

SNOW COVERS COUNTY

The Citizens of Knox City and Knox County awoke early Thursday morning to find the ground covered with snow after one of the most severe sandstorms this year held sway all day Wednesday. As we go to press at three o'clock Thursday afternoon it is still snowing and it is estimated that more than six inches have already fallen. The weather forecast for tonight is freezing in this section of the state and it is feared that all gardens will be badly damaged.

In conversation with a number of farmers this morning the majority of them say that the snow will not damage wheat and will no doubt be of great benefit. The snow is melting almost as fast as it falls and if the freeze comes it will be wet and there is not much danger of damaging the fruit crop.

His First Full Length Production!

SEVEN DWARFS ARE TAUGHT TO BATHE

Washing may not be an event in the lives of most people, but it is in the cases of the seven dwarfs in Walt Disney's first feature-length production, "Snow White and the Seven Dwarfs" and it happens to provide a crisis.

One of the many amusing sequences in the seven-reel animated Technicolor production takes place when Snow White, taking refuge from the wicked Queen in the dwarfs' woodland cottage, is mildly horrified to find that her newly-found friends are not only the world's worst housekeepers but are barely acquainted with the uses of water, where themselves their clothes and their dishes are concerned.

In one instance, she makes all seven file out to the trough back of the cottage to wash their faces and hands, bidding them also not to forget their boards. After Doc, self-appointed leader of the band, tells them not to be nervous concerning the ordeal, they fall to, to the accompaniment of a merry melody with amusing lyrics. **ROXY THEATRE, MONDAY April 30 and May 1-2**

KEEP YOUR CHIN UP

The next time there is a traffic jam take note of the fact that the smallest and rustiest cars will be the first to honk their horns. The larger cars, carrying men of more weight in the world of business, are calm and dignified. It is the little fellow who stirs up the rumpus.

In business the biggest men rarely show irritation. It is something goes wrong in the days work they are not surprised.

Little men cuss and swear because they think it increases their standing to show importance. The smaller the man the larger the cuss words.

Bad temper and angry outbursts waste energy and sour the point of view.

No matter what happens, keep your chin up. When you indulge in gloom you are hurting yourself most of all. We know there are some feelings that poison us just as certainly as arsenic. They have a direct effect on the body. Anger reddens the face, fright makes the hair stand on end, grief destroys the appetite, and embarrassment makes the mouth dry. One of the surest mental poisons is despair. It dulls the brain and confuses the hands.

Why give up? As long as you live you will have some sort of chance. Success, after all, is nine-tenths pep.

The man who faces misfortune with a smile and a stout heart cannot be beaten. You are richer today than you were yesterday, if you have laughed often, given something, forgiven even, more made a new friend today, or made stepping stones of stumbling-blocks; if you have thought more in terms of "thysself" than "myself" or if you have managed to be cheerful even if you were weary. You are richer if you have looked for the best in others and given others the best in you.

There is always tomorrow, and what tomorrow has in store for us no man knows, at least, make up your mind to this one thing, no matter what fate may do to us it shall not make us afraid. Keep your chin up.

My Last Basketball Game On The Bench

Late one afternoon I started out for Seymour with the basketball boys to play the last game of the season.

The game started off with a bang, with me holding on tight to the bench. The Knox City boys and the Seymour boys met with a clang on the floor. The scores were balancing with the Knox City scores on the heavy end. The quarter bell rang with me still holding on to that bench for dear life.

The boys met again, but I was not on the floor to meet with them. That bench was too good for me; or least that is the way coach felt about it. The boys were still fighting very hard when the half was up; but the scores were still a

little unbalanced, in favor of Seymour. We went to the dressing room for a pep talk, but it did not do me much good, for that old bench thought too much of me.

The bell rang for the last half, as I went back to my old stand by, the bench. The scores were tallying right along together until the last quarter. The boys knew they could not stop the season with a lost game in the book, so they just politely won the Seymour and Knox City basket ball game with me still on the bench.

When the next basketball season starts, I hope the bench will not be able to use me, or maybe not make a habit of it.

KNOX CITY HIGH SCHOOL WINS THE TRACK MEET

Eight Boys Total 43 Points To Win Knox County Track Meet Thursday Afternoon

Thursday afternoon on Mogul Field in Munday, Texas, Munday was host to all the track and field aspirants in the county. A prediction made earlier in the season held true when team totals showed that the Knox City Greyhounds swamped the meet with entries and carried off the honors with a total of 43 points; Sunset, Rural High School, followed a fairly close second with 37 points; Munday was third with 26 1-2 points; Benjamin with 21 1-2 was fourth; and Truscott followed with 19. Winning the track meet gave Knox City school system 20 points on winning the county all around championship.

