KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, MAY 25, 1944

NUMBER 35

## High School Alumni Association Will Convene Here June 4th; Plans Made For Record Crowd

The Fourth Annual Knox City High School Alumni Association meeting will be held here Sunday, June 4. Representatives of 34 graduating classes, former students and patrons will meet in the school auditorium and pay homage to their alma mater.

Featuring the days program will be the recognition of approximately 80 graduates, including two Wacs, who are now members of the nation's armed services. T. E. Holcomb will read the service rolls for World War I and World War II.

A basket lunch will be held in the auditorium at noon and officers will be elected by members of the Alumni Association at the afternoon session. Henry Jones, association president, said that all former students, ex-teachers, and all school patrons are invited to the programs and lunch. Each person attending is asked to bring an ample lunch to assist in serving out-of-town visitors.

All churches in Knox City will dismiss after Sunday School and the members of all congregations are invited to be at the Grammar School Gym at 11 o'clock. We are asking all the local ministers to have some part on the program during the day. We desire a packed house at the 11 o'clock service and are asking everyone in Knox City to be present Sunday morning, June 4.

### PICNIC LUNCH

At noon, Sunday, June 4, every school patron and every friend of the school is asked to bring a basket lunch to the school and help make the day successful. If it is impossible to come for lunch, do not stay away from the morning service.

The following is a suggested menu: Meat, devilled eggs, salad, vegetable, dessert.

Coffee and ice water will be furnished. If you desire tea or sugar, bring your own drink.

### Notice

If you would like to attend the Alumni Association this year but are not planning to because you have no relatives or close friends to stay with while here, do not let that keep you away. We have a housing committee for that purpose and that committee will see that you are entertained in a home while you are here.

It would be a good idea to write Henry Jones, president, or one of the housing committee so there will be no delay in assigning you to a place when you get here.

### COMMITTEES

Decorating committee: Ruth Rice, Mrs. Olvis Hamm, Mrs. Chad Wilson. Table arrangement: Roy Smith, Ancil Waldrip, Loyce Teague, E. R. Carpenter.

Food arrangement: Mrs. Lee Smith, Mrs. Lloyd Waldrip, Mrs. Neal Logan, Mrs. Geo. Montandon. Ice water & coffee: Lloyd Waldrip, Pete Whitten.

Housing committee: Mrs. Myrtle White, Mrs. C. Bohannon.

Social committee: Henry Jones, Vance Favor, Mrs. Bob Vaughan, Mrs. Rex Keys, Mrs. E. R. Carpenter, Mrs. Bill Clark, Mrs. E. E. Teaff. Registrar: Mrs. Bernice Swift.

### REGISTRATION AND DUES

Miss Bernice Swift is treasurer and chairman of registration. We are asking every ex-graduate to pay the 25c dues to Miss Swift on or before registration. Those who are out-of-town and cannot be here may send their dues to Miss Swift.

In order to carry on this organization we have to have money. The dues are only 25c per year. We wish every graduate would pay this amount as soon as possible. If you do not want another about sending a 25c coin, a dollar bill and you will be given credit for paid up dues for four years.

Some exes have remarked that the receiving of the paper alone is worth the amount of the dues. For this 25c you get the paper and if you attend you will get programs and one of our good Knox City dinners.

This makes the fourth year for you to receive the paper and some of you have not paid any dues. Please do this and help us carry this organization on.

Set. and Mrs. R. E. Milford and baby daughter left Tuesday to return to his camp at Great Falls, Montana. Gene Milford left the same day to visit his mother at Brownwood for the summer months.

### Addresses

Since we first collected the addresses of the ex-graduates many of them have been changed. If the parents and friends of the ex-graduates will call the Herald office (2902) and give them the correct address we will see that every one gets a paper.

### CITIZENS URGED TO HELP

The people who came from out-of-town expect to see the residents of Knox City present. Last year's disappointment was expressed by several who came a long distance because a number of our prominent pioneer residents were absent from the two assemblies. We wish that you would make it your duty to be there to make a successful day for the ex-graduates. Make a special effort to be there.

The members of the ex-graduates association of the Knox City High School are fully aware of the fact that tires, gas and foods are rationed but they feel that the work of the association should not be dropped.

No doubt, there will not be as many from out-of-town who can attend this year as formerly has been the case, but there will be a few who can come and those at home can work a little harder to make the meeting a success. It will be good for us at home to get together and visit with one another.

So, we are asking each one on the home front to put forth every possible effort to help make this meeting a big success. The president and other officers of the association and the committees at work need you to help to make this meeting go forward.

We are all deeply concerned about the war that we are now engaged in but a Sunday of worship where we can get together will tend to boost the morale of all who attend.

