

## WASHINGTON LETTER

By Congressman Ed Gossett

Washington, D. C., March 5—Because the wounded cannot wait, I supported the nurse draft bill passed by the House this week. This would make graduate nurses, who were single on March 15, between the ages of 21 and 40 subject to being drafted into the armed services. These drafted nurses would be commissioned, as are those who volunteer. The Army & Navy, prior to passage of the bill, presented evidence that the program to recruit women in the nursing corps had failed, and Army hospitals in the United States have only 1 nurse to 26 beds, instead of the recommended 1 nurse to 15 beds. In many places overseas the shortage of nurses is even greater. Most Congressmen feel the Army muddled the nurse recruiting program or the draft would not be necessary.

Most of the Texas Members, including myself, voted for the "work or else" bill which passed the House over a month ago. Since then it has been pending in the Senate, which has now passed a very different bill from that of the House. A conference committee of the House and Senate is now trying to adjust the differences between these measures. A majority of the Senate apparently has been advocating a milktoast bill which penalizes nobody except employers.

An important bill affecting farmers passed by the House recently is a joint resolution regarding deferment of essential farmers for draft purposes. This more clearly defines the provision than did the Tydings amendment to the original selective service act. I supported the Tydings amendment as well as the recent bill.

This week I presided over a session of the Insular Affairs Committee when Rex Tugwell, Governor of Puerto Rico, testified concerning the sugar problems of the Island. For more than a month a strike has been going on throughout the Puerto Rican sugar industry. Most of our five million tons of sugar consumed annually is imported. Sugar from the Island apparently will be half a million tons short during 1945, and perhaps much less than that in 1946. Puerto Rican sugar growers, laborers, and processors would all be satisfied with a small increase in price, which OPA refuses to allow. As a result of this situation there will doubtless be a shortage of sugar this year and next, with decreased incomes to our impoverished wards in Puerto Rico.

There are many evidences in Washington that military officials no longer expect this country to be bombed by the enemy. In the early days of the war public buildings had certain areas designated as air raid shelters, and occasionally there was an air raid practice, somewhat like the fire drills of school days. Arrows and other signs were painted in the corridor walls indicating where to go in case of raid. Painters have been busy recently eliminating these signs in the buildings on Capitol Hill, and the boxes of sand and shovels which had been placed in strategic points in the buildings have been removed. Also the floodlights, which in peacetime illuminate the Capitol dome and Washington Monument have been repaired. It is expected they will be turned on again in celebration of "victory in Europe" day. Visitors to Washington used to exclaim over the beauty of the city at night from the hills of Maryland and Virginia, largely due to these floodlights.

The Library of Congress again has on exhibit its most prized documents. The originals of the Articles of Confederation, the Declaration of Independence, and the Constitution were hidden after Pearl Harbor. Not even trusted members of the Library staff knew where. Dr. Luther H. Evans, acting Librarian of Congress, and a Texan, has disclosed that these documents, along with a copy of Magna Carta, copies of Lincoln's addresses, a Gutenberg Bible, were stored in the bullion depository of the Mint at Fort Knox, Kentucky.

Schools needing lunch equipment will have first chance at surplus army supplies. Sales will include stoves, trays, cutlery, mixers, and other equipment adaptable to school lunch programs. Regional Surplus Branch of Procurement Division, U. S. Treasury, Dallas, is taking applications.

The Veterans Administration still pays a pension each month to the widow of a War of 1812 soldier, to

# HOUSING PROJECT OFFICIALLY APPROVED

## Local City Politics Shows Signs of Life; Six Names On Ballot

Local city politics, slumbering so peacefully for the past ten years, has suddenly stirred restlessly, rubbed the sleep from its eyes, and taking a look around its old habitat, has decided that a little exercise will do it some good.

Knox City has an election coming up on Tuesday, April 3rd, to select a mayor, a city commissioner, and a city marshal.

Expiring terms of office affect Mayor C. C. Hoge, City Commissioner O. W. Caussey, and City Marshal Virgil Stephens. Commissioner Ed Shaver's term does not expire until next year.

So far, all three of the offices up for fulfillment will have at least one contestant pitted against the incumbents. A peep at the ballot reveals that Mayor Hoge has allowed his name to go on it for re-election. Roy Baker has been drafted by friends to make the race for mayor. This will be Mr. Baker's first race for a city office. Mr. Hoge has been mayor for the past five terms.