Of the eight boys representing Knox City in the track meet every boy entered accounted for themselves by adding a few

points to the team totals. Individual points ran as follows: R. E. Humphries, 13 points; Truman Cypert, 9 points; Odell Carver, 7 points; Paul E. Benedict, 4 1-2 points; David Clarke, 4 points; Melvin Dutton, 3 1-2 points; Alvin Roberts, 3 points; John Moulder 1 point. Of the entire group in the meet, R. E. Humphries 13 points probably ranked him third or fourth in the entire meet. However individual points were not the ultimate aim of the team, in the track meet. Team points took precedence over individual points among the boys of the squad. They helped each other win points, and sacrificed several individual points so the team could lose a first but win second, third, and fourth to score more points in the event.

Following are the list of the events and their winners with one or two exceptions.

120 high hurdles: 1. Partridge, Sunset; 2. Humphries, Knox City; 3. Paul E. Benedict, Melvin Dutton, tie. Time 17.2

100 yd. dash: 1. Timberlake, Benjamin; 2. Cypert, Knox City; 3. Clarke, Knox City; 4. Henderson, Time: 11.4.

440 yd. dash: 1. Henderson, 2. Humphries, Knox City; 3. Clarke, Knox City. Time: 57.7

220 low hurdles: 1. Partridge, Sunset; 2. Cypert, Knox City; 3. Carver, Knox City; 4. Pollock, Munday. Time: 28.7.

880 yd. run: Thompson Munday. 1st: Roberts, Knox City 2nd: Time: 2:38.6.

220 yd. dash: 1. Humphries Knox City; 2. Cypert, Knox City; Henderson, Sunset; Burton, Truscott. Time 25.3.

One Mile Run: 1. Carden, Munday; 2. Thompson, Munday; 3. Barnett, Truscott; 4. Moulder, Knox City.

One Mile Relay: Munday, Truscott.

High Jump: 1. Partridge, Sunset; 2. Benedict, Knox City; 3. Humphries, Knox City.

Shot Put: 1. Timberlake, Benjamin; 2. Strickland, Sunset; 3. Rider, Truscott; 4. Dutton, Knox City.

Javelin: 1. Timberlake, Benjamin; 2. Rider, Truscott; 3. M. Rider, Truscott; 4. Pollock, Munday.

Broad Jump: 1. Carver Knox City; 2. Partridge, Sunset; 3. Whitaker, Truscott; 4. Pollock, Munday. Distance: 17.9 1-2.

Discus: 1. Strickland, Sunset; no record of 2nd and 3rd; 4. Dutton, Knox City.

Pole Vault: No record of pole vault taken from officials as in discus.

The way the following boys placed and the times show will enable Knox City to be represented in the district meet to be held in Breckenridge soon.

R. E. Humphries, Paul Ed-Benedict, Melvin Dutton, David Clarke, Truman Cypert, Odell Carver.

JUNIOR TRACK

The Junior Track team went to Munday Thursday afternoon to the County meet. The first event for the High School Juniors was the fifty yard dash. In the one hundred yard dash and broad jump L. N. Bridges won first place.

The team consisted of L. N. Bridges, Dickie Mullins, Billy Dean Davis, Johnny Carver, Joe King, and Frank Nance.

Our relay team won third place.

The Knox City High School Juniors won third place at the County meet.

KNOX COUNTY TOURNEY HELD AT MUNDAY APRIL 2

At the tennis tournament held at Munday last Saturday Knox City did some very good playing.

In the Grammar Girls doubles, Tomi Jane Teaff and Billy Jean Hamner won first place. They had some stiff competition and they did some grand playing. Nice going kids.

In the High School Junior Girls, Margaret Dutton and Ernestine Teaff played a good game in doubles but they lost after a tough game. Nella Shaver went in singles, but she lost.

High School Junior Boys were represented by Billy Dean Davis in singles, and Joe King and Gerald Averitt in doubles. Marion Clonts won over Truscott and will play Munday

for the finals. Billye Benedict and Elena Fayne White went in doubles. They won over the Munday team and will play the Truscott team Monday.

Melvin Dutton played Munday and lost playing singles. Paul Ed. Benedict and David Clarke won over Truscott but lost to Munday in doubles.

After the finals we hope to have added several points to our school's total. We want to have eighty points at least.

AUNT TILLIE GOES TO TOWN! WONDER WHY?

