream owing to the loss of head by friction in such a long line of pipe and the friction in the length of hose you will require to reach the Court House. With a smaller sized fire stream the amount discharged through the nozzle would be much less which would reduce the friction considerably leaving more head to throw the stream. An 8 inch pipe will be fully ample.

With the reservoir full the head will be 87 feet above Market and Third streets and at low water 70 feet, with the friction loss in the 8 inch pipe about 10 feet, leaving from 60 to 77 feet net head for the stream and which will also grant you room for considerable extension to the system in the future.

The water will cover a little over 10 acres with the reservoir full. Test holes were dug at the site selected for the dam and above there. In the north bank and bed of the creek clay was found almost at the surface. On the south side the black waxy soil is from 2 to 6 feet deep on top of a stratum of clay and gravel mixed. This stratum was very solid where found, and I believe will hold water. Good

40¢ per square yard.....	1100.00
stripping base for dam and clearing out cross channel in creek bed.....	75.00
Clearing and grubbing reservoir site.....	25.00
Pipe, 10,150 ten foot 3 in. cast iron pipe on cars @ \$43-10¢ per foot.....	6093.85
Lead, yarn and cost of hauling and laying the same @ 25¢ per foot.....	2293.75
Pipe down town, 3000 ten ft. 6 in. c. i. pipe in the ground @ 50¢ per ft.....	1770.00
Hydrants, 6 hydrants set in place @ \$30 each.....	180.00
Special castings and valves.....	125.00
Engineering and superintending 5 per cent.....	600.00
Total.....	\$12,796.50

By using 6 inch cast iron pipe the entire distance and a very light stone facing on the dam the cost of the work is estimated as follows:

The dam, 14,850 cu. yds. earth embankment @ 11¢ per cu. yd.....	\$1633.50
The dam, 275 sq. yds. rip rap facing @ 25¢ per sq. yd.....	68.75
Rock around wasteway and drain through dam.....	150.00
Stripping base for dam and clearing out cross channel in bed of creek.....	75.00
Clearing and grubbing reservoir site.....	25.00
Pipe, 10,150 ten ft. 3 in. c. i. pipe from reservoir to town, @ 50¢ per ft.....	5082.50
Pipe, 3000 ten ft. 6 in. c. i. pipe down town, @ 50¢ per ft.....	1500.00
Hydrants, 6 hydrants set in place @ \$30 each.....	180.00
Special castings and valves for 6 in. pipe.....	100.00
Engineering and superintending.....	600.00
Total.....	\$10,685.50

As the cost on the first plan with the 8 inch pipe will exceed the amount which you contemplate expending for a water works system I suggest that the following may be done which will give you the same service and come within the means you have.

First—The rock facing can be left off and instead of that the upstream face of the dam be lined with a coating of gravel about 4 feet deep rammed into the face of the slope. The purpose of a facing is to prevent growth of weeds and keep the waves from washing down the banks and I believe that the gravel at hand there will compact firmly enough to accomplish this. The shape estimated upon is suited to this also.

Secondly—As the pipe will be subject to a very tight and uniform steady pressure, 8 inch sewer pipe can be used on the upper end of the line. Sewer pipe is now made in 2 1-2 feet lengths with extra deep sockets and has been used under pressure with good results. The cost of this pipe in the ground will be but little over 1-2 the cost of cast iron pipe. The line selected for the pipe will give a uniform fall and by keeping on the high ground reduces the pressure to a very small figure.

Thirdly—On the lower end of the line 8 inch cast iron pipe of a lighter weight than the "Standard" figured on in estimate can be used, as the heaviest ressure will be very light compared with what water pipe is usually subject to. The 6 inch pipe down town can also be of a lighter weight.