Mr. Caussey is up for re-election to the City Commission, with Barney Arnold as his opponent. This will be Mr. Arnold's first flyer into city politics. Mr. Caussey has been City Commissioner for the past two terms.

City Marshal Virgil Stephens is seeking his second term. J. C. Ames, night watchman for the past two years, has announced for the City Marshal job.

Mr. Stephens and Mr. Ames have indicated the only thing resembling a campaign for the office they are seeking.

## Cpl. Alvin R. Roberts Sees Action In Italy

With the Fifth Army, Italy—Cpl. Alvin R. Roberts of Knox City, Texas, is a member of the 81st Mechanized Cavalry Reconnaissance Squadron, probing German defenses before Italy's Po Valley as it nears the end of its third year overseas.

The 81st has been stationed in Great Britain, spearheaded operations in Northern Algeria and Tunisia and, since joining the Fifth Army before Cassino, has been in the vanguard of Allied troops in the Italian campaign. The men reconnoitered roads, neutralized mines and demolitions and determined the strength and location of enemy resistance. Where they were unable to drive the enemy back, they engaged him until their parent organization, the 1st Armored Division, could be committed to the fight.

## Draft Board Makes Few Changes In List

Registrants reclassified by the Local Board at their regular meeting, March 13, 1945:

1-A—J. C. Reagan, Paul M. Weiss, Frank Harrison, L. C. Guinn, Jr., Wilburn M. Loflin, Joe C. Weaver, Fay J. Killian, Lester R. Payne, Edward L. Kirk, Blaz Sosa, Jackson A. Brewer.

1-C(Ind)—Richard Blanchard, Vernon Donaldson.

2-A(F)—Floyd W. Hewitt.

2-C(F)—Milton Spruell, Roy Shahan, Alexander Garcia, Curmet C. Byrd.

## KNOX COUNTY RANKS 42ND IN WAR BOND SALES

According to a bulletin from the War Finance Committee of Texas, Fort Worth region, Knox County is in 42nd place in the region with a percentage of 50, in sales of series E, F and G War Savings Bonds for the month of February.

## T-5 JESSE W. MOORE HOME FROM 39 MONTHS OVERSEAS

T-5 Jesse W. Moore, son of Jesse Moore, has arrived at Fort Bliss, El Paso, Texas, from 39 months overseas duty. Moore has been in the European Theater of Operations. He will visit his home in the near future.

42 Mexican War widows or veterans, to 3,918 pensioners resulting from the Indian Wars, and 21,896 remaining on the Civil War rolls. Nearly 350,000 of the nation's World War II soldiers and dependents are now on the pension rolls.

## O'Brien Co-Op Gin Pays \$5.00 Bale Bonus

At the annual stockholders meeting of the O'Brien Co-Operative Gin Co., Saturday, March 10, a dividend of \$5.00 per bale was declared.

A total of 6762 bales of 500 pounds were ginned, making a total of \$33,894.00. An estimated 200 bales yet to be ginned, at the same rate of \$5.00 per bale, will make approximately \$35,000.00 paid out in cash, with an extra \$10,000.00 paid on new machinery.

This amount of money will be a big help to farmers of this section and with the continuance of the growing of a quality "one variety" cotton, this community should continue to prosper.

## Club Boy Trying for Trip To Old Mexico

Joe Edd Sweet, 4-H Club boy of the Sunset Community, who is the champion grain sorghum seed grower of Knox County, became eligible for competition for making a "Good neighbor" trip to Mexico, from a select group of 24 Texas 4-H Club boys. The boys who qualify will have their expenses paid. Two boys from each of the 12 Extension Districts will be selected.

The purpose of the trip is to acquaint our young men with the people of Mexico, and through mutual understanding help bring about the good neighbor relation that is desired among our people in Texas. A recognition is given to those boys who have worked diligently on their farms, in their community and who lived up to the ideals set forth in the 4-H club pledge.

Joe Edd Sweet has a splendid record of producing and selling seed of the more improved varieties of grain sorghums. In this contest he must write a narrative of 1000 words giving information under the following four separate headings: 1. What 4-H work has meant to me. 2. The demonstration I am now conducting in 4-H. 3. How the leadership of my club has helped my community. 4. What will a trip to Mexico mean to me?

## Cattle Feeders May Slaughter Over Quota

Cattle feeders who slaughter stock which they have fed for sixty days may apply to OPA for permission to kill up to their customary percentage of "good" and "choice" cattle, even though this amount is above the 50 percent slaughter quota previously established for states in the "C" (Southern) zone.