If you do, get your tickets in advance for the new and riotous farce entitled "Aunt Tillie Goes To Town!" that is to be presented at the Knox City Grammar School Auditorium on April 22 by the Senior Class of Knox City High School. This bright and amusing play written by Wilbur Braun especially written for Samuel French, the largest play publishers in the world, and is to be given here by arrangement of said publishers. Dozens of plays were read and just when the Senior Class was becoming discouraged and losing patience, somebody discovered "Aunt Tillie Goes to Town!" A copy of the play was sent for and eagerly read. That afternoon it was taken to the English room and read before the group of eager amateur actors and actresses who were going to be in the play. It was selected as their play without one dissenting voice, the all agreeing that it was the perfect vehicle to show off their individual talents. The play has some of the funniest scenes ever to be written into a farce. It is novel and ingenious, has loads of pep and action and is spotlessly clean and wholesome. Certainly this performance is going to be one the whole town may be proud of and will establish a new high record for attendance. You may be sure that this play is one of the biggest and best mix

ups that was ever mixed up. The cast is as follows:

Aunt Tillie — Dorothy Shaver.

Lucinda Talbot, her maid, who is anxious to be married, Marion Clonts.

Pamela Marsh, Aunt Tillie's charming niece — Ellena Fayne White.

Lizzie Parsons, an aspiring young novelist — Billye Benedict.

Ellen Neeland, an attractive young lady who appears suddenly, Ruth McGee.

Ronald Howland, who always has an explanation for everything — Doyle Walker.

Luther Lorrimer, Ronald's wealthy employer — John Byron White.

DID YOU KNOW

That according to Professor X., many students are like coffee? 98 per cent of the active ingredient has been removed from the bean.

That six Sophomores students got stuck Sunday.

That Ernestine can cry.

That there are only seven more weeks of school after this week?

That Ellena Fayne and James Ray can carry on some of the most heated conversations possible?

That Ernestine wrote a theme about chewing gum?

The theme was true, too.

That we have some swell

track boys? Now girls, don't give them the run. I only meant they run like everything.

That there are no such people as Carl and Wayne? Udeil never could believe us.

That in Temuco, Chile, horse hair has become so scarce that thieves are stealing the tails of horses.

THE EAGLES ECHO

Published by the Sunset High School

FRESHMAN REPORT

The Freshman are planning another picnic Friday. The place has not been determined yet, but most of them want to go to the river. They will go Friday afternoon and stay until night. Because all of them can not agree on whether to have a class party or to have a picnic, they have agreed to make the next class function a class party.

We feel that our class did their part in the county meet, but hope to do better next year.

SOPHOMORE JINGLES

The Sophs are glad to welcome back an old "pal," good chum, and student, Rachel Walling. Rachel has been living in Fredericksburg. From what we hear, she wasn't so anxious to move back, but anyway, we are glad to have her. She tells us that she didn't have a real girl friend (they were all friends; but oh! that sweet someone!

The Sophs are really having a time, a hard time, in English II. Those short stories are about to get the best of us. Especially when we are asked to write one. But we will get along all right. We always have? Don't worry about us, for we'll be seeing you.

KEEPING TAB ON THE SUNSET EAGLES

By Buddy Bumpas
Sunset's three-man team took second place in the county track meet at Munday last Thursday with 37 points.

Herbert Partridge, star hurdler, was high point man of the meet, with 21 points. He took first place in high and low hurdles and high jump, and he placed second in running broad jump and pole vault. There was a little misunderstanding in the broad jump. Herbert really out jumped the others by eight inches, but officials did not let it count.

Leroy Henderson accounted for eight of the other points with first place in the 440, third place in the 220, and fourth place in the 100 yard dash.

Orville Strickland also took eight points by winning first in the discus throw, and second in putting the shot.

Fuller Shannon and J. E. Hunter entered the meet but neither of the boys placed due to the fact that they have not been coming out regularly. But they at least put out plenty of effort.

Partridge, Henderson, and Strickland will go to the district meet at Breckenridge next week-end. We wish you luck boys.

The Volleyball Team of the girls will also go to Breckenridge next Saturday. Luck to you! We want them to do as they have in the past, bring home the blue ribbons.

SUNSET SENIORS TO PRESENT THEIR PLAY "MAMA'S BABY BOY"

The Sunset Seniors under the direction of their sponsor, Mrs. Cash, will present the three act play "Mama's Baby Boy" in the Sunset Auditorium, Wednesday evening, April 20, at eight o'clock. These folk have a good cast selected, and the practice is already well begun; so you may expect a real evening of entertainment on April 20.

In addition to the play, the Knox City High School Band, under the direction of Mr. D. L. Dodgen will present a 30 or 40 minute concert program before the curtain rises for the feature. You have heard this band recently and know what a treat is in store for you, and you who have not heard it, simply can't afford to miss it.

All between act numbers will be under the supervision of Mrs. N. T. Underwood, Sunset Music teacher. Chief among those will be a black face skit by the Sunset High quartet—Leroy Henderson, Floyd Fract, Howard Payne Shannon, and E. G. Parkhill. The primary rhythm bands will play, also.