The estimated cost on this plan is as follows:

The dam, 14,850 cu. yds. earth embankment, @ 11¢ per cu. yd.....	\$1633.50
The dam, 275 cu. yds. gravel facing @ 40¢ per cu. yd.....	110.00
Rock around wasteway and drain through dam.....	150.00
Stripping base for dam and clearing out cross trench in creek bed.....	75.00
Clearing and grubbing reservoir site.....	25.00
Pipe, 10,150 ten ft. 8 in. sewer pipe in the ground @ 10¢ per ft.....	1015.00
Pipe, 3000 ten ft. 8 in. c. i. pipe on cars @ 44¼¢ per ft.....	2447.50
Lead, yarn and cost of laying 3500 ft. 8 in. c. i. pipe @ 22½¢ per ft.....	1237.50
Pipe down town, 3000 ten ft. 6 in. c. i. pipe in the ground @ 50¢ per ft.....	1500.00
Hydrants, 6 hydrants set in place @ \$30 each.....	180.00
Special castings and valves for 8 in. pipe and 6 in. pipe.....	125.00
Engineering and superintending.....	600.00
Total.....	\$10,092.50

I have suggested this plan for the reason that, while 6 inch pipe will furnish one fire stream of average size on the basis of plan No. 2, should you extend the system in the future, which is very probable as the growth of your town suggests, you would not be guaranteed a fire protection that would much affect your insurance rate.

Thanking you for the gentlemanly courtesy shown me I am,

Yours respy,
 FRANK E. SEYDER, C. E.

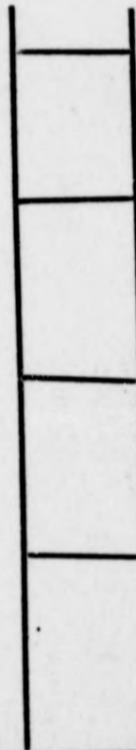

Prof. J. A. Kirksey postmaster at Baird.

PATTY BROS.,

GROCCERS

COMMISSION MERCHANTS.

Grain, Hay and Feed.

THE LADDER OF SUCCESS is always easier climbed by those who stick strictly to business, and we wish to say to our friends and patrons that we desire a liberal portion of your patronage and propose to merit the same. We always carry a fresh and complete stock of Staple and Fancy Groceries, Farm and Ranch Supplies, Bran, Oats, and all kinds of Feed. Our prices are extremely low and if you will give us a trial we will guarantee to please you.

YOURS FOR BUSINESS,
PATTY BROS.

NEIGHBORHOOD NEWS NOTES

Belle Plaine Budget.

BELLE PLAINE, Feb. —R. C. Ellis the well known bloom manufacturer has rented Chas. Naure's place 3 miles south of town and with the help of his boys will cultivate the land in the so-called Austin pasture belonging to C. C. Seale and the farm of Morgan Price more than 60 acres in all.

Misses Jesse and Ida Crutchfield the fair blossoms from the "Cherokee strip" beg pardon ladies, my old friend and joker Sam McW. is responsible for this compliment and the new geographical nomenclature, were visiting friends and relatives in town last week.

Mrs. A. M. Webb returned Friday evening from her visit to Tecumseh.

So far hardly any losses are reported from the pastures caused by the repeated cold snaps. Of course the stockmen were on their guard and had cut out the weaker and poorer animals and fed them regularly. I hear it reported, but would not like to vouch for the truth of said report, that one of our best known cattlemen was in the saddle during the coldest nights with all his hands and kept his old cows moving to prevent them from laying down to their last rest perhaps.

Our new road overseer W. D. Jones worked the road Thursday, Friday and Saturday and we not hesitate to say that there was more substantial work done than ever before. Dan means business and is in for it, and as he is working himself, not putting on airs and strutting around like other overseers nobody is grumbles or kicks. He is the right man for the place and his work speaks for him.

The hands are summoned again for this Saturday. A suggestion: A heavy iron roller ballasted if necessary with rocks would be a very good implement for road work. It would make the roads firms and smooth.