Permission to exceed this established percentage will be granted to eligible slaughterers who can claim hardship. Application is made by writing the Office of Price Administration, Washington 25, D. C.

## 81ST DISTRICT ASSOCIATION MEETS WITH ORIENT LODGE

Secretary W. M. Rowan announces that the 81st District Association will meet with the Orient Lodge here Tuesday, March 20th. Benjamin and Rochester lodges will be co-hosts at the meeting.

Refreshments will be served at 7 p. m., with the program beginning at 8:30.

Hon. Fred Stockdale of Haskell will be the principal speaker. All Masons are invited to be present.

## LOIS B. FEEMSTER MEMBER WOMEN'S ARMY CORPS

Pvt. Lois B. Feemster, daughter of Mrs. L. A. Glandon, Knox City, is now a member of the WAC, having been inducted at Camp Howze, Texas, March 5th. Pvt. Feemster will be stationed at Fort Oglethorpe, Ga. for four months while training as a medical technician. Following this she will be transferred to McCloskey General Hospital, Temple, Texas, where she will receive her commission.

Pvt. Feemster attended Knox City schools and later entered a Vernon business school for three months.

Her brother, SIC Roy V. Black, is serving somewhere in the Pacific.

## PVT. ERVIN E. NICHOLS, VERA, AWARDED COMBAT BADGE

With the 29th Division, Germany—Pvt. Ervin E. Nichols of Vera, Texas, a member of the 116th Infantry, one of the crack regiments of this division, has been awarded the Combat Infantryman's Badge.

## S-Sgt. Arville Coyle Wins Bronze Star for Heroic Achievement

S-Sgt. Arville Coyle, husband of the former Jean Anne Smith, has been awarded the Bronze Star Medal for heroic action against the enemy in Belgium, December 23, 1944.

Mrs. Coyle is the daughter of Mr. and Mrs. Roy Smith of Knox City.

Sgt. Coyle is a member of the 703rd Tank Destroyer Battalion.

The Citation accompanying the medal reads:

"S-Sgt. Arville Coyle, 6295470, platoon sergeant Co. B, 703rd Tank Destroyer Battalion, on 23rd December, 1944, was in the vicinity of Petit Halleux, Belgium with his platoon. The platoon leader was absent at the time and the unit was being subjected to very heavy enemy artillery and mortar fire. S-Sgt. Arville Coyle reconnoitered for positions for his destroyers and, regardless of risk, led each one into position on foot.

"Two well camouflaged enemy tanks began moving toward his destroyer and S-Sgt. Coyle without hesitation gave the command to fire. Both tanks were destroyed. His coolness and thought for the employment of his own men while risking his own life and his unhesitating commands during the period reflect the highest credit on himself and the military service.

"I wish to congratulate you on your outstanding performance of duty which has been an example for all others to follow."

W. E. Showalter, Lt. Col., Commanding

## Soil Conservation Offers Farmers Ideal Method Land Uses

The objective of the Wichita Brazos Soil Conservation District is to effect a complete soil and moisture conservation program on every farm in the district and put each acre to its best use as soon as possible, so that the precious top soil upon which this generation and those to follow depend, will be preserved.

As the district belongs to the people and is governed by them, its future progress will depend on the cooperation and personal aid received from its farmers, business and professional men, each of whom are in a position to give material aid.

Farmers, both land owners and operators, should take personal interest in seeing that all their neighbors, especially their watersheders, work out a complete soil and moisture plan with the district. To do this, an application should be made by each farmer of the group to the supervisors of the district, who are: Jack Idol, Benjamin, Clay Grove, Munday; H. G. Gammill, Rochester; H. W. Smith, Weintert; and C. C. Browning, Truscott. This application can be made at the County Agent's office or at the Knox City Work Unit office of the Soil Conservation Service, next to the Post Office.

In watersheds and communities where the farmers are not acquainted with how the district can assist them, the County Agents or Vocational Agriculture instructors will gladly, upon invitation, hold an educational meeting to explain the district's program.

A district conservation plan is developed which includes a land-use map on an aerial photograph showing each field, its acreage and the use to be made of it. Statements of how the district will assist the farmer, as well as what the farmer plans to do, are listed in the district conservation plan.

Conservation practices planned for cultivated land which the farmer will do might include contour farming, a terrace system, crop rotation plan. Assistance for surveying the terrace lines and staking out terrace outlets as well as other practices are furnished by the district.

Practices for pasture land often include a grass survey to make plans to secure maximum production of grass per acre, determine the number of livestock the pasture will most profitably carry during the growing seasons and kind of grasses to seed on retired land.

