Boys Ranch Meeting To Be At Benjamin

A meeting to organize the proposed Boys Ranch project in Knox County will be held Tuesday, September 16, at 8:00 p.m. in the courthouse at Benjamin, according to Benjamin School Superintendent Kenneth Roberts.

Roberts informed the News this week that Johnny Moffitt, administrator of Texas Boys Ranch, and State Senator Jack Hightower plan to attend this meeting. State Representative Bill Hearby will be unable to attend because of conflicting

commitments. He did, however, encourage everyone in Knox County to support this project, Roberts said.

In a meeting last week a steering committee was appointed to serve until official organization of the Boys Ranch project. Chaired by Kenneth Roberts, the committee consists of Charles Griffith, Bobby Roberson, Vernon McCanlies, K.E. Woolley, Don Hertel, H.C. Stone, Alvin Alexander, Buster Tolson, and Julia Propps.

Roberts reports that 39 1/2 acres of land have been pledged to the Boys Ranch project in Knox County by individuals and organizations. He also reported that plans were being considered for the leasing of some land near the city lake from the city of Benjamin. With irrigation water available, this property would be used for cultivation of a garden.

In order to be a success, this project will require the support of the entire county, but will also require cooperation from the Abilene and Wichita Falls areas, Roberts said.

Phone Numbers Will Change Here Sunday

Knox City residents are reminded that Sunday, September 16, is the day the new telephone numbers go into effect.

Phone books listing the new numbers have been mailed to persons in O'Brien, Benjamin, and Knox City. Area towns now listed in the book in addition to Knox City are Aspermont, Benjamin, Goree, Haskell, Munday, Rochester, Rule, and Weinert.

General Telephone Company has been working several months to install new equipment to modernize its facilities.

According to Jerry Kehoe, division manager for General Telephone Company, the new equipment will give more complete and better service and will make it possible to install, at a later date, direct dialing equipment at a minimum cost.

SS Representative Postpones Visit

The Representative from the Vernon Social Security office WILL NOT be in Knox City on Thursday, September 20th, as had been announced. He will be there the following Thursday, September 27th to take applications for social security at the usual time of 10:00 A.M.

All people in Knox City and Knox County desiring to file applications for social security benefits are invited to meet Mr. Beisner at the City Hall.

Mrs. Jack Stubbs Undergoes Surgery

Mrs. Jack Stubbs had surgery in Hendrick Memorial Hospital in Abilene Wednesday of last week.

According to her mother, Mrs. Roy Day, Romain is doing nicely and will be able to return to her home the latter part of the week.

KC School News To Begin Soon

Mrs. Renella Watson, Kennel sponsor, notified the News Tuesday that she would be meeting with her reporters Thursday of this week to set the format for the school news this year. Mrs. Watson has asked that school news be held until after this meeting.

The News is looking forward as always to publishing reports from classes and various organizations at school when the Kennel staff is completed.

Rule Friday

Hounds Take Opener

Knox City Greyhounds took a 14-0 victory over the Hounds here Friday

in a game played on a field, scored in the fourth quarter. The Hounds scored in the first quarter. Charlie Flye scored on the board for the Hounds. A long drive with a touchdown for the first time. The touchdown was called Nefro

Gonzales and backs Dale Bloxham, Joe Huff, and Flye moving the ball against a much improved Steer team.

The pigskin was carried over the left side for the point conversion by Hound halfback Bloxham, making the score at half-time Hounds 8 - Rochester 0.

Another long drive, climaxed by a six yard quarterback sneak across the Steer goal line by Gonzales, netted the second Knox City touchdown, with 11 minutes left in the game.

Gonzales made the score 16-0 for Knox City when he carried the ball into the end zone for the two point conversion.

The Rochester Steers struck pay dirt with four minutes left in the game, when back Johnny Martin finished a 40 yard run that took him over the Knox City goal line. The try for extra points failed, and the game ended Knox City 16 and Rochester 6.

The Knox City Greyhounds will meet a tough Rule Bobcat team, who boasts eight or nine returning starters this year, in Greyhound Stadium Friday night. Kick-off time is set for 8:00 p.m.

The Bobcats gave Knox City its only defeat in non-district games last season when they downed the Hounds 12-7. Aspermont, picked to win Class 8-A, fell to the Bobcats 14-6 in last Friday's tilt.

Some of the Hounds' upcoming opponents did not fare well in their opening games last Friday, as Throckmorton went down to Baird 21-12, Paducah lost to Matador 12-6, and Munday was defeated by Seymour by a score of 18-0.

JV's Fall to Haskell 31-6

Football season opened for the Knox City Junior Varsity Saturday morning at 10:00 a.m. in Greyhound Stadium as they met a tough Haskell Junior Varsity. The game was originally scheduled for 8:00 p.m. Thursday, but had to be postponed because of rain.