A petition presenting the name of J. W. Tatum to the Commissioners court for the office of Justice of Peace of Precinct 3 was covered with numerous signatures.

interesting as shown by the increasing attendance of parents and friends of the cause. Mrs. J. W. Tatum and Miss Jessie Rawson divided the honors of the day again. The competition was very lively and bore witness that the efforts of Prof. Hall are successful. The protracted contest between Miss Pearl Merchant and Miss Jessie it was especially animated. A bigger dialogue rendered in good style by Masters Charlie and Hughes Tatum created general applause.

Miss Fannie Maltby the accomplished daughter of Capt. M. and like nearly all Texas ladies a graceful rider visited our little burg last Friday.

The heavy sandstorm on Saturday blew down the second story gallery of the big rock building just south of the Postoffice. It is a pity to see how these stately and costly buildings go rapidly to pieces.

R. E. Merchant's team, which was tied to the wheels during the entertainment Friday evening broke loose just as Uncle Dick was ready to hitch up and made for home. The animals got separated soon, but the harness was badly torn up, and Mr. M. and family had to foot it home in the dark and disagreeable night.

I agree with you Mr. Editor, that it would be the best if the nasty party politics would play no part in the coming election of county officers. Let every candidate enter the race without regard of his political views and party standing, and let the best man win not on the strength of his party ticket, but on his own merits. Of course if the third party should try it again and put a full ticket in the field the democratic party would have to do the same thing in self-defense and bring forward their strongest men, who are not always the best. I have no doubt that the defeat of the populists would even be more overwhelming than 2 years ago. Whencever this political hybrid by bawling and scheming to get hold of the local or state government it was nothing less than a decided failure and their experiments turned out as entirely unpractical. While I would readily vote for the man who is in my opinion the best and runs independently even if he belongs to the third party I would give my vote to the man who is the most competent.

The Baird Star.

Entered at the postoffice at Baird, Texas, as second class matter.

Subscription Rates.

One year..... \$1.00
Six months..... 75 cts
No subscriptions received for less than 6 months.

Payable in advance.

Parties living out of the county who desire their address changed from any cause must remit 10 cents in cash or postage stamps with each request. Under no consideration will the amount be deducted from subscription price paid for the paper. We make this charge of 10 cents to pay for extra work required in reprinting the address. We use a printed label on all addresses outside of the county, and the continual change of addresses entails considerable expense which we cannot longer afford to bear, especially in view of the fact that the subscription price of The Star is exceedingly low to begin with. No charge for change of address in county, because we can make change from one postoffice to another in the county with comparatively no cost, as we have a direct system for mailing county papers.

W. E. GILLILAND, Editor and Proprietor

BAIRD, FRIDAY, FEB. 9, 1894.

If the dam site was a thousand feet above Market Street some would claim that the pressure would not be sufficient on that street to knock a fly off a man's nose.

Capt. Powell in his article says water is "stubborn" as any "fact" and is not going to run up hill. True enough; but Capt. Powell right according to his theory that water will even run "down hill."

Mary Jane Cox has sold the Mesquite and hit the road again. Mary Jane has written more salutations and valedictories than any newspaper man in Texas. Where will he turn up at next, we wonder?

The least tax payer in town has just as much right to kick the spots off the moon as the largest tax payer if he does not want to be taxed for water. THE STAR does not dispute this proposition right here at the opening of the campaign.

We publish the engineers report on the survey made for the water works also an article by Capt. Powell on the same subject. THE STAR wants a full free and fair discussion of this question, and all we ask is that those writing for the paper to keep within bounds of reason or we shall positively refuse to publish another line upon this subject for anyone hereafter.

The only objection any Democrat can have to the resolutions adopted by the Matlock committee is the resolution requiring the regular Democracy to endorse the National platform and the Cleveland administration. This resolution implies that the Hogg wing are not democrats and we believe it will be so constructed by them. We heartily endorse everything else submitted by the committee and especially as to taking the Cleveland vote in '92 as a basis of representation.

The Matlock committee lay down two things as essential to Democratic harmony in Texas. They will require the Hogg wing, so called, to endorse the National platform and the Cleveland administration. This looks more like a declaration of war than an olive branch of white winged peace. The regular democracy may be willing to do this, but at the same time it is not likely they will do so at the dictation of the minority. We have about come to the conclusion that some of the leading politicians on both sides do not want harmony. The rank and file will have to come together of their own accord or they will not come together at all. At least that is the way it looks now.