Location of wells, ponds, spring development and salt locations and plans for fencing when needed to secure a better distribution of grazing, will be made. Treatment for wildlife areas are also planned where needed.

## Keenan Gets Washington Consent To Proceed With Plans for Large Unit; Acreage Bought and Builders Ready

Actual construction work will start within 30 days on Knox City's long-sought housing project. Surveying and plotting of the ground site, located on the south city limits, west of the O'Brien highway, will start within a week or ten days.

Returning to Knox City Wednesday from an airplane trip to Washington, Tom Keenan, spokesman for the Knox City Development Co., stated that he had presented to the War Labor Board and the National Housing Authority, Knox City's plea for a much-needed housing project, and had received official approval of the plan from heads of these bureaus.

A request was made for 100 modern, better-class homes, which under the plan will be built in units of ten. Stopping off in Dallas on the way back from Washington, Keenan visited the Dallas branch of the NHA and saw the last official hurdle cleared when final papers for signatures of bureau chiefs were put in movement.

## Sen. George Moffett Says Notaries Must File With Co. Clerk

The Herald has received the following statement from Senator Geo. Moffett at Austin:

"I have had a number of letters from individuals requesting appointment as a Notary Public for the term beginning June 1, 1945. The method of appointment of Notary Public has recently been changed so that application is now made to the County Clerk of each county instead of to the State Senator, thus making it considerably more convenient to the applicant. Also, under the old method, applications could only be made while the Legislature was in session, which is usually only about four months out of each two years.

The current session of the Legislature has just passed the 60 day halfway mark. About 800 bills have been introduced in the House of Representatives and about 300 in the Senate. Nearly half of them have been considered by the Committee to which they have been referred. It has been stated on reliable authority that the Texas Legislature conducts more business in the same length of time than any other State Legislature.

"One leading subject at this session is the matter of amending the Constitution so that soldiers may vote without the payment of a poll tax. I think this measure will pass.

"It is practically certain that an increase in old age assistance will also be made.

"The House of Representatives has passed a resolution to increase the pay of members of the Legislature. There is considerable doubt that the Senate will pass it.

"A bill to increase truck load limits has been killed in the House, but another one is alive and still pending in the Senate. I would be glad to have an expression of the people concerning this measure."

## Family Reunion

Mr. and Mrs. J. W. Smith had all of their children and grandchildren for a family reunion with them Sunday, except Lee Smith who is attending the Fat Stock Show in Fort Worth this week.

Those present were Hob and Reeder Smith and their families from Rochester, W. E. Smith of Waco, Mrs. John Tankersley of Arlington, Mrs. Dolly Harris of Chandler, Ariz., Mr. and Mrs. Lloyd Davis and son, Lloyd Leslie of Hollywood, New Mexico, Mr. and Mrs. Roy Smith, John Smith and family, Mr. and Mrs. J. A. Wilson and Bobby, Mrs. Chad Wilson and Jerry, and Mrs. Lee Smith.

## REV. AND MRS. STOVALL EXPRESS SINCERE THANKS

In a letter to John May, Rev. and Mrs. C. B. Stovall of Stanton, Texas, expressed sincere thanks to their many friends in Knox City who were so thoughtful in writing letters and cards, telephoning, and for their prayers during the illness of Rev. Stovall recently.

According to the letter, Rev. Stovall is greatly improved and now able to sit up for a short time. He expects to resume his duties soon.

Remember the Sunrise Prayer Service Easter morning at the local Christian Church.

Spurred on by a drastic shortage of living quarters in Knox City, the Knox City Lions Club started a concerted effort some time ago to acquire a housing project. Development of the nearby oil field and a rapid rise in newcomers to this community had resulted in critical housing facilities.

According to Mr. Keenan, the Knox City Development Co. has acquired sufficient acreage on the south city limits, west of the highway toward O'Brien, to amply take care of the project. The firm plans to lay out the addition on a master plan to care for future developments. Streets and public utilities have been planned to accommodate the full quota of houses although the requirements demand that they be built in units of ten, depending upon the standing necessity as each unit is completed.

Armed with everything but the kitchen sink, Mr. Keenan convinced Washington officials of the urgency for housing and with amazing speed the project received their approval. Necessary priorities have already cleared bureau channels and the firm proposes to start surveying and laying out the addition within a few days. Contractors are standing ready to begin construction.

The houses will be built to rigid specifications, and ceiling prices will be set by the NHA. Financing plans will be along the same lines as used by the government agencies.