According to Coach Jimmy Rogers, the Indians proved too strong for Knox City as the Bullies fell to the Indians 31-6.

Calling signals for the Bullies this year is Jimmy Moore. Backs are Jerry Stamps, Al Bateman, Donny Skiles, and Jimmy Ross.

Mike Burkham is starting center for the Bullies, with Rusty Grimsley and Tim Whitten at guard. Starting tackles are Rudy and Ray Hernandez, with Mark Howell and Kenny Burt holding down the end positions.

Other Junior Varsity team members include Billy Reynolds, Kelley Robinson, Larry Day, Raymond Taylor, Troy Lewis, Jerry McCown, Payton Barnard, Robert Watson, and Johnny Espinosa.

The Knox City Bullies will collide with the Rule Junior Varsity in Greyhound Stadium tonight at 6:00 p.m.

Commissioner Appointed

KNOX COUNTY'S NEW COMMISSIONER for Precinct 4 is L.B. Patterson of Goree, pictured at right, as Knox Judge Sam E. Clonts administers the oath of office. Patterson succeeds the late George Nix who had served as commissioner for 31 years. (Picture courtesy of Wagoner)

L.B. Patterson Sr. served three years in the Armed Forces after his graduation from the Munday schools. Patterson and his wife, the former Jonell Fitzgerald of Goree, have two sons. Their son Terry and his family live in Wichita Falls, while Randy resides in Dallas.

Active in community affairs, Patterson serves as secretary of the Cotton Classing office, is a member of Goree Lodge #1029, director of the Goree Co-op, and a deacon of the First Baptist Church in Goree. Patterson is presently engaged in farming near Goree.

L.B. Patterson Sr. was born in Munday. He

Knox County Food Retailers Must Be Authorized To Accept Food Stamps

Knox County food retailers will have to be authorized before they can accept U.S. Department of Agriculture food stamps.

That's the word from Carl J. Speegle, officer in charge of the Abilene field office of USDA's Food and Nutrition Service.

"Most grocers in a food stamp county will want to apply," said Speegle, "since the program usually means a noticeable increase in food business."

The Food Stamp Program opens in Knox County Oct. 1, and will be operating statewide by the first of the year.

Under the food stamp program, needy families are certified for the program by the State Department of Social Welfare. They then receive a certain amount of money each month for food stamps. The amount they spend depends on family income and size. In addition to the food stamps they buy, they are given

"bonus" or free coupons to increase their food buying power.

Food stamps are used like cash at stores authorized by USDA to redeem them. Merchants redeem the food stamps through local banks and the federal reserve system.

Grocers who have not been authorized and would like to participate in the program should contact the Abilene field office, according to Speegle. Either write the office at Room 510, Petroleum Building, Abilene 79601 or call Area Code 979-673-2509.

School Personnel Honored

The Knox City School personnel were honored by the community at a covered dish dinner in the school cafeteria Tuesday night.

Dick Richards, pastor of the First United Methodist Church, welcomed school employees and guests. In expressing appreciation for the teachers in Knox City's school system, Richards said that teachers are one of the most important influences in a child's life.

After an introduction by

Richards, John Crowover, chairman of the Board of Education, recognized the members of the board. Board members include Don Metzger, John Grindstaff Jr., Henri J. Jones, Allen McGaughy, Jerry Benson, and Oscar Margis. Crowover expressed appreciation on behalf of the Board to all who helped in making the dinner possible.

Knox City School Superintendent W.R. Baker introduced faculty members and other workers of the Knox City Schools, and gave a short resume of each person's duties.

In closing the program Richards thanked Fudy Robinson and the Knox City Home Demonstration Club members for their work in setting up the dinner, including decorating, providing tableware and plates, and cleaning up after the dinner.

How Times Change

Cliff Swain, manager of System in Knox City, has recently given a copy of the Ruidoso News, Ruidoso, New Mexico, dated August 17, 1971, which contained a letter to the editor from former Knox City resident Roy Baker. The letter appeared as follows:

The following items are taken from the Knox County Herald issue of November 9, 1939, that of a local food store. (J.M. Edwards Self-Service Grocery and they are still there). In that day of \$4.75 wheat and \$2.00 pork chops, the following price seem unbelievable!

Word has been received from the News office that Mrs. Lew Hughes had surgery in Wichita Falls hospital Monday. She is reported to be progressing extremely well, and is expected home Saturday.

Strauss To Return For Stamford CofC Banquet

STAMFORD--A "hometown boy who made good" will return home on September 24 to be featured speaker at the Stamford Chamber of Commerce banquet before citizens and leaders of the Community and neighboring towns.

Robert S. Strauss, Chairman of the Democratic National Committee, will appear at the annual banquet to be held at the Stagecoach Inn beginning at 7:00 P.M., in the heart of his childhood surroundings.