Faye Marie is very industrious and popular in her classes, and she makes very good grades. She is Vice-president of the Senior-Class and president of the Home Economics Club. Faye Marie has played on the volleyball team for the last three years, and she was on the basket ball team when she was a Sophomore.

While in grammar school and two years while in high school she played on the indoor baseball team.

Her favorites are:

Faye Marie plans to attend Baylor University next year.

HOME ECONOMICS REPORT PROJECTS BEGUN

The Junior and Senior Home Economics Classes of Sunset have finished their first class projects and have started on a second one.

Last week, the garments of the first project were modeled and judged. The garments were judged by the class and in the Junior class the places were as follows:

Virginia Parkhill, first; Edna Moore, second; Laverne Bumpas, third.

In the Senior class, Faye Marie Partridge, first; Dorothy Gammill, second; Nell Nix, third;

The second project is to make a dress. All of the girls have started, but they are finding it a little more difficult than making shorts and slacks.

THE KREE-E

Wouldn't it be funny if:

Mr. Kimbrough had a mustache.

Maurine Gammiee were slender.

Faye Marie Partridge were bashful.

Mary Herring's mouth ran on shutters.

E. G. Parkhill ever stayed at home.

Traphene Wren were as attractive to girls as she is boys. Winters Groves were quiet. Miss Spraggin were married.

La Verne Bumpas were flirtatious.

J. E. Hunter liked Wrens.

Buddy and Herbert were over heard in a dice game the other day. Buddy kept reminding Herbert to Ford the dice.

Suddenly Herbert asked what he meant by Fording the dice. Buddy answered quickly, "Shake, rattle, and roll."

J. E. What would you do if you were in my shoes?

F. G. Get a shine.

Dorothy Gammill: Are you a hero worshipper?

Fuller Shannon: Oh, No, sometimes I nearly hate myself.

Shorty Garrett: Before I took this job I used to work hand in hand with all the big Hollywood executives.

Askelon Stogner: Is that so?

Dorothy: Yes, I gave manicures.

Watch next week's issue of the paper for a complete list of the characters for "Mama's Baby Boy" and for a synopsis of the play. Right now check the date Wednesday evening April 20, on your calendars, and plan to attend the Sunset Senior Play.

IN THE SHADOW OF THE CAPITOL

By Boyce House

As Austin's most artistic piece of statuary, the cowboy on the Capitol grounds receives the vote of this scribe. The horse is shying most realistically at a rattier and there's a clump of cactus in the foreground. The rider looks like a sure enough cowboy and not the drug store variety. Probably the setting influenced my judgement for the statue is in a grassy hollow, shaded by a circle of trees and at the base are actual growing plants from West Texas.

Did you know that Byron Utecht, Austin correspondent of the Fort Worth Star-Telegram, rode with Pancho Villa in Mexico? He ought to do a book—or, rather another as he has written one of the workings of the legislature.

Vann Kennedy, International News Service representative in the Capitol, is known to his friends as "Congressman" because of the suavity of his discourse and he, in turn, refers to his friends as "my constituents."

Your chronicler visited four home towns of his boyhood recently. Recognized the oak tree in the yard at Brownwood from which I jumped to the ground and, would you believe it, the tree is much smaller than it was 30 years ago!

Passed by the school house at Uvalde where I attended the cornerstone laying dedication in the long ago—and now the building looks old, worn and tired.

The mountains were the only things remembered at Alpine, and at Taylor nothing looked milliar.

Glanced over the State—Phil Baker, composer of "Piccolo Pete" and "Ding-dong Daddy with Dumas," was in Brownsville with his orchestra for a dance. . . Jakey Atz (for so long the manager of the Fort Worth Cats, in Harlingen where he will manage the ball team this year. . . Senator G. H. Nelson of Lubock, aspirant for the Lieutenant Governor ship, mingling with the best Texas county judges and commissioners at Brownwood. . . Representative Coke Stevenson of Junction, in the Lieutenant Governor's race, in Fort Worth, his big white hat in evidence. . . And, speaking of hats, Ralph Yarborough of Austin isn't superstitious at all but he has dug up the hat he wore two years ago when he campaigned for District Judge and swept every box in the district, and will wear it in his campaign for Attorney General. . . Wade Swift, now an officer in Odes, knew Judge Roy Bean personally.

More signs of the times: On the highway, entering Pondo: "This is God's country; don't drive through it like hell!"

Texas pays pensions of 43 per cent of the people in the State over sixty-five years of age, while the national average is 10.5 per cent of those over sixty-five. It costs the old age pension fund 2 million dollars a year to collect the taxes due the fund and to administer the fund revenues.