Capt. Powell's main objection to the water works is the fact, according to his statement, the proposed pipe line ascends 12 above the hydraulic grade line which he says and is so admitted by all engineers to be a fatal defect. There is nothing however, to prevent the pipe being sunk into the ground a sufficient depth to prevent this. Capt Powell says this would not give those around him any pressure to amount to anything. Now we do not propose to get into a controversy with Capt. Powell on civil engineering because we never claimed to know anything about it, but according to Capt. Powell's own figures if the pipe was sunk into the ground twelve feet at Foy's he would have pressure sufficient at the very lowest stage of the water in dam, to throw water 16 feet high above the surface at his house. When tank was full he would have an additional head of seventeen feet. Before you approve or condemn the present plan do a little common sense thinking of your own. All any of us want is a fair and square deal in this important matter.

"THE WATER WORKS."

There is some opposition to the present plan of putting in water works. There are several objections raised, but the following are the most important. 1st It is impracticable say the objectors. Two civil engineers who have made the survey say it is. Capt. Powell says it is not. He has not made a survey but makes his estimates from the surveyors figures. We do not propose to argue for or against the present plan as we do not claim to know a hydraulic line from a dead line. We think the city council will settle this question fairly, honestly and for the best interest of the city.

SECOND OBJECTION.

It is an incomplete system, and great stress is laid upon this, especially by those who live remote from the proposed mains. To be brief as possible in answering this objection we put it this way. Is it not better to start with an incomplete system than not to start at all? Is it not better for the city to start with an incomplete system and own the works than to give the franchise to some corporation to whom we will pay in ten years as much for fire purposes alone as the proposed water works will cost, to say nothing of the amount collected from the citizens of the town? The city council proposes to put in mains down 3rd street to the eastern limits of the town and down Market street to the depot. This is all they can do at present. Then let the people club together and put in pipe to their houses. The council does not ask the people to contribute one cent, but will give them credit on water rents for money so paid on laterals. Let the people join hands with the city council on this plan and in a few years water mains would be extended to every part of the city, and the city would own the water system. We think these few suggestions will if honestly and fairly considered be sufficient to cause all fair minded men to waive individual interest for the good of the whole. One thing certain, if we wait until the city is able to put water into every man's house it will never be done. No private corporation will ever do anything of the kind consequently we will never have water works of any kind. We do not believe the people will ever be willing to turn over the water supply to any private corporation and they are right.

A CARD.

Editor of THE BAIRD STAR.
Dear Sir:—In your last issue you publish a letter from Murray Harris to F. S. Gage, and, in commenting on said letter, you refer to certain rumors. Feeling that, perhaps, said rumor had its origin in statements made by me, in justice to myself I desire to say that after said letter was written, Murray Harris was here in Baird and stated to me in my office that he did not believe he would be able to do the work, but could not give a definite answer until he knew whether or not a certain work that was in contemplation by his employers would be begun. He said also that if he couldn't do it himself he could send a man here upon whom the people could fully rely. He said further that it would take nearly two months to do the work accurately and thoroughly, and make a report such as these people could safely act on.

The above is substantially what he said, and whatever statements I have made, was based upon this conversation, and fully justified by it.

Yours truly,
Baird, Tex., Feb. 5. OTIS BOWYER.

TEACHER'S EXAMINATION.

Applicants for teacher's certificates are hereby notified that there will be an examination for permanent certificates on Thursday, February 15th.

The usual examination for County certificates will be held on Friday and Saturday, February 16 and 17th. Applicants for permanent certificates will please notify me of their intention to be present at the examination for permanent certificates. Applicants for permanent certificates will be at my office by 9 o'clock on the morning of the 15th and applicants for county certificates on the morning of the 16th of February, 1894. E. E. SOLOMON, County Judge.