The 54-year old lawyer-politician who was born in Lockhart and grew up in Stamford will be introduced by Congressman Omar Burleson of Anson.

Strauss, whose parents, the late Charles and Edith Strauss, operated a department store on the northeast corner of the square in Stamford, graduated from Stamford High School in 1935 and attended the University of Texas from 1935 to 1941.

After serving as a special agent for the Federal Bureau of Investigation, Strauss entered the practice of law in Dallas in 1945. He is a senior partner in the law firm of Akin, Gump, Strauss, Hauer and Feld with offices in Dallas and Washington.

The former Stamford school boy has served in a number of offices in the Democratic National Committee, including the office of treasurer, State Com-

mitteeman and Chairman of the Finance Council. He was a National Committee man for Texas from 1968 to 1972. In the 1968 election, he was co-chairman of the Humphrey-Muskie campaign in Texas.

In March 1970 he was elected Treasurer of the Democratic National Committee assuming a \$9.3 million debt with an operating deficit of \$100,000 per month. Since that time, the operating deficit has been eliminated and the debt reduced. The Committee is now on a cash-and-carry basis.

Married and the father of three children, Strauss has also served as president, director, chairman, and vice-president of numerous other agencies, including Arthritis and Rheumatic Foundation of Texas, Goodwill Industries, Visiting Nurses Association, Jewish Welfare Federation, Community Chest of Dallas, Red Cross and Temple Emanu-El of Dallas and Chairman of the Board of Valley View State Bank of Dallas.

Tickets for the banquet, priced at \$3.50 each, may be obtained by sending your check to the Stamford Chamber of Commerce or asking your local Chamber of Commerce to place an order for you. A limited number of tickets are available so orders should be placed as soon as possible.

SERVICES OF THE CHURCH OF GOD IN CHRIST The revival held in Knox City was greatly blessed of the Lord. Minister Session of the Rule Church preached five nights.

The messages were: Monday "A Praying Church," Acts 12:1,5. Tues. night "Sleeping in a Dangerous Time," Matt. 25:1,6. Wed. night "Sin Was the Cause," Matt. 26:36,42. Thurs. night "Whatever He Say Unto You Do It" from John 3. Fri. night "Jesus is Passing Through," Luke 19:1,4.

Aspermont's revival too was greatly blessed of the Lord. Missionary Vanderbilt of Rule brought some good messages.

Each of the services were held during the week-end except the Sunday night service. Service was dismissed before the message. On Sunday evening we were blessed in going to a baptizing on the other side of Rule. About 9 candidates for baptism were baptized.

This week the Abilene District Convocation is being held at the Munday Church.

Article VIII, Sections 1a and 1-b of the Texas Constitution are amended to:
Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (c) which:
Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof, or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor, and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

NUMBER TWO ON THE BALLOT (S.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:
Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homesteaded property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:
Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

NUMBER SEVEN ON THE BALLOT (S.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:
Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million.

NUMBER EIGHT ON THE BALLOT (S.J.R. 2)

Article VIII, Section 1 of the Texas Constitution is amended to:
Allow the Legislature by general law to regulate the use of water supply systems or conservation property laws. The Legislature would apply such laws to any such property as is subject to the business of a water supply system or cooperative.

NUMBER NINE ON THE BALLOT (S.J.R. 20)

Article VIII of the Texas Constitution is amended to:
Allow the Legislature by general law to regulate the use of water supply systems or conservation property laws. The Legislature would apply such laws to any such property as is subject to the business of a water supply system or cooperative.

R A SLOW LEARNER MAY HAVE OTHER PROBLEMS

Often a young child that does not keep up with the rest of his class is singled out by his classmates as a subject for teasing. This in turn causes resentment by the child and can lead to definite anti-social behavioral problems.

Very frequently the reason for so-called slow learning may be due to a physical impairment such as poor eyesight, bad hearing or a speech problem. If you have a child who is doing poorly in the early grades it may not be his fault. Have your physician check it out before the problem gets serious.

National Guard Offers Trial Enlistment Plan

AUSTIN—Maj. Gen. Thomas S. Bishop, Texas adjutant general, recently announced a new enlistment option for non-prior service personnel for a 90-day trial period.

Bishop said the plan will permit non-prior service members to enlist in the Texas National Guard for six years with the option of serving three of those years in an active drill status and the final three years in the Individual Ready Reserve (IRR) Control Group.

The adjutant general said that during the final three years of the plan, members may be required to attend summer training. "They would not have monthly drills during their last three years of reserve status," the state's No. 1 Guardsman said.

Texas is one of 16 states authorized by the National Guard Bureau in Washington, D.C., to participate in the trial enlistment option plan. Bishop pointed out the new plan for the next 90 days will replace the Reserve Enlistment Program (REP) under which original Guard enlistments have been conducted since 1963.

The plan is to determine if there would be any significant

increase in the number of non-prior service accessions if the initial period of unit participation were for a period of three years, the general added.