Those who have planned this meeting believe that it is in keeping with the times and that it will not be in the least unpatriotic and they are asking the support of every ex-grad of the Knox City High School.

## Hospital News

### Patients in Hospital May 23rd

Earl Claburn, Munday. G. W. Russell, Goree. Will Wade, Rochester. Elton Robertson, Knox City. Sam Ferguson, Knox City. Mrs. Carl Darr, Guthrie. Gentry Day, O'Brien. Mrs. Ira Ferguson, Rochester. Baby Haynie, Rochester. Mrs. Grady Weaver, Munday. E. F. Branton, Knox City. R. R. Franks, Throckmorton. Mrs. G. A. Woods, O'Brien. Mrs. Robert Speed, Munday. Mrs. Dane Quails, O'Brien. Mrs. O. L. Howell, Abilene.

### Patients Dismissed Since May 16th

Baby Freddie Bufkin, Benjamin. Mrs. Frank Glover, Benjamin. Baby Lea, Knox City. David Paul Wade, Carrizzo, N. M. Harvey Stanfield, Rochester. Mrs. V. M. Collier, O'Brien. Mrs. Gerald Barnard, O'Brien. Mrs. Mozell Woodall, Munday. Miss Betty Kinsey, Crowell. Mozell Corley, Knox City. Mrs. W. H. Walling, Munday. Baby Oliver, Rochester. Baby Epipanio Mata, O'Brien. Ramona Davida and baby daughter, Munday. Mrs. W. R. Harmon, Seymour. Ann Elliott, Munday. Clyde Williams, Jr., O'Brien. Mrs. A. L. Tibbets, Rochester. Mrs. J. K. McMorris, Seymour.

### Births

Ramona & Alfredo Davida, a daughter, Munday.

Mr. and Mrs. J. T. Cypert and baby visited the I. R. Cyperts south of Munday Sunday for a farewell dinner for their son, T. B., who left Monday to be inducted into the army.

## H. D. Council Will Meet At Benjamin

The Knox County Home Demonstration Council will meet Friday, June 2, in the assembly room of the Benjamin courthouse.

The 4-H Club girls of Munday, Hefner, Goree, Sunset, Knox City, Rhineland, Union Grove, Truscott, Gilliland, Vera and Benjamin will present a style show before the women of the council.

The girls will model dresses, pinafores, house coats, skirts, play suits, blouses, Dutch bonnets, bags, and other items that they have made from feed sacks.

Each 4-H Club is to have four or five models and a speaker for their club. Ribbons will be awarded to the club that has the best style show. All club girls and their mothers are urged to attend the event.

The council will be hosted by the 4-H club girls.

## Miller Bros. Appear Here Monday Night

Sponsored by the Brock Home Demonstration Club, the Miller Bros. Orchestra and the Homestead Trio will appear at the Knox City school gym Monday night, May 29, at 8:00.

This group of entertainers are well known in this community and always have a good show for the public.

The proceeds of the evening will be used by the Brock club to help in its club work.

## Christian Women's Association To Meet

The Christian Women's Association will meet Monday, May 29, at the Baptist Church and will present the following program:

Song—"Take My Life and Let It Be."

Scripture—I Kings, 8:22-61. Mrs. T. P. Frizzell, Sr.

Prayer—Mrs. Bedford Smith. Book Review—"The Silent Billions Speak", Mrs. Lloyd Hamilton.

Song—"From Greenland's Icy Mountains."

Prayer—Mrs. Geo. Hardberger. The women of all the churches are invited to attend.

## Lions Club Sponsors Lecture Here June 13

Residents of Knox County and the surrounding territory will have a chance to hear an address by an eyewitness observer who spent 13 years in Japan, when James H. Course of Dallas, speaks at the school auditorium at 8:45 Tuesday night, June 13.

Mr. Course is appearing in Knox City through the courtesy of the local Lions Club who have gone to considerable expense to bring him here. There will be no charge made for admission and a blanket invitation has been extended by the club to everyone to come out and hear him.

It will be a return engagement for Mr. Course since he appeared here on April 6, speaking only to the Lion club members at their weekly luncheon, but since he had such a forceful, gripping message it was decided by the club to bring him back and give the entire community an opportunity to hear him.

A veteran of World War I, Mr. Course served in the British army and was prisoner-of-war in Germany for the last nine months of that conflict. At that time he was a British subject but is now an American citizen. After the war he came to America to complete his education and lived here until 1928 when he and his wife went to Japan. They lived there until 1941, were in China and neighboring provinces for a while and came back to the States shortly before Pearl Harbor, when it was evident to him that a war between Japan and the United States was impending.