Dead Letter List.

Baird, Texas, Feb. 5th 1894

There are several letters in the office of the postoffice at Baird, Texas, which have been returned to the sender as dead letters. They are as follows:—

1. To Mrs. M. J. Cox, care of the Mesquite, Baird, Texas.
2. To Mary Jane Cox, care of the Mesquite, Baird, Texas.
3. To Mary Jane Cox, care of the Mesquite, Baird, Texas.
4. To Mary Jane Cox, care of the Mesquite, Baird, Texas.
5. To Mary Jane Cox, care of the Mesquite, Baird, Texas.

SHERIFF'S SALE—REAL ESTATE.

By virtue of an alias Execution issued out of the Justice of the Peace court Precinct No. One for the county of Dallas Texas.

I have this the 6th day of February 1894, levied upon and will on the 6th day of March, 1894, it being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. in front of the court house door of Callahan county, sell to the highest bidder, for cash in hand, all the right, title and interest which R. T. Baker had on the 6th day of February, 1894, or at any time thereafter, of, in and to the following described property, to-wit:

Lying and being situated in the county of Callahan, state of Texas, to-wit: All of that certain piece or parcel of land known and described One Hundred acres of land out of the Able L. Eaves, survey No. 757, abstract No. 156 in Callahan county Texas. Beginning 12 2-3 Varas north of the N. E. corner of Robert Hines 100 acre tract. Stake for corner, on center line of said Eaves survey running north and south.

Thence West 892 varas, stake for corner 12 2-3 varas north of N. W. corner of said Hines 100 acre tract and N. E. of S. W. Cox 100 acre tract. Thence North 682 8-10 varas stake for corner. Thence east 892 varas stake for corner on center line of said Eaves survey. Running north and south. Thence south 682 8-10 varas to place of beginning 100 acres of land more or less. The above described land conveyed by Randolph Robertson and his wife Ida J. Robertson, to said R. T. Baker by deed dated 22nd day of September A. D. 1891, and recorded in record Book M. Page 367 of the records of Callahan county, Texas. The above property is levied upon and will be sold to satisfy a judgment rendered in the Justice court Precinct No. One for the county of Dallas, on the 26th day of June 1893 in favor of Jno. V. Hughes and against the said R. T. Baker, for the sum of \$174 48 principal, with interest at the rate of 10 per cent per annum from the 26th day of June 1893, and the further sum of \$6 50 costs and all costs accruing by virtue of this writ.

Witness my hand this 6th day of February, 1894. J. W. JONES, Sheriff Callahan county, Texas.

FRUIT TREES.

Largest stock of Nursery goods in the state and for immediate sale in order to close out our present surplus stock, we will supply 5 trees of any one of the following kinds for \$1: Maples, Cottonwood, Elm, Lombard, Poplar, Mulberries, Sweet Gum, or Umbrella China, 6 to 7 feet. For \$1 6 extra Apple trees 2 years old, or 6 choice Peach trees, or 4 Apricots, or 4 choice Plum trees. 12 everblooming Tea roses 2 years old for \$3. 3 Golden Arborvitae, or 3 Magnolias 2 feet for \$1. To one address \$5 of the above we will pay express charges.

Southern Green Nurseries, Dallas, Texas, 308 McKinney Avenue

In this issue will be found the announcement of A. A. Callahan for District and County Clerk. Mr. Callahan is an old resident of this county and served a short term as Deputy Clerk at Belle Plaine before the county seat was moved to Baird. He was business manager for J. D. Windham & Sons, merchants at Tecumseh for some time, and moved to Baird a few years ago and was employed in T. E. Powell's dry goods store. In every position he has been placed he has given perfect satisfaction, which speaks more than anything we could say in his favor. He is well qualified for the position of County Clerk and will fill it with honor to himself and credit to the county should he be the choice of the people. Mr. Callahan is so well known throughout the county that he really needs no introduction from us, but when such men announce for office it affords us pleasure to say a few good words in their behalf.

FOR SALE.