The plan was announced by Howard H. Calloway, Secretary of the Army, for Texas and 15 other states.

In addition to this plan, 13 states are conducting similar new enlistment options whereby individuals enlist for six years with the first four years to be spent on regular drill status with the final two years in the Individual Ready Reserve Control Group.

According to a Guard spokesman, at the conclusion of the trial period, original enlistments will return to the six-year status while an evaluation is being conducted on the two optional plans.

FASHION FORECAST

A check that can't be cashed, but can draw interest, is expected to become popular, with the coming of cooler weather, that help keep up men's spirits as they help keep up their property.

With the increasing popularity of gardening machines such as the Bolens lawn and garden tractor in the picture, men who plant, and also dig fashionable clothing, are having fun with fashion by choosing stylish H.D. Lee work clothes made of Avril rayon.

Soon, though, some of the grass may be greener on the other side of the fence, there may be a compensation; neighbors in more muted suits who are also green—with envy.

Two years ago Barry proved that his 35 years of polo play was all worthwhile. He led the U.S. team to a "smashing" victory over the British team in the famous Coronation Tournament in England. The tournament is to polo what the Super Bowl is to football.

On hand in the winner's circle to present the 200-pound gold Coronation Cup to Barry and his teammates was Prince Philip, who still finds it difficult to imagine that Barry is basically "just a ... Texas rancher."

Last year Barry and the U.S. team again won the coveted trophy. Prince Charles did the honors that time.

MRS. KING HAS VISITORS

Mrs. Ida King returned to her home Monday after spending several days in the Knox County Hospital.

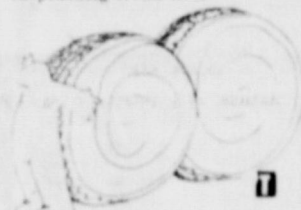

Visitors this week included her son and his wife, Mr. and Mrs. Oliver King of Plainview, Mr. and Mrs. Bob Belcher of Levelland, and her sister, Mrs. Myrtle DeGraffenried of Lovington, New Mexico.

Although he spends eight months a year with the international jet set, folks down home know Barry as "just another Truscott boy" typical of the ranchers who walk the streets of the village in faded jeans, cowboy boots, and well-worn straw Stetsons.

Barry thinks of himself as a total Texan, but many international polo experts think of him as "the most skillful polo figure in the world."

GIVE WORN-OUT TIRES THE AIR

You'll never stop your tires' tread from wearing. But there are some things you can do to prolong tread life.

First you should start with a quality tire. The fiber glass belted tires that come as standard equipment on most new cars offer extra long tread life. That's because the strong fiber glass belts keep the tread firm to reduce squirming. This leaves less rubber on the road and more on your tire.

And tread lasts longer than on a non-belted tire because it stays cool and won't start squirming all over the road. More of the tread surface will be on the road during cornering so your car turns easier. You'll have an easier time starting, stopping and handling your car on the straightaways. Overall, it means your tires could last 50 percent longer than non-belted tires.

For a free booklet entitled "Facts Of Tire Life," write to T.L. Meeks, Owens-Corning Fiberglas Corporation, Toledo, Ohio 43659.

Tips On Home Repairs

For Want Of A Nail

New York (ED)—The rhyme "For want of a nail the kingdom was lost" could apply to you, if you're negligent about making minor repairs around your castle. The Aluminum Association suggests a few places to check periodically where use of a few nails may eliminate major problems.

- **Roof shingles.** Make sure they are securely fastened. Loose shingles on the roof could lead to costly water damage after a rain. Use flat-headed, 1 1/2-inch aluminum nails with either plain or special grip shanks.
- **Gutters.** Refasten loose rain gutters before leaks occur. Your best bet are 7-inch aluminum gutter spikes.
- **Fencing.** Appear an attractive appearance by keeping those wooden planks together. When a board becomes loose, re-nail before you lose the plank. Several aluminum nail sizes and styles are good for fencing, with the "common" style the most widely used.

There are dozens of other do-it-yourself repairs that you can handle with a hammer and aluminum nails. But use the best nails. Ordinary nails begin rusting almost immediately upon exposure to moisture, so learn the nail do's and don'ts:

- Do use aluminum nails on exterior jobs—and pick the right style and size for the task.
- Don't worry about painting aluminum nails; they form a coating which gives all-weather protection. And they come in a variety of colors to match your job.
- Don't use cost-per-pound as a price guideline. You get about three times as many aluminum nails as ordinary nails. Though they're lightweight, you can hammer the aluminum variety as ruggedly as you would any other nail.

For additional information, write for the free booklet "Why Use Aluminum Nails?", from The Aluminum Association, 750 Third Avenue, New York, New York 10017.