At the school trustee election Saturday 112 votes were polled, the largest in several years. There were four candidates on the ticket and two were to be elected. The results was as follows: C. E. Ball 81, O. W. Causey 59, A. J. Malouf 59 and Quincey Davis 23. Davis' name was not printed on the ballot and the votes he received were written in by his friends.

Government employees, Federal, State and local, in Texas are paid more than half as much as all people in the state, engaged in farming and livestock raising combined and nearly twice as much as is paid to all people engaged in all the retail stores of the State. The number of employees in the Texas State governments increased 246 per cent in twenty years.

SCHOOL ELECTION SATURDAY

Ready to be launched last week was a \$2,256,772 spring highway building program in Texas. Highway department engineers computed low bids on 32 projects and only minor formalities remain before contract letting. Highway commissioners set up a \$50,000 fund to purchase and install 120 flasher type traffic lights and 40 stop and go lights at locations to be determined by surveys. Besides, they allotted \$24,508 to paint stripes on 1,079 miles of highways to be redesignated.

GAS RATE AGREEMENT

An agreement between the City of Olney and the Upham Gas Company for a base rate of 55 cents for gas in that city has been reached. Railroad Commissioner Ernest O. Thompson announced last week.

The gas company had appealed from the city council's order fixing the rate—a reduction from 75 cents—but Friday dropped the appeal.

Thompson pointed out the new rate was the same as that in effect in Laredo, recently upheld by the United States Supreme Court.

HEAVY CHAIN TAX COLLECTIONS

Collection of \$1,502,025 from Texas newly-enforced chain store tax law was reported last week in a statement by Comptroller George H. Sheppard, who expressed the opinion that \$1,000,000 a year income from the tax may be over generous estimate.

Of the total collected, \$992,377 has been deposited in the Treasury on the credit of the general revenue fund, and \$318,559 to the available school fund, leaving the remainder not yet deposited. The amount represents the licenses, payable annually, on 28,973 merchandising units for three years.

NEW OIL WELLS MAY PUT HUNTER BACK IN POLITICS

The new KMA oil field in Wichita and Archer Counties also may make another candidate for Governor, according to reports here last week.

Tom F. Hunter of Wichita, three times a candidate and twice a runnerup, is drilling for oil in the new area, records of the Railroad Commission show; and a "strike" might furnish him the funds with which to try his luck a fourth time. Hunter is seriously considering the race.

Reports from his home town are that in addition to the deep production test in the KMA pool Hunter also has a well drilling in the Danbury field of Brazoria County. The Commission records do not reflect whether the Danbury well or the KMA well are complete, the KMA well having been permitted only in January.

CROWLEY BARGES INTO GUBERNATORIAL DERBY

The race for governor was enlivened last week by the entry of Karl Crowley solicitor of the U. S. Post Office Department. Crowley, who is from Fort Worth, announced, after making a survey of the state, that he would return to Washington to resign his position.

He will open headquarters in Dallas on April 10th, he said. At the same time he released a hot blast against Ernest O. Thompson and William McCraw.

Still undecided about making the race was Highway Commissioner Harry Hines of Wichita Falls. Rep Clarence Farmer of Fort Worth sent his filing fee of \$100 to the State Democratic Executive Committee as evidence that he is in the race to stay.

Col. Thompson announced he would open his campaign with a speech at Waco on the night of April 12th. Attorney General McCraw announced that he would be his own campaign manager, and would announce his platform within a fortnight.

DEATH BEGINS AT 40

Harry Barsantee, supervisor of Travelers News Bureau, of a Hartford, Connecticut insurance company, has compiled statistics on what results from automobile driving. His figures are startling, and shows deaths caused by automobiles to be far worse than even war.

In fifteen years of war there were 244,357 casualties; fifteen years of peace 441,912 traffic deaths.

In commenting about the speed a car is driven Barsantee points out that at 25 miles an hour a moving car has developed enough energy to roll over once, and that a body might be able to "take" that. At 50, energy has developed, not twice but four times, and enough to roll over four times, the statistician saying you'd be lucky to come out of this one alive. At 75 miles per hour the car has developed, not three times, but nine times the energy, and enough to roll over nine times. One can easily realize what would happen. And yet speed is not the only cause. There are many other hazards.

Motorists will do well to think about this: Most accidents and deaths occur when a car is going straight ahead; further, age groups are considered. Percentage of those under 18 years of age in accidents in 1937 was 1.6, 18 to 24 years, 24.9, 25 to 64 years, 72.2 and 65 and over 1.3; and here is where experience is a handicap to motor car driving. One having driven a car less than 3 months, the percentage of fatalities is 1.2, 3 to 6 months, 9.6 to 12 months, 9, but 1 year or more 97.0.

You have often heard a man bemoan the fact a woman is driving an automobile, and to "get out of her way." It is a fallacy. Women drivers are by far the most careful to the two sex. Fatalities last year reveal 43,330 males, but only 2,570 females or 94.4 per cent and 5.6 per cent, respectively, so it looks mighty bad for the male driver.