"We plan to make this addition a real asset to Knox City," said Keenan in discussing the project. "We will not spare expense to make it an ideal neighbor, and we believe we will have the unlimited support of our citizens in doing so. We plan to utilize all local facilities and labor that is possible.

"In passing, I want to express my thanks for your help in putting the project through, especially the splendid cooperation of Congressman Ed Gossett in Washington, who so ably helped me over the rough spots in Washington."

Announcement of the conclusion of the deal brought audible sighs of appreciation from housing fugitives in our midst. It is safe to say that over one hundred families have been forced to move to other nearby localities when unable to find living quarters here.

## Over \$2600!

Latest figures revealed by County Chairman Lloyd Hamilton today at the Lions Club luncheon, show a total of \$2600.72 banked for the Red Cross Fund. This represents still incomplete returns from Knox City and its neighboring communities.

Knox County has already subscribed more than \$2000 on the \$6100 quota.

The Lions were entertained today by Prince Zogi, who performed a few tricks of magic as a guest of the Lions. Prince Zogi will appear at the school auditorium tonight at 8:30 in a 2-hour mystery show sponsored by the Lions Club.

Tom Keenan made a report of his trip to Washington in regard to the housing project, which has been pleasing to all concerned.

Lion President Reed at a committee to investigate possibilities of a migratory here.

## News

By Rep. Claude Callaway

Austin, Texas, March 10—We have just finished the busiest week of the session and in my opinion have reached the half-way mark. Friday (March 9) was the 60th day and the last day to introduce bills without the consent of the House—which means that many bills were introduced, and it looks as if the total number will be 700.

Just at 6:30 as I left the Legislative hall the other day I met a white-headed young man coming from the Senate—Senator Moffett. He looked tired and worried. As we walked out of the capitol together I found out that two things are worrying Senator Moffett: one is getting ample appropriation for Cotton Research, and the other is getting out the emergency Old Age Assistance bill. The House sent the emergency appropriation bill for Old Age Assistance to the Senate four weeks ago, and judging from Sen. Moffett's good intentions, they will get out the bill right away.

My good friend Harley Sadler of Sweetwater looked as if the week had been a hard one on him. Two of his major bills were killed—one on the floor of the House, and the other in committee.

His redistricting bill was killed just as he got through explaining it. This was a surprise to most in the House, as we thought it would be debated, but a motion by Frank Svadlenak laid it on the table by a big majority, which means that there will be no redistricting this session. Of course, Gov. Stevenson could call a special session for that purpose, but we have never known him to call a special session, and it is not believed that he will do so for this measure.

Sadler's other bill was one to take away the refund on gasoline from the farmers. We killed the bill in committee.

The Texas Constitution has 'taken a beating' this session, with many proposals to amend it and two proposals for rewriting the entire Constitution. One senator and one representative are trying to rewrite completely the Constitution, but it looks at this time as if they will not have much success.

It has been my experience in watching the members of the Legislature before I came down here that all members were inclined to vote for appropriations, but against taxes. Speaker Claud Gilmer has really put me on the spot this session, for I find that I am the only member who is serving on both the appropriations and the Revenue and Taxation committees! Some thought the Speaker through oversight had put me on both committees, but knowing him as I do, I am prone to believe that it was his own idea, so that the two committees could be in contact, one with the other, to know what was being done.

I now find the appropriations committee holding up appropriations until the revenue committee passes out some revenue-raising bills. On the other hand, our revenue and taxation committee declares there should be no revenue bills passed out, regardless of their merit, until such time that the State Comptroller declares we have used up all estimated income.

It looks like I will have to face the issue, for this is one time I can't pass the buck. We are going to have to cut down on appropriations or

## Seeking Technicians

Cpl. Florence D. Corrigan and Cpl. Horance D. Glover, recruiting team of the Women's Army Corps, were in Knox City March 13th to explain to eligible women the Army's new plan for medical technicians to serve in the Army General Hospitals.

Because of the critical need for trained hospital technicians, the Army is conducting a concerted nationwide drive for enlistees in the Women's Army Corps to serve as medical and surgical technicians. WAC hospital units are being formed here and in other parts of the country for duty as assistants to doctors and nurses in the 64 Army General Hospitals.

Women enlisting as WAC medical technicians will be helping to care for the wounded soldiers returned from combat. Ever increasing casualty lists have created such heavy demands for women in this service that the Army has set up a faster training course for the technicians and lowered the educational requirements to two years of high school education.