CZECH CHEESE SPREAD HAS OLD WORLD FLAVOR

Nowhere in the United States is the culinary effect of ethnic and national backgrounds more evident than in the Midwest, according to the "American Cookery" edition of Time-Life's "Foods of the World." In the Midwest, where immigration is fairly recent, and the different groups have settled in well-defined communities, Old World food favorites not only survive but flourish. "Guaranteeing their survival," say the authors, "are not only the love and nostalgia that go into their preparation, but the superiority of the American ingredients with which they are made."

The Czechs, who settled in many communities throughout the Midwest, have given that area a number of distinctive dishes. Among the most popular of these is Liptauer Spread, a blend of cottage cheese, herbs, chives or onion and other seasonings blended with margarine which binds the various elements and makes them more spreadable.

This recipe makes use of Soft Whipped Blue Bonnet. Designed for large-family-style economy, this margarine combines the famous buttery flavor of Regular Blue Bonnet, the spreadability of soft margarine and the extra servings of the whipped type. Its makers tell us Soft Whipped Blue Bonnet Margarine spreads "32 children further" than ordinary margarine on sandwiches, toast, waffles, and pancakes.

Czech Liptauer Spread is traditionally served with

fresh farm bread, ham slices, any hour, or as a cottage cherkon and onion rings, spread with cocktail-size rye. It may be served for make-your-own sandwiches at crackers.

CZECH LIPTAUER SPREAD

- 1 cup creamed small curd cottage cheese
- 1/2 cup Soft Whipped Blue Bonnet Margarine
- 1 tablespoon chopped chives
- 1 teaspoon dry mustard
- 1 teaspoon finely chopped capers
- 1/4 teaspoon caraway seeds
- 1/8 teaspoon cayenne pepper
- Chopped chives or parsley

Beat together cottage cheese and Soft Whipped Blue Bonnet Margarine until smooth. Blend in chives, dry mustard, capers, caraway seeds and cayenne pepper. Chill thoroughly.

When ready to serve, shape mixture into a mound. Garnish with chopped chives or chopped parsley. Makes 1-2/3 cups.

Mansfields Honored On Fiftieth Anniversary

Mr. and Mrs. Herschel Mansfield celebrated their Fiftieth Wedding Anniversary last weekend.

One hundred friends and relatives from California, New Mexico, Oklahoma, and Texas helped them celebrate the occasion last Sunday with an open house hosted by their children and grandchildren.

The couple's children are Weldon Mansfield of Amarillo, E.B. Mansfield of Concord, California, Louis Abbott of Kenai, Alaska, and Renella Watson of Knox City.

Mr. Mansfield was born in Glasgow, Kentucky, in 1904 and came to Parker County in 1916 with his parents, the late Mr. and Mrs. George Mansfield.

Mrs. Mansfield, the former Ethel Reeves, daughter of the late Mr. and Mrs. F.F. Reeves, was born in Poolville, Texas, in 1903 where she lived until her marriage.

The Mansfields were married September 8, 1923, in Peaster, Texas. They moved to Haskell County in 1925, then moved to Knox County in 1933 where they have lived since that time.

FROM CALIFORNIA

Mr. and Mrs. Pete Esposa and Joe Loper, all of Lake Isabella, California, were in Knox City visiting their mother and grandmother, Mrs. Lewis Hughes. While here, they helped her celebrate her 81st birthday.

Mr. and Mrs. Buford Wright Jr. are the proud parents of a baby daughter, Shannon Dawn, born Friday, August 24 at 10:38 p.m.

Shannon Dawn weighed five pounds and ten ounces.

Maternal grandmother is Mrs. J.K. Baker of Chillicothe and paternal grandparents are Mr. and Mrs. Buford Wright Sr. of Seymour.

DIAPAUSE BOLL WEEVIL PROGRAM

The first of three spray applications for the Knox County Diapause Boll Weevil Control Program were started Monday September 10, 1973. This program was made possible by funds raised from producers by the Knox County Boll Weevil Control Association and funds approved by the Texas Legislature.

During the early part of September boll weevils begin building up fatty tissues which is called a diapause stage and some begin going into hibernation. This is a very strategic time to apply control measures to reduce the potential populations which may emerge the following spring.

Past experience has proven that at least three applications 14 days apart are required to reduce the population of boll weevils to a tolerable economic level, according to Mark Trottie, Entomologist with the Texas Department of Agriculture who is supervising the Knox County Program. Some grubs in bolls when the first application is applied may not have emerged by the time the second application is applied.

The insecticide approved for application on this program is Ultra Low Volume (ULV) Malathion at the rate of 16 fluid ounces per acre.

Field scouts checking fields before the spraying started in various areas of the County have found boll weevil punctured square damage ranging from low to high levels. Many fields in different parts of the County have ranged from 15 to 45% boll weevil punctured squares.