Millions of words have been written and spoken during the past year about the cause of America's tragic automobile accident problem. Boiled down they amount to this: Too much speed, too little courtesy.

Sensible driving, and sensible walking on the part of the pedestrian, who is shown to be quite negligent, also, will check so many deaths.

As a motorists or pedestrian, why do not YOU do your part in saving lives?

DO YOU REMEMBER?

From the Knox City Journal files, April 6, 1923.

Do You Remember—
The Chamber of Commerce luncheon held at the Arnold Hotel? About twenty members were present. The Munday Chamber of Commerce responded to the invitation extended them to have representatives present. Editor J. A. Kennedy of the Munday Times and Mr. Rice, represented the Chamber of that City. Dr. Green was chairman of the meeting.

Do You Remember—
When actions were taken to formulate a Retail Merchant's Association among the business men of Knox City?

Do You Remember—
The first showing of "A Birth of a Nation" in Knox City?

DO YOU REMEMBER? PRINTING THE TRUTH

It is not pleasant and profitable always to tell the truth in the columns of a newspaper. Men who have tried this heretofore have always come to grief. Only a few days ago the editor of a paper in Indiana grew tired of being called a liar and announced that he would tell the truth in the future, and the next issue of the paper contained the following items:

John Bonin, the laziest merchant in town, made a trip to Belleville, yesterday.

John Coyle, our groceryman, is doing a poor business. His store is dirty and dusty. Why should he do much?

Rev. Styx preached last Sunday on Charity. The sermon was punk.

Dave Sonkey died at home in this place. The doctors gave it out as heart failure. Whiskey killed him.

Married, Miss Sylvan Rhede and James Conlin, last Saturday at the parsonage. The bride was a very ordinary town girl who doesn't know any more about cooking than a jack rabbit, and never helped her mother three days in her life. She is not a scardy by any means, and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the old folks all his life, and is not worth shucks. It will be a hard life.

Our Congressman, a very ordinary man, who was elected by accident, was here yesterday. He promised some of the voters in this township a piece of pie in the event of his election, and had forgotten it when the time came to hand over the office.

DIES IN FORT WORTH

Rule, April 1—Mattie Edna Norman, 39, was buried here Thursday following funeral at the First Baptist church. The rites were conducted by the Rev. J. Perry King of Clarendon, former pastor here. He was assisted by the Rev. Roy Shahan, pastor of the Rule church. Arrangements were in charge of Gaunt's Funeral home.

Miss Norman died in a Fort Worth hospital Wednesday night after an illness of two days.

She was the daughter of Mr. and Mrs. Will Norman, and was reared in Rule. Besides her parents, she is survived by one following brothers and sisters Jim and Alvin Norman, Rule; Earl Norman, Meadow; Mrs. John May, Knox City; Lucy Norman, Rule; and Mrs. Adonia Leonard, Fort Worth.

SPONSORS LECTURE BY MRS. M. L. WOOTEN

Mrs. Wooten who is dean of women at Texas State College for Women, Denton will speak in Seymour at the First Baptist Church on April 9th at 7:30 p. m. All ladies interested are invited to hear Mrs. Wooten on this date.

CAKE CONTEST TO BE HELD BY SUNSET LADIES

A cake contest will be held by the Sunset Club ladies April 12, in the Home Economics kitchen. The topic for the evening: "Care of the Kitchen" Roll Call: "Method used to clean my kitchen."

Miss Astin will be present and give a demonstration on "Care of the Kitchen." All members are urged to be present and bring a cake.

GRAMMAR SCHOOL NEWS

First Grade

The first grade, under the supervision of Miss Cheer, has constructed a modern version of a doll house. They have built the house of wooden frame work and have paper over it for the walls. They have made furniture of orange crates, and trees out of rug rollers and cardboard. It is a lovely exhibit, and everyone should try to see it soon.

Second Grade

The second grade, with the leadership of Miss Rice, have built a store. Their bill board reads, "Second Grade Store—Phone 22." Empty cartons have been assembled to form a very natural looking grocery store. They sell flour, potatoes, sugar, cereal, cereals, Campbells soup, Hershey products and many other interesting things.

The store is both educational and fun to the children. They learn how to add and exchange money and enjoy it immensely.

Third Grade

Miss Hicks and her pupils are studying a Dutch unit.

They have made attractive Dutch window effects out of the transoms above the north blackboard. They made yellow curtains, and with the help of two high school girls have put up red shutters. Window boxes with crepe paper tulips complete the Dutch view. Also they have a Dutch windmill under construction.