While in Japan Mr. Course was employed by the Japanese government as an instructor of Economics and Commerce in its leading colleges and universities. Holding such a post with the

## High Wind Wrecks Several Buildings

High winds accompanied by rain and hail, destroyed several farm buildings near Knox City Saturday night. The farm home of Mr. and Mrs. Clyde Voss, on the D. H. Henry place, was demolished as the family made an attempt to vacate it. Although not seriously injured the family was badly bruised and battered for their experience. The house and its contents were completely demolished as was an automobile and several outbuildings.

Several buildings on the Lee Coates and Shirley Parks farms were destroyed. Hail did considerable damage to vegetation in the path of the storm. Heavy rains beat the small crops down or washed them under in downpours that reached three or four inches in some localities.

The moisture was not very general as the northern part of the county reported only a sprinkle.

## Benjamin Study Club Holds Final Meeting

The Sorosis Club of Benjamin closed their years work with a meeting installing new officers on last Thursday, May 18.

New officers for the year 1944-45 are: Mrs. O. W. Driver, president; Mrs. Doyle Pysatt, 1st vice-president; Mrs. Carl Patterson, 2nd vice-president; Mrs. L. M. Williams, recording secretary; Mrs. W. T. Ward, corresponding secretary; Mrs. E. B. Sams, librarian; Mrs. J. W. Melton, historian.

Names of parliamentarian and club reporter were not secured.

Mrs. E. B. Sams, retiring president, served as hostess for the day. This meeting closed the club work until mid-September.

## Primitive Baptist Meet At Union Grove

A Primitive Baptist meeting will start Friday, May 26, at the Union Grove schoolhouse. The first service will be on Friday night, with a service Saturday morning at 11 o'clock and a special communion service at 2 o'clock Saturday afternoon.

The meeting will be concluded with a service at 11 o'clock Sunday morning. Special speakers have been engaged for the meeting. Elder Smith of Manitou, Oklahoma, will be the principal speaker. Everyone is invited to attend the services.

Rev. Floyd V. Bailey, former pastor of the Knox City Foursquare Church, was in town the first part of the week on business.

Rev. Bailey is now located in Amarillo with the Foursquare Church there but says he considers Knox City his "home town." He has a host of friends here.

## ED GOSSETT WILL SEEK RE-ELECTION

Representative Ed Gossett has authorized this paper to make his formal announcement as a Democratic candidate for re-election to Congress. Both in age and time of service Mr. Gossett is one of the youngest members of the House of Representatives.

ED GOSSETT

He is a strong supporter of the administration's foreign policy and of the country's war program.

Gossett states: "The greatest problem in every honest heart is to get the war successfully over as quickly as possible with a minimum loss of human life, and then to get the boys back home and into profitable employment. Following this our greatest problem will be to win the peace." On this he thinks there should be no disagreement.

Long a serious student of international affairs, Gossett says "We must abandon policies of isolation and appeasement. In morals and military might we must become and remain the world's greatest power. We must rely upon strength, fair dealings, and reasonable collaboration for the preservation of peace."

During his brief service in the Congress Mr. Gossett has distinguished himself for independent thinking and courageous action. He feels we should have three strong and independent branches of the government, but all working together for the common good.

Gossett has many times condemned profiteering out of the tears and tragedy of war as criminals, and advocates the recovery of all excess war profits. Even before Pearl Harbor he advocated a longer work week and the outlawing of strikes in time of war. He believes an overwhelming majority of the laboring men of our section feel as he does about this. Nevertheless, he has been blacklisted by the radical, communistic Political Action Committee of the CIO, headed by Sidney Hillman.

Gossett contends that ever since the Civil War our section has suffered many kinds of economic and political discriminations. He has been a hard and constant worker for the removal of these discriminations. Several bills introduced by him for this purpose have been receiving more and more attention and support. Among these bills by our Congressman are: one to provide equality under existing social security laws; another to equalize freight rates; still another would secure more equal representation on the United States Supreme Court.

Mr. Gossett has been an enemy of trusts and monopolies. He has singled out the farm machinery trust for repeated attacks. He warns that farm machinery trusts have lost millions in foreign factories during the war and will charge this to the American farmer after the war.

Mr. Gossett makes no point of his personal history. However, he is proud of having been reared on a farm as the oldest of nine children. At 16 years of age he became entirely self-supporting, working all of his way thru his last year of high school and also college, eventually earning both academic and law degrees. He is now 42 years old. In 1939 he married Mary Helen Moseley of Quamah. They have three children.

Mr. Gossett is Chairman of an Elections Committee of the House and is a member of the Census, Territories, Insular Affairs, Revision of the Laws, (Continued on back page)

## Clyde Graham Gets Wings At Craig Field

Clyde Graham, son of Mr. and Mrs. L. W. Graham, received his pilot wings at a graduation ceremony at Craig Field, Selma, Alabama, Tuesday. With the award goes the promotion to rank of First Lieutenant.