While in Knox City, the recruiters made their headquarters at the Post Office. Qualified women are urged to contact the recruiters for full information regarding the WAC hospital recruits. Write or call at 306 Post Office Building, Wichita Falls.

## CAMPFIRE GIRLS

The Campfire Girls had a picnic Wednesday afternoon at Jamison Park, after school. Each girl received a bead for gathering wood. The girls toasted marshmallows and weiners but had to eat them in cars as a rain storm came up at this time.

Visitors were Charles Clarke and Jerry Wilson. Everyone had lots of fun.

**J. M. EDWARDS**  
 Self-Service Grocery

letter Wednesday from Lt. Clyde, that he is now in England.

Mrs. T. S. Edwards has been in Dallas the past two weeks with her daughters, Mrs. Tom Hampton and family and Miss Lynn Edwards.

Jeff Bowden, SIC, has been here on short leave visiting his wife, and the J. G. Duttons. He left Saturday for San Diego and from there will go to Great Lakes Naval Training Station for further training.

Order your cut flowers for any occasion from the Knox City Study Club. Call Mrs. Ottis Cash, Mrs. C. C. Hoge or Mrs. S. M. Clonts.

**Locals**

Mr. and Mrs. Parker Denton attended a birthday buffet supper and 42 party honoring Edgar Jones of Truscott, Saturday night, March 10.

Mr. and Mrs. E. O. Jamison and the O. L. Jamisons are in Ft. Worth attending the Fat Stock Show.

Mr. and Mrs. Buck Propps visited Mr. Propp's brother and family at Lake Kemp over the weekend.

Mr. and Mrs. L. N. Bridges received a wire Saturday that their nephew, Priestly Paul Cooper, a Mustang fighter pilot, was killed in action over Germany the 22nd of February. His father lives in Waco.

Mrs. Lloyd Peemster, Mr. and Mrs. Ed Peemster and children are in Corpus Christi visiting Cpl. Lloyd Peemster, a patient in the Naval Hospital there.

Mrs. Estelle Bolin, Miss Zena Bolin and Mrs. Orville Coyle spent the weekend in Waco with Mrs. M. A. Draper and Mrs. K. R. Thomas and young son, Kenny, Jr.

I want to buy second-hand library books. Ross' News Stand.

Mr. and Mrs. Lee Smith are attending the Fat Stock Show in Fort Worth. Mrs. Holt Moseley Melrose, New Mexico, joined them here for the trip.

Mr. and Mrs. Lloyd Davis and Lloyd Leslie have been here visiting Mrs. Davis' parents.

Capt. and Mrs. Johnny Joiner and son of San Francisco are here visiting her parents, Mr. and Mrs. J. G. Dutton. Mrs. Joiner and son plan to make their home here for the duration.

Mrs. H. T. Corley and Mrs. Clea Ball were in Abilene Wednesday visiting Mrs. Corley's sister.

Mrs. Guy Glenn and Mr. and Mrs. Dave Whitford were in Abilene last Thursday on business.

Mrs. A. J. Messer and baby daughter of Eldorado have been here visiting Mrs. Dave Whitford and Mrs. Ted Johnston.

Sgt. E. A. Darwin of Camp Ellia, Illinois, is home on furlough until the 23rd with his wife and son in Benjamin.

Mr. and Mrs. R. L. Creed were called to Gorman to attend the funeral of Mr. Creed's brother and his wife, who died a day apart.

All children from 4 to 9 years are urged to attend the Sunbeams at the Baptist Church every Monday at 3 o'clock. Mrs. W. H. Paul is Councillor.

Pvt. and Mrs. Hamilton Coates of Stinson Field, San Antonio, have been here visiting his parents, Mr. and Mrs. E. H. Coates. Mrs. Coates is staying for a longer visit.

Miss Frances McGee of Wichita Falls and Miss Wynelle McGee of McMurry College were home for the weekend with their parents, Mr. and Mrs. J. C. McGee.

Pfc. John T. McAda, who has just returned from 31 months overseas duty, is here visiting his parents, Mr. and Mrs. A. L. McAda of O'Brien.

Mrs. Jimmie Roe has returned to her home at McAlester, Okla., after visiting with her sister, Mrs. Parker Denton and family. Her husband is with an Engineering Battalion in England.

I want to buy second-hand library books. Ross' News Stand.

**Sun Glasses!**

We are fortunate in getting a shipment of Pur-O-Ray sun glasses. These glasses have six base curve, ophthalmically ground and polished lenses, meet the requirements of the U. S. Bureau of Standards and are the type used so extensively for Army, Navy and Marine personnel.