Fourth Grade

The fourth grade, with Miss Benton as teacher, have been studying a Swiss unit. They have made a very interesting peep show, a freize picturing of Swiss life, and many other things. They have a Swiss dictionary which enables them to read Swiss words. This is a very interesting unit, and almost makes us wish that we were in the fourth grade again.

Fifth Grade

The fifth grade, under the direction of Mr. Wetzel, have been studying types and means of communication and transportation. They have made models of airplanes and ships.

Through the making of these things, it impresses upon the mind of the student much more strongly the importance of airliners and ships.

Sixth Grade

Miss Swift and her pupils have been studying a Russian Unit. They have made a freize of Russian life.

They plan to start a Japanese unit soon. In this unit, they will construct a Japanese village picturing the life and occupations of the people.

Seventh Grade

The seventh grade people have been pretty quite lately and we have not heard very much from them.

The have reached the Civil War in history and have taken up phrases in English. Poor

kids! They have made their room quite attractive by pictures of plants.

We urge everyone to visit each of these rooms. Not only does it help the teacher but it makes the pupil more interested in his work. Become interested in our school and the people who work there.

STUDY HALL NOTES

You should have seen Fay work on the Freshman edition. She was grand though.

Doris "Big-Apple" have you made up yet? I heard the argument.

Goodness! Did you hear how much the band made from their sales last Friday? \$102.90 gross profit. Hm—not bad, eh?

Oh, these Freshman girls! They just worry us to death.

The Home Ec. II girls dress seem to be progressing nicely. If anyone sees any queer looking creatures, they are their dresses.

We wonder why the Sophomore History class has asked Mr. Whittis to refrain from talking about Podunk and start talking about Possum Hollow.

We wonder why the choral club girls were so anxious to go to Abilene to see "Snow White and the Seven Dwarfs".

We wonder why Dickie Mullins takes such a delight in drowning out cars. Now Dickie? Tch, tch, tch.

Melvin got in a ditch Saturday night. Melvin what was the object? Was it fun?

What became of the picture in Jean Ann's locket? I think there must be a reward out from all the fuss.

Possibly the reason for Knox City not winning in typing was: they got stage fright around so many good looking people.

We wonder why Melvin and Zena fight so much?
Doris Elaine what influenced you to "let your back hair down" at Billy Dean's Party.

"Shooty" seems to have entertained his friends over the weekend by taking him to the tennis matches, and sending him home with a sunburn.

Lillian, come on "fess up," what were you so mad about Sunday afternoon?

Nella just got all hot and bothered Saturday playing tennis, she said she was playing for the whole school and no special one! Atta, girl Nell, you showed us what you could do!

Doyle, for goodness sake, get up some speed! Then maybe you can catch her. Saturday nights are awful trying to drive in the traffic.

Paul why don't you loosen up a bit, don't you know, its time to be thinking about the "old" Hoge tradition?

Why Teachers Get Grey

Miss Reid does not mind being gray, she doesn't want to be absent minded.

We don't have any gray haired teachers yet but it is entirely possible as long as Hearrel Daniels is around.

Teachers get grey because girls talk about being sixteen.

Ernestine, Anita, and Zena are driving Mrs. Baker grey, Girls, can't you be quiet?

Something that is making Miss Reid and the Home Economics II girls gray is when people walk into the Home Ec room without knocking. "A hint to the wise is sufficient."

Miss Reid is being driven that way because people won't pay their debts. The same thing is happening to DeAlva Hammons.

Mr. Shumaker is being driven gray from typing test papers, report cards, and the results of the Interscholastic League Typing.

The things that are making Mr. Dodgen, gray is the love birds cooing and the band pupils not practicing enough.

The Senior play is driving Mr. Whittis gray haired.

Ann Rice is being driven crazy by her Home Economics II dress. Handle those scissors carefully!

THE BRIDE'S HYMN

Can opener; tis of thee Friend in emergency,

of the I sing.

When Burat Brown is the steak And sinks the ten-pound cake.

You save a tummy ache, Oh, Kitchen King!

Sing that little contribution to the tune of My County 'Tis of Thee. You'll be surprised how much better you'll feel.

THINKING OUT LOUD

The mind is like an umbrella—it functions only when it is open. Keep your temper—most folks have all they need.

The reason some people can not see straight is that they are sufferers from "I" trouble.

The man who says that he can't succeed should remember that success comes in cans.

LIBRARY WORK PROGRESS

We have not heard very much from the library in a long time, but work is progressing nicely there.

They have reinforced the magazines, and are binding the English Journals. They combine three magazines and cover them making four volumes of the year's magazines. Also, the library has had its spring house cleaning. Every book is dusted and in its place.

Mrs. Gibbins and Mrs. Hendon work in the library since Mrs. Allen became County Supervisor. We are proud of the work they do and of our High School Library.