Mr. Graham arrived in Knox City Wednesday for a 10-day visit with his family and friends. He was a guest of the Lions Club at their luncheon today.

The Grahams have four sons in the service and two married daughters whose husbands are serving.

Jeff and Doyle are in the Navy and Clyde and Dale are in the Army. Their daughters, Mrs. Bedford Smith's husband is a chaplain in the Army, and Mrs. Jack Wilson's husband is an ensign in the Navy.

## Harvesting Machinery Object of Search By County Agent Dunkle

Eighty members of the Knox County Victory Leaders have just completed a very thorough survey of their respective neighborhoods regarding the total number of combines and to determine the needs of migratory labor, including the number of tractor drivers, truck drivers, combine operators, and trucks that might be available for use within other neighborhoods of the county after the harvest within their own community is completed.

The result of the survey indicates that Knox County has 23,725 acres of wheat; 12,648 acres of oats and 879 acres of barley. The total of 103 combines were listed within the county.

The problem that is of most concern is the harvest of the combine grain sorghum crop this fall when each combine listed will be required to cut approximately 1,000 acres of combine grain sorghum.

This, of course, is an impossible task and Knox County farmers will necessarily have to depend upon outside help during the grain sorghum harvest period.

The County Agent, R. O. Dunkle, is making an effort now to locate combines and tractor owners in other counties who will be available for out-of-county work. All county agents in Texas are in communication regarding the labor and harvest periods in each county and it is hoped that mutual understanding will eliminate the problem of directing migratory labor to areas of Texas where it is needed most.

## Draft Board Putting Men Back In Minor Classification List

Registrars reclassified by the Knox County Local Board at their meeting May 23, indicate quite a few men who were in I-A classification have been put in other lists under the latest advice from draft headquarters at Austin.

A—Clyde Myers, Paul Ford, Stanley Speck, James Harrison.

1-A(L)—Golden L. Sawyer.

1-C—Benty Crawford, Lyman Edwards, J. O. McMahan, Owen New, Elsie Steward, Edward Trainham, Alton Ward.

2-A—Camilo Ramirez, Doyal Walker James Dalrymple, Archie Yarbrough, Henry Harrison, Fred Warren, Aubrey Hedger, Jesse Patty.

2-B—Clyde Myers, Olen Payne, Paul Ford, Horace Patterson, Jessie Cockraft, James Bryant, Albin Homer.

2-C—Daniel Rountree.

3-D—Roy McGuire.

4-F—J. B. Barnes, Granville Westbrook, Elmer Hutchens, Alva Bays, Dolores Bonilla, Juan Benevides.

Mrs. Vernon Bridges and daughter, Margaret Ernestine, of Lubbock have been here visiting her parents, Mr. and Mrs. S. E. Youngblood. Mrs. Bridges and her daughter had been visiting Pvt. Bridges in Wichita Falls until he was transferred to a camp in Florida.

# KNOX COUNTY HERALD

C. H. MOSS, Editor

TELEPHONE, DIAL 2902

Entered as second class matter at the postoffice at Knox City, Texas, under the act of March 3, 1919.

SUBSCRIPTION RATE, YEAR \$1.50

Governor Coke Stevenson last week issued an appeal to Texas housewives to save more used household fats. Texas, he said, was lagging by about 24 per cent in producing its quota of this vital salvage.

Almost all of our import sources of fats and oils were cut off when the Japanese occupied the Philippines and the Dutch East Indies. This stoppage presented the nation with a crucial problem in the manufacture of explosives, synthetic rubber, military medicines and countless other war-time necessities.

And the problem did not end there.

**CAMERON'S ARE DOING SOMETHING ABOUT THE "CACKLE FRONT"**

Yes, and for 75 years Wm. Cameron & Co. has been catering to the needs of the food and livestock producers of the Southwest. For dependable information and building suggestions Cameron's is considered headquarters.

## FARM BUILDING MATERIALS

The needs of Cameron customers are usually filled. To replace critical war material, Cameron's offers new kinds of material that are designed to do the job. Take your building problems to Cameron's.

High Quality—Long Lasting

## BARN PAINT

For generations Cameron's Standard Barn Red has been the preferred paint on thousands of farms and ranches. It wears longer and spreads better.

### IMPLEMENT PAINT

Protect wagons, tractors and implements with this especially prepared paint. It's economical. Two gallons is enough to paint every implement on the average farm.

## READY MADE FARM STRUCTURES

Busy farmers appreciate this Cameron service. Chicken houses, hog houses, feeders, etc., ready-made at money saving prices. Substantially made, waterproof and weather-tight.