Large Aviation Style with white metal frames and ophthalmically correct lenses	<b>\$10.00</b>
Large Aviation Style with 1-10 1/2kt yellow gold filled frames and ophthalmically correct lenses	<b>\$11.50</b>
Same as above except with special sweat bar	<b>\$12.00</b>

The above prices are from three to four dollars less than prices asked in the larger centers. These glasses should not be confused with four base curved lenses dropped from ground and polished plate glass. Today's sun glass buyers are 100 percent eye-health conscious and know the importance of wearing quality sun glasses.

## Home Canning Needs Survey Reveals

Fruit jars and tin cans for home canning will be adequate for 1945. There are no restrictions on their manufacture and a considerable inventory is left over from 1944.

In addition to the standard size tin cans, number one cans will be available. In addition to the standard size jars, half-pint and wide-mouth jars will be available.

Avoid the use of tin cans with badly bent flanges since this often causes bad top seams. Ordinary pliers may be used in straightening flanges unless flange is badly distorted. The prices of containers will be about the same as in 1944.

It is predicted that the two-piece metal lid type and the zinc cap will replace the three-piece glass lid. Jar rings will probably be made of synthetic and rubber but an effort is being made to improve their quality. Rubber rings should be scrubbed with soap and water and boiled 10 minutes in a baking soda solution.

A limited number of pressure cookers will be available for spring canning. Although WPB has authorized the manufacture of 630,000 cookers for 1945, compared with 400,000 for 1944, labor shortage and war conditions will prevent the manufacture of this number.

This year's pressure cookers will not be rationed and will be available through regular commercial channels. Models, quality and prices of pressure cookers will be about the same as in 1944.

Gauges should be tested once each year, preferably well in advance of the canning season. In case the cooker is dropped or receives a heavy blow, the gauge should be retested. The pressure cooker gauge should be tested with a maximum thermometer or a master gauge tester. The master gauge tester itself should be checked against a maximum thermometer or should be sent to the company where manufactured or to a testing engineer at a college where a dead weight tester or a mercury thermometer is available.

Take care of pressure canners. A U. S. Department of Agriculture bulletin, AWI-65, is recommended to be used to supplement the instructions provided with the cooker for proper care of the cooker.

Manufacture of sealers for the spring canning season will also be affected by the shortage of labor and war conditions.

Sealers should be kept clean and oiled and protected by a cover. Only simple adjustments involving the base plate, chuck and side rollers should be attempted by the lay worker. The sealer should be sent to the factory for major repairs and adjustments.

Parts for pressure cookers, sealers, including gauges, gaskets, petcocks, etc., will be available. Also such articles as Smiley tomato knives, canning thermometers, maximum registering thermometers and wire can tongs will be available.

## UNION GROVE H-D CLUB HOLDS FRIDAY MEETING

Members of the Home Demonstration Club met at the school house Friday evening with six regular members and four new ones. Miss King was present at the meeting.

Those present were Mrs. Bill Lankford, Mrs. J. H. McGee, Mrs. J. C. McGee, Mrs. A. L. Russell, and new members, Mrs. W. H. Hodges, Mrs. George Hodges, Mrs. Hendrix and Mrs. Mack Reeves. We are so happy to have the new members and hope others will come.

All business was attended to, then the meeting was turned over to the H-D Agent, Miss King. Her demonstration was on making bedspreads. She had some very nice ones made up and each member took part in weaving a block on a loom for a spread in the making. The demonstration was very educational and interesting.

Our second meeting will be March 23, in the home of Mrs. J. C. McGee, with an all-day quilting. All members are urged to be present.

### Freshman News

The Freshmen are looking forward to having a party soon.

The Freshmen class made fair grades this six-weeks.

The volleyball teams of our class are doing pretty well, but could do better, of course.

Louise, what's all this about you and Kenneth?

\*\*\*

### Sophomore News

The Sophs have been studying pretty hard this past week, and we are wondering if it's not a hint for a party.

Tommy Gene's volleyball team is still undefeated, and all of the Sophs are very proud to have such a good team from such a good class!

We are all planning what we're going to do over the Easter holidays, and Paul and Jack just can't wait to go Easter egg hunting!

tidings: His heart is fixed, trusting in the Lord."