One house and lot situated in the north part of Baird. Will be sold very cheap; one-half cash, balance in six months. Apply to
W. G. BOWLES

Religious Notices.

Appointments for the Baird circuit for ensuing year are as follows: At Baird 1st 2nd 4th Sundays in each month at 11 o'clock and night. Putnam Sunday at 11 o'clock. Cedar

ANNOUNCEMENTS.

The following is the rates of announcements for 1894 in THE BAIRD STAR:
For Congress.....\$15.00
All other District offices.....10.00
COUNTY OFFICES:
County Judge.....10.00
County and District Clerk.....10.00
Sheriff and Tax Collector.....10.00
Tax Assessor.....10.00
County Treasurer.....10.00
County Attorney.....6.00
County Surveyor.....6.00
Inspector.....6.00
Public Weigher.....6.00
Precinct Offices.....3.00
CITY OFFICES:
City Marshal.....6.00
Mayor and Aldermen.....2.50
The above rate includes name on the Democratic ticket at general election; and in every instance CASH MUST BE PAID IN ADVANCE. NO CREDIT GOES. In the event candidates do not announce in THE BAIRD STAR, one-half the regular announcement fee will be charged for their name on the Democratic ticket at general election. Should anyone withdraw after having announced no part of their fee will be refunded.

FOR DISTRICT AND COUNTY CLERK.
THE STAR is authorized to announce W. W. DUNSON as a candidate for District and County Clerk at the ensuing election.

A. A. CALLAHAN is hereby announced as a candidate for District and County Clerk of Callahan county at the ensuing election.

PAINLESS DENTISTRY.

If you are in need of some cheap dentistry, I am prepared to do your work as cheap as you can get it done anywhere and at the same time I am prepared to do you any class of work. Teeth filled from one dollar up, plates made from

HATS!

Have just opened up several new cases of hats containing the latest styles and shapes. These hats are going to be sold

CHEAPER THAN EVER BEFORE.

Your attention is especially called to our stylish and well selected stock of

Tailor Made Suits

On which we have made a great reduction and are now offering at a

TEN PER CENT CUT.

You had better buy you a suit of clothes while we are offering them at these low figures, mentioned in last ad.

B. L. BOYDSTUN.

Groceries

DID YOU SAY?

WELL, we have them. Any and everything you want in that line, and as cheap as can be bought for cash anywhere in West Texas.

FURNITURE!

Yes, we have a line of that too, and furthermore, it is for sale. If you don't think so get our bottom figures before you buy.

Wagons and Farming Implements. We carry everything in that line. When you want anything in our line give us a call.

FREE DELIVERY. VAUGHN & CO.

GREETING FOR THE SEASON.

1 Of the greatest blessings to men is a good dinner. After he has that there is other things to wish for.
8 Men out of ten will tell you that their home is a happy one if their food is pure and wholesome.
9 Women out of ten will tell you that they keep their husbands in a good humor by giving them good meals of fresh, wholesome food.
4 Things you should remember are, that I carry only the purest and freshest Groceries, that my prices are very low, that my stock is always replete and that my clerks are always polite and attentive.

Yours for Trade, D. W. WRISTEN.

T. E. POWELL'S

\$40,000 STOCK OF DRYGOODS

Must be sold in the next sixty days.

DRY GOODS AND NOTION DEPT.

Every line complete. More fine dress goods, trimmings, notions in endless variety, and more anxious to sell than ever.

Clothing Department.

All kinds of Clothing, for Men, Boys and Children. From \$1.75 up to the finest wedding suits.

Will sell you Clothing so cheap that you may think we stole them.

STOCK MUST GO.

Boot, Shoe and Hat Department.

We have more boots and shoes now in stock than every other store in the county combined. Nearly all my own make and guaranteed.

Anything in the HAT line, and cheaper than any where else.

I have more goods than I can handle and am extremely anxious to sell them out as soon as possible; competition not in it! Come and see my stock and be convinced. Respectfully Yours' for Business.

T. E. POWELL.

LOCAL NEWS.

