Knox City Looses Her First Foot Ball Game

Fighting every inch of the way, Knox City lost its first game of the season to Munday by a score of 13 to 12. The game was featured by Munday's criss-cross and forward passing, while Knox City gained consistently the Munday lines and around their ends.
The two teams scored an equal number of touchdowns, but Knox City was unable to kick goals. Munday scored its first touchdown in the first quarter regaining a fumble on the kick off. Knox scored in the second quarter but missed goal leaving the score 7 to 6 in Munday's favor. The scoring was even in the second half Munday going across the line in the third quarter and Knox City again in the fourth neither team kicking goal.

Both touchdowns were made by McCarty for Knox City. The feature of the game was the 65 yard run by McCarty with ten seconds to play, he dodging the whole Munday team carrying the ball almost the entire length of the field from the kick off. Behrens, Park, Benedict, Carpenter, all did good work in the backfield, while the... in the... held Munday time and again... Knox City... all next... day at... profitable to eve...

MEMBERS OF VO- CATIONAL AGRICULTURE MEET

A meeting was held at the Raleigh Hotel in Waco on Oct. 7 and 8 of all teachers and supervisors of Vocational Agriculture in Texas. This conference was attended by over 100 men from every section of the state.
The meeting was opened by Mr. C. L. Davis, State Supervisor of Vocational Agricultural Education in this State. Mr. Davis introduced Dr. W. B. Bizzell who very forcibly presented to the conference the task that lay ahead. In the joint meetings of the different committees, were heard Dr. Bizzell, President of A. & M. College of Texas, Miss Winnie Webb Blanton, State Superintendent of Public Education, Dr. S. P. Brooks, President of Baylor University, and a number of others prominent in state and national education work?

A greater part of the two days was given to committee work thrashing out in detail the many problems that face those teaching practical agriculture in the high schools of Texas. The conference was made up of a group of men who are giving all of their time to make Education mean something very definite and their work at the conference was deeply earnest and profitable to eve...

MIXED QUARTET TO APPEAR AT OPERA HOUSE

Local Folks to Enjoy Musical Treat—Costumed Number to Feature most Enjoyable Program

Of pertinent interest to musical people is the program of the Fine Arts Quartet which is to be given here on the evening of Monday Oct. 24th at Opera House.

1. Some African Games for Boys and Girls.—Lula Pearl Puckett.

Special Music.—Mabel Howell.

STATEMENT OF OWNERSHIP

As required by law, for Oct. 1st, 1921.
Being duly sworn L. B. Hammock states that he is, Publisher, Editor, Managing Editor, Business Manager and Owner of the Southwestern Journal, published weekly at Knox City, Texas. L. B. Hammock.

The girls Junior sewing Club met with Orianta Arnold Monday afternoon, and spent a both pleasant and profitable afternoon.

Orianta served them ice cream and cake and was indeed a nice little hostess.

Next monday they will meet with Lera Brown. Reporter.

W. M. Tucker, new proprietor of the City Cafe has just returned from Fort Worth where he purchased a very fine restaurant stoye in order to take care of the growing business. He invites all former patrons of this popular eating house to continue their patronage believing that he can satisfy the most exacting.

A five room house with good improvements, two blocks from court house in Haskell, to trade for property in Knox City.

W. M. Tucker.

CONFIDENCE

Great Chances

By Walt Mason

The mails with document are loaded, describing snaps I ought to nail, by glib-tongued salesmen I am goaded and asked to dig my hard-earned kala. For wealth untold I always hanker, and I'd be buying gold bricks strong, but for the wise old village banker who tells me when I'm headed wrong. He deals in coin, and coin's his study; he's wise to all investment tricks, and he explains, in language ruddy, how games are played on the easy hicks. When I approach the paying teller, to draw out all the coin in view, the banker leads me to the cellar, and asks me what I plan to do. And when I say I am intending to buy an oil well down in Maine, he lectures me, much wisdom lending, until again I'm safe and sane. He knows I have distorted vision where money matters are concerned; I'm always having dreams elysian of roubles gained that were not earned. And so on me he's keeping cases, he shields me from the get-rich fake, when he beholds some hectic traces of punk investments I would make. Before the cold-eyed village banker the glib and oily fakir squirms; he is my helm, my lib and spanker, if you'll forgive these sailor terms. He is my binnacle and anchor; my larboard watch and starboard clock; I owe it to the village banker that all my goods are not in hock.