## The Family Altar

By Rev. Violet Byers  
Co-Pastor, Foursquare Church

VICTORY, how soon shall we have VICTORY. This thought is uppermost in the minds of the allied peoples today. The radios are tuned in to the news from overseas, and the newspaper headlines are eagerly scanned, everyone waiting for the news of VICTORY, knowing that when that time comes many of the loved ones from overseas will be coming home. And in the homeland preparations are being made for their return. To some it will be a time of sadness as sons and loved ones will return crippled or maimed for life, and then to others it will be a time of rejoicing as heroes come home from the wars. But again many will never return.

The Christian people today are in a warfare even greater than that being fought overseas, a warfare where the enemy cannot be seen.

Ephesians 6:12, "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." Our boys returning from the war zones will tell us that the enemy that could not be seen was the most dangerous of all. But we have one on our side who has already overcome the powers of darkness, one who will take us through every trial, one who goes before us into battle, one who protects us against all the wiles of the enemy, one who has given his blood for us, one who has laid down his very life for us, one who has even conquered death for us, one who has brought victory out of the very grave for us, and one who has gone to prepare a place for us at our homecoming.

THAT ONE IS JESUS CHRIST, THE SON OF THE LIVING GOD.

In John 16:33 are the words of Jesus to his disciples, "These things I have spoken unto you, that in me ye shall have tribulation; but be of good cheer; I have overcome the world." How glorious to know that we are on the winning side with Christ, and as conquerors he is preparing a homecoming for us, just as we are preparing a homecoming for our boys from the battlefields.

Are we as Christian people going to be able to come to that homecoming VICTORIOUS IN CHRIST, or are we going crippled by sin, or like some, are we not going to be there. We alone can make our preparation now to be at that great meeting in the air, and we had better begin right away to prepare because the end of this great conflict is in sight, as all signs point to the soon coming of our LORD to take away those who are ready. If you should be called today, would you be ready?

Remember Jesus died to save you. God bless you all.

Rev. Violet Byers and the FAMILY ALTAR

The training of children is a profession, where we must know how to lose time in order to gain it. —Rousseau

\*\*\*

Of nineteen out of twenty things in children, take no special notice; but if, as to the twentieth, you give a direction or command, see that you are obeyed. —Tryon Edwards

### WOLFE'S ROSSBERRY

#### The New Berry Sensation

FREE: Write and get Wolfe's new Berry Catalogue in natural colors. Contains complete facts, color pictures and prices of the Rosberry. Ross R. Wolfe, Texas Horticulturist who has introduced a number of new fruits and nuts, discovered and introduced this sensational berry that you have been reading about or have heard about over the radio. Rosberry was created by the famous Luther Burbank and has broken all records for production and outstanding merits. It is the greatest berry ever discovered. Grows like a Boysenberry, loaded with giant-size, 2 by 1 inch, wine-colored, delicious berries. Has the combined flavor of Boysenberry and raspberry with some sweet added. Those who have tried it are re-estimating their whole patch with Rosberry. Rosberry is really the dream berry—the ideal that we have all wanted for so long. Grows anywhere.

Every home can and should have some Rosberries growing in the back yard. Now is the time to plant, so get your copy of WOLFE'S BERRY SPECIAL. Write today to WOLFE NURSERY, Dept. W., Stephenville, Texas, and your catalogue will be mailed immediately. Get your copy while the supply lasts.

## CLEARANCE

## MAY THE BEST WOMAN WIN!

There's the bell... hold your hat... hang on to your purse... and may the best woman win!

Bargain sales look as exciting as ever these days, but this ancient sport isn't what it used to be. So much merchandise is up in price or down in quality.

However, there's at least one real bargain that still provides high prewar quality at low prewar prices. That's the electric service you enjoy in your home.

Actually you're getting about twice as much electricity for your money today as you did 15 years ago. If your total electric bill is less today, it's because you have more electric conveniences and use them more. But the cost per kilowatt-hour average is much less.

The credit for this wartime bargain belongs to your friends and neighbors in this company. Their hard work, plus sound business management, made it possible. You can count on them to continue to furnish cheap, dependable electricity for still finer electric living after the war.

ONLY WHEN GAS HEATING EQUIPMENT IS VENTED ARE STUFFY AIR AND WALL SWEATING ELIMINATED

★ Since flues are required, heating should be planned as part of house and flues installed when remodeling or building.

NOTE Not all types of vented gas heating equipment are available because of wartime restrictions. But if you are using the old-fashioned open-flame unvented type heating throughout your home be sure you provide plenty of ventilation. It will help some to reduce wall sweating and eliminate stuffy air.