BAIRD, FRIDAY, FEB. 9, 1894.

Alf Olds was in the city Tuesday. K. L. Yoakum of Dallas is in town. H. Windham and Phillip Yost, of Tecumseh, are in town.

W. L. and Joe Lambert are up from the Bayou to-day.

Old papers for sale at THE STAR office at 25 cents per hundred.

Mr. Claud Yonge, of Toyah, is visiting his brother, Arthur Yonge, of Baird.

Every one buys from Powell because he sells cheaper than any one.

G. A. Jamison attended the masquerade ball at Abilene Monday night.

R. G. Hall, city editor of the Cleburne Chronicle is visiting friends in our city.

When you want fine job work call at THE STAR steam printing office, Baird, Texas.

Cal Windham and Matt Brown of Tecumseh were in town on business this week.

Joe House from the lower part of the county made THE STAR a flying visit Monday.

Gen. F. W. James accompanied his mother to Austin last week and returned Monday last.

Ed Foy, of Dallas, formerly of Baird spent a few days in town this week visiting relatives.

A Cook's ad is enlarged this week. See change. He handles the Zeigler shoe—one of the best on the market. Get his prices before you buy.

Miss Clara Rubrup left Wednesday for Big Springs and will accompany her brothers Alfred and Charlie to Mo., starting tomorrow.

Mrs. Robinson, of Big Springs, who has been visiting her son, W. T. Robinson and family of Baird, for several days, returned home yesterday.

Walter Powers was up from Hico Sunday, visiting relatives. Walter is now chief devil and high-muck-a-muck of the Hico Courier, so he says.—Dublin Telephone.

Clint Pace and Miss Sadie Blasingame reported sick last week, we are glad to say are recovering. Clint is up and about and Miss Sadie is out of danger.

Alert Advertisers advertise in THE STAR. Mr. Murray Harris, chief engineer of the Pecos Valley Ry. presented the Cemetery Board two beautiful plats of Baird Cemetery which the Board highly appreciate.

Thieves entered N. F. Rudemose's barbershop Wednesday night and stole a couple of fine razors, two pair of shears and some soap. Some one evidently intends to start a barber shop in some adjacent town.

Mr. Herman Schwartz, delegate to the Grand Lodge I. O. O. F. at Waco, returned home yesterday. Mr. Schwartz was highly honored by being elected Grand High Priest of the Grand encampment. THE STAR extends congratulations to the new H. P. on his preferment.

The Grand Orient Council of noble and illustrious princes held high carnival at the K. of P. Hall last night. The council was convened for the purpose of inducting three illustrious princes, Ed Coppins, Ed Wristen and John Reed, into the mysteries of this ancient and noble order. The ceremonies were performed with the solemnity and "impressiveness" usual on such occasions.

Capt. Powell takes his text in his article from an article in last week's STAR headed "Read the Record." The article referred to was in regard to the rainfall recorded by Maj. Richardson and had no reference to the engineer's report which was not even mentioned further than to state that Mr. Snyder said it was sufficient. Capt. Powell certainly misunderstood the article, and consequently misapplied his text as he makes no effort to refute Maj. Richardson's record.

The public school closes Friday Feb. 10th, and I desire to inform the people of Baird that I will on the following Monday begin my private term and will teach four months. This school will be conducted upon the best methods; culture and refinement will be taught the students, as well as thoroughness in their text books. The rates of tuition will be the same as adopted by the trustees of the public school; \$1.50, \$2.50 and \$3.00 per month. For four weeks, payable monthly. Respectfully, F. W. Chatfield.

Oscar Jones had the misfortune to have his residence, recently purchased from Jeff Deau, destroyed by fire this week. The building was discovered to be on fire about 2 o'clock Tuesday morning. The flames had made such headway before the alarm was given that nothing could be done to save the building. The house was unoccupied at the time and no fire had been about the premises for a day or two and the origin of the fire cannot be accounted for. Oscar Jones intended to move into the building in a few days. We do not know the value of the building. There was \$800 insurance on building, the policy having been transferred by Deau to Jones only the day before the fire.