**AVENARIUS CARBOLINEUM**

Use application a year till and keeps out mites, blue bugs, head ticks from poultry houses. Wash accessories and sties. Stops lice, too. See us for genuine government Carbolineum.

## Gems of Thought

A good man out of the good treasure of the heart bringeth forth good things.

—Matthew 12:35

It is impossible to live pleasantly without living prudently, and honorably, and justly, or to live prudently, and honorably, and justly, without living pleasantly.

—Epicurus.

The serene, silent beauty of a holy life is the most powerful influence in the world, next to the might of the Spirit of God.

—Pascal.

The joys of heaven will begin as soon as we attain the character of heaven and do its duties.

—Theodore Parker.

The good man's hope is laid far, far beyond the sway of tempests, or the furious sweep of mortal desolation.

—H. K. White.

O glorious hope and blessed assurance. "It is your Father's good pleasure to give you the kingdom." Christians rejoice in secret, they have a bounty hidden from the world.

—Mary Baker Eddy.

### O'BRIEN MAN AT CAMP WOLTERS TRAINING CENTER

Camp Wolters, Texas—Pvt. Selo R. Hernandez, 24, husband of Jovita F. Hernandez of O'Brien, has arrived at this Infantry Replacement Training Center to begin his basic training as an infantryman.

He has been assigned to a battalion stressing heavy weapons.

The United States a few days ago held nearly 184,000 prisoners of war, who are housed in 203 camps located in all but seven of the states.

Our allies also needed huge quantities of these fats and millions of pounds have been shipped to them under lend-lease. The United States not only had to become self-sustaining in a commodity which she normally imported but had to become an exporting nation. The conversion was a big one and made possible almost wholly through the efforts of the American housewife.

The Governor urged every Texas housewife to save at least one tablespoonful of fat a day and help bring Texas to the top of her production quota.

Herald joins the Governor in urging each and every housewife in Knox County to back this fat salvage drive to the limit. Don't just save one tablespoonful a day but every drop that is not necessary for your own cooking needs. Save it in your kitchen at all times. Pour your grease in it and when full bring it to your local butcher.

## Political Announcements

The Knox County Herald is authorized to announce the following candidates for office in Knox county, subject to the action of the Democratic primaries:

### For County Treasurer:

W. F. (WALTER) SNODY

R. V. (BOB) BURTON

(Re-election)

CHARLEY WARREN

N. S. KILGORE

### For Tax Assessor-Collector:

E. B. (EARL) SAMS (Re-election)

### For County Commissioner, Precinct 1:

RAY WILLIS (Re-election)

### For Commissioner, Precinct 2:

SAM SHIPMAN

### For Sheriff:

L. C. (LOUIS) FLOYD (Re-election)

### For District Attorney:

CHARLIE BLOUNT (Re-election)

HERBERT B. SAMS

### For Representative, 11th District:

CLAUDE CALLAWAY

(Re-election)

### For Congress, 15th District:

GEORGE MOFFETT

ED GOSSETT (Re-election)

**I GIVE YOU TEXAS**  
by BOYCE HOUSE

Years ago, the sports department of a big Texas daily had so many important football games coming up that they called on the state editor to write up one of them. He was tall, gray-haired, matter-of-fact, and had seen just two football games in his life—and they were so far back that a field goal counted four points and a team had only three tries for first down but the distance was only five yards. However, he didn't let on and the story that he wrote was a gem—of its kind. Here's the way it started off:

"The Comanche Indians tied a knot in the San Angelo Bobcats' tail."

A bobcat has a tail about half an inch long and anybody that could tie a knot in that, really would be doing sump'n!

Reminds me of the two men who were talking on the street and one of them remarked:

"Any man who would hide behind a woman's skirts is a coward."

The other glanced around at the short skirts and replied:

"Any man who can do that is a magician."

And that calls to mind the days of national prohibition. After beer was banished, some company brought out a product known as "near-beer." Two men were trying it out and one of them held up a glass and said:

"The fellow who named this near-beer was a darn poor judge of distance."

Self-portrait: Know very little about mathematics or machinery; can't play any musical instrument—(would especially like to have been able to play a banjo and harmonica); don't mind asking questions rather than pretending a knowledge through silence; am afflicted with very little envy, feeling that wealth has been won through service rendered, in which case it is clearly earned, or else has been bought at the cost of broken promises and sacrificed friends—and why should you envy anyone who has paid so grievous a price for dress?

## Letter From Men In Service

New Guinea, May 4, 1944

Dear Mother:

I'll write a few lines to let you know I am o. k. I am in New Guinea. I haven't been around much but what I have seen looks pretty good. It is some different from any place I have ever seen.

Mother, as I am short of news, I'll say goodbye for now. Please don't worry.