RYTHEM BAND REPORT

Knox City is very proud of the rythem band. It consists of twenty-five pupils of the first and second grades. Their instruments include a drum, a symbol, tri-angles, rythem sticks, tamborines, castenitts, and jingle clogs.

Ken Clonts of the first grade is the leader.

Their uniforms include white shirts and slacks and red bolero jackets. They have learned several numbers, and we are indeed proud of them.

APRIL FOOLS DAY IS WELL CELEBRATED

Well, well, here's that day again folks, it's April fools day.

Fools Day is a lot of fun, but we feel proud of the way the student body conducted itself. There were several minor tricks played but nothing bad. At least we did not act as Podunk would.

Mr. W. T. Black from Breckenridge, visited Mr. Saumaker over the weekend.

Mr. and Mrs. Sy Perkins of New Castle and Mineral Wells visited Mr. and Mrs. Whittis this weekend.

Visiting Knox City exes over the weekend.
Marilynn Edwards, Mayme Shaver, Burris Teaff, Panny Farmer.

Mary Helen Evans spent the weekend in Abilene.

Knox City was well represented in Munday Saturday.

Wynette spent the weekend in Munday.

Ruth McGee spent the weekend in Midlothiam with Miss Helen Hollabaugh.

COUNCIL MEETING HELD FOR COUNTY H. D. CLUBS

April Fools day was not so bad as in the form of a meeting. However, the ladies were caught in the recreation period by the leader playing an April Fool game. Council meeting was the meet and it was held in the assembly room at Benjamin, April 1.

We were very glad to hear the report from the District meet held in March. All other reports were favorable. Discussion on Short Course was held and delegates will be elected at the next meeting.

Those clubs represented were Goree, Hefner, Munday, Sunset, Truscott, and Union Grove.

Panny Farmer of Abilene spent the week end with his parents, Mr. and Mrs. B. M. Farmer.

Girl Athlete Forgets Olympic Dream To Train For Teaching

Denton, Texas—Ruth Marshik widely publicized by Dallas newspapers when she was 13 as a possible successor to the great Mildred "Babe" Didrickson, has traded her dream of competing in the Olympics for a more modest aim of becoming a teacher of physical education.

Enrolled as a freshman at the North Texas State Teachers College, Denton, the girl who in 1935 was holder of the unofficial women's high jump in the United States is now a pretty and, on the whole, a very normal young woman.

Maybe she's above average in scholarship and health. She

is five feet seven inches tall, weighs 132, never worries over excess poundage, plays soft ball a good deal, still clears the bar at a good figure. Probably studies more than the average co-ed, has a good sense of humor, likes domestic life, and chews her pencil for pastime.

Pictures show her on the tennis court, clearing the same bar used in her competitor against Babe Didrickson and other female stars in the A. A. U. meet at Denton in 1932, and examining book titles in the browsing room of the North Texas State Teachers College library.

MOOREHOUSES VISIT THE HERALD OFFICE

Mr. and Mrs. Chas. Moorehouse were here Tuesday from Benjamin and called at our office to tell us how much they appreciate the Herald since we have added our new type face. Mr. Moorehouse is an old timer in this county having re-

sided here for more than thirty years and probably knows more people than any one man in the county. He has been engaged in the cattle brokerage and insurance business for many years and is already in contact with the ranchmen. He is a candidate for the office of County Treasurer and expects to make an active campaign.

A Man Who Leaves NO WILL Does His Family a Big Injustice

A Life's Savings is Protected by a Will **Make Your Own Last Will and Testament**

Make Your Will NOW. Safeguard Your Loved Ones.
Everyone needs a Will, those who have little, more than those who have much. Neglect to make a Will causes untold grief, suffering, family disputes.

This Actually Happened

A happy man with a good wife and two lovely children, owned a \$7,000.00 house with only a \$2,000.00 mortgage, and had about \$3,000.00 in the bank. He caught a cold; it developed into double pneumonia and within a week he was dead.

There was no will. An executor had to be appointed by the court, a bond paid and a lawyer appointed. He had two brothers with whom he was on bad terms. Each applied for one-third of the estate. The executor got 5% and had one year to settle.

The mortgage was foreclosed, the widow dispossessed. Today this man's family are on relief, destitute. If our Will booklet at a total cost of one dollar had been used, all this trouble would have been saved. Things like that are happening every day.

A Legal Valid Will—\$1

Our booklet giving samples of Standard Last Wills and Testaments, with many separate clauses, enables one to make just the kind of Will desired by simply copying the wording and filling in your names.

With our booklet comes a Will blank with full instructions how to sign and have it legally witnessed so as to make in SECRET, without other legal advice, a perfectly legal will. Mail One Dollar for booklet and legal form Will blank.