Cattle Shipment.

Several carloads of cattle will be shipped to St Louis from Baird tomorrow, viz: Powell & Pace, 6 cars; Tom Wise, 3 cars; Ellis Richardson, 1 car; Bar B. Q. Ranch, 1 car.

Go to Harry Meyer's for tacks, in kegs, Japanese boxes, cructs, etc. 1 tf
Nice assortment of lamps of all kinds, at H. Meyer's. 1 tf

I have the largest line of clothing ever brought to Baird and the cheapest, call and see. T. E. Powell. 44

The people are invited to call and examine my stock. I will save you money on your purchases. Leo Stern. 52

A full line of Furniture, never cheaper than now. Come and see prices, also a full stock of coffins, at Leo Stern. 22

Without fear of contradiction goods are sold lower than any other place in town at Leo Stern's, successor to H. Schwartz. 52

When one stops at G. W. Ratliff Wagon Yard in Coleman City they always return. Reason, they are always treated square and fair. 34

The last meeting of the Thessalonian Club was a most enjoyable one and largely attended. There were vocal and instrumental duets by Mrs. Chatfield and Misses Summers and Richardson. Scott's "Lady of the Lake" was the study Mr. Alden Bell delivered an original lecture on "Man as a Hero." A vote of thanks of the Society was tendered Mr. Bell for the lecture, and a copy was requested for publication.

We have an interesting paper for publication by Prof. F. W. Chatfield of the Baird Public Schools which was unavoidably left out this week for want of room. Prof. Bond's article was set up first, as it was first sent in, but when Prof. Chatfield's article was partly in type it was found that we could not possibly publish both, which was explained to Prof. Chatfield and is satisfactory to him. This is the reason both articles do not appear in this issue. Prof. Chatfield's article will appear next week.

COTTON SEED WANTED.

We will pay 20 cents a bushel for cottonseed. Edwards & Dudley. 8 tf

BARBER SHOP MOVED.

N. F. Rudemose desires to inform all his friends and the public generally that he is now located in his new barber shop, on Market street first door north of Schwartz furniture store, where he is anxious to greet all his old customers and many new ones. Don't forget the old man, or his new location. 8 4t

Lease Pasture Lands.

We have some extra good grass lands for lease, with water. Also some farm lands for sale very cheap and on easy terms. Will trade for a wagon and team, or cattle. WEBB & WEBB. 8 tf

NORMAN HORSES FOR SALE.

I will trade large half blood norman mares, or horses, for stock cattle or I will sell my horses on time. These are fine large horses, and it will pay farmers to buy them. Wm. McManis Baird Texas. 4tf

STRAY NOTICE.

Strayed by J. M. Gibson, before G. W. Dutton, J. F., Collin county, Texas, Jan 19th 1894, one roan horse branded on left hip. About eleven years old and about 14 hands high. I. N. Jackson, County Clerk.

A. G. Webb, Jeff Dean, W. E. Gilliland.

The chairmen are requested to call their respective committees together at once and get to work.

Fraternally Yours,
H. SCHWARTZ,
K. of R. and S.

MARRIED.

COOK—BUNNELL.—At Cisco, Tex. Sunday, Feb. 4th Mr. H. J. Cook to Miss Nina Bunnell.

The young couple arrived on the evening train Sunday and received congratulations of their friends and relatives. Harry Cook, the bridegroom, is assistant Postmaster at Baird and has resided here for a number of years and has many warm friends who heartily join with us in extending him and his bride congratulations and good wishes. The bride, Miss Bunnell, is one of Cisco's most estimable young ladies and is well known in Baird. She was assistant teacher in the Public school during Prof. Christman's last term.

DOG LOST.

Lost in Baird, on Feb. 7th, a black Pointer puppy about two months old. Anyone returning it to me will be rewarded. R. MACDONALD, 10 3t Baird, Texas.

NO CREDIT AT POWELL'S.