Love, your son,

L. J.

Pvt. L. J. Snelson, 517 Ord. Co., HMFA, APO 503, c-o Postmaster, San Francisco, Calif.

Somewhere in Italy

May 2, 1944.

Dear Grandmother

I have just received your letter and am so glad that everyone is well. I am fine.

I would sure like to be at home tonight, although I know most of the boys I knew at Knox City are away in the service.

Grandmother, is L. J. and J. C. still in the States? I would like to have their addresses.

I'll sign off now as there isn't anything to write. I'll drop in a picture; it isn't much good but you can make out which one is me.

Write when you have time as I am always glad to hear from home.

Your Grandson,

Sgt. William M. Snelson, 696 Engineer Ret. Dist. Co., APO 782, c-o Postmaster, New York, N. Y.

Some folks who are now cheerfully burning up the dollar may ponder over a nickel in future years before they spend it.

## Union Grove News

There will be an all-day quilting and cooler clinic held in the home of Mrs. J. C. McGee, Friday, May 26. All wanting their cookers tested please bring them.

The community reported a nice rain in all parts. Some hail but not enough to damage things.

Mr. and Mrs. W. H. Hodges and Mrs. W. L. Pack and children and Mrs. W. L. Freeman spent Sunday in the home of Mr. and Mrs. J. P. Hodges of Sunset.

Mr. and Mrs. Short Youngblood spent Sunday evening in the home of Mrs. Ada Papworth and Ruth.

Mr. and Mrs. J. C. McGee spent the weekend in Electra with Mrs. McGee's brother.

Mr. and Mrs. J. P. Hodges and children of Sunset spent Saturday night in the home of Mr. and Mrs. W. H. Hodges. They were in town when the rain came and were unable to get home on account of high water.

Mr. and Mrs. Ulric Lea are very proud to report they have brought their son home from the hospital. He is doing nicely.

Little Phillip Wayne Russell was ill last week but is better this week.

Two men of our community celebrated birthdays this week. Mr. Woodie Hodges was 55 Sunday, Mrs. J. W. Green was 73 Tuesday. Both men are able to do their field work.

Mrs. Lloyd Freeman, Reporter

### BIRTHDAY PARTY

Mrs. Mercer Armstrong entertained a group of Carol Ann's friends Monday evening in honor of her tenth birthday. After dinner the following guests attended a show:

Jean Carol McAuley, Julie Frizzell, Zana Ann Hamm, Jo and Wanda Carol Denton, William Henry Arledge, Den Davis and Henry Jones.

## Directions Given For Canning Pineapple

### Preparing Fruit

Here is how to prepare the fruit for canning. Cut off the stem and twist out the top. Place pineapple on its side on a table and slice crosswise. Peel each slice. Cut off core and shape the slices with a sharp round cutter or cut in pieces of any desired shape.

Juice or syrup for canning the fruit is best made from cooking the outer trimmings of the meat of the fruit, as the best flavor is the part next to the skin. Add cores and enough water to cover. Simmer until the fruit is clear, then strain the juice. Make a medium syrup with one measure of sugar to one measure of fruit juice. If less sugar is available, make the syrup with one-half cup of sugar to one cup of juice.

### Pre-cook This Way

Cook slices or pieces of fruit in medium syrup eight to ten minutes. Pack in jars and seal.

Or, if packing raw fruit in the container is preferred, pour hot syrup on the fruit and steam for five minutes. Then seal the container.

### Process Like This

After sealing the jars, process in a water bath for 15 minutes for No. 2 cans, 25 minutes for No. 3 cans and pint glass jars; 30 minutes for quart glass jars. Use plain tin cans.

Cool quickly to prevent overheating as this affects the flavor and color. Clean and label containers before storing them in a cool, dry place.

### PINEAPPLE JUICE

Scrub pineapple, slice and remove peel but not "eyes." Grind through food chopper. Add one-half as much water as pineapple and simmer until the fruit is tender. Strain through several layers of cheesecloth. Add one-half cup sugar to a gallon of the juice. Heat to simmering again and pour in hot container. Process in water bath in quarts or pints for 20 minutes. A plain can is satisfactory but glass is preferred.

## V. D. Campaign In State Gets Results

The State Health Department's efforts to control venereal diseases in Texas is showing highly gratifying results in the number of cases found, and cured in the quarantine and rapid treatment centers.

In a report this week, Dr. Geo. Cox, State Health Officer, disclosed that approximately 2000 infectious cases of gonorrhea and syphilis have been treated and dismissed as cured in the rapid treatment centers now in operation. Located at San Antonio, Corpus Christi, Mineral Wells, and El Paso, these hospitals have a combined capacity of 250 beds. It is expected that a fifth center will open at Waco the middle of June, providing beds for 100 additional patients.