GRASSHOPPER NUMBERS INCREASED

Many Knox County home owners as well as farmers have likely noticed increased numbers of grasshoppers the last week or two. Carbaryl Sevin, Toxaphene, Diazinon, and Malathion are some recommended chemicals for control of grasshoppers.

STATE-WIDE BRUCELLOSIS HEARING

The State-wide Brucellosis Hearing originally set for September 18, 1973, has been changed to October 1, 1973. The Hearing will be held at 9:00 a.m. in Room 117 of the Sam Houston State Office Building, Austin, Texas. Cattle producers are welcomed to attend the hearing.

FALL ARMY WORMS

Spotted heavy infestations of fall army worms have been found in Knox County the past few weeks. Small grain producers planting wheat or oats will want to keep a close check on young grain as the recent weather conditions have been very favorable for an increase of this pest.

FHA Makes All-Time Record Loans to American Farmers

Family farmers borrowed more than \$1.4 billion from the Farmers Home Administration (FHA) during fiscal year 1973, enabling them to buy, improve and operate farms, and to restore farming operations disrupted by natural disaster. Secretary of Agriculture Earl L. Butz announced today.

A total of 195,972 loans were made to farm families, more than double the number served a year ago. The \$1.4 billion of loans is a 73 percent increase for fiscal 73 over the previous record amount of \$812.8 million advanced in fiscal 1972.

Loans made in cooperation with private lenders also greatly increased. In this program, FHA enlists the assistance of local commercial lenders to make part of a loan for buying, developing or operating a farm. The Farmers Home Administration lends the balance necessary to complete the transaction. During fiscal year 1973, private lenders provided nearly \$300 million to supplement FHA farm ownership loans and about \$188 million to supplement operating loans. By using outside credit in this manner, FHA was able to assist many more farmers than otherwise would have been possible. The net effect of this industry government cooperation has been to make supplementary credit of nearly \$2 billion available to family farmers in fiscal 1973.

The need for emergency assistance was at an all-time high because of tropical storm "Agnes," lingering drought in the southwest, flooding in the Mississippi Valley, and other natural disasters. Lending for emergency loans in fiscal

1973 totaled \$57.7 million — more than four times the amount loaned in any previous year. This money was used to help restore operations for more than 128,000 farmer-borrowers throughout the country.

Original budget figures allocated \$350 million for the FHA operating loan program. In order to assist in efforts to bring more land into productivity, and partially to offset problems arising from natural disasters, additional funds were made available for operating purposes. With these funds, Farmers Home made loans of more than \$454.6 million to over 50,000 family farmers. Previously the largest amount loaned in any year was \$337 million in fiscal 1972.

These operating loans represent short term credit and are used to purchase farm equipment, livestock, seed, fertilizer and other items necessary to keep the farm running. Under the farm ownership program, \$350 million had been allocated. Additional funds were put into this program also, enabling Farmers Home to make a total of \$408 million in loans to 15,692 families. These funds are used by borrowers to buy or improve farms, including farm buildings, refinance debts and increase income by developing non-farm enterprises. Fiscal 1973 saw the all-time high amount loaned in this program which has been in existence since 1938. The previous record was established in fiscal 1972, when \$355 million was loaned.

Ches' Comments

Greyhounds Steers had offense that from last year to make some unbalanced backfield. Joe Huff, Dale Bloxham, and Charlie Flye all did their turn in carrying the ball, and all had over 60 yards each.

On defense, the top four were Cliff Ray, with a grade of 77; Randy Egenbacher, 75; Robert Taylor, 56; and Stanley Newton, 52. These grades are based on grading of the film. Joe Huff and Ricky Hacker did a good job in the secondary by intercepting a pass each.

We meet a tough Kule this week and must execute better on offense and play a cautious type defense. They are just as good as they were last year and are looking for a better year.

They have eight or nine, better than average, seniors starting both ways and are expected to go high in the

play-offs. They run an "I" type offense and a 5 on defense. From all indications their defense is much more aggressive than it was last year. They beat a good team (Aspermont) last week and will be trying to make it number two against us this week.

We play Rule's JV here Thursday at 6:00 p.m., while our Junior High goes to Rochester to play at 6:30 p.m.

Everyone is urged to come and help back the Greyhounds.

8th GRADE NEWS
by David Anderson

This week the Junior High Football team is looking forward to playing Rochester. The game will be at 6:30 p.m. at Rochester.

This week in Mrs. Lankford's civics class, the eighth grade students had different assignments. One assignment was to the boys who did a mock constitutional convention. The other assignment was to the girls who wrote a play about rights and responsibilities.

In Mrs. Mullin's literature class we elected librarians. They are Terri Harris and Donny Mullins.

With a cassette recorder and your own ingenuity, you can find out something that most people never notice - how the world really sounds. Here are some ideas to start your thinking.

Groove on the beach - use a multi-purpose tape to record the sounds of waves, you gruntingly heaving a medicine ball, kids oohing about their sand castles.