QUALITIES OF GREATNESS
 If anyone should care to learn what makes our great men great, they should acquaint themselves with the principles and manner of their living. It is their unselfish service and lofty ideals that raises them above the whiners who grovel in the mire of discontent. Mr. Harding, now our President said not very long ago, concerning his life work, that:
 "In thirty-seven years of newspaper connections I have never once allowed my paper to make manifest a suggestion of revenge in my own heart. . . . Tolerance, patience, good will, kindly feelings, and desire to help is the greatest need of the world today, and if I can put that good feeling into our own Republic and then make our Republic the exemplar of good feeling through the world, my services may not have been in vain."

The great railroad strike now pending for October 30th, is lowering like a dense cloud over the entire nation. Officials in every government department are marshaling their forces with a determination that the public's comfort shall not be throttled by the strikers. The strikers stung by some fancied grievance are standing pat, while the railway heads have assumed a haughty indifference. Thus the tripod closes for a death struggle. We do not believe the government will permit a walkout at this time as in fact it is already stated from high authority that trains will be moved if sailors and soldiers have to be drafted into service. The railroad labor board created by congress has not been able to handle the situation and congress is threatening to take a hand more directly in the matter. It seems that something should be done to prevent such commercial shake-ups in the busiest season of the year.

The Journal office published this week the initial number of the "Red Bandana" a folder dedicated to Epworth League work of the Stamford District of the Northwest Texas Conference. Mrs. J. W. Hawkins is District Secretary of the League movement in this district and the paper, which is the league's "Mighty Organ" will be distributed from Knoxville City.

Prof Morse of the Harvard Medical school says Americans have gone mad over sweets. Its nothing of late surley Professor. As far back as we can remember there were a liberal sprinkling of Romeos and Julietts scattered over this heaven's footstool.

In the death of Senator Philander Knox of Pennsylvania, last Thursday our nation lost a great and active mind. He held many prominent committee positions and had been especially entrusted with treaty negotiations on account of his long official service and his acquaintance with the affairs of state.

When the Washington authorities began quailing the Ku Klux Klan leader, Simmons, he collapsed. We didn't suppose there was much bravery among a bunch of masked imbeciles anyway.

A Texas politician is urging the people to back a third party. Does he suppose we all want to get into a divorce court. The third party would better be kicked out if peace is wanted in the family.

\$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-SERVICE MEN Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920, the American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$6,000,000.

It is in the 2,397 of the 3,000 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,000,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

An Ever-Expanding Problem
 That the problem of the disabled service men is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-

448 Workers in Hospitals
 While the main prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:
 It handled 70,732 allotment and allowance claims.
 It delivered through its Chapter organization 63,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance.
 It provided a special fund of \$10,000 for medical assistance to men under vocational training.
 It made 32,405 loans totaling \$450,000 to men taking vocational training, of which 85 per cent has been repaid.

**850 DISASTER DEATH
 TOLL FOR ONE YEAR**

Red Cross Gives \$1,871,000 Relief
 When 65,000 Families
 Are Made Homeless.

Forty-three disasters, resulting in
 the death in the United States of 850
 persons and the injury of 2,500 called
 for emergency relief measures and
 the expenditure of \$1,871,000 by the
 American Red Cross during the fiscal
 year ending June 30, 1921, says an
 announcement based upon the forth-
 coming annual report of the Red Cross.
 These disasters caused property dam-
 age estimated at \$30,000,000, affected
 sixty-seven communities and rendered
 65,000 families homeless.