"At the present time," Dr. Cox said, "there are nearly 300 patients in these four hospitals and the treatment now used will effectively cure the average venereal disease patient."

The staff of trained investigators who trace contacts and locate the sources of infection have been concentrating their efforts in military areas with excellent results. All contacts found to be infectious and who refuse to take treatment from their family physician are placed in quarantine and treated until cured.

## A. L. DARR SENDS FATHER SEA ISLAND COCOANUT

J. T. Darr received a very unusual package through the mail last week. It was a large cocconut in the natural husk or shell just as it grows on the cocconut palm tree down in the tropics.

It was sent to him by his son, A. L. Darr, SP1c, stationed a o m e place where cocconuts grow. The address was written directly on the husk in white ink. It is a novel souvenir.

## CHANGE IN VALIDITY OF RED STAMPS, BOOK FOUR

Red Stamps from War Ration Book Four, US, V8 and W8, will become valid beginning June 4, 1944, according to a bulletin from the Knox County War Price and Rationing Board.

This change has been made effective by an amendment to Ration Order 16. Consumer charts now in the hands of retailers show these stamps to be valid as of May 21, 1944.

**CARD OF THANKS**  
We wish to thank our friends, neighbors and loved ones for their kindness and thoughtfulness to us in the loss of our home in the storm.  
Words cannot express our feeling to you who gave so freely of work, food and clothing.  
May God look down on each and every one of you and bless you. If trouble ever befall you may you have just such friends to stand by you in sorrow, is our sincere prayer.  
Mr. and Mrs. Clyde Voss and children.  
Mr. and Mrs. D. H. Henry.

I WISH THERE WAS A VACCINE LIKE BLACKLEG FOR ANTHRAX - SOMETHING THAT WOULD PROTECT AN ANIMAL FOR LIFE.

THERE'S NO ANTHRAX VACCINE THAT PROTECTS FOR LIFE, BUT THE NEAREST APPROACH TO IT IS CUTLER'S CHARBONOL.

HERE'S why, Charbonol contains a chemical—specially developed by Cutter—that holds the vaccine in the animal's tissues, prolonging the immunizing process.

Charbonol is a full 2 c.c. dose. Practical and easy to administer. No fractional c.c. dose that is hard to measure. No possibility for the loss of a drop or two wrecking the chances for immunity.

**MARKETING ORGANIZATIONS ARE IMPORTANT NOW**

Current events indicate that the farmers, as never before, will have to use exceptional judgment to operate successfully. For example, there is now a record-breaking number of animals on the farm—cattle, hogs, turkeys and chickens.

The business organizations of the farmers, such as marketing co-ops, which follow production and consumer trends, can render the individual farmer service as never before in aiding him with production and marketing information which it would be impossible for him to provide himself. Particularly in the dairy and cattle industry will intelligent group action be essential to stabilization of output and income.

**ED GOSSETT**

(Continued from front page)

and Immigration and Naturalization Committees. As a member of the last named Committee the Congressman is sponsoring a bill to reduce all immigration by at least 50 per cent for a period of ten years.

Mr. Gossett has supported all legislation for the benefit of veterans and believes we have a solemn and sacred duty to help returning soldiers in every way possible. He thinks the government's old age assistance and social security program should be substantially improved without delay. The government, says the Congressman, should labor constantly to improve the living standards of the people, never rewarding indolence nor penalizing diligence, but promoting the individual initiative, resourcefulness, and private enterprise of the people.

With further regard to our domestic problems, the Congressman thinks we can and should substantially reduce the size, cost, and regimentation of the federal government. He advocates fewer and better laws; fewer and better officials; less and better government. Mr. Gossett expresses confidence in the future of our democracy, and believes we can and should improve the institutions for which our boys are now giving their lives.

Experience in Congress is now more important than ever before. Mr. Gossett's friends point to his increasing familiarity with the machinery of the federal government, to his experience, and to his known habit of hard work as making him a most valuable Representative for this District.

The Congressman is not going to neglect important official duties in Washington during these critical days, and will have little time for personal campaigning. He believes his election to be in the public interest. He thanks in advance the finest and most intelligent citizenship in the United States for an overwhelming vote of confidence for his continued service.