Place your recorder in the middle of a pasture to record the croaks of frogs, the food-crunching of insects, the whistling of wind and grass - as only Mother Nature can express it.

CHANGE (From Page One)

Yams - East Texas, bushel - 85c; Sugar - Pure Cane, 25 lbs. - \$1.35; Tomatoes, standard pack, No. 2 cans, 2 for 15c; Potatoes, No. 1 Colorado white, 10 lbs. - 15c; Pork Chops, lean and tender, lb. - 15c; Sausage, pure pork, 10. - 15c; Ham, Swift's premium, center slices, lb. - 29c; Steak, fancy fed calves, loin and T-bone, lb. - 19c; Compound, Swift's Jewel, 8 lb. carton - 69c.

Another ad in the same paper had Salt Pork for 7 1/2c a pound.

The above sounds ridiculous - this day and times. It would seem that the dollar is only worth about 10c!!!

You may use this some time if you like and I have the paper to verify.

Yours,
/s/ Roy Baker

VISIT IN ESCOBAR HOME
 Janie Escobar of Fort Worth and Charles Escobar of Lubbock visited in the home of their parents, Mr. and Mrs. Ray Escobar, over the weekend.

No-Egg Muffins—Treat For Low Cholesterol Breakfast

More and more doctors are urging their patients to undertake a low cholesterol diet. High serum cholesterol levels are associated with a high risk of coronary heart disease. By modifying your family's diet to include less saturated fat and cholesterol, you can help in guarding their health. In addition, this diet tends to be more economical.

Eggless Jelly Muffins prepared with Fleischmann's Margarine make a tasty breakfast treat, ideal for low-cholesterol diets.

Following a low-saturated fat diet requires no drastic changes. The simple substitution of margarine for butter is a major step in reducing the daily intake of saturated fat and increasing polyunsaturates. In addition, cut down on eggs (egg yolks are the single highest source of cholesterol in the average American diet), fatty meats, shellfish and high fat dairy products. Substitute lean meat, poultry, fish and skim milk dairy products.

This tempting breakfast muffins are just one way of proving that sensible eating can be delicious.

NO-EGG MUFFINS

- 1½ cups unsifted flour
- 3 tablespoons sugar
- ¼ teaspoon baking soda
- ¼ teaspoon salt
- 1 cup buttermilk
- 3 tablespoons Fleischmann's Margarine, melted

In a bowl thoroughly mix flour, sugar, baking soda and salt. Add buttermilk and melted Fleischmann's Margarine and stir just until dry ingredients are moistened. Fill greased medium-size muffin cups about 2/3 full. Bake in hot oven (400° F.) for 25 minutes, or until done. Immediately remove from muffin cups; serve hot. Makes 1 dozen, 95 cal./muffin.

JELLY MUFFINS: Fill greased medium-sized muffin cups about 1/3 full. Place 1 teaspoon jelly in the center of each, then fill cups about 2/3 full with remaining batter. Bake as directed above. Makes 1 dozen. 140 cal./muffin.

H-D Club Opens Year

The opening meeting of the club year of the Knox City Home Demonstration Club was held in the Community Center Tuesday, September 4.

Club president Mrs. B. Hendrix presided at the luncheon meeting, which featured a program on "How and When to Use What's in Our Homes for Cleaning Products." The program was given by Knox County Home Demonstration Agent Mrs. Don Carmichael, who listed five classes of cleansers.

New members were welcomed, including Mrs. C. O. Thomas, Mrs. Curtis Alsop, and Mrs. Ralph Smith.

Guests were Mrs. Bill Anderson, Jimmy Byrd, Leah Boone, and Shea Stubbs.

Members attending the meeting were Mesdames M.L. Cowan, John Egenbacher, Bill Smith, Brian Williams, O.B. McElroy, Marshall Wilson, Guy Robinson, and Jessie Teague.

Mr. and Mrs. Mark Anderson of Johnson City are the proud parents of a baby daughter, Casey Renea, born Saturday, September 8, at Fredricksburg. Casey Renea weighed eight and one-half pounds and is 20 inches long.

Maternal grandparents are Mr. and Mrs. E.Y. Murphy of San Angelo, and paternal grandparents are Mr. and Mrs. Bill Anderson of Knox City.

Great grandparents are Mr. and Mrs. S.D. Anderson of Abilene and Mrs. George Martin of Midland.

IN BUCHANAN HOME
 Visiting in the J.O. Buchanan home recently were her brothers, John Owen of Fort Worth and F.L. Owen of Pampa and her sister, Mrs. Sue Fanning of Sunland, California.

FROM FORT WORTH
 Joe Reeder III of Fort Worth visited in the home of his parents, Mr. and Mrs. Joe Reeder Jr. Labor Day weekend.

Joe is employed by the Social Security Administration in Fort Worth as a claims representative.