The year's disasters were of vary-
 ing types, including several which pre-
 viously had never been thought of as
 falling within that classifica-
 tion. The Red Cross furnished relief
 in seventeen fires of magnitude,
 five floods, seven tornadoes or cy-
 clones, one devastating storm, three
 epidemics, including the one in Wall
 street; one building accident, two
 typhoid epidemics, the most serious be-
 ing that at Salem, Ohio, which af-
 fected 9 per cent of the population;
 one smallpox epidemic, in the republic
 of Haiti; one train wreck, the race riot
 at Tulsa, Okla.; the famine in China,
 emergency relief in famine among the
 Indians of Alaska, the grasshopper
 plague in North Dakota and an earth-
 quake in Italy.

Public Most Serious
 By far the most severe of the dis-
 asters in the United States during the
 period covered by the Red Cross re-
 port was the Public Good early in
 June, 1921. The rehabilitation prob-
 lem confronting the Red Cross in
 Public was one of the most difficult
 in recent years. When the first news
 of the horror was flashed throughout
 the country, the American Red Cross
 National Headquarters responded with
 a grant of \$100,000 for relief work.
 Governor Shoup of Colorado, appreciat-
 ing the long and successful experi-
 ence of the Red Cross in organizing
 disaster relief work, placed the pa-
 tronage responsibility for the rehabilitation

Fast Work in Wall Street
 The Wall street explosion was nota-
 ble in that relief workers of the Red
 Cross were on the scene twenty min-
 utes after the disaster occurred.
 The riot at Tulsa also was unique in
 disaster relief annals in that outside
 of a small emergency relief fund con-
 tributed by the Red Cross, the only
 relief measures outside the city con-
 sisted of the service of social work-
 ers, nurses and a trained executive
 whose object was to assist local forces
 in directing their own efforts.
 In decided contrast with the pre-
 vious year, only one tornado assumed
 the proportions of a major disaster.
 This occurred on April 15, in the bor-
 der sections of Texas and Arkansas
 with the city of Texarkana as the
 center. The significant feature of this
 disaster relief work was the fact that
 it covered so much rural territory as
 to make necessary a large number of
 relief workers.
 The famine in China, necessitating
 relief expenditures totalling more than
 \$1,000,000 by the American Red Cross
 was by far the most serious of the
 foreign disasters in which the Red
 Cross gave aid.
 Builds Up Its Machinery
 In connection with the adminis-
 tration of disaster relief measures, an in-
 creasing effectiveness on the part of
 the Red Cross to deal with emergen-
 cies was manifested during the past
 year. In 328 Chapters of the Ameri-
 can Red Cross there have been formed
 special committees to survey the re-
 sources of their respective communi-
 ties and to be prepared in case of
 disaster. In others of the 3,402 active
 Chapters, a network of communication
 has been formed through which instan-
 taneous relief may be dispatched to
 any part of the United States.
 That its work in this field may be
 continued with ever greater effective-
 ness, the American Red Cross is ap-
 pealing for widespread renewal of
 membership during its Annual Roll
 Call, to be conducted this year from
 November 11 to 24.

**LIFE SAVING CORPS
 ENROLLMENT 10,000**
 Growth of Red Cross Life Saving
 Corps throughout the country con-
 tinued unabated during the last fiscal
 year, a summary of the year's
 achievements by that Red Cross Ser-
 vice shows. There are now 100 Corps
 with a total membership of more than
 10,000 members, of which 3,276 are
 sufficiently skilled in the work to act
 as examiners. Among the outstanding
 achievements of the Red Cross in this
 field during the last year was the or-
 ganization at the United States Naval
 Academy, Annapolis, of what is per-
 haps the largest life saving corps in
 the world.

Japanese officials are always ready
 to apologize for the blunders of their
 underlings, and they are too frequent-
 ly supplied with something for which
 to apologize.