**TRUCK OPERATORS GET SUMMER SPEED WARNING**

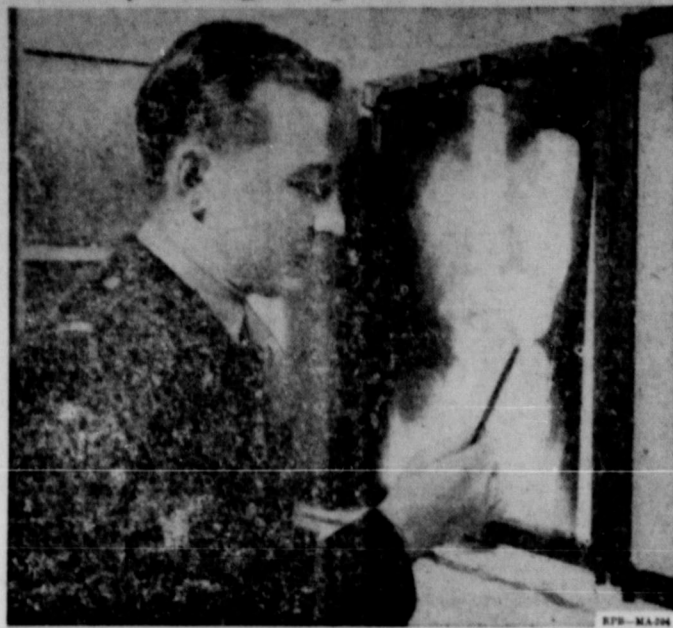

Warning to truck operators to curtail speeds and loads during the approaching hot weather was given by speakers at the recent Fort Worth meeting of Texas Motor Transportation Association. The reason for caution is that synthetic tires do not stand up under overheating conditions as well as natural rubber tires used to.

Slowing down of traffic would curtail deliveries less than the serious effects of blow-outs and other tire trouble, it was pointed out.

The necessity of strict conservation of tires is being stressed at every opportunity by the Office of Defense Transportation.

A dime out of every dollar we earn IS OUR QUOTA for VICTORY with U. S. WAR BONDS

**An Army Roentgenologist at Work in Iceland**

First Lieutenant Thomas P. Leonard, of the U. S. Army Medical Corps, reads an X-ray film to diagnose the illness of an American soldier in an Army hospital in Iceland. Army doctors have the most modern equipment along with the latest discoveries in medicine in the big military hospitals, but at the front it usually is a different story. Many more doctors are needed by the Army.

The most modern surgical equipment and the latest discoveries in medicine, including penicillin, blood plasma, and sulfa drugs, are available to Army medical officers in the big Army's general hospitals, in station hospitals, and usually in evacuation hospitals.

But frequently Army doctors must work in surgeries and dressing stations at or just back of the front lines. At such times, their operating tables may be stretchers, laid row upon row on crates.

The Army needs many more skilled physicians and surgeons both for work at the front and in hospitals here and overseas. Physicians who would like to put their valuable skill to work in saving the lives of American fighting men should communicate with the Surgeon General Washington 25, D. C.

The lives of many soldiers have been saved by their swift evacuation by air hospitals far behind the lines and in the United States, where they could receive special care. Medical Air Evacuation Transport Squadrons, consisting of flight surgeons, flight nurses and enlisted men now are on duty in all parts of the world.

**Pulpwood Industry May Turn To Alaska**

Post-war plans for establishing a new source of pulpwood are being initiated by the Forest Service, U. S. Department of Agriculture, with an invitation to the industry to investigate the pulpwood possibilities of the Tongass National Forest in southeastern Alaska.

This forest has been furnishing quantities of airplane spruce for the Mosquito bombers that are stinging the Axis. The forest also has many advantages expected to attract the pulp pioneers. It supports a virgin stand of excellent commercial pulpwood, 75 per cent hemlock, 20 per cent Sitka spruce and 5 per cent Alaska and western red cedar. Also, it provides ample water power for mill operation, low cost log transportation from woods to mills, a comparatively logging season of at least nine months out of twelve, and all-year mill operation.

Under sustained yield management, it is estimated that the Tongass National Forest can produce about 800,000 tons of sulphate or sulphate pulp, annually, furnishing continuous employment for skilled woods and mill workers.

The scientists talk about high frequency electrical currents, but what worries some of us is the high frequency of bills and dunning letters.

Trust in God and keep your powder dry," the old parolts said. The modern girl at least adheres to the latter part of that advice.

**NOTICE— DEAD ANIMALS**  
 The U. S. Government urges you to help win the war by turning in your dead and crippled stock to some renderer for gun powder. Call collect, day or night, for free pick-up service. Phone No. 123, Mundav Soap Works

**PROTECT THE LIFE LINE OF YOUR ELECTRIC APPLIANCES**

Want to keep those appliances from getting old? Then, watch those "yanks"—a jerk of the cord can shorten the life of any appliance. When you pull out the cord, take a firm grasp on the plug and pull it out—*Quick*. Never yank the plug from the outlet by using the cord as a handle.

Keeping your electric appliances clean is most important. The appliance may be washed with a damp, soapy cloth, but be sure no water gets into the motor.