Delta Kappa Gamma Meets Here Saturday

The Beta Chi Chapter of the Delta Kappa Gamma held its first meeting of the new school year last Saturday, September 8.

Knox City members were hostesses and the group met in the Community Center at 2:30 p.m.

Mrs. Hazel Long was in charge of the program "What Membership in Delta Kappa Gamma Means" and all members participated in a round table discussion.

A Delta Kappa Gamma luncheon was given by Mrs. Mary Martin and Mrs. Virginia Casey.

During the business session, conducted by Mrs. George Ann Robinson, president of Aspermont, membership dues were increased.

Mrs. Gretchen Colehour was winner of the door prize, a set of ceramic coffee mugs made by the president.

Twenty-six members enjoyed refreshments of lime sherbert and gingerale.

The regional Delta Kappa Gamma meeting will be held October 27 at Jacksboro, and

will begin at 8:00 a.m. Reservations must be in by October 19, according to Mrs. Ottis Cash.

IN SMITH HOME
 Mr. and Mrs. John Ed Smith, Susan and Mike, and Lane Martin, all of Midland, and Mrs. Haby Schoonmaker, Stevie and Scott of Carrollton were recent guests in the John A. Smith home.

Mrs. Smith accompanied her son and his family home and spent several days last week.

WHAT DOES THE BIBLE SAY?
 WHAT FOR WHICH WE STAND
 (Continued)

for the church as Jesus made it, and as the church in the New Testament during the days of the apostles. It was, both then and now, a divine institution (1 Cor. 1:18), and is thoroughly described in the Bible (The word "church" is not found in the Bible). The word "church" is its law, and it is its mission.

Therefore, against any change, division or schism in the church as Jesus established it (1 Cor. 1:18). In the Bible, we find that there is only one church (1 Cor. 10:4-6, and "but one body," 1 Cor. 12:13). The church Eph. 1:21-22. The same church in the world today, and, would if we all followed the plan of salvation as Jesus revealed it, and as the church of the New Testament followed it. Christ is still our only way, our only saviour and Lord, (1 Tim. 1:15). His only way of salvation. Jesus said, "He that is baptized shall be saved, (Mk. 16:16); Has Peter said, "Repent and baptized every man in the name of Jesus Christ for the remission of sins. Has the Holy Spirit cancelled this law? Has the Christians were all "baptized into one church" (27). Can there be any other way to be saved through Christ.

Therefore, against all human theories of salvation, and strongly oppose such things as the Faith Only System, the Doctrines of the Faith Only System, which contradicts the Bible, and leads men to disobey the law of God, and we deny only because they are not true, and we deny that men can be saved in any way but the one way taught by Christ.

Apply Early For Financial Aid Students Advised To Plan Ahead

Knox County Schools Counselor, Mrs. Arnold Reeves, has received the following information from the College Board regarding types of financial aid available to young people planning to attend college.

To get the financial aid you need for college next fall, you'll have to do some sound, realistic planning right now! You'll have to find out what college will cost, what you and your parents will be able to pay, and especially, what you must do to apply for the different kinds of aid that are available—grants, loans, jobs.

The very first step in your planning should be to get a copy of Meeting College Costs in 1974-75, a free booklet prepared by the College Scholarship Service (CSS) of the College Board. Copies of this booklet, which can help you find out all you need to know about financial aid for college, have been sent to high school guidance offices throughout the county.

Meeting financial aid application deadlines can increase your chances of getting an award. The checklist on page 2 of Meeting College Costs outlines the steps you should take—and when you should take them—to get the money you need. The rest of the booklet

will tell you how to determine your own financial need—how the financial aid process works and what part you play in making it work for you, how to complete the Parents' Confidential Statement (PCS), and more.

Colleges all attempt to award money to those who need it, and "need" is determined by many factors including family income and the cost of the college you want to attend. Don't assume that your family income is too high before you even figure it out. Ask your parents and counselor to help you.

FROM LONGVIEW
 Mr. and Mrs. Haley Hackney of Longview visited his cousin, Mrs. Mabel Pyatt and other relatives here Wednesday night of last week.

IN HAMLIN
 Mr. and Mrs. Doug Meinzer and Tyke visited their daughter and family, Mr. and Mrs. Jimmy Skiles, Scotty and Kristie in Hamlin recently.

Visiting the Meinzers last week was their daughter, Mrs. Floyd Baker of Hale Center.

You have to take the first steps to set the process in motion—and there's a lot to do before you can receive money for college next fall.

IN ABILENE
 Mrs. E.Q. Warren was in Abilene last Thursday to attend a piano and organ work shop conducted by David Carr Glover of Norfolk, Virginia.

Mr. Glover is an outstanding composer and teacher of piano. The workshop, and luncheon following, was attended by some 70 Big Country music teachers. It was sponsored by S & M Music Company of Abilene.
